Each stockholder will be entitled to one vote for each share of Common Stock standing in his or her name on our books at the close of business on April 8, 2004 (the "Record Date"). On that date, we had outstanding and entitled to vote 29,539,300 shares of Common Stock.

QUORUM; VOTES REQUIRED

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

As of the Record Date, there were 29,539,300 shares of Common Stock outstanding and entitled to vote. Each share of outstanding Common Stock entitles the holder thereof to one vote. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of elections appointed for the Annual Meeting and will determine whether or not a quorum is present. Where, as to any matter submitted to the stockholders for a vote, proxies are marked as abstentions (or stockholders appear in person but abstain from voting), such abstentions will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter and has not received instructions from the beneficial owner, which is known as a broker non-vote, those shares will not be considered as present and entitled to vote with respect to that matter; however, such shares will be considered present for purposes of a quorum. A majority of the shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum at the Annual Meeting.

The election of the Directors requires a plurality of the votes present and entitled to vote. The approval of each other proposal requires the affirmative vote of the holders of a majority of the votes cast at the Annual Meeting and entitled to vote.

DATE, TIME AND PLACE OF ANNUAL MEETING

The Annual Meeting will be held on May 24, 2004 at 9:00 a.m. (Central time) at the Monona Terrace Community and Convention Center, One John Nolen Drive, Madison, Wisconsin 53703.

RECORD DATE; STOCKHOLDERS ENTITLED TO VOTE

Only holders of issued and outstanding shares of the Company's common stock as of the close of business on April 8, 2004 are entitled to notice of and to vote at the Annual Meeting, including any adjournment or postponement thereof. As of that date, there were 29,539,300 shares of the Company's common stock outstanding, held by approximately 11,300 shareholders, of which approximately 10,800 were held in street name. The presence, in person or by proxy, at the Annual Meeting of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the Annual Meeting.

PROPOSAL ONE: ELECTION OF DIRECTORS

Our Amended and Restated Articles of Incorporation and Bylaws provide that the Board of Directors shall be divided into five classes, with each class having a five-year term. Directors are assigned to each class in accordance with a resolution or resolutions adopted by the Board of Directors, each class consisting, as nearly as possible, of one-fifth the total number of directors. Vacancies on the Board of Directors resulting from death, resignation, disqualification, removal or other causes may be filled by either the affirmative vote of the holders of a majority of the then-outstanding shares or by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum of the Board of Directors. Newly created directorships resulting from any increase in the number of directors may, unless the Board of Directors determines otherwise, be filled only by the affirmative vote of the directors then in office, even if less than a quorum of the Board of Directors. A director elected by the Board of Directors to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

Our Amended and Restated Articles of Incorporation provide that the number of directors, which shall constitute the whole Board of Directors, shall be fixed exclusively by one or more resolutions adopted from time to time by the Board of Directors. In 2004 the board authorized the increase of the authorized number of directors from six to seven. One seat on the Board of Directors, currently held by David C. Kleinman, has been designated as a Class I Board seat, with the term of the directors occupying such seat expiring as of the Annual Meeting. In addition, the Board appointed Gary R. Weis as a Class V Board member to fill the seat vacated in 2003 by Mr. Curtis J. Palmer, who was not re-elected, and Paul S. Percy as a Class I director to fill the newly created seventh Board position. Messrs. Kleinman, Percy and Weis will stand for election at this Annual Meeting.

Mr. Kleinman is currently a Board member of Sonic who was previously elected by the stockholders and Messrs. Percy and Weis are currently Board members of Sonic who were appointed by the Board in February 2004. If elected at the Annual Meeting, Mr. Weis would serve until the 2008 Annual Meeting and until his successor is elected and qualified and Messrs. Kleinman and Percy would serve until the 2009 Annual Meeting and until their successors are elected and qualified, or until their earlier death, resignation or removal.

MEETINGS AND COMMITTEES OF DIRECTORS

The Board of Directors met seven times during the fiscal year ended September 30, 2003 (Fiscal 2003). The Board of Directors has reviewed the independence of each director under the listing standards of the National Association of Securities Dealers. Based upon its review, the Board has determined that, of the seven directors who, if elected, will serve on the Board after the annual stockholders meeting, Messrs. Kleinman, Percy, Weis and Pollard are independent directors as defined under the listing standards of the National Association of Securities Dealers.

The Board of Directors has five standing committees, the Audit Committee, the Executive Compensation Committee, the Stock Option Committee, the Nominating Committee and the Strategy Committee.

Sonic has a standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act). Until recently, Frederick H. Kopko, Arnold B. Pollard and David C. Kleinman were members of the audit committee. The Company's Board of Directors determined that all members of the Company's Audit Committee are independent under the current listing standards of the National Association of Securities Dealers listing standards with the exception of Mr. Kopko. In April 2004 the Board of Directors accepted Mr. Kopko's resignation from the Audit Committee and appointed Mr. Weis to the Audit Committee. Mr. Kleinman serves as Chair of the Audit Committee. The Audit Committee provides assistance to the Board in fulfilling its oversight responsibility including: (i) internal and external financial reporting, (ii) risks and controls related to financial reporting, and (iii) the internal and external audit process. The Audit Committee is also responsible for recommending to the Board the selection of our independent public accountants and for reviewing all related party transactions. The Audit Committee met three times in Fiscal 2003.

