Pan American's mission is to be the world's largest low-cost primary silver mining company. We have seven operating mines in Mexico, Peru, Argentina and Bolivia. We also own the Navidad project in Chubut, Argentina, one of the world's largest undeveloped silver deposits, and are the operator of the La Preciosa project in Durango, Mexico.

We are seeking shareholder approval to issue Pan American shares in connection with our acquisition of Minefinders Corporation Ltd., a Vancouver-based precious metals company whose principal property is the Dolores mine, a multi-million ounce long-life, low-cost gold and silver mine located in Chihuahua, Mexico.

Dear Shareholder:

You are invited to attend a special meeting (the **Special Meeting**) of shareholders of Pan American Silver Corp. (**Pan American**) to be held on Monday, March 26, 2012 at 9:00 a.m. (Vancouver time) in the Vancouver Room of the Metropolitan Hotel, 645 Howe Street, Vancouver, British Columbia.

At the Special Meeting you will be asked to consider an ordinary resolution (the **Share Issuance Resolution**) to approve the issuance of Pan American Shares in connection with Pan American's proposed acquisition of all of the issued and outstanding common shares of Minefinders Corporation Ltd. (**Minefinders**) by way of a plan of arrangement (the **Arrangement**) under the *Business Corporations Act* (Ontario).

The Circular that accompanies this letter contains a detailed description of the Arrangement as well as detailed information regarding Pan American and Minefinders and certain *pro forma* and other information regarding Pan American after giving effect to the Arrangement. It also includes certain risk factors relating to the completion of the Arrangement. Please give this material your careful consideration.

Minefinders is a precious metals mining and exploration company and operates the multi-million ounce Dolores gold and silver mine in Mexico. The acquisition of Minefinders is logical and consistent with Pan American's vision to become the largest low-cost primary producer of silver in the world.

Under the Arrangement, Minefinders' shareholders can elect to receive, in exchange for each Minefinders share they hold, either: (i) 0.55 Pan American shares and Cdn.\$1.84 in cash; (ii) 0.6235 Pan American shares and Cdn.\$0.0001 in cash; or (iii) Cdn.\$15.60 in cash, subject to proration under total aggregate cash and share pools. The total transaction value is approximately Cdn.\$1.38 billion. Following completion of the transaction, former Minefinders securityholders will own up to approximately 32% of Pan American on a fully-diluted basis.

The Arrangement also provides for the treatment of outstanding options of Minefinders, which will be exchanged for options of Pan American (**Replacement Options**). A maximum of 53,666,003 Pan American shares will be issuable in connection with the Arrangement and upon the exercise of all Replacement Options. The Share Issuance Resolution will authorize Pan American to issue up to this number of Pan American shares. A maximum of approximately \$178.8 million will be payable to Minefinders securityholders in connection with the Arrangement.

AFTER CAREFUL CONSIDERATION OF THE ARRANGEMENT, THE BOARD OF DIRECTORS OF PAN AMERICAN UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE IN FAVOUR OF THE SHARE ISSUANCE RESOLUTION.

In order to become effective, the Share Issuance Resolution must be approved by at least a majority of the votes cast by Pan American's shareholders (50% plus one vote), either present in person or by proxy at the Special Meeting. Approval of the Share Issuance Resolution is required for completion of the Arrangement as, pursuant to the listing rules of the Toronto Stock Exchange and the Nasdaq Global Market, a listed company is generally required to obtain shareholder approval in connection with an acquisition transaction where the number of securities issued or issuable in payment of the purchase

price for the acquisition exceeds, in the case of the Toronto Stock Exchange, 25%, and in the case of the Nasdaq Global Market 20%, of the number of outstanding securities of the listed issuer, on a non-diluted basis, prior to the date of closing of the transaction.

In order to become effective, among other things, the Arrangement also requires the approval of the securityholders of Minefinders and the Superior Court of Justice of Ontario, and the satisfaction of certain closing conditions customary to transactions of this nature. Assuming that all conditions to the Arrangement are satisfied, we expect the Arrangement to be completed on or about March 30, 2012.

Your vote is very important. Whether or not you plan to attend the Special Meeting, please submit your vote as soon as possible to ensure your views are represented at the Special Meeting. You can vote online or by phone, fax, mail or in person at the Special Meeting.

Notice to United States Securityholders

NEITHER THE ARRANGEMENT NOR THE SECURITIES ISSUABLE IN CONNECTION WITH THE ARRANGEMENT HAVE BEEN APPROVED OR DISAPPROVED BY THE SEC OR THE SECURITIES REGULATORY AUTHORITIES IN ANY STATE, NOR HAS THE SEC OR THE SECURITIES REGULATORY AUTHORITIES IN ANY STATE PASSED UPON THE FAIRNESS OR MERITS OF THE ARRANGEMENT OR UPON THE ADEQUACY OR ACCURACY OF THE INFORMATION CONTAINED IN THIS CIRCULAR. The securities to be issued under the Arrangement have not been registered under the U.S. Securities Act or any state securities laws and are being issued in reliance on the exemption from registration set forth in Section 3(a)(10) of the U.S. Securities Act and applicable state securities laws on the basis of the approval of the Court which will consider, among other things, the fairness of the terms and conditions of the Arrangement to Minefinders Securityholders. Section 3(a)(10) of the U.S. Securities Act provides an exemption from registration under the U.S. Securities Act for offers and sales of securities issued in exchange for one or more outstanding securities where the terms and conditions of the issuance and exchange of such securities have been approved by a court authorized to grant such approval after a hearing upon the fairness of the terms and conditions of the issuance and exchange at which all persons to whom the securities will be issued have the right to appear and have received adequate notice thereof. disclosure requirements applicable in Canada and in accordance with Canadian corporate and securities laws. Securityholders in the United States should be aware that disclosure requirements under Canadian securities laws may be different from requirements of the United States.

Unless otherwise indicated, all mineral reserve and mineral resource estimates contained in or incorporated by reference in this Circular have been prepared in accordance with NI 43-101 and the Canadian Institute of Mining, Metallurgy and Petroleum Classification System. NI 43-101 is a rule developed by the Canadian Securities Administrators which establishes standards for all public disclosure an issuer makes of scientific and technical information concerning mineral projects. These standards differ significantly from the requirements of the SEC and United States securities laws. Without limiting the foregoing, this Circular, including the documents incorporated by reference herein, use the terms "measured mineral resources", "indicated mineral resources" and "inferred mineral resources". United States securityholders are advised that, while such terms are recognized and required by Canadian securities laws, the SEC does not recognize them. Under United States standards, mineralization may not be classified as a "reserve" unless the determination has been made that the mineralization could be economically and legally produced or extracted at the time the reserve determination is made. United States securityholders are cautioned not to assume that all or any part of measured or indicated mineral resources will ever be converted into reserves. Further, "inferred mineral resources" have a great amount of uncertainty as to their existence and as to whether they can be mined legally or economically. It cannot be assumed that all or any part of "inferred mineral resources" will ever be upgraded to a higher category. Therefore, United States securityholders are also cautioned not to assume that all or any part of the inferred resources exist, or that they can be mined legally or economically. Disclosure of "contained ounces" is permitted disclosure under Canadian regulations, however, the SEC normally only permits issuers to report "resources" as in place tonnage and grade without reference to unit measures. Accordingly, information concerning descriptions of mineralization and resources contained in this Circular or in the documents incorporated by reference, may not be comparable to information made public by United States companies subject to the reporting and disclosure requirements of the SEC.

Financial statements included or incorporated by reference in this Circular have been prepared in accordance with GAAP or IFRS, which differ from U.S. generally accepted accounting principles in certain material respects, and thus they may not be comparable to financial statements of U.S. companies. The issuance of Pan American Shares in connection with the acquisition of the Minefinders Shares and Minefinders Options as described in this Circular should not result in any Canadian or United States federal income tax consequences to our shareholders with respect to their ownership of Pan American Shares.

The enforcement by securityholders of civil liabilities under U.S. securities laws may be affected adversely by the fact that each of Pan American and Minefinders is incorporated or organized outside the United States, that some or all of their respective directors and officers and the experts named in this Circular are not residents of the United States and that all or a substantial portion of their respective assets and said persons may be located outside the United States. As a result, it may be difficult or impossible for U.S. securityholders to effect service of process within the United States upon Pan American or Minefinders, their respective officers and directors or the experts named herein, or to realize against them upon judgments of courts of the United States predicated upon civil liabilities under the federal securities laws of the United States or "blue sky" laws of any state within the United States. In addition, U.S. securityholders should not assume that the courts of Canada: (a) would enforce judgments of United States courts obtained in actions against such persons predicated upon civil liabilities under the federal securities laws of the United States or "blue sky" laws of any state within the United States; or (b) would enforce, in original actions, liabilities against such persons predicated upon civil liabilities under the federal securities laws of the United States or "blue sky" laws of any state within the United States.

Frequently Asked Questions

What is this document?

This Circular is being sent to you in connection with the Special Meeting of Pan American Shareholders that will be held on Monday, March, 26, 2012 at 9:00 a.m. (Vancouver time) in the Vancouver Room of the Metropolitan Hotel, 645 Howe Street, Vancouver, British Columbia. This Circular provides additional information about the business of the Special Meeting, Pan American and Minefinders. A form of proxy or voting instruction form accompanies this Circular.

Why is the Special Meeting being held?

We are holding the meeting in order to approve the issuance of Pan American Shares in connection with the Arrangement. Under the rules of the TSX and Nasdaq, a listed company is generally required to obtain shareholder approval in connection with an acquisition transaction where the number of securities issued or issuable in payment of the purchase price for the acquisition exceeds 25%, in the case of the TSX, and 20%, in the case of Nasdaq, of the number of outstanding securities of the listed issuer, on a non-diluted basis, prior to the date of closing of the transaction. **As the Arrangement will result in us issuing in excess of 25% of the outstanding Pan American Shares, approval of the Share Issuance Resolution by a simple majority (50% plus one vote) of votes cast at the Special Meeting by our shareholders, present in person or by proxy, is required.** The text of the Share Issuance Resolution is set out in full at Schedule B to this Circular.

Who is eligible to vote?

Holders of our shares at the close of business on the Record Date (February 14, 2012) and their duly appointed representatives are eligible to vote. Each Pan American Share is entitled to one vote.

Who is soliciting my proxy?

Proxies are being solicited in connection with this Circular by Pan American's management. Pan American will bear the costs associated with the solicitation. The solicitation will be made primarily by mail, but proxies may also be solicited personally by regular employees of the Company to whom no additional compensation will be paid. In addition, we have retained the services of Kingsdale who may contact you by telephone to solicit proxies for the Company. We estimate Kingsdale's fees will be approximately Cdn.\$150,000.

What is the Arrangement?

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

The Arrangement involves us acquiring all of the issued and outstanding Minefinders Shares. Under the Arrangement, Minefinders Shareholders can elect to receive, in exchange for each of their Minefinders Shares, either: (i) 0.55 Pan American Shares and Cdn.\$1.84 in cash (the Full Proration Option); or (ii) 0.6235 Pan American Shares and Cdn.\$0.0001 in cash (the Pan American Share Option); or (iii) Cdn.\$15.60 in cash (the Cash Option), subject to proration on the basis of the Available Cash Amount (up to approximately Cdn.\$178.8 million), and the Available Share Amount (up to approximately 53,452,000 Pan American Shares). The calculations of the maximum cash and the maximum number of shares that may comprise the Available Cash Amount and the Available Share Amount, respectively, are based on certain assumptions; see Business to be Acted Upon at the Special Meeting Share Issuance Resolution . The total transaction value is approximately Cdn.\$1.38 billion.

Each outstanding Minefinders Option not exercised at or before the Effective Time will be exchanged for a Replacement Option that will entitle the holder to receive, upon exercise, 0.6235 (the Option Exchange Ratio) Pan American Shares at an exercise price equal to the exercise price of the Minefinders Option divided by the Option Exchange Ratio (subject to rounding and adjustment pursuant to the Plan of Arrangement) and otherwise with the same general terms and conditions as the original Minefinders Option (subject to an extension of term for all Replacement Options for which Minefinders 2011 Options are exchanged; see The Arrangement Replacement Options).

The Arrangement is being carried out pursuant to the terms of an Arrangement Agreement between Pan American and Minefinders and will be conducted in accordance with a court-approved Plan of Arrangement under the OBCA.

Following completion of the Arrangement, assuming the maximum number of 53,666,003 Pan American Shares are issued and issuable to Minefinders Securityholders in connection with the Arrangement, it is expected that the current Pan American Shareholders and former Minefinders Securityholders will hold approximately 68% and 32% of the outstanding Pan American Shares, respectively (each on a fully-diluted basis).

Why is Pan American proposing to acquire Minefinders?

Minefinders is a precious metals mining and exploration company that operates the multi-million ounce Dolores gold and silver mine in Chihuahua, Mexico. Pan American believes the acquisition of Minefinders is logical and consistent with our vision to become the largest low-cost primary producer of silver in the world for the following reasons:

- **Creates leading silver mining company:** The combined company will be one of the largest geographically diversified silver mining companies with a combined market capitalization of approximately Cdn.\$3.7 billion, providing enhanced capital markets scale and profile and increased strategic flexibility. The combined company will have a leading and well sequenced growth profile combining immediate access to near-term cash flow with significant future growth opportunities.
- **Lowers production costs:** Meaningfully reduces our average silver cash costs across our portfolio of producing mines through the addition of low-cost, near-term production from the Dolores mine.
- **Provides near term cash flow:** The transaction provides us with additional near-term cash flow to help finance our development of the Navidad project, and reduces our need to seek other dilutive financing.
- **Leading growth profile:** Combined production for the year ended 2011 of approximately 26 million ounces of silver (based on Pan American 2011 guidance and Minefinders disclosed 2011 results) is expected to reach over 50 million ounces by the year 2015. Minefinders Dolores property also provides a number of attractive near-term opportunities (including a potential mill addition), to drive production growth prior to the expected commencement of production at Pan American's Navidad project.

- **Enhances portfolio diversification:** The transaction diversifies Pan American's portfolio towards producing assets from developing assets. The combined company will consist of eight operating mines and an extensive portfolio of development and exploration projects in jurisdictions throughout the Americas. The combined company will enjoy a greater presence in Mexico, a mining-friendly jurisdiction where we already have extensive operations and which is

viewed by analysts as having less political risk than certain other South American jurisdictions in which we currently operate. Based on expected silver production in 2011, approximately 52% of combined production will be from mines in Mexico, 21% from Peru, 15% from Argentina and 12% from Bolivia.

