PART I

ITEM 1. BUSINESS

Anheuser-Busch Companies, Inc. (the "Company") is a Delaware corporation that was organized in 1979 as the holding company parent of Anheuser-Busch, Incorporated ("ABI"), a Missouri corporation whose origins date back to 1875. In addition to ABI, which is the nation's leading brewer of beer, the Company is also the parent corporation to a number of subsidiaries that conduct various other business operations. The Company's operations are comprised of the following principal business segments: domestic beer, international beer, packaging, entertainment, and other. In 2004, domestic beer contributed 76.0% and 90.8%, international beer contributed 5.4% and 21.7%, packaging contributed 9.4% and 4.5%, and entertainment contributed 6.6% and 4.8% to consolidated net sales and consolidated net income, respectively. The individual percentages above do not add to 100% due to the impact of unallocated corporate sales and expenses, as detailed in the Company's business segments disclosure. Approximately 95% of the Company's consolidated net sales and 96% of the Company's consolidated income before income taxes is generated in the United States. Financial information with respect to the Company's business segments appears in Note 16, "Business Segments," on pages 60-61 of the 2004 Annual Report to Shareholders, which Note hereby is incorporated by reference.

Domestic beer volume was 103.0 million barrels in 2004 as compared with 102.6 million barrels in 2003. Domestic volume represents Anheuser-Busch brands produced and shipped within the United States including Puerto Rico and the Caribbean. Worldwide sales of the Company's beer brands aggregated 116.8 million barrels in 2004 as compared with 111.0 million barrels in 2003. Worldwide beer volume is comprised of domestic and international volume. International volume represents Anheuser-Busch brands produced overseas by Company-owned breweries and under license and contract brewing agreements, plus exports from the Company's U.S. breweries to markets around the world. Total volume includes worldwide Anheuser-Busch brand volume combined with the Company's ownership percentage share of the volume of its international equity partners. Total beer volume was 136.1 million barrels and 129.8 million barrels in 2004 and 2003, respectively.

DOMESTIC BEER

The Company's principal product is beer, produced and distributed by its subsidiary, ABI, in a variety of containers primarily under the brand

Edgar Filing: ANHEUSER-BUSCH COMPANIES, INC. - Form 10-K

names Budweiser, Bud Light, Bud Dry, Bud Ice, Bud Ice Light, Michelob, Michelob Light, Michelob ULTRA, Michelob Golden Draft, Michelob Golden Draft Light, Michelob Amber Bock, Michelob Honey Lager, Michelob Marzen, Busch, Busch Light, Busch Ice, Natural Light, Natural Ice, King Cobra, ZiegenBock Amber, ZiegenBock Light, Hurricane Malt Liquor, Hurricane Ice, Tequila, Anheuser World Select, Bare Knuckle Stout, Bacardi Silver, Bacardi Silver O3, and Bacardi Silver Raz. ABI's products also include three non-alcohol beverages, O'Doul's, Busch NA, and O'Doul's Amber. During 2004, ABI introduced Bacardi Limon, Bacardi Black Cherry, Bacardi Green Apple, BE, and Budweiser Select and discontinued "Doc's" Hard Lemon and Kirin Lager. The Company brews Kirin Light and Kirin-Ichiban through a joint venture agreement with Kirin Brewing Company, Ltd. of Japan for sale in the United States. ABI owns a 33.7% equity interest in Seattle-based Redhook Ale Brewery, Inc. Through this alliance, Redhook products are distributed exclusively by ABI wholesalers in substantially all U.S. markets. ABI also owns a 39.5% interest in Portland-based Widmer Brothers Brewing Company. Widmer products are distributed exclusively by ABI wholesalers.

