Item 8.01. Other Events

On Dec. 7, 2007, Northern States Power Company, a Minnesota Corporation and wholly owned subsidiary of Xcel Energy, filed with the North Dakota Public Service Commission (NDPSC), a request to increase electric rates by \$20.5 million, representing an overall increase of 14 percent, primarily related to increased capital investments and rising operating costs required to provide service. The request is based on a common equity ratio of 51.77 percent, a return on equity of 11.5 percent and a jurisdictional rate base of approximately \$242 million. If the NDPSC suspends the case, interim rates are proposed to become effective on Feb. 5, 2008, representing an average increase in revenues of 11.49 percent. Final rates are expected to be effective late in the summer of 2008.
