Item 2.02 Results of Operations and Financial Condition.

On September 9, 2015, Barnes & Noble, Inc. (the “Company”) held an earnings conference call with senior management announcing its financial results for the first quarter ended August 1, 2015 (the “Earnings Call”). A transcript of the Earnings Call, including the question and answer session held with investors that took place at the end of the call, is attached hereto as Exhibit 99.1.

The information in this Form 8-K and the Exhibit attached hereto pertaining to the Company’s financial results shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such filing.

Use of Non-GAAP Financial Information

To supplement the Company’s consolidated financial statements presented in accordance with generally accepted accounting principles (“GAAP”), during the Earnings Call for which the transcript is attached as Exhibit 99.1, the Company uses the non-GAAP financial measure of EBITDA (defined by the Company as earnings before interest, taxes, depreciation and amortization).

The Company’s management reviews this non-GAAP measure internally to evaluate the Company’s performance and manage its operations. The Company believes that the inclusion of EBITDA results provides investors useful and important information regarding the Company’s operating results. The non-GAAP measure discussed on the Earnings Call has been reconciled to the comparable GAAP measure as required under SEC rules regarding the use of non-GAAP financial measures and that reconciliation can be found at the end of Exhibit 99.1. The Company urges investors to carefully review the GAAP financial information included as part of the Company’s Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, and quarterly earnings releases.