The Company's Board of Directors has determined that, due to his affiliation with the Graduate School of Business at the University of Chicago, and due to his serving as a director on numerous company boards, along with his other academic and business credentials, Mr. Kleinman has the requisite experience and applicable background to meet NASDAQ standards requiring financial sophistication of at least one member of the audit committee. The Company's Board of Directors has also determined that neither Mr. Kleinman nor any other member of the Audit Committee is an audit committee financial expert as defined by applicable SEC regulations. The Company may choose to recruit a director that satisfies the current requirements for an audit committee financial expert, however, the Company has not yet identified an individual satisfying those criteria as well as other criteria that the Company believes are important for an individual to make a meaningful contribution to the deliberations of the Board of Directors as a whole. There can be no assurance when, or if, the Company will identify such an individual in the foreseeable future.

The Executive Compensation Committee consists of Messrs. Pollard and Kleinman with Mr. Kleinman serving as Chair. In April 2004, the Board of Directors appointed Mr. Percy to the Executive Compensation Committee. The Board of Directors has determined that all of the members are independent under the current listing standards of the National Association of Securities Dealers. The Executive Compensation Committee makes recommendations to the Board with respect to salaries of employees, the amount and allocation of any incentive bonuses among the employees, and the amount and terms of stock options to be granted to executive officers. The Committee is also responsible for establishing objective, formula-based performance goals, as well as subjective goals and certifying such goals as having been met. The Executive Compensation Committee met twice in Fiscal 2003. A copy of the charter of the Executive Compensation Committee is available on the Company's website.

The Stock Option Committee, which was formed in January 1999, consists of Messrs. Pollard and Kleinman. The Stock Option Committee makes recommendations to the Board with respect to the amount and terms of stock options to be granted to employees (other than executive officers). The Stock Option Committee met one time in Fiscal 2003.

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

The Nominating Committee was formed in April 2004 with Messrs. Pollard and Kleinman, with Mr. Pollard serving as Chair. The Board of Directors has determined that all of the members are independent under the current listing standards of the National Association of Securities Dealers. The purpose of the Committee is to evaluate and

recommend candidates for election as directors, make recommendations concerning the size and composition of the Board of Directors, develop specific criteria for director independence, and assess the effectiveness of the Board of Directors. Our Board of Directors has adopted a charter for the Committee, which is available on the Company's website. The Committee will review all candidates in the same manner regardless of the source of the recommendation. Shareholder recommendations of candidates for Board membership will be considered when submitted with sufficient detail including the candidate's name, principal occupation during the past 5 years, listing of directorships, a statement that such nominee has consented to the submission of the nomination, amount of common stock of the Company held by the nominee and qualification addressed to:

Corporate Secretary

Sonic Foundry, Inc.

222 W. Washington Ave., Suite 775

Madison, WI 53703

The Strategy Committee, formed in October 2002, consists of Messrs. Pollard (chair), Buinevicius and Schmidt. The Strategy Committee meets regularly with senior management, an outside advisory board and other industry experts in order to develop and refine Sonic's business strategy. The Strategy Committee met **in person six times and held numerous telephonic meetings** in fiscal 2003.

Each member of the Board attended at least 75% of the aggregate of the meetings of the Board and of the Committees on which he served and held during the period for which he was a Board or Committee member, respectively.

DIRECTORS COMPENSATION

Our directors, who are not also our full-time employees, receive a fee of \$1,500 for attendance at each meeting of the Board of Directors and \$850 per committee meeting attended, other than the strategy committee. The chairman of our strategy committee received \$42,000 for numerous meetings and phone conferences in fiscal 2003 and is currently receiving \$5,000 per month in fiscal 2004. The cash compensation paid to the three non-employee directors combined in Fiscal 2003 was \$86,250. When traveling from out-of-town, the members of the Board of Directors are also eligible for reimbursement for their travel expenses incurred in connection with attendance at Board meetings and Board Committee meetings. Directors who are also employees do not receive any compensation for their participation in Board or Board Committee meetings.

Pursuant to the Non-Employee Directors' Stock Option Plan, we grant to each non-employee director who is reelected or who is continuing as a member of the Board of Directors at each annual stockholders meeting a stock option to purchase 20,000 shares of Common Stock. The exercise price of each stock option is equal to the market price of Common Stock on the date the stock option is granted. Stock options issued under the Non-Employee Directors' Stock Option Plan generally will vest fully on the first anniversary of the date of grant and expire after ten years. An aggregate of 600,000 shares are reserved for issuance under the Non-Employee Directors' Stock Option Plan. In addition, Mr. Pollard was granted an option to purchase 80,000 shares of Common Stock under the Company's Non-Qualified Stock Option Plan for service in his capacity as chairman of the strategy committee in fiscal 2003. In accordance with the Non-Employee Directors' Stock Option Plan we also granted Mr. Peercy and Mr. Weis 20,000 options each upon their initial appointment to the Board of Directors in February 2004.

