**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE ANNUAL MEETING**

Q: Why am I receiving these materials?

A: Agilent's Board of Directors (the Board) is providing these proxy materials for you in connection with Agilent's annual meeting of stockholders, which will take place on March 1, 2005. Stockholders are invited to attend the annual meeting and are requested to vote on the proposals described in this proxy statement.

Q: What information is contained in these materials?

A: The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and our most highly paid officers and certain other required information. Agilent's 2004 Annual Report, audited financial statements, proxy card and return envelope are also enclosed.

Q: What proposals will be voted on at the annual meeting?

A: There are three proposals scheduled to be voted on at the annual meeting:

the election of directors for a 3-year term;

the ratification of the Audit and Finance Committee's appointment of PricewaterhouseCoopers LLP as Agilent's independent registered public accounting firm; and

the approval of the Amended and Restated Agilent Technologies, Inc. Performance-Based Compensation Plan for Covered Employees.

Q: What is the Agilent Board's voting recommendation?

A: Agilent's Board recommends that you vote your shares **FOR** each of the nominees to the Board, **FOR** the ratification of the Audit and Finance Committee's appointment of PricewaterhouseCoopers LLP as Agilent's independent registered public accounting firm and **FOR** the approval of the Amended and Restated Agilent Technologies, Inc. Performance-Based Compensation Plan for Covered Employees.

Q: What shares owned by me can be voted?

A: All shares owned by you as of the close of business on January 3, 2005 (the Record Date) may be voted by you. You may cast one vote per share of common stock that you held on the Record Date. These shares include shares that are: (1) held directly in your name as the stockholder of record, including shares purchased through the Agilent Technologies, Inc. 1999 Stock Plan (Stock Plan) and the Agilent Technologies, Inc. Employee Stock Purchase Plan, and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee or held for your account by the Agilent Technologies, Inc. 401(k) Plan (401(k) Plan).

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Edgar Filing: AGILENT TECHNOLOGIES INC - Form DEF 14A

A: Most stockholders of Agilent hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with Agilent's transfer agent, Computershare Investor Services, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent to you directly by Agilent. As the stockholder of record, you have the right to grant your voting proxy directly to Agilent or to vote in person at the annual meeting. Agilent has enclosed a proxy card for you to use. You may also vote on the Internet or by telephone, as described below under the heading "How can I vote my shares without attending the annual meeting?"

Table of Contents

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing your broker or nominee as to how to vote your shares. You may also vote by Internet or by telephone, as described below under **How can I vote my shares without attending the annual meeting?**

Q: How can I vote my shares in person at the annual meeting?

A: Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to vote your shares in person at the annual meeting, please bring your admission ticket and the enclosed proxy card or proof of identification. Even if you plan to attend the annual meeting, Agilent recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting.

Shares held in street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: How can I vote my shares without attending the annual meeting?

A: Whether you hold your shares directly as the stockholder of record or beneficially in street name, you may direct your vote without **attending** the annual meeting by voting (1) on the Internet, (2) on the telephone or (3) by completing and mailing your proxy card or voting instruction card in the enclosed pre-paid envelope. Please refer to the enclosed materials for more detailed instructions.

Q: Can I change my vote?

A: You may change your voting instructions at any time prior to the vote at the annual meeting. You may enter a new vote by using the Internet or the telephone or by mailing a new proxy card or new voting instruction card bearing a later date (which will automatically revoke your earlier voting instructions) or by attending the annual meeting and voting in person. Your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you specifically so request.

Q: How are votes counted?

A: In the election of directors, your vote may be cast **FOR** all of the nominees or your vote may be **WITHHELD** with respect to one or more of the nominees. For the other proposals, your vote may be cast **FOR** or, **AGAINST** or you may **ABSTAIN**. If you **ABSTAIN**, it has the same effect as a vote **AGAINST**. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board. Any undirected shares that you hold in the 401(k) Plan will be voted in proportion to the way the other 401(k) Plan stockholders vote their 401(k) Plan shares.

Q: What is the voting requirement to approve each of the proposals?

Edgar Filing: AGILENT TECHNOLOGIES INC - Form DEF 14A

- A:** In the election for directors, the three persons receiving the highest number of FOR votes will be elected. The affirmative vote of a majority of those shares present and entitled to vote is required to approve (1) the ratification of the Audit and Finance Committee's appointment of

Table of Contents

PricewaterhouseCoopers LLP as our independent registered public accounting firm and (2) the Amended and Restated Agilent Technologies, Inc. Performance- Based Compensation Plan for Covered Employees. If you are a beneficial owner of Agilent shares and do not provide the stockholder of record with voting instructions, your beneficially owned shares may constitute broker non-votes, as described in "What is the quorum requirement for the annual meeting?" in the section entitled "Additional Questions and Information Regarding the Annual Meeting and Stockholder Proposals" located at the end of this proxy statement. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote.

Q: What does it mean if I receive more than one proxy or voting instruction card?

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: How can I obtain an admission ticket for the annual meeting?

A: An admission ticket is printed on the back cover of these proxy materials.

Q: Where can I find the voting results of the annual meeting?

A: Agilent will announce preliminary voting results at the annual meeting and publish final results in Agilent's quarterly report on Form 10-Q for the second quarter of fiscal 2005.

In discharging its duties, the Audit and Finance Committee is expected to:

have the sole authority to appoint, retain, compensate, oversee, evaluate and replace the independent registered public accounting firm;

review and approve the scope of the annual internal and external audit;

review and pre-approve the engagement of Agilent's independent registered

public accounting firm to perform audit and non-audit services and the related fees;

meet independently with Agilent's internal auditing staff, independent registered public accounting firm and senior management;

review the integrity of Agilent's financial reporting process and the adequacy of the company's internal controls;

review Agilent's consolidated financial statements and disclosures and U.S. Securities & Exchange Commission (SEC) filings;

review funding and investment policies, implementation of funding policies and investment performance of Agilent's benefit plans;

monitor compliance with Agilent's standards of business conduct; and

review disclosures from Agilent's independent registered public accounting firm regarding Independence Standards Board Standard No. 1.

