NOTICE OF ANNUAL MEETING

To Our Shareholders:

The 2004 Annual Meeting of Shareholders of The Lubrizol Corporation will be held at the Radisson Hotel & Conference Center - Eastlake, 35000 Curtis Boulevard, Eastlake, Ohio, on Monday, April 26, 2004, at 10:00 a.m. At the meeting, we will ask you to:

1. Elect four directors for three-year terms;
2. Confirm the appointment of Deloitte & Touche LLP as independent auditors; and
3. Transact other business that is properly presented at the meeting.

Shareholders of record at the close of business on March 5, 2004, may vote at the meeting. The procedures for voting are described in the attached proxy statement.

The business of the meeting and other information of interest to shareholders is described in the attached proxy statement. After the meeting, we will report on current operations and plans and have a question and answer period.

At the 2003 meeting, approximately 78% of the shares were voted either in person or by proxy. Your continued support is appreciated, and we hope that you will be able to join us at the April 26 meeting.

L. M. Reynolds  
Secretary

YOUR VOTE IS IMPORTANT. YOU CAN VOTE BY  
TELEPHONE, OVER THE INTERNET OR BY  
MAILING THE ENCLOSED PROXY CARD.

PROXY STATEMENT

-----

VOTING INFORMATION

-----

What may I vote on?

The Board of Directors asks for your vote on two proposals:

- Election of nominees to serve on the Board of Directors; and
- Confirmation of the appointment of Deloitte & Touche LLP as our independent auditors.

Who can vote?

People who owned shares at the close of business on March 5, 2004, can vote at the annual meeting. On March 5, 2004, there were 51,605,041 outstanding shares of Lubrizol. Each share is entitled to one vote. This proxy statement and the enclosed proxy card were first mailed to shareholders on or about March 17, 2004.

How do I vote?

You can vote any one of three ways:

- By Telephone: Call the toll-free number (at no cost to you) on the enclosed proxy card and follow the instructions. Telephone voting is available 24 hours a day. Easy-to-follow voice prompts allow you to vote your shares and confirm that your vote has been properly recorded.

IF YOU VOTE BY TELEPHONE, YOU DO NOT NEED TO RETURN THE PROXY CARD.

- Over the Internet: Visit the Web site listed on the enclosed proxy card and follow the instructions. Internet voting is available 24 hours a day. As with telephone voting, you will be given the opportunity to confirm that your vote has been properly recorded.

IF YOU VOTE OVER THE INTERNET, YOU DO NOT NEED TO RETURN THE PROXY CARD.

- By Mail: Mark, sign, date and mail the enclosed proxy card to American Stock Transfer & Trust Company in the enclosed postage-paid envelope.

If you sign and return the proxy card or use the telephone or Internet voting procedures, but do not indicate how you wish to vote, your shares will be voted FOR the two proposals. If you indicate that you abstain, you will be counted as present at the annual meeting for purposes of determining whether

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

there is a majority of outstanding shares at the meeting and you will be counted as voting (but not for or against) that issue. Any broker nonvote also will be counted as present at the annual meeting for purposes of determining whether there is a majority of outstanding shares at the meeting but will not be counted as voted.

We are not aware of any other business which will be presented at the annual meeting. But, if there is other business that is properly presented at the meeting, your signature on a proxy card or through the telephone or Internet procedures gives authority to W.G. Bares, Chairman and Chief Executive Officer; C.P. Cooley, Vice President and Chief Financial Officer; and L. M. Reynolds, Corporate Secretary and Counsel, to vote on those matters in their best judgment.

Please note: If you are a beneficial owner, please refer to the information forwarded by your bank, broker or other holder of record to see which voting options are available to you.

Can I revoke my vote?

You may revoke your proxy at any time before it is voted at the meeting by:

- notifying Lubrizol's corporate secretary in writing;
- voting at a later time by telephone or over the Internet;

1

- returning a later-dated proxy card; or
- voting in person at the annual meeting.

Your most recent vote will be the one used as your vote.

Who tabulates the vote?

American Stock Transfer & Trust Company serves as the independent tabulator of votes and inspector of elections. It will report the voting results to us. However, it will not identify to us how you voted on any issue unless:

- there is a contested election for the Board of Directors;
- it is required by law; or
- you request it.

Who is paying for this proxy solicitation?

We are paying for the cost of soliciting your vote, including the cost of mailing the proxy statement and proxy card as well as the costs of the telephone and Internet voting procedures. We will, upon request, reimburse brokerage houses, custodians, nominees and others for the out-of-pocket and reasonable clerical expenses they incur in connection with this proxy solicitation.

How can I help Lubrizol save money by reducing the number of proxy materials sent to my house?

We have adopted a procedure approved by the Securities and Exchange Commission called "householding." Under this procedure we are saving money on printing and mailing costs by sending only one proxy statement and annual report to shareholders who have the same last name and address and do not participate

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

in electronic delivery of proxy materials (unless they have told us otherwise). Shareholders who participate in householding will continue to receive separate proxy cards. If you currently share the same last name and address with another Lubrizol shareholder and in the future wish to have just one proxy statement and annual report sent to your address, please contact our transfer agent at the following address: American Stock Transfer & Trust Company, 59 Maiden Lane, Plaza Level, New York, NY 10038, or by telephone at 1-800-627-2303.

If you participate in householding and you want to receive a separate copy of the annual report or proxy statement either now or in the future, please contact our transfer agent.

If you hold stock through a bank, broker or other holder of record, you can contact them about receiving single or multiple copies of the proxy statements and annual reports.

Instead of receiving a paper copy, can I access the proxy statement and the annual report electronically?

The proxy statement and 2003 annual report are on our Internet site at [www.lubrizol.com/Investors/financial.asp](http://www.lubrizol.com/Investors/financial.asp).

You can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies in the mail. You can choose this option and save us the cost of producing and mailing these documents by following the instructions provided on the enclosed proxy card. If you chose this option, we will furnish you with instructions next year containing the Internet address to access our proxy statement and annual report, but you will not receive paper copies of either document.

If you hold stock through a bank, broker or other holder of record, check the information provided by them for instructions on how to elect to view future proxy statements and annual reports over the Internet. Most shareholders who hold stock through a bank, broker or other holder of record and who elect electronic access will receive an e-mail next year containing the Internet address to access our proxy statement and annual report.

