PROXY STATEMENT

**MEETING OF STOCKHOLDERS
TO BE HELD MAY 17, 2004**

GENERAL

We are furnishing this proxy statement in connection with the solicitation of proxies by the Board of Directors of Metals USA, Inc., a Delaware corporation, for use at our Annual Meeting of Stockholders to be held at the Millenium Hilton, 55 Church Street, New York, New York at 9:00 a.m., local time, on Monday, May 17, 2004, and any postponement or adjournment thereof. We are holding the Annual Meeting for the purposes described in the accompanying Notice of 2004 Annual Meeting of Stockholders. We are mailing this proxy statement, the accompanying proxy card and the Notice of 2004 Annual Meeting of Stockholders on or about April 19, 2004. When we use the terms "we", "our", "us", or "Metals USA" in this proxy statement, we are referring to Metals USA, Inc.

RECORD DATE AND VOTING SECURITIES

The Board of Directors has fixed the close of business on April 9, 2004 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. At the close of business on April 9, 2004, 20,173,910 shares of our common stock, par value \$.01 per share, were outstanding and entitled to vote. We have no other outstanding classes of voting securities. Each share of our common stock has one vote. A proxy will be voted in the manner specified on the proxy, or if no manner is specified, will be voted in favor of the proposals set forth in the attached notice.

We cannot hold the Annual Meeting unless a quorum equal to a majority of the outstanding shares of our common stock is represented (in person or by proxy) at the meeting. If there are not sufficient shares represented at the Annual Meeting to constitute a quorum, we may postpone or adjourn the Annual Meeting to permit us to solicit additional proxies. If you have returned valid proxy instructions or attend the meeting in person, your shares will be counted to determine whether there is a quorum, even if you wish to abstain from voting on any or all matters introduced at the meeting. "Broker non-votes" (which result when a broker holding shares for a beneficial owner has not received timely voting instructions on certain matters from such beneficial owner) are not considered "shares present" and will not be counted toward attendance by a quorum.

The election of directors and the ratification of auditors will be determined by a plurality of the votes cast at the meeting. Accordingly, abstentions will have no effect on the outcome of the election of directors. Cumulative voting for the election of directors is not permitted.

REVOCAION OF PROXY

Giving the enclosed proxy does not preclude your right to vote in person if you so desire. If you submit a proxy, you may revoke it at any time before the vote by:

notifying our corporate secretary, John A. Hageman, in writing of such revocation;

Edgar Filing: METALS USA INC - Form DEF 14A

signing a subsequent proxy and sending it to Mr. Hageman; or

attending the Annual Meeting in person and voting in person.

Any notices or subsequent proxies sent to Mr. Hageman should be directed to the following address:

John A. Hageman, Secretary
Metals USA, Inc.
One Riverway, Suite 1100
Houston, Texas 77056

If you submit a proxy and attend the meeting to vote in person, you must notify Mr. Hageman at the Annual Meeting of your intention to vote in person at the Annual Meeting.

SOLICITATION EXPENSES

We will bear the expense of preparing, printing and mailing proxy solicitation materials. In addition to solicitation of proxies by mail, certain of our directors, officers, representatives or employees may solicit proxies, personally and by telephone. None of these persons will receive any additional or special compensation for doing so, other than reimbursement for reasonable out-of-pocket expenses. We will, upon request, reimburse banks, brokers and other nominees for their reasonable expenses in sending proxy materials to their principals and obtaining their proxies.

We are mailing our Form 10-K to all stockholders entitled to vote at the Annual Meeting, which does not constitute part of the proxy solicitation materials.

INFORMATION REGARDING THE BOARD OF DIRECTORS

MEETINGS

In 2003, the Board of Directors met seven times. In addition to Board meetings, directors attended meetings of separate committees of the Board. In 2003, all directors attended at least 75% of the meetings of the Board and committees on which they serve. The Board of Directors has two standing committees.

