Performance Highlights

The following are highlights of the Company's 2013 U.S. GAAP performance, which is discussed further under **Compensation of our Named Executive Officers**.

TSR of 102% in the last year, 90% over the past three years and 443% over the past five years, outperforming the market

Repurchases of 2.5 million shares and Evercore LP limited partnership units during the year, returning \$128.2 million of cash to stockholders, including dividends, and more than offsetting the dilutive effects of annual bonus equity awards. In October 2013, our Board authorized the repurchase of additional shares of Class A common stock and Evercore LP limited partnership units so that going forward Evercore will be able to repurchase an aggregate of 5 million shares of Class A common stock and Evercore LP limited partnership units for up to \$250 million

Net Revenues of \$765.4 million, up 19% compared to 2012

Assets Under Management in consolidated businesses: \$13.6 billion, up 13% during 2013

Dividend increased to \$0.25 per share for the last quarter of 2013

Compensation Highlights

Our pay-for-performance compensation program is designed to reward performance and align the long-term interests of our executives with those of stockholders. The following are highlights of our 2013 NEO compensation structure, as determined by our independent Compensation Committee, as discussed further under **Compensation of our Named Executive Officers**.

Edgar Filing: Evercore Partners Inc. - Form DEF 14A

No Change in Base Salaries. Base salary continues to represent a minority of total compensation, and has not been increased for our NEOs since they joined us.

Annual Incentive Compensation 50% in Unvested Equity. For 2013, bonuses for NEOs were paid 50% in cash and 50% in RSUs that vest over four years. The Compensation Committee sets the bonus amount in its sole discretion and then allocates between cash and RSUs and, as such, these RSUs are **not** paid as additional compensation.

Modest Compensation Increase Compared to Performance. Total annual incentive compensation for 2013 increased only 6% from 2012 for our CEO, as compared to a one-year TSR of 102%.

Adoption of Equity Ownership Guidelines for Executive Officers and Significant Equity Ownership by NEOs. Our NEOs hold significant amounts of equity in our company, and we recently adopted formal equity ownership guidelines for executive officers in response to stockholder feedback. All employees, including our NEOs, are prohibited from hedging or pledging their equity securities.

GENERAL INFORMATION

Why am I receiving this Proxy Statement?

The Board is soliciting proxies for our 2014 Annual Meeting of Stockholders, and we will bear the cost of this solicitation. You are receiving a Proxy Statement because you owned shares of our Class A common stock and/or our Class B common stock as of the close of business on April 16, 2014, the record date. Your ownership of shares on that date entitles you to vote at our Annual Meeting. By using the attached proxy card or voting instruction card from your broker or other intermediary, you are able to vote whether or not you attend our Annual Meeting. This Proxy Statement describes the matters on which we would like you to vote and provides information on those matters so that you can make an informed decision when you do vote.

What will I be voting on?

You will be voting:

to elect the eight director nominees identified in this Proxy Statement;

to approve, on an advisory basis, the compensation of our NEOs as disclosed in this Proxy Statement;

to ratify the selection of Deloitte as our independent registered public accounting firm for 2014; and

to transact such other business as may properly come before our Annual Meeting or any adjournments or postponements thereof.

What are the Board's recommendations?

Our Board recommends:

a vote **FOR** the election of each of Roger C. Altman, Pedro Aspe, Richard I. Beattie, Francois de Saint Phalle, Gail B. Harris, Curt Hessler, Robert B. Millard and Ralph L. Schlosstein to serve as directors until the next Annual Meeting or until their successors are duly elected and qualified;

a vote **FOR** the advisory resolution approving the compensation of our NEOs as disclosed in this Proxy Statement; and

a vote **FOR** the ratification of the selection of Deloitte as our independent registered public accounting firm for 2014.

How do I vote?

You can vote either in person at our Annual Meeting or by proxy without attending our Annual Meeting. To vote by proxy you may vote by telephone, on the internet or through the mail as follows, which instructions are also set forth on your proxy card:

Vote by Internet www.proxyvote.com: Use the Internet to transmit your voting instructions and for electronic delivery of information up until 11:59 p.m. Eastern Time the day before the meeting date. Have your proxy card in hand when you access the website and follow the instructions to obtain your records and to create an electronic voting instruction form.

Table of Contents

We urge you to vote by proxy even if you plan to attend our Annual Meeting so that we will know as soon as possible that enough votes will be present for us to hold the Annual Meeting and so your vote will be counted if you later decide not to attend the Annual Meeting. If you are voting by mail, you should follow the instructions set forth on the proxy card, being sure to complete it, to sign and date it and to mail it in the enclosed postage-paid envelope. If you attend the Annual Meeting in person, you may vote at the meeting and your previously delivered proxy will not be counted.

If your shares are held through a bank, broker or other holder of record (that is, in *street name*), please refer to the information forwarded to you by your bank, broker or other holder of record to see what you must do in order to vote your shares. If you want to vote in person, you must obtain a legal proxy from your bank, broker or other holder of record and bring it to the meeting. Please also see the information under **What do I need to do if I want to attend the Annual Meeting?**

What is the difference between holding shares as a stockholder of record and as a beneficial owner or street name holder?

If your shares are registered directly in your name with our transfer agent, Computershare Shareowner Services LLC, you are considered, with respect to those shares, the *stockholder of record*. We have sent the notice of Annual Meeting, Proxy Statement, Annual Report and proxy card directly to you.

If your shares are held in a stock brokerage account or by a bank, broker or other holder of record, you are considered the *beneficial owner* of shares held in street name. The notice of the Annual Meeting, the Proxy Statement, the Annual Report and a voting instruction card have been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting.

What type of financial information is used in this Proxy Statement?

Consistent with SEC rules, the Evercore financial measures in this Proxy Statement are those prepared in accordance with U.S. GAAP. SEC rules do not permit us to disclose non-GAAP financial measures without also including or referencing a reconciliation to the GAAP numbers.

How does Evercore's corporate structure impact Evercore's share count and vote calculation?

The diagram below depicts our organizational structure. Our organizational structure is similar to an umbrella partnership real estate investment trust, or UPREIT structure, which is common in the real estate sector and with human capital-intensive businesses which have gone public over the past few years.

Our SMDs and certain other individuals and entities who contributed assets to receive equity in Evercore hold their equity in limited partnership units issued by Evercore LP, a Delaware limited partnership. However, in order to have similar voting rights as holders of Class A common stockholders, all holders of Evercore LP limited partnership units (other than the Company) also hold Class B common stock, which entitles them to one vote for each vested and unvested limited partnership unit in Evercore LP held by such holder. Holders of our Class A common stock and Class B common stock vote together as a single class on all matters presented to our stockholders for their vote or approval, except as otherwise required by applicable law.

While the Class B common stock has no economic rights, the Company funds dividends to holders of our Class A common stock by causing Evercore LP to make distributions to its partners, including the Company.

Table of Contents

Evercore LP makes pro-rata distributions to the partners of Evercore LP based on their interest in Evercore LP concurrent with Evercore LP distributions to the Company. Furthermore, vested Evercore LP limited partnership units, at the discretion of the unit holder, are exchangeable on a one-for-one basis for shares of our Class A common stock, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. No conversion or exercise price is required to be paid to convert vested Evercore LP limited partnership units into Class A common stock. Thus, it is through the combination of Class B common stock of Evercore and Evercore LP limited partnership units that these equity holders have the same basic equity interests as if they held an equivalent amount of Class A common stock.

Because of our corporate structure and for the reasons stated above, we view our share count as including Evercore LP limited partnership units. When we calculate total shares and share equivalents, we include Evercore LP limited partnership units. Unless indicated otherwise, where we use the terms voting power, votes outstanding, votes cast or other similar terms, such terms should be read to include both the number of Class A common stock outstanding and the number of votes associated with Class B shares, which is equal to the number of vested and unvested Evercore LP limited partnership units. As of April 16, 2014, the record date for our Annual Meeting, 39,603,175 shares of Class A common stock and Class B common stock are entitled to vote.

What is our share count?

As of April 16, 2014, the record date for our Annual Meeting, our share count was as follows:

Shares of Class A common stock outstanding	34,826,942
Evercore LP Limited Partnership Units outstanding	4,776,233
Total shares	39,603,175

What constitutes a quorum?

