CORPORATE GOVERNANCE

Director Independence

The Board of Directors has determined that all directors with the exception of Michael A Shriner are considered independent under the independence standards of The Nasdaq Stock Market. In determining which directors are independent, the Board of Directors considered the deposit and other

relationships described under “Related Party Transactions” but determined these relationships did not affect their independence. Except as disclosed, all loans and deposits made or accepted were on substantially the same terms that would be granted to other customers with similar credit or deposit balances. There are no members of the Audit Committee, Compensation Committee or Nominating Committee who do not meet the independence standards of The Nasdaq Stock Market for membership on such committees.

Meetings and Committees of the Board of Directors

The Board of Directors conducts its business through meetings of the Board and through activities of its committees. The Board maintains an Audit Committee, an Asset/Liability Management Committee, an Asset/Quality Committee, a Compensation Committee and a Nominating Committee. During the Transition Period, the Board of Directors held six meetings. No director attended fewer than 75% of the total meetings of the Board and committees on which such director served during the Transition Period.

The Audit Committee, a standing committee, is comprised of Directors W. Scott Gallaway (Chairman), Gary T. Jolliffe and Ferdinand J. Rossi. Each of the members of the Audit Committee is an independent director. The Audit Committee does not have an “audit committee financial expert.” However, the Board of Directors believes that each Audit Committee member has sufficient knowledge in financial and auditing matters to serve on the committee. The committee has the authority to engage legal counsel or other experts or consultants as it deems appropriate to carry out its responsibilities. The Audit Committee recommends the engagement of independent auditors, receives the internal and independent audit reports and recommends appropriate action. The Audit Committee met three times during the Transition Period.

The Board of Directors has reviewed, assessed the adequacy of and approved a formal written charter for the Audit Committee, a copy of which can be found on the Company’s website at www.millingtonsb.com/about-us/investor-relations.html.

The Compensation Committee, a standing committee is comprised of Directors Thomas G. McCain (Chairman), E. Haas Gallaway, Jr. and Donald J. Musso. Each of the members of the Compensation Committee is an independent director within the requirements of Nasdaq. This committee meets annually to review management’s recommendations for management salaries and bonuses. The Compensation Committee met three times during the Transition Period. The Compensation Committee operates under a formal written charter, a copy of which can be found on the Company’s web site at www.millingtonsb.com/about-us/investor-relations.html.

Director Nomination Process

The Nominating Committee, a standing committee, is comprised of Directors E. Haas Gallaway, Jr., W. Scott Gallaway, Thomas G. McCain, Donald J. Musso and Ferdinand J. Rossi. The Nominating Committee recommends to the full Board of Directors persons for selection as the Board’s nominees for election as directors. The Committee met did not meet during the Transition Period. Members of the Nominating Committee who are nominees did not participate in their selection as nominees. Each member of the committee is an independent director. The responsibilities of the members of the Nominating Committee are set forth in a charter, a copy of which can be found on the Company’s website at www.millingtonsb.com/about-us/investor-relations.html.

The Company does not pay fees to any third party to identify or evaluate or assist in identifying or evaluating potential nominees. The process for identifying and evaluating potential nominees of the Board includes soliciting recommendations from directors and officers of the Company and the Bank.

Additionally, the Board will consider persons recommended by stockholders of the Company in selecting nominees of the Board for election as directors. In the Board's selection of nominees of the Board, there is no difference in the manner of evaluation of potential nominees who have been recommended by directors or officers of the Company and the Bank versus evaluation of potential nominees who have been recommended by stockholders. The Committee seeks nominees with excellent decision-making ability, business experience, personal integrity and reputation who are knowledgeable about the business activities and market areas in which the Company and the Bank engage. The Board does not have a specific policy regarding diversity of board nominees although it may consider diversity in market knowledge, experience, background, employment and other factors in selecting nominees.

To be considered in the Committee's selection of individuals the Committee recommends to the Board for selection as the Board's nominees, recommendations from stockholders must be received by the Company in writing by at least 120 days prior to the date the proxy statement for the previous year's annual meeting was first distributed to stockholders. Recommendations should identify the submitting stockholder, the person recommended for consideration and the reasons the submitting stockholder believes such person should be considered.

