The Registrant hereby incorporates by reference into this Item 2.02 the

press release issued by TODCO on February 15, 2005 with respect to its fourth quarter 2004 earnings. The press release is furnished as Exhibit 99.1. The information contained in this Item 2.02 is being furnished pursuant to General Instruction B.2. of Form 8-K and shall not be deemed to be filed.

The registrant has presented EBITDA in the press release incorporated herein, which is a "non-GAAP" financial measure under Regulation G of the rules and regulations of the SEC. The components of EBITDA are computed by using amounts which are determined in accordance with GAAP. As part of the press release information the registrant has provided a reconciliation of EBITDA to net loss from continuing operations which is the nearest comparable GAAP financial measure. However, because EBITDA is not based on any standardized methodology prescribed by GAAP, it is not necessarily comparable to similar measures presented by other companies. The registrant included EBITDA in the press release because it believes EBITDA provides investors additional information to assist them in assessing the registrant's business and performance in comparison to other industry participants.

#### ITEM 2.06. MATERIAL IMPAIRMENT

In December 2004, the Company decided to decommission its three Venezuelan Lake Barges, Rigs 40, 42 and 43 and to salvage any remaining useable equipment. Based on a third party evaluation, management determined on February 11, 2005 that the remaining value of the rigs after decommissioning is \$2.8 million less than the recorded net book value of the barge rigs. As such, the Company reported a \$2.8 million non-cash charge against earnings for the quarter ended December 31, 2004.