The holders of a majority in voting power of the issued and outstanding shares of Class A common stock and Class B common stock (which is equal to the number of Evercore LP limited partnership units) entitled to vote must be present in person or represented by proxy to constitute a quorum for the Annual Meeting. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares represented by broker non-votes (as defined below) also are counted as present and entitled to vote for purposes of determining a quorum. However, if you hold your shares in street name and do not provide voting instructions to your bank, broker or other holder of record, under current NYSE rules, the election of the directors listed herein and the advisory vote to approve the compensation of our NEOs are considered non-discretionary matters and a bank, broker or other holder of record will lack the authority to vote shares at his/her discretion on these proposals, and your shares will not be voted on these proposals (a *broker non-vote*).

How are votes calculated?

If you are a holder of our Class A common stock, then you are entitled to one vote at our Annual Meeting for each share of our Class A common stock that you held as of the close of business on April 16, 2014.

If you are a holder of our Class B common stock, then you are entitled to a number of votes at our Annual Meeting equal to the total number of vested and unvested limited partnership units in Evercore LP that you held as of the close of business on April 16, 2014.

If you hold RSUs, you will not be entitled to vote the shares underlying such RSUs until you actually receive delivery of the shares of Class A common stock underlying such units.

All matters on the agenda for our Annual Meeting or any adjournments or postponements thereof will be voted on by the holders of our Class A common stock and Class B common stock, voting together as a single class.

Table of Contents**How many votes are required to approve each proposal and how are votes counted?**

	Elect the eight director nominees identified in this Proxy Statement	Advisory vote to approve the compensation of our NEOs	Advisory vote to ratify the selection of Deloitte as our independent registered public accounting firm for 2014
How many votes are required for approval?	A plurality of affirmative votes cast, even if less than a majority	A majority of affirmative votes cast	A majority of affirmative votes cast
How are director withhold votes treated?	Withhold votes will be excluded entirely from the vote with respect to the nominee from which they are withheld	N/A	N/A
How are abstentions votes treated?	Abstentions will not be counted as votes cast	Abstentions will not be counted as votes cast	Abstentions will not be counted as votes cast
How are broker non-votes handled?	Broker non-votes will not be counted as votes cast	Broker non-votes will not be counted as votes cast	Banks, brokers and other holders of record may exercise discretion and vote on this matter
How will signed proxies that do not specify voting preferences be treated?	Votes will be cast for the eight director nominees identified in this Proxy Statement	Votes will be cast for the approval of the compensation of our NEOs	Votes will be cast for the ratification of the selection of Deloitte as our independent public accounting firm for 2014

It is important to note that the proposals to approve the compensation of our NEOs and ratify the selection of the independent registered public accounting firm are non-binding and advisory. However, the Board intends to carefully consider the results of these votes in making future compensation decisions. If our stockholders fail to ratify the selection of Deloitte, the selection of another independent registered public accounting firm may be considered by our Board. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

What if I do not specify a choice for a matter when returning a proxy?

Stockholders should specify their choice for each matter on the enclosed proxy card or voting instruction card. If no specific instructions are given, proxy cards and voting instruction cards which are signed and returned will be voted as follows at the Annual Meeting or any adjournments or postponements thereof:

FOR the election of each of the director nominees listed herein;

FOR the advisory resolution approving the compensation of our NEOs as disclosed in this Proxy Statement; and

FOR the ratification of the selection of Deloitte as our independent registered public accounting firm for 2014.

In addition, the persons named in the enclosed proxy will have discretionary authority to vote all proxies with respect to other matters that may properly come before our Annual Meeting or any adjournments or postponements of the meeting in accordance with their judgment.

Can I change my vote?

Yes. At any time before your proxy is exercised at the Annual Meeting, you may change your vote by:

revoking it by written notice sent to our Corporate Secretary that is received by 5:00 p.m. Eastern Time on June 4, 2014;

-6-

Table of Contents

delivering a later-dated proxy card that is received by 5:00 p.m. Eastern Time on June 4, 2014;

voting again by Internet or telephone at a later time before the closing of the voting facilities at 11:59 p.m. Eastern Time on June 4, 2014; or

voting in person at our Annual Meeting.

If your shares are held in street name, please refer to the information forwarded to you by your bank, broker or other holder of record for procedures on revoking or changing your vote.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, it means that you hold shares registered in more than one account. To ensure that all of your shares are voted, sign and return each proxy card you receive.

What happens if a nominee for director declines or is unable to accept election?

If you vote by signing the proxy card or voting instruction card, and if unforeseen circumstances make it necessary for our Board to substitute another person for a nominee, the proxies named in the proxy card or voting instruction card will vote your shares for that other person.

Will anyone contact me regarding this vote?

In addition to solicitation by mail, proxies may be solicited by our directors, officers or employees in person, by telephone or by other means of communication, for which no additional compensation will be paid. We have also engaged Alliance Advisors LLC to assist in the solicitation and distribution of proxies, and Alliance will receive a fee of approximately \$30,000, plus reasonable out-of-pocket costs and expenses, for its services. Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward soliciting materials to beneficial owners and will be reimbursed for their reasonable out-of-pocket expenses incurred in sending proxy materials to beneficial owners.

Will the Annual Meeting be webcast?

Our Annual Meeting will not be webcast.

What do I need to do if I want to attend the Annual Meeting?

All holders of Class A common stock and Class B common stock, including stockholders of record and stockholders who hold their shares through banks, brokers or other holders of record, may attend the Annual Meeting. Stockholders of record can vote in person at the Annual Meeting. If you plan to attend the Annual Meeting, you must bring your proxy card and photo identification. If you are a representative of a stockholder that is an entity, you must also bring evidence of your authority to represent that entity. If your shares are held in the name of a bank, broker or other holder of record, you must bring with you a legal proxy if you wish to vote your shares and a letter from the bank, broker or other holder of record confirming your ownership as of the record date, which is April 16, 2014. Failure to bring the necessary documentation may delay your ability to attend or may prevent you from attending and voting at the meeting. A number of stockholders may wish to speak at the meeting. The Board appreciates the opportunity to hear the views of stockholders. In fairness to all stockholders and participants at the meeting, and in the interest of an orderly and constructive meeting, rules of conduct will be enforced. Copies of these rules will be available at the meeting. Only stockholders or their valid proxy holders may address the meeting. Depending on the number of stockholders who wish to speak, we cannot ensure that every such stockholder will be able to do so or will be able to do so for as long as they might want to hold the floor.

Table of Contents

Only proposals that meet the requirements of our Amended and Restated Bylaws will be eligible for consideration at the meeting. This year there are no stockholder proposals that meet the criteria. Therefore, stockholder proposals raised at the meeting will not be considered during the Annual Meeting. Stockholders may submit proposals and other matters for consideration at the 2015 Annual Meeting as described in **Stockholder Proposals and Nominations for 2015 Annual Meeting**.

The Annual Meeting will be held at the offices of Simpson Thacher and Bartlett LLP, 425 Lexington Avenue, New York, New York 10017, on June 5, 2014, at 9:00 a.m., local time. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and any persons who beneficially own more than 10% of our stock, to file with the SEC initial reports of ownership and reports of

Table of Contents

changes in ownership in our stock. Such persons are required by SEC regulations to furnish to us copies of all Section 16(a) forms they file. As a matter of practice, our administrative staff assists our directors and officers in preparing and filing such reports with the SEC.

To our knowledge, based solely on our review of copies of the reports received by us and written representations by these individuals that no other reports were required since January 1, 2013, except as previously disclosed, all such Section 16(a) filing requirements were met, except that one Form 4 was filed late on behalf of each of Messrs. Altman and Walsh in connection with each of their sale of shares of Class A common stock.

Table of Contents**RELATED PERSON TRANSACTIONS AND OTHER INFORMATION****Tax Receivable Agreement**

In terms of individuals, limited partnership units in Evercore LP are held by current and former SMDs who provided services to our predecessor entities prior to our 2006 initial public offering, which includes Messrs. Altman, Aspe and Frankel. In addition, Mr. Schlosstein holds limited partnership units he acquired in connection with joining Evercore. Limited partnership units in Evercore LP may be exchanged for shares of our Class A common stock on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. Evercore LP has made and intends to make an election under Section 754 of the Code effective for each taxable year in which an exchange of limited partnership units for shares occurs, which may result in an adjustment to the tax basis of the assets owned by Evercore LP at the time of an exchange of limited partnership units. The exchanges have resulted and may in the future result in increases in the tax basis of the tangible and intangible assets of Evercore LP that otherwise would not have been available. These increases in tax basis increased and in the future would increase (for tax purposes) amortization and, therefore, reduce the amount of tax that we would otherwise be required to pay.

