Cautionary Statement Regarding Forward-Looking Statements and information

The information presented or incorporated by reference herein contains both historical information and "forward-looking statements" within the meaning of the relevant sections of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and "forward-looking information" within the meaning of applicable Canadian securities laws, that state Gold Reserve Inc.'s (the "Company") intentions, hopes, beliefs, expectations or predictions for the future. Forward-looking statements and forward-looking information are collectively referred to herein as "forward-looking statements".

Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by the Company at this time, are inherently subject to significant business, economic and competitive uncertainties and contingencies that may cause the Company's actual financial results, performance, or achievements to be materially different from those expressed or implied herein and many of which are outside its control. Some of the material factors or assumptions used to develop forward-looking statements include, without limitation, the uncertainties associated with: the timing of the enforcement and collection of the amounts awarded (including pre and post award interest and legal costs) (the "Arbitral Award") by the International Centre for Settlement of Investment Disputes (the "ICSID") for the losses caused by Venezuela violating the terms of the treaty between the Government of Canada and the Government of Venezuela for the Promotion and Protection of Investments (the "Canada-Venezuela BIT") related to the Brisas Project (the "Brisas Arbitration"), actions and/or responses by the Venezuelan government to the Company's collection efforts related to the Brisas Arbitration, economic and industry conditions influencing the sale of the Brisas Project related equipment, and conditions or events impacting the Company's ability to fund its operations and/or service its debt.

Forward-looking statements involve risks and uncertainties, as well as assumptions, including those set out herein, that may never materialize, prove incorrect or materialize other than as currently contemplated which could cause the Company's results to differ materially from those expressed or implied by such forward-looking statements. The words "believe," "anticipate," "expect," "intend," "estimate," "plan," "may," "could" and other similar expressions that are predictions of or indicate future events and future trends which do not relate to historical matters, identify forward-looking statements. Any such forward-looking statements are not intended to provide any assurances as to future results.

Numerous factors could cause actual results to differ materially from those described in the forward-looking statements, including without limitation:

- the timing of the enforcement and collection of the Arbitral Award (as defined herein), if at all;
- the costs associated with the enforcement and collection of the Arbitral Award and the complexity and uncertainty of varied legal processes in various international jurisdictions;

Edgar Filing: GOLD RESERVE INC - Form 6-K

- the Company's current liquidity and capital resources and access to additional funding in the future when required;
- continued servicing or restructuring of the Company's outstanding notes or other obligations as they come due;
- shareholder dilution resulting from restructuring or refinancing the Company's outstanding notes and current accounts payable relating to the Company's legal fees;
- shareholder dilution resulting from the conversion of our outstanding notes in part or in whole to equity;
- shareholder dilution resulting from the sale of additional equity;
- value realized from the disposition of the remaining Brisas Project related assets, if any;
- value realized from the disposition of the Brisas Project Technical Mining Data (as defined herein), if any;
- prospects for exploration and development of other mining projects by the Company;
- ability to maintain continued listing on the TSX Venture Exchange or continued trading on the OTCQB;
- corruption, uncertain legal enforcement and political and social instability;
- currency, metal prices and metal production volatility;

- adverse U.S. and/or Canadian tax consequences;
- abilities and continued participation of certain key employees; and
- risks normally incident to the exploration, development and operation of mining properties.

This list is not exhaustive of the factors that may affect any of the company's forward-looking statements. See "Risk Factors" contained in the Company's Annual Information Form and Annual Report on Form 40-F filed on sedar.com and sec.gov, respectively for additional risk factors that could cause results to differ materially from forward-looking statements.

Investors are cautioned not to put undue reliance on forward-looking statements, and investors should not infer that there has been no change in the Company's affairs since the date of this report that would warrant any modification of any forward-looking statement made in this document, other documents periodically filed with or furnished to the U.S. Securities and Exchange Commission (the "SEC") or other securities regulators or documents presented on the Company's website. Forward-looking statements speak only as of the date made. All subsequent written and oral forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by this notice. The Company disclaims any intent or obligation to update publicly or otherwise revise any forward-looking statements or the foregoing list of assumptions or factors, whether as a result of new information, future events or otherwise, subject to the Company's disclosure obligations under applicable U.S. and Canadian securities regulations. Investors are urged to read the Company's filings with U.S. and Canadian securities regulatory agencies, which can be viewed online at www.sec.gov and www.sedar.com, respectively.
