Our common stock is listed on the New York Stock Exchange, or “NYSE,” under the symbol “ATG” and quoted in *The Wall Street Journal* as “AGL Res.” On July 31, 2006, the closing price of our common stock was \$39.02 per share.

ResourcesDirect - commonly asked questions

The following questions and answers explain and constitute the terms of ResourcesDirect. If you participated in the former ResourcesDirect, then you automatically will be a participant in this Plan in the same manner and to the same extent as you participated in the former ResourcesDirect, unless you elect to terminate your participation in ResourcesDirect.

Purpose

1. What is the purpose of the Plan?

The purpose of the Plan is to provide investors with a simple, convenient and economical way to accumulate and increase their investment in our common stock and to reinvest all or a portion of their cash dividends in additional shares of our common stock. The Plan also provides participants with safekeeping of certificates and a convenient way to transfer and sell shares.

Risks

2. What are the disadvantages or risks of the Plan?

In addition to those risks of an investment in our common stock set forth in "Forward-Looking Statements" above, the disadvantages or risks of the Plan include:

- **No interest paid on funds pending investment.** No interest is paid on dividends or funds held by the Administrator pending investment or reinvestment.
- **You bear all risk of loss that may result from market fluctuations in the price of AGL common stock.** You must bear the market risk associated with fluctuations in the price of our common stock. You have no control over the share price or timing of the purchase or sale of Plan shares. You cannot designate a specific price or date at which to purchase or sell shares. Your ability to purchase or sell shares is subject to the terms of the Plan. You may not be able to purchase or sell your shares in the Plan in time to react to market conditions. In addition, you will not know the exact number of shares purchased until after the Investment Date.
- **We do not guarantee the payment of future dividends.** Our Board of Directors has the sole discretion to declare and pay dividends. Although we have paid cash dividends on a regular basis for many years, the amount and timing of any dividends may be changed at any time without notice. See Question 6 below for additional information regarding the payment of dividends.
- **Long-term investment.** The market price for our common stock varies, and you should purchase shares for long-term investment only. Although our common stock currently is traded on the NYSE, we cannot assure you

that there will, at any time in the future, be an active trading market for our common stock. Even if there is an active trading market for our common stock, we cannot assure you that you will be able to sell all of your shares at one time or at a favorable price, if at all. As a result, you should participate in the Plan only if you are capable of making, and seeking to make, a long-term investment in our common stock.

Other important factors and risks are identified in our most recent Annual Report on Form 10-K and are updated in our Quarterly Reports on Form 10-Q, which are incorporated by reference into this prospectus. You are encouraged to review those factors and risks carefully.

Eligibility

3. Am I eligible to participate in the Plan?

Any person or entity is eligible to participate in the Plan, whether or not you currently own our common stock. If you live outside the U.S., you should make sure that participation would not violate any laws in the country in which you reside. We reserve the right to terminate the participation of any shareholder if we deem it advisable under any foreign laws or regulations.

The initial investment also can be paid by completing the authorization for automatic deduction portion of the enrollment form. You also may arrange to have your broker, bank or other nominee participate in the Plan on your behalf. In this case, your participation may be on terms and conditions that may differ from the terms and condition of this Plan and you will be limited to the dividend reinvestment feature of the Plan only. The terms and conditions also will be subject to the terms and conditions of your bank, broker or nominee.

5. How do I get a copy of the prospectus or enrollment form?

To request a copy of the ResourcesDirect prospectus or enrollment form, you may contact the Administrator at 1-800-633-4236. You also may print or download these items from the Administrator’s website at www.computershare.com/equiserve. You may print or download the prospectus at our company website at www.aglresources.com.

Dividends and investment options

6. Will I receive dividends?

Payment of dividends is a business decision made by our Board of Directors based primarily upon earnings, cash flow, financial requirements, legal limitations and other requirements. We traditionally have paid dividends four times a year on March 1, June 1, September 1 and December 1.

