### RISK FACTORS

You should carefully consider the risks described below, as well as the other information contained or incorporated by reference in this prospectus before making a decision to invest in our Securities. See "Where You Can Find More Information," below. Our business is influenced by many factors that are difficult to predict, involve uncertainties that may materially affect actual results and are often beyond our control. Risk factors that may affect us and the value of the Securities include:

**Our Results of Operations Are Weather Sensitive** - Our results of operations can be affected by changes in the weather. Weather conditions directly influence the demand for electricity, gas and steam and can affect the price of energy commodities.

**Our Rate Plans Are For Limited Periods** - Our utility subsidiaries have rate plans approved by state utility regulators that cover the rates they can charge their customers. Rates charged to customers generally may not be changed during the respective limited terms of the rate plans other than for the recovery of energy costs and limited other exceptions. As a result, these rate plans do not reflect all of the increased construction and other costs that have been experienced since the date the rate plans became effective. The approval of new rate plans or changes to existing rate plans may have a significant effect on our results of operations and financial condition. The current rate plans and any material matters relating to potential rate changes are described in the information incorporated by reference in this prospectus.

**Our Ability To Pay Dividends Or Interest Is Subject To Regulatory Restrictions** - Our ability to pay dividends or interest on the Securities depends primarily on the dividends and other distributions we receive from our subsidiaries. The dividends that the utility subsidiaries may pay to us are generally limited to not more than 100 percent of their respective income available for dividends calculated on a two-year rolling average basis, with certain exceptions.

**We Are Subject To Complex Government Regulations** - In addition to regulation of rates, our operations are subject to extensive federal and state regulation that requires numerous permits, approvals and certificates from various federal, state and local governmental agencies. We must also comply with environmental and other laws and regulations. New laws or regulations or the revision or reinterpretation of existing laws or regulations may adversely affect us.

**We Are Exposed To Material Liabilities Relating To Hazardous**

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

Substances - Hazardous substances, such as asbestos, polychlorinated biphenyls (PCBs) and coal tar, have been used or generated in the course of operations of our utility subsidiaries and are present in facilities and equipment currently or previously owned by them. Our exposure to material liabilities relating to hazardous substances is described in the information incorporated by reference in this prospectus.

We Are Engaged In A Material Legal Proceeding With Northeast Utilities - In 2001, we sued Northeast Utilities to recover damages from their breach of our merger agreement with them and to seek the court's declaration that we had no further obligations under the merger agreement. Northeast Utilities alleges we breached the merger agreement and is pursuing a counter-claim against us for damages in excess of \$1.2 billion. There are also claims by purported classes of Northeast Utilities shareholders seeking damages from us that we believe to be substantially duplicative of those sought by Northeast Utilities. These legal proceedings are described in the information incorporated by reference in this prospectus.

3

Our Unregulated Subsidiaries Are In Evolving Businesses - Our unregulated subsidiaries are in evolving energy-related and telecommunications businesses. These businesses are subject to different risks than our regulated utility subsidiaries. Among other things, compared to the utilities, the demand for our unregulated subsidiaries' products and services is less predictable, the prices for their products and services are more volatile and the value of their assets is more difficult to determine.

Our Pension and OPEB Costs Are Subject to Fluctuation Based on the Performance of the Financial Markets - Our cost to provide pension and other post-employment benefits is subject to fluctuation when actual experience, most notably return on plan assets, varies from assumptions used in actuarial calculations. In recent years, this cost has been negative (resulting in a credit to, and increase in, net income), primarily because of the amortization of previous years' net investment gains on plan assets. However, there were significant net investment losses on plan assets in some recent years that will increase our costs in 2004 and subsequent years. The investment of our plan assets is described in the information incorporated by reference in this prospectus.

Our Financial Statements Reflect the Application of Critical Accounting Policies - The application of our critical accounting policies reflect complex judgments and estimates. These policies, which are described in the information incorporated by reference in this prospectus, include industry specific accounting applicable to regulated public utilities and accounting for pensions and other post-retirement benefits, contingencies, long-lived assets, derivative instruments, goodwill and leases. The adoption of new generally accepted accounting policies or changes to current accounting policies or interpretations of such policies may materially affect our results of operations and financial condition.

Changes In Our Ratings May Have A Negative Impact On Us - Our commercial paper and unsecured debt are rated by Moody's Investors Services, Inc., Standard & Poor's Ratings Services and Fitch, Inc. These ratings impact our cost of funds. Our current ratings are included in the information incorporated by reference in this prospectus.

Our Revenues And Results Of Operations Are Subject To Risks That Are Beyond Our Control - The cost of repairing damage to our operating subsidiaries'

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

facilities and the potential disruption of their operations due to storms, natural disasters, wars, terrorist acts and other catastrophic events may adversely impact our results of operations, financial condition and cash flows. The occurrence or risk of occurrence of future terrorist attacks or related acts of war could also adversely affect the New York or United States economy. A lower level of economic activity could result in a decline in energy consumption, which could adversely affect our revenues and earnings and limit our future growth prospects.

