WOODLAND HILLS, California, November 19, 2002 - Syncor International Corporation (Nasdaq: SCOR) today announced that it has filed with the SEC its Form 10-Q for the quarter ended September 30, 2002. The filing shows a 28 percent increase in net sales from continuing operations and a 53 percent increase in operating income of its core U.S. pharmacy services business from the same period last year.

According to the 10-Q, Syncor's net sales from continuing operations in the quarter increased 28.3 percent to \$192.2 million, compared to \$149.8 million for the same period of the prior year.

Operating income for the third quarter of 2002 increased by 53.3 percent to \$23.9 million, compared to \$15.6 million for the same period of the prior year.

Special Charges

As previously reported as a subsequent event in our Form 10-K/A-1 for the year ended December 31, 2001 and our Forms 10-Q/A-1 for the quarters ended March 31, 2002 and June 30, 2002, each filed with the SEC on October 11, 2002, the Company recorded a special charge to earnings net after-tax of \$31.3 million or (\$1.14) per fully diluted share in the third quarter ended September 30, 2002. The Company took the asset impairment charge based on its review of the offers it received from potential buyers for Comprehensive Medical Imaging, Inc. (CMI), the Company's discontinued medical imaging segment, and the Company's assessment of the probable loss to the Company upon the sale of CMI. The Company announced on June 14, 2002 that it is discontinuing the CMI operations and is entertaining bids for the sale of CMI.

Update on Special Committee Investigation and Discussions with the DOJ and SEC

As reported in the Form 10-Q, a special committee of the Board of Directors of Syncor, working together with outside counsel and an independent forensic accounting firm, believes it has substantially completed its gathering of facts in connection with the previously-announced investigation of all of Syncor's foreign operations (other than Israel where Syncor has only a licensing arrangement and no operations). The special committee also is investigating certain limited aspects of Syncor's domestic U.S. operations. The investigation has included on-site reviews by representatives of the special committee in every foreign country in which Syncor has operations. The special committee is also investigating the knowledge and/or involvement of certain employees of Syncor and its subsidiaries, including Monty Fu and Moses Fu, in the matters subject to the investigation. Analysis of the information gathered is continuing.

The following is a summary of the findings of the special committee to date based on the information it has gathered at this time. The investigation is continuing and there can be no assurance that additional issues will not be found or that the findings below will be confirmed.

- o The special committee has found that questionable payments have been made over a substantial period of time to customers in Taiwan, including state-owned and private healthcare facilities and certain of their employees. Based on information gathered to date, some or all of the payments appear to have violated U.S. law, including various provisions of the Foreign Corrupt Practices Act of 1977 (the "FCPA"). In addition, some or all of the payments appear to have violated local Taiwan law. Over the past five years, these payments to state-owned facilities and certain of their employees appear to have totaled an estimated \$500,000.
- o The special committee has also found questionable payments and other

Edgar Filing: SYNCOR INTERNATIONAL CORP /DE/ - Form 425

transactions at Syncor operations in at least six other countries in Asia, Latin America and Europe that also may have violated U.S. law, including the payment, record-keeping and controls provisions of the FCPA. In addition, some or all of these payments appear to have violated local laws in the relevant jurisdiction.

- o During the course of its investigation of Syncor's foreign operations, the special committee identified a number of additional instances where activities of Syncor or of its subsidiaries or representatives may have constituted violations of local laws and regulations relating to, among other things, tax, competition and regulatory matters.

While the special committee and its advisors are continuing the investigation, based on the information available at this time, Syncor does not expect that any of these payments, transactions or other matters will be material to the financial results of Syncor or will result in an adjustment or restatement of Syncor's historical financial statements. The special committee intends to complete the investigation as promptly as practicable. A final determination as to the full impact of the investigation on Syncor and Syncor's financial statements is subject to the completion of the investigation.

Syncor has been cooperating fully with the Securities and Exchange Commission (the "SEC") and the U.S. Department of Justice (the "DOJ") regarding the matters that have been the subject of its internal investigation. At this time, Syncor is in advanced discussions with the SEC staff concerning resolution of the potential claims that the SEC may have against Syncor regarding the matters that are the subject of the investigation. Any resolution with the staff would be subject to SEC approval. Syncor is also in advanced discussions with the DOJ concerning a resolution of these matters. Syncor is seeking to resolve these matters with the SEC and the DOJ as promptly as practicable although there can be no assurance that such discussions will result in a satisfactory resolution of these matters. At this time Syncor cannot predict the extent to which the SEC, the DOJ or any other governmental authorities will pursue administrative, civil injunctive or criminal proceedings, the imposition of fines or penalties or other remedies or sanctions. However, based on the current status of the discussions with the SEC and the DOJ, Syncor has accrued \$2.5 million for estimated potential fines and other penalties that may be imposed by the SEC and the DOJ in connection with this matter. There can be no assurance that this reserve will be sufficient to address any such fines or other penalties actually imposed by the SEC, the DOJ or any other governmental authorities. At this time, Syncor also cannot predict what impact such discussions with or actions by the SEC, the DOJ or any other governmental authorities may have on Syncor.

Additional information is included in the Form 10-Q and you are urged to read the relevant disclosure in its entirety.

Acquisition of Syncor by Cardinal Health

On June 14, 2002, the Company announced that it had entered into a

Edgar Filing: SYNCOR INTERNATIONAL CORP /DE/ - Form 425

definitive agreement with Cardinal Health providing for the acquisition of Syncor. As previously announced, Syncor has postponed its special meeting of stockholders, which is now scheduled for December 6, 2002, to consider approval of the merger agreement. The exact time and place of the postponed special meeting will be included in an amended notice of meeting and supplemental proxy materials that will be mailed to stockholders as soon as they are available.

The acquisition of Syncor by Cardinal Health is subject to the satisfaction or waiver of a number of conditions, including Syncor stockholder approval. Based on the information Syncor has reviewed as of the date hereof with respect to the matters currently under investigation by the special committee, and subject to the terms of any resolution of these matters with the DOJ and SEC, Syncor believes that the information it has learned in the investigation would not result in Syncor's failure to satisfy the conditions to the acquisition. However, no definitive determination as to the impact on the acquisition can be made pending completion of the investigation and resolution of Syncor's discussions with the DOJ and SEC. Moreover, Cardinal Health has previously stated that it has not yet concluded whether the conditions to the transaction will be satisfied and that "there can be no assurance that the transaction involving the acquisition of Syncor by Cardinal Health will be completed."