7. What are my dividend reinvestment options under the Plan?

As a participant in the Plan, you may elect to reinvest all, part or none of the dividends on your AGL common stock for the purchase of additional shares. You must select one of the three dividend options on the enrollment form. If you complete and return an enrollment form without selecting a dividend option, your dividends will automatically be fully reinvested to purchase additional shares.

Full dividend reinvestment	If you select full dividend reinvestment, cash dividends paid on all of your AGL shares in the Plan will automatically be reinvested to purchase additional AGL shares.
-----------------------------------	---

Partial dividend reinvestment	If you select partial dividend reinvestment, a portion of your cash dividend will be paid to you in cash, and the remainder will automatically be reinvested to purchase additional AGL shares. To do this, you must specify the number of whole shares on which you wish to receive cash dividends. You may choose to have these cash dividends directly deposited to your designated U.S. bank account or sent to you by check.
--------------------------------------	---

All cash (no dividend reinvestment)	If you select all cash (no dividend reinvestment), your dividend will be paid to you in cash. You may choose to have these cash dividends directly deposited to your designated U.S. bank account or sent to you by check.
--	--

To have your dividends directly deposited to your designated bank account, you must complete and return a Direct Deposit Authorization Form. You can request a copy of the Direct Deposit Authorization Form from the Administrator at 1-800-633-4236. You also can authorize the direct deposit of dividends when you enroll online or access your account online at www.computershare.com/equiserve.

8. Can I change my dividend option under the Plan?

You may change your dividend participation option at any time by contacting the Administrator. You may make such a request by

- telephoning the Administrator at 1-800-633-4236,
- accessing your account through the Administrator's website at www.computershare.com/equiserve, or
- writing to the Administrator at the address appearing on the inside cover of this prospectus.

Please remember that the Administrator must receive your request on or before a dividend record date in order for your request to be effective for that dividend. Otherwise, your request will be effective for the following dividend.

9. How do I make additional cash investments and automatic deductions?

You can purchase additional shares of AGL stock by using the Plan's optional cash investment feature. Each cash investment must be at least \$50 and you cannot invest more than \$250,000 in a calendar year. Additional cash investments are entirely voluntary.

Interest will not be paid on amounts held pending investment.

- **To make additional cash investments by check.** You can make additional cash investments by sending a check, payable to Computershare - AGL, in U.S. dollars drawn on a U.S. bank. Do not send cash, traveler's checks, money orders or third party checks. To facilitate processing of your investment, please use the cash investment transaction form located on the bottom of your regular Statement of Holdings. Mail your check and transaction form in the return envelope included with each statement, or to the address specified on the statement. Your check must be received by the Administrator at least two business days before an Investment Date in order to be invested on that date.

When investing by check, you do not need to invest the same amount each time and you are under no obligation to make investments in any month or at any particular time.

- **One-time bank debit.** You can make additional cash investments by going to the Administrator's website at www.computershare.com/equiserve and authorizing a one-time online bank debit from an account at a U.S. bank or financial institution. One-time online optional cash payment funds will be held by the Administrator for three banking days before they are invested. You should refer to the online confirmation for your bank account debit date and investment date. When investing by one-time online bank debit, you do not need to invest the same amount each time and you are under no obligation to make investments in any month or at any particular time.
- **Automatic withdrawal from your bank account.** You can make additional cash investments on a regular, recurring basis by authorizing an Automated Clearing House (ACH) withdrawal from your account at a U.S. bank or financial institution. You can authorize funds to be withdrawn from your account on either the 9th day or the 25th day of each month, or on both dates. If either the 9th day or the 25th day is not a business day, your funds will be withdrawn on the next business day. This feature enables you to make ongoing investments without writing a check. To authorize automatic withdrawals, you must complete an Authorization Form for Automatic Deductions which can be obtained by calling the Administrator or by accessing your account through the Administrator's website at www.computershare.com/equiserve. Your request will be processed and will become effective as promptly as practicable; however, you should allow four to six weeks for your first investment to be initiated. Automatic deductions will continue at the level you set until you change your instructions by notifying the Administrator.