If any change is made in the stock subject to the Non-Employee Directors Stock Option Plan, or subject to any option granted thereunder, the Non-Employee Directors Stock Option Plan and options outstanding thereunder will be appropriately adjusted as to the type(s), number of

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

securities and price per share of stock subject to such outstanding options.

The options and warrants set forth above have an exercise price equal to the fair market value of the underlying common stock on the date of grant. The term of all such options is ten years.

PROPOSAL 2: PROPOSAL TO AMEND THE 1995 STOCK OPTION PLAN, AS AMENDED TO INCREASE THE NUMBER OF SHARES SUBJECT TO OPTIONS AND EXTEND THE LATEST DATE OPTIONS CAN BE GRANTED UNDER THE PLAN

The Board of Directors recommends the adoption of an amendment to the Company's 1995 Stock Option Plan (the "IS Option Plan").

The purpose of the IS Option Plan is to promote the interests of the Company and its stockholders by strengthening the Company's ability to attract and retain experienced and knowledgeable employees and to furnish additional incentives to those employees upon whose judgment, initiative and efforts the Company largely depends. 4,000,000 shares were subject to Options under the IS Option Plan. Since adoption of the IS Option Plan on January 1, 1995 and through September 30, 2003, the Company has granted options for 5,396,932 shares under the IS Option Plan and canceled 1,750,019 options, leaving a balance available of 353,087. We recommend an increase in the aggregate number of shares that may be subject to options under the IS Option Plan from 4,000,000 to 7,000,000. We are also recommending that the IS Option Plan be amended so that the last date upon which options may be granted shall be extended from January 1, 2005 to January 1, 2010.

Summary of the IS Option Plan

Administration. The IS Option Plan is administered by the Stock Option Committee or, with respect to executive officers, the Executive Compensation Committee. Such Committees have all powers and discretion necessary or appropriate to administer the IS Option Plan and to control its operation, including, but not limited to, the power to (a) determine which employees shall be granted options, and the number and type of options to be granted (b) prescribe the terms and conditions of the options, (c) accelerate the exercisability of options, (d) interpret the IS Option Plan and the options granted thereunder, (e) adopt such procedures and subplans as are necessary or appropriate to permit participation in the IS Option Plan by employees who are foreign nationals or employed outside of the United States, (f) adopt rules for the administration, interpretation and application of the IS Option Plan as are consistent therewith, and (g) interpret, amend or revoke any such rules.

The IS Option Plan provides that the Stock Option Committee or Executive Compensation Committee, as applicable, in their sole discretion and on such terms and conditions as they may provide, may delegate all or any part of their authority and powers thereunder to one or more directors or officers of the Company; provided, however, that unless otherwise determined by the Board, the Committee may not delegate its authority and powers in any way which would jeopardize the Plan's qualification under section 162(m) of the Internal Revenue Code (the "Code") or Rule 16b-3 promulgated under the Exchange Act.

Eligibility. All individuals who, in the judgment of the Stock Option Committee, or with respect to executive officers, the Executive Compensation Committee, have made significant contributions to the Company (including directors and officers who are full or part-time employees of the Company, but excluding directors who are not employees of the Company), are eligible for participation under the IS Option Plan. Notwithstanding the above, incentive stock options may be granted only to persons who are employees of the Company on the date of grant.

Type of Options. Either nonqualified stock options or incentive stock options may be issued under the IS Option Plan.

Options Exercise Price. Subject to the provisions set forth below, the IS Option Plan provides that the exercise price for each option shall be determined by the Stock Option Committee or the Executive Compensation Committee, as applicable in their sole discretion.

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

Exercise Price of Nonqualified Stock Options. In the case of a nonqualified stock option, the exercise price shall be not less than one hundred percent (100%) of the fair market value of a share on the date of grant.

Exercise Price of Incentive Stock Options. In the case of an incentive stock option, the exercise price shall be not less than one hundred percent (100%) of the fair market value of a share on the date of grant; provided, however, that if on the date of grant the optionee (together with persons whose stock ownership is attributed to the optionee pursuant to Section 424(d) of the Code) owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, the exercise price shall be not less than one hundred and ten percent (110%) of the fair market value of a share on the date of grant.

Exercise of Incentive Stock Options. The aggregate fair market value (determined on the date of grant) of the shares with respect to which incentive stock options are exercisable for the first time by an employee during any calendar year is not to exceed \$100,000.

Expiration Dates. Under the IS Option Plan, each option is to terminate no later than the first to occur of the following events:

- (a) The date for termination of the option set forth in a written option agreement; or
- (b) The expiration of ten (10) years from the grant date; or
- (c) The expiration of three (3) months from the date of the employee's termination of service for a reason other than the employee's death, disability or retirement; or
- (d) The expiration of one (1) year from the date of the employee's termination of service by reason of disability.