In connection with our IPO we entered into a tax receivable agreement with certain of our current and former SMDs who were partners prior to our IPO, including Messrs. Altman, Aspe and Frankel, that provides for the payment by us to an exchanging Evercore partner of 85% of the amount of cash savings, if any, in U.S. federal, state and local income tax that we actually realize as a result of these increases in tax basis. We retain the economic benefit of the remaining 15% of cash savings, if any, of the tax benefits that we realize. For purposes of the tax receivable agreement, cash savings in income tax will be computed by comparing our actual income tax liability to the amount of such taxes that we would have been required to pay had there been no increase to the tax basis of the tangible and intangible assets of Evercore LP as a result of the exchanges and had we not entered into the tax receivable agreement. The term of the tax receivable agreement will continue until all such tax benefits have been utilized or expired, unless we exercise our right to terminate the tax receivable agreement for an amount based on agreed payments remaining to be made under the agreement. In certain circumstances, we sold shares of Class A common stock in public offerings and used such cash consideration to acquire Evercore LP limited partnership units, which resulted in substantially similar rights and benefits under the tax receivable agreement as an exchange of Evercore LP limited partnership units for shares of Class A common stock.

While the actual amount and timing of any payments under this agreement will vary depending upon a number of factors, including the timing of exchanges, the extent to which such exchanges are taxable and the amount and timing of our income, we expect that, as a result of the size of the increases of the tangible and intangible assets of Evercore LP attributable to our interest in Evercore LP, during the expected term of the tax receivable agreement, the payments that we may make to such SMDs could be substantial. Although we are not aware of any issue that would cause the Internal Revenue Service to challenge a tax basis increase, we are not entitled to reimbursement for any payments previously made under the tax receivable agreement.

As a result of the acquisition of Evercore LP limited partnership units since the IPO, certain SMDs became entitled to payments under the tax receivable agreement. The following table shows the amount paid to our executive officers pursuant to the tax receivable agreement during 2013:

Name	Tax Receivable Payments During 2013
Roger C. Altman	\$ 1,094,878
Adam B. Frankel	\$ 46,760
Pedro Aspe	\$ 128,165

Registration Rights Agreement

We have entered into a registration rights agreement pursuant to which we may be required to register the sale of shares of our Class A common stock held by certain current and former SMDs, including Messrs. Altman, Aspe and Frankel, upon exchange of limited partnership units of Evercore LP held by such SMDs. Under the registration rights agreement, such SMDs have the right to request us to register the sale of their shares of Class A common stock and may require us to make available shelf registration statements permitting sales of shares into the market from time to time over an extended period. In addition, such SMDs will have the ability to exercise certain piggyback registration rights in connection with registered offerings requested by other SMDs or initiated by us.

Relationship with Our Private Equity Funds

Our Pre-IPO Funds

Prior to our IPO, Mr. Altman was awarded the right to receive a portion of the carried interest earned by the general partner of the ECP II private equity fund and Mr. Aspe was awarded the right to receive a portion of the carried interest earned by the general partner of the Discovery Fund. Following our reorganization in connection with the IPO, the general partners of these funds are no longer our consolidated subsidiaries, and we do not treat carried interest received from these entities by our employees as compensation.

However, Evercore LP, through its subsidiaries, is a non-managing member of the general partner of ECP II and is entitled to receive (1) 0% to 10% (depending on the particular fund investment) of the carried interest realized from ECP II and (2) gains (or losses) on investments made by ECP II based on the amount of capital in ECP II which is contributed to, or subsequently funded by, us. Under the terms of the acquisition agreement for Evercore Partners Mexico, Evercore is obligated to pay the partners that sold Evercore Partners Mexico 90% of the return proceeds and carried interest it receives from its investment in the general partner of the Discovery Fund. As a result, ECP II transactions involving Mr. Altman and Discovery Fund transactions involving Mr. Aspe are deemed to be Related Person Transactions given our continued interest in those funds.

Our Post-IPO Funds

Evercore LP, through its subsidiaries, is a non-managing member of the general partner of EMP II and EMP III, and is entitled to (i) 50% of the carried interest realized from EMP II and EMP III and (ii) as an indirect investor in EMP II and EMP III, gains (or losses) on investments made by EMP II and EMP III based on the amount of capital which is contributed to, or subsequently funded by, Evercore LP or its subsidiaries. For EMP II and EMP III, we will include as consolidated revenue all realized and unrealized carried interest earned by the general partners of EMP II and EMP III, although a portion of the carried interest is allocated to employees, including Mr. Aspe, and such amounts are recorded as compensation expense.

Carried interest entitles the general partners of EMP II and EMP III to a specified percentage of net investment gains that are generated on the capital invested by third-party investors in EMP II and EMP III. The general partners of each of EMP II and EMP III are entitled to a carried interest that allocates them 20% of the net investment gains realized on capital invested in EMP II and EMP III by third-party investors. Each of EMP II and EMP III includes a performance hurdle which requires them to return 8%, compounded annually, to third-party investors prior to the general partners receiving their 20% share of net profits realized by the third-party investors. The ultimate values of carried interest with respect to EMP II and EMP III are not determinable until the investments have been fully divested or otherwise monetized by the relevant fund, a process that can take many years. As a result, Mr. Aspe may receive additional carried interest payments in any fiscal year attributable to carried interest allocated in previous fiscal years (subject to achievement of a minimum investment return for our funds' outside investors). For EMP II and EMP III, carried interest is allocated on a fund-wide basis rather than on an investment-by-investment basis, and the vesting of carried interest for EMP II and EMP III is tied to the formation of the fund and other vesting thresholds. No carried interest will be paid to employees until such

Table of Contents

time as the carried interest is actually received by the general partners of EMP II and EMP III. Carried interest for EMP II and EMP III is subject to vesting, generally over a period of four years, and may only be transferred under limited circumstances.

Transactions with our Private Equity Funds

Our investments in ECP II, the Discovery Fund and EMP II as of December 31, 2013 were as follows:

Private Equity Funds	Investments in Private Equity Funds
ECP II	\$ 3,251,000
Discovery Fund	\$ 5,015,000
EMP II	\$ 11,125,000

The investment period has lapsed for ECP II, the Discovery Fund and EMP II.

Certain employees and current and former SMDs, including Messrs. Altman, Aspe, Frankel, Schlosstein and Walsh, have also invested (either directly or through estate planning vehicles) their own capital through the general partners or in side-by-side investments with our Private Equity Funds. These interests in the general partner of the Private Equity Funds and the side-by-side investments are not subject to management fees or carried interest. These investment opportunities have been available to our SMDs and to those of our employees whom we have determined to have a status that reasonably permits us to offer them these types of investments in compliance with applicable laws. Other than with respect to EMP III (which is discussed below), during 2013, Messrs. Altman's, Aspe's, Frankel's, Schlosstein's and Walsh's aggregate contributions to and receipt of proceeds or carried interest from our Private Equity Funds were in each case less than \$120,000. For 2013, there were no payments in respect of carried interest received by the general partner of our Private Equity Funds.

Our executive officers have made (either directly or through estate planning vehicles) the following capital contributions and capital commitments to EMP III through the general partner during 2013, and have the following remaining unfunded capital commitments with respect to EMP III:

Name	Capital Commitment US (\$)	Capital Contribution/Return of Capital US (\$)	Remaining Unfunded Capital Commitments US (\$)
Pedro Aspe	\$ 1,000,000	(\$ 105,133)(1)	\$ 638,553
Adam B. Frankel	\$ 50,000	\$ 18,072	\$ 31,928
Ralph L. Schlosstein	\$ 500,000	\$ 180,723	\$ 319,277
Robert B. Walsh	\$ 110,000	\$ 39,759	\$ 70,241
Evercore	\$ 1,000,000	(\$ 1,305,891)(1)	\$ 638,553

- (1) Each of Mr. Aspe and Evercore reduced their capital commitment and had capital returned to them as additional investors subsequently committed capital to EMP III and made capital contributions to EMP III.

Relationship with Trilantic

We formed a strategic alliance with Trilantic to pursue private equity investment opportunities with Trilantic and to collaborate on the future growth of Trilantic's business in 2010 and expanded our relationship on April 22, 2013 through a supplement agreement. As part of the original agreement and the supplement, we agreed to use commercially reasonable efforts to source investment opportunities for Trilantic IV and Trilantic V, and Trilantic agreed to use commercially reasonable efforts to refer to us mergers and acquisitions advisory services or restructuring advisory services from time to time with respect to selected portfolio companies of these Trilantic Funds.