# CON EDISON

Con Edison is a holding company that operates only through its subsidiaries. We were incorporated in New York State in 1997.

Our principal subsidiary is Consolidated Edison Company of New York, Inc. ("Con Edison of New York"), a regulated utility that provides electric service to over three million customers and gas service to over one million customers in New York City and Westchester County. It also provides steam service in parts of Manhattan.

We also own Orange and Rockland Utilities, Inc., a regulated utility that, along with its regulated utility subsidiaries, provides electric service in southeastern New York and in adjacent sections of New Jersey and northeastern Pennsylvania, an approximately 1,350 square mile service area.

We have four unregulated subsidiaries: Consolidated Edison Solutions, Inc., a retail energy services company that sells electricity and gas to delivery customers of utilities; Consolidated Edison Energy, Inc., a wholesale energy supply company that enters into financial and commodity instruments as part of its energy trading activities; Consolidated Edison Development, Inc., a company that acquires, develops and operates generating projects; and Con Edison Communications, LLC, a company that builds and operates fiber optic networks to provide wholesale telecommunications services.

Con Edison has no material assets other than the stock of its subsidiaries. Our ability to pay interest on the Debt Securities and dividends on the Preferred Shares and Common Shares is dependent on our receipt of dividends from our subsidiaries or proceeds from the sale by us of additional securities or assets. Our principal subsidiary, Con Edison of New York, is subject to certain restrictions on the dividends that it may pay to us. See Note C to Con Edison's consolidated financial statements in the 2003 Form 10-K.

## USE OF PROCEEDS

Unless we inform you otherwise in a supplement to this prospectus, we anticipate using the net proceeds received by us from the sale of the Securities for investment by us in our regulated utility subsidiary, Con Edison of New York, for the funding of its construction expenditures, and for other general corporate purposes, including, repayment of our short-term debt and repurchase, retirement or refinancing of our other debt securities.

## RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth Con Edison's ratios of earnings to fixed charges for the periods indicated:

	Year Ended December 31,				
2003	2002	2001	2000	1999	
----	----	----	----	----	
2.7	3.1	3.3	3.0	3.8	

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

The ratio of earnings to fixed charges have been computed based upon net income, income tax, income tax deferred, investment tax credits deferred and fixed charges. Fixed charges include interest on long-term debt and other interest (whether expensed or capitalized) expense, amortization of debt expense, discount and premium, the preferred stock dividend requirement of our subsidiary, Con Edison of New York and a reasonable approximation of the interest component of rentals.

### DESCRIPTION OF DEBT SECURITIES

The Debt Securities are to be issued under an indenture (the "Indenture"), dated as of April 1, 2002 between Con Edison and JPMorgan Chase Bank (formerly known as The Chase Manhattan Bank), as Trustee ("Trustee") a copy of which is included as an exhibit to the registration statement of which this prospectus is a part. Con Edison may also enter into one or more additional indentures with other trustees with respect to certain of the Debt Securities. Any such indenture would contain covenants and other provisions similar to those described below. Reference is made to the prospectus supplement regarding any additional indentures under which Debt Securities will be issued.

The Debt Securities will be unsecured general obligations of Con Edison ranking equally and ratably in right of payment with the other unsecured debt securities of Con Edison issued under the Indenture that are not subordinated obligations of Con Edison ("Subordinated Securities"); provided, however, that if so provided in the prospectus supplement relating to a series of Debt Securities, the Debt Securities will be Subordinated Securities.

There is no requirement that future issues of debt securities of Con Edison be issued under the Indenture, and Con Edison will be free to employ other indentures or documentation, containing provisions different from those included in the Indenture or applicable to one or more issues of Debt Securities, in connection with future issues of such other debt securities.

The Indenture does not specifically restrict the ability of Con Edison to engage in transactions which could have the effect of increasing the ratio of debt to equity capitalization of Con Edison or a successor corporation. For example, the Indenture does not limit the amount of indebtedness of Con Edison, the payment of dividends by Con Edison or the acquisition by Con Edison of any of the equity securities of Con Edison or Con Edison of New York. The Indenture also permits Con Edison to merge or consolidate or to transfer its assets, subject to certain conditions (see "Consolidation, Merger and Sale" below). Con Edison must obtain approvals from state and/or federal regulatory bodies to merge or consolidate.

7

The following summary of the Indenture does not purport to be complete and is subject to, and qualified in its entirety by reference to, the Indenture, including the definitions therein of certain terms.

General: The Indenture provides that the Debt Securities offered and other unsecured debt securities of Con Edison, without limitation as to aggregate principal amount (collectively the "Indenture Securities"), may be issued in one or more series, in each case as authorized from time to time by Con Edison.