Notwithstanding the above,

- (a) if an employee dies prior to the expiration of his or her options, the Stock Option Committee, in its discretion, may provide that his or her options shall be exercisable for up to one (1) year after the date of death, and
- (b) in the event incentive stock options are granted, (i) no such incentive stock options may be exercised more than three (3) months after the employee's termination of service for any reason other than disability or death, unless ((a)) the employee dies during such three-month period, and ((b)) the option agreement or the Executive Compensation Committee permits later exercise, and (ii) no incentive stock option may be exercised after the expiration of ten (10) years from the date of grant; provided, however, that if the option is granted to an employee who, together with persons whose stock ownership is attributed to the employee pursuant to section 424(d) of the Code, owns stock possessing more than 10% of the total combined voting power of all classes of the stock of the Company, the option may not be exercised after the expiration of five (5) years from the date of grant.

Committee Discretion. The IS Option Plan provides that the Stock Option Committee or the Executive Compensation Committee as applicable, in their sole discretion, (a) shall provide in each option agreement when each option expires and becomes unexercisable, and (b) may, after an option is granted, subject to the provisions set forth above, extend the maximum term of the option.

Payment. Upon the exercise of any option, the IS Option Plan provides that the exercise price shall be payable to the Company in full in cash or its equivalent. However, the Stock Option Committee or the Executive Compensation Committee, as applicable, in their sole discretion, also may permit exercise (a) by tendering previously acquired shares having an aggregate fair market value at the time of exercise equal to the exercise price, or (b) by any other means which the Stock Option Committee or the Executive Compensation Committee, as applicable, in their sole discretion, determines to both provide legal consideration for the shares, and to be consistent with the purposes of the IS Option Plan,

including by execution and delivery of a promissory note.

Restrictions on Share Transferability. The Stock Option Committee or the Executive Compensation Committee, as applicable, may impose such restrictions on any shares acquired pursuant to the exercise of an option as it may deem advisable, including, but not limited to, restrictions related to applicable Federal securities laws, the requirements of any national securities exchange or system upon which such shares are then listed or traded, or any blue sky or state securities laws.

Grant of Reload Options. The Stock Option Committee or the Executive Compensation Committee, as applicable, may provide in an option agreement that an employee who exercises all or part of an option by payment of the exercise price with already-owned shares, shall be granted an additional option (a Reload Option) for a number of shares of stock equal to the number of shares tendered to exercise the previously granted option plus, if the Stock Option Committee or the Executive Compensation Committee, as applicable, so determines, any shares withheld or delivered in satisfaction of any tax withholding requirements. As determined by the Stock Option Committee or the Executive Compensation Committee, as applicable, each Reload Option shall have a grant date which is the date as of which the previously granted option is exercised.

Indemnification. Under the IS Option Plan, each person who is or has been a member of the Stock Option Committee, the Executive Compensation Committee, or of the Board of Directors, is entitled to be indemnified and held harmless by the Company against and from (a) any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the IS Option Plan or any option agreement, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf.

Transferability. No option granted under the IS Option Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will, by the laws of descent and distribution, or by designation of a beneficiary to take effect upon the employee's death. All rights with respect to an option granted to an employee shall be available during his or her lifetime only to the employee.

Adjustments in Options and Authorized Shares. In the event of any merger, reorganization, consolidation, recapitalization, separation, liquidation, stock dividend, split-up, share combination, or other change in the corporate structure of the Company affecting the shares of Common Stock, the Stock Option Committee or the Executive Compensation Committee, as applicable, will adjust the number and class of shares which may be delivered under the IS Option Plan, the number, class, and price of shares subject to outstanding options under the IS Option Plan, and the number of shares authorized for issuance under the IS Option Plan, in such manner as the Stock Option Committee or the Executive Compensation Committee, as applicable (in their sole discretion) will determine to be appropriate to prevent the dilution or diminution of such options.

Withholding. Prior to the delivery of any shares or cash pursuant to an option, the Company may deduct or withhold, or require an optionee to remit to the Company, an amount sufficient to satisfy Federal, state, and local taxes (including such optionee's FICA obligation) required to be withheld with respect to such option (or exercise thereof).

Amendment, Suspension, or Termination. The Board of Directors, in its sole discretion, may amend or terminate the IS Option Plan, or any part thereof, at any time and for any reason. The amendment, suspension, or termination of the IS Option Plan shall not, without the consent of the optionee in the IS Option Plan, alter or impair any rights or obligations under any option theretofore granted to such optionee. No option may be granted during any period of suspension or after termination of the IS Option Plan.

Duration of the IS Option Plan. The IS Option Plan is to remain in effect until terminated. However, without stockholder approval, no stock option can be granted under the IS Option Plan after January 1, 2005. Under the proposed amendment to the IS Option Plan, no stock option can

be granted under the IS Option Plan after January 1, 2010.