Table of Contents

Pursuant to the original agreement, we issued 500,000 Evercore LP limited partnership units with a minimum redemption value of \$16.5 million in exchange for a minority economic interest in Trilantic and the right to invest in Trilantic's current and future private equity funds, beginning with Trilantic Fund IV. In connection with the issuance of such limited partnership interests in Trilantic, we became a limited partner of Trilantic and are entitled to receive 10% of the aggregate amount of carried interest in respect of all of the portfolio investments made by Trilantic IV, up to \$15 million. Our carrying value of our investment in Trilantic was approximately \$14.1 million as of December 31, 2013, and the value of our investment in Trilantic IV was approximately \$4.4 million. As part of the original agreement, Trilantic also agreed to pay an annual fee to us equal to \$2 million per year for a period of five years as consideration for advisory and referral services to be performed by us. In addition, Trilantic offered all SMDs, and, in one case, Evercore, co-investment opportunities with Trilantic IV on a no-fee and no carry basis. In the one case where the co-investment opportunity was also offered to Evercore, during 2013, Mr. Schlosstein contributed \$283,219 to such co-investment and the other executive officers' aggregate contributions to and receipt of proceeds from such co-investment were in each case less than \$120,000.

As part of and as of the date of the supplement agreement, Evercore agreed to commit \$5 million of the total capital commitments of Trilantic V and issued one Class B share pursuant to Section 4(2) of the Securities Act, giving Trilantic the right to a number of votes on matters put to Class A common stockholders and Class B common stockholders that is equal to the number of Evercore LP limited partnership units that it holds. In October 2013, Evercore also released the transfer restrictions associated with the 500,000 Evercore LP limited partnership units held by Trilantic, which would have otherwise expired on February 10, 2015. Trilantic converted these units into shares of Class A common stock in October 2013.

Separately, our SMDs (either directly or through estate planning vehicles) have committed to invest up to \$15 million in Trilantic's Fund V, with our executive officers investing and contributing (either directly or through estate planning vehicles) the following amounts in 2013 through an unaffiliated entity:

Executive Officers	Capital Commitment	Capital Contributions in 2013
Ralph L. Schlosstein	\$ 3,448,125	\$ 537,110
Robert B. Walsh	\$ 562,000	\$ 87,620
Adam B. Frankel	\$ 100,000	\$ 15,577
Total:	\$ 4,110,125	\$ 640,307

None of our executive officers received any proceeds from such investment in 2013.

We and our affiliates are passive investors and do not participate in the management of any Trilantic-sponsored funds.

Evercore LP Partnership Agreement

We operate our business through Evercore LP and its subsidiaries and affiliates. As the general partner of Evercore LP, we have unilateral control over all of the affairs and decision making of Evercore LP. As such, we, through our officers, are responsible for all operational and administrative decisions of Evercore LP and the day-to-day management of Evercore LP's business. Furthermore, we cannot be removed as the general partner of Evercore LP without our approval.

Distributions

Pursuant to the Partnership Agreement of Evercore LP, we have the right to determine when distributions will be made to the partners of Evercore LP and the amount of any such distributions. If we authorize a distribution, such distribution will be made to the partners of Evercore LP (1) in the case of a tax distribution (as described below), to the holders of limited partnership units in proportion to the amount of taxable income of Evercore LP allocated to such holder and (2) in the case of other distributions, pro-rata in accordance with the percentages of the holders' respective limited partnership units. We may, however, authorize a distribution to the

Table of Contents

partners of Evercore LP who hold vested and unvested limited partnership units in accordance with the percentages of their respective vested and unvested limited partnership units in the event of an extraordinary dividend, refinancing, restructuring or similar transaction.

The holders of limited partnership units in Evercore LP will incur U.S. federal, state and local income taxes on their proportionate share of any net taxable income of Evercore LP. Net profits and net losses of Evercore LP will generally be allocated to its partners pro-rata in accordance with the percentages of their respective limited partnership units. The Partnership Agreement provides for cash distributions to the partners of Evercore LP if we determine that the taxable income of Evercore LP will give rise to taxable income for its partners. In accordance with the Partnership Agreement, we intend to cause Evercore LP to make cash distributions to the holders of limited partnership units of Evercore LP for purposes of funding their tax obligations in respect of the income of Evercore LP that is allocated to them. Generally, these tax distributions will be computed based on our estimate of the net taxable income of Evercore LP allocable to such holder of limited partnership units multiplied by an assumed tax rate equal to the highest effective marginal combined U.S. federal, state and local income tax rate prescribed for an individual or corporate resident in New York, New York (taking into account the non-deductibility of certain expenses and the character of our income). If we pay dividends, our SMDs who hold limited partnership interests will be entitled to receive equivalent distributions pro-rata based on their limited partnership interests in Evercore LP, although these individuals will not be entitled to receive any such dividend-related distributions in respect of unvested limited partnership units. For 2013, Messrs. Altman, Aspe, Frankel and Schlosstein received \$1,085,811, \$199,721, \$51,217 and \$1,266,234, respectively, as dividend-related distributions on vested limited partnership units.

Vesting Provisions

As part of a larger overhaul of our equity arrangements to ensure better alignment between employee stockholders and other stockholders, all of our SMDs amended the Partnership Agreement on July 27, 2009. Unvested limited partnership units vested ratably on December 31, 2011, 2012 and 2013, so long as the equity holder was employed by us, Evercore LP or their affiliates on such dates. Accordingly, as of December 31, 2013, all limited partnership units have vested.

Transfer Restrictions

The Partnership Agreement was amended in 2009 and provides that Evercore LP vested limited partnership units are exchangeable for shares of our Class A common stock in 20% increments on each of December 31, 2009, 2010, 2011, 2012 and 2013, as long as the holder is still employed by us on such dates (with the exception of Messrs. Altman and Aspe, who will be able to transfer partnership units on such dates regardless of their employment status).

On October 23, 2013, the Board agreed to release the contractual transfer restrictions associated with 1,267,041 vested Evercore LP limited partnership units held by certain SMDs. The contractual transfer restrictions associated with such partnership units would have otherwise expired on December 31, 2013. The decision to permit such accelerated release of transfer restrictions was motivated in part by the desire to permit a more orderly disposition of securities over a longer period of time by the employees. The decision did not result in the vesting of any unvested equity and, given the relatively small difference in timing of the release of transfer restrictions, this decision did not have a negative effect on the retention of key employees. The Evercore LP limited partnership units that were released from contractual transfer restrictions include the following number of units for executive officers:

	Number of Evercore LP limited partnership units released from Transfer Restrictions on October 23, 2013
Executive Officers	
Roger Altman	298,794
Pedro Aspe	207,323
Adam B. Frankel	7,523

Table of Contents

Once the Evercore LP vested limited partnership units become exchangeable, holders of fully vested limited partnership units in Evercore LP may exchange these limited partnership units for shares of Class A common stock on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. At any time a share of Class A common stock is redeemed, repurchased, acquired, cancelled or terminated by us, one general partnership unit registered in our name will automatically be cancelled by Evercore LP so that the number of general partnership units we hold at all times equals the number of shares of our Class A common stock then outstanding.

The transfer restrictions on the limited partnership units have been released other than with respect to (i) 1,391,466 limited partnership units held by Mr. Schlosstein, which are transfer restricted until May 21, 2014 (the release of such transfer restrictions will accelerate in certain circumstances, including, but not limited to, Mr. Schlosstein's termination due to his death or disability, upon a change of control of the Company, without cause, or upon his resignation for good reason (see **Compensation of our Named Executive Officers Employment Agreements and Equity Awards** for how cause and good reason are defined in this case) and (ii) 455,257 limited partnership units held by a former SMD, which are transfer restricted until August 14, 2014, in each case with limited exceptions for certain charitable donations.

Dissolution

Evercore LP may be dissolved only upon the occurrence of certain unlikely events specified in the Partnership Agreement. Upon dissolution, Evercore LP will be liquidated and the proceeds from any liquidation shall be applied and distributed in the following order:

First, to pay the debts, liabilities and expenses of Evercore LP;

Second, as reserve cash for contingent liabilities of Evercore LP; and

Third, pro-rata in respect of all vested Class A and B limited partnership units.

