

BEMIS CO INC
Form 425
August 06, 2018

Filing pursuant to Rule 425 under the

Securities Act of 1933, as amended

Filer: Amcor Limited

Subject Company: Bemis Company, Inc.

Commission File Number: 001-5277

Dear Colleagues:

We made an exciting announcement today: that Amcor will acquire Bemis in a US\$6.8 billion, all-stock transaction. The acquisition agreement was unanimously approved by the boards of directors of both organizations. Combining the two highly complementary companies will create the global leader in consumer packaging.

This acquisition will be a game-changer. We have talked about Amcor's unlimited potential many times; this is a major step in realizing that promise. The new Amcor will be even better positioned to profitably grow and reinvest in the business. We will have:

- About **50,000 people**, including at ~250 plants in more than 40 countries representing two great histories and one great future together
- **Comprehensive global coverage in flexible packaging** across all key regions, and **a more balanced presence in emerging markets** to go with our rigid-containers and specialty-cartons businesses that are tops in their own segments
- **Size advantages:** US\$13 billion in sales, nearly US\$10 billion in purchasing and more than US\$100 million in research-and-development investment
- **Increased access to attractive product categories and customer segments** with advanced technologies, including in barrier films and foils

- **Best-in-class operational and innovation capabilities**, to provide customers with superior products and services, and
- A continued **strong commitment to sustainability** with enhanced capabilities to support Amcor's pledge to develop all our products to be recyclable or reusable by 2025.

We have spent a lot of time getting to know Bemis leaders and the company. Among Bemis's strengths are its leadership in the Americas; expertise in segments like food and protein packaging; and skills in material science and innovation. The strategic rationale of this combination is very clear, with compelling benefits both Amcor and Bemis — our people, our customers, our investors and the environment.

Before we can start working together, the agreement needs to be approved by certain regulators and Artic and Bemis shareholders. Getting those endorsements and planning for integration will take at least six months and involve a relatively small number of people from both companies.

The rest of us should remain squarely focused on:

- 1) The needs of customers and colleagues, as we continue to operate and compete as an independent company during the interim period, and
- 2) Our operating priorities for fiscal year 2019: keeping everyone safe, being engaged, and protecting and growing our current business by delivering on our operating plan.

When it is done, our acquisition of Bemis will help accelerate us to Amcor's tremendous future. In the meantime, thank you for everything you do to assure our success.

Best regards,

Ron Delia
Chief Executive Officer