### ELECTION OF DIRECTORS

---

The authorized number of Lubrizol directors is currently fixed at eleven, divided into three classes. Two classes have four members each and one class has three members. The directors in each class are elected for three-year terms so that the term of office of one class of directors expires at each annual meeting.

The Organization and Compensation Committee has recommended, and the Board of Directors has approved, the nomination of the following four persons for election as directors at this annual meeting:

-- James L. Hambrick  
-- Gordon D. Harnett  
-- Victoria F. Haynes  
-- William P. Madar

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

Each of these persons is being nominated for a three-year term that will end in 2006. Mr. Harnett, Dr. Haynes and Mr. Madar are currently Lubrizol directors. If any of these persons becomes unavailable for election, your signed proxy will be voted for the election of any person who is recommended by the Organization and Compensation Committee or will be voted in favor of holding a vacancy to be filled by the directors. The nominated persons who receive the greatest number of votes will be elected to the open director positions.

The following information is presented for each person who is being nominated for election as a director and for each other director who will continue in office after the meeting:

### DIRECTOR INDEPENDENCE

---

In addition to the independence criteria under the New York Stock Exchange listing standards, the Board adopted the following categorical standards to determine director independence:

**Former Employees.** A director will not be considered independent if during any of the past three years he or she has been an employee or whose immediate family member has been an executive officer of Lubrizol or any of its subsidiaries.

**Former Auditors.** A director will not be considered independent if during any of the past three years he or she, or an immediate family member, has been affiliated with or employed by our external auditors in the audit or tax compliance functions.

**Interlocking Directorates.** A director will not be considered independent if during any of the past three years he or she, or an immediate family member, has been an executive officer of another company for which a Lubrizol executive officer serves on the Board of Directors.

6

**Immediate Family Members:** Spouses, parents, children, siblings, mothers- and fathers-in law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone who shares the director's home.

**Attorneys, Investment Bankers, Consultants.** A director will not be considered independent if he or she is affiliated with a firm that is an attorney, investment banker, consultant or similar advisor to Lubrizol.

**Significant Customer or Supplier.** A director will not be considered independent if he or she is affiliated with or whose immediate family member is an executive officer of a customer that represents more than the greater of \$1 million or 2% of our total consolidated gross revenues. A director will not be considered independent if he or she is affiliated with or whose immediate family member is an executive officer of a supplier of which we represent more than the greater of \$1 million or 2% of its total consolidated gross revenues.

**Significant Charitable Contribution Recipient.** A director will not be considered independent if he or she is employed as an executive officer of a not-for-profit entity of which we represent more than the greater of \$1 million or 2% of its consolidated gross revenues.

The Board has determined that Jerald A. Blumberg, Forest J. Farmer, Sr., Gordon D. Harnett, Victoria F. Haynes, David H. Hoag, William P. Madar, Peggy Gordon Miller, Ronald A. Mitsch and Daniel E. Somers meet these standards of independence.

### LEAD OUTSIDE DIRECTOR

---

Pursuant to the Board of Director Governance Guidelines, the Chair of the Organization and Compensation Committee serves as the lead outside director, who presides over executive sessions of the outside directors. You may communicate

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

with the outside directors of the Board through the lead outside director by sending a letter marked "Confidential" and addressed to:

Lead Director, The Lubrizol Corporation Board of Directors  
c/o Leslie M. Reynolds, Corporate Secretary,  
The Lubrizol Corporation  
29400 Lakeland Boulevard  
Wickliffe, OH 44092

You may also send an email to the lead outside director through Lubrizol's corporate secretary at [lmre@lubrizol.com](mailto:lmre@lubrizol.com) by indicating "Lead Director" in the subject line. The corporate secretary will forward these emails to the lead outside director.

---

### ANNUAL MEETING ATTENDANCE

---

The Lubrizol Corporation Board of Directors Governance Guidelines provide that the expectation for attendance at meetings is 100 percent, including the Annual Meeting of Shareholders. Nine directors attended the Annual Meeting of Shareholders on April 28, 2003.

7

---

### BOARD COMMITTEES

---

The Board of Directors held ten meetings during 2003. The board has several standing committees, including an Organization and Compensation Committee and an Audit Committee. The Board of Directors has adopted written charters for each committee.

#### ORGANIZATION AND COMPENSATION COMMITTEE

The Organization and Compensation Committee is made up of all the outside directors and its responsibilities include corporate governance, director nominations and executive compensation. The committee held eight meetings during 2003. Its principal functions are to:

- Annually, review the written charter and corporate governance, and perform a self-assessment.
- Review and approve the proxy statement, including the Report of the Organization and Compensation Committee on Executive Compensation.
- Determine criteria for selecting new directors and review and recommend candidates for election as directors.
- Review and recommend candidates for election as officers.
- Oversee evaluation of the Board of Directors and management.
- Evaluate the performance of the chief executive officer.
- Set the compensation for the Board of Directors and the chief executive officer
- Review and approve officer compensation and executive employment

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

agreements.

- Assure effective succession planning is conducted for the chief executive officer and other executive officers.
- Designate employees to receive grants of stock options and other stock awards and determine the type and size of the awards.
- Determine the size of the fund pools for the profit sharing plan, year-end variable compensation plan and the performance pay plan.
- Designate employees to receive awards under the performance pay plan.

The committee identifies nominees for director through discussions with the directors or other entities that may come in contact with qualified persons. If desired, the committee will retain a search firm to identify nominees and will approve the search firm fees to be paid by Lubrizol. This committee will consider shareholder recommendations for director nominations. These recommendations should be submitted in writing to Lubrizol's corporate secretary by January 1 before the annual meeting.

The committee reviews and assesses the following criteria for all nominees for directors, regardless of the source of the recommendation: independence, diversity, age, judgment, skill, integrity, willingness to make the required time commitment, the interplay of the candidate's experience with the experience of other Board members and skills necessary to the needs of the Board at the time of the opening.

The members of this committee are all of the outside directors. The Board has determined that each of the members is independent under the rules of the New York Stock Exchange and our independence criteria. The chair of this committee serves as the lead outside director for purposes of chairing regularly scheduled meetings of outside directors and for other responsibilities which the

8

outside directors designate. Gordon D. Harnett, chair of this committee, currently is lead outside director.