Acquisition of Lexicon

On August 19, 2011, we completed the acquisition of all of the outstanding partnership interests of Lexicon, in accordance with the Lexicon Agreement entered into on June 7, 2011, by and among us and the shareholders of Lexicon, including Mr. Sibbald. In addition to the cash consideration paid during 2011, Mr. Sibbald received 240,564 unvested restricted shares of Class A common stock in accordance with the Lexicon Agreement. Such shares vest and are delivered in substantially equal installments over a three-year period beginning on June 30, 2013. Upon vesting, such shares will be subject to transfer restrictions until the earlier of (i) the first anniversary of the relevant vesting date and (ii) the date of the first secondary offering by the Company following the relevant vesting date. However, on October 23, 2013, concurrently with the release of the transfer restrictions associated with 1,267,041 vested Evercore LP limited partnership units held by certain SMDs, the Board released the transfer restrictions on 63,567 of the 84,756 restricted shares held by Mr. Sibbald that vested on June 30, 2013. The transfer restrictions on these restricted shares otherwise would have been released on or before June 30, 2014. See **Compensation of our Named Executive Officers Options Exercised and Stock Vested in 2013** for a further discussion of the terms of these restricted shares.

Vesting and delivery of such shares will accelerate in certain circumstances, including, but not limited to, Mr. Sibbald's termination without cause, a qualifying retirement or upon a change of control. Under the Lexicon Agreement, a seller can be terminated for cause if he or she (1) is convicted of a criminal offense that is a felony or a misdemeanor crime involving dishonesty or deception; (2) commits a persistent material breach of the terms of the Evercore Partners International Deed and such persistent material breach causes Evercore to commit a material breach of the applicable rules and regulations of a governmental entity and such seller fails to remedy such material breach within a reasonable period of receiving a written warning from Evercore; (3) has his or her material licenses, authorizations or consents withdrawn by a governmental entity as a result of his or her deliberate breach of applicable rules and regulations; (4) is disqualified from holding office as a director under

Table of Contents

the Company Directors Disqualification Act 1986 as a result of his or her deliberate wrongdoing; or (5) following receipt of a written warning from the CEO of Evercore Partners International, has failed to remedy within 10 business days what the CEO of Evercore Partners International and a super majority of the sellers acting fairly, reasonably, on a fully informed basis and in good faith conclude was a deliberate and unreasonably continuous disregard of his or her fundamental obligation to commit time and effort to the performance of his or her duties pursuant to the Evercore Partners International Deed of such magnitude as to justify his or her summary dismissal.

In connection with the acquisition of Lexicon, Mr. Sibbald also entered into a Schedule of Terms with us. For a further discussion on Mr. Sibbald's Schedule of Terms, see **Compensation of our Named Executive Officers Employment Agreements and Equity Awards Schedule of Terms with Mr. Sibbald.**

Use of Corporate Aircraft

For security, safety and health reasons, our Board adopted a policy requiring our Executive Chairman and CEO to use a private aircraft for business air travel to the extent practical. As part of this policy, we entered into an aircraft dry lease agreement with an unaffiliated party.

While the primary use of the aircraft is for business purposes, because of the benefit afforded to Evercore in terms of security and productivity while traveling for personal reasons, Evercore entered into timesharing agreements with Messrs. Altman and Schlosstein to allow these individuals to lease the aircraft for personal use. Under such timesharing agreements, Messrs. Altman and Schlosstein must reimburse Evercore for the maximum amount of reimbursement allowed by applicable Federal Aviation Administration rules (this reimbursement amount includes enumerated direct costs such as fuel, crew travel expenses, landing fees, flight planning, and an additional amount equal to 100% of fuel costs). For 2013, Messrs. Altman and Schlosstein reimbursed Evercore \$612,277 and \$120,175, respectively, for their personal use of the aircraft. In addition, our Executive Chairman or CEO may invite family members or guests on a business flight without charge to him for these additional passengers, and, on limited occasions, we have allowed a business-related flight to land at an airport other than its destination to drop off or pick up a passenger for personal convenience without such change in destination being treated as an incremental cost.

Evercore calculated the aggregate incremental cost to Evercore for Messrs. Altman's and Schlosstein's personal use of the aircraft in 2013 by calculating the direct costs associated with personal flights (including, but not limited to, fuel, crew travel expenses, landing fees, flight planning, and hourly engine and parts maintenance program charges, as well as similar charges associated with deadhead or positioning flights in connection with personal flights). From this, it deducted the amount reimbursed by Messrs. Altman and Schlosstein under the timesharing arrangements. Excluded from the calculation of aggregate incremental costs are (i) fixed costs, which do not change based on usage, including, but not limited to, lease payments, management fees, insurance; and (ii) carriage of family members or guests on a business flight by the executive (since the carriage of such additional person is a benefit to the executive but does not add appreciably to the costs to Evercore for such flight). Based on this methodology, the amount reimbursed by each of Messrs. Altman and Schlosstein exceeded the aggregate incremental costs associated with their personal use of the aircraft.

Family Relationships

Mr. de Saint Phalle's step-son, who does not share a home with Mr. de Saint Phalle, is an employee of ours and was paid \$461,110 for 2013 in compensation, which includes the grant date value of equity awards granted to him, and he also participates in investment opportunities available to other similarly situated employees.

Transactions with 5% Stockholders

Fidelity Management and Research Company is the beneficial owner of more than 5% of our outstanding common stock, and one of its affiliates is a client of Evercore's Institutional Equities business. In addition,

another affiliate of Fidelity provides Evercore with recordkeeping, trustee and other services in connection with Evercore's 401(k) plan. From time to time, we may also purchase investment products sponsored by Fidelity affiliates in connection with our deferred cash award program, which program is further described under **Compensation of our Named Executive Officers Compensation Discussion and Analysis**. All transactions with Fidelity and its affiliates were arms-length transactions entered into in the ordinary course of business and fees paid to, and by, Evercore were based on the prevailing rates for non-related persons for the same services.

In addition, BlackRock is the beneficial owner of more than 5% of our outstanding common stock, and BlackRock and its affiliates are clients of Evercore's Advisory and Institutional Equities businesses. All transactions with BlackRock were arms-length transactions entered into in the ordinary course of business and fees paid to Evercore were based on the prevailing rates for non-related persons for the same services.

Transaction Between Evercore Wealth Management and Executive Officers

From time to time, certain executive officers and other affiliates of Evercore, their family members, and related charitable foundations may have investments in various Evercore Wealth Management investment vehicles or accounts. For certain types of products and services offered by Evercore Wealth Management, our executive officers and other affiliates of Evercore may receive discounts that are available to our employees generally. These products and services are offered and provided in the ordinary course of business on substantially the same terms as those prevailing at the time for comparable transactions for similarly situated customers and eligible employees.

Policy Regarding Transactions with Related Persons

Our Related Person Transaction Policy, which is available on our website at www.evercore.com under the Investor Relations link, requires that Related Person Transactions (defined below) must be approved or ratified by the Nominating and Corporate Governance Committee of the Board unless they have been deemed pre-approved. In determining whether to approve or ratify a Related Person Transaction, the Nominating and Corporate Governance Committee will take into account, among other factors it deems appropriate, whether the Related Person Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the Related Person's interest in the transaction. Under the policy, certain Related Person Transactions are pre-approved, including routine commercial transactions in the ordinary course or transactions that are approved by other committees of the Board. A Related Person is any of our executive officers, directors or director nominees, any stockholder owning at least 5% of our stock, or any immediate family member of any of the foregoing persons. A Related Person Transaction means any financial transaction, arrangement or relationship or series of similar financial transactions, arrangements or relationships involving more than \$120,000 in which Evercore is a participant and in which a Related Person has a direct or indirect material interest. All Related Person Transactions were approved in accordance with our Related Person Transaction Policy, other than those discussed under **Tax Receivable Agreement; Registration Rights Agreement; Relationship with our Private Equity Funds; and Evercore LP Partnership Agreement**, which were undertaken prior to the adoption of the policy.

CORPORATE GOVERNANCE

Director Independence

General

Pursuant to the General Corporation Law of the State of Delaware, the state in which we are organized, and our Amended and Restated Bylaws, our business, property and affairs are managed by or under the direction of our Board. Members of our Board are kept informed of our business through discussions with our executive officers and other officers, by reviewing materials provided to them by management and by participating in meetings of the Board and its committees.

