We mainly serve customers in domestic and international defense, civil agencies and homeland security. Our principal customers are agencies of the U.S. Government, including the Department of Defense, and our main areas of focus are in defense, space, intelligence, homeland security and government information technology.

We are a Maryland corporation formed in March 1995 by combining the businesses of Lockheed Corporation and Martin Marietta Corporation. Our principal executive offices are located at 6801 Rockledge Drive, Bethesda, Maryland 20817, and our telephone number at that address is (301) 897-6000. It should not be relied upon for investment purposes, and it is not incorporated by reference into this prospectus.

## RISK FACTORS

An investment in our Debt Securities involves risks. We urge you to consider carefully the risks described in the documents incorporated by reference in this prospectus and, if applicable, in any prospectus supplement used in connection with an offering of Debt Securities, before making an investment decision, including those risks identified under Item IA, Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2007, which is incorporated by reference in this prospectus and which may be amended, supplemented or superseded from time to time by other reports that we subsequently file with the SEC. Additional risks, including those that relate to any particular Debt Securities we offer, may be included in a prospectus supplement or free writing prospectus that we authorize from time to time, or that are incorporated by reference into this prospectus or a prospectus supplement.

Our business, financial condition, results of operations and cash flows could be materially adversely affected by any of these risks. The market or trading price of our Debt Securities could decline due to any of these risks. Additional risks not presently known to us or that we currently deem immaterial also may impair our business and operations or cause the price of our Debt Securities to decline.

## FORWARD-LOOKING INFORMATION

The Private Securities Litigation Reform Act of 1995 provides safe harbor provisions for forward-looking information. Forward-looking information is based on projections and estimates, not historical information. Some statements in this prospectus and the documents incorporated by reference in this prospectus are forward-looking and use words like may, believe, expect, plan, anticipate, estimate and other similar expressions. Forward-looking information involves risks and uncertainties and reflects our best judgment based on then current information. Our financial condition, results of operations and cash flows can be affected by inaccurate assumptions we make or by known or unknown risks and uncertainties. In addition, other factors may affect the accuracy of our forward-looking information. As a result, no forward-looking information can be guaranteed. Actual events and the results of operations may vary materially. While it is not possible to identify all factors, we continue to face many risks and uncertainties that could cause actual results to differ from our forward-looking statements, including the risks described in Risk Factors and in our Annual Report on Form 10-K for the year ended December 31, 2007.

We do not assume any responsibility to publicly update any of our forward-looking statements regardless of whether factors change as a result of new information, future events or for any other reason. You should review any additional disclosures we make regarding forward-looking information in our Forms 10-K, 10-Q and 8-K filed with the SEC, which are incorporated into this prospectus by reference.

**RATIO OF EARNINGS TO FIXED CHARGES**

We have presented in the table below our historical consolidated ratio of earnings to fixed charges for the periods shown.

|   | <b>Year Ended December 31,</b> |             |             |             |             |
|---|--------------------------------|-------------|-------------|-------------|-------------|
|   | <b>2007</b>                    | <b>2006</b> | <b>2005</b> | <b>2004</b> | <b>2003</b> |
| <b>Ratio of earnings to fixed charges</b> | <b>11.8</b>                    | <b>9.7</b>  | <b>7.3</b>  | <b>4.6</b>  | <b>3.8</b>  |

Our computation of the ratio of earnings to fixed charges includes our consolidated subsidiaries and companies in which we own at least 20% but less than or equal to 50% of the equity. Earnings are determined by adding total fixed charges, excluding interest capitalized, to earnings before income taxes, eliminating equity in undistributed earnings and adding back losses (or deducting undistributed earnings) of companies in which we own at least 20% but less than or equal to 50% of the equity. Total fixed charges consists of interest on all indebtedness (whether expensed or capitalized), amortization of debt discount or premium, capitalized expenses related to indebtedness and an interest factor attributable to rents.

**USE OF PROCEEDS**

Except as may be described otherwise in a prospectus supplement, we expect to use the net proceeds from the sale of the Debt Securities under this prospectus for general corporate purposes. These purposes may include the repayment of indebtedness, future acquisitions, capital expenditures, working capital and any other corporate purpose. Until we apply the net proceeds for specific purposes, we may invest the net proceeds in cash equivalents or short-term investments.