Compensation Committee

The Compensation Committee reviews the performance of Agilent's elected officers and other key employees and determines, approves and reports to the Board on the elements of their compensation, including total cash compensation and long-term equity based incentives. In addition, the Compensation Committee:

approves and monitors Agilent's benefit plan offerings;

supervises and oversees the administration of Agilent's incentive compensation, variable pay and stock programs;

recommends to the Board the annual retainer fee as well as other compensation for non-employee directors; and

has sole authority to retain and terminate executive compensation consultants.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee proposes a slate of directors for election by Agilent's stockholders at each annual meeting and appoints candidates to fill any vacancies on the Board. It is also responsible for approving management succession plans, determining the appropriate Board size and committee structure and developing and reviewing corporate governance principles applicable to Agilent. During fiscal year 2004, the Committee met one time. Each of the members of the Committee meets the definition of "independence" set forth in the NYSE's corporate governance listing standards.

Edgar Filing: AGILENT TECHNOLOGIES INC - Form DEF 14A

The Nominating/Corporate Governance Committee will consider candidates recommended for nomination by stockholders, provided that the recommendations are made in accordance with the procedures described in the section entitled "Additional Questions and Information Regarding the Annual Meeting and Stockholder Proposals" located at the end of this proxy statement. Candidates recommended for nomination by stockholders that comply with these procedures will receive the same consideration as other candidates recommended by the Committee.

Agilent hires Egon Zehnder International, a search firm, to help identify and facilitate the screening and interview process of candidates for director. To be considered by the Committee, a director nominee must have:

experience as a Board member or senior officer of a Fortune 200 or equivalent company or have achieved national prominence in an academic, government or other relevant field;

breadth of experience;

soundness of judgment;

the ability to make independent, analytical inquiries;

the willingness and ability to devote the time required to perform Board activities adequately; and

the ability to represent the total corporate interests of Agilent.

In addition to these minimum requirements, the Committee will also evaluate whether the candidate's skills are complementary to the

Table of Contents

existing Board members' skills and the Board's needs for operational, management, financial, international, technological or other expertise. The search firm screens the candidates, does reference checks, prepares a biography for each candidate for the Committee to review and helps set up interviews. The Committee and Agilent's Chief Executive Officer interview candidates that meet the criteria, and the Committee selects candidates that best suit the Board's needs.

Executive Committee

The Executive Committee meets or takes written action when the Board is not otherwise meeting. The Committee has full authority to act on behalf of the Board, except that it cannot amend Agilent's Bylaws, recommend any action that requires the approval of the stockholders, fill vacancies on the Board or any Board committee, fix director compensation, amend or repeal any non-amendable or non-repealable resolution of the Board, declare a distribution to the stockholders except at rates determined by the Board, appoint other committees or take any action not permitted under Delaware law to be delegated to a committee.

Statement on Corporate Governance

Agilent has had formal corporate governance standards in place since the company's inception in 1999. We have reviewed internally and with the Board the provisions of the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley Act"), the rules of the SEC and the NYSE's corporate governance listing standards regarding corporate governance policies and processes and are in compliance with the rules and listing standards. We have adopted charters for our Compensation Committee, Audit and Finance Committee and Nominating/Corporate Governance Committee consistent with the applicable rules and standards.

You can access our committee charters and standards of business conduct in the "Corporate Governance Policies" section, which is on the left side of our web page at www.investor.agilent.com or by writing to us at Agilent Technologies, Inc., 395 Page Mill Road, Palo Alto, California 94306, Attention: Investor Relations. In accordance with NYSE corporate governance listing standards, Dr. David M. Lawrence has been designated as the Lead Independent Director. Agilent's non-employee directors meet at regularly scheduled executive sessions without management at which Dr. Lawrence presides.

Stockholders and other interested parties may communicate with the Board and Agilent's Lead Independent Director by filling out the form at <http://investor.agilent.com/emailleaddirector.cfm> or by writing to Dr. Lawrence, c/o Agilent Technologies, Inc., General Counsel, 395 Page Mill Road, MS A3-11, Palo Alto, California 94306. The General Counsel will perform a legal review in the normal discharge of his duties to insure that communications forwarded to the Lead Independent Director preserve the integrity of the process. For example, items that are unrelated to the duties and responsibilities of the Board such as spam, junk mail and mass mailings, product complaints, personal employee complaints, product inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, business solicitations or advertisements (the "Unrelated Items") will not be forwarded to the Lead Independent Director. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded to the Lead Independent Director. Any communication that is relevant to the conduct of Agilent's business and is not forwarded will be retained for one year (other than Unrelated Items) and made available to the Lead Independent Director and any other independent director on request. The independent directors grant the General Counsel discretion to decide what correspondence shall be shared with Agilent management and specifically instruct that any personal employee complaints be forwarded to our Human Resources Department. Agilent encourages, but does not require, its board members to attend the annual stockholders meeting. Last year, two of our directors attended the annual stockholders meeting.

Agilent adopted the following standards for director independence in compliance with the NYSE corporate governance listing standards:

1. No director qualifies as independent unless the Board of Directors affirmatively determines that the director has no material relationship with Agilent or any of its sub -

Table of Contents

sidiaries (either directly or as a partner, shareholder or officer of an organization that has a relationship with Agilent). Agilent or any of its subsidiaries must identify which directors are independent and disclose the basis for that determination.

In addition, a director is not independent if:

2. The director is, or has been within the last three years, an employee of Agilent or any of its subsidiaries, or an immediate family member is, or has been within the last three years, an executive officer, of Agilent or any of its subsidiaries.
3. The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from Agilent or any of its subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
4. (A) The director or an immediate family member is a current partner of a firm that is the company's internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on Agilent's or any of its subsidiaries audit within that time.
5. The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of Agilent's or any of its subsidiaries present executive officers at the same time serves or served on that company's compensation committee.
6. The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, Agilent or any of its subsidiaries for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

The Board determined that James G. Cullen, Robert J. Herbold, Walter B. Hewlett, Robert L. Joss, Koh Boon Hwee, Heidi Kunz, David M. Lawrence, M.D. and A. Barry Rand meet the aforementioned independence standards. Edward W. Barnholt does not meet the aforementioned independence standards because he is Agilent's current President, Chief Executive Officer and an employee of Agilent.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit and Finance Committee of the Board has appointed PricewaterhouseCoopers LLP as Agilent's independent registered public accounting firm to audit its consolidated financial statements for the 2005 fiscal year. During the 2004 fiscal year, PricewaterhouseCoopers LLP served as Agilent's independent registered public accounting firm and also provided certain tax and other non-audit services. Although Agilent is not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the Audit and Finance Committee will investigate the reasons for stockholder rejection and will reconsider the appointment.