Budweiser, Bud Light, Bud Ice, Michelob, Michelob Light, Michelob ULTRA, Michelob Golden Draft, Michelob Golden Draft Light, Michelob Amber Bock, Busch, Busch Light, Natural Light, Natural Ice, ZiegenBock Amber, Barcardi Silver O3, Barcardi Silver Raz, Bacardi Limon, Kirin-Ichiban, O'Doul's, O'Doul's Amber, Anheuser World Select, Budweiser Select and ZiegenBock Light are sold in both draught and packaged form. Bud Dry, Busch Ice, King Cobra, Michelob Marzen, Michelob Honey Lager, Hurricane Malt Liquor, Hurricane Ice, Tequila, Kirin Light, Busch NA, BE, Bacardi Black Cherry, Bacardi Green Apple, and Bacardi Limon are sold only in packaged form. Bare Knuckle Stout is sold only in draught form.

Budweiser, Bud Light, Bud Ice, Michelob, Michelob Light, Michelob ULTRA, Michelob Amber Bock, Busch, Busch Light, Natural Light, Natural Ice, O'Doul's, O'Doul's Amber, Bacardi Silver, Bacardi Silver O3,

Barcardi Silver Raz, Bacardi Black Cherry, Bacardi Limon, and Bacardi Green Apple and Budweiser Select are distributed and sold on a nationwide basis. Anheuser World Select and Tequila are sold in 49 states, Bud Ice Light in 48 states, King Cobra in 46 states, Busch NA in 45 states, Bud Dry and Michelob Honey Lager in 44 states, Kirin-Ichiban in 43 states, BE in 42 states, Kirin Light in 38 states, Hurricane Malt Liquor in 34 states, Bare Knuckle Stout in 25 states, Busch Ice in 21 states, Michelob Golden Draft Light in 7 states, Michelob Golden Draft in 6 states, Hurricane Ice in 2 states, and ZiegenBock Amber and ZiegenBock Light in one state.

ABI has developed a system of twelve breweries, strategically located across the country, to economically serve its distribution system. (See Item 2 of Part I--Properties.) Ongoing modernization programs at the Company's breweries are part of ABI's overall strategic initiatives.

During 2004, approximately 93% of the beer sold by ABI, measured in barrels, reached retail channels through more than 580 independent wholesalers. The Company has a formal, written distribution agreement (the Equity Agreement) with each of its wholesalers. Each Equity Agreement generally specifies the territory in which the wholesaler is permitted to sell the Company's products, the brands that the wholesaler is permitted to sell, performance standards applicable to the wholesaler, procedures to be followed by the wholesaler in connection with the sale of the distribution rights, and circumstances upon which the distribution rights may be terminated. By wholesaler use of controlled environment warehouses and stringent inventory monitoring policies, the quality and freshness of the

Edgar Filing: ANHEUSER-BUSCH COMPANIES, INC. - Form 10-K

product are protected, thus providing ABI a significant competitive advantage. ABI utilizes its regional vice-presidents, sales directors, key account and market managers, as well as certain other sales personnel, to provide strategic sales planning and merchandising assistance to its wholesalers. In addition, ABI provides national and local media advertising, point-of-sale advertising, and sales promotion programs to promote its brands, and complements national brand strategies with geographic marketing teams focused on delivering relevant programming addressing local interests and opportunities. The remainder of ABI's domestic beer sales in 2004 were made through 14 branches that perform similar sales, merchandising, and delivery services as the independent wholesalers in their respective areas; these branches are owned and operated by the Company or direct or indirect subsidiaries of the Company. ABI's peak selling periods are the second and third quarters.

Another wholly-owned subsidiary, Wholesaler Equity Development Corporation, shares equity positions with qualified partners in independent beer wholesalerships and is currently invested in 1 wholesalerhip.