The Administrator will assess you a fee of \$25 if any optional cash payment is returned unpaid, whether the investment was made by check or an attempted automatic withdrawal from your bank account. By enrolling in the Plan, you authorize the Administrator to deduct this fee by selling shares from your Plan account.

10. What are the minimum and maximum amounts for additional cash investments and automatic deductions?

You can purchase additional shares of AGL stock by using the Plan's optional cash investment feature. You must invest at least \$50 each time and cannot invest more than \$250,000 in a calendar year. Additional cash investments and automatic deductions are entirely voluntary.

11. How do I change or stop automatic deductions?

You may change or stop automatic deductions by

- calling the Administrator at 1-800-633-4236,
- accessing your account through the Administrator's website at www.computershare.com/equiserve, or
- completing and submitting to the Administrator a new Authorization Form for Automatic Deductions.

If you close or change a bank account number, a new Authorization Form for Automatic Deductions must be completed.

Purchases

12. When will shares be purchased under the plan?

The "Investment Date" is the date or dates on which the Administrator purchases shares of our common stock for the Plan, as described below.

If the Administrator acquires shares directly from us, then the Investment Date for cash investments will be on the 1st and 15th day of each month and on the dividend payment date for reinvested dividends. If the Investment Date falls on a date when our stock is not traded (*e.g.*, a weekend day or holiday), then the Investment Date will be on the next trading day.

If the Administrator acquires shares from parties other than us through open market transactions, such purchases will begin on the applicable Investment Date and will be completed no later than 5 business days following such date, except where completion at a later date is necessary or advisable under any applicable federal or state securities laws or regulations.

Your initial and optional cash purchases will be invested as soon as practicable after the Administrator receives them. Please note there is no guarantee of the actual Investment Date or purchase price.

13. What is the source of shares for the Plan?

Shares of our common stock will, at our choice, be purchased for the Plan either in the open market or issued directly by us from our authorized but unissued shares or treasury shares.

14. How is the purchase price of AGL common stock determined?

The purchase price is the price at which the Administrator purchases our common stock with reinvested dividends and/or initial or optional cash payments. The purchase price under the Plan depends in part on whether the Administrator purchases the common shares from us or from parties other than us.

- ***Shares purchased from AGL.*** If the shares are purchased from AGL, your price per share for dividend reinvestments and initial and optional cash investments will be the closing price of such shares on that particular Investment Date, as published in the Eastern Edition of *The Wall Street Journal* report in the New York Stock Exchange Composite Transactions or by any securities exchange on which AGL's shares may be listed on such Investment Date.
 - ***Shares purchased in the open market.*** If the shares are purchased in the open market, your price per share will be the weighted average price of shares purchased to satisfy Plan requirements. Processing fees for purchases under the Plan, which include any brokerage commissions that the Administrator is required to pay, will be paid by AGL and will be reported to you as taxable income. All fractional shares are calculated to four (4) decimals and are credited to your account
-

15. *How many shares will be purchased for me?*

The number of shares purchased for you will depend on the purchase price and total dollar amount of dividends to be reinvested and/or initial or optional cash payments. Your Plan account will be credited with the actual number of shares purchased, including fractions computed to four (4) decimal places.

16. *Will interest be paid on any amounts pending the actual Investment Date?*

No. Interest will not be paid on any amounts held by the Administrator pending investment.

17. *Do I have timing and control of when my shares will be purchased?*

Because the Administrator will arrange for the purchase of shares for the Plan, neither AGL nor any participant in the Plan has the authority or power to control either the timing or pricing of shares purchased or the selection of the broker making the purchases.

Therefore, you will not be able to precisely time your purchases through the Plan and will bear the market risk associated with fluctuations in the price of our common stock. That is, if you send in an initial or optional cash investment, it is possible that the market price of our common stock could go up or down before your funds are used to purchase shares. In addition, you will not earn interest on initial or optional cash investments for the period before the shares are purchased. See Question 2, “What are the disadvantages or risks of the Plan?”.