Representatives of PricewaterhouseCoopers LLP are expected to attend the annual meeting where they will be available to respond to questions and, if they desire, to make a statement.

Agilent's Board recommends a vote FOR the ratification of the

PROPOSAL NO. 3

**APPROVAL OF THE AMENDED AND RESTATED AGILENT TECHNOLOGIES, INC. PERFORMANCE-BASED
COMPENSATION PLAN FOR COVERED EMPLOYEES**

The Compensation Committee of the Board previously adopted, and in 2000 the stockholders approved, the Agilent Technologies, Inc. Performance-Based Compensation Plan for Covered Employees (the "Performance-Based Compensation Plan") (previously entitled the "Agilent Technologies, Inc. Pay-for-Results Plan"). Effective November 1, 2004, the Performance-Based Compensation Plan was amended to cover only (i) employees who, with respect to the previous taxable year of Agilent Technologies, were "covered employees" within the meaning of Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the "Code"); and (ii) those employees designated by the Compensation Committee as reasonably expected to be "covered employees" with respect to Agilent's then-current taxable year. The Compensation Committee has designated eight plan participants for the performance period that began on November 1, 2004, and will end April 30, 2005. Other employees participate in the Agilent Technologies, Inc. Pay-for-Results Plan for Non-covered Employees.

At the annual meeting, we are asking stockholders again to approve the Performance-Based Compensation Plan, as amended and restated, in order to continue to qualify payments made to certain Agilent officers under the Performance-Based Compensation Plan as deductible for U.S. federal income tax purposes. The board believes that the Plan benefits stockholders by linking a portion of executive compensation to performance and by qualifying amounts paid pursuant to the Performance-Based Compensation Plan for a U.S. federal income tax deduction.

Our Board of Directors recommends a vote FOR the approval of the

Amended and Restated Agilent Technologies, Inc.

Performance-Based Compensation Plan for Covered Employees.

Summary of the Performance-Based Compensation Plan

General

The Performance-Based Compensation Plan is designed to link the annual cash compensation for designated Agilent executives directly to business performance. Under the Performance-Based Compensation Plan, base pay will be targeted at market median base pay levels. If pre-determined business performance measures are met and/or exceeded, additional cash bonuses may be awarded. Total cash compensation (base pay plus cash bonuses) will be targeted at market median total cash compensation levels if performance goals are met, and at or above market levels if performance measures are significantly exceeded. The Performance-Based Compensation Plan will be administered in six-month performance periods, which coincide with each half of Agilent's fiscal year.

Administration

Edgar Filing: AGILENT TECHNOLOGIES INC - Form DEF 14A

The Compensation Committee of the Board will administer the Performance-Based Compensation Plan and has full power to interpret and administer the Performance-Based Compensation Plan.

Participation and Eligibility

The Compensation Committee will designate the plan participants for each six-month performance period. Persons employed by Agilent or one of its affiliates who are, or are reasonably expected to be, covered officers within the meaning of Section 162(m) of the Code, are eligible to be designated by the Compensation Committee as a participant in the Performance-Based Compensation Plan.

Table of Contents

A plan participant will forfeit any bonus for a performance period during which such participant is involuntarily terminated by Agilent for cause or voluntarily terminates his or her employment with Agilent for reasons other than death, permanent and total disability or retirement.

Plan Operation

The Performance-Based Compensation Plan will be administered in six-month performance periods that coincide with each half of Agilent's fiscal year. The target bonus is an amount that may be paid if 100% of all applicable performance measures are met in the performance period. The target bonus will be equal to a fixed percentage of the plan participant's base salary. The Compensation Committee will determine the fixed percentage by the 45th day of the performance period.

At the beginning of each performance period, the Compensation Committee will determine who will participate in the Performance-Based Compensation Plan and for each plan participant:

the applicable performance measures, which could be based on net order dollars, net profit growth, net revenue dollars, revenue growth, individual performance, earnings per share, return on assets, return on equity, return on invested capital, other company-wide and business unit financial objectives, customer satisfaction indicators and operational efficiency measures;

the threshold bonus percentage, the target bonus and the maximum bonus; and

the percentages to be allocated for each performance measure.

For each 6-month performance period, a plan participant may earn a bonus of up to 2 times the target bonus.

Following the end of each performance period, the Compensation Committee will determine the actual performance results for each performance measure, the amount, if any, to which each plan participant is entitled based on the percentage allocated by the Compensation Committee to each performance measure against the target bonus for each plan participant, and the bonus, if any, to which each plan participant is entitled. If the relevant performance measures are not achieved, the plan participant may not receive any bonus or only a portion of the target bonus. If the relevant performance measures are exceeded, the plan participant may be eligible for a bonus in excess of the target bonus.

In determining the amount of cash compensation paid pursuant to the Performance-Based Compensation Plan, the Compensation Committee has the discretion to reduce or eliminate to zero prior to payment the amount of a variable payment to a Participant otherwise calculated.

With the exception of the Agilent Technologies, Inc. Deferred Compensation Plan, Agilent intends that any benefits payable or accruable to plan participants under Agilent's benefit programs will be based on such plan participant's base pay rather than on his or her actual total cash compensation.

Federal Income Tax Considerations

All amounts paid pursuant to the Performance-Based Compensation Plan are taxable income to the employee when paid. Agilent will be entitled to a federal income tax deduction for all amounts paid under the Performance-Based Compensation Plan if it is approved by stockholders and meets the other requirements of Section 162(m) of the Code.

Table of Contents***Amendment and Termination of the Plan***

The Compensation Committee may amend, suspend or terminate the Performance-Based Compensation Plan at any time and for any reason.