Reference is made to the prospectus supplement relating to the Debt Securities offered for any of the following terms not provided herein:

- (1) the title of the Debt Securities;

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

- (2) the aggregate principal amount of the Debt Securities;
- (3) the percentage of the principal amount representing the price for which the Debt Securities shall be issued;
- (4) the date or dates on which the principal of, and premium, if any, on the Debt Securities shall be payable;
- (5) the rate or rates (which may be fixed or variable) at which the Debt Securities shall bear interest, if any, or the method by which such rate or rates shall be determined;
- (6) if the amount of payments of the principal of, premium, if any, or interest, if any, on the Debt Securities may be determined with reference to an index, formula or other method, the manner in which such amounts shall be determined;
- (7) the date or dates from which any such interest shall accrue, or the method by which such date or dates shall be determined, the dates on which any such interest shall be payable and any record dates therefor;
- (8) the place or places where the principal of, and premium, if any, and interest, if any, on the Debt Securities shall be payable;
- (9) the period or periods, if any, within which, the price or prices at which, and the terms and conditions upon which the Debt Securities may be redeemed, in whole or in part, at the option of Con Edison;
- (10) the obligation, if any, of Con Edison to redeem, purchase or repay the Debt Securities pursuant to any sinking fund or analogous provision or at the option of a holder thereof and the period or periods within which, the price or prices at which, and the terms and conditions upon which the Debt Securities shall be redeemed, purchased or repaid pursuant to such obligation;
- (11) whether the Debt Securities are to be issued in whole or in part in the form of one or more Global Securities and, if so, the identity of the Depositary for such Global Security or Global Securities;

8

- (12) if other than \$1,000 or an integral multiple thereof, the denominations in which the Debt Securities shall be issued;
- (13) if other than the principal amount thereof, the portion of the principal amount of the Debt Securities payable upon declaration of acceleration of the maturity of the Debt Securities;
- (14) any deletions from or modifications of or additions to the Events of Default set forth in Section 6.01 of the Indenture pertaining to the Debt Securities;
- (15) the provisions, if any, relating to the cancellation and satisfaction of the Indenture with respect to the Debt Securities prior to the maturity thereof pursuant to Sections 12.01 and 12.02 of the Indenture (see "Satisfaction and Discharge of Indenture; Defeasance");

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

- (16) the terms, if any, upon which Con Edison may elect not to pay interest on an interest payment date;
- (17) the provisions, if any, relating to the subordination of the Debt Securities pursuant to Article 14 of the Indenture (see "Subordination"); and
- (18) any other terms of the Debt Securities not inconsistent with the provisions of the Indenture and not adversely affecting the rights of any other series of Indenture Securities then outstanding.  
(Section 2.03)

Con Edison may authorize the issuance and provide for the terms of a series of Indenture Securities pursuant to a resolution of its Board of Directors or any duly authorized committee thereof or pursuant to a supplemental indenture. The provisions of the Indenture described above permit Con Edison, in addition to issuing Indenture Securities with terms different from those of Indenture Securities previously issued, to "reopen" a previous issue of a series of Indenture Securities and to issue additional Indenture Securities of such series.

The Indenture Securities will be issued only in registered form without coupons and, unless otherwise provided with respect to a series of Indenture Securities, in denominations of \$1,000 and integral multiples thereof. (Section 2.02) Indenture Securities of a series may be issued in whole or in part in the form of one or more Global Securities (see "Global Securities"). One or more Global Securities will be issued in a denomination or aggregate denominations equal to the aggregate principal amount of outstanding Indenture Securities of the series to be represented by such Global Security or Global Securities. (Section 2.01) No service charge will be made for any transfer or exchange of Indenture Securities, but Con Edison may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. (Section 2.05)

9

One or more series of the Indenture Securities may be issued with the same or various maturities at par or at a discount. Debt Securities bearing no interest or interest at a rate which at the time of issuance is below the market rate ("Original Issue Discount Securities") will be sold at a discount (which may be substantial) below their stated principal amount. Federal income tax consequences and other special considerations applicable to any such Original Issue Discount Securities will be described in the prospectus supplement relating thereto.

Subordination: If the prospectus supplement relating to a particular series of Indenture Securities so provides, such securities will be Subordinated Securities and the payment of the principal of, premium, if any, and interest on the Subordinated Securities will be subordinate and junior in right of payment to the prior payment in full of all Senior Indebtedness to the extent set forth in the next paragraph. (Section 14.01)

In the event (a) of any distribution of assets of Con Edison in bankruptcy, reorganization or receivership proceedings, or upon an assignment for the benefit of creditors, or any other marshalling of assets and liabilities of Con Edison, except for a distribution in connection with a consolidation, merger, sale, transfer or lease permitted under the Indenture (see "Consolidation, Merger and Sale"), or (b) the principal of any Senior Indebtedness shall have been declared due and payable by reason of an event of

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

default with respect thereto and such event of default shall not have been rescinded, then the holders of Subordinated Securities will not be entitled to receive or retain any payment, or distribution of assets of Con Edison, in respect of the principal of, premium, if any, and interest on the Subordinated Securities until the holders of all Senior Indebtedness receive payment of the full amount due in respect of the principal of, premium, if any, and interest on the Senior Indebtedness or provision for such payment on the Senior Indebtedness shall have been made. (Section 14.02)