## DESCRIPTION OF DEBT SECURITIES

The following is a general description of the Debt Securities that may be issued from time to time by us under this prospectus. The particular terms relating to each Debt Security will be set forth in a prospectus supplement. In the description of the Debt Securities that follows, we, us and our refer only to Lockheed Martin Corporation and not to any of its subsidiaries.

### General

We may issue from time to time one or more series of Debt Securities under an indenture between us and The Bank of New York, as trustee. The indenture will not limit the amount of Debt Securities that we may issue.

The Debt Securities will be our direct, unsecured and unsubordinated obligations, and may be issued either separately or together with, or upon the conversion of, or in exchange for, other securities.

The following description is only a summary of the material provisions of the indenture for the Debt Securities and is qualified by reference to the indenture, a form of which is filed as an exhibit to the registration statement of which this prospectus is a part. We urge you to read the indenture because it, and not this description, define your rights as a holder of the Debt Securities. The summary below of the general terms of the Debt Securities will be supplemented by the more specific terms in the prospectus supplement for a particular series of Debt Securities.

### Terms

The indenture provides for the issuance of Debt Securities in one or more series. A prospectus supplement relating to a series of Debt Securities will include specific terms relating to that offering. These terms will include some or all of the following:

the title of the Debt Securities;

any limit on the total principal amount of the Debt Securities;

the price or prices at which we will sell the Debt Securities;

the maturity date or dates of the Debt Securities;

the rate or rates, which may be fixed or variable, at which the Debt Securities will bear interest and the date from which such interest will accrue;

the dates on which interest will be payable and the related record dates;

whether any index, formula or other method will be used to determine payments of principal or interest and the manner of determining the amount of such payments;

the place or places of payments on the Debt Securities;

whether the Debt Securities are redeemable;

Edgar Filing: LOCKHEED MARTIN CORP - Form S-3ASR

any redemption dates, prices, obligations and restrictions on the Debt Securities;

any mandatory or optional sinking fund or purchase fund or analogous provisions;

the denominations in which the Debt Securities will be issued, if other than \$1,000 or multiples of \$1,000;

the currency in which principal and interest will be paid, if other than U.S. dollars;

any provisions granting special rights upon the occurrence of specified events;

any deletions from, changes in or additions to the events of default or the covenants specified in the indenture;

any trustees, authenticating or paying agents, transfer agents, registrars or other agents for the Debt Securities if other than the trustee;

any conversion or exchange features of the Debt Securities;

whether we will issue the Debt Securities as original issue discount securities for federal income tax purposes;

any special tax implications of the Debt Securities;

the terms of payment upon acceleration; and

any other material terms of the Debt Securities.

We may issue Debt Securities that are convertible into or exchangeable for our common stock or other securities of Lockheed Martin or another company. We may also continuously offer Debt Securities in a medium term note program. If we issue these types of Debt Securities, we will provide additional information in a prospectus supplement.

We may sell Debt Securities at a discount below their stated principal amount, bearing no interest or interest at a rate that, at the time of issuance, is different than market rates. When we refer to the principal and interest on Debt Securities, we also mean the payment of any additional amounts that we are required to pay under the indenture or the Debt Securities, including amounts for certain taxes, assessments or other governmental charges imposed on holders of Debt Securities.

#### **Denomination, Form, Payment and Transfer**

In general, we will denominate and make payments on Debt Securities in U.S. dollars. If we issue Debt Securities denominated, or with payments, in a foreign or composite currency, a prospectus supplement will specify the currency or composite currency.

We may from time to time issue Debt Securities as registered securities. This means that holders will be entitled to receive certificates representing the Debt Securities registered in their name. You can transfer or exchange Debt Securities in registered form upon reimbursement of any taxes or government charges. This transfer or exchange can be made at the trustee's corporate trust office or at any other office maintained by us for such purposes. We may charge a reasonable fee in connection with certain transfers and exchanges. If the Debt Securities are in registered form, we can pay interest by check mailed to the person in whose name the Debt Securities are registered on the days specified in the indenture.