Stockholder Communications

The Board of Directors does not have a formal process for stockholders to send communications to the Board. In view of the infrequency of stockholder communications to the Board of Directors, the Board does not believe that a formal process is necessary. Written communications received by the Company from stockholders are shared with the full Board no later than the next regularly scheduled Board meeting. The Board of Directors does not have a formal written policy regarding director attendance at annual meetings. However, the Board encourages directors to attend all annual meetings. All members of the Board of Directors attended the 2014 Annual Meeting.

Board Leadership Structure

Director Michael A. Shriner serves as President and Chief Executive Officer of the Company and Director W. Scott Gallaway serves as Chairman of the Board. The Board of Directors has determined that the separation of the offices of Chairman of the Board and Chief Executive Officer and President will enhance Board independence and oversight. Moreover, the separation of the Chairman of the Board and Chief Executive Officer and President will allow the Chief Executive Officer and President to better focus on his growing responsibilities of running the Company, enhancing stockholder value and expanding and strengthening our franchise while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management.

Board's Role in the Risk Management Process

We face a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of the risks the Company faces, while the Board, as a whole and through its committees, in particular the Audit Committee, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. In addition, the Board has appointed a Chief Risk Officer who reports to the Board at each meeting on risk management issues. Other members of Senior management attend the Board meetings and are available to address any questions or concerns raised by the Board on risk management and any other matters. The Chairman of the Board and independent members of the Board work together to provide strong, independent oversight of the Company's management and affairs through its standing committees and, when necessary, special meetings of independent directors.

Executive Incentive Retirement Plan. The Bank's executive incentive retirement plan provides for equal annual installments for a period of 15 years commencing on the first day of the calendar month following the termination of employment due to retirement, resignation, disability or death. All payments under the plan are in accordance with Internal Revenue Code Section 409A. The amount payable is based on the vested balance of the executive's accumulated awards plus interest at the prime rate published in The Wall Street Journal, credited quarterly, but no less than 4% or greater than 12%. The annual awards are based upon the executive's base salary in effect at the beginning of the plan year and the Bank's attainment of net income targets for the completed fiscal year as compared to the prior fiscal year. The

executive incentive plan provides that no award will be made with respect to any fiscal year unless net income for the Bank exceeds \$1.0 million. The percentage vested is based on the sum of the executive's age and years of service. The participant becomes fully vested if still employed at age 65 or upon death, or upon a change in control of the Bank. Upon the death of the participant, the beneficiary shall receive the remaining balance paid in a lump sum. The plan has been frozen with interest being paid on previous balances.

Split Dollar Life Insurance Agreement. The Bank has entered into Life Insurance Agreements with Messrs. Shriner and Smith and Ms. Schmitz, which provide a death benefit equal to the following: if the executive is: (i) employed by the Bank at the time of his or her death, (ii) has retired from employment with the Bank after completion of not less than twenty (20) years of service with Milling Bank, or (iii) has retired from employment with the Bank and at such date of retirement the sum of the executive's age and years of service equals not less than 70, then the executive's beneficiary is entitled to payment of an amount equal to 200% of the executive's highest annual base salary (not including bonus, equity compensation, deferred compensation or any other forms of compensation) in effect at the Bank at any time during the three calendar years prior to the date of retirement or death of the executive. The maximum death benefits for Messrs. Shriner and Smith and Ms. Schmitz are approximately \$500,000, \$307,000 and \$265,794, respectively.

If a change in control of the Bank shall occur prior to the executive's termination of employment or retirement, then the death benefit coverage shall remain in effect until the executive's death, unless the agreement is otherwise terminated pursuant to its terms prior to such date of a change in control. Coverage under the agreement for the executive who terminates employment with the Bank (for reasons other than death or a change in control of the Bank) prior to completion of at least ten years of service with the Bank (and prior to the occurrence of a change of control) will cease on his or her last day of employment with the Bank.

