#### FIRST EQUITY PROPERTIES, INC.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1. ORGANIZATION AND BASIS OF PRESENTATION

First Equity Properties, Inc. (FEPI, The Company, We, Us, or Our) is the successor in interest to WESPAC Investors Trust III, a California is estate investment trust (WESPAC) originally established August 22, 1983. FEPI is a Nevada Corporation. Our Company is headquartered in Dallas, Texas.

The accompanying condensed financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America for interim financial information and in conjunction with the rules and regulations of the Securities and Exchange Commission, and accordingly, do not include all of the information and footnotes required by generally accepted accounting principles in the United States of America for complete financial statements. In the opinion of management of First Equity Properties, Inc., all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of First Equity Properties, Inc. s balance sheets, statements of earnings, statements of shareholders equity and statements of cash flows, have been included. You should read these financial statements in conjunction with the financial statements and footnotes thereto in our annual report on Form 10-K for the year ended December 31, 2008.

Certain amounts in the prior periods have been reclassified to conform with the current period presentation.

Operating results for the three months ended March 31, 2009, are not necessarily indicative of the results that may be expected for the year ended December 31, 2009.

#### NOTE 2. FEDERAL INCOME TAXES

The accompanying interim unaudited 2009 financial statements contain an estimated accrual for current federal income taxes calculated using the graduated tax rate as published by the Internal Revenue Service (IRS). The first quarter tax accrual was calculated base on a rate of 15%. In addition, the deferred tax asset was amortized to estimate the book tax liability to the actual amount owed.

#### NOTE 3. LEASES

We have a long term operating lease commitment with an affiliated entity, Income Opportunity Investors, Inc. ( IOT ) an affiliated entity. The lease extends through October 31, 2011. The total lease expense for the three months ended March 31, 2009 was \$17,151 which is included in General and administrative expenses of the Statements of Operations.

#### NOTE 4. Related Party

Transactions involving related parties cannot be presumed to be carried out on an arm s length basis due to the absence of free market forces that naturally exist in business dealings between two or more unrelated entities. Related party transactions may not always be favorable to our business and may include terms, conditions and agreements that are not necessarily beneficial to or in the best interests of our company.

We entered into a lease agreement with IOT, an affiliated entity. The lease commenced November 1, 2008 and extends through October 31, 2011, see Note 3. Leases.

We entered into an administrative agreement with Prime Income Asset Management, Inc., an affiliated entity, for accounting and administrative services. We pay \$2,500 per month for these services.

#### ITEM 2. MANAGEMENTS DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### Table of Contents

### Edgar Filing: FIRST EQUITY PROPERTIES INC - Form 10-Q

The following discussion should be read in conjunction with the financial statements and notes thereto appearing elsewhere in this report. This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the federal securities laws. We caution investors that any forward-looking statements presented in this report, or which management may make orally or in writing from time to time, are based on beliefs and assumptions made by, and information currently available to, management. When used, the words anticipate , believe , estimate , expect , intend , may , might , plan , project , result , should , will and similar expressions which do not relate solely to historical matt to identify forward-looking statements. Such statements are subject to risks, uncertainties and assumptions and are not guarantees of future performance, which may be affected by known and unknown risks, trends, uncertainties and factors that are beyond our control. Should one or more of these risks or

uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected by the forward-looking statements. We caution you that while forward-looking statements reflect our good-faith beliefs when we make them, they are not guarantees of future performance and are impacted by actual events when they occur after we make such statements. Accordingly, investors should use caution in relying on forward-looking statements, which are based on results and trends at the time they are made, to anticipate future results or trends.

#### **Results of Operations**

The following discussion is based on our Statement of Operations within our Financial Statements as presented in Part 1, Item 1 of this report for the three months ended March 31, 2009 and 2008. The discussion is not meant to be an all inclusive discussion of the changes within our operations. Instead, we have focused on the significant items relevant to obtain an understanding of the changes in our operations.

Our sole source of income is from interest on notes receivables from two affiliated entities. The ability of these entities to make payments on these note obligations is imperative for us to continue as a going concern. The outstanding principal balance on these notes is currently not being paid down, thus, the income from these notes are consistent and comparable to prior periods.

#### Comparison of the three months ended March 31, 2009 to the same period ended 2008.

We reported a net income applicable to common shareholders of \$4,845 for the three months ended March 31, 2009 as compared to a net income to common shareholders of \$14,070 for the same period ended 2008.

General and administrative expense increased due to entering in to a lease agreement with Income Opportunity Realty Investors, Inc., an affiliated entity. The base rent is \$5,717 per month. This lease was not effective for the First Quarter ended 2008. In addition, we have entered into an administrative services agreement with Prime Income Asset Management, Inc., an affiliated entity, for \$2,500 per month. The remaining increase was due to an increase in audit and filing fees.

Interest expense decreased due to a significant drop in the prime rate from prior period. Our interest expense is based on a rate of Prime plus one percent. On average the Prime rate was 6.41% and 3.25% for the three months ended March 31, 2008 and 2009, respectively.

Income tax expense decreased due to the additional expenses associated with lease agreement and the administrative services agreement entered into which was not applicable in prior year.

#### Liquidity and Capital Resources

#### General

Our principal liquidity needs for the next twelve months are funding of normal recurring expenses including interest expense, leases, legal and administrative fees, and federal income tax payments.

Our principal source of cash is proceeds from interest income on our notes receivables.

The following significantly impacted our balance sheet as of March 31, 2009;

We advanced \$95,000 to an affiliated entity which reduced our cash balance, and increased our receivables from affiliates. In addition, we paid cash for our lease commitments accrued in prior year which further reduced our cash balance.

Our notes and interest receivable affiliated increased as we did not collect the interest owed us on those notes.

Our accounts payables increased due to the additional accruals for lease and administrative expenses incurred and not paid.

# Edgar Filing: FIRST EQUITY PROPERTIES INC - Form 10-Q

Our accounts payables affiliated increased due to unpaid interest expense. Cash Flow Summary

The following summary discussion of our cash flow is based on the statements of cash flows as presented in Item 1 and is not meant to be an all-inclusive discussion of the changes in our cash flow.

We had a significant increase in cash used from operating activities as compared to prior year. In the current year, we did not collect on our receivables. In addition, we had an increase in operating expenses and advanced \$95,000 to an affiliated entity. This was offset by not paying the tax liability when due, and extending our payables.

Although we had a significant cash outflow in the first quarter, we anticipate that our cash flows from operating activities will be sufficient to provide for our current cash flow needs.

#### ITEM 4T. CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures.

As of the end of the period covered by this report, the Company carried out an evaluation, under the supervision and with the participation of the Company s management, including the Company s Chief Financial Officer and Acting Principal Executive Officer of the Company s disclosure controls and procedures pursuant to Exchange Act Rules 13a-15 and 15d-15. Based upon that evaluation, the Company s Chief Financial Officer and Acting Principal Executive Officer concluded that the Company s disclosure controls and procedures are effective in timely alerting him to material information relating to the Company required to be included in the Company s periodic SEC filings.

(b) Changes in Internal Controls over Financial Reporting.

There have been no changes in the Company s internal controls over financial reporting during the quarter ended March 31, 2009, that have materially affected or are reasonably likely to materially affect the Company s internal controls over financial reporting.
