Information provided in the exhibit hereto contains statements that are "forward-looking" statements, usually containing the words "will," "anticipates," "believe," "estimate," "project," "expect," "target," "goal," or similar expressions. Forward-looking statements in the exhibit relate to, among other things, USE's drilling and completion of wells with industry partners, its ownership interests in those wells and their expected costs, and the oil and natural gas targets or goals for the wells. Factors that would cause or contribute to such differences include, but are not limited to, future trends in commodity and/or mineral prices, the availability of capital, competitive factors, and other risks described in the Company's filings with the SEC (including, without limitation, the Form 10-K for the year ended December 31, 2010 and the Form 10-Q filed August 8, 2011).

The forward-looking statements referenced above are made only as of the date of the exhibits. We undertake no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.