As a general rule, however, we will issue Debt Securities in the form of one or more global certificates that will be deposited with The Depository Trust Company, New York, New York ( "DTC" ). DTC will act as depository for the global certificates. Beneficial interests in global certificates will be shown on, and transfer of beneficial interests will be effected only through, records maintained by DTC and its participants. Therefore, if you wish to own Debt Securities that are represented by one or more global certificates, you can do so only indirectly or beneficially through an account with a broker, bank or other financial institution that has an account with DTC (that is, a DTC participant) or through an account directly with DTC if you are a DTC participant.

During the period of time the Debt Securities are represented by one or more global certificates:

You will not be able to have the Debt Securities registered in your name.

You will not be able to receive a physical certificate for the Debt Securities.

Edgar Filing: LOCKHEED MARTIN CORP - Form S-3ASR

DTC will credit interest and principal payments from us to the accounts of your broker, bank or other financial institution according to their beneficial ownership as reflected in DTC's records.

Our obligations, as well as the obligations of the trustee and any of our agents, under the Debt Securities will run only to DTC as the registered owner of the Debt Securities. For example, once we make payment to DTC, we will have no further responsibility for the payment even if DTC or your broker, bank or other financial institution fails to pass it on so that you receive it.

Your rights under the Debt Securities relating to payments, transfer, exchanges and other matters will be governed by applicable law and by the contractual arrangements between you and your broker, bank or other financial institution, and the contractual arrangements you have or your broker, bank or financial institution has with DTC. Neither we nor the trustee will have any responsibility for the actions of DTC or your broker, bank or financial institution.

You may not be able to sell your interests in the Debt Securities to some insurance companies and others who are required by law to own their Debt Securities in the form of physical certificates.

Because the Debt Securities will trade in DTC's Same-Day Funds Settlement System, when you buy or sell interests in the Debt Securities, payment for them will have to be made in immediately available funds. This could affect the attractiveness of the Debt Securities to others.

We, the trustee and the paying agent have no responsibility or liability for the records relating to beneficial ownership interests in the global certificates or for the payments of principal and interest for the accounts of beneficial holders of interests in the global certificates. A global certificate generally can be transferred only as a whole, unless it is being transferred to certain nominees of DTC or it is exchanged in whole or in part for Debt Securities in physical form in accordance with the indenture. A series of Debt Securities represented by global certificates will be exchangeable for Debt Securities in registered form with the same terms in authorized denominations if:

DTC notifies us that it is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered under applicable law and we do not appoint a successor depository within 90 days; or

we decide not to require all of the Debt Securities of a series to be represented by global certificates and notify the trustee of that decision.

#### **Events of Default**

Unless we indicate otherwise in a prospectus supplement, the following are events of default under the indenture with respect to each series of Debt Securities:

failure to pay the principal or any premium on any Debt Security of that series when due;

failure for 30 days to pay interest on any Debt Security of that series when due;

failure to comply with any other agreement relating to the Debt Securities of that series or in the indenture that continues for 90 days after we have been given written notice of such failure; or

certain events of bankruptcy, insolvency or reorganization.

An event of default for one series of Debt Securities does not necessarily constitute an event of default for any other series. The trustee may withhold notice to the Debt Securities holders of any default, except a payment default, if it considers such action to be in the holders' interests.

If an event of default occurs and continues, the trustee, or the holders of at least 25% in aggregate principal amount of the Debt Securities of the series, may declare the entire principal of, and any premium or accrued interest on, all the Debt Securities of that series to be due and payable immediately. If this happens, subject to certain conditions, the holders of a majority of the aggregate principal amount of the Debt Securities of

that series can void the acceleration of payment.

The indenture provides that the trustee has no obligation to exercise any of its rights at the direction of any holders, unless the holders offer the trustee reasonable indemnity. If they provide this indemnification, the holders of a majority in principal amount of any series of Debt Securities have the right to direct any proceeding, remedy, or power available to the trustee with respect to that series.