Subject to the payment in full of all Senior Indebtedness, the holders of the Subordinated Securities shall be subrogated to the rights of the holders of the Senior Indebtedness to receive payments or distributions applicable to the Senior Indebtedness until all amounts owing on the Subordinated Securities shall be paid in full. (Section 14.03)

"Senior Indebtedness" means all indebtedness of Con Edison for the repayment of money borrowed (whether or not represented by bonds, debentures, notes or other securities) other than the indebtedness evidenced by the Subordinated Securities and any indebtedness subordinated to, or subordinated on parity with, the Subordinated Securities. Senior Indebtedness does not include customer deposits or other amounts securing obligations of others to Con Edison. (Section 14.01)

The Indenture does not limit the aggregate amount of Senior Indebtedness that Con Edison may issue. As of December 31, 2003, \$7.1 billion of Senior Indebtedness was outstanding, not including as "Senior Indebtedness" approximately \$1 billion of guarantees by Con Edison of certain obligations of its subsidiaries.

Redemption: If the prospectus supplement relating to a particular series of Indenture Securities so provides, such securities will be subject to redemption at the option of Con Edison. Notice of any redemption of Indenture Securities shall be given to the registered holders of such securities not less than 30 days nor more than 60 days prior to the date fixed for redemption. If less than all of a series of Indenture Securities are to be redeemed, the Trustee shall select, in such manner as in its sole discretion it shall deem appropriate and fair, the Indenture Securities of such series or portions thereof to be redeemed.

10

Global Securities: The Indenture Securities of a series may be issued in whole or in part in the form of one or more Global Securities that will be deposited with, or on behalf of, the Depositary identified in the prospectus supplement relating thereto. Unless and until it is exchanged in whole or in part for Indenture Securities in definitive form, a Global Security may not be transferred except as a whole by the Depositary for such Global Security to a nominee of such Depositary or by a nominee of such Depositary to such Depositary or another nominee of such Depositary or by such Depositary or any such nominee to a successor Depositary or a nominee of such successor Depositary. (Sections 2.01 and 2.05)

The specific terms of the depositary arrangement with respect to any Indenture Securities of a series will be described in the prospectus supplement relating thereto. Con Edison anticipates that the following provisions will apply to all depositary arrangements.

Upon the issuance of a Global Security, the Depositary for such Global Security will credit, on its book entry registration and transfer system, the respective principal amounts of the Indenture Securities represented by such Global Security to the accounts of institutions that have accounts with such

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

Depository ("participants"). The accounts to be credited shall be designated by the underwriters through which such Indenture Securities were sold. Ownership of beneficial interests in a Global Security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in such Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depository for such Global Security or by participants or persons that hold through participants. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a Global Security.

So long as the Depository for a Global Security, or its nominee, is the owner of such Global Security, such Depository or such nominee, as the case may be, will be considered the sole owner or holder of the Indenture Securities represented by such Global Security for all purposes under the Indenture. Except as set forth below, owners of beneficial interests in a Global Security will not be entitled to have Indenture Securities of the series represented by such Global Security registered in their names, will not receive or be entitled to receive physical delivery of Indenture Securities of such series in definitive form and will not be considered the owners or holders thereof under the Indenture.

Payments of principal of, premium, if any, and interest, if any, on Indenture Securities registered in the name of or held by a Depository or its nominee will be made to the Depository or its nominee, as the case may be, as the registered owner of the Global Security representing such Indenture Securities. None of Con Edison, the Trustee or any paying agent for such Indenture Securities will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in a Global Security for such Indenture Securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Con Edison expects that the Depository for Indenture Securities of a series, upon receipt of any payment of principal, premium, if any, or interest, if any, in respect of a Global Security will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Security as shown on the records of such Depository. Con Edison also expects that payments by participants to owners of beneficial interests in such Global Security held through such participants will be

11

governed by standing instructions and customary practices, as is now the case with securities registered in "street name," and will be the responsibility of such participants.

If a Depository for Indenture Securities of a series is at any time unwilling or unable to continue as Depository and a successor depository is not appointed by Con Edison within 90 days, Con Edison will issue Indenture Securities of such series in definitive form in exchange for the Global Security or Global Securities representing the Indenture Securities of such series. In addition, Con Edison may at any time and in its sole discretion determine not to have any Indenture Securities of a series represented by one or more Global Securities and, in such event, will issue Indenture Securities of such series in definitive form in exchange for the Global Security or Global Securities representing such Indenture Securities. Further, if Con Edison so specifies with respect to the Indenture Securities of a series, each person specified by the

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

Depository of the Global Security representing Indenture Securities of such series may, on terms acceptable to Con Edison and the Depository for such Global Security, receive Indenture Securities of the series in definitive form. In any such instance, each person so specified by the Depository of the Global Security will be entitled to physical delivery in definitive form of Indenture Securities of the series represented by such Global Security equal in principal amount to such person's beneficial interest in the Global Security.