### AUDIT COMMITTEE

The principal functions of the Audit Committee are to:

- Annually appoint the independent auditors and evaluate with management the performance of the independent auditor. The independent auditor is ultimately accountable to the Board and the Audit Committee.
- Review with the independent and internal auditors the planned scope and results of audits and pre-approve all audit and non-audit services performed by the independent auditor.
- Hold conferences and reviews with the auditors regarding matters that affect financial statements and the results of the independent auditor's reviews, annual audit and report.
- Review the adequacy and effectiveness of the internal audit function.
- Oversee Lubrizol's internal control structure.

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

- Receive, retain and address complaints received by Lubrizol regarding accounting, internal accounting controls or auditing matters.
- Provide oversight of the activities of the chief ethics officer and review procedures for monitoring compliance with Lubrizol's Ethical and Legal Conduct Guidelines.
- Discuss risk assessment and risk management policies.
- Annually review the written charter and perform a self-assessment.
- Obtain advice and assistance from outside advisors, as desired.
- Set clear hiring policies for employees or former employees of the independent auditors.
- Periodically report the activities of the committee to the Board.

In performing its functions, the Audit Committee acts in an oversight capacity for Lubrizol's management processes and systems, internal control structure, financial reporting and risk management. It is not responsible for preparing or assuring the accuracy of Lubrizol's financial statements or filings, or conducting audits of the financial statements.

The members of the Audit Committee are Daniel E. Somers (Chair), Victoria F. Haynes, David H. Hoag, William P. Madar and Ronald A. Mitsch. None of the members sits on more than three audit committees of public companies.

The Board of Directors has determined that Lubrizol has serving on the Audit Committee at least one audit committee financial expert, as defined in Item 401(h)(2) of Regulation S-K. Daniel E. Somers, Chair, is the audit committee financial expert. The Board has determined that Mr. Somers and each of the members of the Audit Committee is independent under the New York Stock Exchange listing standards and our independence criteria.

### AUDIT COMMITTEE REPORT

The Audit Committee reviews Lubrizol's financial reporting process on behalf of the Board of Directors. The committee held five meetings during 2003. During these meetings, the committee reviewed and discussed the audited financial statements for 2003 separately with management and Lubrizol's independent auditors, Deloitte & Touche LLP. The discussions with Deloitte & Touche included matters required to be discussed by the Statement on Auditing Standards No. 61. In addition, the committee received from Deloitte & Touche written independence disclosures and the letter required by Independence Standards Board Standard No. 1 and discussed with Deloitte &

9

Touche its independence. Based on the review of the audited financial statements and the discussions described above, the committee recommended to the Board of Directors that the audited financial statements be included in Lubrizol's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission.

#### DIRECTOR COMPENSATION

---

Directors who are not Lubrizol employees receive a yearly cash retainer fee of \$16,000, plus \$1,100 for each board meeting they attend and \$1,100 for each committee meeting they attend. If a committee meeting is held on a different day from a board meeting, they receive \$1,300 for the committee meeting.

Directors who are not Lubrizol employees may participate in a deferred compensation plan for directors. Under this plan, directors may defer all or any portion of their yearly fee and meeting attendance fees and have these amounts credited to various cash investment accounts and/or a share unit account. The investment returns of the cash investment accounts equal the performance of the investment portfolios designated by the Organization and Compensation Committee. The number of share units credited to the share unit account is based on the price of Lubrizol shares on the day the share units are credited to the account and includes additional share units credited for quarterly dividends paid on Lubrizol shares. When a person is no longer a director, cash is distributed from the person's cash account and Lubrizol shares are issued equal to the number of share units in the person's share unit account.

Annually, each director who is not a Lubrizol employee automatically receives an option to purchase 2,500 Lubrizol shares under the 1991 Stock Incentive Plan.

Prior to 2004, directors who are not Lubrizol employees participated in a deferred stock compensation plan. Under this plan, each nonemployee director received 500 share units on each October 1, which are credited with additional share units for quarterly dividends paid on Lubrizol shares. When a person is no longer a director, Lubrizol shares are issued equal to the number of share units in the person's account.

Starting in 2004, in lieu of the deferred stock compensation plan, each nonemployee director will receive a cash amount equal to 500 times the closing price of a Lubrizol share on October 1. The director may elect to defer any part or all of this amount under the deferred compensation plan for directors.

#### DIRECTOR SHARE OWNERSHIP GUIDELINES

---

We have share ownership guidelines that require each nonemployee director to own at least 5,200 Lubrizol shares. New directors have five years to reach this target. All of the current nonemployee directors have met this target.

### SHARE OWNERSHIP OF DIRECTORS, EXECUTIVE OFFICERS AND LARGE BENEFICIAL OWNERS

The following table shows the number of shares beneficially owned on January 31, 2004, by each director and each executive officer named in the table below and by all executive officers and directors as a group. Each person has sole voting and investment power for all the shares shown, unless otherwise noted. Mr. Bares beneficially owns 2.0% of Lubrizol shares based on the total shown in the table below. No other executive officer or director owns more than 1% of Lubrizol shares. All executive officers and directors as a group beneficially own approximately 5.8% of Lubrizol shares.

- (1) This column reflects the payment of taxes by us on behalf of the officer relating to the use of financial planning services. For Mr. Bares in 2003, it also includes the payment of taxes by us relating to his use of company transportation. For Mr. Hambrick in 2003, it also includes \$66,711 for business club initiation fees.
  - (2) This column reflects the number of shares covered by stock options granted during the year.
  - (3) This column reflects our contributions to the profit sharing and savings plan for these executives, including accruals to the related supplemental defined contribution plan and amounts expensed under the executive death benefit program, described on page 21. These amounts have not been received by these executives. This column also reflects the dollar value of shares that became distributable on March 24, 2003 under the 1991 Stock Incentive Plan pursuant to the performance share stock award program. The number and market value of shares distributable on March 24, 2003 for each of the named executive officers is as follows: Mr. Bares, 23,500, \$705,000; Mr. Hambrick, 1,500, \$45,000; Dr. Hill, 7,500, \$225,000; Mr. Cooley, 3,000, \$90,000; Mr. Bogus, 3,000, \$90,000; and Mr. Kirk, 4,500, \$135,000.
  - (4) The Organization and Compensation Committee granted 15,000 restricted shares to each of Mr. Cooley, Mr. Kirk and Mr. Bogus, as part of executive employment agreements. The shares

13

will be issued only if the executive is still an employee on January 1, 2008. The dollar value of the restricted shares on December 31, 2003 was \$487,800. Dividends are not paid on the restricted shares.

