CITY NETWORK, INC. AND SUBSIDIARIES (FORMERLY INVESTMENT AGENTS, INC.)

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS NOVEMBER 30, 2004

NOTE 1 - NATURE OF OPERATIONS

City Network, Inc., formerly Investment Agents, Inc., was incorporated on August 8, 1996 under the laws of the State of Nevada. City Network Technology, Inc., formerly Gelcrest Investments Limited, was incorporated under the laws of the British Virgin Islands on March 1, 2002. City Network, Inc -Taiwan, formerly City Engineering, Inc., was incorporated under the laws of Republic of China on September 6, 1994. City Construction Co., Ltd. was incorporated under the laws of Republic of China on October, 10, 2003. City Network, Inc. owns 100% of the capital stock of City Network Technology, Inc., and City Network Technology, Inc. owns 100% of the capital stock of City Network, Inc. - Taiwan, and City Construction. Collectively the four corporations are referred to herein as the "Company". When used in these notes, the terms "Company," means City Network, Inc. and its subsidiaries.

On November 14, 2002, City Network Technology, Inc. became a wholly owned subsidiary of City Network, Inc. through an Exchange Agreement, which was amended on December 4, 2002 whereby City Network, Inc. acquired all of the issued and outstanding capital stock of City Network Technology, Inc. in exchange for 12,000,000 shares of City Network, Inc.

The Company is a provider of internet broadband and wireless infrastructure equipment and service for the rapidly expanding broadband marketplace. The Company intends to be an important provider of these services predicated upon their dedication to delivering user friendly, cost effective, and customer tailored high speed internet access equipment to meet the business needs of the hospitality, residential property and telecommunication industry worldwide.

The Company operates in an industry characterized by significant competition and rapid technological changes. The Company will need additional investments and funding in order to complete the development and improvements necessary for its products and its planned operations.

CITY NETWORK, INC. AND SUBSIDIARIES (FORMERLY INVESTMENT AGENTS, INC.)

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS NOVEMBER 30, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Unaudited Interim Financial Information - The accompanying financial statements have been prepared by City Network, Inc., pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") Form 10-QSB and Item 310 of Regulation S-B, and generally accepted accounting principles for interim financial reporting. These financial statements are unaudited and, in the opinion of management, include all adjustments (consisting of normal recurring adjustments and accruals) necessary for a fair presentation of the statement of financial position, operations, and cash flows for the periods presented.

Edgar Filing: CITY NETWORK INC - Form 10QSB

Operating results for the nine months ended November 30, 2004 and 2003 are not necessarily indicative of the results that may be expected for the ten months ended December 31, 2004, or any future period, due to seasonal and other factors. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting policies have been omitted in accordance with the rules and regulations of the SEC. These financial statements should be read in conjunction with the audited consolidated financial statements and accompanying notes, included in the Company's Annual Report for the year ended February 29, 2004.

BASIS OF CONSOLIDATION - The consolidated financial statements for 2004 include the accounts of City Network, Inc., and it's wholly owned subsidiary City Network Technology, Inc. and its wholly owned subsidiaries, City Network, Inc. - Taiwan and City Construction Co., Ltd. All material intercompany accounts, transactions and profits have been eliminated in consolidation.

REVENUE RECOGNITION - Revenue from sales of products to customers is recognized upon shipment or when title passes to customers based on the terms of the sales, and is recorded net of returns, discounts and allowances.

CASH AND CASH EQUIVALENTS - Cash equivalents are stated at cost. Cash equivalents are highly liquid investments readily convertible into cash with an original maturity of three months or less and consist of time deposits with commercial banks.

ALLOWANCE FOR DOUBTFUL ACCOUNTS - The Company establishes an allowance for doubtful accounts on a case-by-case basis when it believes the required payment of specific amounts owed is unlikely to occur after a review of historical collection experience, subsequent collections and management's evaluation of existing economic conditions.

8

CITY NETWORK, INC. AND SUBSIDIARIES (FORMERLY INVESTMENT AGENTS, INC.)