- **Significant silver mineral reserves and mineral resources:** The combined company will have a significant mineral reserve base consisting of 350 million ounces of proven and probable silver mineral reserves and 3.0 million ounces of proven and probable gold mineral reserves with additional measured and indicated mineral resources of 742 million ounces of silver and 2.0 million ounces of gold and inferred mineral resources of 265 million ounces of silver and 1.4 million ounces of gold, as of the end of December 2010.
- **Strong balance sheet and access to capital:** The additional cash flow from Minefinders Dolores property will solidify our ability to fund our industry-leading growth profile without equity dilution while maintaining our existing dividend payments. The *pro forma* company will have a cash balance of approximately \$570 million, undrawn credit facilities in the amount of \$150 million, substantial cash flow generating capacity and negligible debt. In addition, our shares will remain one of the world's most liquid silver investments with listings on both the TSX and Nasdaq and with one of the largest public market floats of primary silver producers.
- **Attractive re-rating opportunity:** The valuation of the combined company will be well positioned to benefit from enhanced scale, diversification and growth profile as well as strong transaction rationale.

What does the Pan American Board think about the Arrangement?

AFTER CAREFUL CONSIDERATION OF THE ARRANGEMENT, THE PAN AMERICAN BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE IN FAVOUR OF THE SHARE ISSUANCE RESOLUTION.

Has Pan American received a fairness opinion in connection with the Arrangement?

Yes. Two, in fact. CIBC (exclusive financial advisor to Pan American) and Scotia Capital (independent fairness opinion provider to the Pan American Board) have each provided fairness opinions to the effect that, as of January 20, 2012, and based upon and subject to the assumptions, limitations and qualifications set forth in their opinions, the Consideration to be paid by us pursuant to the Arrangement Agreement is fair, from a financial point of view, to Pan American. The full text of the opinions can be found at Schedules D and E to this Circular.

How many Pan American Shares could be issued pursuant to the Arrangement?

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

A maximum of 53,666,003 Pan American Shares will be issuable in connection with the Arrangement. The Share Issuance Resolution will authorize Pan American to issue up to this number of Pan American Shares.

How does Pan American intend to pay for the Arrangement?

Pan American intends to fund the Available Cash Amount (of up to approximately Cdn.\$178.8 million) to be paid to Minefinders Shareholders under the Arrangement from cash on hand.

The Cdn.\$42 million Pan American Termination Payment will only be payable if, prior to such termination, an Acquisition Proposal for Pan American was made or publicly announced by any person other than Minefinders, and within 12 months following the date of such termination, we enter into a definitive agreement in respect of one or more Acquisition Proposals or there shall have been consummated one or more Acquisition Proposals for Pan American. In this case, we would be entitled to deduct the Pan American Expense Payment from the Pan American Termination Payment if any such payment was made to Minefinders.

How do I vote?

If you are a registered shareholder, you may vote your shares by proxy or you can attend the Special Meeting and vote in person. Voting by proxy is the easiest way to vote because you re appointing the persons named in the proxy or some other person you choose, who need not be a Pan American Shareholder, to represent you as a proxyholder and vote your shares at the Special Meeting.

There are different ways to submit your voting instructions depending on whether you are a registered or non-registered shareholder.

If your shares are held in an account with a bank, trust company, securities broker, trustee or other intermediary, please refer to the answer to the question How do I vote if my shares are held in the name of an intermediary?

How do I vote my shares in person?

If you are a registered shareholder and plan to attend the Special Meeting on March 26, 2012, and you wish to vote your Pan American Shares in person at the meeting, do not complete the enclosed form of proxy, as your vote will be taken and counted at the Special Meeting. Please register with Pan American s transfer agent, Computershare, upon arrival at the Special Meeting.

If your Pan American Shares are held in an account with an intermediary, please see the answer to the question How do I vote if my shares are held in the name of an intermediary?

You may own Pan American Shares in one or both of the following ways:

Most of our shareholders are beneficial owners who are non-registered Pan American Shareholders. Their shares are registered in the name of an intermediary, such as a bank, trust company, securities broker, trustee, custodian or other nominee who holds the shares on their behalf, or in the name of a clearing agency in which the intermediary is a participant (such as CDS). Intermediaries have obligations to forward meeting materials to such non-registered holders unless otherwise instructed by the holder (and as required by regulation in some cases, despite such instructions).

OBOs are beneficial Pan American Shareholders who do not want us to know their identity.

NOBOs are beneficial Pan American Shareholders who do not object to us knowing their identity.

We can deliver proxy-related materials directly to NOBOs. Our transfer agent, Computershare, sends NOBOs the Special Meeting materials and a voting instruction form, along with instructions for completing the form and returning it to them. Computershare is responsible for following the voting instructions it receives, tabulating the results and then providing appropriate instructions at the Special Meeting.

If you're an OBO, we must send the Special Meeting materials to your intermediary so they or their service company can forward them to you. The package includes a request for voting instruction form or a form of proxy for you to complete.

If my shares are held in the name of an intermediary, will they automatically vote my shares for me?

How to vote

You can vote by proxy or voting instruction form or you can attend the Special Meeting and vote your shares in person.

Voting by Proxy or Voting Instruction Form

Voting by proxy or by voting instruction form is the easiest way to vote. It means you are giving someone else (called your proxyholder) the authority to attend the Special Meeting and vote your shares for you.

There are different ways to submit your voting instructions, depending on whether you are a registered or non-registered shareholder.

You are a *registered* shareholder if your name appears on your share certificate.

You are a *non-registered* shareholder if your bank, trust company, securities broker, trustee or other financial institution holds your shares (your *nominee*). This means the shares are registered in your nominee's name, and you are the *beneficial* shareholder.

Business to be Acted Upon at the Special Meeting

Items of Business

We will cover two items of business at the Special Meeting:

1. *Share Issuance Resolution*

Shareholders will be asked to consider and vote on the Share Issuance Resolution, described below. The Share Issuance Resolution authorizes Pan American to issue up to 53,666,003 Pan American Shares in connection with the Arrangement, pursuant to which Pan American will acquire all of the issued and outstanding Minefinders Shares. The full text of the Share Issuance Resolution is attached as Schedule B to this Circular.

After careful consideration of the Arrangement, the Pan American Board **UNANIMOUSLY RECOMMENDS** that Pan American Shareholders **VOTE IN FAVOUR** of the Share Issuance Resolution.

2. *Other business*

We will also consider other matters that properly come before the Special Meeting. As of the date of this Circular, we are not aware of any other items of business to be considered at the Special Meeting.

Share Issuance Resolution

As set out in the Notice of Meeting, at the Special Meeting shareholders will be asked to consider and vote on the Share Issuance Resolution in connection with the Arrangement.

The Arrangement involves the acquisition by us of all of the issued and outstanding Minefinders Shares. Under the Arrangement, Minefinders Shareholders can elect to receive, in exchange for each Minefinders Share held, either: (i) 0.55 Pan American Shares and Cdn.\$1.84 in cash (the Full Proration Option); or (ii) 0.6235 Pan American Shares and Cdn.\$0.0001 in cash (the Pan American Share Option); or (iii) Cdn.\$15.60 in cash (the Cash Option), subject to proration on the basis of the Available Cash Amount (up to approximately Cdn.\$178.8 million) and the Available Share Amount (up to approximately 53,452,000 Pan American Shares) assuming, in each case, the exercise and conversion of all Minefinders Options and Minefinders Convertible Notes(1) prior to the Effective Time).

Each outstanding Minefinders Option not exercised at or before the Effective Time will be exchanged for a Replacement Option that will entitle the holder to receive, upon the exercise thereof, 0.6235 (the Option Exchange Ratio) Pan American Shares at an exercise price equal to the exercise price of the Minefinders

(1) Assuming a conversion ratio of 125 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. The Minefinders Convertible Notes are convertible into Minefinders Shares at a conversion ratio of 83.5422 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. If the Arrangement becomes effective, Minefinders Convertible Noteholders may be entitled to receive a conversion premium in the form of Additional Shares as provided in the Indenture. The number of Additional Shares is calculated at the Effective Date based in part on the volume weighted average price of the Minefinders Shares for the five trading days prior to the Effective Date subject to a maximum of 125 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. Since the number of Additional Shares cannot be calculated until after the close of trading on the trading day preceding the Effective Date, any Additional Shares issuable in respect of Minefinders Convertible Notes converted prior to the Effective Date will be issued immediately prior to the Effective Time. If the Arrangement is not completed, Minefinders Convertible Noteholders will not be entitled to receive any conversion premium.

Option divided by the Option Exchange Ratio (subject to rounding and adjustment pursuant to the Plan of Arrangement) and otherwise with the same general terms and conditions as the original Minefinders Option (subject to an extension of term for all Replacement Options for which Minefinders 2011 Options are exchanged; see The Arrangement Replacement Options).

The Arrangement is being carried out pursuant to the terms of the Arrangement Agreement and will be conducted in accordance with a court-approved Plan of Arrangement under the OBCA.

The maximum number of Pan American Shares issuable in connection with the Arrangement is 53,666,003 (51.4% of the number of Pan American Shares issued and outstanding as of the date of this Circular; 47% of such number on a fully-diluted basis), which number includes, for greater certainty, the Option Shares that could be issued in the event that all of the outstanding Minefinders Options are exchanged for Replacement Options and such options are exercised after the Effective Date, and the maximum number of Pan American Shares issuable assuming conversion of all of the outstanding Minefinders Convertible Notes⁽¹⁾ prior to the Effective Date.

Following completion of the Arrangement, assuming the maximum number of 53,666,003 Pan American Shares are issued and issuable to Minefinders Securityholders in connection with the Arrangement, it is expected that the current Pan American Shareholders and former Minefinders Securityholders will hold approximately 68% and 32% of the outstanding Pan American Shares, respectively (each on a fully-diluted basis).

As a result of the issuance of Pan American Shares in connection with the Arrangement, your ownership and voting interests in Pan American will be diluted, relative to your current proportional ownership and voting interests.

Pursuant to the rules of the TSX and Nasdaq, a listed company is generally required to obtain shareholder approval in connection with an acquisition transaction where the number of securities issued or issuable in payment of the purchase price for the acquisition exceeds 25%, in the case of the TSX, and 20%, in the case of Nasdaq, of the number of securities of the listed issuer which are outstanding, on a non-diluted basis, prior to the date of closing of the transaction. **As the Arrangement will result in us issuing in excess of 25% of the outstanding Pan American Shares, Pan American Shareholder Approval is required. It is a condition of the Arrangement Agreement which governs the acquisition of Minefinders that the Share Issuance Resolution be approved by a simple majority (50% plus one vote) of votes cast at the Special Meeting by our shareholders, present in person or by proxy.**

Record Date

The Board has passed a resolution to fix the close of business (Vancouver time) on February 14, 2012 as the Record Date for the determination of the registered Pan American Shareholders who will be entitled

(1) Assuming a conversion ratio of 125 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. The Minefinders Convertible Notes are convertible into Minefinders Shares at a conversion ratio of 83.5422 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. If the Arrangement becomes effective, Minefinders Convertible Noteholders may be

entitled to receive a conversion premium in the form of Additional Shares as provided in the Indenture. The number of Additional Shares is calculated at the Effective Date based in part on the volume weighted average price of the Minefinders Shares for the five trading days prior to the Effective Date subject to a maximum of 125 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. Since the number of Additional Shares cannot be calculated until after the close of trading on the trading day preceding the Effective Date, any Additional Shares issuable in respect of Minefinders Convertible Notes converted prior to the Effective Date will be issued immediately prior to the Effective Time. If the Arrangement is not completed, Minefinders Convertible Noteholders will not be entitled to receive any conversion premium.

The Arrangement

General

This section provides material information about our acquisition of Minefinders pursuant to the Arrangement. The Arrangement is governed by both the Arrangement Agreement and the Plan of Arrangement. Both the Pan American Board and the Minefinders Board have approved the Arrangement Agreement.

The Arrangement Agreement and the Plan of Arrangement provide that we will acquire all of the outstanding Minefinders Shares subject to, among other things:

approval of the Share Issuance Resolution by the Pan American Shareholders;

approval of the Minefinders Resolution by Minefinders Shareholders voting as a single class and by Minefinders Securityholders voting as a single class;

approval of the Arrangement by the Court and approvals of the relevant stock exchanges; and

satisfaction of certain closing conditions customary to transactions of this nature.

Pursuant to the Plan of Arrangement, each outstanding Minefinders Share will be transferred by the holder thereof to Acquireco. Minefinders and Acquireco will then be amalgamated and continued as one corporation under the OBCA, with Minefinders surviving the Amalgamation (we call such surviving entity, Amalco). Amalco will be a wholly owned subsidiary of Pan American.

If permitted by applicable laws, we intend to delist the Minefinders Shares from the TSX and the NYSE Amex as soon as practicable following the Effective Date and to apply for a decision for Minefinders to cease to be a reporting issuer under the Securities laws of each jurisdiction of Canada in which it is a reporting issuer.

Under the OBCA, the Court must approve the Plan of Arrangement. If, among other things, Pan American Shareholder Approval is obtained at the Special Meeting and Minefinders Shareholder Approval and Minefinders Combined Securityholder Approval is obtained at the Minefinders Meeting, the Court will hold a hearing regarding the Final Order. The Court will consider, among other things, the fairness and reasonableness

of the Arrangement. The Court may approve the Arrangement in any manner the Court may direct, subject to compliance with such terms and conditions, if any, as the Court deems fit.

Background to the Arrangement

Our mission is to be the largest and lowest cost primary silver mining company worldwide. Our growth strategy is based on increasing low-cost silver production through: the efficient operation and expansion of our existing mines; an aggressive exploration program to replace the silver ounces mined each year and increase our silver reserves and resources; and the acquisition and development of new silver-rich deposits. Our management regularly reviews the activities of other silver and precious metals mining, development and exploration companies for the purpose of identifying and investigating prospective silver assets and transactions that could complement our existing operations and advance our strategic goals.

During the period from 2008 to 2011, we investigated a number of potential strategic acquisitions, entered into a number of confidentiality agreements with interested parties, and our technical teams conducted due diligence on numerous projects and companies. As a result of these corporate development activities in addition to the current Arrangement Agreement with Minefinders - we also acquired an interest and operatorship in the La Preciosa silver development project in Durango, Mexico in April 2009 and acquired Aquiline Resources Inc., which owned the Navidad silver development project in Chubut, Argentina, by way of a friendly take-over bid in December 2009.