- (5) This amount includes the grant date value of share units credited to a supplemental retirement account described on page 21. These amounts have not been received by this executive.

#### STOCK INCENTIVE PLANS

Our 1991 Stock Incentive Plan allows grants of incentive and nonstatutory stock options, as well as stock appreciation rights and restricted and nonrestricted stock awards. Any of our employees and our subsidiaries' employees may be selected to participate in the plan. The plan is administered by the Organization and Compensation Committee, which selects participants and determines the type and amount of awards granted.

The number of shares available under the plan during a calendar year is 1% of the outstanding shares on January 1 of that year, plus any unused shares from previous years. The option price for stock options is not less than the average of the high and the low market prices of shares on the grant date. The term of each option is fixed by the committee. Participants can exercise their options 50% after one year, 75% after two years and 100% after three years. All outstanding options become fully exercisable upon a change of control.

Under this plan, any person who pays the option price of options granted prior to March 27, 2000, under the plan with shares already owned will automatically receive a new option grant for the number of shares used to pay the option price. These option grants are called reload options. For options granted on or after March 27, 2000, the committee in its discretion may grant a reload option for the number of shares used to pay the option price. Persons may

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

not transfer shares acquired from the exercise of a reload option while still an employee or director unless they have met any applicable share ownership guidelines. We eliminated reloads for new options granted on or November 11, 2002.

We also have options outstanding under our 1985 Employee Stock Option Plan. However, no new options are granted under this plan.

The following tables show option transactions for the named executive officers during 2003. No options were granted to the named executive officers during 2003. No stock appreciation rights were granted, exercised or outstanding in 2003.

(2) The amounts in these columns are the differences between the fair market value of Lubrizol shares at December 31, 2003 (\$32.585 per share), and the exercise price of the option. An option is considered in-the-money when the fair market value of the shares is greater than the exercise price of the option.

- (1) Dollar-based target awards are determined by the Organization and Compensation Committee in the December prior to the three-year performance period. A portion of the award is converted into a number of share units based on the price of Lubrizol stock on the date of the award. There are no voting or dividend rights associated with the share units until the end of the performance period and payouts, if any, are made in shares. Target awards correspond to a pre-determined three-year earnings per share growth rate target. The three-year earnings per share growth rate must reach a minimum pre-determined threshold before any payout would be made. The maximum payout corresponds to a three-year earnings per share growth rate that is more than twice the target growth rate. If targets are met the Organization and Compensation Committee has the sole discretion to pay the share units in shares, but only if a shareholder approved vehicle is available from which to issue shares. Otherwise, share units will be paid in cash based on the price of Lubrizol stock on the date the award is payable.
- (2) The performance period runs from 2004 through 2006. Payouts, if any, will be made in 2007.

REPORT OF THE ORGANIZATION AND COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Organization and Compensation Committee approves the compensation packages for executive officers. The committee consists of all the outside directors.

Factors Considered by the Committee

In carrying out its responsibilities in 2003, the committee considered the following:

- Advice from independent consultants on all aspects of Lubrizol's compensation policies, including comparisons to the policies and practices of other companies;
- Relevant trends in executive compensation practices;
- Lubrizol's financial performance;
- Lubrizol's business performance;
- Lubrizol's compensation policies and practices for employees generally;

- Recommendations of executive management on compensation of key

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

employees including executive officers; and

- The committee's and Lubrizol's historical philosophy to reward according to Lubrizol's performance and according to individual contribution, including the individual's commitment to Lubrizol.

### Cash Compensation of Employees Generally

The cash compensation of most employees, including the executive officers named in the compensation table in this proxy statement, consists of (1) base salary, (2) quarterly pay and (3) variable pay.

Quarterly pay is a fixed percentage of base salary determined by an employee's length of service. Employee base salary plus quarterly pay is designed to be within the mid-level range of salaries for persons having similar jobs in the chemical and related industries.

Variable pay authorized by the committee for employees, other than executive officers and other key employees, is paid in the first quarter and is based upon a percentage of the previous year's net income. Variable pay is allocated to employees based on a uniform percentage of each employee's base salary.

### Cash Compensation of Executive Officers

The base salary and quarterly pay practices for employees also apply to executive officers.

For executive officers, five separate surveys selected by the committee's compensation consultant are used to determine base salary plus quarterly pay. These surveys include more companies than the published industry line-of-business indices used to compare total shareholder return on page 18 of this proxy statement; however, nine peer chemical companies are included in both the salary surveys and the published industry indices. In addition, for the six highest paid executives, total compensation levels and practices are analyzed using compensation data published in each peer organization's proxy statement. This analysis considers fixed salary, annual incentive, total cash compensation, long-term incentives and total compensation.

The committee also reviews Lubrizol's three-year performance compared to a peer group of 16 companies by analyzing total shareholder return, economic value added, return on equity, return on assets and growth in earnings per share. This analysis helps ensure that total executive pay is in alignment with Lubrizol's performance relative to its peer group.

The committee administers the executive compensation policy with the objective of keeping executive compensation comparable with other companies in the chemical and related industries. The average executive base salary plus quarterly pay in 2003 was slightly above the mid-level range when compared to fixed compensation paid by companies in the surveys.

Executive officers and other key employees can receive variable cash compensation under a performance pay plan. The committee determines a percentage of annual net income to establish the amount available under this plan. For 2003, this percentage was based on objective financial measures and objective and subjective performance measures for initiatives relating to our strategies for (1) running the business and (2) changing the business. The objective financial measures include earnings per share and contribution income from the fluid technologies for industry segment.

Sixty percent of the weighting for all the performance measures is based upon financial measures with the largest portion weighted to earnings per share.