The following table shows the range of bonuses payable under the Performance-Based Compensation Plan during the first half of fiscal 2005 to (1) the Agilent officers named in the Summary Compensation Table on page 21 and (2) all current executive officer participants as a group. Long-Term Incentive Plan Awards in Last Fiscal Year

Effective November 1, 2003, the Compensation Committee established the Long-Term Performance Program (the LTP Program). The objectives of the LTP Program are to motivate and reward Agilent's executive officers to produce results that increase stockholder value and to encourage individual and team behavior that helps Agilent achieve both short-term and long-term company objectives. No award of performance shares will be paid at the end of the three-year performance period unless Agilent achieves at least the 25th percentile in both total stockholder return and size-adjusted growth in earnings (as defined in the LTP Program), as compared to a peer group of 53 other companies in the S&P 500 Information Technology Index, minus that index's Software Services component. If Agilent's performance in both measures during the performance period falls below the 25th percentile threshold, no award is earned. If Agilent's performance in both measures is at the 25th percentile, the minimum award is earned. At the 50th percentile the target award is earned, and at the 75th percentile and above the maximum award of 200% of target is earned. The following table sets forth estimates of the possible future payouts to each of the named executive officers under the LTP Program. There can be no assurance that the estimated future payouts shown in this table will be achieved or, if they are achieved, at what level they will be achieved.

- (1) Payouts will be in shares of Agilent common stock based on relative performance as described above. Estimated individual future payouts are number of shares ranging from the threshold amounts, if Agilent's performance in both measures is at the 25th percentile, up to the maximum amounts, if the plan goals are substantially exceeded.
- (2) Represents performance shares granted based on performance at the target.
- (3) Performance is measured over a three-year period beginning November 1, 2003.

Pension Plans

The following table shows the estimated annual benefits payable on retirement to Agilent's eligible employees in the U.S. under the Agilent Technologies, Inc. Deferred Profit Sharing Plan (the "Deferred Profit Sharing Plan"), Agilent's Retirement Plan (the "Retirement Plan") and Agilent's Excess Benefit Retirement Plan (the "Excess Benefit Plan"). To calculate the number of years of an eligible employee's service, the pension plans will bridge each eligible employee's service, if any, with Hewlett-Packard Company to that eligible employee's service with Agilent.

For fiscal year 2004, benefits exceeding \$165,000 will be paid pursuant to the Excess Benefit Plan. No more than \$200,000 (as adjusted from time to time by the U.S. Internal Revenue Service) of eligible compensation may be taken into account in calculating benefits payable under the Retirement Plan or the Deferred Plan. Benefits attributable to annual earnings over \$200,000 are payable under the Excess Benefit Plan. Benefits payable under the Excess Benefit Plan are available in a lump sum or up to 15 annual installments.

The covered compensation for each of the Named Executive Officers is the highest five-year average of base pay for such Named Executive Officer.

The Named Executive Officers have been credited with the following years of service as of October 31, 2004: Mr. Barnholt, 30 years; Mr. Sullivan, 28 years; Mr. Dillon, 3 years; Mr. van Ingen, 27 years; and Mr. Sohn, 1 year. Retirement benefits shown are expressed as a single life annuity at age 65 and reflect the maximum offset currently in effect under Section 401(l) of the Code to compute the offset for such benefits under the pension plan. For purposes of calculating the benefit, an employee cannot be credited with more than 30 years of service. Benefits under the Retirement Plan are payable in the form of a single life annuity, a qualified joint and survivor annuity or a lump sum.

Certain Relationships and Related Transactions

On February 5, 2002, Agilent made a relocation loan to Mr. Adrian T. Dillon, Executive Vice President and Chief Financial Officer, as part of the employment package required to induce Mr. Dillon to join Agilent and move from Cleveland, Ohio to the San Francisco Bay Area. In place of a standard relocation bonus, Agilent provided a loan of \$2.5 million to be used for the purchase of a home. Provided that Mr. Dillon remains at Agilent, the loan will continue to be forgiven over a five-year period at 20% per year. The loan is secured by a deed of trust on the house. The unforgiven portion of the note plus 10% per annum interest will be due in full (i) upon insolvency of Mr. Dillon, (ii) upon any transfer of the property without the prior written consent of Agilent, (iii) within three months of termination of employment for any reason and (iv) within one year following the death of Mr. Dillon. If the amount due is not paid within five days of the due date, at the option of Agilent, the unforgiven portion shall begin to accrue interest equal to 15% per annum. In accordance with the Sarbanes-Oxley Act, Agilent will not materially modify or renew this loan and, in the future, will not provide any new loans to its executive officers as required under the Sarbanes-Oxley Act.

Change of Control Arrangements

Edgar Filing: AGILENT TECHNOLOGIES INC - Form DEF 14A

Each of Messrs. Barnholt, Dillon, Sullivan, van Ingen and Sohn, as well as four other executive officers who are not Named Executive Officers, has signed a Change of Control Severance Agreement. Under these agreements, in the event that within 24 months of a change of control of Agilent, Agilent or its successor terminates the employment of such an executive without cause or an

Table of Contents

event constituting good reason occurs and the executive resigns within 3 months of such an event, the executive will be entitled to: (i) two times, or solely with respect to Mr. Barnholt three times, the sum of such executive's base salary and target bonus, (ii) payment of COBRA continuation premiums for up to 12 months, (iii) full vesting of all outstanding options and any restricted stock awards and (iv) a prorated portion of (1) any bonus and (2) the greater of (A) the target award of, or (B) the accrued amount of the payout of, any LTP Program award for the relevant performance period in which the termination occurs. To the extent that the payment of these benefits trigger the excise tax under Section 4999 of the Code or any comparable federal, state, local or foreign excise tax, Agilent will pay Mr. Barnholt an additional amount to cover all additional tax liability arising from the application of such excise tax.

In exchange for such consideration, each executive has agreed (i) to execute a release of all of the executive's rights and claims relating to his employment, (ii) not to solicit any of Agilent's or its successor's employees for 2 years and (iii) not to compete for 1 year with up to 15 competitors of Agilent or its successor, as determined by Agilent or its successor.

**REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD ON EXECUTIVE COMPENSATION**

Agilent's executive compensation program is administered by the Compensation Committee of the Board (the "Compensation Committee"). The Compensation Committee, which is composed entirely of independent, non-employee directors, is responsible for approving and reporting to the Board on all elements of compensation for the elected corporate officers. The Compensation Committee has furnished the following report on executive compensation for fiscal year 2004.

