-

**Section 2 - Financial Information**

**Item 2.02. Results of Operation and Financial Condition.**

The information contained in this Current Report is being furnished under Item 2.02. As such, the information contained herein shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of that section, nor shall such information be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

On November 3, 2005, Scientific Games Corporation (the Company) issued a press release announcing, among other things, results for the three months and nine months ended September 30, 2005. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

The Company's press release, in addition to containing results that are determined in accordance with accounting principles generally accepted in the United States of America (GAAP), also contains the Company's EBITDA results, which are non-GAAP earnings results that exclude certain items. EBITDA, as used in the press release, represents operating income plus depreciation and amortization expenses. EBITDA is included in the press release as, among other things, it is a basis upon which the Company assesses its financial performance, and it provides useful information regarding the Company's ability to service its debt. In addition, EBITDA is useful to investors in evaluating the Company's financial performance because it is a commonly used financial analysis tool for measuring and comparing gaming companies in several areas of liquidity, operating performance and leverage. EBITDA should not be considered in isolation or as an alternative to net income, cash flows from operations, or other consolidated income or cash flow data prepared in accordance with GAAP as measures of the Company's profitability or liquidity. EBITDA as used in the press release may differ from similarly titled measures presented by other companies. A table reconciling EBITDA to GAAP net income is included in the condensed consolidated financial statement data included in the Company's press release. Also included in the Company's press release is certain net income information presented on a pro forma, non-GAAP, basis to indicate the effect of certain items noted in the press release; a table reconciling such pro forma net income information to GAAP net income is included in the Company's press release.
