ITEM 8.01 Other Events.

Reference is made to Note 2 - Rate and Regulatory Matters to the financial statements under Part I, Item 1; Outlook under Part I, Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations; and Part II, Item 1A. Risk Factors in the Form 10-Q for the quarterly period ended June 30, 2006, of registrant Ameren Corporation ("Ameren") and its registrant subsidiaries, Union Electric Company, doing business as AmerenUE ("UE"), Central Illinois Public Service Company, doing business as AmerenCIPS ("CIPS"), Ameren Energy Generating Company ("Genco"), CILCORP Inc. ("CILCORP"), Central Illinois Light Company, doing business as AmerenCILCO ("CILCO"), and Illinois Power Company, doing business as AmerenIP ("IP") (collectively, the "registrants"), for a discussion of the process for power procurement for Ameren's Illinois utility companies after the expiration of the current Illinois electric rate freeze on January 1, 2007 and power supply contracts on December 31, 2006 and a discussion of the delivery service rate cases filed by Ameren's Illinois utility companies with the Illinois Commerce Commission in December 2005. Reference is also made to the Current Reports on Form 8-K filed by Ameren and certain of its registrant subsidiaries on September 18, 2006 and October 4, 2006.

On October 9, 2006, CIPS, CILCO and IP (collectively, the "Ameren Illinois Utilities") are appearing at a hearing before the Electric Utility Oversight Committee of the Illinois House of Representatives to address whether a special session of the Illinois General Assembly should be called for the purpose of considering legislation which would extend the electric rate freeze applicable to electric utility companies in Illinois, including the Ameren Illinois Utilities, until January 1, 2010. On October 9, 2006, Ameren and the Ameren Illinois Utilities issued a press release outlining their statement in opposition to Illinois electric rate freeze extension legislation which they will present at the Electric Utility Oversight Committee hearing. The press release is attached as Exhibit 99.1 and is incorporated herein by reference.

On October 5, 2006, Standard & Poor's Ratings Services ("S&P"), in reaction to the intensified political discussion in Illinois regarding electric rate freeze extension legislation, downgraded the principal credit ratings of the registrants as presented in the following table:

All of the S&P credit ratings for the registrants remain on credit watch with negative implications. According to S&P, it will continue to lower the registrants' credit ratings if, in its opinion, the likelihood of Illinois legislation extending the electric rate freeze increases.

A credit rating is not a recommendation to buy, sell or hold securities. It should be evaluated independently of any other rating. Ratings are subject to revision or withdrawal at any time by the rating organization.