Compensation Philosophy

The goal of the executive compensation program is to provide a competitive total compensation package composed of cash, equity and benefits. The total package reflects Agilent's Pay for Performance philosophy and is designed to inspire and reward superior performance by executives, business organizations and Agilent.

Executive Compensation Practices

Each year the Compensation Committee reviews and selects a group of high technology public companies with approximately the same revenue size as Agilent to use for benchmarking Agilent executive compensation. The Compensation Committee uses an independent compensation consultant to develop the information and recommend the appropriate ranges for each component, so the overall levels are aligned with Agilent's pay philosophy for each of the named executives. The Compensation Committee's practice is to target direct compensation levels for Agilent's executives at the 50th percentile of surveyed companies in both the mix of elements and total value. Total direct compensation includes base pay, short-term bonus and long-term incentives. Performance is measured against the following factors, which may vary as required by business conditions:

long and short term strategic goals;

revenue, profit, and return on invested capital goals;

customer satisfaction and winning in our markets;

growth and new business creation;
total stockholder return;

the development of strong leadership and accountability throughout Agilent; and

the fostering of teamwork and other core Agilent values.

Edgar Filing: AGILENT TECHNOLOGIES INC - Form DEF 14A

In setting the goals and measuring an executive's performance against those goals, Agilent considers the performance of its competitors and general economic and market conditions. None of the factors included in Agilent's strategic and business goals are assigned a specific weight. Instead, the Compensation Committee recognizes that the relative importance of these factors may change in order to adapt Agilent's operations to specific business challenges and to reflect changing economic and marketplace conditions.

Components of Executive Compensation

The compensation program for executive officers consists of the following components:

base pay;

short-term incentives;

long-term incentives;

retirement and other benefits; and

change of control agreements.

Base Pay

The salary for each executive officer is established each year based on a salary range that corresponds to the competitive market, job responsibilities and overall individual job performance. During fiscal year 2004, salaries for the named executives were increased by 0% to 8%. The Compensation Committee believes that current salaries for these positions generally approximate median competitive levels.

Short-Term Incentive

Agilent's Pay for Performance philosophy ensures that short-term incentive compensation follows achievement of business-specific goals.

The Agilent Technologies, Inc. Performance- Based Compensation Plan for Covered

Table of Contents

Employees (Performance-Based Compensation Plan) provides for cash bonuses to be paid semi-annually when performance targets are achieved. During fiscal year 2004, the executive officers participated in the Performance-Based Compensation Plan. Actual bonuses paid to executive officers in 2004 were based on achievement of revenue and return on invested capital goals established for each six-month performance period. The maximum short-term incentive payout possible for 2004 was 200% of individual target awards, and the minimum payout was zero. Individual target awards for the named executive officers ranged from 70% to 130% of salary. The actual percent achieved by the named executives ranged from 73% to 146% over the two six-month performance periods in 2004.

Long-Term Incentives

The long-term incentive program is designed to encourage creation of long-term value for our stockholders, retain qualified key employees, and build equity ownership among executives. Following the review and recommendation by the independent compensation consultant to the Compensation Committee, Agilent introduced a performance share program in fiscal year 2004 covering the named executive officers plus five additional executive officers. There are currently two components of long-term incentive compensation utilized for these executive officers: stock options and performance shares, while other key employees are granted only stock options. In all cases, annualized long-term grant values were recommended by position, based on ranges set to approximate the 50th percentile of peer companies.

For those executive officers with two components of long-term incentive compensation, 50% of the annualized target grant value was delivered in the form of non-qualified stock options, and 50% was delivered in performance shares. Both the 2004 stock option grants and performance share grants were made under the shareholder-approved 1999 Stock Plan. Each stock option grant allows the recipient to acquire shares of Agilent's common stock, subject to the completion of a four-year installment vesting period, and continued employment with Agilent. These options may be exercised at a fixed price per share (the market price on the grant date) over a ten-year period. Performance shares will be granted annually and may be earned at the end of overlapping three-year performance cycles from zero to 200% of target grants, contingent upon Agilent's business performance being higher than the 25th percentile of peer companies. There are two relative measures for determining earned performance shares, which are Total Shareholder Return and Size-Adjusted Growth in Earnings. The peer companies used for performance comparisons are those comprising the S&P Information Technology index, excluding the software and services companies because their business models and compensation practices vary from that of Agilent and the other peer companies selected.

Retirement and Other Benefits

The global benefits philosophy provides employees protection from catastrophic events and offers health and welfare benefits typical in the given country in which Agilent operates. Where applicable, employees are responsible for managing benefit choices, balancing their own level of risk and return. During fiscal year 2004, Agilent offered medical and other benefits to its executives that are generally available to other Agilent employees.

In addition to Agilent's tax-qualified pension and 401(k) plans, executives participate in an excess benefit plan that provides supplemental retirement benefits that cannot be provided by the pension plan because of Internal Revenue Code limits on contributions and benefits.

Executive officers also have company-paid financial counseling and are eligible to voluntarily defer their salaries, short-term incentives, and the performance shares under the long-term incentive program. Deferrals of salary and short-term incentives are credited with returns based on investment choices available under Agilent's 401(k) plan, and do not include Agilent stock or alternatives that result in above-market crediting rates. Performance shares that are deferred are credited as Agilent stock.

Change of Control Agreements

In accordance with the company's policy adopted in 2002, Agilent entered into change of control agreements with certain executives to provide protection upon involuntary termination.

Table of Contents

nation following a change of control. The agreements provide multiples of salary and bonus, along with continued medical benefits, full vesting of outstanding stock options and a pro-rated portion of the bonus and performance share awards for the performance period in which the termination occurs.

Policy Regarding Compensation in Excess of \$1 Million a Year

Section 162(m) of the Code generally disallows a tax deduction for compensation in excess of \$1 million paid to Agilent's Named Executive Officers. Certain compensation is specifically exempt from the deduction limit to the extent that it does not exceed \$1 million during any fiscal year or is performance based as defined in Section 162(m) of the Code. The Compensation Committee considers the net cost to Agilent, and its ability to effectively administer executive compensation in the long-term interests of shareholders. Accordingly, the Compensation Committee intends for short-term incentives, stock options and performance shares to be fully deductible under Section 162(m) of the Code.