**Payments and Paying Agents:** Payment of principal of and premium, if any, on Indenture Securities will be made against surrender of such Indenture Securities at The Bank of New York, 101 Barclay Street, Stock Transfer Division, New York, New York 10286. Unless otherwise indicated in the prospectus supplement, payment of any installment of interest on Indenture Securities will be made to the person in whose name such Indenture Security is registered at the close of business on the record date for such interest. Unless otherwise indicated in the prospectus supplement, payments of such interest will be made at The Bank of New York, or by a check mailed to each holder of an Indenture Security at such holder's registered address.

All moneys paid by Con Edison to a paying agent for the payment of principal of, premium, if any, or interest, if any, on any Indenture Security that remain unclaimed at the end of two years after such principal, premium or interest shall have become due and payable will be repaid to Con Edison and the holder of such Indenture Security entitled to receive such payment will thereafter look only to Con Edison for payment thereof. (Section 12.05) However, any such payment shall be subject to escheat pursuant to state abandoned property laws.

12

**Consolidation, Merger and Sale:** The Indenture permits Con Edison, without the consent of the holders of any of the Indenture Securities, to consolidate with or merge into any other corporation or sell, transfer or lease its properties as an entirety or substantially as an entirety to any person, provided that: (i) the Successor is a corporation organized under the laws of the United States of America or any state thereof; (ii) the Successor assumes Con Edison's obligations under the Indenture and the Indenture Securities; (iii) immediately after giving effect to the transaction, no Event of Default (see "Default and Certain Rights on Default") and no event that, after notice or lapse of time, or both, would become an Event of Default, shall have occurred and be continuing; and (iv) certain other conditions are met. (Section 11.02) The Indenture does not restrict the merger of another corporation into Con Edison.

**Modification of the Indenture:** The Indenture contains provisions permitting Con Edison and the Trustee, without the consent of the holders of the Indenture Securities, to establish, among other things, the form and terms of any series of Indenture Securities issuable thereunder by one or more supplemental indentures, and, with the consent of the holders of a majority in aggregate principal amount of the Indenture Securities of any series at the time outstanding, evidenced as in the Indenture provided, to execute supplemental indentures adding any provisions to or changing in any manner or eliminating any of the provisions of the Indenture or of any supplemental indenture with respect to Indenture Securities of such series, or modifying in any manner the rights of the holders of the Indenture Securities of such series; provided, however, that no such supplemental indenture shall (i) extend the fixed maturity, or the earlier optional date of maturity, if any, of any Indenture Security of a particular series or reduce the principal amount thereof or the premium thereon, if any, or reduce the rate or extend the time of payment of interest thereon, or

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

make the principal thereof or premium, if any, or interest thereon payable in any coin or currency other than that provided in the Indenture Security, without the consent of the holder of each Indenture Security so affected, or (ii) reduce the principal amount of Indenture Securities of any series, the holders of which are required to consent to any such supplemental indenture, without the consent of the holders of all Indenture Securities of such series outstanding thereunder. (Sections 10.01 and 10.02)

Default and Certain Rights on Default: The Indenture provides that the Trustee or the holders of 25% or more in aggregate principal amount of Indenture Securities of a series outstanding thereunder may declare the principal of all Indenture Securities of such series to be due and payable immediately, if any Event of Default with respect to such series of Indenture Securities shall occur and be continuing. However, if all defaults with respect to Indenture Securities of such series (other than non-payment of accelerated principal) are cured, the holders of a majority in aggregate principal amount of the Indenture Securities of such series outstanding thereunder may waive the default and rescind the declaration and its consequences. Events of Default with respect to a series of Indenture Securities include (unless specifically deleted in the supplemental indenture or Board Resolution under which such series of Indenture Securities is issued, or modified in any such supplemental indenture):

- (i) failure to pay interest when due on any Indenture Security of such series, continued for 30 days;
- (ii) failure to pay principal or premium, if any, when due on any Indenture Security of such series;
- (iii) failure to perform any other covenant of Con Edison in the Indenture or the Indenture Securities of such series (other than a covenant included in the Indenture

13

or the Indenture Securities solely for the benefit of series of Indenture Securities other than such series), continued for 60 days after written notice from the Trustee or the holders of 25% or more in aggregate principal amount of the Indenture Securities of such series outstanding thereunder;

- (iv) certain events of bankruptcy, insolvency or reorganization; and
- (v) any other Event of Default as may be specified for such series. (Section 6.01)

The Indenture provides that the holders of a majority in aggregate principal amount of the Indenture Securities of any series outstanding thereunder may, subject to certain exceptions, direct the time, method and place of conducting any proceeding for any remedy available to, or exercising any power or trust conferred upon, the Trustee with respect to Indenture Securities of such series and may on behalf of all holders of Indenture Securities of such series waive any past default and its consequences with respect to Indenture Securities of such series, except a default in the payment of the principal of or premium, if any, or interest on any of the Indenture Securities of such series. (Section 6.06)