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS NOVEMBER 30, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FIXED ASSETS - Property and equipment are stated at cost less accumulated depreciation. Expenditures for major additions and improvements are capitalized and minor replacements, maintenance and repairs are charged to expense as incurred. Whenever an asset is retired or disposed of, its cost and accumulated depreciation or amortization is removed from the respective accounts and the resulting gain or loss is credited or charged to income.

Depreciation is computed using the straight-line and declining-balance methods over the following estimated useful lives:

Furniture and Fixtures	5 years
Equipment	5 years
Computer Hardware and Software	3 years
Building and Improvements	50 years

INTANGIBLE ASSETS - Effective July 2002, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 142, "Goodwill and Other Intangible Assets." The adoption of SFAS No. 142 required an initial impairment assessment involving a comparison of the fair value of trademarks, patents and other intangible assets to current carrying value. No impairment loss was recognized

Edgar Filing: CITY NETWORK INC - Form 10QSB

for the periods ended November 30, 2004 and 2003.

Trademarks and other intangible assets determined to have indefinite useful lives are not amortized. We test such trademarks and other intangible assets with indefinite useful lives for impairment annually, or more frequently if events or circumstances indicate that an asset might be impaired. Trademarks and other intangible assets determined to have definite lives are amortized over their useful lives or the life of the trademark and other intangible asset, whichever is less.

INVENTORY - Inventory is valued at the lower of cost or market; cost is determined on the weighted average method. As of November 30, 2004, inventory consisted only of finished goods.

CITY NETWORK, INC. AND SUBSIDIARIES
(FORMERLY INVESTMENT AGENTS, INC.)

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
NOVEMBER 30, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CONTINGENCIES - Certain conditions may exist as of the date the financial statements are issued, which may result in a loss to the Company but which will only be resolved when one or more future events occur or fail to occur. The Company's management and legal counsel assess such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the Company or unasserted claims that may result in such proceedings, the Company's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought.

If the assessment of a contingency indicates that it is probable that a material loss has been incurred and the amount of the liability can be estimated, then the estimated liability would be accrued in the Company's financial statements. If the assessment indicates that a potential material loss contingency is not probable but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, together with an estimate of the range of possible loss if determinable and material would be disclosed.

Loss contingencies considered to be remote by management are generally not disclosed unless they involve guarantees, in which case the guarantee would be disclosed. As of November 30, 2004 and the date of our report, management has informed us that there are no matters that warrant disclosure in the financial statements.

ADVERTISING - Advertising costs are expensed in the year incurred.

ESTIMATES - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include collectibility of accounts receivable, accounts payable, sales returns and recoverability of long-term assets.

CONCENTRATION OF CREDIT RISK - Financial instruments, which subject the Company

Edgar Filing: CITY NETWORK INC - Form 10QSB

to credit risk, consist primarily of cash equivalents and trade accounts receivable arising from its normal business activities. The Company places its cash in what it believes to be credit-worthy financial institutions, however, cash balances have exceeded the FDIC insured levels at various times during the year. Concentration of credit risk with respect to trade accounts receivable is primarily from customers located in Asia. The Company actively evaluates the creditworthiness of the customers with which it conducts business through credit approvals, credit limits and monitoring procedures.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
NOVEMBER 30, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

STOCK BASED COMPENSATION - The Company accounts for stock-based employee compensation arrangements in accordance with the provisions of Accounting Principles Board Opinion ("APB") No. 25, "Accounting for Stock Issued to Employees," and complies with the disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation." Under APB No. 25, compensation cost is recognized over the vesting period based on the difference, if any, on the date of grant between the fair value of the Company's stock and the amount an employee must pay to acquire the stock.

IMPAIRMENT OF LONG-LIVED ASSETS - On January 1, 2002 the Company adopted SFAS No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets". The Company evaluates long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the estimated future cash flows (undiscounted and without interest charges) from the use of an asset are less than the carrying value, a write-down would be recorded to reduce the related asset to its estimated fair value. There have been no such impairments to date.