Stock Ownership Guidelines

Agilent's stock ownership guidelines are designed to increase an executive's equity stake in Agilent and more closely align his or her interests with those of our other stockholders. The guidelines provide that the President and Chief Executive Officer should attain an investment level in Agilent's stock equal to five times annual salary, including direct ownership of at least 20,000 shares of Agilent stock. All other executive officers should attain an investment level equal to three times annual salary, including direct ownership of at least 15,000 shares for the Chief Financial Officer and Chief Operating Officer, and at least 10,000 shares for all other executive officers. In each case, these ownership levels must be attained by the later of five years from election to their executive officer positions or the end of fiscal year 2007.

Compensation for the Chief Executive Officer

Edward W. Barnholt has served as President and Chief Executive Officer since May 4, 1999, and as Chairman of the Board since November 21, 2002. The Compensation Committee used the executive compensation practices described above to determine Mr. Barnholt's fiscal year 2004 compensation. In setting both the cash and equity elements of Mr. Barnholt's compensation, the Compensation Committee made an overall assessment of Mr. Barnholt's leadership in establishing Agilent's long-term and short-term strategic, operational and business goals. Mr. Barnholt's total compensation reflects a consideration of both competitive factors and Agilent's performance.

The Compensation Committee surveyed the total value and mix of direct compensation elements for chief executive officers of selected high technology companies. Based on this information, the Compensation Committee determined a corresponding median package.

For fiscal year 2004, Mr. Barnholt's target total cash compensation was set at \$2,300,000. His salary continued at \$1,000,000, and was coupled with a \$1,300,000 target bonus opportunity under the Performance-Based Compensation Plan. His actual earned bonus could be between zero and \$2,600,000, if maximum performance objectives were achieved. His fiscal year 2004 performance objectives were based entirely on return on invested capital goals to support Agilent's focus in 2004 of regaining financial strength.

Edgar Filing: AGILENT TECHNOLOGIES INC - Form DEF 14A

Mr. Barnholt's 2004 long-term incentive grant consisted of a non-qualified stock option to purchase 154,000 shares of Agilent common stock, with the same provisions as stock options granted to other key employees. He was also granted 99,000 target performance shares, to be earned following the completion of fiscal year 2006 based on his continued employment and Agilent's performance relative to selected peers in Total Shareholder Return and Size-Adjusted Growth in Earnings. The Committee believes that the annualized grant value approximates the competitive median.

STOCK PRICE PERFORMANCE GRAPH

The graph below shows the cumulative total stockholder return, assuming the investment of \$100 (and the reinvestment of any dividends thereafter) for the period beginning on November 18, 1999, the first trading day of Agilent's common stock, and ending on October 31, 2004, on each of Agilent's common stock, the S&P 500 Index, the peer group index used by us in our previous year's proxy statement (the "Old Peer Group Index") and a new peer group index (the "New Peer Group Index"), based on the S&P Information Technology and Healthcare Peer Group Composite Index. Agilent's stock price performance shown in the following graph is not indicative of future stock price performance. The data for this performance graph was compiled for us by Standard and Poor's.

The "New Peer Group" is composed of companies that are members of the S&P Information Technology Index and the S&P Healthcare Index that compete in sectors related to Agilent's businesses. The individual companies that comprise the sectors are chosen and maintained by S&P. The sectors are Electronic Equipment Manufacturers, Semiconductor Equipment, Semiconductors, Communications Equipment and Healthcare Equipment. These sectors are selected by Agilent. Since last year, S&P moved Perkin Elmer Inc., Thermo Electron Corp. and Waters Corp. from S & P's Electrical Equipment Manufacturers sector to S & P's Healthcare Equipment sector. These three companies represent the core peer group within the S&P 500 index for Agilent's Life Science and Chemical Analysis business. In order to continue to include these companies in a meaningfully comparative stock performance analysis of Agilent's peers, we have added the S&P Healthcare Equipment sector to our peer group. The performance of "Old Peer Group," which includes the Electronic Equipment Manufacturers, Semiconductor Equipment, Semiconductors and Communications Equipment sectors, is also included in the graph below for performance comparison and compliance purposes.

**ADDITIONAL QUESTIONS AND INFORMATION REGARDING
THE ANNUAL MEETING AND STOCKHOLDER PROPOSALS**

Q: What happens if additional proposals are presented at the annual meeting?

A: Other than the three proposals described in this proxy statement, Agilent does not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, Edward W. Barnholt, Agilent's Chairman of the Board, President and Chief Executive Officer, and D. Craig Nordlund, Agilent's Senior Vice President, General Counsel and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting. If for any unforeseen reason, any one or more of Agilent's nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Q: What class of shares is entitled to be voted?

A: Each share of Agilent's common stock outstanding as of the close of business on January 3, 2005, the Record Date, is entitled to one vote at the annual meeting. On the Record Date, Agilent had approximately 491,097,793 shares of common stock issued and outstanding.

Q: What is the quorum requirement for the annual meeting?

A: The quorum requirement for holding the annual meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the annual meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the annual meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

Q: Who will count the vote?

A: A representative of Computershare Investor Services will tabulate the votes and act as the inspector of election.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Agilent or to third parties except (1) as necessary to meet ***applicable*** legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation by the Board. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to Agilent's management.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: Agilent will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by Agilent's directors, officers and employees, who will not receive any additional compensation for such solicitation activities. Agilent has

retained the services of Georgeson Shareholder Services (Georgeson) to aid in the solicitation of proxies. Agilent estimates

Table of Contents

that it will pay Georgeson a fee of \$15,000 for its services plus per call fees for any individual solicitations and reasonable out-of-pocket expenses. In addition, Agilent may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

Q: *May I propose actions for consideration at next year's annual meeting of stockholders or nominate individuals to serve as directors?*

A: You may submit proposals for consideration at future annual stockholder meetings, including director nominations.