Book-entry shares and safekeeping of shares

18. *How are my Plan shares held?*

Shares of AGL common stock that you buy under the Plan will be maintained in your Plan account in book-entry form. You will receive a periodic Plan statement detailing the status of your holdings.

19. *May I deposit other AGL shares to my account for safekeeping?*

You may deposit any AGL stock certificates registered in your name with the Administrator for “safekeeping” to be held as book-entry shares at no cost. We will pay all fees for this service. Safekeeping is beneficial because you no longer bear the risk and cost associated with the loss, theft, or destruction of stock certificates. Shares deposited and held for safekeeping will be treated in the same manner as shares purchased through ResourcesDirect.

To use the safekeeping service, complete the transaction form that is part of your regular account statement and send it together with your stock certificates to the Administrator at the address indicated on the form. Or, simply send your certificates to the Administrator at the address appearing on the inside cover of this prospectus, and be sure to include a written request to have your certificates deposited. **Do not endorse the certificates or complete the assignment section.** You should send your certificates by registered or certified mail, with return receipt requested, or some other form of traceable mail, and properly insured.

The certificates are your responsibility until received by the Administrator. The Administrator will confirm the receipt of stock certificates deposited for safekeeping.

Stock certificates

20. Can I obtain a stock certificate if I want one?

You can obtain a stock certificate for some or all of the whole shares credited to your Plan account at any time by contacting the Administrator. You may make such request by

- telephoning the Administrator at 1-800-633-4236,
- accessing your account through the Administrator's website at *www.computershare.com/equiserve*, or
- completing and submitting the tear-off portion of your account statement.

Certificates will be issued for whole shares only. Stock certificates are normally issued to participants within two business days after receipt of a request.

If you request a stock certificate for shares credited to your account and you do not want to terminate your participation in the Plan, a stock certificate will be issued for the requested number of whole shares and any remaining whole and/or fractional shares will remain in your account.

If you request a stock certificate for all of your shares credited to your account and you want to close your account and terminate participation in the Plan, a stock certificate will be issued for the whole shares and a cash payment will be made for any remaining fractional share. The cash payment will be based on the then-current market price of AGL common stock, less a processing fee which includes any brokerage commission the Administrator is required to pay.

Certificates will be issued in the name(s) in which the account is registered, unless otherwise instructed. If the certificate is to be issued in a name other than your Plan account registration, you will be required to initiate a transfer of ownership before the certificate can be issued. The signature on the transfer instructions must be guaranteed by a financial institution participating in the Medallion Guarantee Program, as discussed under Question 25 "Can I transfer or gift shares?" below.

Sales

21. *How can I sell plan shares?*

You can sell all or any portion of the book-entry shares that are credited to your Plan account by contacting the Administrator. You can contact the Administrator to request a sale by

- telephoning the Administrator at 1-800-633-4236,
- accessing your account through the Administrator website at www.computershare.com/equiserve, or
- completing and submitting the tear-off portion of your account statement.

If you want to sell any shares through the Plan that are held in stock certificate form, the shares must first be deposited and converted into book-entry shares.

Upon receipt of a request to sell your Plan shares, the Administrator will make every effort to process your order on the day that it is received. To do so, your sale instructions must be received by 1:00 p.m. Eastern time on a business day during which the Administrator and the NYSE are open. Sales will be made through a broker-dealer that may be affiliated or unaffiliated with the Administrator at the then-current market price. The Administrator will promptly mail you a check for the proceeds, less applicable service and processing fees. See "Plan fees" below.

Computershare has sole discretion in all matters related to the sale. You cannot specify a price or time to sell your book-entry Plan shares.

All sale requests having an anticipated market value of \$25,000 or more are expected to be submitted in written form. In addition, all sale requests within thirty (30) days of an address change to your account are expected to be submitted in written form.

You also can choose to sell your shares through a stock broker of your choice by requesting a certificate for your shares and delivering the certificate to your broker. Alternatively, you can authorize the Administrator to transfer your shares electronically to your brokerage account through the Direct Registration System.