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

The payout under the performance pay plan will vary based upon goal accomplishment. Even if other goals are reached, earnings per share must reach a minimum predetermined threshold before the plan will make payments.

The committee has the discretion to adjust the amount available under the performance pay plan and to determine individual payouts under the performance pay plan based upon an executive's

16

level of responsibility, recommendations by executive management and a subjective judgment by the committee of the executive's contribution to Lubrizol's financial and business performance.

### Long-term Incentive Compensation

#### Performance Share Stock Awards

The committee granted performance share stock awards to executive officers in 1997. Newly elected executive officers received proportional performance share stock awards at the time of hire or promotion. These performance share stock awards were to vest if the closing market price of Lubrizol shares reached \$45 for ten consecutive trading days. Otherwise, these awards were to vest on March 24, 2003. On March 24, 2003, the performance share stock awards vested and 60,750 shares became distributable.

#### Long-term Incentive Plan

In 2002, the committee approved a long-term performance incentive program that will provide to certain executive officers a target payout of cash and shares in 2006 if a three-year earnings per share growth target is met. The 2003-2005 earnings per share growth target was set by the committee prior to the beginning of 2003. The payout percentage will vary up or down based upon the actual three-year earnings per share growth. The three-year earnings per share growth must reach a minimum threshold of the pre-determined target or no long-term incentive benefits will be paid.

In December 2003, the committee approved a three-year earnings per share growth target for the three-year period of 2004-2006. If the three-year earnings per share growth reaches a minimum threshold of the pre-determined target, cash and, at the discretion of the committee shares will be paid if a shareholder approved equity plan exists in 2007.

### Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986 limits the deductibility of compensation paid to specified executive officers of public companies. All compensation paid for 2003 to Lubrizol executive officers, including the compensation element of shares received under Lubrizol's stock equity plans, qualified for deduction.

### Compensation of the Chief Executive Officer

The committee's intent is to set Mr. Bares' base salary plus quarterly pay within a range that is competitive with the fixed salaries of chief executive officers in the chemical and related industries. Mr. Bares did not receive a salary increase during 2003. Mr. Bares' base salary and quarterly pay is below to the mid-level range of comparable salaries.

Mr. Bares received 37% of his total cash compensation for 2003 from the performance pay plan. For 2003, earnings per share exceeded the 2003 minimum

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

threshold.

In setting Mr. Bares' total compensation, the committee considers various other aspects of corporate performance including market position, productivity, product leadership, personnel development, employee attitudes, public responsibility, quality and safety practices and the balancing of short-term and long-term goals. For 2003, Mr. Bares' total compensation was at the mid-level range of comparable total compensation of chief executive officers of peer chemical companies.

In determining Mr. Bares' target long-term incentive opportunity for the 2003-2005 three-year period under the long-term incentive program described above, the committee considered data provided by independent consultants and relevant trends in executive compensation practices. The payout, if any, to Mr. Bares under this program will depend on the actual earnings per share growth for the three-year period. The three-year earnings per share growth must reach a minimum threshold of the pre-determined earnings per share growth target or no long-term incentive benefits will be paid.

17

In December 2003, the committee approved a three-year earnings per share growth target for the three-year period of 2004-2006. If the three-year earnings per share growth reaches a minimum threshold of the pre-determined target, cash and, at the discretion of the committee shares will be paid if a shareholder approved equity plan exists in 2007.

Lubrizol's share ownership guidelines require Mr. Bares to hold shares valued at four times his annual fixed pay. At year end, he owned over six times his annual fixed pay in shares.

### PERFORMANCE COMPARISONS

The following chart compares our combined total shareholder returns for the five years ended December 31, 2003, to the combined total shareholder returns of the Standard & Poor's 500 Index and the Standard & Poor's Chemical Group Index. We have replaced the Standard & Poor's Industrial Index with the Standard & Poor's 500 Index, and replaced the Standard & Poor's Specialty Chemicals Index and the Dow Jones Chemical Index with the Standard & Poor's Chemical Group Index.

We have selected the Standard & Poor's 500 Index because we believe it provides a broad equity market comparison, and is widely used for comparison by our peer group. We have reduced our number of chemical industry indices from two to one to simplify our performance comparison, and have selected the Standard & Poor's Chemical Group Index because we believe this index is a better representation of chemical and specialty chemical producers. We believe we have a peer group relationship with companies in the Standard & Poor's Chemical Group Index.

18

No single peer index or peer company is totally comparable to our business. Included in the Standard & Poor's Chemical Group Index are companies which supply specialty chemicals and other related products to a wide variety of markets. Some of our direct competitors are chemical divisions that represent small portions of large oil companies. These chemical divisions are not included in the peer comparison because information is not available to us which shows those divisions separately from the parent company.

The following chart compares our combined total shareholder returns for the five years ended December 31, 2003, to the combined shareholder returns for the Standard & Poor's 500 Index and the Standard & Poor's Chemical Group Index (newly selected indices), as presented previously, along with the Standard & Poor's Industrial Index, the Standard & Poor's Specialty Chemicals Index, and the Dow Jones Chemical Index. The comparison provides both the newly selected indices and the indices used in the immediately preceding fiscal year.

EMPLOYEE AND EXECUTIVE OFFICER BENEFIT PLANS

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

In addition to the stock option and variable compensation plans described in this proxy statement and the group health, life and disability insurance plans available to all employees, we also have the following plans for employees and executive officers.

19

### PENSION PLANS

We have a qualified pension plan for all employees. We also have a basic supplemental defined benefit plan which provides highly paid employees with the portion of their retirement benefits not payable from the pension plan because of tax law limitations. In addition, we have a special officers' supplemental defined benefit plan which covered two officers as of December 31, 2003, and is described in the paragraph below the pension table.

Benefits under the pension plan and the related basic supplemental plan are based on a final average pay formula or a career average pay formula, whichever produces the higher benefit to the employee. The table below uses the final average pay formula because it produces the higher benefit at the pay levels shown.

Final average pay is an average of an employee's highest five consecutive years out of the last ten years of pay. Pay for the plans consists of base salary (unreduced for elective before-tax savings contributions and before-tax cafeteria plan contributions), quarterly pay, overtime pay, shift premium differentials, vacation and holiday pay, paid variable compensation, long-term disability benefits and (for purposes of the basic and special supplemental plans) cash compensation deferrals. Pay used to determine benefits for each of the named executive officers is equal to the amounts shown in the salary and bonus columns for them in the summary compensation table in this proxy statement.