Our President and Chief Executive Officer, Geoff Burns, was first introduced to Mark Bailey, Minefinders President and Chief Executive Officer, at the Denver Gold Show in September 2008. At this informal introductory meeting, Mr. Burns and Mr. Bailey generally discussed the operations of Pan American and Minefinders and the possible merits of exploring a potential combination of the two companies.

On October 16, 2008, we entered into a confidentiality and non-disclosure agreement with Minefinders under which Minefinders allowed us access to certain confidential information relating to Minefinders and its business operations. Shortly thereafter, Minefinders granted us access to a confidential data room containing technical information, and we conducted desktop technical due diligence on Minefinders and its Dolores mine located in Chihuahua, Mexico.

On October 21, 2008, Michael Steinmann, our Executive Vice President, Geology & Exploration, and Martin Wafforn, our Vice President, Technical Services, travelled to Golden, Colorado, USA, to review mineral resource estimates for the Dolores mine at the offices of Chlumsky, Armbrust & Meyer, LLC ("CAM"), an external consultant that had been engaged by Minefinders. From October 28 to 30, 2008, Mr. Steinmann, Mr. Wafforn and Steve Busby, our Chief Operating Officer, conducted a site visit of the Dolores mine. In the two months that followed this site visit, further meetings took place among Mr. Bailey, Mr. Burns and Robert Pirooz, our General Counsel, which involved general discussions regarding us acquiring Minefinders.

Between November 3 and November 4, 2008, Mr. Steinmann and Mr. Busby travelled to Minefinders exploration offices located in Reno, Nevada, USA to conduct a review of Minefinders exploration programs. On December 19, 2008, we entered into a confidentiality and non-disclosure agreement with Minefinders under which we allowed Minefinders access to certain confidential information relating to us and our business operations.

With the market collapse in late 2008, however, the parties decided not to pursue a potential transaction at that time.

In February and March 2009, Minefinders conducted reciprocal due diligence on certain of our properties. Minefinders technical personnel visited our Manantial Espejo mine, in Argentina and our Alamo Dorado mine in Mexico.

In early March 2009, Mr. Burns met with Minefinders senior management at the Global Metals and Mining Conference that was held by BMO Capital Markets in Florida and reinitiated discussions about a potential transaction. On March 26, 2009, Mr. Steinmann, Mr. Wafforn, Mr. Busby and Joe Phillips (our former Senior Vice President, Project Development) undertook a second site visit to the Dolores mine.

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

In June 2009, we delivered a non-binding proposal letter to Minefinders with indicative terms for a potential acquisition of Minefinders. Following a review of the proposal, the Minefinders Board determined not to proceed with the proposed transaction at that time given the proposed terms and the then prevailing market conditions. However, the respective management teams of Pan American and Minefinders agreed to consider discussions in the future if warranted.

On March 1, 2011, Mr. Burns and Mr. Bailey met informally at the Global Metals and Mining Conference held by BMO Capital Markets in Florida, and after discussions concerning recent developments for Pan American and Minefinders, they agreed to renew the two companies' previous confidentiality agreements with each other so that we could update our due diligence on Minefinders' projects and the parties could, if interested, resume discussions regarding a possible transaction. We renewed our confidentiality and non-disclosure agreement with Minefinders on March 14, 2011 pursuant to which Minefinders agreed to disclose certain confidential information to us. On March 22, 2011, management provided the Board with an update on the recent developments with respect to re-initiation of discussions between Pan American and Minefinders. Between March 30 and April 1, 2011, a further site visit of the Dolores property was conducted by Mr. Steinmann, Mr. Wafforn, Mr. Busby, Doug Ward, our Director, Business Development, and Wade Stogran, our Director, Environmental Services. During this site visit, among other matters, our technical team reviewed Minefinders' geological model and life-of-mine plan for the Dolores mine. Based on this information, our technical team prepared its own geological model for Dolores and an economic valuation model for Dolores based on Minefinders' life-of-mine plan. In addition, on May 9, 2011, Mr. Steinmann, Mr. Ward and Pamela DeMark, our Director, Resources, attended CAM's offices and conducted another mineral reserve review relating to the Dolores mine. In May 2011, our senior management made a presentation to the Pan American Board concerning Minefinders and proposed transaction terms.

Based on a positive response from our initial due diligence, Minefinders renewed its confidentiality and non-disclosure agreement with us on May 27, 2011, under which we agreed to disclose certain confidential information to Minefinders. In early June 2011, we provided Minefinders with access to our confidential data room containing technical, financial and corporate information. Later that month, Minefinders' senior technical personnel and independent director Bob Gilroy conducted site visits of our Manantial Espejo, Alamo Dorado and La Colorada mines.

On July 8, 2011, we entered into an engagement agreement with CIBC (effective as of June 27, 2011) pursuant to which CIBC agreed to act as our financial advisor in connection with a potential transaction with Minefinders.

On July 11, 2011, we submitted a draft indicative proposal to Minefinders (without any proposed consideration amount specified) to provide Minefinders' management, the Minefinders Board and their advisors an indication of the type of proposal being considered by us. On July 14, 2011, Mr. Steinmann undertook a further visit to Minefinders' Reno exploration office to review Minefinders' exploration programs.

On August 4, 2011, Mr. Burns and Mr. Pirooz met with Mr. Bailey and Greg Smith, Minefinders' Vice President, Finance and Chief Financial Officer. At that meeting, we presented Minefinders with a non-binding expression of interest and an exclusivity agreement, both of which were open for acceptance for seven days. This proposal involved the acquisition of all outstanding Minefinders Shares by us in exchange for consideration consisting of 0.53 Pan American Shares per Minefinders Share. The respective management teams discussed the proposed exchange ratio and timing and agreed to extend the period for acceptance of the expression of interest to allow for the Minefinders Board and its advisors to review the proposal and for market conditions to improve.

On August 11, 2011, Mr. Bailey confirmed by letter to Mr. Burns that the Minefinders Board had concluded that the proposed exchange ratio was not acceptable at that time and, therefore, negotiations would cease. However, Mr. Bailey also indicated that the Confidentiality Agreements would remain in place and Pan American would be permitted to complete its due diligence then underway.

In early November 2011, Mr. Burns reinitiated discussions with Mr. Bailey over a potential transaction between us and Minefinders, specifically one that involved both the share exchange component proposed in June and an additional cash component. Minefinders' response to this new proposal was positive, and between November 22 to November 23, 2011, Mr. Wafforn, Ota Hally, our Director, Finance, Americo Delgado, our Director, Metallurgy, and Gerardo Real, our former controller at the Alamo Dorado mine, conducted a further site visit of the Dolores mine. During this site visit, among other matters, our technical team reviewed operations costing, taxation and metallurgical recoveries for the Dolores mine. Between December 1 and December 3, 2011, Mr. Ward conducted another site visit of the Dolores mine with two representatives of our external geotechnical consultant, Golder & Associates, to specifically assess geotechnical issues, including the stability of pit walls and leach pads at the mine. Based on the information from all site visits, our technical team subsequently updated our financial model for Minefinders.

During November and December 2011, Mr. Burns and Mr. Bailey met on at least two more occasions to discuss the potential combination of Pan American and Minefinders. During this period we also delivered to Minefinders a list of additional financial, legal and corporate materials we required in connection with our due diligence.

On December 14, 2011, we delivered to Mr. Bailey and Robert Leclerc, a director and the Chairman of Minefinders' board of directors, a written, non-binding, conditional expression of interest indicating the terms and conditions upon which we would be prepared to consider combining the two companies under a plan of arrangement, subject to satisfactory due diligence, negotiation of definitive transaction agreements and mutual board approvals. In particular, the expression of interest provided that we would acquire each outstanding Minefinders Share for consideration consisting of 0.53 Pan American Shares and Cdn.\$1.84 in cash.

On December 15, 2011, Mr. Bailey contacted Mr. Burns with the comments and concerns of Minefinders and its advisors respecting the December 14 expression of interest. Messrs. Bailey and Burns also discussed potentially increasing the share exchange ratio to improve the terms of the proposed transaction. Between December 15 and December 19, 2011, we continued to negotiate the terms of the non-binding proposal letter and exclusivity agreement with Minefinders.

On December 19, 2011, we delivered to Minefinders a revised non-binding expression of interest which proposed consideration of 0.55 Pan American Shares and Cdn.\$1.84 per Minefinders Share. This expression of interest was accepted by Minefinders on December 22, 2011 and we entered into an exclusivity agreement with Minefinders later that day, providing for exclusive dealings until January 23, 2012 to allow confirmatory financial and legal due diligence to be completed and to negotiate definitive transaction agreements.

During the period from December 23, 2011 to January 22, 2012, our and Minefinders' respective financial and legal advisors continued with due diligence and negotiated the terms of definitive transaction agreements. Extensive due diligence continued during this period with reviews of corporate records and accounting materials for both companies, and a review by our local counsel in Mexico, R.B. Abogados, of the mineral concessions and related permits held by Minefinders in Mexico and corporate matters in connection with Minefinders' Mexican subsidiaries. We also hired a Mexican labour relations law firm, Legalmex S.C., and a community relations specialist law firm, Grupo Abogacía Profesional, S.C., to assist with our due diligence of Minefinders focusing on labour matters and issues relating to the *ejido* and the local community surrounding the Dolores mine, respectively.

On January 10, 2012, the Pan American Board engaged Scotia Capital as an independent financial advisor in respect of the proposed Arrangement, and under the terms of the engagement we agreed to pay Scotia Capital a fee for the preparation of its fairness opinion that was not contingent on the successful completion of the Arrangement.

On January 17, 2012, the senior management and technical teams of Minefinders and Pan American held a full day reciprocal due diligence session in Vancouver. At this session, we gave a number of presentations ranging from our 2012 consolidated mining operations budget, to a summary and analysis of our operating properties as well as our long term outlook. Similarly, Minefinders provided us with a summary of its operations, and both companies had an opportunity to pose a number of questions to each other, which were answered at the meeting.

On the afternoon of Friday, January 20, 2012, after the close of trading on North American markets, the Pan American Board met to consider the proposed transaction and received presentations from management and our external legal counsel, Borden Ladner Gervais LLP (**BLG**), on the results of their technical, financial and legal due diligence on Minefinders. Each of CIBC and Scotia Capital then reviewed with the Pan American Board their respective financial analysis of the transaction and delivered to the Pan American Board their respective oral fairness opinions, which were confirmed by subsequent delivery of written fairness opinions dated January 20, 2012, to the effect that, as of that date and based on and subject to the assumptions, limitations and qualifications described in such opinions, the Consideration to be paid by us pursuant to the Arrangement Agreement is fair, from a financial point of view, to Pan American. The Pan American Board then received a summary of the terms of the Arrangement Agreement and the Voting Agreement from BLG. After considering these reports and presentations, the Pan American Board carefully reviewed, considered and deliberated aspects of the proposed transaction, including the terms and conditions of the Arrangement Agreement and the Voting Agreement, and then unanimously: (i) determined that entering into the Arrangement Agreement and completing the transactions contemplated in the Arrangement Agreement is in the best interests of Pan American; (ii) approved the execution and delivery of the Arrangement Agreement and the Voting Agreement; and (iii) recommended that Pan American Shareholders vote in favour of an ordinary resolution to approve the issuance of Pan American Shares in connection with the Arrangement. The determination of the Pan American Board is based on various factors described more fully under the heading **The Arrangement** **Reasons for and Benefits of the Arrangement** .

On the afternoon of Sunday, January 22, 2012, the Minefinders Board met to consider the Arrangement and passed a unanimous resolution to approve the Arrangement.

Later in the afternoon of Sunday, January 22, 2012, execution copies of the Arrangement Agreement and the Voting Agreement and ancillary documents were finalized. The Arrangement Agreement was then executed and delivered by us and Minefinders that evening and the Voting Agreement was executed by us and the Locked-up Shareholders. The transaction was announced by us and Minefinders by way of a joint press release at approximately 8:00 a.m. (EST) on Monday, January 23, 2012, prior to the opening of North American markets for trading. We held a joint conference call and webcast with Minefinders on Monday, January 23, 2012 at 8:00 a.m. (PST) to discuss the Arrangement.

During the process of reviewing the proposed transaction, there were no materially contrary views expressed or abstention by any of our directors.

Recommendation of the Board

AFTER CAREFUL CONSIDERATION OF THE ARRANGEMENT, INCLUDING THE FACTORS SET FORTH BELOW, THE PAN AMERICAN BOARD UNANIMOUSLY RECOMMENDS THAT PAN AMERICAN SHAREHOLDERS VOTE IN FAVOUR OF THE SHARE ISSUANCE RESOLUTION.

Reasons for and Benefits of the Arrangement

In evaluating the Arrangement and unanimously reaching their conclusion and making their recommendations in support of the Arrangement, the Pan American Board considered a number of factors including, among others:

- **Creates leading silver mining company:** The combined company will be one of the largest geographically diversified silver mining companies with a combined market capitalization of approximately Cdn.\$3.7 billion, providing enhanced capital markets scale and profile and increased strategic flexibility. The combined company will have a leading and well sequenced growth profile combining immediate access to near-term cash flow with significant future growth opportunities.
- **Lowers production costs:** Meaningfully reduces our average silver cash costs across our portfolio of producing mines through the addition of low-cost, near-term production from the Dolores mine.
- **Provides near term cash flow:** The transaction provides us with additional near-term cash flow to help finance our development of the Navidad project, and reduces our need to seek other dilutive financing.
- **Leading growth profile:** Combined production for the year ended 2011 of approximately 26 million ounces of silver (based on Pan American 2011 guidance and Minefinders disclosed 2011 results) is expected to reach over 50 million ounces by the year 2015. Minefinders Dolores property also provides a number of attractive near-term opportunities (including a potential mill addition at the Dolores mine), to drive production growth prior to the expected commencement of production at Pan American's Navidad project.
- **Enhances portfolio diversification:** The transaction diversifies Pan American's portfolio towards producing assets from developing assets. The combined company will consist of eight operating mines and an extensive portfolio of development and exploration projects in jurisdictions throughout the Americas. The combined company will enjoy more diversified operations with a greater presence in Mexico, a mining-friendly jurisdiction where we already have extensive operations and which is viewed by analysts as having less political risk than certain other South American jurisdictions in which we currently operate. Based on expected silver production in 2011, approximately 52% of combined production will be from mines in Mexico, 21% from Peru, 15% from Argentina and 12% from Bolivia.