There are more than 100 companies engaged in the highly competitive brewing industry in the United States. ABI's domestic beers are distributed and sold in competition with other nationally distributed beers, with locally and regionally distributed beers, and with imported beers. Although the methods of competition in the industry vary widely, in part due to differences in applicable state laws, the principal methods of competition are product quality, taste and freshness, packaging, price, advertising (including television, radio, sponsorships, billboards, stadium signs, and print media), point-of-sale materials, and service to retail customers. ABI's beers compete in different price categories. Although all brands compete against the total market, Budweiser, Bud Light, Bud Dry, Bud Ice, Bud Ice Light, Budweiser Select, Michelob Golden Draft, and Michelob Golden Draft Light compete primarily with premium priced beers. Busch, Busch Light, Busch Ice, Natural Light, and Natural Ice compete with the value priced beers. King Cobra, Hurricane Malt Liquor, and Hurricane Ice compete against other brands in the malt liquor segment. Michelob, Michelob Light, Michelob Amber Bock, Kirin Light, Kirin-Ichiban, Michelob Honey Lager, Tequila, ZiegenBock Amber, ZiegenBock Light, Michelob Marzen, Bacardi Silver, Michelob ULTRA, Bacardi Silver O3, Bacardi Silver Raz, Bacardi Limon, Bacardi Black Cherry, Bacardi Green Apple, BE, Anheuser World Select, Bare Knuckle Stout, the Redhook products, and Widmer beer products compete primarily in the above premium priced beer segment of the malt beverage market. O'Doul's and O'Doul's Amber (premium priced) and Busch NA (value priced) compete in the non-alcohol malt beverage category. Since 1957, ABI has led the United States brewing industry in total sales volume. In 2004, its sales exceeded those of its nearest competitor by more than 55 million barrels. ABI's domestic market share (excluding exports) for 2004 was approximately 50%. Major competitors in the United States brewing industry during 2004 included SABMiller, Adolph Coors Co., Pabst Brewery Co., Grupo Modelo, S.A. de C.V., and Heineken. In addition to competing with the other brewers' brands, the Company's beer brands must also compete in the marketplace with other types of alcohol beverage choices available to consumers.

3

The Company has an energy drink, "180," in the alternative beverage segment. "180" is distributed and sold on a nationwide basis and is available in single eight-ounce slim-line cans. The Company also has an enhanced water beverage drink, "180 Sport," in the alternative beverage segment. "180 Sport" is distributed and sold in two flavors in test markets in four states and is available in 24 packs of 15.5 ounce cans.

Edgar Filing: ANHEUSER-BUSCH COMPANIES, INC. - Form 10-K

The Company's wholly-owned subsidiary, Busch Agricultural Resources, Inc. ("BARI"), operates rice milling facilities in Arkansas and California; twelve grain elevators in the western and midwestern United States; barley seed processing plants in Fairfield, Montana, Idaho Falls, Idaho, and Powell, Wyoming; a barley research facility in Ft. Collins, Colorado; and a rice research facility in California. BARI also owns and operates malt plants in Manitowoc, Wisconsin, Moorhead, Minnesota, and Idaho Falls, Idaho. Through wholly-owned subsidiaries, BARI operates land application farms in Jacksonville, Florida and Fort Collins, Colorado; hop farms in Bonners Ferry, Idaho and Huell, Germany; and a barley office in Winnipeg, Canada.

INTERNATIONAL BEER

International beer volume was nearly 13.8 million barrels in 2004, including 5.2 million barrels due to the Company's partial year of owning Harbin Brewery Group, compared with 8.4 million barrels in 2003. Anheuser-Busch International, Inc. ("ABII"), a wholly-owned subsidiary of the Company, oversees the marketing and sale of Budweiser and other ABI brands outside the U.S., operates breweries in the United Kingdom (U.K.) and China, negotiates and administers license and contract brewing agreements on behalf of ABI with various foreign brewers, and negotiates and manages equity investments in foreign brewing partners. Following the acquisition of Harbin Brewery Group in 2004, which is described below, ABII, working with the existing management of Harbin Brewery Group, also handles the marketing and sale of Harbin and other brands owned by Harbin Brewery Group.

Through Anheuser-Busch Europe Limited ("ABEL"), an indirect, wholly-owned subsidiary of the Company, certain ABI beer brands are marketed, distributed, and sold in more than thirty countries. In the U.K., ABEL sells Budweiser, Bud Ice, Michelob, Michelob ULTRA, and Anheuser World Select Lager brands to selected on-premise accounts, brewers, wholesalers, and directly to off-premise accounts. Budweiser, Bud Ice, Michelob, and Michelob ULTRA are brewed and packaged at the Stag Brewery near London, England which is managed and operated by ABEL. Anheuser World Select is imported into the U.K. by ABEL.

