### **Emergency Interim Rate Increase Recommended Order**

On April 19, 2006, an administrative law judge ( ALJ ) with the Arizona Corporation Commission (the ACC ) issued a recommended order in connection with the application by Arizona Public Service Company ( APS ) for an emergency interim rate increase of \$232 million to recover APS under-collection of higher annual fuel and purchased power costs. See Application for Emergency Rate Increase in Note 3 of Notes to Consolidated Financial Statements in the Pinnacle West Capital Corporation ( Pinnacle West )/APS Annual Report on Form 10-K for the fiscal year ended December 31, 2005 ( Note 3 ). Through the recommended order, the ALJ recommends that the ACC:

find that no emergency exists because of the ACC s ability to modify APS power supply adjustor (PSA), but conclude that some action should be taken to insure more timely recovery of APS prudent fuel and purchased power costs (for additional information regarding the PSA, see Power Supply Adjustor in Note 3);

authorize a PSA interim adjustor, effective May 1, 2006, that would result in a retail rate increase of approximately 5.9% designed to recover approximately \$97 million of deferred fuel and purchased power costs during 2006 (this amount is based on estimated 2006 PSA deferrals at December 31, 2006 (\$248 million) less (a) the estimated amount of 2006 PSA deferrals recoverable through the February 2007 annual PSA adjustor (\$110 million) and (b) \$41 million for potential 2006 unplanned outage costs);

encourage parties to APS general rate case to propose modifications to the PSA that will address on a permanent basis, the issues with timing of recovery when deferrals are large and growing ;

affirm APS ability to defer fuel and purchased power costs above the prior annual cap of \$776.2 million until the ACC decides the general rate case; and

encourage APS to diversify its resources through large scale, sustained energy efficiency programs, [using] low cost renewable energy resources as a hedge against high fossil fuel costs.

APS is currently evaluating the recommended order and expects to file exceptions to the recommended order by the due date of April 24, 2006. APS cannot predict the outcome of this matter.

## **ACC Approval of PSA Surcharge**

On April 12, 2006, the ACC issued an order approving APS—recovery of \$15.3 million of 2005 PSA deferrals through a temporary rate increase of approximately 0.7% to take effect upon the date of the ACC—s decision in the emergency interim rate proceeding discussed above. See —Application for PSA Surcharges—in Note 3 for additional information about APS—PSA surcharge requests.