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

- **Significant silver mineral reserves and mineral resources:** The combined company will have a significant mineral reserve base consisting of 350 million ounces of proven and probable silver mineral reserves and 3.0 million ounces of proven and probable gold mineral reserves with additional measured and indicated mineral resources of 742 million ounces of silver and 2.0 million ounces of gold and inferred mineral resources of 265 million ounces of silver and 1.4 million ounces of gold, as of the end of December 2010.

- **Strong balance sheet and access to capital:** The additional cash flow from Minefinders' Dolores property will solidify our ability to fund our industry-leading growth profile without equity dilution while maintaining our existing dividend payments. The *pro forma* company will have a cash balance of approximately \$570 million, undrawn credit facilities in the amount of \$150 million, substantial cash flow generating capacity and negligible debt. In addition, our shares will remain one of the world's most liquid silver investments with listings on both the TSX and Nasdaq and with one of the largest public market floats of primary silver producers.
- **Attractive re-rating opportunity:** The valuation of the combined company will be well positioned to benefit from enhanced scale, diversification and growth profile as well as strong transaction rationale.

A number of these anticipated benefits and factors are based on various assumptions and are subject to various risks. See the sections of the Circular entitled *Forward-Looking Statements and Information* and *Risk Factors*.

In reaching their conclusion and making their recommendations, the Pan American Board relied on their knowledge of Pan American, Minefinders and the silver industry, on the information provided by Pan American's management and on the advice of its legal and financial advisors. The Pan American Board considered numerous other factors in assessing the Arrangement including, among others, the following:

- **Opinions:** The respective financial analyses and opinions of each of CIBC and Scotia Capital, as of January 20, 2012 and based on and subject to various assumptions, matters considered and limitations and qualifications described in such opinions, as to the fairness, from a financial point of view, to Pan American of the Consideration to be paid by Pan American in the Arrangement.
- **Due Diligence:** Our management and its technical, legal and financial advisors conducted extensive due diligence on Minefinders from 2008 through 2012 and several site visits to Minefinders' Dolores mine in Chihuahua, Mexico.
- **Likelihood of Completion:** The Arrangement is not subject to unreasonable or extraordinary conditions to completion. We expect to obtain all necessary regulatory approvals in due course.
- **Voting Agreement:** The directors and executive officers of Minefinders, who, as at January 22, 2012, in aggregate held approximately 1.69% of the outstanding Minefinders Shares and 62.45% of the outstanding Minefinders Options, being 3.5% of the Minefinders Securities outstanding, indicated a willingness to enter into the Voting Agreement with Pan American under which they would agree to vote in favour of the Arrangement.
- **Ability to Accept a Superior Proposal:** Under the Arrangement Agreement, the Pan American Board remains able to respond, in accordance with its fiduciary duties, to certain unsolicited proposals that are more favourable to Pan American Shareholders than the Arrangement. The Pan American Board received advice from its financial and legal advisors that the deal protection terms including the Pan American Termination Payment and Pan American Expense Payment and circumstances for payment of such payments, are within the ranges

typical in the market for similar transactions.

- **Pan American Shareholder Approval:** The Share Issuance Resolution must be approved by a majority of the votes cast in respect thereof by Pan American Shareholders present in person or represented by proxy at the Special Meeting. The Pan American Board believes that the required approval protects the rights of Pan American Shareholders.

- **Absence of Competing Proposal:** Since the entering into of the Arrangement Agreement on January 22, 2012, neither Minefinders nor Pan American have received any expressions of interest or competing offers related to a merger or acquisition transaction.

The Pan American Board also considered potential adverse factors associated with the Arrangement including, among others, the following:

- **Dilution** As a result of the issuance of Pan American Shares under the Arrangement, existing shareholders will experience a degree of dilution in their ownership of Pan American. Dilution to existing shareholders will be reduced to the extent such shareholders are also shareholders of Minefinders. Following completion of the Arrangement, assuming the maximum number of 53,666,003 Pan American Shares are issued and issuable to Minefinders Securityholders in connection with the Arrangement, it is expected that the current Pan American Shareholders and former Minefinders Securityholders will hold approximately 68% and 32% of the outstanding Pan American Shares, respectively (each on a fully-diluted basis).
- **Integration Challenges** The challenges inherent in the combination of two enterprises of the size and scope of Pan American and Minefinders and the possible resulting diversion of management attention for an extended period of time as well as the risk that anticipated benefits, long-term as well as short-term, of the transaction for our shareholders might not be realized.
- **Opportunity Costs** The investment of management time to the Arrangement may delay or prevent us from exploiting other business opportunities that may arise pending completion of the Arrangement.
- **Risk of Non-Completion** The risks and costs to us if the Arrangement is not completed, including the adverse effects on our ability to execute another transaction.
- **Expenses and Payments on Termination** Our obligation to pay the Pan American Expense Payment and the Pan American Termination Payment if the Arrangement Agreement is terminated under certain circumstances.
- **Risks in Minefinders Business** The risks involved in the business of Minefinders, particularly with respect to the potential addition of a mill at the Dolores mine, the use of sodium cyanide in connection with the heap leach pads at the Dolores mine and past difficulties with heap leach pads at the Dolores mine.

The foregoing summary of the information and factors considered by the Pan American Board in reaching its conclusions and recommendations is not, and is not intended to be, exhaustive. In view of the wide variety of factors and the amount of information considered in connection with its evaluation of the Arrangement, the Pan American Board did not find it practicable to, and did not, quantify or otherwise attempt to assign any relative weight to each specific factor considered in reaching its conclusions and recommendations. In addition, our individual directors may have assigned different weight to different factors.

Scotia Capital will not be paid an additional fee that is contingent upon the completion of the Arrangement or any alternative transaction. (c) Pan American will be the holder of all of the Dissenting Minefinders Shareholder's Dissenting Minefinders Shares and the register of Minefinders Shareholders shall be revised accordingly;

number of Pan American Shares equal to: (i) the Option Exchange Ratio multiplied by (ii) the number of Minefinders Shares subject to such Minefinders Option immediately prior to the Effective Time. Such Replacement Option shall provide for an exercise price per Pan American Share (rounded up to the nearest whole cent) equal to: (x) the exercise price per Minefinders Share otherwise purchasable pursuant to such Minefinders Option; divided by (y) the Option Exchange Ratio. If the foregoing calculation results in the total Replacement Options of a particular holder being exercisable for a number of Pan American Shares that includes a fractional Pan American Share, the total number of Pan American Shares subject to such holder's total Replacement Options shall be rounded down to the nearest whole number of Pan American Shares. All terms and conditions of a Replacement Option, including the term to expiry, conditions to and manner of exercise, will be the same as the Minefinders Option for which it was exchanged, except that the expiry date for all Replacement Options for which Minefinders 2011 Options are exchanged and which are held by employees, officers, directors or consultants of Minefinders or its affiliates:

(a) who cease to be employees, officers, directors or consultants of Minefinders of any of its affiliates on the Effective Date will be extended to the earlier of (a) 12 months from the Effective Date, and (b) the original expiry date (absent such cessation) of any such Minefinders 2011 Option; and

(b) whose service with Minefinders, Pan American or any affiliate thereof is terminated other than for cause after the Effective Date will be extended to the earlier of (a) the later of (1) 12 months from the Effective Date, and (2) 90 days from the date of such termination, and (b) the original expiry date (absent such termination) of any such Minefinders 2011 Option.

Notwithstanding the foregoing, if required, the exercise price of each Replacement Option of any particular holder shall be, and shall be deemed to be, adjusted by the amount, and only to the extent, necessary to ensure that the In the Money Amount of the Replacement Option does not exceed the In the Money Amount of the original Minefinders Option immediately before the exchange;

5. each outstanding Minefinders Share (including any Minefinders Share held by Pan American or any affiliate thereof) shall be transferred without any further act or formality by the holder thereof to Acquireco in exchange for one common share of Acquireco;

6. the stated capital in respect of the Minefinders Shares shall be reduced to Cdn.\$1.00 without any repayment of capital in respect thereof;

7. Minefinders and Acquireco will merge (the **Amalgamation**) to form one corporate entity with the same effect as if they were amalgamated under Sections 174 through 179 (other than Section 177) of Part XIV of the OBCA, except that the separate legal existence of Minefinders will not cease and Minefinders will survive the Amalgamation (Minefinders, as such surviving entity, **Amalco**) and, for the avoidance of doubt, the Plan of Arrangement is intended to qualify as a reorganization within the meaning of Sections 368(a)(1)(A) and 368(a)(2)(E) of the Code for all United States federal income tax purposes and as an amalgamation as defined in Subsection 87(1) of the Tax Act;

For the purposes of determining the amount of cash and/or Pan American Shares which each Minefinders Shareholder is entitled to receive for each Minefinders Share transferred pursuant to paragraph 3 above, the following proration rules shall apply:

8. if the Elected Cash Amount exceeds the Available Cash Amount, then, notwithstanding the election of the Cash Option by a Minefinders Shareholder in respect of any particular Minefinders Share, each Minefinders Shareholder (other than Pan American and its affiliates and Dissenting Minefinders Shareholders) who has elected the Cash Option in respect of any Minefinders Shares:

(a) will receive cash equal in amount to the amount that such Minefinders Shareholder would have received if such Minefinders Shareholder had elected the Cash Option in respect of the number of Minefinders Shares that is equal to the product of (1) the total number of Minefinders Shares in respect of which the Minefinders Shareholder elected the Cash Option, and (2) the number obtained by dividing (i) (a) the Available Cash Amount less (b) Cdn.\$1.84 multiplied by the aggregate number of Minefinders Shares in respect of which all Minefinders Shareholders have elected or are deemed to have elected the Full Proration Option, by (ii) (a) the Elected Cash Amount less (b) Cdn.\$1.84 multiplied by the aggregate number of Minefinders Shares in respect of which all Minefinders Shareholders have elected or are deemed to have elected the Full Proration Option, and rounding such resulting number up to the nearest whole number, and

(b) will receive Pan American Shares and cash equal in amount to the amount that such Minefinders Shareholder would have received if such Minefinders Shareholder had elected the Pan American Share Option for the remainder of the Minefinders Shares in respect of which it elected the Cash Option; and

9. if the Elected Share Amount exceeds the Available Share Amount, then, notwithstanding the election of the Pan American Share Option by a Minefinders Shareholder in respect of any particular Minefinders Share, each Minefinders Shareholder (other than Pan American and its affiliates and Dissenting Minefinders Shareholders) who has elected the Pan American Share Option in respect of any Minefinders Shares:

(a) will receive Pan American Shares and cash equal in amount to the amount that such Minefinders Shareholder would have received if such Minefinders Shareholder had elected the Pan American Share Option in respect of the number of Minefinders Shares that is equal to the product of (1) the total number of Minefinders Shares in respect of which the Minefinders Shareholder elected the Pan American Share Option, by (2) the number obtained by dividing (i) (a) the Available Share Amount less (b) 0.55 multiplied by the aggregate number of Minefinders Shares in respect of which all Minefinders Shareholders have elected or are deemed to have elected the Full Proration Option, by (ii) (a) the Elected Share Amount less (b) 0.55 multiplied by the aggregate number of Minefinders Shares in respect of which all Minefinders Shareholders have elected or are deemed to have elected the Full Proration Option, and rounding such resulting number up to the nearest whole number, and

(b) will receive cash equal in amount to the amount that such Minefinders Shareholder would have received if such Minefinders Shareholder had elected the Cash Option for the remainder of the Minefinders Shares in respect of which it elected the Pan American Share Option.

For greater certainty, no Minefinders Optionholder to whom Minefinders Shares are issuable pursuant to paragraph 1 above shall be required to deliver share certificates representing the Minefinders Shares issued to such former Minefinders Optionholder pursuant to paragraph 1 above in order to receive the Consideration to which it is entitled for such Minefinders Shares in accordance with paragraph 3 above

and no other Minefinders Optionholder who exercises Minefinders Options prior to or at the Effective Time shall be required to deliver share certificates representing Minefinders Shares to the extent that such certificates were not issued prior to the Election Deadline and provided such other Minefinders Optionholder otherwise provides satisfactory documentation evidencing due exercise of each Minefinders Option.

Following the receipt of the Final Order and prior to the Effective Date, Pan American shall deliver or arrange to be delivered to the Depositary sufficient cash and certificates representing the Pan American Shares required to be issued to Former Minefinders Shareholders in accordance with the provisions of paragraph 3 above hereof, to be held by the Depositary as agent and nominee for such Former Minefinders Shareholders for distribution to such Former Minefinders Shareholders in accordance with the provisions of the Plan of Arrangement.

Consideration

Minefinders Shareholders can elect to receive as consideration for each Minefinders Share held, either: (i) 0.55 of a Pan American Share and Cdn.\$1.84 in cash (the Full Proration Option); (ii) 0.6235 Pan American Shares and Cdn.\$0.0001 in cash (the Pan American Share Option); or (iii) Cdn.\$15.60 in cash (the Cash Option), subject to proration on the basis of the Available Cash Amount (up to approximately Cdn.\$178.8 million) and the Available Share Amount (up to approximately 53,452,000 Pan American Shares) assuming, in each case, the exercise and conversion of all Minefinders Options and Minefinders Convertible Notes⁽¹⁾ prior to the Effective Time. Assuming full proration, Minefinders Shareholders will receive 0.55 of our shares and Cdn.\$1.84 in cash, in exchange for each Minefinders Share held.

Minefinders Shareholders will not be entitled to fractional Pan American Shares in connection with the Arrangement. Where the aggregate number of Pan American Shares to be issued to a Minefinders Shareholder as Consideration under the Arrangement would result in a fraction of a Pan American Share being issued, the number of Pan American Shares to be received by such Minefinders Shareholder will be rounded down to the nearest whole share, and in lieu of a fractional Pan American Share, the Minefinders Shareholder will receive a cash payment in Canadian dollars (rounded down to the nearest cent) determined on the basis of an amount equal to (i) the Pan American Share Closing Price multiplied by the (ii) fractional share amount.

If the aggregate amount of cash consideration which a Minefinders Shareholder is entitled to receive for all Minefinders Shares transferred by such Minefinders Shareholder pursuant to the Arrangement would otherwise include a fraction of Cdn.\$0.01, then the aggregate cash consideration to which such Minefinders Shareholder will be entitled to receive for all of its Minefinders Shares transferred pursuant to the Arrangement will be rounded up to the nearest whole Cdn.\$0.01.

We intend to fund the aggregate cash amount to be paid to Minefinders Shareholders from cash on hand. The issuance of the Pan American Shares comprising the Consideration to Minefinders Shareholders requires the consent of our shareholders.