In Canada, Budweiser, Bud Light, Busch and Busch Light are brewed and sold through a license agreement with Labatt Brewing Co. O'Doul's is imported into Canada. In Japan, Budweiser is brewed and sold through a license agreement with Kirin Brewery Company, Limited. Budweiser is also brewed under license and sold by brewers in Korea (Oriental Brewery Co., Ltd.), the Republic of Ireland and Northern Ireland (Guinness Ireland Limited), Italy (Heineken Italia S.A.), and Spain (Sociedad Anonima Damm). In Mexico, Budweiser, Bud Light and O'Doul's are imported and distributed by a wholly owned subsidiary of Grupo Modelo (Cervezas Internacionales). The Company has an agreement with Brasseries Kronenbourg for sale and distribution of Bud in France.

In 1995, the Company formed an alliance with Compania Cervecerias Unidas S.A. ("CCU"), the leading Chilean brewer. The Company acquired a 20% stake in CCU in 2001 and subsequently sold its 20% stake in November 2004 for \$303 million. The Company still owns a 10.8% stake in a subsidiary of CCU in Argentina that brews and distributes Budweiser under license in Argentina and distributes Budweiser in Chile and Uruguay.

In China, the Company purchased an initial 80% equity interest in a joint venture in 1995, renamed the Budweiser Wuhan International Brewing Company, Ltd., that owns and operates a brewery in Wuhan. This ownership interest has subsequently increased to 97%.

Edgar Filing: ANHEUSER-BUSCH COMPANIES, INC. - Form 10-K

During the second quarter of 2004, the Company initiated a tender offer for all outstanding shares of Harbin Brewery Group, the fourth largest brewer in China, and completed the purchase by the end of July 2004. The Company paid a total of \$694 million for 100% of Harbin Brewery Group. Harbin Brewery Group has thirteen breweries in northeast China. Harbin Brewery Group owns 100% of the entities operating six of the breweries and a majority interest in the remaining seven breweries. (See Item 2 of Part I--Properties.)

4

The Company has a strategic investment agreement with Tsingtao Brewing Company, Ltd., the largest brewer in China, and producer of the Tsingtao brand, whereby the Company has invested \$182 million in Tsingtao convertible bonds that when fully converted over the next several years, will increase its economic ownership interest to 27% of Tsingtao (with a voting interest of 20%). In April 2003, the Company invested \$116 million in two convertible bonds of Tsingtao and invested an additional \$33 million in a third convertible bond in October 2003. The Company made its final investment of \$33 million in convertible bonds during the first quarter of 2004. In July 2003, the Company converted the first bond, which increased its equity interest in Tsingtao from 4.5% to 9.9%.

In 1993, the Company purchased a 17.7% direct and indirect equity interest in Grupo Modelo's operating subsidiary, Diblo, for \$477 million. As noted in Note 2, "International Equity Investments," on pages 49 and 50 of the 2004 Annual Report to Shareholders, which Note is hereby incorporated by reference, Diblo is the operating subsidiary of Grupo Modelo, Mexico's largest brewer. Accordingly, Diblo operates in Mexico and is a brewer. In May 1997, the Company increased its direct and indirect equity ownership in Diblo to 37% for an additional \$605 million. In September 1998, the Company completed the purchase of an additional 13.25% of Diblo for \$556.5 million, bringing the Company's total investment to \$1.6 billion. The Company now owns a 50.2% direct and indirect interest in Diblo. However, the Company does not have voting or other effective control of either Grupo Modelo or Diblo.