### Conversion Rights

We will describe the terms upon which Debt Securities may be convertible into our common stock or other securities of Lockheed Martin or another company in a prospectus supplement. These terms will include provisions as to whether conversion is mandatory or optional. They also may include provisions adjusting the number of shares of our common stock or such other securities of Lockheed Martin or another company that are issuable upon any such conversion.

### Certain Covenants

Unless the applicable prospectus supplement specifies otherwise, the Debt Securities will be subject to the restrictive covenants described below. Any additional restrictive covenants applicable to a particular series of Debt Securities that we offer will be described in the applicable prospectus supplement. Under the indenture, we will agree to:

pay the principal, interest and any premium on the Debt Securities when due;

maintain a place of payment; and

deliver a report to the trustee at the end of each fiscal year reviewing our obligations under the indenture.

The indenture restricts our ability and the ability of certain of our subsidiaries to encumber assets that are defined in the indenture as restricted property. If we, or any restricted subsidiary, as defined below, pledge or mortgage any of our restricted property to secure any debt, then we will, unless an exception applies, pledge or mortgage the same property to or for the benefit of the trustee to secure the Debt Securities equally and ratably for as long as such debt is secured by such property.

This restriction will not apply in certain situations. Assets may be encumbered if the encumbrance is a permitted lien, as defined below, without regard to the amount of debt secured by the encumbrance. Assets also may be encumbered if the sum of the following does not exceed 10% of our consolidated net tangible assets:

the amount of debt secured by such assets, plus

the total amount of other secured debt on restricted property, excluding debt that is secured by a permitted lien and excluding debt secured by a lien existing on the date of the indenture, plus

the total amount of attributable debt in respect of certain sale-leaseback transactions.

Permitted liens include:

liens on a corporation's property, stock or debt at the time it becomes a restricted subsidiary;

liens on property at the time we or a restricted subsidiary acquires the property, provided that no such lien extends to any of our other property or any other property of a restricted subsidiary;

## Edgar Filing: LOCKHEED MARTIN CORP - Form S-3ASR

liens securing payment of a property's purchase price or to secure debt incurred within one year after the property's acquisition for the purpose of financing the purchase price;

liens securing debt owing by a restricted subsidiary to us or another restricted subsidiary;

liens on property of an entity at the time such entity is merged into or consolidated with us or a restricted subsidiary or at the time we or a restricted subsidiary acquire all or substantially all of the assets of the entity;

liens in favor of any customer to secure payments or performance pursuant to any contract or statute, any related indebtedness, or debt guaranteed by a government or governmental authority;

liens arising pursuant to any order of attachment, distraint or similar legal process so long as the execution or other enforcement is effectively stayed and the claims secured are being contested in good faith by appropriate proceedings;

materialmen's, suppliers', tax or similar liens arising in the ordinary course of business for sums not overdue or which are being contested in good faith by appropriate proceedings; and

any renewal, extension or replacement for any lien permitted by one of the exceptions described above or a lien existing on the date that Debt Securities of a series are first issued, provided that the renewal, extension, or replacement is limited to all or any part of the same property subject to the existing lien.

Except in certain circumstances, the indenture also restricts our ability and the abilities of certain of our subsidiaries to enter into sale-leaseback transactions. The indenture will not otherwise limit our ability to incur additional debt, unless we tell you this in a prospectus supplement.

The following are summaries of definitions for certain terms we have just used. For the full definition of these terms, you should refer to the form of the indenture filed as an exhibit to the registration statement.

Attributable debt for a lease means the carrying value of the capitalized rental obligation determined under generally accepted accounting principles.

Consolidated net tangible assets means our total assets, including the assets of our consolidated subsidiaries, as reflected in our most recent balance sheet, less current liabilities, goodwill, patents and trademarks.

Principal property means, with certain exceptions, any manufacturing facility located in the United States and owned by us or by one or more restricted subsidiaries and which has, as of the date the lien is incurred, a net book value, after deduction of depreciation and similar charges, greater than 3% of consolidated net tangible assets, or any manufacturing facility or other property declared to be a principal property by our chief executive officer or chief financial officer by delivery of a certificate to that effect to the trustee.