(1) Assuming a conversion ratio of 125 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. The Minefinders Convertible Notes are convertible into Minefinders Shares at a conversion ratio of 83.5422 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. If the Arrangement becomes effective, Minefinders Convertible Noteholders may be entitled to receive a conversion premium in the form of Additional Shares as provided in the Indenture. The number of Additional Shares is calculated at the Effective Date based in part on the volume weighted average price of the Minefinders Shares for the five trading days prior to the Effective Date subject to a maximum of 125 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. Since

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

the number of Additional Shares cannot be calculated until after the close of trading on the trading day preceding the Effective Date, any Additional Shares issuable in respect of Minefinders Convertible Notes converted prior to the Effective Date will be issued immediately prior to the Effective Time. If the Arrangement is not completed, Minefinders Convertible Noteholders will not be entitled to receive any conversion premium.

Replacement Options

As of February 20, 2012, there were outstanding Minefinders Options which, when vested, would be exercisable to acquire a total of 2,887,049 Minefinders Shares.

Each outstanding Minefinders Option not exercised at or before the Effective Time will be exchanged for a Replacement Option to purchase from us the number of Pan American Shares equal to: (i) the Option Exchange Ratio multiplied by (ii) the number of Minefinders Shares subject to such Minefinders Option immediately prior to the Effective Time. Such Replacement Option shall provide for an exercise price per Pan American Share (rounded up to the nearest whole cent) equal to: (x) the exercise price per Minefinders Share otherwise purchasable pursuant to such Minefinders Option; divided by (y) the Option Exchange Ratio. If the foregoing calculation results in the total Replacement Options of a particular holder being exercisable for a number of Pan American Shares that includes a fractional share, the total number of Pan American Shares subject to such holder's total Replacement Options shall be rounded down to the nearest whole number of Pan American Shares. All terms and conditions of a Replacement Option, including the term to expiry, conditions to and manner of exercise, will be the same as the Minefinders Option for which it was exchanged, except that the expiry date for all Replacement Options for which Minefinders 2011 Options are exchanged and which are held by employees, officers, directors or consultants of Minefinders or its affiliates:

(i) who cease to be employees, officers, directors or consultants of Minefinders or any of its affiliates on the Effective Date will be extended to the earlier of (a) 12 months from the Effective Date, and (b) the original expiry date (absent such cessation) of any such Minefinders 2011 Option; and

(ii) whose service with Minefinders, Pan American or any affiliate thereof is terminated other than for cause after the Effective Date will be extended to the earlier of (a) the later of (1) 12 months from the Effective Date, and (2) 90 days from the date of such termination, and (b) the original expiry date (absent such termination) of any such Minefinders 2011 Option.

Notwithstanding the foregoing, if required, the exercise price of each Replacement Option of any particular holder shall be, and shall be deemed to be, adjusted by the amount, and only to the extent, necessary to ensure that the In the Money Amount of the Replacement Option does not exceed the In the Money Amount of the original Minefinders Option immediately before the exchange.

In the event that all holders of Minefinders Options outstanding as at February 20, 2012 elect to receive Replacement Options rather than exercise their Minefinders Options at or prior to the Effective Time, then, in connection with the Arrangement, we would issue Replacement Options to acquire a total of approximately 1,800,076 Pan American Shares.

Approvals

Minefinders Securityholder Approval

Subject to the Interim Order, at the Minefinders Meeting, the Minefinders Resolution must receive: (i) Minefinders Shareholder Approval; and (ii) Minefinders Combined Securityholder Approval.

Pan American Shareholder Approval

Pursuant to the rules of the TSX and Nasdaq, a listed company is generally required to obtain shareholder approval in connection with an acquisition transaction where the number of securities issued or issuable in payment of the purchase price for the acquisition exceeds 25%, in the case of the TSX, and 20%, in the case of Nasdaq, of the number of securities of the listed issuer which are outstanding, on a non-diluted basis, prior to the date of closing of the transaction. As the Arrangement will result in us issuing in excess of 25% of our outstanding shares, Pan American Shareholder Approval is required.

It is a condition of the acquisition of Minefinders that the Share Issuance Resolution be approved by a simple majority (50% plus one vote) of votes cast at the Special Meeting by our shareholders, present in person or by proxy.

The maximum number of Pan American Shares that is issuable in connection with the Arrangement is 53,666,003 (51.4% of the number of Pan American Shares issued and outstanding as of the date of this Circular; 47% of such number on a fully-diluted basis), which number includes, for greater certainty, the Option Shares that could be issued in the event that all of the outstanding Minefinders Options are exchanged for Replacement Options and such options are exercised after the Effective Date, and the maximum number of Pan American Shares issuable assuming conversion of all of the outstanding Minefinders Convertible Notes(1) prior to the Effective Date.

Following completion of the Arrangement, assuming the maximum number of 53,666,003 Pan American Shares are issued and issuable to Minefinders Securityholders in connection with the Arrangement, it is expected that the current Pan American Shareholders and former Minefinders Securityholders will hold approximately 68% and 32% of the outstanding Pan American Shares, respectively (each on a fully-diluted basis).

As a result of the issuance of Pan American Shares in connection with the Arrangement, your ownership and voting interests in Pan American will be diluted, relative to your current proportional ownership and voting interests.

Court Approval

The OBCA requires that Minefinders obtain the approval of the Court in respect of the Arrangement.

(1) Assuming a conversion ratio of 125 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. The Minefinders Convertible Notes are convertible into Minefinders Shares at a conversion ratio of 83.5422 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. If the Arrangement becomes effective, Minefinders Convertible Noteholders may be entitled to receive a conversion premium in the form of Additional Shares as provided in the Indenture. The number of Additional Shares is calculated at the Effective Date based in part on the volume weighted average price of the Minefinders Shares for the five trading days prior to the Effective Date subject to a maximum of 125 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. Since the number of Additional Shares cannot be calculated until after the close of trading on the trading day preceding the Effective Date, any Additional Shares issuable in respect of Minefinders Convertible Notes converted prior to the Effective Date will be issued immediately prior to the Effective Time. If the Arrangement is not completed, Minefinders Convertible Noteholders will not be entitled to receive any conversion premium.

On February 17, 2012, Minefinders obtained the Interim Order, which provides for the calling and holding of the Minefinders Meeting and other procedural matters, and filed a Notice of Application for the Final Order to approve the Arrangement. Copies of the Interim Order and the Notice of Application are attached to the Minefinders Circular which is available on SEDAR (www.sedar.com) under Minefinders' profile.

The Court hearing in respect of the Final Order is expected to take place at 10:00 a.m. (Toronto time) on March 28, 2012, or as soon thereafter as counsel for Minefinders may be heard, subject to the approval of the Minefinders Resolution at the Minefinders Meeting. At the hearing for the Final Order, the Court will consider, among other things, the fairness of the terms and conditions of the Arrangement and the rights and interests of every person affected thereunder. The Court may approve the Arrangement in any manner the Court may direct, subject to compliance with such terms and conditions, if any, as the Court deems fit. Prior to the hearing in respect of the Final Order, the Court will be informed that the Final Order will also constitute the basis for an exemption from registration under the U.S. Securities Act for the securities of Pan American to be issued pursuant to the Arrangement to holders of Minefinders securities, as applicable, pursuant to Section 3(a)(10) of the U.S. Securities Act. Under the terms of the Interim Order, each Minefinders Securityholder, as well as creditors of Minefinders and any other interested party, will have the right to appear and make submissions at the application for the Final Order. There can be no assurance that the Court will approve the Arrangement.

Competition Laws in Mexico

Under the Mexican Competition Law, the parties to a transaction must notify the Mexican Competition Commission of a transaction if certain transaction value or size of party thresholds are met (a **Mexican Notifiable Transaction**). If a transaction is a Mexican Notifiable Transaction certain information must be filed with the Mexican Competition Commission.

Within ten days following the date of such filing, the Mexican Competition Commission may issue an order prohibiting the parties to a transaction from completing the transaction before the Mexican Competition Commission issues a ruling. If the Mexican Competition Commission does not issue such an order, the transaction may be completed before the Mexican Competition Commission issues its ruling, subject to the risk that the Mexican Competition Commission may subsequently reject the transaction (and require that the transaction be unwound) or subject the transaction to certain conditions (for example, partial divestiture of assets).

Once the notice of a Mexican Notifiable Transaction is filed with the Mexican Competition Commission, the Mexican Competition Commission may advise the filing parties that not all required information has been provided and require that the missing information be provided within the following five business days. The Mexican Competition Commission may also request additional information or documentation during the fifteen business days after the filing is made.

The Mexican Competition Commission must issue a ruling within 35 business days following receipt of the notification or of the additional documents requested, if any. Should the Mexican Competition Commission fail to issue a ruling within this period, it is deemed that no objection to the transaction has been raised by the Mexican Competition Commission. In a ruling, the Mexican Competition Commission may: (a) approve the transaction; (b) oppose it; or (c) subject its closing to certain conditions.

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

The Arrangement is subject to: (a) approval by the Mexican Competition Commission without any condition or limitation whatsoever; or (b) lapse of the 35 business-day period following the filing of the

notification or, as applicable, receipt of additional information or documentation requested, without the Mexican Competition Commission having issued clearance.

Minefinders and Pan American filed notice of the Arrangement with the Mexican Competition Commission on January 31, 2012. On February 3, 2012, the Mexican Competition Commission requested certain additional information from the parties. A reply to this request was provided on February 13, 2012.

Competition Laws in Canada

Part IX of the Competition Act requires that the Canadian Competition Commissioner be notified of certain classes of transactions that exceed both of the thresholds set out in Sections 109 and 110 of the Competition Act (**Canadian Notifiable Transactions**), by the parties to the transaction. The applicable threshold set out in Section 110 is met where the corporation being acquired has more than: (i) Cdn.\$73 million of assets in Canada; or (ii) more than Cdn.\$73 million of annual revenues from sales in or from Canada. The Section 110 threshold is exceeded in the case of the Arrangement. The threshold set out in Section 109 is met where the parties to a transaction, including their affiliates, collectively have more than: (i) Cdn.\$400 million of assets in Canada; or (ii) more than Cdn.\$400 million of annual revenues from sales in, from or into Canada, measured in accordance with the Competition Act. As of the date of this Circular, the Section 109 threshold is not exceeded, but it may be exceeded, with result that the Arrangement is notifiable under Part IX of the Competition Act, if closing of the Arrangement occurs more than 30 days after audited annual financial statements for both of the parties are available for their 2011 fiscal years.

Subject to certain limited exceptions, the parties to a Canadian Notifiable Transaction cannot complete the transaction until they have submitted the information prescribed pursuant to Subsection 114(1) of the Competition Act to the Canadian Competition Commissioner and the applicable waiting period has expired or been terminated or waived by the Canadian Competition Commissioner. The waiting period is 30 calendar days after the day on which the parties to the transaction submit the prescribed information, provided that, before the expiry of this period, the Canadian Competition Commissioner has not notified the parties that she requires additional information that is relevant to the Canadian Competition Commissioner's assessment of the transaction pursuant to Subsection 114(2) of the Competition Act (a **Supplementary Information Request**). In the event that the Canadian Competition Commissioner provides the parties with a Supplementary Information Request, the parties cannot complete their transaction until 30 calendar days after compliance with such Supplementary Information Request, and provided that there is no order in effect prohibiting completion at the relevant time. A transaction may be completed before the end of the applicable waiting period if the Canadian Competition Commissioner notifies the parties that she does not, at such time, intend to challenge the transaction by making an application under Section 92 of the Competition Act to the Competition Tribunal but which reserves her right to do so (a **No Action Letter**) and waives the applicable waiting period.

Alternatively, or in addition to filing the prescribed information, a party to a Canadian Notifiable Transaction may apply to the Canadian Competition Commissioner for an advance ruling certificate (an **ARC**) or, if she is not prepared to issue an ARC, a No Action Letter. A transaction in respect of which an ARC is issued pursuant to Section 102 of the Competition Act is exempt from the notification requirements of Part IX of the Competition Act. Where the Canadian Competition Commissioner issues a No Action Letter, she also may waive the notifying parties' obligation to submit a notification (a **Waiver**) if in their ARC request they supplied the Canadian Competition Commissioner with information that is substantially similar to the information required in a notification pursuant to Subsection 114(1) and the applicable regulation.

Whether or not a merger is subject to notification under Part IX of the Competition Act, the Canadian Competition Commissioner can apply to the Competition Tribunal for a remedial order under Section 92 of the Competition Act at any time before the merger has been completed or, if completed, within one year after it was substantially completed, provided that the Canadian Competition Commissioner did not issue an ARC in respect of the merger. On application by the Canadian Competition Commissioner under Section 92 of the Competition Act, the Competition Tribunal may, where it finds that the merger prevents or lessens, or is likely to prevent or lessen, competition substantially, order that the merger not proceed or, if completed, order its dissolution or the disposition of assets or shares; in addition to, or in lieu thereof, with the consent of the person against whom the order is directed and the Canadian Competition Commissioner, the Competition Tribunal can order a person to take any other action. The Competition Tribunal cannot, however, issue a remedial order where it finds that the merger or proposed merger has brought or is likely to bring about gains in efficiency that will be greater than, and will offset, the effects of any prevention or lessening of competition that will result or is likely to result from the merger and that the gains in efficiency would not likely be attained if the order were made.

The transactions contemplated by the Arrangement constitute a merger for the purposes of the Competition Act. Minefinders and Pan American do not expect that there is any material potential for a remedial order under Section 92 of the Competition Act and do not plan to make any filings with the Canadian Competition Commissioner. However, if Minefinders and Pan American mutually acknowledge and agree, acting reasonably, that the Cdn.\$400 million size of the parties threshold in Part IX of the Competition Act will be exceeded, they will file with the Canadian Competition Commissioner a competition brief requesting an ARC under the Competition Act within ten business days of such agreement and, in that case, it will be a condition of closing that either: (a) an ARC has been issued; or (b) a No Action Letter has been issued.

Dissenting Shareholder Rights

Under applicable British Columbian corporate law, Pan American Shareholders are not entitled to dissent rights with respect to the Share Issuance Resolution or the Arrangement.