COMMITTEES OF THE BOARD

Audit Committee. The Audit Committee met five times in 2003. Its members are Gerald E. Morris (Chairman), John T. DiLacqua, Jr. and John G. Leckie, Jr., each of whom has been determined by our Board to be "independent," as defined under federal securities laws and the NASDAQ listing requirements. The Audit Committee:

makes recommendations to the Board of Directors with respect to our independent auditors;

reviews the scope of the annual audit and meets periodically with our independent auditors to review their findings and recommendations;

reviews quarterly financial information and earnings releases prior to dissemination to the public;

approves major accounting policies or policy changes; and

oversees our management's review of principal internal controls to assure that we are maintaining a sound and effective system of financial controls.

The Audit Committee operates under a written charter adopted by our Board of Directors, a copy of which is attached as Appendix A to this proxy statement. Please see "Report from the Audit Committee."

Compensation Committee. The Compensation Committee met eight times in 2003. Its members are John G. Leckie, Jr. (Chairman), John T. DiLacqua, Jr., Gerald E. Morris and Charles P. Sanida. The Compensation Committee:

periodically determines the amount and form of compensation and benefits payable to all principal officers and certain other management personnel; and

administers our incentive compensation plan.

Please see "Report of Compensation Committee on Executive Compensation."

Nominations. Our Board of Directors does not have a standing nominating committee or a committee performing similar functions. The Board believes that such a committee is not necessary because of the process through which the Board considers director nominees. Our independent directors have established desired qualification, background and selection criteria for director nominees, which include:

Edgar Filing: METALS USA INC - Form DEF 14A

Education and senior management or board level experience that provides knowledge of business, financial, governmental or legal matters that are relevant to our business or to our status as a publicly owned company;

Demonstrated ability to make independent analytical inquiries;

An understanding and appreciation of the duties and responsibilities of a director of a publicly owned company, including SEC reporting responsibilities;

5

A reputation for personal and professional ethics, integrity and values, and for practical wisdom and mature judgment; and

Willingness and ability to devote sufficient available time to be able to effectively fulfill the duties and responsibilities of a director.

Prior to each annual meeting (and at any other applicable time), the independent directors make recommendations to the full Board prior to each annual meeting concerning all nominees that meet the criteria for Board membership, whether nominated by directors, shareholders or others. The Board will consider all director candidates recommended by holders of common stock in accordance with our bylaws, which require timely delivery of any such nomination and all biographical and other information required with respect to such nominee under SEC filing requirements. Messrs. Tepper and Bolin, the two persons standing for election at the Annual Meeting who are not standing for re-election were recommended by Citadel Limited Partnership.

DIRECTOR COMPENSATION

Office of the Chairman. During the first quarter of 2003, Messrs. Dienst and Davis served in our Office of the Chairman, for which we paid Mr. Dienst \$75,000 and Mr. Davis \$55,000. Neither of them received any other compensation as a director during that time other than reimbursement for out of pocket expenses.

Annual Retainer Fees. During 2003, we paid each non-employee director other than Mr. Dienst a quarterly retainer of \$10,000 (\$40,000 annual). Because of his service in the Office of the Chairman, Mr. Davis did not receive this fee for the first quarter. Because Mr. Dienst serves as Chairman of the Board (a non-executive position), we paid him a quarterly retainer fee of \$50,000 for the last three quarters of 2003 (\$150,000 total). We paid the chairs of the Audit Committee and the Compensation Committee an additional quarterly retainer of \$2,500 (\$10,000 annual), and each other member of those committees received an additional quarterly retainer of \$1,250 (\$5,000 annual). In 2004 we will pay Mr. Dienst a quarterly retainer of \$37,500 (\$150,000 annual) in his capacity as Chairman.

Meeting Fees. In 2003, we paid each non-employee director a fee of \$2,000 for each board or committee meeting attended in person and \$1,000 for each board or committee meeting attended by teleconference. Mr. Dienst and Mr. Davis did not receive meeting fees during their service in the Office of the Chairman. If board or committee meetings are held on the same day, only one fee is paid.