NYSE and SEC Requirements

Under the NYSE's corporate governance rules, no director qualifies as independent unless our Board affirmatively determines that the director has no material relationship with us, either directly or as a partner, shareholder, or officer of an organization that has a relationship with us. Under NYSE rules, directors who have relationships covered by one of five bright-line independence tests established by the NYSE may not be found to be independent. In addition, audit committee members are subject to heightened independence requirements under NYSE rules and Rule 10A-3 under the Exchange Act. Finally, beginning this year, NYSE rules adopted under Rule 10C-1 under the Exchange Act require that in affirmatively determining the independence of any director who will serve on the Compensation Committee, the Board must consider all factors specifically relevant to determining whether a director has a relationship to Evercore that is material to that director's ability to be independent from management in connection with the duties of a compensation committee member.

Corporate Governance Principles and Categorical Independence Standards

In order to provide guidance on the composition and function of our governing body, our Board adopted our Corporate Governance Principles, which include, among other things, our categorical standards of director independence. The complete version of our Corporate Governance Principles is available on our website at www.evercore.com under the Investor Relations link. We will provide a printed copy of the Corporate Governance Principles to any stockholder who requests them by contacting Investor Relations. These categorical independence standards establish certain relationships that our Board, in its judgment, has deemed to be material or immaterial for purposes of assessing a director's independence. In the event a director maintains any relationship with us that is not specifically addressed in these standards, the Board will determine whether such relationship is material.

The Board has determined that the following relationships should not be considered material relationships that would impair a director's independence: (1) relationships where a director, or an immediate family member of the director, is an executive officer or director of another company in which we beneficially own less than 10% of the outstanding voting shares of that company; (2) relationships where a director, or an immediate family member of that director, serves as an executive officer, director or trustee of a charitable organization, and our annual charitable contributions to the organization (excluding contributions by us under any established matching gift program) are less than the greater of \$1,000,000 or 2% of that organization's consolidated gross revenues in its most recent fiscal year; and (3) relationships where a director is a current employee, or such director's immediate family member is a current executive officer, of another company that has made payments to, or received payment from, us for property or services in an amount which, in any of the preceding three fiscal years, did not exceed the greater of \$1,000,000 or 2% of the consolidated gross revenues of such other company.

Our Corporate Governance Principles also provide, among other things, that all non-management directors must notify the Board of his or her retirement, change in employer, and of any other significant change in the director's principal professional occupation or roles and responsibilities, and, in connection with any such change, tender his or her resignation from the Board (and the applicable Board committees) for consideration by the Board. The Board would then consider the continued appropriateness of Board membership under the new circumstances and the action, if any, to be taken with respect to such resignation.

Evaluations of Director Independence

The Nominating and Corporate Governance Committee undertook its annual review of director independence and reviewed its findings with our Board. During this review, our Board considered transactions and relationships between each director, or any member of his or her immediate family, and us, our subsidiaries and affiliates, including those reported under **Related Person Transactions and Other Information** above. Our Board also examined transactions and relationships between directors or their affiliates and members of our senior management. The purpose of this review was to determine whether any such relationships or transactions compromised a director's independence.

As a result of this review, our Board affirmatively determined that each of Messrs. Beattie, de Saint Phalle, Hessler and Millard and Ms. Harris are independent under NYSE rules and the categorical standards for director independence set forth in the Corporate Governance Principles. In reaching this determination, the Board considered the fact that Mr. Beattie is a partner of STB and Ms. Harris was formerly a partner at STB, which provides legal services to us and our affiliates. In reaching this conclusion with respect to Mr. Beattie and Ms. Harris, it was noted that in 2013 payments from us to STB were less than 1% of STB's revenues. In connection with Mr. Beattie, it was also noted that STB's partnership income attributed to payments from us in 2013 resulted in less than \$10,000 in income to Mr. Beattie. In connection with Ms. Harris, it was also noted that Ms. Harris has not been an STB partner since 1998 and has never represented us or any of our affiliates. The Board also considered the fact that Mr. de Saint Phalle's step-son, who does not share a home with Mr. de Saint Phalle, is an employee of Evercore. The Board had previously determined Mr. Pritzker to be independent while he was a director.

Our Board has also determined that the members of the Audit Committee and Compensation Committee are also independent under the applicable NYSE and SEC rules mentioned above.

Messrs. Altman, Aspe and Schlosstein are not considered to be independent directors as a result of their employment with us.

Committees of the Board

General

Our Board has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

The following table shows the membership of each of our Board's standing committees as of April 21, 2014 and the number of in-person and telephonic meetings held by each of those committees during 2013:

Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Richard I. Beattie.			
Francois de Saint Phalle	X	X	X
Gail B. Harris, Esq.	X		Chair
Curt Hessler	Chair	X	
Robert B. Millard		Chair	X

Our Board has adopted a charter for each of the three standing committees that addresses the composition and function of each committee. You can find links to these materials on our website at www.evercore.com under the Investor Relations link, and we will provide a printed copy of these materials to any stockholder who requests it by contacting Investor Relations.

Audit Committee

General. The Audit Committee assists our Board in fulfilling its responsibility relating to the oversight of: (1) the quality and integrity of our financial statements, (2) our compliance with legal and regulatory requirements, (3) our independent registered public accounting firm's qualifications and independence, and (4) the performance of our internal audit function and independent registered public accounting firm.

Financial Literacy and Expertise. Our Board has determined that each of the members of the Audit Committee is financially literate within the meaning of the listing standards of the NYSE. In addition, our Board has determined that Mr. Hessler qualifies as an Audit Committee Financial Expert as defined by applicable SEC regulations and that he has accounting or related financial management expertise within the meaning of the listing standards of the NYSE. The Board reached its conclusion as to Mr. Hessler's qualification based on, among other things, his experience in executive level management at companies with complex multi-national operations, including service with multiple public companies, his experience as a director, and his experience in government affairs, including having previously served as the U.S. Assistant Secretary of the Treasury for Economic Policy and as executive director of the President's Economic Group.

Compensation Committee

The Compensation Committee discharges the responsibilities of our Board relating to the oversight of our compensation programs and compensation of our executives. Each of the members of the Compensation Committee is an outside director within the meaning of Section 162(m) of the Code and a non-employee director within the meaning of Exchange Act Rule 16b-3. In fulfilling its responsibilities, the Compensation Committee can delegate any or all of its responsibilities to a subcommittee of the Compensation Committee. For information on the Compensation Committee's processes and procedures for considering and determining executive and director compensation and the role of executive officers in determining and recommending the amount and form of such compensation, see **Director Compensation** and **Compensation of our Named Executive Officers**.

Compensation Committee Interlocks and Insider Participation

During the last fiscal year, each of Messrs. de Saint Phalle, Hessler, Millard and Pritzker served as members of our Compensation Committee, and no member of our Compensation Committee during fiscal 2013 was an employee or officer or former employee or officer of the Company or had any relationship requiring disclosure under Item 404 of Regulation S-K during fiscal 2013, except as described under **Related Person Transactions and Other Information**. None of our executive officers has served as a member of a board of directors or a compensation committee of a board of directors of any other entity which has an executive officer serving as a member of our Board or Compensation Committee, and there are no other matters regarding interlocks or insider participation that are required to be disclosed.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee assists our Board in fulfilling its responsibility relating to corporate governance by (1) identifying individuals qualified to become directors and recommending that our Board select the candidates for all directorships to be filled by our Board or by our stockholders, (2) overseeing the evaluation of the Board, (3) developing and recommending the content of our Corporate Governance Principles and Code of Business Conduct and Ethics to our Board, and (4) otherwise taking a leadership role in shaping our corporate governance. In evaluating candidates for directorships, our Board, with the help of the Nominating and Corporate Governance Committee, takes into account a variety of factors it considers appropriate, which may include the following: strength of character and leadership skills; general business acumen and experience; knowledge of strategy, finance, international business, government affairs and familiarity with our business and industry; age; number of other board seats; willingness to commit the necessary time; and whether the nominee assists in achieving a mix of members that represents a diversity of background

Table of Contents

and experience all to ensure an active Board whose members work well together and possess the collective knowledge and expertise required to maximize the effectiveness of the Board. Accordingly, although diversity may be a consideration in the Nominating and Corporate Governance Committee's process, the Nominating and Corporate Governance Committee and the Board do not have a formal policy with regard to the consideration of diversity in identifying director nominees. We have not paid a fee to any third party in consideration for assistance in identifying potential nominees for our Board.