Restricted property means, as to any particular series of Debt Securities, any principal property, any debt of a restricted subsidiary owned by us or one of our restricted subsidiaries on the date Debt Securities of the series are first issued or secured by a principal property or any shares of our stock or the stock of a restricted subsidiary owned by us or one of our restricted subsidiaries.

Restricted subsidiary means one of our subsidiaries that has substantially all of its assets located in, or carries on substantially all of its business in, the United States and that owns a principal property, except that a subsidiary shall not be a restricted subsidiary if its shares are registered with the SEC or if it is required to file periodic reports with the SEC.

Sale-leaseback transaction means, subject to certain exceptions, an arrangement pursuant to which we, or a restricted subsidiary, transfer a principal property to a person and contemporaneously lease it back from that person.

**Consolidation, Merger or Sale**

The indenture prohibits us from consolidating with or merging into another corporation, or transferring all or substantially all of our assets to another corporation unless:

## Edgar Filing: LOCKHEED MARTIN CORP - Form S-3ASR

the successor corporation (which need not be a U.S. corporation) assumes all of our obligations under the Debt Securities and the indenture;

immediately after giving effect to the transaction, no event of default and no circumstances which, after notice or lapse of time or both, would become an event of default, shall have happened and be continuing; and

we have delivered to the trustee an officers' certificate and a legal opinion confirming that we have complied with the indenture. If we enter into such a transaction and comply with these provisions, our obligations under the Debt Securities and the indenture will terminate.

### **Redemption, Sinking Fund and Defeasance**

If a series of Debt Securities may be redeemed or is subject to a sinking fund, the prospectus supplement will describe those terms.

The indenture permits us to discharge or defease certain of our obligations for any series of Debt Securities at any time. We may defease a series of Debt Securities by depositing with the trustee cash or government securities sufficient to pay all sums due on that series. Under certain circumstances, if we defease a series of Debt Securities, our legal obligation to pay principal, interest and any premium on that series will be discharged. We can defease one series of Debt Securities without defeasing any other series.

Under U.S. federal income tax law, a discharge of our obligation to pay principal, interest and any premium on the Debt Securities would be treated as an exchange of the Debt Securities for a new security representing an interest in the trust. Each holder would be required to recognize a gain or loss equal to any difference between the holder's cost or other tax basis for the Debt Securities and the value of the holder's interest in the trust. Holders would not be required to recognize a gain or loss under U.S. federal income tax law in the event of a defeasance of certain contractual obligations without a discharge of our legal obligation to pay principal, interest and any premium on the Debt Securities. Prospective investors are urged to consult their own tax advisers as to the consequences of a discharge, including the applicability and effect of tax laws other than U.S. federal income tax law.

### **Changes to the Indenture**

Holders who own more than 50% in principal amount of the Debt Securities of a series can agree with us to change the provisions of the indenture relating to that series. However, no change can affect the payment terms or the percentage required to change other terms without the consent of all holders of Debt Securities of the affected series.

We may enter into supplemental indentures for other specified purposes and to make changes that would not materially adversely affect your interests, including the creation of any new series of Debt Securities, without the consent of any holder of Debt Securities.

### PLAN OF DISTRIBUTION

We may sell Debt Securities to or through underwriters and also may sell Debt Securities directly to other purchasers or through agents.

The distribution of the Debt Securities offered under the prospectus may occur from time to time in one or more transactions at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

In connection with the sale of Debt Securities, underwriters may receive compensation from us or from purchasers of Debt Securities for whom they may act as agents in the form of discounts, concessions or commissions.

Underwriters may sell Debt Securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of Debt Securities offered under the prospectus may be underwriters as defined in the Securities Act. Any underwriters or agents will be identified and their compensation (including underwriting discount) will be described in the applicable prospectus supplement. The prospectus supplement will also describe the other terms of the offering, including any discounts or concessions allowed or re-allowed or paid to dealers and any securities exchanges on which the offered securities may be listed.

We may have agreements with the underwriters, dealers and agents to indemnify them against certain liabilities, including certain liabilities under the Securities Act, or to contribute with respect to payments which the underwriters, dealers or agents may be required to make as a result of those liabilities.