22. *Do I have timing and control of when my shares will be sold?*

Because the Administrator will sell the shares on behalf of the Plan, neither AGL nor any participant in the Plan has any authority or power to control the timing or pricing of shares sold or the selection of the broker making the sale.

Therefore, you will not be able to precisely time your sales through the Plan and will bear the market risk associated with fluctuation in the price of AGL common stock. That is, if you send in a request to sell shares, it is possible that the market price of AGL common stock could go down or up before the stock is sold. In addition, you will not earn interest on a sales transaction. See Question 2, "What are the disadvantages or risks of the Plan?"

Termination of participation

23. *How can I terminate participation in the Plan?*

You may terminate participation in the Plan at any time by notifying the Administrator. You can contact the Administrator by

- telephoning the Administrator at 1-800-633-4236,
- accessing your account through the Administrator website at www.computershare.com/equiserve, or

- completing and submitting the tear-off portion of your account statement

24. Can my participation be terminated in the Plan? _

When you request termination of participation in the Plan, you must choose to (i) sell your shares held by the Administrator; or (ii) keep your whole shares in book entry form with the Administrator and receive a check for the fractional share; or (iii) receive a certificate for your full shares and a check for the fractional share. Upon termination, your participation in the Plan will be terminated and any future dividends will be paid by check or direct deposit to your bank account.

At its discretion, AGL may instruct the Administrator to close any Plan account that contains less than one share of our common stock. The fractional share in your Plan account will be sold at the then-current market price of AGL common stock, less a processing fee which includes any brokerage commission the Administrator is required to pay. A check for the net sale proceeds will be mailed to your address of record.

In the event you have been reinvesting your dividends and your notice of termination is received by the Administrator near a record date for a dividend payment, the Administrator, in its sole discretion, may either distribute that dividend in cash or reinvest it in shares on your behalf. In the event the dividend is reinvested, the Administrator will process your termination as soon as practicable, but in no event later than five business days after the purchase is completed.

AGL reserves the right to deny, suspend or terminate participation by a shareholder who is using the Plan for purposes inconsistent with the intended purpose of the Plan. In such event, the Administrator will notify the shareholder in writing and will continue to safekeep the shareholder's shares but will no longer accept optional cash investments or reinvest the shareholder's dividends.

AGL also reserves the right to terminate participation of any shareholder if it deems it advisable under any foreign laws or regulations.

Transfers and gifts

25. *Can I transfer or gift shares?*

You may transfer ownership of some or all of your Plan shares to another person, whether by gift, private sale, or otherwise. In order to transfer some or all of your shares, you must properly complete a Transfer of Ownership Form, or an executed stock power, and return it to the Administrator. Transfers may be made in book-entry or certificated form.

Requests for transfer of book-entry shares held under the Plan are subject to the same requirements as the transfer of our common stock certificates, including the requirement of a Medallion Signature Guarantee. You may request a copy of the Transfer of Ownership Form by contacting the Administrator at 1-800-633-4236 or by accessing the Administrator's website at www.computershare.com/equiserve.

Reports to participants

26. *What kind of reports will I be sent?*

- **Account Statements.** You will receive easy to read statements of your year-to-date account activity after each transaction in your account. Each account statement will show the amount of cash invested; the amount of dividends reinvested; the purchase or sale price; the number of shares purchased or sold and any applicable fees, as well as any activity associated with share deposits, transfers or withdrawals.

These statements are a continuing record of your cost basis in shares purchased under ResourcesDirect. Please retain your statements for income tax purposes. You may be charged a fee for duplicate statements.

- **Shareholder communications.** As an AGL shareholder, you will receive copies of the same communications sent to all other holders of AGL common stock, such as proxy statements and annual reports. If you prefer, and if the AGL materials are available online, you may consent to receive such materials electronically over the Internet. Instead of receiving materials through the mail, you will receive an electronic notice to your e-mail address of record notifying you of the availability of AGL materials online and instructing you how to view and act on them.
- **Annual IRS information returns.** You will receive an annual statement that reports dividends paid to you as well as gross proceeds from the sale of any of your Plan shares. See, "Federal income tax information" below.