Federal Income Tax Consequences

With respect to non-qualified stock options, generally an optionee does not realize taxable income, and the Company will not be allowed a deduction. However, the difference between the option price and the fair market value of the stock on the date the option is exercised will be taxable as ordinary income to the optionee and will be deductible by the Company as compensation on such date. Gain or loss on the subsequent sale of such stock will be eligible for capital gain or loss treatment by the optionee and will have no federal income tax consequences to the Company. Different rules may apply if an optionee, who is an officer, director or more than 10% stockholder, exercises options within six months of the grant date.

With respect to incentive stock options, if the optionee does not make a disqualifying disposition of stock acquired on exercise of such options, no income for federal income tax purposes will result to such optionee upon the granting or exercise of the option (except that the amount by which the fair market value of the stock at the time of exercise exceeds the option price will be a tax preference item under the alternative minimum tax), and in the event of any sale thereafter, any amount realized in excess of his or her cost will be taxed as long-term capital gain and any loss sustained will be long-term capital loss. In such case, the Company will not be entitled to a deduction for federal income tax purposes in connection with the issuance or exercise of the option. A disqualifying disposition will occur if the optionee makes a disposition of such shares within two years from the date of the granting of the option or within one year after the transfer of such shares to him or her. If a disqualifying disposition is made, the difference between the option price and the lesser of (i) the fair market value of the stock at the time the option is exercised or (ii) the amount realized upon disposition of the stock will be treated as ordinary income to the optionee at the time of disposition and will be allowed as a deduction to the Company.

The described tax consequences are based on current laws, regulations and interpretations thereof, all of which are subject to change. In addition, the discussion is limited to federal income taxes and does not attempt to describe state and local tax effects that may accrue to participants or the Company.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON THE EMPLOYEE AND THE COMPANY WITH RESPECT TO THE SHARES PURCHASED UNDER THE IS OPTION PLAN. REFERENCE SHOULD BE MADE TO THE APPLICABLE PROVISIONS OF THE CODE. IN ADDITION, THE SUMMARY DOES NOT DISCUSS THE TAX CONSEQUENCES OF AN OPTIONEE'S DEATH OR THE INCOME TAX LAWS OF ANY STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

Plan Benefits

As described above, the selection of the employees of the Company who will receive grants under the IS Option Plan is to be determined by the Stock Option Committee or the Executive Compensation Committee, as applicable or their delatee, in their sole discretion. Therefore, it is not possible to predict the amounts that will be received by particular employees. Reference is made to "Options Granted in Fiscal 2003" for a description of such options granted to the executive officers in Fiscal 2003; such options will expire during the fiscal year ending September 30, 2013. All executive options granted in fiscal 2003 were under the Company's 1999 Non-Qualified Stock Option Plan (the "NQ Stock Option Plan"). Prior to Fiscal 2003, (a) Mr. Buinevicius was granted options under the IS Option Plan to purchase 140,000 shares at an average exercise price of \$1.74 and options to purchase 1,010,000 shares under the NQ Stock Option Plan at an average exercise price of \$1.12, such options will expire between the fiscal year ending September 30, 2008 and the fiscal year ending September 30, 2012; (b) Mr. Schmidt was granted options under the IS Option Plan to purchase 120,000 shares at an average exercise price of \$1.84 and options to purchase 29,802 shares under the NQ Stock Option Plan at an average exercise price of \$1.04, such options will expire between the fiscal year ending September 30, 2008 and the fiscal year ending September 30, 2012; (c) Mr. Lingard was granted options under the IS Option Plan to purchase 187,000 shares at an average exercise price of \$5.27 and options to purchase 260,000 shares at an average exercise price of \$1.12, such options will expire between the fiscal year ending September 30, 2009 and the fiscal year ending September 30, 2012; (d) Mr. Minor was granted options under the IS Option Plan to purchase

146,000 shares at an average exercise price of \$2.24 and options to purchase 95,941 shares under the NQ Stock Option Plan at an average exercise price of \$1.11, such options will expire between the fiscal year ending September 30, 2007 and the fiscal year ending September 30, 2012; (e) Mr. Dias was granted options under the NQ Stock Option Plan to purchase 101,782 shares at an average exercise price of \$1.01, such options will expire in the fiscal year ending September 30, 2012; and (f) employees as a group were granted options under the IS Option Plan, which are outstanding as of September 30, 2003, to purchase 1,769,959 shares at an average exercise price of \$2.26 and options under the NQ Stock Option Plan to purchase 2,940,119 shares at an average exercise price of \$1.27; such options will expire between the fiscal year ending September 30, 2007 and the fiscal year ending September 30, 2013. No dollar value was assigned to these options because their exercise price was the fair market value of the underlying common stock on the date of grant.