Competition for International Beer operations differs significantly depending upon the specific country involved. For 2004, no single foreign country or region accounted for more than 2.6% of consolidated revenues or 2.1% of consolidated income before income taxes. The Company's primary foreign markets for beer sales are China, the United Kingdom, Canada and Ireland. In each international market, the Company competes against a mix of national, regional, local, and imported beer brands. In China, competition is primarily from numerous national and regional brands. There is no dominant competitor in China. In the United Kingdom, the top four competitors--Scottish & Newcastle, Coors Brewers, Interbrew, and Carlsberg-Tetley--have combined market share of nearly 78%, with Scottish & Newcastle having a share of approximately 25%. The Company's share is 3%. In Ireland, the market leader is the Company's license brewing partner, Guinness Ireland, with a market share of 68% including a share of 15% related to the Company's products. In Canada, the top two competitors, of similar size, are Molson and the Company's license brewing partner, Labatt Brewing. Their combined market share is more than 83%, including a share of 13% related to the Company's products.

Net income for the International Beer Segment also includes the Company's ownership percentage of the net income of Grupo Modelo, the largest seller of beer in Mexico. Modelo's principal competitor in Mexico

Edgar Filing: ANHEUSER-BUSCH COMPANIES, INC. - Form 10-K

is FEMSA, with the two companies having respective market shares of 57% and 43%. Although Anheuser-Busch does not significantly compete in the Mexican beer market, a significant change in Modelo's business could have a material effect on the Company's reported net income and earnings per share.

Financial information with respect to the Company's business segments appears in Note 16, "Business Segments," on pages 60-61 of the 2004 Annual Report, which Note is hereby incorporated by reference.

PACKAGING

The Company's packaging operations are handled through the following wholly-owned subsidiaries of the Company: Metal Container Corporation, which manufactures beverage cans at eight plants and beverage can lids at three plants for sale to ABI and U.S. soft drink customers (See Item 2 of Part 1--Properties); Anheuser-Busch Recycling Corporation, which buys and sells used aluminum beverage containers from its corporate office in Sunset Hills, Missouri and recycles aluminum containers at its plant in Hayward, California; Precision Printing and Packaging, Inc., which manufactures pressure sensitive, metalized and paper labels at its plant in Clarksville, Tennessee; and Eagle Packaging, Inc., which manufactures crown and closure liner materials for ABI at its plant in Bridgeton, Missouri.

Through a wholly-owned limited partnership known as Longhorn Glass Manufacturing, L.P., the Company owns and operates a glass manufacturing plant in Jacinto City, Texas, which manufactures glass bottles for the Company's nearby Houston brewery.

5

FAMILY ENTERTAINMENT

The Company is active in the family entertainment field, primarily through its wholly-owned subsidiary, Busch Entertainment Corporation ("BEC"), which currently owns, directly and through subsidiaries, nine theme parks.

BEC operates Busch Gardens theme parks in Tampa, Florida and Williamsburg, Virginia, and SeaWorld theme parks in Orlando, Florida, San Antonio, Texas, and San Diego, California. BEC operates water park attractions in Tampa, Florida (Adventure Island) and Williamsburg, Virginia (Water Country, U.S.A.), and Langhorne, Pennsylvania (Sesame Place), as well as Discovery Cove in Orlando, Florida, a reservations-only attraction offering interaction with marine animals. Due to the seasonality of the theme park business, BEC experiences higher revenues in the second and third quarters than in the first and fourth quarters.

Through a Spanish affiliate, the Company also owns a 13.3% equity interest in Port Aventura, S.A., which is a theme park near Barcelona, Spain.

The Company is the third largest theme park operator in the United States. It faces competition in the family entertainment field from other theme and amusement parks, public zoos, public parks, and other family entertainment events and attractions. Major competitors in the theme park industry during 2004 include Walt Disney Co., Six Flags Parks, and Universal Studios Theme Parks. No reliable national market share information is available for the theme park industry.

OTHER

Edgar Filing: ANHEUSER-BUSCH COMPANIES, INC. - Form 10-K

Through its wholly-owned subsidiary, Busch Properties, Inc. ("BPI"), the Company is engaged in the business of real estate development. BPI also owns and operates The Kingsmill Resort and Conference Center in Williamsburg, Virginia.