Address change

27. *What if my address changes?*

All communications to you, including notices, dividends and statements, will be sent to your latest address on record. Please notify the Administrator promptly if your address changes.

Stock splits

28. *What if AGL issues a stock dividend or declares a stock split or rights offering?*

If AGL issues a stock dividend or declares a stock split, your account will be adjusted to reflect the receipt of shares paid or distributed. Any stock dividend or stock split shares of AGL common stock issued with respect to both certificated and book-entry (whole and fractional) shares will be credited automatically to your Plan account in book-entry form. In the event of a rights offering, you will receive rights based on the total number of whole shares

that you own.

Voting

29. How do I vote my Plan shares at shareholders' meetings?

For every shareholder meeting, you will receive proxy materials and a proxy card that covers your Plan shares. You may vote your Plan shares in accordance with the instructions provided in the proxy materials.

Plan changes or termination

30. Can the Plan be changed?

We may suspend, modify or terminate the Plan at any time. All participants will receive notice of any such suspension, modification or termination. AGL and the Administrator also reserve the right to change any administrative procedures of the Plan. If the Plan is terminated, whole shares will continue to be held in book-entry form in your Plan account or distributed in certificate form at our sole discretion. A cash payment will be made for any fractional share.

Responsibilities of AGL and the Administrator

31. What are the responsibilities of AGL and the Administrator under the Plan?

Neither we nor the Administrator will be liable for any act the Administrator does in good faith or for any good faith omission to act. This includes, without limitation, any claims of liability for:

- failure to terminate your account upon your death prior to receiving written notice of such death;
- purchases or sales prices reflected in your Plan account or the dates of purchases or sales of your Plan shares; or
- any fluctuation in the market value after your purchase or sale of shares.

Neither we nor the Administrator can assure you a profit or protect you against a loss on the shares you purchase under the Plan. See Question 2, “What are the disadvantages or risks of the Plan?”.

Federal income tax information

The following discussion is a summary of the federal income tax provisions relating to participation in the Plan. State and local tax treatment may vary from federal income tax treatment and is not discussed in this summary. You should rely upon your own tax advisor about your particular circumstances and transactions.

Dividends. All dividends that are paid to you, whether paid in cash or reinvested and used to purchase additional shares, are considered taxable dividend income to you in the year they are paid by AGL. At the end of each tax year, our transfer agent will provide you and the Internal Revenue Service (the “IRS”) with a Form 1099-DIV that reports the total dollar value of the dividends paid during the year. The Form 1099-DIV also will include the amount of any processing fees, which includes any brokerage commissions, paid by AGL on your behalf for purchases of shares.

Sales. All shares sold through the Plan will be reported to the IRS as required by law. At the end of each tax year, our transfer agent will provide you and the IRS with a Form 1099-B that reports the date of sale and gross proceeds from your sale. You are responsible for calculating the cost basis of the shares you sold and any gain or loss on the sale. In general, the amount of gain or loss that you recognize will be based on the difference between the fair market value of your shares as of the date of purchase and the date of sale. Any profit that you realize will be taxed as capital gain, and any loss realized will be taxed as a capital loss. The capital gain or loss may be treated as “long-term” capital gain or loss if you have held the shares for at least one year before the sale or transfer.

Be sure to keep your account statements for income tax purposes. If you have questions about the tax impact of any of the transactions you are contemplating, please consult your own tax advisor.

Transfers in or out of the Plan. You will not realize gain or loss for federal income tax purposes when you transfer shares into the Plan or withdraw shares from the Plan. However, as noted in the above paragraph, you will generally realize gain or loss upon the sale of shares (including the receipt of cash for fractional shares) held in the Plan.