Reasons for Increase in the Number of Shares Reserved for Issuance and Extension of the Last Grant Date

It is proposed to increase the number of shares of Common Stock reserved for issuance under the IS Option Plan from 4,000,000 to 7,000,000, and to extend the last date options can be granted under the IS Plan from January 1, 2005 to January 1, 2010. The proposed increase in the number of shares issuable pursuant to the IS Option Plan, and the extension of the last date when options can be granted under the IS Plan will enable the Company to grant additional options and other awards to current participants, and to attract such additional personnel as may be necessary in view of the Company's expanding operations.

The Board of Directors unanimously recommends a vote FOR Proposal 2, amending the IS Option Plan.

PROPOSAL 3: PROPOSAL TO AMEND THE NON-EMPLOYEE DIRECTORS STOCK OPTION PLAN TO INCREASE THE NUMBER OF SHARES SUBJECT TO OPTIONS

The Board of Directors recommends adoption of an amendment to the Company's Non-Employee Directors Stock Option Plan (the Directors Stock Option Plan).

The purpose of the Directors Stock Option Plan is to promote the interests of the Company and its stockholders by strengthening the Company's ability to attract and retain experienced and knowledgeable non-employee directors and to encourage them to acquire an increased proprietary interest in the Company. The Directors Stock Option Plan is administered by the Board of Directors. The Directors Stock Option Plan provides for a grant of an option to each non-employee director upon his initial appointment to the Board, and to each non-employee director who is reelected or who is continuing in office as a member of the Board after the adjournment of each annual meeting. Each option is effective to purchase 20,000 shares of Common Stock at an exercise price equal to the fair market value on the date of grant.

Options to purchase 600,000 shares can be issued under the Directors Stock Option Plan. Since adoption of the Directors Stock Option Plan and through September 30, 2003, the Company has granted options for 360,000 shares and with the appointment of Messrs. Percy and Weis and upon adjournment of the 2004 annual meeting an additional 140,000 options will have been granted, all of which will be outstanding. We recommend an increase in the aggregate number of shares that may be subject to options under the Directors Stock Option Plan from 600,000 to 900,000.

Summary of the Directors Stock Option Plan

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

All options granted under the Directors Stock Option Plan are non-statutory not intended to qualify under Section 422 of the Code, as amended. The federal income tax consequences are similar to those described above with respect to the grant of a non-qualified stock option.

Payment of the option exercise price may be in cash, by delivery of previously owned Common Stock, by any other legally permissible means acceptable to the Board at the time of the grant of the option (including a promissory note or cashless exercise, subject to applicable legal restrictions), or by a combination of such means.

If an optionee ceases to be a director before an option vests, the option is forfeited. Each option expires ten years from the date of its grant. Options are not transferable during the lifetime of the optionee, except that an option may be transferable to members of the optionee's immediate family, to a partnership whose members are only the optionee and/or members of the optionee's immediate family, or to a trust for the benefit of only the optionee and/or members of the optionee's immediate family. Options that are forfeited or terminated will again be available for grant. Shares may be authorized but unissued, currently held or reacquired shares. The Board of Directors may amend, terminate or suspend the Plan at any time.

Plan Benefits

Under the Directors Stock Option Plan, each of the five non-employee directors received options to purchase 20,000 shares of Common Stock upon initial appointment to the Board and each non-employee director has received (except in the case of Messrs. Peercy and Weis who were appointed to the Board in fiscal 2004) and will continue to receive options to purchase an additional 20,000 shares of Common Stock after the adjournment of each annual stockholders meeting. However, no dollar value is assigned to the options because their exercise price is the fair market value of the common stock on the date of grant.

Increase in the Number of Shares Reserved for Issuance

It is proposed to increase the number of shares of Common Stock reserved for issuance under the Directors Stock Option Plan from 600,000 to 900,000. The proposed increase in the number of shares issuable pursuant to the Directors Stock Option Plan will provide for options to be granted for several years following this year's Stockholders Meeting on the same terms as options granted following the 2004 Stockholders Meeting. It will also permit options to be granted if a new Board member is elected in the future although we do not have any current plans to nominate a new Board member.

The Board of Directors unanimously recommends a vote FOR Proposal 3, amending the Non-Employee Directors Stock Option Plan.

PROPOSAL 4: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors, upon the recommendation of the Audit Committee, has appointed the firm of Ernst & Young LLP (E&Y) as independent auditors to audit our financial statements for the year ending September 30, 2004, and has further directed that management submit the selection of independent accountants for certification by the stockholders at the annual meeting. E&Y has been our auditors since September 1997. Representatives of the firm are expected to be present at the annual meeting to respond to stockholders' questions and to have the opportunity to make any statements they consider appropriate.

Stockholder ratification of the selection of E&Y as our independent auditors is not required by our Bylaws or otherwise. However, the Board is submitting the selection of E&Y to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Board and the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board and the Audit Committee in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in the best interests of Sonic and its stockholders.

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

The ratification of the appointment of E&Y as independent auditors requires the approval of a majority of the votes cast by holders of our shares. Shares may be voted for or withheld from this matter. Shares that are withheld and broker non-votes will have no effect on this matter because ratification of the appointment of E&Y requires a majority of the shares cast.

