Item Entry into a Material Definitive Agreement. 1.01.

Credit Agreement Amendment

On July 25, 2013, Barnes & Noble, Inc. (the "Company") entered into a letter agreement (the "Amendment") with respect to its existing credit agreement with Bank of America, N.A., as administrative agent, collateral agent and swing line lender, and other lenders party thereto in order to grant the Company an extension of the period of time to deliver audited financial statements to the lenders as required by the credit agreement.

The foregoing summary is a general description only, does not purport to be complete and is qualified in its entirety by the Amendment, which is attached hereto as Exhibit 10.1 and incorporated into this Item 1.01 by reference.

Item Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim 4.02 Review.

On July 24, 2013 management of Barnes & Noble, Inc. (the "Company") concluded that the Company's previously issued financial statements contained the following filings with the Securities and Exchange Commission (the "Commission") should no longer be relied upon because of a material error contained in such financial statements: the Quarterly Report on Form 10-Q for the quarterly period ended on January 26, 2013 filed on March 7, 2013; the Quarterly Report on Form 10-Q for the quarterly period ended on October 27, 2012 filed on December 6, 2012; the Quarterly Report on Form 10-Q for the quarterly period ended on July 28, 2012 filed on August 31, 2012; and the Annual Report on Form 10-K for the fiscal year ended April 28, 2012 filed on July 27, 2012. On July 26, 2013 the audit committee (the "Audit Committee") of the Board of Directors of the Company concurred with and approved the recommendation of the Company's management. The Company's management and the Audit Committee discussed the matters relating to the restatement of the quarters of fiscal 2013 with Ernst & Young LLP, the Company's independent registered public accounting firm, and matters relating to the restatement of the financial statements included in the Annual Report on Form 10-K for fiscal 2012 with BDO USA LLP, the Company's prior independent registered public accounting firm. All dollar amounts below are presented in thousands of dollars. The Company is including certain restated financial statements and financial information with respect to such periods in its Annual Report on Form 10-K for the fiscal year ended April 27, 2013 to be filed with the Commission on or about the date of this Current Report on Form 8-K.

The restated financial statements reflect that the Company overstated certain accruals for the periods prior to April 27, 2013, as a result of inadequate controls over the accrual reconciliation process at its distribution centers. In accordance with ASC 250-10-S99-2, Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements (ASC 250), the Company recorded an adjustment to decrease cost of sales by \$6,700 (\$4,027 after tax), \$8,460 (\$5,084 after tax) and \$10,167 (\$6,110 after tax) to correctly present the income statements for fiscal year ended April 28, 2012, the fiscal year ended April 30, 2011 and the fiscal year ended May 1, 2010, respectively. The Company also decreased accounts payable by \$96,200 and \$89,500 at April 28, 2012 and April 30, 2011, respectively; increased income taxes payable included in Accrued Liabilities in the consolidated Balance Sheets, by \$18,598 and \$14,939 at April 28, 2012 and April 30, 2011, respectively, and increased retained earnings by \$78,588 and \$74,561, net of tax at April 28, 2012 and April 30, 2011, respectively. The Company also decreased accounts payable by \$81,040 and increased retained earnings by \$69,477, net of tax to correct the consolidated balance sheet for the cumulative impact in periods prior to fiscal 2010.

In addition, in reviewing the Company's components of deferred income tax assets and liabilities, the Company determined that deferred income tax liability in the amount of \$26,026 was related to a transaction in which gain was

reported for both accounting and tax purposes prior to 2010. Accordingly, the Company has concluded that this deferred income tax liability should be reversed. In accordance with ASC 250, the Company recorded an adjustment to decrease deferred tax liability and increase retained earnings by \$26,026 at May 1, 2010. The cumulative effect of these adjustments increased previously reported retained earnings by \$95,503 at May 2, 2010.

In fiscal 2013, the Company had not accrued a tenant allowance related to one of its properties in fiscal 2012. The Company recorded an adjustment to increase receivable, net and other long-term liabilities by \$9,450 in fiscal 2012.

The restated amounts presented below reflect the impact of these revisions, as well as an adjustment of \$47,026 related to the current portion of deferred rent and tenant allowances on the April 28, 2012 balance sheet for comparative purposes to conform with the fiscal 2013 presentation.

The following tables set forth the corrections to individual affected line items in the consolidated balance sheets of April 28, 2012 and April 30, 2011, the stockholders' equity section of the consolidated balance sheet as of April 28, 2012 and April 30, 2011 and the consolidated statement of operations for fiscal 2012, fiscal 2011 and fiscal 2010.