Stockholder Recommendations for Director Nominations

As noted above, the Nominating and Corporate Governance Committee considers recommendations for nomination to our Board, including nominations submitted by stockholders. Such recommendations should be sent to the attention of our Corporate Secretary. Any recommendations submitted to the Corporate Secretary should be in writing and should include any supporting material the stockholder considers appropriate in support of that recommendation, but must include the information that would be required under the rules of the SEC to be included in a Proxy Statement soliciting proxies for the election of such candidate and a signed consent of the candidate to serve as one of our directors if elected.

The Nominating and Corporate Governance Committee evaluates all potential candidates in the same manner, regardless of the source of the recommendation. Based on the information provided to the Nominating and Corporate Governance Committee, it will make an initial determination whether to conduct a full evaluation of a candidate. As part of the full evaluation process, the Nominating and Corporate Governance Committee may conduct interviews, obtain additional background information and conduct reference checks of candidates. The Nominating and Corporate Governance Committee may also ask the candidate to meet with management and other members of our Board. When the Nominating and Corporate Governance Committee reviews a potential candidate, the Nominating and Corporate Governance Committee looks specifically at the candidate's qualifications in light of our needs and the needs of the Board at that time, given the current mix of director attributes. In evaluating a candidate, our Board, with the assistance of the Nominating and Corporate Governance Committee, takes into account a variety of additional factors as described in our Corporate Governance Principles.

Meeting Attendance

During 2013, our Board held six formal meetings, and our Board's standing committees held a total of 14 meetings (six Audit Committee, six Compensation Committee and two Nominating and Corporate Governance Committee meetings). Each of our directors attended more than 75% of the combined total number of Board meetings and meetings of the Board committees on which he or she served (during the periods that he or she served) other than Mr. Beattie who attended 63% of such meetings. Our policy is that all of our directors, absent special circumstances, should attend our Annual Meeting of Stockholders. All of our incumbent directors attended our 2013 Annual Meeting of Stockholders.

Role of the Office of Chairman of our Board

We have no fixed policy with respect to the separation of the offices of the Chairman of the Board and CEO. The Board believes that the separation of the offices of the Chairman of the Board and CEO is best decided on a case-by-case basis from time to time. However, with the appointment of Mr. Schlosstein to the position of CEO in 2009 and Mr. Altman's continued active involvement in our business, we felt it was appropriate to split the roles of Office of Chairman of the Board, which is currently held by Messrs. Altman and Aspe, and the role of CEO, which is currently held by Mr. Schlosstein. This division allowed us to recruit Mr. Schlosstein as our CEO, while simultaneously maintaining an appropriately influential role for Mr. Altman, our founder. In choosing to relinquish his duties as CEO to Mr. Schlosstein, Mr. Altman has enabled our operations to continue to be led by a highly experienced and talented executive, and Mr. Altman is now able to devote more of his own energies to building and sustaining key business relationships. Under the guidance of the Nominating and Corporate

Table of Contents

Governance Committee, each year the Board reviews the structure of our Board and its committees as a part of its annual self-evaluation process and, as part of that process, considers, among other things, issues of structure and leadership. The Board is satisfied that its current structure and processes are appropriate.

Executive Sessions and Lead Director

Our Corporate Governance Principles require our non-management directors, all of whom are also independent under applicable regulations and our Corporate Governance Principles, to have at least one meeting per year without management present. We complied with this requirement in 2013. In order to facilitate communications among non-management directors on the one hand and management on the other hand, Ms. Harris was selected to serve as the lead director.

Oversight of Risk Management

We are exposed to a number of risks, and we regularly identify and evaluate these risks and develop plans to manage them effectively. The Audit Committee is charged with a majority of the risk oversight responsibilities on behalf of the Board, our Compensation Committee is charged with the oversight responsibility related to our compensation programs and the Nominating and Corporate Governance Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks associated with board organization, membership and structure and succession planning for our directors. Each of our business unit leaders is responsible for various aspects of risk management associated with their business, and our executive officers also have the primary responsibility for enterprise-wide risk management. Our CFO and General Counsel work closely with members of senior management, including our accounting staff, our internal audit department and our compliance department to monitor and manage risk. The CFO and our General Counsel both report directly to our CEO and meet with the Audit Committee at least four times a year in conjunction with a review of our quarterly and annual periodic SEC filings to discuss important risks we face, highlighting any new risks that may have arisen since they last met. Our CFO and General Counsel update our Audit Committee as to changes in our risks on a periodic basis. In addition, all non-management members of the Board are invited to attend all committee meetings, regardless of whether the individual sits on the specific committee. Outside of formal meetings, Board members have regular access to senior executives, including our CFO and General Counsel.

Communicating with the Board

Interested parties may communicate directly with our Board, our non-management directors or an individual director by writing to our Corporate Secretary and specifying whether such communication should be addressed to the attention of (1) the Board as a whole, (2) non-management directors as a group, or (3) the name of the individual director, as applicable. Communications will be distributed to our Board, non-management directors as a group or to any individual director or directors as appropriate, depending on the facts and circumstances outlined in the communication. In that regard, our Board has requested that certain items that are unrelated to its duties and responsibilities should be excluded, such as spam, junk mail and mass mailings, resumes and other forms of job inquiries, surveys and business solicitations or advertisements.

In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will be excluded, with the provision that any communication that is filtered out must be made available to any non-management director upon request. Any concerns relating to accounting, internal control over financial reporting or auditing matters will be brought to the attention of our Audit Committee. In addition, for such matters, stockholders and others are encouraged to use our hotline discussed below.

Hotline for Accounting or Auditing Matters

As part of the Audit Committee's role to establish procedures for the receipt of complaints regarding accounting, internal accounting controls or auditing matters, we established a hotline for the anonymous

submission of concerns regarding questionable accounting, internal control over financial reporting or auditing matters. Any matters reported through the hotline that involve accounting, internal control over financial reporting, audit matters or any fraud involving management or persons who have a significant role in our internal control over financial reporting, will be reported to the Chairman of our Audit Committee.

Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics applicable to all of our employees, including our CEO, our CFO, our Controller (or persons performing similar functions) and our Board. You can find a link to our Code of Business Conduct and Ethics on our website at www.evercore.com under the Investor Relations link, and we will provide a printed copy of our Code of Business Conduct and Ethics to any stockholder who contacts Investor Relations and requests a copy. To the extent required to be disclosed, we will post amendments to, or any waivers from, our Code of Business Conduct and Ethics at the same location on our website as our Code of Business Conduct and Ethics.

Table of Contents**DIRECTOR COMPENSATION**

Our policy is not to pay director compensation to directors who are also our employees. For non-management directors, our policy is to grant a one-time award of RSUs with a value of \$50,000 upon his or her initial appointment to the Board, which vest on the second anniversary of the grant date. We also provide for an annual retainer of \$70,000, payable, at the director's option, either 100% in cash or 50% in cash and 50% in shares of Class A common stock. In addition, each of our non-management directors receives an annual grant of RSUs with a value of \$40,000 which vest on the first anniversary of the grant date. It is also our policy to provide for the chair of the Audit Committee to receive an additional annual cash retainer of \$10,000. Non-management directors are further reimbursed for travel and related expenses associated with attendance at Board or committee meetings, as well as expenses for continuing education programs related to their role as members of the Board. For administrative ease in dealing with our transfer agent and our stock plan administrator, equity awards that would otherwise result in fractional shares are rounded up to the nearest whole share.

For 2013, we granted 6,348 RSUs under our Plan to our non-management directors, which consisted of 1,058 RSUs for each non-management director on June 19, 2013 in connection with the annual grant to our directors, all of which were unvested as of December 31, 2013. The following table provides summary information concerning the compensation of our non-management directors for services rendered to us during 2013.

Director Compensation in 2013

Name	Fees Earned or Paid in Cash (\$)	Stock Awards(1) (\$)	Total (\$)
Richard I. Beattie	70,000	43,161	113,161
Francois de Saint Phalle	70,000	43,161	113,161

The grant date fair value of the awards is based on the average of the high and low trading price of the Class A common stock on the grant date. As of December 31, 2013, Mr. Millard owned 3,269 unvested RSUs and each of Messrs. Beattie, de Saint Phalle, Hessler and Pritzker and Ms. Harris owned 1,058 unvested RSUs.