Recommendation of Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL 4 RATIFYING THE APPOINTMENT OF E&Y AS INDEPENDENT AUDITORS FOR SONIC.

Relations with Independent Auditors

E&Y has served continuously as our independent auditors since 1997. As stated in Proposal 4, the Board has selected E&Y to serve as our independent auditors for the fiscal year ending September 30, 2004.

Audit services performed by E&Y for fiscal 2003 consisted of the examination of our financial statements, review of quarterly results, and services related to filings with the Securities and Exchange Commission (SEC). We also retained E&Y to perform certain other tax and consultative services. All fees paid to E&Y were reviewed, considered for independence and upon determination that such payments were compatible with maintaining such auditors' independence, approved by the Company's audit committee prior to performance.

Fiscal 2002 and 2003 Audit Firm Fee Summary

During Fiscal 2002 and 2003, we retained E&Y to provide services in the following categories and amounts:

	Years Ended September 30,	
	2003	2002
Audit Fees	\$ 157,650	\$ 184,680
Audit Related	5,915	6,400
Tax Related	27,465	24,510
Other Fees		2,500

REPORT OF THE AUDIT COMMITTEE ¹

The Audit Committee's role includes the oversight of our financial, accounting and reporting processes, our system of internal accounting and financial controls and our compliance with related legal and regulatory requirements, the appointment, engagement, termination and oversight of our independent auditors, including conducting a review of their independence, reviewing and approving the planned scope of our annual audit, overseeing the independent auditors' audit work, reviewing and pre-approving any audit and non-audit services that may be performed by them, reviewing with management and our independent auditors the adequacy of our internal financial controls, and reviewing our critical accounting policies and the application of accounting principles. The Audit Committee held three meetings during fiscal 2003.

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

In April 2004, the Board appointed Mr. Weis to the audit committee and in response to independence requirements of the applicable NASDAQ listing standards, accepted Mr. Kopko's resignation from the audit committee. Messrs. Kleinman, Pollard and Weis meet the independence criteria prescribed by applicable law and the rules of the SEC for audit committee membership and are independent directors within the meaning of the Nasdaq listing standards. In April 2004, the Board approved revisions to the Audit Committee Charter to reflect new rules and standards set forth in certain SEC regulations as well as changes to the NASDAQ listing standards. A copy of the revised Audit Committee Charter is attached hereto as Exhibit A.

¹ The material in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference in any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in such filing.

As set forth in the Audit Committee Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements and for the effectiveness of internal control over financial reporting. Management and the internal auditing department are responsible for maintaining the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

We have reviewed and discussed with our independent auditors, E&Y, matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communications with Audit Committees). We have received from the auditors a formal written statement describing the relationships between the auditor and Sonic that might bear on the auditor's independence consistent with Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). We have discussed with E&Y matters relating to its independence, including a review of both audit and non-audit fees, and considered the compatibility of non-audit services with the auditors' independence.

The members of the Audit Committee are not full-time employees of the Company and are not performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures or to set auditor independence standards. Members of the Committee necessarily rely on the information provided to them by management and the independent accountants. Accordingly, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact independent.

We have reviewed and discussed with management and E&Y the audited financial statements. We discussed with E&Y the overall scope and plans of their audits. We met with E&Y, with and without management present, to discuss results of their examinations, their evaluation of Sonic's internal controls, and the overall quality of Sonic's financial reporting.

Based on the reviews and discussions referred to above and our review of Sonic's audited financial statements for fiscal 2003, we recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended September 30, 2003, for filing with the SEC.

Respectfully submitted,

AUDIT COMMITTEE

Arnold B. Pollard

David C. Kleinman

Long-Term Incentive Plans Awards in Last Fiscal Year

The Company established a Deferred Compensation Plan effective December 7, 2001. The plan allowed any salaried employee of the Company or any of its subsidiaries to elect a one-year salary deferral of \$2,000 or more. At the end of the deferral period the employee's salary returned to the pre-deferral level, subject to employment status at that time and any performance reviews, salary adjustments and evaluations.

Employees received a promissory note equal to their deferral and selected a 24, 36 or 48-month maturity for repayment. Interest rates varied based on maturity selected at 9%, 10% or 11% for the 24, 36 or 48 month terms and are accrued semi-annually. Employees could request an early withdrawal from the plan, subject to a 10% penalty and the loss of interest from the last accrual date.

Each employee that participated in the Deferred Compensation Plan was entitled to receive a non-qualified option grant equal to 20%, 30% or 40% of the principal value of the note, depending on the maturity selected. Options were granted with an exercise price equal to the market value of the stock although employees are eligible to receive a bonus equal to the cost incurred upon exercise of the options in certain circumstances. One fourth of the options became exercisable every six months.

The Company repaid the remaining balance of all notes in full upon the sale of the Desktop Software business in 2003.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE ¹

The Executive Compensation Committee (the Committee) of the Board of Directors is composed entirely of outside, non-management directors. The Committee sets and administers the policies governing annual compensation of executive officers, including cash compensation and stock option programs for executive employees.