EARNINGS PER SHARE - Earnings per share are based on the weighted average number of shares of common stock and common stock equivalents outstanding during each period. Earnings per share are computed using the treasury stock method. The options to purchase common shares are considered to be outstanding for all periods presented but are not calculated as part of the earnings per share.

INCOME TAXES - Income taxes have been provided based upon the tax laws and rates in the countries in which operations are conducted and income is earned. The income tax rates imposed by the taxing authorities vary. Taxable income may vary from pre-tax income for financial accounting purposes. There is no expected relationship between the provision for income taxes and income before income taxes because the countries have different taxation rules, which vary not only to nominal rates but also in terms of available deductions, credits and other benefits. Deferred tax assets and liabilities are recognized for the anticipated future tax effects of temporary differences between the financial statement basis and the tax basis of the Company's assets and liabilities using the applicable tax rates in effect at year end as prescribed by SFAS No. 109 "Accounting for Income Taxes".

EXCHANGE GAIN (LOSS) - As of November 30, 2004 the transactions of City Network, Inc. - Taiwan and City Construction Co., Ltd. were denominated in a foreign currency and are recorded in New Taiwan Dollars ("NTD") at the rates of exchange in effect when the transactions occur. Exchange gains and losses are recognized for the different foreign exchange rates applied when the foreign currency

Edgar Filing: CITY NETWORK INC - Form 10QSB

assets and liabilities are settled.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
NOVEMBER 30, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

TRANSLATION ADJUSTMENT - As of November 30, 2004, and 2003 the accounts of City Network, Inc. - Taiwan and City Construction Co., Ltd. were maintained, and their financial statements were expressed, in NTD. Such financial statements were translated into U.S. Dollars (USD) in accordance with SFAS No. 52, "Foreign Currency Translation", with the NTD as the functional currency. According to SFAS No. 52, all assets and liabilities were translated at the current exchange rate, stockholder's equity are translated at the historical rates and income statement items are translated at the weighted average exchange rate for the period. The resulting translation adjustments are reported under other comprehensive income in accordance with SFAS No. 130, "Reporting Comprehensive Income".

As of November 30, 2004 and 2003 the exchange rates between NTD and the USD was NTD\$1=USD\$0.03109 and NTD\$1=USD\$0.02920, respectively. The weighted-average rate of exchange between NTD and USD was NTD\$1 = USD\$0.02986 and NTD\$1=USD\$0.02905. Total translation adjustment recognized for the period ended November 30, 2004 and 2003 is \$136,598 and \$29,663, respectively.

NEW ACCOUNTING PRONOUNCEMENTS - In October 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations," which requires companies to record the fair value of a liability for asset retirement obligations in the period in which they are incurred. The statement applies to a company's legal obligations associated with the retirement of a tangible long-lived asset that results from the acquisition, construction, and development or through the normal operation of a long-lived asset. When a liability is initially recorded, the company would capitalize the cost, thereby increasing the carrying amount of the related asset. The capitalized asset retirement cost is depreciated over the life of the respective asset while the liability is accreted to its present value. Upon settlement of the liability, the obligation is settled at its recorded amount or the company incurs a gain or loss. The statement is effective for fiscal years beginning after June 30, 2003. The Company does not expect the adoption to have a material impact to the Company's financial position or results of operations.

In December 2003, the FASB issued FASB Interpretation No. 46 (revised December 2003) ("Interpretation 46"), "Consolidation of Variable Interest Entities." Application of this interpretation is required in our financial statements for interests in variable interest entities that are considered to be special-purpose entities for the year ended February 29, 2004. Our Company determined that we do not have any arrangements or relationships with special-purpose entities. Application of Interpretation 46 for all other types of variable interest entities is required for our Company effective March 31, 2004.

CITY NETWORK, INC. AND SUBSIDIARIES
(FORMERLY INVESTMENT AGENTS, INC.)