Holders of Indenture Securities of any series may not institute any proceeding to enforce the Indenture unless the Trustee thereunder shall have refused or neglected to act for 60 days after a request and offer of satisfactory indemnity by the holders of 25% or more in aggregate principal amount of the Indenture Securities of such series outstanding thereunder, but the right of any holder of Indenture Securities of any series to enforce payment

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

of principal of or premium, if any, or interest on the holder's Indenture Securities when due shall not be impaired. (Section 6.04)

The Trustee is required to give the holders of Indenture Securities of any series notice of defaults with respect to such series (Events of Default summarized above, exclusive of any grace period and irrespective of any requirement that notice of default be given) as to which it has received written notice within 90 days after the happening thereof, unless cured before the giving of such notice, but, except for defaults in payments of principal of, premium, if any, or interest on the Indenture Securities of such series, the Trustee may withhold notice if and so long as it determines in good faith that the withholding of such notice is in the interests of such holders. (Section 6.07)

Con Edison is required to deliver to the Trustee each year an Officers' Certificate stating whether such officers have obtained knowledge of any default by Con Edison in the performance of certain covenants and, if so, specifying the nature thereof. (Section 4.06)

14

Concerning the Trustee: The Indenture provides that the Trustee shall, prior to the occurrence of any Event of Default with respect to the Indenture Securities of any series and after the curing or waiving of all Events of Default with respect to such series which have occurred, perform only such duties as are specifically set forth in the Indenture and no implied covenants or obligations shall be read into the Indenture against the Trustee. During the existence of any Event of Default with respect to the Indenture Securities of any series, the Trustee shall exercise such of the rights and powers vested in it under the Indenture with respect to such series and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. (Section 7.01)

The Trustee may acquire and hold Indenture Securities and, subject to certain conditions, otherwise deal with Con Edison as if it were not Trustee under the Indenture. (Section 7.04)

JPMorgan Chase Bank, which is the Trustee under the Indenture, is a participating bank under Con Edison's revolving credit agreements, and is a depository for funds and performs other services for, and transacts other banking business with, Con Edison in the normal course of business.

Satisfaction and Discharge of Indenture; Defeasance: The Indenture may be discharged upon payment of the principal of, premium, if any, and interest on all the Indenture Securities and all other sums due under the Indenture. In addition, the Indenture provides that if, at any time after the date of the Indenture, Con Edison, if so permitted with respect to Indenture Securities of a particular series, shall deposit with the Trustee, in trust for the benefit of the holders thereof, (i) funds sufficient to pay, or (ii) such amount of obligations issued or guaranteed by the United States of America as will, or will together with the income thereon without consideration of any reinvestment thereof, be sufficient to pay all sums due for principal of, premium, if any, and interest on the Indenture Securities of such series, as they shall become due from time to time, and certain other conditions are met, the Trustee shall cancel and satisfy the Indenture with respect to such series to the extent provided therein. (Sections 12.01 and 12.02) The prospectus supplement describing the Indenture Securities of such series will more fully

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

describe the provisions, if any, relating to such cancellation and satisfaction of the Indenture with respect to such series.

Reports Furnished Securityholders: Con Edison will furnish the holders of Indenture Securities copies of all annual financial reports distributed to its stockholders generally as soon as practicable after the mailing of such material to the stockholders.  
(Section 4.07)

### DESCRIPTION OF PREFERRED SHARES

Con Edison's authorized capital stock includes 6,000,000 Preferred Shares, of which no shares have been issued. Con Edison's Board of Directors is authorized from time to time to issue the Preferred Shares as Preferred Shares of any series and, in connection with the creation of each such series, to fix by the resolution or resolutions providing for the issuance thereof the number of shares of such series and the designations, relative rights, preferences and limitations (including dividend, liquidation and voting rights, preferences and limitations) of such series to the full extent permitted by the law of the State of New York, except that holders of the Preferred Shares shall not be entitled to more than one vote for each Preferred Share held. Reference is made to the prospectus supplement relating to the series of Preferred Shares offered for the number of shares, designations, relative rights, preferences and limitations of such series.

### DESCRIPTION OF COMMON SHARES

Con Edison's authorized capital stock consists of 500,000,000 Common Shares, of which 226,796,139 shares were issued and outstanding as of March 29, 2003, and the Preferred Shares discussed above under "Description of Preferred Shares."

The following description of the Common Shares does not purport to be complete and is subject to, and qualified in its entirety by reference to Con Edison's Restated Certificate of Incorporation.

Dividends. Subject to any prior rights of Preferred Shares (if any should become outstanding), Common Shares are entitled to dividends when, as and if declared by Con Edison's Board of Directors, and Con Edison may purchase or otherwise acquire outstanding Common Shares out of funds legally available therefor.

Liquidation Rights. Subject to any prior rights of Preferred Shares (if any should become outstanding), upon liquidation of Con Edison, any remaining net assets of Con Edison are distributable pro rata to the holders of Common Shares.