Compensation Policies

Sonic Foundry operates in the competitive and rapidly changing high technology and media business environment. The goals of our executive compensation program are to motivate executives to achieve our business objectives in this environment and reward them for their achievement, foster teamwork, and attract and retain executive officers who contribute to our long-term success. During fiscal 2003, we used primarily salary, stock options and personal use of company vehicles to meet these goals. Sonic's executive compensation programs are intended to attract and retain qualified executives and to motivate them to achieve goals that will lead to appreciation of stockholder value.

¹ The material in this report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of Sonic under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Our philosophy and guiding principles are to provide compensation levels that are comparable to those offered by other leading high technology companies. Our compensation policies align the interests of our officers with the long-term interests of our stockholders through stock compensation. For example, in fiscal 2003, compensation included options to purchase shares granted under our NQ Stock Option Plan. Another principle is that a substantial portion of each executive's compensation be in the form of an incentive bonus. Receipt of this bonus, is contingent upon meeting both individual performance goals and company objectives. However, we retain the authority to alter the bonus amounts because qualitative factors and long-term results need to be evaluated as well as the short-term operating results. Factors used in determining bonus amounts granted in 2003 included individual performance in the successful management of the business units during a weak environment, creating an opportunity to maximize value and terms negotiated in the sale of the Media Services and Desktop Software business units, the minimization of risk that post closing issues or claims will occur and the development of a sound strategy and business model for the resulting Media Systems business unit.

Annual Compensation

The salary portion of executive compensation is determined annually by reference to multiple surveys of high technology companies. The executive officers are matched to each position by comparing their responsibilities to the survey description most accurately representing their position with us by content, organizational level and level of revenue. Given the officers' levels of responsibility and our past performance, we target a competitive salary for each executive officer. A substantial portion of the annual compensation of each executive officer would normally have been in the form of an incentive bonus, which becomes a greater portion of an officer's potential total compensation as the executive's level of responsibility increases. In an effort to conserve cash and invest in the long-term success of Sonic, all executive officers, including our Chief Executive Officer, agreed to reduce their base compensation as of January 2001 by between 10 and 20%. The officer group offered further base compensation reductions effective December 1, 2001 of a total of \$466,000 or an average of 40% of the already reduced salary level. Mr. Buinevicius asked the compensation committee to reduce his base compensation from \$250,000 to \$200,000 as of January 1, 2001 and to \$1,229 as of December 1, 2001. The compensation committee awarded larger option grants than what had historically been granted to certain of the officers in lieu of cash compensation (see Long-term Compensation below). In addition, to these salary reductions, several of the officers further reduced their salaries pursuant to Sonic's Salary Deferral Plan. Amounts deferred under the Plan were paid in full upon the completion of the sale of the Desktop Software business.

Long-term Compensation.

The Committee has utilized stock options for all employees to motivate and retain them for the long-term. The Committee believes that these forms of compensation closely align the employee's interests with those of stockholders and provide a major incentive to them in building stockholder value.

Options are typically granted annually and are subject to vesting provisions to encourage employees to remain employed with Sonic Foundry. The Committee granted options to executives on May 9, 2003 following execution of definitive agreements to sell both the Desktop Software and Media Services business units and reflective of the same achievements considered when granting the bonuses upon the completion of these deals, discussed above.

Each executive officer receives stock options based upon that officer's relative position, responsibilities and performance by the individual over the previous fiscal year and the officer's anticipated performance, responsibilities and cash compensation. Additionally, we consider the net present value of the grant compared to typical grants at high technology companies of a similar size to Sonic Foundry. We also review the prior level of grants to the officers and to other members of senior management, including the number of shares that continue to be subject to vesting under outstanding options, in setting the level of options to be granted to the executive officers.

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

Stock options are granted at an option price equal to the fair market value of Sonic's Common Stock on the date of the grant and are subject to vesting over varying periods. The option-vesting period is designed to encourage employees to work with a long-term view of Sonic's welfare and to establish their long-term affiliation with Sonic. It is also designed to reduce employee turnover and to retain the knowledge and skills of valued staff.

Chief Executive Officer Compensation

In an effort to conserve cash in a weak economy, Mr. Buinevicius asked the compensation committee to reduce his base compensation from \$250,000 to \$200,000 as of January 1, 2001 and further to \$1,229 in December 2001. Mr. Buinevicius was granted 750,000 Common Stock options issued under the NQ Stock Option Plan as consideration for reducing his salary and 250,000 performance-based stock options. Despite the weak economy, Sonic accelerated the release of new products and improved efficiency in its operations allowing it to maximize value realized in the sale of the Desktop Software and Media Services business units. Accordingly, the Committee returned Mr. Buinevicius' annual base compensation to \$250,000 and upon sale of the desktop software business granted him a cash bonus of \$250,000. Mr. Buinevicius was not granted any options in fiscal 2003.