Issuance of Pan American Securities in the United States

The securities of Pan American to be issued pursuant to the Arrangement have not been, and will not be registered under the U.S. Securities Act or the securities laws of any other jurisdiction. **The securities of Pan American to be issued in the United States pursuant to the Arrangement will be issued pursuant to an exemption from the registration requirements of the U.S. Securities Act provided by Section 3(a)(10) of the U.S. Securities Act, based on the approval of terms and conditions of the Arrangement by the Court.**

Minefinders Covenants Regarding Non-Solicitation

The Arrangement Agreement contains certain non-solicitation provisions pursuant to which Minefinders has agreed that it will not, directly or indirectly, through any officer, director, employee, advisor, representative, agent or otherwise:

make, solicit, assist, initiate, encourage or otherwise facilitate any inquiries, proposals or offers from any other person relating to any Acquisition Proposal for Minefinders, or furnish to any person any information with respect to, or otherwise cooperate in any way with, or assist or participate in, facilitate or encourage, any effort or attempt by any other person to do or seek to do any of the foregoing;

engage in any discussions or negotiations regarding, or provide any information with respect to, or otherwise co-operate in any way with, or assist or participate in, facilitate or encourage, any effort or attempt by any other person to make or complete any Acquisition Proposal for Minefinders; provided, however, that, for greater certainty, Minefinders may advise any person making an unsolicited Acquisition Proposal for Minefinders that such Acquisition Proposal does not constitute a Superior Proposal when the Minefinders Board has so determined;

withdraw, modify or qualify, or propose publicly to withdraw, modify or qualify, in any manner adverse to Pan American, the recommendation of the Minefinders Board or any committee thereof of the Minefinders Resolution, except in certain permitted circumstances pursuant to the Arrangement Agreement;

approve, recommend or remain neutral with respect to, or propose publicly to approve, recommend or remain neutral with respect to, any Acquisition Proposal for Minefinders; or

accept or enter into, or publicly propose to accept or enter into, any letter of intent, agreement in principle, agreement, arrangement or undertaking related to any Acquisition Proposal for Minefinders,

provided, however, that Minefinders is permitted to engage in discussions or negotiations with, or respond to enquiries from any person that has made an unsolicited written Acquisition Proposal for Minefinders that the Minefinders Board has determined constitutes or could reasonably be expected to result in a Superior Proposal.

If Minefinders receives a request for material non-public information from a person who proposes to Minefinders an unsolicited written Acquisition Proposal and: (x) the Minefinders Board determines that such Acquisition Proposal constitutes or could reasonably be expected to result in a Superior Proposal; and (y) in the opinion of the Minefinders Board, acting in good faith and on advice from its outside legal advisors, the failure to provide such party with access to information regarding Minefinders and its subsidiaries would be inconsistent with the fiduciary duties of the Minefinders Board, then, and only in such case, Minefinders may provide such person with access to information regarding Minefinders and its subsidiaries, subject to the execution of a confidentiality and standstill agreement which is customary in such situations and which, in any event and taken as a whole, is no less favourable to Minefinders than the Confidentiality Agreements; provided that Minefinders sends a copy of any such confidentiality and standstill agreement to us promptly upon its execution and we are provided with a list of, and, at our

In addition, Minefinders has agreed to not accept, approve or enter into any agreement (a **Proposed Minefinders Agreement**) other than a confidentiality agreement as contemplated above, with any person providing for or to facilitate any Acquisition Proposal for Minefinders unless:

the Minefinders Board has determined that the Acquisition Proposal constitutes a Superior Proposal;

the Minefinders Meeting has not occurred;

Minefinders has complied with its non-solicitation covenants;

Minefinders has provided us with: (i) notice in writing that there is a Superior Proposal for Minefinders together with all documentation related to and detailing the Superior Proposal, including a copy of any Proposed Minefinders Agreement relating to such Superior Proposal; (ii) and a written notice from the Minefinders Board regarding the value in financial terms that the Minefinders Board has in consultation with its financial advisors determined should be ascribed to any non-cash consideration offered under the Superior Proposal; and Minefinders has provided such documents to us not less than five business days prior to the proposed acceptance, approval, recommendation or execution of the Proposed Minefinders Agreement by Minefinders;

five business days shall have elapsed from the date we received the notice and documentation referred to above and, if we have proposed to amend the terms of the Arrangement, the Minefinders Board shall have determined, in good faith, after consultation with its financial advisors and outside legal counsel, that the Acquisition Proposal for Minefinders is a Superior Proposal compared to the proposed amendment to the terms of the Arrangement by us;

Minefinders concurrently terminates the Arrangement Agreement pursuant to certain termination provisions of the Arrangement Agreement; and

Pan American Opportunity to Match

Pursuant to the Arrangement Agreement, Minefinders has agreed that, during the five business day period referred to above or such longer period as Minefinders may approve (in its sole and absolute discretion) for such purpose, we shall have the opportunity, but not the obligation, to propose to amend the terms of the Arrangement Agreement and Minefinders has agreed to co-operate with us with respect thereto, including negotiating in good faith with us during the five business day period. The Minefinders Board will review any proposal by us to amend the terms of the Arrangement Agreement in order to determine, in good faith in the exercise of its fiduciary duties, whether our proposal to amend the

Arrangement Agreement would result in the Acquisition Proposal for Minefinders not being a Superior Proposal compared to the proposed amendment to the terms of the Arrangement Agreement. If the Minefinders Board determines that the Acquisition Proposal for Minefinders would thereby cease to be a Superior Proposal, it will cause Minefinders to enter into an amendment to the Arrangement Agreement reflecting our offer to amend the terms of the Arrangement Agreement and will further agree not to enter into the applicable Proposed Minefinders Agreement.

The Minefinders Board shall promptly reaffirm its recommendation of the Minefinders Resolution by press release after: (x) any Acquisition Proposal for Minefinders which the Minefinders Board determines not to be a Superior Proposal is publicly announced or made; or (y) the Minefinders Board determines that a proposed amendment to the terms of the Arrangement Agreement would result in an Acquisition Proposal

Pan American and its counsel shall be given a reasonable opportunity to review and comment on the form and content of any such press release, recognizing that whether or not such comments are appropriate will be determined by Minefinders, acting reasonably.

accept or enter into, or publicly propose to accept or enter into, any letter of intent, agreement in principle, agreement, arrangement or undertaking related to any Acquisition Proposal for Pan American,

We have agreed that we shall directly, or shall cause Minefinders (or any successor to Minefinders) to honour all rights to indemnification or exculpation now existing in favour of present and former officers and directors of Minefinders and its subsidiaries to the extent that they are disclosed in the Minefinders Disclosure Letter, and acknowledges that such rights, to the extent that they are disclosed in the Minefinders Disclosure Letter, shall survive the completion of the Plan of Arrangement and shall continue in full force and effect for a period of not less than six years from the Effective Date.

Risk Factors

In evaluating the Arrangement, you should carefully consider the following risk factors relating to the Arrangement. The following risk factors are not a definitive list of all risk factors associated with the Arrangement. Additional risks and uncertainties, including those currently known or considered immaterial by us, may also adversely affect your shares, and/or the combined businesses of Minefinders and Pan American following the Arrangement. In addition to the risk factors relating to the Arrangement set out below, you should also carefully consider the risk factors associated with the business of Minefinders included in this Circular, as well as the risk factors included in the Minefinders Annual Information Form and annual and quarterly management's discussion and analysis and other documents incorporated by reference herein.

There are risks pertaining to the Arrangement including: (i) the Arrangement not concluding; (ii) reliance on Minefinders' disclosure; (iii) market reaction to the Arrangement; and (iv) integration risks, including impact on operations and development.

The Arrangement is subject to the satisfaction or waiver of several conditions

The Arrangement is conditional upon, among other things, Minefinders Shareholder Approval, Minefinders Combined Securityholder Approval, Pan American Shareholder Approval and Minefinders and/or Pan American having obtained certain other approvals (including those of the Court, the TSX, NYSE Amex, Nasdaq and all Antitrust Clearances). There is no certainty, nor can we provide any assurance, that these conditions will be satisfied or, if satisfied, when they will be satisfied. A substantial delay in obtaining satisfactory approvals or the imposition of unfavourable terms or conditions in any required approvals could have an adverse effect on our business, financial condition or results of operations. In addition, if for any reason the conditions to the Arrangement are not satisfied or waived and the Arrangement is not completed or if the Arrangement Agreement is otherwise terminated, the market price of our shares may be adversely affected.

If the Arrangement is not completed and Pan American decides to seek another acquisition, there can be no assurance that it will be able to find an asset or target company for acquisition at an equivalent or more attractive price than the total Consideration to be paid pursuant to the Arrangement.

Certain costs relating to the Arrangement, such as legal, accounting and financial advisor fees, must be paid by us, even if the Arrangement is not completed. These costs, including, if applicable, the payment of the Pan American Termination Payment, and/or the Pan American Expense Payment, may adversely affect our results of operation, cash flow from operations and financial condition.

The Consideration under the Arrangement represents a fixed exchange ratio

Minefinders Shareholders will receive fixed Consideration under the Arrangement, rather than consideration with a fixed market value. Because the number of Pan American Shares to be received in respect of each Minefinders Share under the Arrangement will not be adjusted to reflect any change in the market value of the Pan American Shares, the market value of the Pan American Shares received under the Arrangement may vary significantly from the market value at the dates referenced in this Circular. If the market price of the Pan American Shares increases or decreases, the value of the Consideration that Minefinders Shareholders receive pursuant to the Arrangement will correspondingly increase or decrease.

There can be no assurance that the market price of the Pan American Shares on the Effective Date will not be lower than the market price of such shares on the date of the Special Meeting. In addition, the number of Pan American Shares being issued in connection with the Arrangement will not change despite increases or decreases in the market price of the Minefinders Shares. Many of the factors that affect the market price of the Pan American Shares and the Minefinders Shares are beyond the control of Pan American and Minefinders, respectively.

Pan American has not verified the reliability of the information regarding Minefinders included in, or which may have been omitted from, this Circular

Unless otherwise indicated, all historical information regarding Minefinders contained in this Circular, including all Minefinders financial information and all *pro forma* financial information reflecting the *pro forma* effects of the acquisition of Minefinders by us, has been derived from Minefinders' publicly disclosed information or provided by Minefinders. Although we have no reason to doubt the accuracy or completeness of such information, any inaccuracy or material omission in Minefinders' publicly disclosed information, including the information about or relating to Minefinders contained in this Circular, could result in unanticipated liabilities or expenses, increase the cost of integrating the companies or adversely affect our operational and development plans and our results of operations and financial condition.

Mineral reserve and mineral resource figures pertaining to Pan American's and Minefinders' properties are only estimates and are subject to revision based on developing information

Information pertaining to Pan American's and Minefinders' mineral reserves and mineral resources presented in this Circular, or incorporated by reference herein, are estimates and no assurances can be given as to their accuracy. Such estimates are, in large part, based on interpretations of geological data obtained from drill holes and other sampling techniques. Actual mineralization or formations may be different from those predicted. Mineral reserves and mineral resources estimates are materially dependent on the prevailing price of minerals and the cost of recovering and processing minerals at the individual mine sites. Market fluctuations in the price of minerals or increases in recovery costs, as well as various short-term operating factors, may cause a mining operation to be unprofitable in any particular accounting period.

The estimates of mineral reserves and mineral resources attributable to any specific property of Pan American and Minefinders are based on accepted engineering and evaluation principles. The estimated amount of contained minerals in proven and probable mineral reserves does not necessarily represent an estimate of a fair market value of the evaluated properties.

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

Furthermore, we have not reviewed in detail the methodology used by Minefinders in preparing Minefinders mineral reserves and mineral resources presented in this Circular, or incorporated by

reference herein and accordingly there is no assurance that such estimates will not change following our review of the methodology.

Completion of the Arrangement could adversely affect the market price of Pan American Shares

Market reaction to the Arrangement is unpredictable and could have an adverse effect on the future trading price of shares.

After completion of the Arrangement, a significant number of additional Pan American Shares will be available for trading in the public market. This increase in the number of our shares may lead to sales of such shares or the perception that such sales may occur, either of which may adversely affect the market for, and the market price of, our shares. Moreover, any Former Minefinders Shareholder holding a significant percentage of Minefinders Shares may hold a significant percentage of Pan American Shares after the Arrangement. The potential that such Former Minefinders Shareholder may sell its Pan American Shares in the public market (commonly referred to as a market overhang), as well as any actual sales of such shares in the public market, could adversely affect the market price of our shares.

The integration of Pan American and Minefinders may not occur as planned

The Arrangement Agreement has been entered into with the expectation that its successful completion will result in increased production growth at attractive cash costs to us. This expectation is partly based on presumed synergies from consolidation and successful construction or expansion of mines at Minefinders' operating and development projects. These anticipated benefits will depend in part on whether the operations, systems, management and cultures of each of Minefinders and Pan American can be integrated in an efficient and effective manner and whether the expected bases or sources of synergies do in fact produce the benefits anticipated. Most operational and strategic decisions, and certain staffing decisions, with respect to the combined company post-acquisition will continue to be reviewed by us and may not have been fully identified. These decisions and the integration of Pan American and Minefinders will present challenges to management, including the integration of systems and personnel of the two companies, and special risks, including possible unanticipated liabilities, significant one-time write-offs or restructuring charges, unanticipated costs and the loss of key employees. There can be no assurance that there will be operational or other synergies realized by us, or that the integration of Pan American's and Minefinders' operations, systems, management and cultures will be timely or effectively accomplished, or ultimately will be successful in increasing earnings and reducing costs. In addition, synergies assume certain long-term realized gold prices. If actual prices were below such assumed prices, that could adversely affect the synergies to be realized.

We may not realize the benefits of our newly acquired projects

As part of our strategy, we will continue our efforts to develop new projects and will have an expanded portfolio of such projects as a result of our acquisition of Minefinders. A number of risks and uncertainties are associated with the development of these types of projects, including political, legal, litigation, regulatory, design, construction, labour (including risks associated with expatriated employees), environmental, operating, technical and technological risks, uncertainties relating to capital and other costs and financing risks, and risks associated with the *ejido*.

We may be subject to significant permitting and completion risks and capital cost increases associated with its expanded operations and its expanded portfolio of projects

If there are significant delays in the permitting or completion of projects and when they commence producing on a commercial and consistent scale, and/or their capital costs are significantly higher than

estimated, these events could have a significant adverse effect on our results of operations, cash flow from operations and financial condition.

Actual capital costs necessary to develop Minefinders projects could be significantly above Minefinders estimates. Such capital cost overruns could have a significant adverse effect on us.

We may be subject to additional capital requirements and operating risks associated with our expanded operations and our expanded portfolio of growth projects

As a consequence of the Minefinders acquisition, we will be subject to additional capital requirements associated with the expanded operations and expanded portfolio of exploration and development projects.