Voting Rights. Holders of Common Shares are entitled to one vote for each share. There are no cumulative voting rights. Holders of Preferred Shares shall have no voting rights unless, in connection with the issuance of Preferred Shares, Con Edison's Board of Directors provides voting rights (in which event the voting rights shall not be more than one vote for each Preferred Share held) or unless otherwise required by law.

No Preemptive Rights. Holders of the Common Shares are not entitled to preemptive rights.

Transfer Agent and Registrar. The transfer agent and registrar for the

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

Common Shares is The Bank of New York Investor Relations Department, P.O. Box 11258, Church Street Station, New York, NY 10286-1258.

Certain provisions of Con Edison's Restated Certificate of Incorporation and by-laws and New York law may have the effect of encouraging persons considering unsolicited tender offers or unilateral takeover proposals for Con Edison to negotiate with the Board of Directors and could thereby have an effect of delaying, deferring or preventing a change in control of Con Edison. These provisions include:

16

Authorized But Unissued Shares. As of March 29, 2003, 249,993,161 Common Shares and 6,000,000 Preferred Shares were authorized but unissued and 23,210,700 shares were held by Con Edison or Con Edison of New York as treasury shares. Such shares could be issued without stockholder approval in transactions that might prevent or render more difficult or costly the completion of a takeover transaction. In this regard, Con Edison's Restated Certificate of Incorporation grants the Board of Directors, broad corporate power to establish the rights and preferences of preferred stock, one or more classes or series of which could be issued which would entitle holders to exercise rights which could have the effect of impeding a takeover, including rights to convert or exchange the stock into Common Shares or other securities or to demand redemption of the stock at a specified price under prescribed circumstances related to a change of control.

Advance Notice By-law. Under Con Edison's by-laws, written notice of any proposal to be presented by any stockholder or any person to be nominated by any stockholder for election as a director must be received by Con Edison's Secretary at Con Edison's principal executive offices not less than 70 nor more than 90 days prior to the anniversary of the preceding year's annual meeting; provided, however, that if the date of the annual meeting as first publicly announced or disclosed (in a public filing or otherwise) is less than 80 days prior to the date of the meeting, such notice shall be given not more than ten days after such date is first so announced or disclosed.

Section 912. Con Edison is subject to Section 912 of the New York Business Corporation Law. Accordingly, Con Edison may not engage in a business combination, such as a merger, consolidation, recapitalization, asset sale or disposition of stock, with any "interested shareholder" for a period of five years from the date that the interested shareholder first became an interested shareholder unless:

- o the business combination, or the acquisition of stock that resulted in the interested shareholder first becoming an interested shareholder, was approved by Con Edison's Board of Directors prior to the interested shareholder becoming an interested shareholder;
- o the business combination is approved by the disinterested shareholders at a meeting of Con Edison's shareholders called no earlier than five years after the date that the interested shareholder first became an interested shareholder; or
- o the business combination meets certain "fair price" valuation requirements.

An "interested shareholder" is any person that is the beneficial owner of 20% or more of the outstanding voting stock of Con Edison or is an affiliate or associate of Con Edison that at any time during the prior five years was the beneficial owner, directly or indirectly, of 20% or more of the then outstanding

voting stock of Con Edison.

### PLAN OF DISTRIBUTION

Con Edison will offer the Securities through one or more underwriters. The names of the managing underwriter or underwriters and any other underwriters, and the terms of the transaction, including compensation of the underwriters and dealers, if any, will be set forth in the prospectus supplement relating to the offering of the Securities. Only underwriters named in a prospectus supplement will be deemed to be underwriters in connection with the Securities described therein. Firms not so named will have no direct or indirect participation in the underwriting of such Securities, although such a firm may participate in the distribution of such Securities under circumstances entitling it to a dealer's commission. It is anticipated that any underwriting agreement pertaining to any Securities will (1) entitle the underwriters to indemnification by Con Edison against certain civil liabilities under the Securities Act of 1933, as amended, or to contribution for payments the underwriters may be required to make in respect thereof, (2) provide that the obligations of the underwriters will be subject to certain conditions precedent, and (3) provide that the underwriters generally will be obligated to purchase all such Securities if any are purchased. The underwriters or affiliated companies may engage in transactions with, or perform services for, Con Edison and its affiliates in the ordinary course of business.

In connection with an offering made hereby, the underwriters may purchase and sell the Securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover short positions created by the underwriters in connection with an offering. Stabilizing transactions consist of certain bids or purchases for the purpose of preventing or delaying a decline in the market price of the Securities, and short positions created by the underwriters involve the sale by the underwriters of more Securities than they are required to purchase from Con Edison. The underwriters also may impose a penalty bid, whereby selling concessions allowed to broker-dealers in respect of the Securities sold in the offering may be reclaimed by the underwriters if such Securities are repurchased by the underwriters in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the Securities, which may be higher than the price that might otherwise prevail in the open market; and these activities, if commenced, may be discontinued at any time. These transactions may be affected in the over-the-counter market or otherwise.