Option or Stock Awards. In April 2003, we granted each non-employee Director other than Mr. Dienst an initial stock option grant of 22,500 shares, and we granted Mr. Dienst an initial stock option grant of 75,000 shares. We make annual stock option grants of 7,500 shares (25,000 in the case of Mr. Dienst) to non-employee directors on November 1 of each year. Messrs. Tepper and Bolin and any other newly-elected directors each will receive an initial stock option grant of 22,500 shares upon election to the Board and an annual stock option grant of 7,500 shares upon each subsequent reelection. All such stock options have an exercise price equal to 110% of our common stock's fair market value on the date of grant and vest ratably over three years from the date of grant. All such options owned by a director vest immediately if that director is not reelected.

Other Benefits/Compensation. We reimburse directors for their reasonable expenses in attending board meetings. We also typically compensate directors on the basis of \$2,000 per diem plus out-of-pocket expenses for special projects and work assignments requiring time commitments that are determined by the Board to be in excess of those typically expected or required of Board or committee members.

Mr. Goncalves is the only director who is also an employee of ours, and he does not receive any additional compensation for serving on the Board of Directors.

EMPLOYMENT AGREEMENTS

Messrs. Bennett and Goncalves are our only executive officers with employment agreements..

Effective November 2002, we entered into an employment agreement with Mr. Bennett, providing for an initial annual base salary of \$280,000 together with a minimum annual bonus of \$70,000 for the calendar years 2003 and 2004. The employment agreement has an initial term through 2004 and a secondary term through 2005 unless we or Mr. Bennett do not renew the agreement at the end of the initial term. If the agreement terminates because of Mr. Bennett's disability, he will receive an amount equal to his base salary for one year or the remainder of the term of the employment agreement, whichever is greater, provided that such amount will be reduced by any disability insurance payments made to Mr. Bennett. If we terminate Mr. Bennett's employment without cause, Mr. Bennett will receive in one lump sum the greater of (i) the base salary and bonus to which he is entitled for the remainder of the term of the agreement or (ii) \$350,000. If Mr. Bennett dies during the term of his employment agreement, then the agreement will immediately terminate, and no severance compensation is required to be paid to his estate. If we undergo a change in control (defined to include, among other events, sale of more than 50% of the operations of the Plates and Shapes Group), Mr. Bennett will receive in one lump sum the greater of (i) the base salary and bonus to which he is entitled for the remainder of the term of the agreement or (ii) his total compensation over the 12 months prior to such change in control. The employment agreement contains a covenant not to compete with us for a period of twelve months immediately following the termination of his employment.

Effective February 2003, we entered into an employment agreement with Mr. Goncalves, providing for an initial annual base salary of \$375,000 together with a performance bonus as determined annually by the Board in its sole discretion. The employment agreement is for a term of three years, and unless terminated or not renewed by us or not renewed by Mr. Goncalves, the term will continue thereafter on a year-to-year basis on the same terms existing at the time of renewal. If the agreement terminates because of Mr. Goncalves' disability, he will receive an amount equal to his then current salary for one year or the remainder of the term of the employment agreement, whichever is greater; provided that such amount will be reduced by any disability insurance payments made to Mr. Goncalves. If we terminate his employment without cause, Mr. Goncalves will receive an amount equal to his then current salary for two years. In either case, payment is due in one lump sum on the effective date of termination. If Mr. Goncalves dies during the term of his employment agreement, then the agreement will immediately terminate, and no severance compensation is required to be paid to his estate. If Mr. Goncalves (a) has his employment terminated without cause within three months prior or twelve months after we undergo a change in control (defined to include, among other events, sale of the three product groups) or (b) terminates his employment voluntarily for certain specific reasons, Mr. Goncalves will receive in one lump sum the greater of (i) the base salary to which he is entitled under the agreement or (ii) two years of his current base salary. The employment agreement contains a covenant not to compete with us for a period of two years immediately following the termination of his employment.

**COMPENSATION COMMITTEE INTERLOCKS
AND INSIDER PARTICIPATION**

In 2003, the members of the Compensation Committee were Messrs. Leckie, DiLacqua, Morris and Sanida, none of whom is a current or former employee or officer of ours. The Compensation Committee has neither interlocks nor insider participation.