We must generate sufficient internal cash flows and/or be able to utilize available financing sources to finance our growth and sustain capital requirements. Following the Arrangement, a decrease in the amount of, or a change in the timing of the production outlook, or in the prices realized for silver will directly affect the amount and timing of our cash flow from operations. If we do not realize satisfactory prices for the silver that we produce, we could be required to raise very significant additional capital through the capital markets and/or incur significant borrowings to meet our capital requirements. These financing requirements could adversely affect our credit ratings and our ability to access the capital markets in the future to meet any external financing requirements we might have. If there are significant delays in when these projects are completed and are producing on a commercial and consistent scale, and/or their capital costs were to be significantly higher than estimated, these events could have a significant adverse effect on our results of operation, cash flow from operations and financial condition.

In addition, our mining operations and processing and related infrastructure facilities are subject to risks normally encountered in the mining and metals industry. Such risks include, without limitation, environmental hazards, industrial accidents, labour disputes, changes in laws, litigation, technical difficulties or failures, late delivery of supplies or equipment, unusual or unexpected geological formations or pressures, cave-ins, pit-wall failures, rock falls, unanticipated ground, grade or water conditions, flooding, periodic or extended interruptions due to the unavailability of materials and force majeure events. Such risks could result in damage to, or destruction of, mineral properties or producing facilities, personal injury, environmental damage, delays in mining or processing, losses and possible legal liability. Any prolonged downtime or shutdowns at our mining or processing operations could materially adversely affect our business, results of operations, financial condition or liquidity.

Heap leaching is inherently subject to risk, including the unintended discharge of hazardous materials, such as sodium cyanide, into the environment

Mining companies often employ sodium cyanide, which is a hazardous material, to extract metals from ore. In addition, mining companies often use heap leaching as a means of applying sodium cyanide to metal-bearing ore and collecting the resulting metal-bearing solution. There is inherent risk of unintended discharge of hazardous materials in the operation of leach pads.

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

Mined ore at Minefinders Dolores mine is crushed and heaped on an impermeable plastic lined leach pad where it is irrigated with a sodium cyanide leach solution to dissolve silver and gold from the ore. The leach solution containing the dissolved minerals percolates through the heap and is then collected, treated in a Merrill-Crowe process plant to recover the silver and gold, and then recycled to the heap after reagent levels are adjusted.

Table of Contents

A tear in the phase 1 leach pad at the Dolores mine occurred towards the end of June 2010. The remediation work required cessation of leaching on the leach pad. Remediation work on the phase 1 leach pad to date has included excavation of approximately 2.2 million tonnes to fully expose the affected area. Recent assessment of the excavated area on the phase 1 leach pad shows more damage to the liner than anticipated and indicates the liner may be impaired upslope from the excavated area. Accordingly, Minefinders is assessing various options to fully remediate the liner. The remaining low grade material on the phase 1 leach pad consists of approximately 8.3 million tonnes containing an estimated 3,800 recoverable gold ounces and 575,000 recoverable silver ounces. This material will be reserved for future processing, the manner of which will be determined based on the resolution of a remediation plan for the phase 1 pad.

In the third quarter of 2011, the west side of the phase 2 leach pad suffered a crushed collection pipe that prevented collection of solution in one of two collection pipes. In order to maintain the bulk of production while accessing the affected area for remediation, the east side of the pad was prepared for stacking. While no metal was lost as a result of this event, metal production was delayed during the changeover while new patios were prepared for irrigation. Leach solution continues to be diverted to other collection areas of the phase 2 leach pad while remediation of the affected area continues.

Should sodium cyanide escape from the leach pad and collection infrastructure or otherwise be detected in the downstream surface and ground water points, Minefinders may become subject to liability for remediation costs, which could be significant and may not be insured against. In addition, metal production could be delayed or halted to allow for remediation, resulting in a reduction or loss of cash flow for Minefinders. While Minefinders takes appropriate steps to prevent discharges of sodium cyanide and other hazardous materials into the ground water, surface water and the downstream environment, there is inherent risk in the operation of leach pads and there can be no assurance that a release of hazardous materials will not occur.

Pan American s and Minefinders operations are in jurisdictions outside of Canada and the United States

Operations, development and exploration activities carried out by Pan American and Minefinders are or may be affected to varying degrees by taxes and government regulations relating to such matters as environmental protection, land use, water use, health, safety, labour, restrictions on production, price controls, currency remittance, maintenance of mineral rights, mineral tenure and exploration of property. Pan American s and Minefinders principal assets are held outside of North America. Although the governments where the assets are situated are currently generally stable and generally friendly to foreign investment, there are still political risks. The risks include, but are not limited to, extreme fluctuations in currency exchange rates, high rates of inflation, labour and social unrest, terrorism, hostage taking and expropriation. Changes in mining or investment policies or shifts in political attitudes may also adversely affect our business. Operations may be affected in varying degrees by government regulations with respect to, but not limited to, restrictions on production, price controls, import, duties and taxes, export controls, currency remittance, income taxes, maintenance of claims, repatriation of earnings, environmental legislation, litigation, expropriation of property, land use and ownership, land claims of local people, water use and safety. Any changes in the laws relating to mining in the jurisdictions in which Pan American or Minefinders carries on business could materially affect the rights and title to the interests to be held there by us. No assurance can be given that applicable governments will not revoke or significantly alter the conditions of the applicable exploration and mining Authorizations nor that such exploration and mining Authorizations will not be challenged or impugned by third parties. The effect of any of these factors cannot be accurately predicted.

Local opposition to mine development projects has arisen in Peru in the past, and such opposition has at times been violent. In particular, on June 24, 2011, six people were killed and approximately 30 wounded when police fired on mostly indigenous protesters opposing Bear Creek Mining Corporation's Santa Ana silver development project as they tried to seize control of the Juliaca airport in the region of Puno approximately 160 kilometres away from the project. In response to the protests, on June 25, 2011, the Peruvian government issued a Supreme Decree that reversed a Supreme Decree issued in 2007, which granted Bear Creek title over mineral concessions covering the Santa Ana project. Bear Creek has since appealed the Peruvian government's decision. There can be no assurance that similar local opposition will not arise in the future with respect to Pan American's Peruvian operations. If Pan American were to experience resistance or unrest in connection with its foreign operations, it could have a material adverse effect on Pan American's operations or profitability.

In September 2011, Peru's Parliament approved new laws to change the scheme for royalty payments and to introduce a new special mining tax, which are effective from October 1, 2011. Under the previous tax scheme, royalties were based on net sales. Under the current law, royalties are based on operating profit and royalty rates that vary depending on operating margins. In the case that the calculated royalty payments are less than 1% of net sales, then the company will pay a minimum royalty of 1% of net sales. Additionally, a new special mining tax has been introduced which is also based on operating profits and a tax rate that also varies depending on operating margins. The Company's calculations of the change in the royalty and the new tax indicate that no material impact is expected on the results of the Company's Peruvian operations.

Our Mexican operations have both suffered from armed robberies of doré within the past year. The Company has instituted a number of additional security measures and a more frequent shipping schedule in response to these incidents. Pan American has subsequently renewed its insurance policy to mitigate some of the financial loss that would result from such criminal activities in the future, however a substantial deductible amount would apply to any such losses in Mexico.

There are currently laws in the Province of Chubut, Argentina which, among other things, prohibit open pit mining and the use of cyanide in mineral processing across the entire Province. As currently enacted, these laws in the Province of Chubut would likely render any future construction and development of our Navidad development project uneconomic or not possible at all. There is no guarantee that the present restrictions on mining will be removed or that they will not become more restrictive, or that new constraints will not be imposed. Such restrictions, particularly those affecting the development of the Navidad project, could have a material adverse impact on Pan American's future profitability, growth and value.

On October 26, 2011, the Federal Government of Argentina promulgated an economic emergency decree requiring all oil, gas and mining exporters to repatriate 100% of sales receipts, in an attempt to stem ongoing capital flight. We are currently assessing the implications the new regulation will have on our Manantial Espejo mine and our development projects in Chubut and Rio Negro. Currently, management believes that the likely impact would come in the form of additional transaction fees associated with the repatriation of funds; however, the precise methods of application of the decree are still being formulated by the Government and are being analyzed by the Company as further details are determined.

In late 2005, a national election in Bolivia resulted in the emergence of a left-wing government. This has caused some concerns amongst foreign companies doing business in Bolivia due to the government's policy objective of nationalizing the oil and gas industries. There is no certainty the government of Bolivia will not take steps to implement such measures targeting the mining industry, and in early 2009, a new constitution was enacted that further entrenches the government's ability to amend or enact such laws,

including those that may affect mining. Risks of doing business in Bolivia include being subject to new higher taxes and mining royalties (some of which have already been proposed or threatened), revision of contracts and threatened expropriation of assets, all of which could have a material adverse impact on Pan American's operations or profitability.

In April 2011, media reports from Bolivia suggested that the Bolivian government was considering unilaterally terminating contracts and taking control of several privately-operated mines (formerly operated by the government). On May 1, Bolivian President Evo Morales announced the formation of a multi-disciplinary committee to re-evaluate several pieces of legislation, including the mining law. However, Mr. Morales made no reference to reviewing or terminating agreements with private mining companies. Operations at our San Vicente mine in Bolivia have continued to run normally and the Company expects normal operations to continue status quo.

We are subject to a broad range of environmental laws and regulations in the jurisdictions in which we operate, and if the Arrangement is successful, we may be exposed to increased environmental costs and liabilities given the operations of Minefinders.

Each of Pan American and Minefinders is subject to a broad range of environmental laws and regulations in each of the jurisdictions in which it operates. These laws and regulations, as interpreted by relevant agencies and courts, impose increasingly stringent environmental protection standards regarding, among other things, air emissions, wastewater storage, treatment and discharges, the use and handling of hazardous or toxic materials, waste disposal practices and remediation of environmental contamination. The costs of complying with these laws and regulations, including participation in assessments and remediation of sites, could be significant. In addition, these standards can create the risk of substantial environmental liabilities, including liabilities associated with divested assets and past activities. Furthermore, challenges from third parties may arise that challenge permits that Pan American, Minefinders and their subsidiaries have been granted or are in the process of obtaining. We have established reserves for environmental remediation activities and liabilities. However, environmental matters cannot be predicted with certainty, and these amounts may not be adequate, especially in light of potential changes in environmental conditions or the discovery of previously unknown environmental conditions, the risk of governmental orders to carry out additional compliance on certain sites not initially included in remediation in progress, and the potential liability of each of Pan American and Minefinders to remediate sites for which provisions have not been previously established. Such future developments could result in increased environmental costs and liabilities that could have a material adverse effect on our financial position and results of operations.

Other Risks

Due to the inherent uncertainty of the litigation process and dealings with regulatory bodies, there is no assurance that any current or potential legal or regulatory proceeding involving Minefinders or Pan American and their subsidiaries will be resolved in a manner that will not have a material and adverse effect on our future cash flow, results of operations or financial condition if the Arrangement is implemented.

Additional risks and uncertainties related to our business and operations are set out in the Pan American Annual Information Form under the heading "Risks Related to Pan American's Business", as well as in our most recent quarterly and annual management's discussion and analysis, which risks and uncertainties are incorporated herein by reference.

Information Concerning Minefinders

Overview of Minefinders

Minefinders is in the business of the mining and development of, and the exploration for, precious and base metal properties. Interests in these properties are held directly and indirectly through exploitation and exploration concessions, leases, options and working interests. Minefinders properties are located in Mexico and the United States. Minefinders' principal mineral property interest is the Dolores property, located in Chihuahua, Mexico. A feasibility study for the Dolores property was completed in 2006, followed by capital financing and the purchase of mining and processing equipment.

Construction of an 18,000 tonne per day, open pit heap leach mine was started in 2006 and completed during the fourth quarter of 2008. Mining operations began in late 2007 and final commissioning of the plant and processing equipment was completed in the second half of 2008. In addition to constructing an operating open pit heap leach mine, Minefinders also constructed a 92-kilometer long main access road, a 300-person (since increased) operations camp including employee housing, water and sanitation systems, and service facilities including an office complex, assay laboratory, maintenance shops and power stations. Minefinders also constructed community housing and infrastructure for local inhabitants.

On November 17, 2008, Minefinders announced the first pour of gold and silver doré at the Dolores property. The December 31, 2010 reserves support a 16 year mine life from a base case heap leach only operation. Production from the Dolores mine from commencement of operations to December 31, 2011 is as follows:

- In 2008, 3,093 ounces of gold and 57,378 ounces of silver were produced, all in November and December.
- In 2009, 77,264 ounces of gold and 1,318,245 ounces of silver were produced.
- In 2010, 56,110 ounces of gold and 1,218,664 ounces of silver were produced.
- In 2011, 74,193 ounces of gold and 3,572,357 ounces of silver were produced.

Minefinders also has property interests in Sonora, Mexico. The Sonora properties include the La Bolsa gold and silver deposit, the La Virginia gold and silver project, the Real Viejo silver prospect and the Planchas de Plata silver prospect, each at various stages of exploration. Minefinders has other mineral property interests in northern Mexico and in the United States that are in the early exploration stage.

More detailed information regarding Minefinders, its operations and its properties can be found in Minefinders' Annual Information Form for the financial year ended December 31, 2010, dated February 24, 2011 and other documents that are incorporated herein by reference. See Documents Incorporated by Reference and Further Information below.

Recent Developments

On October 25, 2011, Minefinders filed a technical report dated September 30, 2011 entitled "NI 43-101 Technical Report, Dolores Gold-Silver Project, Chihuahua, Mexico (the **CAM Report**)" prepared by CAM. The CAM Report supports the updated reserves and resources for the Dolores mine reported by news release in May 2011. The CAM Report is available on SEDAR (www.sedar.com). The principal author of the CAM Report was Robert L. Sandefur P.E., who is an independent qualified person as

defined in NI 43-101. The CAM Report has not been updated to account for operating and production results subsequent to December 31, 2010. No technical reports on the Dolores mine have been filed subsequent to the CAM Report.

The following information on the updated reserves and resources for the Dolores mine has been summarized from the CAM Report.

Mineral Resources

Mineral resources have been estimated as of December 31, 2010. Minefinders personnel prepared these estimates, with independent review by Robert L Sandefur, P.E. of CAM. Mr. Sandefur is the qualified person as defined by NI 43-101 for this mineral resource statement.