Through a wholly-owned subsidiary, the Company owns and operates a transportation service business (Manufacturers Railway Co.).

SOURCES AND AVAILABILITY OF RAW MATERIALS

The products manufactured by the Company require a large volume of various agricultural products, including hops, malt (barley), rice, and corn grits for beer, and rice and barley for the rice milling and malting operations of Busch Agricultural Resources, Inc. The Company fulfills its commodities requirements through purchases from various sources, including purchases from its subsidiaries, through contractual arrangements, and through purchases on the open market. The Company believes that adequate supplies of the aforementioned agricultural products are available at the present time, but cannot predict future availability or prices of such products and materials. The above referenced commodities have experienced and will continue to experience price fluctuations. The price and supply of raw materials will be determined by, among other factors, the level of crop production both in the U.S. and around the world, weather conditions, export demand, and government regulations and legislation affecting agriculture and trade.

The Company uses water in brewing its beer. The Company generally satisfies its requirements for water from municipal water systems and privately owned wells.

The Company also requires aluminum cansheet for the manufacture of cans and lids. The cansheet market experiences price volatility due to the supply and demand balance for both aluminum ingot and sheet fabrication. The Company manages its aluminum supply and cost using various methods including long-term purchase contracts and hedging techniques.

ENERGY MATTERS

The Company uses natural gas, fuel oil, and coal as its primary fuel materials. The Company believes that adequate supplies of fuel and electricity are available at the present time, but cannot predict future availability or market prices. Where economically feasible, the Company has alternate fuel capability and limited electric generation which helps ensure continued operation of essential processes.

6

The energy commodity markets have experienced and will continue to experience significant price volatility due to perceived volatility of both supply and demand. The Company manages its energy costs using various methods including supply contracts, hedging techniques, and fuel switching.

BRAND NAMES AND TRADEMARKS

Some of the Company's major brand names used in its principal business segments are mentioned in the discussion above. The Company regards consumer recognition of and loyalty to all of its brand names and trademarks as extremely important to the long-term success of its principal business segments. The Company owns rights to its principal brand names and trademarks in perpetuity.

Edgar Filing: ANHEUSER-BUSCH COMPANIES, INC. - Form 10-K

RESEARCH AND DEVELOPMENT

The Company is involved in a number of research activities relating to the development of new products or services or the improvement of existing products or services. The dollar amounts expended by the Company during the past three years on such research activities and the number of employees engaged full time therein during such period, however, are not considered to be material in relation to the total business of the Company.

ENVIRONMENTAL PROTECTION

All of the Company's facilities are subject to federal, state, and local environmental protection laws and regulations, and the Company is operating within existing laws and regulations or is taking action aimed at assuring compliance therewith. Various proactive strategies are utilized to help assure this compliance. Compliance with such laws and regulations is not expected to materially affect the Company's capital expenditures, earnings, or competitive position. The Company has devoted considerable effort to research, development, and engineering of cost effective innovative systems to minimize effects on the environment from its operating facilities.

These projects, coupled with the Company's Environmental Management System and an overall Company emphasis on pollution prevention and resource conservation initiatives, are improving efficiencies and creating saleable by-products from residuals. They have generally facilitated lower cost operating systems while reducing the impact to air, water, and land.

ENVIRONMENTAL PACKAGING LAWS AND REGULATIONS

The states of California, Connecticut, Delaware, Hawaii, Iowa, Maine, Massachusetts, Michigan, New York, Oregon, and Vermont have adopted certain restrictive packaging laws and regulations for beverages that require deposits on packages. ABI continues to do business in these states. While such laws have not had a significant effect on ABI's market share, they have resulted in significantly higher beer prices over and above the cost of the deposit in those states that have adopted container deposit laws as well as had an adverse impact on beer industry growth in those states. The Company considers deposit laws to be inflationary, costly, and inefficient for recycling packaging materials. Congress and a number of additional states continue to consider similar legislation, the adoption of which might require the Company to incur significant capital expenditures to comply as some proposed container deposit laws would require the use of returnable, reusable bottles. As a result, the Company would be required to acquire equipment to receive, sort, inspect and clean bottles.