Federal income tax withholding on dividends and sales proceeds. Federal law requires the Administrator to withhold an amount (based upon the current applicable rate) from the amount of dividends and the proceeds of any sale of shares if:

- You fail to certify to the Administrator that you are not subject to backup withholding and that the taxpayer identification number on your account is correct (on Form W-9), or
 - The IRS notifies AGL or the Administrator that you are subject to backup withholding.

Any amounts withheld will be deducted from the dividends and/or from the proceeds of any sale of shares, and the remaining amount will be reinvested or paid as you have instructed.

In addition, if you are not a U.S. person, additional U.S. income tax withholding that is not fully discussed here may apply. Any amounts withheld will be deducted from the dividends and/or from the proceeds of any sale of shares, and the remaining amount will be reinvested or paid as you have instructed.

You may obtain a Form W-9 from the IRS or by contacting the Administrator.

Limitation of information. The above discussion is not a complete discussion of all of the tax considerations that may be relevant to participation in the Plan.

You should consult your own tax advisor about the tax consequences associated with participation in the Plan.

Use of proceeds

Proceeds from any newly issued shares of common stock purchased directly from us under the Plan will be available for general corporate purposes. We have no basis for estimating either the number of shares of common stock that will ultimately be purchased directly from us, if any, under the Plan or the prices at which such shares will be purchased.

Plan of distribution

Except to the extent the Administrator purchases shares of our common stock in open market transactions, we will sell directly to the Administrator the common stock acquired under the Plan. The shares may be resold by Plan participants in market transactions on any national securities exchange on which shares of our common stock trade or in privately negotiated transactions. Our common stock currently is listed on the NYSE.

In connection with any reinvestment of dividends or optional cash investment in which the Administrator purchases shares of our common stock on the open market, you will pay your *pro rata* share of all brokerage commissions. You also will have to pay any fees payable in connection with your voluntary sale of shares from your Plan account and/or withdrawal from the Plan.

Item 15. Indemnification of Directors and Officers.

Section 14-2-202(b)(4) of the Georgia Business Corporation Code (the “Georgia Code”) provides that a corporation’s articles of incorporation may include a provision that eliminates or limits the personal liability of directors for monetary damages to the corporation or its shareholders for breach of the directors’ duty of care and other duties as directors. However, Section 14-2-202(b)(4) of the Georgia Code does not permit a corporation to eliminate or limit the liability of a director for (i) a breach of duty involving appropriation of a business opportunity of the corporation; (ii) an act or omission that involves intentional misconduct or a knowing violation of law; (iii) any transaction from which the director received an improper personal benefit; or (iv) any payments of a dividend or any other type of distribution that is illegal under Section 14-2-832 of the Georgia Code. Additionally, Section 14-2-202(b)(4) of the Georgia Code does not eliminate or limit the rights of a corporation or any shareholder to seek an injunction or other non-monetary relief in the event of a breach of a director’s fiduciary duty, and applies only to claims against a director arising out of his or her role as a director and does not relieve a director from liability arising from his or her role as an officer or in any other capacity. Article VII of the articles of incorporation of AGL Resources include provisions exculpating its directors from liability to the extent permitted by Section 14-2-202(b)(4) of the Georgia Code.

Section 14-2-851 of the Georgia Code authorizes a corporation to indemnify directors who are determined to have met the standard of conduct set forth in that section. However, Section 14-2-856(a) of the Georgia Code provides that, if authorized by its articles of incorporation, a corporation may indemnify its directors without regard to the limitations in other sections of the Georgia Code, including the limitation in Section 14-2-851 of the Georgia Code, which requires a determination that a director seeking indemnification must first be determined to have met the statutorily prescribed standard of conduct. Section 14-2-856(b), however, prohibits a corporation from indemnifying a director for liability incurred in a proceeding in which the director is adjudged liable or subjected to injunctive relief in favor of the corporation for any of the four acts from which a director cannot be exculpated from liability as provided in Section 14-2-202(b)(4) of the Georgia Code (which are outlined above).