Stockholder Proposals: In order for a stockholder proposal to be considered for inclusion in Agilent's proxy statement for next year's annual meeting, the written proposal must be received by Agilent no later than September 15, 2005 and should contain such information as is required under Agilent's Bylaws. Such proposals will need to comply with the SEC's regulations regarding the inclusion of stockholder proposals in Agilent-sponsored proxy materials. In order for a stockholder proposal to be raised from the floor during next year's annual meeting, written notice must be received by Agilent no later than September 15, 2005 and should contain such information as required under Agilent's Bylaws. If we do not receive notice of your proposal within this time frame, our management will use its discretionary authority to vote the shares it represents as the Board may recommend.

Nomination of Director Candidates: Agilent's Bylaws permit stockholders to nominate directors at a stockholder meeting. In order to make a director nomination at an annual stockholder meeting, it is necessary that you notify Agilent not fewer than 120 days before the first anniversary of the date that the proxy statement for the preceding year's annual meeting was first sent to stockholders. Agilent's 2004 Proxy Statement was first sent to stockholders on January 13, 2005. Thus, in order for any such nomination notice to be timely for next year's annual meeting, it must be received by Agilent not later than September 15, 2005. In addition, the notice must meet all other requirements contained in Agilent's Bylaws and include any other information required pursuant to Regulation 14A under the Exchange Act.

Copy of Bylaw Provisions: You may contact the Agilent Corporate Secretary at

Agilent's corporate headquarters for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates. Additionally, a copy of Agilent's Bylaws can be accessed on the Agilent Investor Relations Web site at

<http://www.investor.agilent.com>. Click "Corporate Governance" and then "Corporate Governance Policies" on the left hand side of the screen.

Q: *How do I obtain a separate set of voting materials if I share an address with other stockholders?*

A: To reduce expenses, in some cases, we are delivering one set of voting materials to certain stockholders who share an address, unless otherwise requested by one or more of the stockholders. A separate proxy card is included in the voting materials for each of these stockholders. If you have only received one set, you may request separate copies of the voting materials at no additional cost to you by calling us at (650) 752-5522 or by writing to us at Agilent Technologies, Inc., 395 Page Mill Road, Palo Alto, California 94306, Attn: Shareholder Records. You may also contact us by calling or writing if you would like to receive separate voting materials for future annual meetings.

Q: *If I share an address with other stockholders of Agilent, how can we get only one set of voting materials for future meetings?*

A: You may request that we send you and the other stockholders who share an address with you only one set of voting materials by calling us at (650) 752-5522 or by writing to us at: Agilent Technologies, Inc., 395 Page Mill Road, Palo Alto, California 94306, Attn: Shareholder

3. Eligibility. Persons employed by the Company or any of its Affiliates during a Performance Period and in active service are eligible to be Participants under the Plan for such Performance Period, whether or not so employed or living at the date a Variable Payment is paid, and may be considered by the Committee for a Variable Payment. A Participant is not rendered ineligible to be a Participant by reason of being a member of the Board. Notwithstanding anything herein to the contrary, the Committee shall have sole discretion to designate or approve the Participants for any given Performance Period.

4. Administration.

(a) Unless otherwise designated by the Board, the Compensation Committee of the Board shall be the Committee under the Plan. A director may serve as a member or an

A-2

Table of Contents

alternate member of the Committee only during periods in which the director is an outside director as described in Section 162(m). Subsequent determination that a member or alternate member of the Committee was not an outside director shall not invalidate the actions taken by the Committee during such period. The Committee shall have full power and authority to construe, interpret and administer the Plan. It may issue rules and regulations for administration of the Plan and shall meet at such times and places as it may determine. A majority of the members of the Committee shall constitute a quorum and all decisions of the Committee shall be final, conclusive and binding upon all parties, including the Company, its stockholders, employees and Participants.

(b) The expenses of the administration of the Plan shall be borne by the Company.

5. Term. Subject to Section 10(l), the amended and restated Plan shall be effective as of November 1, 2004, and shall be applicable for future Fiscal Years of the Company unless amended or terminated by the Board or the Committee pursuant to Section 10(e).

6. Determination of Plan Participants, Variable Payment Factors and Performance Measures. Prior to the Predetermination Date, the Committee shall designate or approve (a) the positions eligible for participation in the Plan; (b) the employees in those positions who have been selected for participation in the Plan for a Performance Period; (c) the applicable Performance Measures, the Threshold Variable Payment Percentage, the Target Variable Payment, and the maximum Variable Payments for each Participant; (d) the percentages allocated to each Participant for each Performance Measure, and (e) the Performance Period. In addition, notwithstanding the foregoing, all Performance Measures pertaining to any Covered Officer shall be of such a nature that an objective third party having knowledge of all the relevant facts could determine at the end of the Performance Period whether performance results with respect to such Performance Measures have been achieved.

7. Amount of Variable Payment.

(a) *Calculation.* Within 60 days after the end of the relevant Performance Period, the Committee shall determine the amount of the Variable Payment for each Participant by:

(i) Determining the actual performance results for each Performance Measure;

(ii) Determining the amount to which each Participant is entitled based on the percentage allocated by the Committee to each Performance Measure against the Target Variable Payment for each Participant; and

(iii) Certifying by resolution duly adopted by the Committee the value of the Variable Payment for each Participant so determined.

(b) *Committee Discretion.* Notwithstanding any other provision of this Plan, the Committee may, in the exercise of its sole discretion and based on any factors the Committee deems appropriate, reduce or eliminate to zero the amount of a Variable Payment to a Participant otherwise calculated in accordance with the provisions of Section 7(a) prior to payment thereof. The Committee shall make a determination of whether and to what extent to reduce Variable Payments under the Plan for each Performance Period at such time or times following the close of the Performance Period as the Committee shall deem appropriate. The reduction in the amount of a Variable Payment to a Participant for a

Edgar Filing: AGILENT TECHNOLOGIES INC - Form DEF 14A

Performance Period shall have no effect on the amount of the Variable Payment to any other Participant for such period.

(c) *Maximum.* Notwithstanding any other provision of this Plan, the maximum Variable Payment that may be paid to a Covered Officer under the Plan with respect to a particular Performance Period is \$1.5 million. To the extent the period of time defining a Performance Period is changed by the Committee, then the maximum Variable Payment that may be paid to a

A-3

Table of Contents

Covered Officer under the Plan with respect to the Performance Period is an amount that bears the same pro rata relationship to the new period of time as the above amount does to the current six-month Performance Period as set by the Committee.