NUMBER OF EMPLOYEES

As of December 31, 2004, the Company had 31,435 full-time employees.

As of December 31, 2004, approximately 7,783 employees were represented by the International Brotherhood of Teamsters. Eighteen other unions represented approximately 1,147 domestic employees. In December 2003, employees represented by the Brewery and Soft Drink Conference of the International Brotherhood of Teamsters ("Teamsters") approved a new five-year labor contract. The new labor agreement between ABI and the Teamsters, which represents the majority of brewery workers, expires February 28, 2009.

The Company considers its employee relations to be good.

AVAILABLE INFORMATION

The Company maintains a website on the World Wide Web at www.anheuser-busch.com. The Company makes available, free of charge, on its website its annual reports on Forms 10-K, quarterly reports on Forms 10-Q, current reports on Forms 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, as soon as reasonably practicable after such reports are electronically filed with, or furnished to, the SEC. The Company's reports filed with, or furnished to, the SEC are also available on the SEC's website at www.sec.gov.

ITEM 2. PROPERTIES

ABI has twelve breweries in operation at the present time, located in St. Louis, Missouri; Newark, New Jersey; Los Angeles and Fairfield, California; Jacksonville, Florida; Houston, Texas; Columbus, Ohio; Merrimack, New Hampshire; Williamsburg, Virginia; Baldwinsville, New York; Fort Collins, Colorado; and Cartersville, Georgia. Title to the Baldwinsville, New York brewery is held by the Onondaga County Industrial Development Agency ("OCIDA") pursuant to a Sale and Agency Agreement with ABI, which enabled OCIDA to issue tax exempt pollution control and industrial development revenue notes and bonds to finance a portion of the cost of the purchase and modification of the brewery. The brewery is not pledged or mortgaged to secure any of the notes or bonds, and the Sale and Agency Agreement with OCIDA gives ABI the unconditional right to require at any time that title to the brewery be transferred to ABI. ABI's breweries operated at approximately 92.4% of capacity in 2004; during the peak selling periods (second and third quarters), they operated at maximum capacity.

The Company also owns a 97% equity interest in a joint venture that owns and operates a brewery in Wuhan, China. The Company also leases and operates the Stag Brewery near London, England. With its acquisition of Harbin Brewery Group, the Company now has thirteen breweries in northeast China. There are two breweries located in Harbin and one in each of Hailun, Yongji County (Jilin Province), Hegang, Changchun, Mudanjiang, Jiamusi, Daqing, Jinzhou, Tangshan, Shenyang, and Yanji.

The Company, through wholly-owned subsidiaries, operates malt plants in Manitowoc, Wisconsin, Moorhead, Minnesota, and Idaho Falls, Idaho; rice mills in Jonesboro, Arkansas and Woodland, California; hop farms in Bonners Ferry, Idaho and Huell, Germany; can manufacturing plants in Jacksonville, Florida, Columbus, Ohio, Arnold, Missouri, Windsor, Colorado, Newburgh, New York, Ft. Atkinson, Wisconsin, Rome, Georgia, and Mira Loma, California; can lid manufacturing plants in Gainesville, Florida, Oklahoma City, Oklahoma, and Riverside, California; a label plant in Clarksville, Tennessee; a crown and closure liner material plant in Bridgeton, Missouri; and an aluminum can recycling plant in Hayward, California. The Company operates a glass manufacturing plant in Jacinto City, Texas through a wholly-owned limited partnership.

BEC operates its principal family entertainment facilities in Tampa, Florida; Williamsburg, Virginia; San Diego, California; Orlando, Florida; and San Antonio, Texas. The Tampa facility is 336 acres, the Williamsburg facility is 323 acres, the San Diego facility is 166 acres, the Orlando facility is 247 acres, and the San Antonio facility is 316 acres.