Article VII, Section 7.01 of AGL Resources’ articles of incorporation specifies that each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, derivative, criminal, administrative or investigative, by reason of the fact that he or she, or a person of whom he or she is a legal representative, is or was a director, shall be indemnified and held harmless to the fullest extent authorized by the Georgia Code, as the same exists or may hereafter be amended, if such amendment provides broader indemnification rights than previously permitted under the Georgia Code, against all expenses, liability and loss (including attorneys’ fees, judgments, fines, ERISA excise taxes or penalties, and amounts paid or to be paid in settlement) actually and reasonably incurred or suffered by such director in connection with the proceeding. The fullest extent that the Georgia Code authorizes a corporation to indemnify its directors is set forth in Section 14-2-856 of the Georgia Code.

The indemnification right specified in AGL Resources' articles of incorporation will continue for a director who has ceased to be a director and shall inure to the benefit of the director's heirs, executors and administrators.

Article VII, Section 7.02 of AGL Resources' articles of incorporation specifies that AGL Resources will pay for or reimburse the actual and reasonable expenses incurred by a director who is a party to a proceeding in advance of final disposition of the proceeding if the director furnishes (i) a written affirmation of his or her good faith belief that his or her conduct does not constitute behavior of the kind set forth in Georgia Code Section 14-2-856(b) (as specified above) and (ii) a written undertaking, executed personally on his or her behalf, to repay any advances if it is ultimately determined that he or she is not entitled to indemnification for such expenses.

Section 2.15.1 of AGL Resources' bylaws specifies that in the case of actions brought by or in the right of AGL Resources, a director's right to indemnification shall be determined: (i) if there are two or more disinterested members of the board of directors, by the majority vote of a quorum of the disinterested members of the board of directors, or by a majority of the members of a committee of two or more disinterested members appointed by such a vote; (ii) by special legal counsel or (iii) by the shareholders, but shares owned by or voted under the control of a director who at the time does not qualify as a disinterested member of the board of directors may not be voted on the determination.

Section 7.1 of AGL Resources' bylaws states that AGL Resources will indemnify any officer who was or is made a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, derivative, criminal, administrative or investigative, to the same extent as it is obligated to indemnify any director of AGL Resources, but without being subject to the same procedural conditions imposed for the indemnification of directors. AGL Resources may indemnify and advance expenses to an employee or agent who is not a director or officer to the extent that such indemnity or advance of expenses is consistent with public policy, permitted by the articles of incorporation, the bylaws or by law.

As authorized by Section 14-2-856(a) of the Georgia Code, AGL Resources has entered into director indemnification agreements with each of its directors who are not employees of AGL Resources to provide each such director contractual rights to indemnification to the fullest extent permitted by the Georgia Code. The agreements also provide a contractual right to reimbursement and advancement of expenses.

AGL Resources' officers and directors are presently covered by insurance which (with certain exceptions and within certain limitations) indemnifies them against any losses or liabilities arising from any alleged "wrongful act," including any alleged breach of duty, neglect, error, misstatement, misleading statement, omissions or other act done or wrongfully attempted. AGL Resources pays the cost of such insurance as permitted by its bylaws and the laws of the State of Georgia.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or controlling persons of AGL Resources pursuant to the foregoing provisions, AGL Resources has been informed that, in the opinion of the Securities and Exchange Commission, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 17. Undertakings.

(a) Rule 415 Offering.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended (the "Securities Act");

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

Provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the Registration Statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13

or Section 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") that are incorporated by reference in the Registration Statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser, if the Registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a Registration Statement relating to an offering, other than Registration Statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the Registration Statement as of the date it is first used after effectiveness; *provided, however*, that no statement made in a Registration Statement or prospectus that is part of the Registration Statement or made in a document incorporated or deemed incorporated by reference into the Registration Statement or prospectus that is part of the Registration Statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the Registration Statement or prospectus that was part of the Registration Statement or made in any such document immediately prior to such date of first use.

(b) Filings Incorporating Subsequent Exchange Act Documents by Reference.

The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the Registration Statement shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Request for Acceleration of Effective Date or Filing of Registration Statement Becoming Effective Upon Filing.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