Edgar Filing: CITY NETWORK INC - Form 10QSB

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS NOVEMBER 30, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Interpretation 46 addresses the consolidation of business enterprises to which the usual condition (ownership of a majority voting interest) of consolidation does not apply. This interpretation focuses on controlling financial interests that may be achieved through arrangements that do not involve voting interests. It concludes that in the absence of clear control through voting interests, a company's exposure (variable interest) to the economic risks and potential rewards from the variable interest entity's assets and activities are the best evidence of control. If an enterprise holds a majority of the variable interests of an entity, it would be considered the primary beneficiary. The primary beneficiary is required to include assets, liabilities and the results of operations of the variable interest entity in its financial statements.

The Company holds interests in certain entities currently accounted for under the equity method of accounting that are not considered variable interest entities. We do not expect compliance with Interpretation 46 to have an impact on our financial statements.

NOTE 3 - CONCENTRATION

The Company had eighteen major customers during the nine months ended November 30, 2004. Those customers comprise 68% of the total sales during the nine months ended November 30, 2004. ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion of the financial condition and results of operations should be read in conjunction with the consolidated financial statements and related notes thereto. The following discussion contains certain forward-looking statements that involve risk and uncertainties. Our actual results could differ materially from those discussed herein. Factors that could cause or contribute to such differences include, but are not limited to, risks and uncertainties related to the need for additional funds, the rapid growth of the operations and our ability to operate profitably after the initial growth period is completed.

RESULTS OF OPERATIONS

THREE MONTHS ENDED NOVEMBER 30, 2004 COMPARED WITH THREE MONTHS ENDED NOVEMBER 30, 2003

NET SALES. Net sales for the three months ended November 30, 2004 were \$3,340,719 compared to \$4,914,720 for the three months ended November 30, 2003. The decrease in net sales for the three months ended November 30, 2004 was due to timing issues as a result of a decrease in demand for our old products while our new products were beginning to be introduced.

COST OF SALES. Cost of sales for the three months ended November 30, 2004 was \$3,154,338 or 94.4% of net sales, as compared to \$4,324,280 or 87.9% of net sales, during the three months ended November 30, 2003. The decrease in cost of sales is associated with the decrease in sales.

GENERAL AND ADMINISTRATIVE EXPENSES. General and administrative expenses were \$316,439, or 9.5% of net sales, for the three months ended November 30, 2004, as compared to \$395,968 or 8.1% of net sales, for the three months ended November 30, 2003. The decrease was due to the decrease in sales and an associated decrease in related expenses.

INCOME (LOSS) FROM OPERATIONS. Income (loss) from operations for the three months ended November 30, 2004 was (\$130,058), compared to income (loss) from operations for the three months ended November 30, 2003 of \$194,472. The loss from operations for the three months ended November 30, 2004 compared with income from operations for the three months ended November 30, 2003 was due to a decrease in sales without a corresponding decrease in the cost of sales and general and administrative expenses.

Edgar Filing: CITY NETWORK INC - Form 10QSB

OTHER (INCOME) EXPENSE. Other (income) expense was \$191,424 for the three months ended November 30, 2004, as compared to \$298,343 for the three months ended November 30, 2003. This decrease in other expense was the result of the valuation of bad debt expense decreasing.

INCOME (LOSS). Income (loss) for three months ended November 30, 2004 was (\$311,364) compared to income of (\$128,801) for the three months ended November 30, 2003. The increase in net loss is due primarily to the reasons described above.

NINE MONTHS ENDED NOVEMBER 30, 2004 COMPARED WITH NINE MONTHS ENDED NOVEMBER 30, 2003

NET SALES. Net sales for the nine months ended November 30, 2004 were \$15,174,335 compared to \$14,581,408 for the nine months ended November 30, 2003. The increase in net sales for the nine months ended November 30, 2004 was due to our aggressive approach in diversifying and developing our old products during the first six months of our current fiscal year, offset by a decrease in net sales for the three months ended November 30, 2004 as compared to the same period for 2003 due to the timing issues described above.