**REPORT OF COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION**

The Compensation Committee of our Board of Directors determines the amount and form of compensation and benefits payable to our Chief Executive Officer and certain other executive officers. The Compensation Committee currently consists of four members, none of whom is a current or former employee or officer of ours.

Section 162(m) of the Internal Revenue Code of 1986 places a limit of \$1,000,000 on the amount of compensation that we may deduct in any year with respect to our CEO and our four other highest paid executive officers. Certain performance-based compensation and certain other compensation that has been approved by stockholders are not subject to the deduction limit. We have qualified certain compensation paid to the executive officers for deductibility under Section 162(m), including compensation expenses related to options granted through 2003 pursuant to our 2002 Long-Term Incentive Plan. To the extent that compensation payments to the applicable executive officers and compensation expense related to options subsequently granted to those individuals exceed the Section 162(m) limitations in any year, such expense would not be deductible. We may from time to time pay compensation to our executive officers that may not be deductible.

COMPENSATION PHILOSOPHY

In November 2002 the Compensation Committee adopted its Charter, which was ratified by the Board. Pursuant to this Charter, the Compensation Committee executes and monitors an executive compensation structure designed to achieve short and long term financial objectives, build shareholder value and reward executives for our performance. Our executive compensation philosophy was initially designed to attract, retain and motivate executives who would drive our emergence from bankruptcy and return us to profitability. The Compensation Committee believes that offering a total rewards package should consist of three components: base salary, annual bonus potential and stock-based incentives.

BASE SALARY

Base salaries were set at levels which the Compensation Committee believes were competitive relative to similar positions at companies of comparable size in our industry.

SHORT-TERM INCENTIVE COMPENSATION

Our executive bonus program provides for annual cash awards based on personal and financial objectives. The objectives for the CEO and other corporate officers in 2003 were primarily related to emerging from bankruptcy, returning us to profitability, and positioning us to be a leader in our industry.

LONG-TERM INCENTIVE COMPENSATION

In October 2002, in conjunction with our Chapter 11 Plan of Reorganization, the Board of Directors and our unsecured creditors approved our 2002 Long-Term Incentive Plan. In determining the number of stock options or stock grants to be awarded to a particular person under that plan, the Compensation Committee considers that person's employment position, his or her performance in that position, other compensation received by that individual and industry comparisons.

CODE OF CONDUCT

In June 1999, we adopted a Code of Conduct and in February 2004, our Board of Directors approved a revised Code of Conduct, which applies to all of our officers, directors and employees. This Code of Conduct is posted on our website at www.metalsusa.com. In conjunction with the preparation of this Code of Conduct, we also implemented in 2003 a "hotline" for employees, vendors, customers and shareholders who may be aware of illegal or unethical acts or conduct. This "hotline" may be accessed through www.mysafeworkplace.com or by calling toll free 1-800-461-9330. The "hotline" may be used as a means for shareholders or others to send communications directly to the Board of Directors. We encourage anyone aware of illegal or unethical conduct involving Metals USA to report such conduct through the hotline.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In connection with our 2002 reorganization, we entered into a registration rights agreement with the Citadel Group pursuant to which we filed a registration statement with the SEC and thus registered for resale certain shares of our common stock owned by the Citadel Group. We must cause this registration statement to remain effective (subject to suspension during certain specified periods) until all such shares have been resold or, if earlier, October 31, 2005. We are also required to permit the inclusion of such shares on a "piggyback" basis in certain other registration statements that we file. We are required to pay all costs of our compliance with the registration rights agreement and the reasonable fees and expenses of a single counsel for holders of such shares in connection therewith.

As a part of the Reorganization Plan, Mr. Dienst was appointed to the Board of Directors. Mr. Dienst was employed by CIBC World Markets Corp. ("CIBC"), which served as the financial advisor to the Creditors Committee. CIBC was issued 154,710 shares of Common Stock and received cash payment of \$1.2 million for financial advisory fees associated with the Chapter 11 Proceedings. Mr. Dienst disclaims beneficial ownership of the shares of Common Stock received by CIBC. In January 2004, Mr. Dienst resigned from CIBC and became Chairman and CEO of Metal Management, Inc.

