UNIVERSAL CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. BASIS OF PRESENTATION

Universal Corporation, with its subsidiaries ("Universal" or the "Company"), is the world's leading leaf tobacco merchant and processor. Because of the seasonal nature of the Company's business, the results of operations for any fiscal quarter will not necessarily be indicative of results to be expected for other quarters or a full fiscal year. All adjustments necessary to state fairly the results for the period have been included and were of a normal recurring nature. Certain amounts in prior year statements have been reclassified to conform to the current year presentation. This Form 10-Q should be read in conjunction with the financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2010.

NOTE 2. ACCOUNTING PRONOUNCEMENTS

Recent Pronouncements Adopted Through December 31, 2010

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles - a replacement of FASB Statement No. 162" ("SFAS 168"). This Statement established the newly-developed FASB Accounting Standards Codification ("Codification") as the single source of authoritative U.S. generally accepted accounting principles ("GAAP") for all nongovernmental entities. All guidance in the Codification carries the same level of authority, and all changes or additions to GAAP are now issued as Accounting Standards Updates ("ASU's"). In addition to the Codification, rules and interpretive releases of the U.S. Securities and Exchange Commission ("SEC") under federal securities laws remain sources of authoritative GAAP for SEC registrants. Universal was required to adopt SFAS 168 effective September 30, 2009. SFAS 168 did not make any changes to existing accounting guidance that impacted the Company's accounting and financial reporting.

Through December 31, 2010, Universal adopted the following recent accounting pronouncements:

- •FASB Accounting Standards Update 2010-06, "Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"), which was issued by the FASB in January 2010 and is effective for interim and annual financial statements for fiscal years beginning after December 15, 2009. ASU 2010-06 expands and clarifies the disclosure requirements related to fair value measurements. It requires companies to disclose separately the amounts of significant transfers in and out of Level 1 and Level 2 of the fair value hierarchy and describe the reasons for the transfers. In addition, information about purchases, sales, issuances, and settlements on a gross basis is required in the reconciliation of Level 3 fair-value measurements. ASU 2010-06 also clarifies existing fair value measurement disclosure guidance related to level of disaggregation, fair value inputs, and valuation techniques. Universal was required to apply most provisions of the new guidance effective April 1, 2010, the beginning of the current fiscal year. The adoption of ASU 2010-06 did not have a material effect on the Company's financial statements.
- •FASB Staff Position No. 132(R)-1, "Employers' Disclosures about Postretirement Benefit Plan Assets" ("FSP 132(R)-1"), adopted effective March 31, 2010. This pronouncement, which is now a part of Topic 715 of the Codification, requires expanded disclosures about plan assets of defined benefit pension or other postretirement benefit plans. The new disclosures include information about investment allocation decisions, categories of plan assets, the inputs and valuation techniques used to measure the fair value of those assets, and significant concentrations of credit risk. The disclosures required by FSP 132(R)-1 were included in the Company's annual financial statements at March 31, 2010, and did not have a material effect on those financial statements.

Pronouncements to be Adopted in Future Periods

In addition to the above accounting pronouncements adopted through December 31, 2010, the following pronouncement has been issued and will become effective in fiscal year 2012:

•FASB Accounting Standards Update 2009-13, "Multiple-Deliverable Revenue Arrangements" ("ASU 2009-13"), which was issued by the FASB in October 2009. ASU 2009-13 establishes a selling price hierarchy for determining the selling price of a deliverable in a multiple-deliverable arrangement. It also requires additional disclosures about the methods and assumptions used to evaluate multiple-deliverable arrangements and to identify the significant deliverables within those arrangements. ASU 2009-13 is effective prospectively for revenue arrangements entered into or materially modified in fiscal years beginning on or after June 15, 2010, which means that Universal will be required to adopt the guidance effective April 1, 2011, the beginning of its fiscal year 2012. The Company is evaluating the potential impact of ASU 2009-13, but does not currently expect that it will have a material effect on its financial statements.