Millington Savings Bank Savings Plan (the "401(k) Plan"). The 401(k) Plan is a tax-qualified defined contribution savings plan with a profit sharing component for the benefit of all eligible employees. Pursuant to the 401(k) Plan, employees may also voluntarily elect to defer between 1% and 80% of their compensation as 401(k) savings under the 401(k) Plan, not to exceed applicable limits under federal tax laws. In addition, the 401(k) Plan had previously provided for a profit-sharing component and an annual contribution is made by the Bank to the 401(k) Plan for all employees who have completed twelve months of service. This component was suspended effective January 1, 2012. The 401(k) Plan also provides for matching contributions up to a maximum of 50% of the first 6% of a person's salary for each participant. Employee contributions are immediately fully vested. Matching contributions and any annual profit-sharing contribution are vested after three years of service. Each participant has an individual account under the 401(k) Plan and may direct the investment of his or her account among a variety of investment options or vehicles available.

Employee Stock Ownership Plan. The Bank has established the Millington Savings Bank ESOP for the exclusive benefit of participating employees of the Bank. Participating employees are salaried, full-time employees who have completed at least one year of service and have attained the age of 21. Benefits may be paid either in shares of the common stock or in cash. Contributions to the ESOP and shares released from the suspense account will be allocated annually among participants on the basis of compensation. Participants become vested in their ESOP benefits at the rate of twenty percent per year of service beginning after two years of service and are fully vested in their accounts upon six years of service. Employment service before the adoption of the ESOP is credited for the purposes of vesting. Contributions to the ESOP by the Bank are discretionary, but are anticipated to be sufficient in amount necessary for the ESOP to meet the debt service obligations on the ESOP loan. At December 31, 2014 and June 30, 2014, 134,825 and 126,464 shares had been allocated under the ESOP.

The ESOP borrowed funds from the Company pursuant to a loan agreement and used those funds to purchase 202,342 shares of the Company's common stock for the ESOP in connection with the Company's minority stock offering in 2007. The purchased shares serve as collateral for the loan. The loan is being repaid principally through quarterly contributions to the ESOP by Millington Savings over the 12-year loan term. The loan is currently scheduled to be paid off on December 31, 2018. Shares purchased by the ESOP are held in a suspense account for allocation among the participants' accounts as the loan is repaid on a pro-rata basis.

Contributions to the ESOP and shares released from the suspense account in an amount proportional to the repayment of the ESOP loan will be allocated to each eligible participant's plan account, based on the ratio of each participant's compensation to the total compensation of all eligible participants. Vested benefits will be payable generally upon the participants' termination of employment, and will be paid in the form of common stock. Pursuant to FASB ASC Topic 718-40, we are required to record a compensation expense each year in an amount equal to the fair market value of the shares released from the suspense account.

Employment Agreements

The Bank has entered into employment agreements with Messrs. Shriner and Smith and Ms. Schmitz. As of January 1, 2015, Mr. Shriner's, Mr. Smith's and Ms. Schmitz' current base salaries are \$250,000, \$153,557 and \$132,897, respectively. Messrs. Shriner's and Smith's employment agreements have terms of three years and Ms. Schmitz' agreement has a one year term. Each of the agreements provides for an annual one-year extension of the term of the agreement upon determination of the Board of Directors that the executive's performance has met the requirements and standards of the Board, so that the remaining term of the agreement continues to be three years in the case of Messrs. Shriner and Smith, and one year in the case of Ms. Schmitz. If the Bank terminates Messrs. Shriner or Smith or Ms. Schmitz without "just cause" as defined in the agreement, they will be entitled to a continuation of their salary from the date of termination through the remaining term of their agreement, but in no event for a period of less than 12 months and during the same period, the cost of obtaining all health, life, disability, and other benefits at levels substantially equal to those being provided on the date of termination of employment. All of the employment agreements provide that if their employment is terminated without just cause or if they terminate for "good reason" as defined in the agreement within twenty-four months following a change in control, they will be paid a lump sum amount equal to approximately three times their five year average annual compensation in the case of Mr. Shriner and Mr. Smith and one times her five year average annual compensation in the case of Ms. Schmitz. Each of the employment agreements provides that the payment will be reduced to the extent necessary so that no payment made under the agreement, when aggregated with all other payments to the individual will constitute an "excess parachute payment" under Section 280G of the Internal Revenue Code. If change in control payments had been made under the agreements as of December 31, 2014, the payments would have equaled approximately \$619,375, \$385,635 and \$98,017 to Mr. Shriner, Mr. Smith and Ms. Schmitz, respectively.