The Board of Directors have adopted a resolution which requires the advance approval by a majority of disinterested members of the Board of Directors with respect to all related party transactions.

In considering the nature of the services provided by Deloitte, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with the independent auditor and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the U.S. Securities and

Exchange Commission (the "SEC") to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

APPENDIX A

METALS USA, INC.

AUDIT COMMITTEE CHARTER

FORM OF CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF METALS USA, INC.

This Charter identifies the purpose, composition, meeting requirements, committee responsibilities, annual evaluation procedures and investigations and studies of the Audit Committee (the "**Committee**") of the Board of Directors (the "**Board**") of Metals USA, Inc., a Delaware corporation (the "**Company**").

I. PURPOSE

The Committee has been established to: (a) assist the Board in its oversight responsibilities regarding (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent accountant's qualifications and independence and (4) the performance of the Company's internal audit function; (b) prepare the report required by the United States Securities and Exchange Commission (the "**SEC**") for inclusion in the Company's annual proxy statement; (c) retain and terminate the Company's independent accountant; (d) approve audit and non-audit services to be performed by the independent accountant; and (e) perform such other functions as the Board may from time to time assign to the Committee. In performing its duties, the Committee shall seek to maintain an

effective working relationship with the Board, the independent accountant, the internal auditors and management of the Company.

II. COMPOSITION

The Committee shall be composed of at least three, but not more than five, members (including a Chairperson), all of whom shall be "independent directors," as such term is defined in the rules and regulations of the SEC and the Nasdaq. The members of the Committee and the Chairperson shall be selected annually by the Board and serve at the pleasure of the Board. A Committee member (including the Chairperson) may be removed at any time, with or without cause, by the Board. The Board may designate one or more independent directors as alternate members of the Committee, who may replace any absent or disqualified member or members at any meetings of the Committee. No person may be made a member of the Committee if his or her service on the Committee would violate any restriction on service imposed by any rule or regulation of the SEC or any securities exchange or market on which shares of the common stock of the Company are traded. All members of the Committee shall have a working familiarity with basic finance and accounting practices, and at least one member of the Committee shall have accounting or related financial management expertise. Committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Company or an outside consultant. The Chairperson shall maintain regular communication with the chief executive officer, chief financial officer, the lead partner of the independent accountant and the manager of the internal audit.

Except for Board and Committee fees, a member of the Committee shall not be permitted to accept any fees paid directly or indirectly for services as a consultant, legal advisor or financial advisor or any other fees prohibited by the rules of the SEC and the Nasdaq. In addition, no member of the Committee may be an affiliated person¹ of the Company or any of its subsidiaries. Members of the Committee may receive their Board and Committee fees in cash, Company stock or options or other in-kind consideration as determined by the Board or the Compensation Committee, as applicable, in addition to all other benefits that other directors of the Company receive. No director may serve on

20

the Committee, without the approval of the Board, if such director simultaneously serves on the audit committee of more than three public companies.

1

The term "affiliated person" is not defined by the Sarbanes-Oxley Act or in the rules of the NYSE or Nasdaq. As some guidance, Rule 12b-2 under the Securities Exchange Act of 1934 defines an "affiliate" of, or a person "affiliated" with, a specified person as a person that "directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified."

III. MEETING REQUIREMENTS

The Committee shall meet as necessary, but at least four times each year, to enable it to fulfill its responsibilities. The Committee shall meet at the call of its Chairperson, preferably in conjunction with regular Board meetings. The Committee may meet by telephone conference call or by any other means permitted by law or the Company's Bylaws. A majority of the members of the Committee shall constitute a quorum. The Committee shall act on the affirmative vote of a majority of members present at a meeting at which a quorum is present. Without a meeting, the Committee may act by unanimous written consent of all members. The Committee shall determine its own rules and procedures, including designation of a chairperson pro tempore, in the absence of the Chairperson, and designation of a secretary. The secretary need not be a member of the Committee and shall attend Committee meetings and prepare minutes. The Committee shall keep written minutes of its meetings, which shall be recorded or filed with the books and records of the Company. Any member of the Board shall be provided with copies of such Committee minutes if requested.