Except for the Baldwinsville brewery, the can manufacturing plants in

Newburgh, New York and Rome, Georgia, the SeaWorld park in San Diego, California, the Stag Brewery, the brewery in Wuhan, China, and certain of the breweries owned by Harbin Brewery Group, all of the Company's principal properties are owned in fee. The lease for the land used by the SeaWorld park in San Diego, California expires in 2048. The Company leases the Stag Brewery from Scottish & Newcastle. In 1995, the joint venture that operates the brewery in Wuhan was granted the right to use the property for a period of 50 years from the appropriate governmental authorities. The Company considers its buildings, improvements, and equipment to be well maintained and in good condition, irrespective of dates of initial construction, and adequate to meet the operating demands placed upon them. The production capacity of each of the manufacturing facilities is adequate for current needs and, except as described above, substantially all of each facility's capacity is utilized.

ITEM 3. LEGAL PROCEEDINGS

The Company is a party to a lawsuit with the Maris Distributing Company. Information regarding this lawsuit is contained in Note 12, "Contingencies," on page 58 of the 2004 Annual Report to Shareholders, which Note hereby is incorporated by reference.

On February 6, 2004, the Company was served with a complaint brought by two individuals seeking to bring a class action on behalf of all California residents who, while they were under 21 years of age, purchased alcohol beverages manufactured by the Company and another defendant during the last four years. The suit sought disgorgement of unspecified profits earned by the Company in the past and other unspecified damages and equitable relief. The California state court has dismissed all causes of action with prejudice. The plaintiffs have indicated their intent to appeal.

A putative class action was brought against the Company (and many other defendants) in Ohio. In that suit, parents of illegal underage drinkers are suing to recover the sums that their offspring purportedly spent illegally buying alcohol from persons or entities other than the defendants. The suit alleges four causes of action against Anheuser-Busch: negligence, unjust enrichment, violation of the Ohio Consumer Sales Practices Act, and civil conspiracy. It seeks money damages, punitive damages, and injunctive and equitable relief, including so-called disgorgement of profits allegedly attributable to underage drinking. The Company removed the case to federal court in the Northern District of Ohio in June 2004. The Company has moved to dismiss this action, and that motion is fully briefed and awaiting decision.

The Company believes that it has strong legal and factual defenses to both of these class actions and intends to defend itself vigorously.

The Company is not a party to any other pending or threatened litigation, the outcome of which would be expected to have a material adverse effect upon its financial condition or its results of operations.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

There were no matters submitted to a vote of security holders, through the solicitation of proxies or otherwise, during the fourth quarter ended December 31, 2004.

ITEM 9A. CONTROLS AND PROCEDURES.

Edgar Filing: ANHEUSER-BUSCH COMPANIES, INC. - Form 10-K

It is the responsibility of the chief executive officer and chief financial officer to ensure the Company maintains disclosure controls and procedures designed to provide reasonable assurance that material information, both financial and non-financial, and other information required under the securities laws to be disclosed is identified and communicated to senior management on a timely basis. The Company's disclosure controls and

11

procedures include mandatory communication of material subsidiary events, automated accounting processing and reporting, management review of monthly and quarterly results, periodic subsidiary business reviews, an established system of internal controls and rotating internal control reviews by the Company's internal auditors.

The chief executive officer and chief financial officer evaluated the Company's disclosure controls and procedures as of the end of the quarter ended December 31, 2004 and have concluded that they are effective as of December 31, 2004 in providing reasonable assurance that such information is identified and communicated on a timely basis. Additionally, there were no changes in the Company's internal control over financial reporting identified in connection with the evaluation that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Management's Report on Internal Control Over Financial Reporting appears on page 40 of the 2004 Annual Report to Shareholders, which is incorporated by reference. The Report of Independent Registered Public Accounting Firm on Internal Control Over Financial Reporting appears on page 41 of the 2004 Annual Report to Shareholders, which is incorporated by reference.