Benefits are based on a 10-year certain and life annuity. Employees hired before February 1, 1984, may elect a lump sum option. Other payment options available to all employees are a joint and 100% or 50% survivor annuity.

The final average pay formula limits years of service to 30. The estimated credited years of service for each of the named executive officers (after this 30-year service limitation) is as follows: Mr. Bares, 30 years; Mr. Kirk, 30 years; Mr. Hambrick, 25 years; Dr. Hill, 21 years; Mr. Cooley, 6 years; and Mr. Bogus, 4 years.

The following table shows the estimated annual retirement benefits payable at age 65 under the pension plan and the basic supplemental defined benefit plan in the final average pay and years of service categories shown. The benefits are shown as a 10-year certain and life annuity.

Final Average Pay	Credited Years of Service					
	10 Years	15 Years	20 Years	25 Years	30 Years	35 Years
\$ 200,000 .....	27,140	40,710	54,280	67,850	81,420	81,420
400,000 .....	56,140	84,210	112,280	140,350	168,420	168,420
600,000 .....	85,140	127,710	170,280	212,850	255,420	255,420
800,000 .....	114,140	171,210	228,280	285,350	342,420	342,420
1,000,000 .....	143,140	214,710	286,280	357,850	429,420	429,420

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

1,200,000 .....	172,140	258,210	344,280	430,350	516,420	516,420
1,400,000 .....	201,140	301,710	402,280	502,850	603,420	603,420
1,600,000 .....	230,140	345,210	460,280	575,350	690,420	690,420

As of December 31, 2003, Mr. Bares, Mr. Hambrick and Dr. Hill were participants in the special officers' supplemental defined benefit plan. Benefits under this plan are based on an average of the highest three consecutive years of pay during the last ten years. The plan limits years of service to 30 and computes benefits on the basis of a 10-year certain and life annuity. Benefits are reduced for Social Security and payments made under other Lubrizol benefit plans. After making all the deductions required under the plan, the estimated additional annual benefit payable under this plan at age 65 (assuming current final average pay) to Mr. Bares is \$1.6 million, to Mr. Hambrick is \$19,000 and to Dr. Hill is \$8,000.

20

### PROFIT SHARING AND SAVINGS PLAN

We have a qualified profit sharing and savings plan for all employees. Each year, the Board of Directors determines the portion of Lubrizol profits that will be contributed to the plan. Profit sharing contributions are allocated to employees' accounts based on their pay.

In addition, employees may contribute up to 18% (16% for highly compensated employees) of base plus quarterly pay to the plan as a before-tax contribution. Lubrizol matches 50% of the employee's before-tax contributions up to 4% of the employee's base plus quarterly pay. Employees also may make after-tax contributions subject to an overall limit of 18% (16% for highly compensated employees) of base plus quarterly pay for their total before-tax and after-tax contributions.

Employees may direct the investment of their contributions and the company match among a Lubrizol share fund and ten other funds with a range of investment characteristics.

Employees vest in profit sharing and matching contributions at a rate of 20% per year of service. The plan allows distribution of an employee's vested account balance after retirement, death or other termination of employment.

### DEFERRED COMPENSATION PLANS

We have a deferred compensation plan for executive officers. Under this plan, executive officers may defer all or any portion of their total annual pay and have these amounts credited to various cash investment accounts and/or a share unit account. The investment returns of the cash investment accounts equal the performance of the investment portfolios designated by the Organization and Compensation Committee. The number of share units credited to the share unit account is based on the price of Lubrizol shares on the day the share units are credited to the account and includes additional share units credited for quarterly dividends paid on Lubrizol shares. At the end of the deferral period, the deferrals and earnings are distributed to the participant. Cash is distributed from the cash account and Lubrizol shares are issued equal to the number of share units in the participant's share unit account.

In addition, we have another deferred compensation plan for some executive officers. Under this plan, participants may defer any amount of their variable pay under the performance pay plan. Deferred amounts are converted into share units based on the current market price of Lubrizol's shares. Lubrizol matches 25% of the amount deferred. Additional share units are credited for quarterly

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

dividends paid on Lubrizol shares. At the end of the deferral period, which is at least three years, Lubrizol shares are issued equal to the number of share units in the participant's account. For units attributable to match that is credited after January 1, 2004, the distribution will be made in cash.

### SUPPLEMENTAL RETIREMENT PLAN

We have a supplemental retirement plan for Donald W. Bogus under which 500 share units are credited to an account on each April 1 until his retirement from Lubrizol. The account is also credited with additional share units for quarterly dividends paid on Lubrizol shares. Upon his retirement, he may elect to receive the balance of his account in cash or common shares. For units credited after January 1, 2004, the distribution will be made in cash.

### EXECUTIVE DEATH BENEFIT PROGRAM

The Organization and Compensation Committee selects executive officers to participate in an executive death benefit program. This program provides a benefit to the executive officer's designated beneficiary following the executive officer's death. The death benefit is 250% of the participant's base salary plus quarterly pay for a designated year, reducing to 150% at age 70 and 100% at age 75.

21

### EXECUTIVE AGREEMENTS

We have employment termination agreements with senior executives, including Messrs. Bares, Hambrick, Hill, Cooley, Bogus and Kirk. Each termination agreement provides that, in the event of a change in control of Lubrizol, the executive will be employed by Lubrizol for up to three years at responsibility, salary and benefit levels equal to those immediately preceding the change in control. If the executive's employment is terminated during those three years for reasons other than death, permanent disability, reaching age 65 or for cause, or if the executive terminates employment in specified circumstances, the benefits provided to the executive are:

- (1) a lump sum payment equal to three times the salary and other forms of cash compensation in effect at the time of termination, and
- (2) continued employee benefit coverage for the remainder of the three years.

The termination agreements also provide that the executive will receive an amount which will cover any excise taxes that apply.

Each executive has agreed, if the executive accepts any benefits under the termination agreement, not to compete with Lubrizol for one year after termination of employment after a change in control.