The Committee may ask members of management, employees, outside counsel, the independent accountant or others whose advice and counsel are relevant to the issues then being considered by the Committee, to attend any meetings and to provide such pertinent information as the Committee may request.

The Chairperson of the Committee shall be responsible for leadership of the Committee, including preparing the agenda, presiding over Committee meetings, making Committee assignments and reporting the Committee's actions to the Board from time to time (but at least once each year) as requested by the Board.

As part of its responsibility to foster free and open communication, the Committee should meet periodically with management, the internal auditors and the independent accountant in separate executive sessions to discuss any matters that the Committee or any of these groups believe should be discussed privately. In addition, the Committee should meet with the independent accountant and management quarterly to review the

Edgar Filing: METALS USA INC - Form DEF 14A

Company's financial statements prior to their public release consistent with the provisions set forth below in Section IV. The Committee may also meet from time to time with the Company's investment bankers, investor relations professionals and financial analysts who follow the Company.

IV. COMMITTEE RESPONSIBILITIES

In carrying out its responsibilities, the Committee's policies and procedures should remain flexible to enable the Committee to react to changes in circumstances and conditions so as to ensure the Company remains in compliance with applicable legal and regulatory requirements. In addition to such other duties as the Board may from time to time assign, the Committee shall have the following responsibilities:

A.

Oversight of the Financial Reporting Processes

1. In consultation with the independent accountant and the internal auditors, review the integrity of the organization's financial reporting processes, both internal and external.

On an annual basis, the Committee shall evaluate the independent accountant's qualifications, performance and independence. To assist in this undertaking, the Committee shall require the independent accountant to submit a report (which report shall be reviewed by the Committee) describing (a) the independent accountant's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the accounting firm or by any inquiry or investigations by governmental or professional authorities (within the preceding five years) respecting one or more independent audits carried out by the independent accountant, and any steps taken to deal with any such issues and (c) all relationships the independent accountant has with the Company and relevant third parties to determine the independent accountant's independence. In making its determination, the Committee shall consider not only auditing and other traditional accounting functions performed by the independent accountant, but also consulting, legal, information technology services and other professional services rendered by the independent accountant and its affiliates. The Committee shall also consider whether the provision of any of these non-audit services is compatible with the independence standards under the guidelines of the SEC and of the Independence Standards Board and shall approve in advance any non-audit services to be provided by the independent accountant.

3. Review on an annual basis the experience and qualifications of the senior members of the audit team. Discuss the knowledge and experience of the independent accountant and the senior members of the audit team with respect to the Company's industry.  - (b) any accounting adjustments that were proposed by the independent accountant that were not agreed to by the Company;
 - (c) communications between the independent accountant and its national office regarding any issues on which it was consulted by the audit team and matters of audit quality and consistency;
 - (d) any changes required in the planned scope of the internal audit; and
 - (e) the responsibilities, budget and staffing of the Company's internal audit function.
 7. Communicate with the independent accountant regarding (a) alternative treatments of financial information within the parameters of GAAP, (b) critical accounting policies and practices to be used in preparing the audit report and (c) such other matters as the SEC and the Nasdaq may direct by rule or regulation.

10. Discuss with the independent accountant prior to the audit the general planning and staffing of the audit.
11. Obtain a representation from the independent accountant that Section 10A of the Securities Exchange Act of 1934 has been followed.

Internal Audit Control Matters

1. Discuss with management policies with respect to risk assessment and risk management. Although it is management's duty to assess and manage the Company's exposure to risk, the Committee should discuss guidelines and policies to govern the process by which risk assessment and management is handled and review the steps management has taken to monitor and control the Company's risk exposure.
2. Establish regular and separate systems of reporting to the Committee by each of management, the independent accountant and the internal auditors regarding any significant judgments made in management's preparation of the financial statements and the view of each as to appropriateness of such judgments.

4. Review with the independent accountant, the internal auditors and management the extent to which changes or improvements in financial or accounting practices have been implemented. 6. Establish procedures for receiving accounting complaints and concerns and anonymous submissions from employees and others regarding questionable accounting matters.

This is the responsibility of management and the independent accountant.