The mineral resources in this estimate were calculated using the Canadian Institute of Mining, Metallurgy and Petroleum (**CIM**) Standards on Mineral Resources and Reserves, Definitions and Guidelines prepared by the CIM Standing Committee on Reserve Definitions and adopted by CIM Council on December 11, 2005.

The total measured and indicated resources at Dolores (**which include the mineral reserves**) at December 31, 2010, are estimated at 2.646 million ounces of gold and 139.5 million ounces of silver, contained in 151.9 million tonnes grading 0.542 grams per tonne (**gpt**) gold and 28.6 gpt silver, at a gold equivalent (**AuEq**) cutoff grade of 0.3 gpt. An additional 326,214 ounces of gold and 16.1 million ounces of silver, contained in 27.6 million tonnes, are classified as inferred resources .

Mineral resources which are not mineral reserves do not have demonstrated economic viability. The estimate of mineral resources may be materially affected by environmental, permitting, legal, title, taxation, socio-political, marketing, or other relevant issues. The quantity and grade of reported inferred resources in this estimation are conceptual in nature.

Mineral Reserves

Proven and probable reserves have been estimated as of December 31, 2010. Minefinders personnel prepared these estimates, with independent review by Robert L Sandefur, P.E. of CAM. Mr. Sandefur is the qualified person as defined by NI 43-101 for this mineral reserve statement. Note that because of the estimation method, the resources disclosed above include diluted ore reserves.

The updated gold and silver reserves are current to December 31, 2010 and are sufficient to sustain open pit production for the next 16 years at current throughput rates. The open pit gold and silver reserves base at the Dolores mine consists of 2.024 million ounces of gold and 114.52 million ounces of silver, or 4.226 million gold equivalent ounces. The reserves are contained in 107.64 million tonnes of proven and probable ore having an average grade of 0.58 gpt gold and 33.1 gpt silver.

A standard methodology for pit limit analysis was followed by Minefinders using the Whittle software package which applies an implementation of the Lerchs-Grossmann (LG) algorithm. The parameters for pit optimization include a gold price of \$1,200/oz and a silver price of \$23/oz. Initial block dimensions were 3.0 m X 5.0 m X 7.5 m vertically.

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

The Whittle LG pit shell selected for the reserves statement corresponding to a revenue factor of 0.720, or \$864 gold and \$16.56 Silver. An ultimate pit plan including haul roads and safety berms was created using MineSight software by the Dolores planning engineering department. This ultimate pit was used for reporting of reserves.

For the purpose of reporting mine reserves, the value of gold and silver in each block, net of recovery are stored (recoveries vary according to alteration for each block). An internal value cutoff grade (excluding mining cost) is used for separation of ore from waste based on a cost of \$ 7.50/tonne.

The authorized share capital of Minefinders consists of an unlimited number of common shares without par value. As at the date of this Circular there were: (i) 89,770,791 Minefinders Shares issued and outstanding, all of which are fully paid and not subject to any future call or assessment; (ii) 2,887,049 outstanding options providing for the issuance of 2,887,049 Minefinders Shares upon the exercise thereof; and (iii) \$36,235,000 aggregate principal amount of Minefinders Convertible Notes outstanding providing for the issuance of up to 4,529,375 Minefinders Shares(1) upon the conversion thereof.

The Minefinders Shares rank equally as to voting rights, participation in a distribution of the assets of Minefinders on a liquidation, dissolution or winding-up, and the entitlement to dividends. The holders of the Minefinders Shares are entitled to receive notice of all meetings of shareholders and to attend and vote the Minefinders Shares at the meetings. Each Minefinders Share carries the right to one vote.

The following tables set forth, for the periods indicated, the reported high and low quotations and the aggregate volume of trading of the Minefinders Shares on the TSX and the NYSE Amex.

(1) Assuming a conversion ratio of 125 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. The Minefinders Convertible Notes are convertible into Minefinders Shares at a conversion ratio of 83.5422 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. If the Arrangement becomes effective, Minefinders Convertible Noteholders may be entitled to receive a conversion premium in the form of Additional Shares as provided in the Indenture. The number of Additional Shares is calculated at the Effective Date based in part on the volume weighted average price of the Minefinders Shares for the five trading days prior to the Effective Date subject to a maximum of 125 Minefinders Shares for each \$1,000 principal amount of Minefinders Convertible Notes. Since the number of Additional Shares cannot be calculated until after the close of trading on the trading day preceding the Effective Date, any Additional Shares issuable in respect of Minefinders Convertible Notes converted prior to the Effective Date will be issued immediately prior to the Effective Time. If the Arrangement is not completed, Minefinders Convertible Noteholders will not be entitled to receive any conversion premium.

Notes to the pro forma condensed consolidated financial statements

(Unaudited)

(expressed in thousands of United States dollars, except where noted)

The pro forma condensed consolidated statement of financial position as at September 30, 2011 has been prepared as if the transactions described in Notes 3 and 4 had occurred on September 30, 2011. The pro forma consolidated statements of earnings for the nine months ended September 30, 2011 and for the year ended December 31, 2010 have been prepared as if the transactions described in Notes 3 and 4 had occurred on January 1, 2010.

The pro forma condensed consolidated financial statements are not intended to reflect the results of operations or the financial position of Pan American, which would have actually resulted had the transactions been effected on the dates indicated. Actual amounts recorded upon consummation of the agreements will likely differ from those recorded in the unaudited pro forma consolidated financial statement information. Similarly, the calculation and allocation of the purchase price has been prepared on a preliminary basis and is subject to change between the time such preliminary estimations were made and closing as a result of several factors which could include among others: changes in fair value of the assets acquired and liabilities assumed and the market price of the related shares, options and warrants. Any potential synergies that may be realized and integration costs that may be incurred upon consummation of the transactions have been excluded from the unaudited pro forma financial information. Further, the pro forma financial information is not necessarily indicative of the results of operations that may be obtained in the future.

The unaudited pro forma condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements of Pan American and Minefinders for the year ended December 31, 2010, and notes thereto; the unaudited reconciliation of Canadian GAAP to IFRS for the year ended December 31, 2010 included in the unaudited interim condensed consolidated financial statements of Pan American and Minefinders for the three month period ending March 31, 2011; as well as the unaudited interim condensed consolidated financial statements of Pan American and Minefinders for the nine months ended September 30, 2011.

2. Significant accounting policies

The accounting policies used in the preparation of these unaudited pro forma condensed consolidated financial statements are those set out in Pan American's unaudited interim condensed consolidated financial statements as at March 31, 2011. In preparing the unaudited pro forma condensed consolidated financial statements a review was undertaken to identify accounting policy differences where the impact was potentially material and could be reasonably estimated. The significant accounting policies of Minefinders conform in all material respects to those of Pan American.

3. Pro forma preliminary purchase price allocation

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

In January 2012, Pan American Silver and Minefinders jointly announced that Pan American made an offer to acquire all of the issued and outstanding common shares of Minefinders. Under the terms of the offer, Minefinders shareholders will be entitled to elect to receive in exchange for each Minefinders common share held:

- (i) 0.55 of a Pan American common share and CAD\$1.84 (\$1.84) in cash; or
- (ii) 0.6235 of a Pan American common share and CAD\$0.0001 (\$0.0001) in cash; or
- (iii) \$15.60 in cash;

with alternatives (ii) and (iii) subject to proration such that the number of Pan American shares to be issued and the amount of cash to be paid will be limited to specified aggregate maximum

amounts. As a result, the average consideration to be paid is expected to be equal to the amount determinable in (i) above and these pro forma condensed consolidated financial statements are prepared on the assumption that all Minefinders shareholders elect alternative (i).

In addition, on January 22, 2012, the Compensation Committee of the Board of Directors of Minefinders passed a resolution accelerating the vesting of all Minefinders share options that would otherwise be unvested. Each Minefinders option holder will be entitled to:

- (i) exercise their vested Minefinders options and participate in the offer as a Minefinders shareholder; or
- (ii) elect to receive a replacement Pan American share option entitling the holder to purchase 0.6235 Pan American shares at an exercise price equal to the exercise price of the exchanged Minefinders option divided by 0.6235.

These pro forma condensed consolidated financial statements are prepared on the assumption that each Minefinders option holder will elect to receive a replacement Pan American option on the basis described by (ii) above.

It is also assumed for the purposes of preparing these pro forma condensed consolidated financial statements that holders of the Minefinders convertible notes will elect to convert into Minefinders common shares prior to the closing date.

A total of 95,083,627 Minefinders common shares are estimated to be exchanged for 52,295,995, Pan American shares and 657,250 options. The value of the Pan American common shares and options issued was calculated based on the closing price of Pan American common shares on January 27, 2012 for the purpose of preparing these condensed consolidated pro forma financial statements. The final common share purchase consideration will be determined based on the market price of Pan American common shares on the date of acquisition. Minefinders convertible noteholders may be entitled to receive a conversion premium following the effective date in the form of additional Minefinders shares. These pro forma financial statements do not take into consideration the additional shares as the impact is not determinable until the date of acquisition. The maximum number of Pan American shares that may be issued in connection with the acquisition is 53,666,003.

The transaction has an estimated acquisition cost of \$1,384.4 million including the following items as at January 27, 2012:

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

- (i) 52,295,995 Pan American common shares at CAD \$23.10 per share (\$23.06) for total share consideration of \$1,205.9 million; plus
- (ii) 657,250 Pan American replacement stock options at an average fair value of CAD\$5.47 per option (\$5.46) for total consideration of \$3.6 million.
- (iii) Cash payment of \$174,954 as a result of the purchase of 95.1 million Minefinders shares at CAD \$1.84 (\$1.84).

The following weighted average assumptions were used for the Black-Scholes option pricing model to determine the fair value of the replacement stock options:

Risk-free interest rate	0.93%
Expected volatility	40.75%
Expected life	4

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

Pro forma adjustments to the consolidated statement of financial position

The unaudited pro forma condensed consolidated statement of financial position reflects the following adjustments as if the business combination of Minefinders had occurred on September 30, 2011.

- a) To record the excess of the consideration paid over the fair value of Minefinders' net assets allocated to mineral properties, plant and equipment.
- b) To record the actual exercise of 4,158,650 warrants and 1,722,500 options of Minefinders in the period from October 1, 2011 to January 27, 2012 for a cash consideration of \$20,793 and \$16,886, respectively.
- c) To record the extinguishment of the convertible notes which were recorded in current liabilities (\$50,988) and non-current liabilities (\$30,264) as a result of the assumed conversion of the notes and recording the related increase in equity (\$81,252).
- d) Elimination of shareholders' equity of Minefinders on acquisition (\$440,235) and elimination of equity arising on the pro forma adjustment due to conversion of notes (see adjustment c and j)

for Minefinders and exercise of warrants (see adjustment b and j) and options (see adjustment b) for a total of \$199,351. Also, the share option reserve of Minefinders in the amount of \$14,712 is eliminated.

e) To record the issuance of 52,295,995 common shares of Pan American recorded at a price of CAD\$23.10 (\$23.06) per share being the closing price of Pan American shares on January 27, 2012.

f) To record the \$174,954 cash paid on acquisition based on CAD\$1.84 (\$1.84) offered for 95.1 million Minefinders shares.

g) To issue 657,250 Pan American replacement stock options with a fair value of \$3,589.

h) To record the estimated costs of the business combination in the amount of \$22.2 million; \$13.1 million incurred by Pan American and \$9.1 million incurred by Minefinders.

i) To record the additional deferred income tax liability recorded on acquisition as a result of the excess of the fair value of the acquired assets over their corresponding tax bases. The tax effect of this excess has been assumed to be goodwill on the date of acquisition.

j) To extinguish the liability associated with the exercise of warrants with a carrying value of \$38,251 (see (k)) and the assumed conversion of the convertible feature of the notes with a carrying value of \$42,169 of Minefinders, resulting in an adjustment in the amount of \$80,420 which is credited to equity.

k) To record the \$38,251 fair value of the warrant liability in equity on exercise of the warrants, together with the cash received of \$20,793 on exercise, resulting in an adjustment in the amount of \$59,044 (see (b)).

Pro forma adjustments to the consolidated income statements

Edgar Filing: PAN AMERICAN SILVER CORP - Form 6-K

The unaudited pro forma consolidated income statements for the nine months ended September 30, 2011 and year ended December 31, 2010 reflect the following adjustments as if the business combination had occurred on January 1, 2010.

- l) To record additional depreciation and amortization as a result of the increased cost of mineral properties, plant and equipment arising from the purchase price allocation (see (a)).
- m) To reverse interest expense relating to the convertible debenture which is assumed to be converted to common shares at acquisition.
- n) To eliminate the fair value change in warrants and convertible notes which would not have been incurred because, for the purposes of the pro forma, it is assumed that these were converted at the beginning of the period.
- o) To record an additional deferred tax recovery relating to increased depreciation and amortization costs in (see adjustment l).
- p) To record transaction costs in the amount of \$13,100 incurred by Pan American.

The Company has represented to us, in a certificate of two senior officers of the Company dated the date hereof, among other things, that the information, data and other material (financial or otherwise) provided to us by or on behalf of the Company, including the written information and discussions concerning the Company and the Target referred to above under the heading Scope of Review (collectively, the Information), are complete and correct at the date the Information was provided to us and that, since the date on which the Information was provided to us, there has been no material change, financial or otherwise, in the financial condition, assets, liabilities (contingent or otherwise), business, operations or prospects of the Company or any of its affiliates and no material change has occurred in the Information or any part thereof which would have or which would reasonably be expected to have a material effect on the Opinion.

Our Opinion is not intended to be and does not constitute a recommendation to the Board of Directors as to whether they should approve the Arrangement Agreement nor as a recommendation to any Pan American Shareholder as to how to vote or act at the Pan American Special Meeting or as an opinion concerning the trading price or value of any securities of the Company or the Target following the announcement or completion of the Proposed Transaction.

CIBC believes that its financial analyses must be considered as a whole and that selecting portions of its analyses and the factors considered by it, without considering all factors and analyses together, could create a misleading view of the process underlying the Opinion. The preparation of a fairness opinion is complex and is not necessarily susceptible to partial analysis or summary description and any attempt to carry out such could lead to undue emphasis on any particular factor or analysis.

The Opinion is given as of the date hereof and, although we reserve the right to change or withdraw the Opinion if we learn that any of the information that we relied upon in preparing the Opinion was inaccurate, incomplete or misleading in any material respect, we disclaim any obligation to change or withdraw the Opinion, to advise any person of any change that may come to our attention or to update the Opinion after the date of this Opinion.