19

COST OF SALES. Cost of sales for the nine months ended November 30, 2004 was \$14,371,495, or 94.7% of net sales, as compared to \$13,289,646, or 91.1% of net sales during the nine months ended November 30, 2003. The increase in cost of sales is related to the increase in development costs on new products.

GENERAL AND ADMINISTRATIVE EXPENSES. General and administrative expenses were \$1,130,556, or 7.5% of net sales, for the nine months ended November 30, 2004, as compared to \$859,502, or 5.9% of net sales, for the nine months ended November 30, 2003. The increase was due to increased marketing and promotion costs related to new products and an increase in salary expense related to hiring new employees to increase marketing and promotions development and to improve our infrastructure.

INCOME (LOSS) FROM OPERATIONS. Income (loss) from operations for the nine months ended November 30, 2004 was (\$327,716), compared to income (loss) from operations for the nine months ended November 30, 2003 of \$432,260. The loss from operations for the nine months ended November 30, 2004 compared with income from operations for the nine months ended November 30, 2003 was due to the decrease in gross profit and increase in general and administrative expenses.

OTHER (INCOME) EXPENSE. Other (income) expense was \$210,278 for the nine months ended November 30, 2004, as compared to \$359,113 for the nine months ended November 30, 2003. This decrease in other expense was the result of the valuation of bad debt expense decreasing.

INCOME (LOSS). Income (loss) for nine months ended November 30, 2004 was (\$607,161) compared to income of \$29,468 for the nine months ended November 30, 2003. The decrease in net income is due primarily to the reasons described above.

LIQUIDITY AND CAPITAL RESOURCES

For the nine months ended November 30, 2004 and 2003, we had cash and cash equivalents of \$1,290,197 and \$2,723,573, respectively. Our current assets totaled \$6,765,411 at November 30, 2004 as compared to \$11,491,307 at November 30, 2003. Our total current liabilities were \$6,872,000 at November 30, 2004 as compared to \$11,435,319 at November 30, 2003. Working capital at November 30, 2004 was (\$106,589) and \$55,988 at November 30, 2003. For the nine months ended

Edgar Filing: CITY NETWORK INC - Form 10QSB

November 30, 2004, we used \$2,027,737 of net cash in operations, and received \$613,544 of net cash from financing activities.

We deployed a large amount of cash in the three months ended November 30, 2004 for developing new products. Therefore there is a deficiency in working capital at the end of such period. We have, however, begun selling our new products since November 30, 2004.

Our liquidity is currently dependent on its ability to strengthen its accounts receivable collection time period and its ability to continue to raise cash from financing sources to fund its expansion. Our short-term and long-term liquidity may be influenced by uncollected accounts receivables. If the amount of bad debt is high, it will severely affect our ability to continue operations. Therefore, we are taking precautions to manage this risk, including diversifying its customer base and controlling credit risk through credit approvals, credit limits and monitoring procedures. There can be no assurance that these measures will prove successful. Our inability to manage this risk will have a material adverse effect upon its business, financial condition and results of operations.

CAPITAL EXPENDITURES. Total capital expenditures during the nine months ended November 30, 2004 were \$5,008 compared to \$126,238 for the nine months ended November 30, 2003.

20

OFF-BALANCE SHEET ARRANGEMENTS

We do not have any off-balance sheet arrangements.

ITEM 3. CONTROLS AND PROCEDURES

We maintain "disclosure controls and procedures," as such term is defined under Exchange Act Rule 13a-15(e), that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures. In designing and evaluating the disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives and in reaching a reasonable level of assurance our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. We have carried out an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of November 30, 2004. Based upon their evaluation and subject to the foregoing, the Chief Executive Officer and Chief Financial Officer concluded that as of November 30, 2004 our disclosure controls and procedures were effective at the reasonable assurance level in ensuring that material information relating to us, is made known to the Chief Executive Officer and Chief Financial Officer by others within our company during the period in which this report was being prepared.

There were no changes in our internal controls or in other factors during the most recent quarter that has materially affected, or is reasonably likely to materially affect, our internal controls over financial reporting.