NOTE 3. GUARANTEES, OTHER CONTINGENT LIABILITIES, AND OTHER MATTERS

Guarantees and Other Contingent Liabilities

Guarantees of bank loans to growers for crop financing and construction of curing barns or other tobacco producing assets are industry practice in Brazil and support the farmers' production of tobacco there. At December 31, 2010, the Company's total exposure under guarantees issued by its operating subsidiary in Brazil for banking facilities of farmers in that country was approximately \$77 million (\$97 million face amount including unpaid accrued interest, less \$20 million recorded for the fair value of the guarantees). About 94% of these guarantees expire within one year, and all of the remainder expire within five years. The subsidiary withholds payments due to the farmers on delivery of tobacco and forwards those payments to the third-party banks. Failure of farmers to deliver sufficient quantities of tobacco to the subsidiary to cover their obligations to the third-party banks could result in a liability for the subsidiary under the related guarantees; however, in that case, the subsidiary would have recourse against the farmers. The maximum potential amount of future payments that the Company's subsidiary could be required to make at December 31, 2010, was the face amount, \$97 million including unpaid accrued interest (\$155 million as of December 31, 2009, and \$112 million at March 31, 2010). The fair value of the guarantees was a liability of approximately \$20 million at December 31, 2010 (\$26 million at December 31, 2009, and \$26 million at March 31, 2010). In addition to these guarantees, the Company has other contingent liabilities totaling approximately \$51 million, primarily related to a bank guarantee that bonds an appeal of a 2006 fine in the European Union, as discussed below.

European Commission Fines and Other Legal Matters

European Commission Fines in Spain

In October 2004, the European Commission (the "Commission") imposed fines on "five companies active in the raw Spanish tobacco processing market" totaling €20 million for "colluding on the prices paid to, and the quantities bought from, the tobacco growers in Spain." Two of the Company's subsidiaries, Tabacos Espanoles S.A. ("TAES"), a purchaser and processor of raw tobacco in Spain, and Deltafina, S.p.A. ("Deltafina"), an Italian subsidiary, were among the five companies assessed fines. In its decision, the Commission imposed a fine of €108,000 on TAES and a fine of €11.88 million on Deltafina. Deltafina did not and does not purchase or process raw tobacco in the Spanish market, but was and is a significant buyer of tobacco from some of the Spanish processors. The Company recorded a charge of about €12 million (approximately \$14.9 million at the September 2004 exchange rate) in the second quarter of fiscal year 2005 to accrue the full amount of the fines assessed against the Company's subsidiaries.

In January 2005, Deltafina filed an appeal in the General Court of the European Union ("General Court"). A hearing was held in June 2009, and on September 8, 2010, the General Court issued its decision, in which it reduced the amount of the Deltafina fine to €6.12 million. The General Court held in part that the Commission erred in finding Deltafina acted as the leader of the Spanish cartel, and that the Commission's corresponding increase of the underlying fine by 50% was not justified. Deltafina filed an appeal to the General Court decision with the European Court of Justice on November 18, 2010. Although Deltafina agreed with the General Court that there was no basis for finding that Deltafina had acted as the leader of the Spanish cartel, Deltafina believed the General Court erred in not reducing the remaining fine further based on numerous grounds. A hearing has not been set and an ultimate resolution to the matter could take several years. The Company had deposited funds in an escrow account with the Commission in February 2005 in an amount equal to the original fine. The Company received funds from escrow in an amount equal to the reduction by the General Court plus interest that had accrued thereon. As a result of the General Court's decision in September 2010, during the quarter ended September 30, 2010, the Company reversed €5.76 million (approximately \$7.4 million) of the charge previously recorded to accrue the fine and recognized approximately \$1.2 million of interest income returned on the escrow funds. The reversal of the fine is included in selling, general and administrative expense in the consolidated statement of income.