The anticipated date of delivery of the Securities will be as set forth in the prospectus supplement relating to the offering of the Securities.

### LEGAL MATTERS

The validity of the Securities and certain other related legal matters will be passed upon for Con Edison by Peter A. Irwin, Esq., Vice President - Legal Services of Con Edison's principal subsidiary, Con Edison of New York, acting as counsel for Con Edison. Certain legal matters in connection with the Securities will be passed upon for the underwriters by Dewey Ballantine LLP, 1301 Avenue of the Americas, New York, New York 10019-6092. Dewey Ballantine LLP has from time to time performed legal services for affiliates of Con Edison.

### Item 15. Indemnification of Directors and Officers.

Reference is made to Sections 721 to 725 of the New York Business Corporation Law ("NYBCL") which provide for indemnification of directors and officers, subject to certain limitations, for liabilities and expenses in connection with actions or proceedings involving them in such capacity. Pursuant to Section 721 of the NYBCL, no indemnification shall be made to or on behalf of a director or officer if a judgment or other final adjudication adverse to the director or officer establishes that his or her acts were committed in bad faith or were the results of active and deliberate dishonesty and were material to the cause of action so adjudicated, or that he or she personally gained in fact a financial profit or other advantage to which he or she was not legally entitled. Section 402(b) of the NYBCL permits a certificate of incorporation to set forth a provision limiting or eliminating the personal liability of directors to a corporation or its shareholders for damages for any breach of duty in such capacity, provided that no such provision shall eliminate or limit the liability of a director (i) if a judgment or other final adjudication adverse to him or her establishes that his or her acts were in bad faith or involved intentional misconduct or a knowing violation of law or (ii) that he or she personally gained in fact a financial profit or other advantage to which he or she was not legally entitled, or (iii) in certain other cases specified in Section 719 of the NYBCL.

### II-1

Article SIXTH of Registrant's Restated Certificate of Incorporation provides that, except to the extent limitation of liability or indemnification is not permitted by applicable law: (i) a director or officer of the Registrant shall not be liable to the Registrant or any of its shareholders for damages for any breach of duty in such capacity, and (ii) the Registrant shall fully indemnify any person made, or threatened to be made a party to an action or proceeding, whether civil or criminal, including an investigative, administrative or legislative proceeding, and including an action by or in the right of the Registrant or any other enterprise, by reason of the fact that the person is or was a director or officer of the Registrant, or is or was serving at the request of the Registrant any other enterprise as a director, officer or in any other capacity, against any and all damages incurred as a result of or in connection with such action or proceeding or any appeal thereof and, except in the case of an action or proceeding specifically approved by the Board of Directors of the Registrant, the Registrant shall pay expenses incurred by or on behalf of such person in defending such action or proceeding or any appeal thereof in advance of the final disposition thereof promptly upon receipt by the Registrant, from time to time, of a written demand of the person for the advancement, together with an undertaking by or on behalf of the person to repay any expenses so advanced to the extent that the person is ultimately found not to be entitled to indemnification for the expenses.

As permitted by Section 726 of the NYBCL, Registrant has insurance (a) to indemnify Registrant for obligations it incurs for indemnification of its directors and officers, and (b) to indemnify directors and officers of Registrant for losses, costs and expenses incurred by them in actions brought against them in connection with their acts as directors or officers for which they are not indemnified by Registrant. Pursuant to Section 726 of the NYBCL, no insurance payment, other than cost of defense, may be made to any director or officer if a judgment or other final adjudication adverse to the director or

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

officer establishes that his or her acts of active and deliberate dishonesty were material to the cause of action so adjudicated, or that he or she personally gained in fact a financial profit or other advantage to which he or she was not legally entitled. Registrant may also purchase insurance coverage insuring the directors and officers of Registrant against certain liabilities that could arise in connection with administration of Registrant's employee benefit plans.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the "Act"), may be permitted to directors, officers and controlling persons of Registrant pursuant to the foregoing provisions, or otherwise, Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by Registrant of expenses incurred or paid by a director, officer or controlling person of Registrant in the successful defense of any action, suit or proceeding) is asserted against Registrant by such director, officer or controlling person in connection with the securities being registered, Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

### II-2

Section 7 of Registrant's Underwriting Agreement Basic Provisions (Exhibit 1.2 to this Registration Statement) provides for indemnification of the Registrant's directors and officers who signed the Registration Statement by the underwriters against certain liabilities which might arise under the Act or otherwise from certain written information furnished to Registrant by or on behalf of the underwriters.

Item 16. List of Exhibits.

See "Index to Exhibits" on page II- 6.

### II-3

Item 17. Undertakings.

(a) The undersigned Registrant hereby undertakes:

## Edgar Filing: CONSOLIDATED EDISON INC - Form S-3

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement: (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; (ii) to reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement; provided, however, that paragraphs (1)(i) and (1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement;

(2) that, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; and

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(h) See the penultimate paragraph of Item 15.