8. Payment of Variable Payment.

(a) Payment of a Variable Payment to a Participant shall be made in a cash payment as soon as practicable after determination of the amount of the Variable Payment under Section 7 above, except to the extent a Participant has made a timely election to defer the payment of all or any part of such Variable Payment under the Agilent Technologies, Inc. Deferred Compensation Plan.

(b) The payment of a Variable Payment with respect to a specific Performance Period requires that the employee be on the Company's payroll as of the end of such Performance Period.

(c) Payments of Variable Payments to Participants who are on the payroll of Affiliates of the Company shall be paid directly by such entities.

9. Changes in Status.

(a) If during a Performance Period an employee is promoted into a position previously designated by the Committee as eligible for participation under the Plan, such employee is eligible for selection as a Participant effective as of the first day of the next Performance Period.

(b) Participants must be eligible for an entire Performance Period in order to be eligible for a Variable Payment; i.e., from the first to last work day of the Performance Period.

(c) A Participant will forfeit any Variable Payment for a Performance Period during which a Participant is involuntarily terminated for cause or voluntarily terminates his employment with the Company for reasons other than death, permanent and total disability, or retirement at the age and service-year level set by the Company or the local law requirements where the Participant is employed.

10. Miscellaneous.

(a) *No Assignment.* No portion of any Variable Payment under the Plan may be assigned or transferred otherwise than by will or the laws of descent and distribution prior to the payment thereof.

(b) *Tax Requirements.* All payments made pursuant to the Plan or deferred pursuant to Section 8(a) shall be subject to all applicable taxes or contributions required by U.S. federal or state law or by non-U.S. local law to be withheld, in accordance with the procedures to be established

by the Committee.

(c) *No Additional Participant Rights.* The selection of an individual for participation in the Plan shall not give such Participant any right to be retained in the employ of the Company or any of its Affiliates, and the right of the Company and any such Affiliate to dismiss such Participant or to terminate any arrangement pursuant to which any such Participant provides services to the Company, with or without cause, is specifically reserved. No person shall have claim to a Variable Payment under the Plan, except as otherwise provided for herein, or to continued participation under the Plan. There is no obligation for uniformity of treatment of Participants under the Plan. The benefits provided for Participants under the Plan shall be in addition to, and shall in no way preclude other forms of compensation to, or in respect of, such Participants. It is expressly agreed and understood that the employment is terminable at the will of either party and, if such Participant is a party to an employment contract with the Company or one of its Affiliates, in accordance with the terms and conditions of the Participant's employment contract.

(d) *Liability.* The Board and the Committee shall be entitled to rely on the advice of counsel and other experts, including the independent auditors for the Company. No member of the Board or of the Committee, any officers of the Company or its Affiliates or any of their designees shall be liable for any act or failure to act under the Plan, except in circumstances involving bad faith on the part of such member, officer or designee.

(e) *Amendment; Suspension; Termination.* The Board or Committee may, at any time and from time to time, amend, suspend or terminate the Plan or any part of the Plan as it may deem proper and in the best interests of the Company. In the case of Participants employed outside the United States, the Board, the Committee or their designees may vary the provisions of the Plan as deemed appropriate to conform with local laws, practices and procedures. In addition, the Executive Committee of the Board or any of the General Counsel, Secretary or Assistant Secretary of the Company is authorized to make certain minor or administrative changes required by or made desirable by government regulation. Any modification of the Plan may affect present and future Participants and the amount of any Variable Payment hereunder.

(f) *Other Compensation Arrangements.* Nothing contained in the Plan shall prevent the Company or any Affiliate of the Company from adopting or continuing in effect other compensation arrangements, which arrangements may be either generally applicable or applicable only in specific cases.

(g) *Governing Law.* The validity, construction and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the laws of the State of Delaware and applicable federal law.

(h) *No Trust.* Neither the Plan nor any Variable Payments shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company and any Participant. To the extent that the Participant acquires a right to receive payments from the Company in respect of any Variable Payment, such right shall be no greater than the right of any unsecured general creditor of the Company.

(i) *Section 162(m).* All payments under this Plan are designed to satisfy the special requirements for performance-based compensation set forth in Section 162(m)(4)(C) of the Code, and the Plan shall be so construed. Furthermore, if a provision of the Plan causes a payment to fail to satisfy these special requirements, it shall be deemed amended to satisfy the requirements to the extent permitted by law and subject to Committee approval.

(j) *Designation of Beneficiaries.* A Participant may, if the Committee permits, designate a beneficiary or beneficiaries to receive all or part of the Variable Payments which may be paid to the Participant, or may be payable, after such Participant's death. A designation of beneficiary shall be made in accordance with procedures specified by the Company and may be replaced by a new designation or may be revoked by the Participant at any time. In case of the Participant's death, a Variable Payment with respect to which a designation of beneficiary has been made (to the extent it is valid and enforceable under applicable law) shall be paid to the designated beneficiary or beneficiaries. Any Variable Payment granted or payable to a Participant who is deceased and not subject to such a designation shall be distributed to the Participant's estate. If there shall be any question as to the legal right of any beneficiary to receive a Variable Payment under the Plan, the amount in question may be paid to the estate of the Participant, in which event the Company or its Affiliates shall have no further liability to anyone with respect to such amount.

(k) *Effect on Company Benefit Plans.* With the exception of the Agilent Technologies, Inc. Deferred Compensation Plan, it is the intent of the Company that Company benefits payable or accruable to Participants, to the extent such benefits are based on earnings or compensation level, shall be based on Base Pay. Notwithstanding the foregoing, this paragraph (k) shall apply to Participants outside of the United States to the extent permissible under applicable local laws.

(l) *Stockholder Approval.* Shareholders of the Company will be asked to approve the Plan to the extent necessary to allow the Company under Section 162(m) to preserve the tax deductibility of payments for performance-based compensation made under the plan to Covered Officers. Plan amendments shall require stockholder approval to the extent required by applicable law or the applicable rules of any stock exchange.