Assuming a change in control were to occur and all of the executive officers who have termination agreements were terminated as of January 1, 2004, the estimated amount of payments which we would have to make under the termination agreements (including amounts to cover excise taxes) is \$36 million.

In addition to the employment termination agreements, we have employment retention agreements with Messrs. Cooley, Kirk and Bogus and Di Biase (Vice President). Under the agreement for Dr. Di Biase, 5,000 shares will be granted if he remains employed until January 1, 2008. Under the agreements for Messrs. Cooley, Kirk and Bogus, 15,000 shares will be granted to each executive if he remains employed until January 1, 2008. In addition, the agreements for Messrs.

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

Kirk and Bogus provide for participation in the executive death benefit program and the special officers' supplemental defined benefit plan at the later of January 1, 2008 or age 60, provided that the executive is still employed by Lubrizol on that date.

We agreed to pay the relocation expenses for Joe E. Hodge, Vice President, to move from Ohio back to his home state of Texas, at the time of his assignment to Ohio in 1993. His relocation back to Texas occurred in December 2003. The expenses, including tax gross-ups, were approximately \$107,000 and were paid using the provisions of Lubrizol's relocation policy as a guide.

### EMPLOYEE SEVERANCE COMPENSATION PLAN

We also have a severance compensation plan that provides for a severance payment to employees if, within 15 months after a change in control of Lubrizol, their employment is terminated for any reason other than death, permanent disability, voluntary retirement or for cause. Executives who receive payments under the executive termination agreements described above will not receive severance payments under the severance compensation plan.

For an employee with five or more years of service with Lubrizol, the benefit under the severance compensation plan is a lump sum payment equal to the total cash compensation received by the employee in the preceding 12-month period. Employees with less than five years but more than six months of service would receive a lesser amount proportionate to their length of service.

### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

---

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and some persons who own more than 10% of our shares, to file reports of share ownership and change in ownership with the Securities and Exchange Commission, with a copy to us. We are not aware of any shareholder who owns more than 10% of our shares and is required to file these reports.

Based solely on a review of the copies of the forms furnished to us during or for 2003 and written statements from officers and directors, we believe that all officers and directors filed on time all reports required during 2003 and any prior year except that Charlie Cooley, Joe Hodge, Mark Meister, Rosanne Potter and Joanne Wanstreet each had one late filing reporting one transaction, and Don Bogus, Steve Di Biase and Steve Kirk each had two late filings, reporting two transactions.

### APPOINTMENT OF AUDITORS

---

The Audit Committee appointed Deloitte & Touche LLP, independent auditors, to audit the financial statements of Lubrizol for the year 2004. The Board of Directors recommends that you confirm this appointment.

During 2003, Lubrizol engaged Deloitte & Touche to render a variety of services, including the audit of Lubrizol's financial statements. A Deloitte & Touche representative will attend the annual meeting, will have the opportunity to make a statement and will be available to answer questions.

### INDEPENDENT ACCOUNTANT FEES

The following table summarizes the aggregate fees billed by Deloitte & Touche LLP:

	2003	2002
Audit Fees (1).....	\$1,051,903	\$1,065,015
Audit-Related Fees (2).....	155,075	334,970
Tax Fees (3).....	297,222	372,391
All Other Fees (4).....	38,799	26,002
	\$1,542,999	\$1,798,378

-----  
 (1) Fees for audit services billed in 2003 and 2002 consisted of:

- Audit of the annual financial statements
- Reviews of the quarterly financial statements

(2) Fees for audit-related services billed in 2003 and 2002 consisted of:

- Employee benefit plan audits
- Opening and closing balance sheet audits/reviews of acquisitions
- Agreed-upon procedures engagements
- Financial accounting and reporting consultations
- Due diligence associated with mergers/acquisitions
- Sarbanes-Oxley Act, Section 404 advisory services

23

(3) Fees for tax services billed in 2003 and 2002 consisted of the following compliance and tax planning and advice:

- Federal and state income tax planning advice
- Assistance with tax return compliance in certain foreign jurisdictions
- Assistance with foreign tax audits
- Tax planning advice in certain foreign jurisdictions

(4) Fees for all other services billed in 2003 and 2002 consisted of the following permitted non-audit services:

- Tax software license fees
- Human capital advisory services

In considering the nature of the services provided by Deloitte & Touche,

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

the Audit Committee determined that these services are compatible with the provision of independent audit services. The Audit Committee discussed these services with Deloitte & Touche and management to determine that the services are permitted under the rules and regulations concerning auditor independence promulgated by the Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002.

All audit and non-audit services performed by Deloitte and Touche must be pre-approved by the Audit Committee. The committee adopted a pre-approval policy, which provides that between committee meetings, the Chair of the Audit Committee, after considering the effect of these services on the auditor's independence, may pre-approve audit and non-audit services up to \$25,000 for each engagement, not to exceed \$75,000 in the aggregate. All services approved by the Chair are reported to the Audit Committee at its next meeting. All of the services provided by Deloitte and Touche during 2003 were pre-approved by the Audit Committee or pursuant to the pre-approval policy.

### SHAREHOLDER PROPOSALS FOR THE 2005 ANNUAL MEETING

-----

Any shareholder who wants to present a proposal at the 2005 Annual Meeting of Shareholders and have it included in our proxy materials must send us the proposal no later than November 18, 2004. Shareholder proposals submitted after that date but on or before February 24, 2005, may be presented at the annual meeting but will not be included in the proxy materials. If a shareholder proposal is received after February 24, 2005, the persons named on the proxy card may vote in their discretion regarding the proposal all of the shares for which we have received proxies for the annual meeting.

APPENDIX A

THE LUBRIZOL CORPORATION

AUDIT COMMITTEE CHARTER

ORGANIZATION

There shall be a standing committee of the Board of Directors to be known as the Audit Committee, composed solely of at least three independent directors, each of whom is or shall become financially literate within a reasonable period of time after appointment, at least one of whom shall have accounting or related financial management expertise, and at least one whom is a financial expert, as that term is defined by the Securities and Exchange Commission. Members are considered independent if they have no relationship to the corporation that may interfere with the exercise of their independence and judgment in carrying out their responsibilities, as set forth in the New York Stock Exchange rules on audit committees. The Board of Directors annually shall determine whether in its business judgment a member: is independent; is financially literate; has accounting or related financial management expertise; is a financial expert in accordance with Securities and Exchange Commission regulations. The authority and responsibilities of the Audit Committee are defined in this Charter. The

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

responsibilities of a member of the Audit Committee are in addition to those set out for a member of the Board.