If the applicable prospectus supplement indicates, we may authorize dealers or agents to solicit offers by certain institutions to purchase Debt Securities from us pursuant to contracts that provide for payment and delivery on a future date. We must approve all institutions, but they may include, among others:

commercial and savings banks;

insurance companies;

pension funds;

investment companies; and

educational and charitable institutions.

An institutional purchaser's obligation under the contract will be subject to the condition that the purchase of the offered Debt Securities at the time of delivery is allowed by the laws that govern such purchaser. The dealers and the agents will not be responsible for the validity or performance of the contracts.

**LEGAL MATTERS**

Unless otherwise indicated in the applicable prospectus supplement, legal matters in connection with the Debt Securities will be passed upon for us by Hogan & Hartson LLP, Baltimore, Maryland.

**EX PERTS**

**Item 14. Other Expenses of Issuance and Distribution**

The following table is an estimate, subject to future contingencies, of the expenses to be incurred by the Registrant in connection with the issuance and distribution of Debt Securities being registered.

|---------------------------------|---------|
| SEC Registration Fee            | \$ (*)  |
| Rating Agency Fees              | (**)    |
| Legal Fees and Expenses         | (**)    |
| Accounting Fees and Expenses    | (**)    |

| Miscellaneous                   | (**)    |
| Total                           | \$ (**) |

(\*) Pursuant to Rule 456(b) and Rule 457(r), the Registrant is deferring payment of all of the SEC Registration Fee.

(\*\*) Because an indeterminate amount of Debt Securities are covered by this registration statement, the expenses in connection with the issuance and distribution of Debt Securities are not currently determinable.

**Item 15. Indemnification of Directors and Officers**

The Maryland General Corporation Law authorizes Maryland corporations to limit the liability of directors and officers to the corporation or its stockholders for money damages, except (a) to the extent that it is proved that the person actually received an improper benefit or profit in money, property or services, for the amount of the benefit or profit in money, property or services actually received, (b) to the extent that a judgment or other final adjudication adverse to the person is entered in a proceeding based on a finding that the person s action or failure to act was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding or (c) in respect of certain other actions not applicable to the Registrant. Under the Maryland General Corporation Law, unless limited by a corporation s charter, indemnification is mandatory if a director or an officer has been successful on the merits or otherwise in the defense of any proceeding by reason of his or her service as a director, unless such indemnification is not otherwise permitted as described in the following sentence. Indemnification is permissive unless it is established that (a) the act or omission of the director was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty, (b) the director actually received an improper personal benefit in money, property or services or (c) in the case of any criminal proceeding, the director had reasonable cause to believe his or her act or omission was unlawful. In addition to the foregoing, a court of appropriate jurisdiction may under certain circumstances order indemnification if it determines that the director or officer is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not the director or officer has met the standards of conduct set forth in the preceding sentence or has been adjudged liable on the basis that a personal benefit was improperly received in a proceeding charging improper personal benefit to the director or officer. If the proceeding was an action by or in the right of the corporation or involved a determination that the director or officer received an improper personal benefit, however, no indemnification may be made if the individual is adjudged liable to the corporation, except to the extent of expenses approved by a court of competent jurisdiction.

Article XI of the charter of the Registrant limits the liability of directors and officers to the fullest extent permitted by the Maryland General Corporation Law. Article XI of the charter of the Registrant also

authorizes the Registrant to adopt bylaws or resolutions to provide for the indemnification of directors and officers. Article VI of the Bylaws of the Registrant provides for the indemnification of the Registrant's directors and officers to the fullest extent permitted by the Maryland General Corporation Law. In addition, the Registrant's directors and officers are covered by certain insurance policies maintained by the Registrant.

**Item 17. Undertakings**

(a) The undersigned Registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
  - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
  - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;
  - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

*provided, however*, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
  - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
  - (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
    - (A) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
    - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
  - (5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
    - (i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424,
    - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant,
    - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant, and
    - (iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.
- (b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this

registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions described under Item 15 above, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

**SIGNATURES**
