To Stockholders of AgroCan Corporation:

The accompanying information is being provided by the Board of Directors of
AgroCan Corporation, a Delaware corporation (the "Company"), in connection with
the stockholders of the Company approving the acquisition of certain assets from
Winsmart Development, Ltd., a British Virgin Islands limited company
("Winsmart"), and related matters.

It is anticipated that holders of seventy seven percent (77%) of the
outstanding common stock of the Company will execute a written consent approving
(i) the purchase of assets from Winsmart, and (ii) the amending of our Delaware
Charter to increase the number of authorized shares of common stock from
25,000,000 to 100,000,000 shares and change our corporate name to Greensmart
Corporation.

Under Delaware law, such shares represent a sufficient number of shares to
ensure the approval of the asset acquisition and the changes to the Company's
Charter without the vote or consent of any other stockholders of the Company.
Delaware statutes provide that any action that is required to be taken, or that
may be taken, at any annual or special meeting of stockholders of a Delaware
corporation may be taken without a physical meeting, without prior notice and
without a vote, if a written consent setting forth the action taken is signed by

Edgar Filing: AGROCAN CORP - Form DEF 14C

the holders of outstanding stock having not less than the minimum number of votes necessary to authorize such action. To approve the above-described actions, only a simple majority, or 50.1% of the stockholders, is needed.

Based on the foregoing, the Board of Directors has determined not to call a special meeting of the stockholders. The written consents are more than what is required to obtain a majority vote approving the asset acquisition and the amending of the Company Charter. The Board believes it would not be in the best interests of the Company and its stockholders to incur the costs of holding a special meeting or of soliciting proxies or consents from additional stockholders.

If you have any questions about the above matters or would like additional information, please contact Craig Ongley, attorney for AgroCan Corporation, at 214-712-4400.

INFORMATION CONCERNING THE ACQUISITION OF CERTAIN ASSETS OF WINSMART.

On May 13, 2003, we executed an Asset Acquisition Agreement with Winsmart. The basic terms of the agreement are that we will issue to Winsmart 29,868,737 shares of our common stock and Winsmart will sell us i) approximately 553,212 young eucalyptus trees planted in a total of 340 leased hectares and ii) a tree seedling and nursery farm with annual production capacity of 10 million seedlings situated on 3.3 leased hectares. The leased land is subject to a 50 year lease which is currently in its first year. We have valued the assets at \$3,774,747 (US) and our stock at \$0.126 per share to arrive at the number of shares to issue to Winsmart.

Our Board of Directors voted in favor of and recommended a positive vote for the asset purchase to the stockholders upon receipt and review of a favorable assessment report and fairness opinion from a consultant, Duncanson Investment Research Inc., who was engaged to provide guidance to the Board. The report and fairness opinion issued at May 2, 2003 concluded that the transaction was "fair from a financial point of view to AgroCan shareholders." Management anticipates closing the transaction within two weeks from May 13, 2003.

Although the eucalyptus trees and seedling farm represent a significant addition to the assets of AgroCan, they are in the development stage and the trees have not reached sufficient size to be marketed. We will also continue to engage in our fertilizer business as management sees the asset purchase as a step in growing the company into a multi product agricultural company. We have not identified any further specific acquisition candidates however we will continue to look for opportunities that management believes will further the business plan of the company. We cannot predict with certainty when we will complete the acquisition, but we plan to complete it on or before May 27, 2003.

INFORMATION CONCERNING CHANGES IN THE COMPANY CHARTER

In order to facilitate the closing of the asset acquisition described above it will be necessary for the Company to amend its Delaware Charter to increase

Edgar Filing: AGROCAN CORP - Form DEF 14C

the number of authorized shares of common stock from 25,000,000 to 100,000,000. After issuing the 29,868,737 shares to Winsmart for the assets, the Company will have approximately 42,342,188 shares issued and outstanding.

3

As part of the acquisition the Board of Directors believes that a new corporate name would help emphasize our intention to become a multi-product agriculture company. Consequently the Board has recommended to the stockholders that the name of the company be changed to Greensmart Corporation. The name change will be accomplished at the same time as the above described increase in our authorized shares as it also requires an amendment to our Charter.

This Information Statement is being mailed on or about May 22, 2003, to holders of record on May 12, 2003, of the shares of AgroCan's common stock. This document is being provided to all of our stockholders as notice of these actions under Rule 14 (c) - 101 of the Securities Exchange Act of 1934, as amended.