### AUTHORITY

Primary responsibility for the Company's management processes and systems, internal control structure and financial reporting is vested in senior operating management as overseen by the Board. The Audit Committee is established to assist Board oversight of: (1) the Company's financial statements; (2) the Company's compliance with legal and regulatory requirements; (3) the independent auditor's qualifications and independence; and (4) the performance of the Company's internal audit function and independent auditors. The Audit Committee, on behalf of the Board, represents the interests of the Company's shareholders, potential shareholders, and investment community, and as such, is the principal client of the independent and internal auditors. The Audit Committee hires the independent auditor, which is ultimately accountable to the Board of Directors and the Audit Committee.

### REPORTING AND COMMUNICATIONS

The Audit Committee Chairperson shall report the Audit Committee's activities to the full Board on a regular and timely basis. The Audit Committee shall have candid communications with the independent and internal auditors, and financial management, and have appropriate access to Company personnel and documents. The Audit Committee will be given the resources necessary to discharge its responsibilities.

### MEETINGS

The Audit Committee will meet as required, and at least three times each year. The Audit Committee shall have private sessions of Audit Committee members and meetings with the Chief Executive Officer and other senior management of the Company, the Chief Ethics Officer, and the independent and internal auditors, on a regular basis, and with legal counsel as needed.

### RESPONSIBILITIES

Overall, the Audit Committee shall be responsible for:

- Monitoring financial reporting, audit processes and risk control-related matters.
- Influencing the overall corporate commitment to quality financial reporting, sound business risk controls, and ethical and legal behavior.

A-1

More specifically, the Audit Committee's oversight activities include but are not limited to the following:

1. Reviewing and reassessing the adequacy of this Charter annually, and submitting the Charter to the Board for approval annually.
2. Appointing, evaluating and terminating the independent auditing firm to audit the Company's consolidated financial statements for the year.
3. Reviewing the annual plan for services to be provided by the independent auditor, which includes, but is not limited to:
  - Reviewing the annual audit scope, including, staffing, timing and the estimated and actual fees.

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

- Reviewing the scope of any non-audit services planned or performed by the independent auditors, as well as related fees, and considering the possible effect that these services could have on the independence of such auditors. Note: The independent auditors are prohibited from providing the services listed in Rule 2-01 of Regulation S-X.
  - Obtaining from the independent auditor a formal written statement delineating all relationships between the auditor and the Company as required by the Independence Standards Board on an annual basis.
4. Pre-approving all audit and non-audit services to be provided by the independent auditor.
5. Obtaining, at least annually, and reviewing a report by the independent auditor describing:
- Its internal quality control procedures.
  - Any material issues raised by the most recent internal quality control review or peer review of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years, respecting one or more independent audits carried out by the firm and any steps taken to deal with such issues.
  - All relationships between the independent auditor and the Company (to assess auditor independence).
6. Reviewing the adequacy and effectiveness of the internal audit function of the Company, including concurring on the appointment, replacement, reassignment, or dismissal of the senior internal auditor.
7. Reviewing the impact of adopted or proposed significant changes in accounting principles and reporting requirements.
8. Reviewing annually the actuarial assumptions of the Company and its major domestic and subsidiary pension plans.
9. Prior to the release of quarterly and annual earnings, reviewing with financial management and the independent auditor: (1) matters that affect the Company's consolidated financial statements; (2) the results of the independent auditor's interim reviews and annual audit and report, including discussions regarding qualitative judgments about the appropriateness, not just the acceptability, of the Company's accounting principles; (3) all critical accounting policies and practices to be used; (4) all alternative treatments of financial information within generally accepted accounting principals related to material items that have been discussed with management, the ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and (5) other material written communications between the independent auditor and management, such as any management letter or schedule of unadjusted differences. Discussions held prior to the release of quarterly and annual earnings may be conducted by the Chairperson on behalf of the Audit Committee, in which case the Chairperson shall advise the Audit Committee of the results of such discussions at the next regularly scheduled meeting.
- A-2
10. Prior to the issuance of the annual report to shareholders:
- Reviewing with the independent auditor any audit problems or

## Edgar Filing: LUBRIZOL CORP - Form DEF 14A

difficulties and management's response.

- Reviewing Management's Discussion and Analysis of Financial Condition and Results of Operations along with the financial statements and Independent Auditor's Report.
- Discussing any matters that the independent auditor communicates to the Audit Committee, including matters required by generally accepted auditing standards, laws or regulations, or otherwise required to be communicated.
- Issuing a report for inclusion in the Company's annual proxy statement in accordance with applicable Securities and Exchange Commission regulations.

11. Discussing earnings press releases as well as financial information and earnings guidance provided to analysts and rating agencies.

12. Overseeing the internal control structure established by management, including management's annual assessment of the effectiveness of the internal control structure and procedures for financial reporting.

13. Discussing policies with respect to risk assessment and risk management.

14. Providing oversight of the activities of the Chief Ethics Officer and annually reviewing management procedures for monitoring compliance with the Company's Policy on Ethical and Legal Conduct.

15. Obtaining advice and assistance, as appropriate, from outside legal, accounting or other advisers.

16. Meeting separately, periodically, with management, the independent auditor and internal auditors.

17. Reviewing and assessing with management the programs and policies of the Company designed to ensure compliance with applicable laws and regulations and monitoring the results of the efforts.

18. Setting clear hiring policies for employees or former employees of the independent auditor.

19. Reporting regularly to the Board.

20. Performing annual self-assessments and assessments of management, and the independent and internal auditors' performance against criteria and expectations.

21. Receiving, retaining and addressing complaints received by the Company regarding accounting, internal accounting controls or auditing matters

22. Performing other oversight functions as it deems necessary, or as requested by the Board, such as:

- Periodically meeting with management and the independent and internal auditors to agree on mutual expectations, a detailed plan of Audit Committee activities and the nature, extent and timing of Audit Committee information needs.