In 2011, our Board adopted equity ownership guidelines that prohibit a non-management director from selling or donating Company shares unless, after such sale or donation, he or she owns shares of Class A Common Stock, including vested RSUs awarded in connection with service on the Board, shares beneficially owned by his or her immediate family members residing in the same household and shares held in trust for the benefit of the director or his or her immediate family members, with a value equal to or greater than three times the director's most recently paid annual cash retainer. Compliance with these guidelines may be waived, at the discretion of our Nominating and Corporate Governance Committee, if compliance would create severe hardship for a non-management director or prevent him or her from complying with a court order. It is expected that these instances will be rare and, in these cases, our Nominating and Corporate Governance Committee will develop alternative ownership guidelines that reflect the intent of these guidelines and the director's personal circumstances. Based on the stock price as of the record date, all of our non-management directors have satisfied the ownership thresholds established by these guidelines.

Compensation Discussion and Analysis

Performance Highlights. In setting NEO compensation for 2013, our independent Compensation Committee considered the strategic and adjusted pro forma financial accomplishments achieved in 2013. The following are highlights of the Company's 2013 U.S. GAAP performance:

Repurchases: We repurchased 2.5 million shares and Evercore LP limited partnership units during the year, returning \$128.2 million of cash to stockholders, including dividends, and more than offsetting the dilutive effects of

In October 2013, our Board authorized the repurchase of additional shares of Class A common stock and Evercore LP limited partnership units so that going forward Evercore will be able to repurchase an aggregate of 5 million shares of Class A common stock and Evercore LP limited partnership units for up to \$250 million

Net Revenues: \$765.4 million, up 19% compared to 2012

Assets Under Management in Consolidated Businesses: \$13.6 billion, up 13% during 2013

Dividend: Increased to \$0.25 per share for the last quarter of 2013

Compensation Highlights. Our pay-for-performance compensation program is designed to reward performance and align the long-term interests of our executives with those of stockholders. The following are highlights of our 2013 NEO compensation structure, as determined by our independent Compensation Committee:

No Change in Base Salaries. Base salary, which represents the only fixed portion of an NEO's compensation,

continues to represent a minority of total compensation. We have not increased base salaries for our NEOs since they joined us.

Annual Incentive Compensation. The Compensation Committee determines the level and composition of each NEO's annual bonus based on Company and individual performance. For 2013, bonuses were paid 50% in cash and 50% in RSUs.

- ü *Equity-Based Compensation Included in Bonus.* The Compensation Committee sets the bonus amount in its sole discretion and then allocates the amount between cash and RSUs and, as such, these RSUs are not paid as additional compensation.
- ü *Four-Year Deferral.* RSUs for 2013 performance are unvested and are delivered over four years. This deferral period is longer than the standard deferral period among our peers, and helps us to retain our NEOs and other key employees and to align their interests with stockholder interests.
- ü *No Guaranteed Bonuses.* We do not provide any guaranteed bonuses to any of our NEOs.
- ü *Modest Compensation Increase Compared to Performance.* Total annual incentive compensation for 2013 increased only 6% from 2012 for our CEO, as compared to a one-year TSR of 102%.

Use of Performance-Based RSUs. From the time our CEO joined us in 2009, 76% of his equity awards have been subject to both time-based vesting conditions and performance vesting conditions based on stock price performance.

Adoption of Equity Ownership Guidelines for Executive Officers and Significant Equity Ownership by NEOs. As discussed further below, our NEOs hold significant amounts of equity in our company, and we recently adopted formal equity ownership guidelines for executive officers in response to stockholder feedback. All employees, including our NEOs, are prohibited from hedging or pledging their equity securities.

Table of Contents

As exemplified by our compensation practices in 2013, we have maintained control on compensation costs and applied a consistent compensation deferral policy for our NEOs and other employees, which advances our goals of retaining and attracting talented individuals, paying for performance and managing our compensation costs over time. At the same time, we have delivered superior returns to our investors, evidenced by our TSR over the last five years, which has significantly outperformed the S&P 500 Index and the S&P 500 Financial Index as illustrated in the below chart:

Our TSR over the last five years has significantly outperformed the market.

- (1) The Stock Performance graph and related table compares the performance of an investment in our Class A common stock from December 31, 2008 through December 31, 2013, with the S&P 500 Index and the S&P Financial Index. The graph assumes \$100 was invested at the opening of business on December 31, 2008 in each of our Class A common stock, the S&P 500 Index and the S&P 500 Financial Index. It also assumes that dividends were reinvested on the date of payment without payment of any commissions. The performance shown in the graph represents past performance and should not be considered an indication of future performance.

Table of Contents***Our Executive Compensation Objectives and Philosophy***

The goals of our executive compensation program are to align compensation with business objectives and performance and to enable us to attract, retain and reward executives who contribute to our long-term success and increase stockholder value. Unlike many other financial services firms, our future success depends to a substantial degree on our ability to retain and recruit highly qualified personnel as opposed to the deployment and management of the firm's financial capital. The market for highly qualified financial professionals has been and remains extremely competitive. In addition, although our NEOs and other SMDs have all entered into non-compete and non-solicitation agreements, their departure could still jeopardize our relationships with clients and result in the loss of client engagements. Accordingly, it is imperative for our compensation programs to be highly competitive and reward outstanding individual and Company achievement.

Linkage of Management and Stockholder Interests**Equity Ownership Guidelines**

In early 2014, our Compensation Committee adopted formal equity ownership guidelines applicable to all executive officers. The goal of these guidelines is to formalize our practice of encouraging executive officers to have a meaningful amount of Evercore equity at risk. In particular, we focused on trying to develop a simple method of calculating required thresholds and concluded that adopting an ownership amount based on a number of shares rather than dollar value would be most effective. The equity ownership guidelines count Class A common stock, Evercore LP limited partnership units, vested and unvested RSUs and other forms of equity toward the equity at risk threshold. The following chart sets forth the equity ownership guidelines for our executive officers.

How We Establish Compensation

Our Compensation Committee is responsible for implementing and administering all aspects of our compensation and benefit plans and programs for our NEOs. In establishing compensation for our NEOs, we take into account the fact that we generally do not provide significant retirement or similar benefits to our NEOs. We also take into account other economic relationships between the individual and us, including equity ownership. The Compensation Committee did not utilize a compensation consultant in 2013.

Table of Contents

Our CEO participates in discussions with the Compensation Committee and makes recommendations to it (except as to his own compensation), but he does not vote or otherwise participate in the Compensation Committee's ultimate determinations. Mr. Altman has also continued to participate in discussions with, and make recommendations to, the Compensation Committee concerning NEO compensation (except as to his own compensation). Mr. Altman also does not vote or otherwise participate in the Compensation Committee's ultimate determinations. Our Board believes that it is wise and prudent to have Messrs. Schlosstein and Altman participate in these discussions because they possess unique insight regarding the day-to-day performance of our executives.

The Board's Consideration of Stockholder Views on Our Compensation Program

We last held a non-binding, advisory stockholder vote on executive compensation, or say on pay, in 2011. Our stockholders overwhelmingly approved the executive compensation described in our 2011 Proxy Statement, with approximately 90% of voted shares cast in favor of the say on pay proposal. We believe these results reflect strong stockholder support for our pay-for-performance compensation structure. In light of these results and feedback from stockholders through our ongoing outreach program, the Compensation Committee has maintained an executive compensation program based on pay-for-performance, and did not implement significant structural changes during 2012 or 2013. In 2013, we sought to strengthen the alignment of our executives and stockholders by establishing equity ownership guidelines, based in large part on stockholder feedback.

Consistent with the results of our non-binding, advisory vote in 2011 on the frequency of say on pay votes, our Board has adopted a policy of having the say on pay vote every three years. Therefore, this year, we are again asking our stockholders to approve, on a non-binding, advisory basis, our executive compensation program. Please see **Proposal 2 Non-Binding, Advisory Vote on Executive Compensation**.

Principal Components of Annual Executive Compensation

Over the last three years, the key components of our compensation program for NEOs have been base salary and annual incentive compensation (which has included both cash payments and deferred equity and deferred cash awards which are subject to vesting), each of which is described below. Any deferred awards (RSUs or deferred cash) with only time-based vesting provisions are granted as part of the total annual incentive compensation amount and not as a supplement to annual incentive compensation. Portions of the compensation for some of our NEOs for 2013 were determined in accordance with employment agreements. These agreements are described below under **Employment Agreements and Equity Awards**.

A. Base Salaries Have Remained Flat

Consistent with our pay-for-performance philosophy, the base salaries for our NEOs generally account for a minority of their total direct compensation. The base salaries of Messrs. Altman, Aspe, Sibbald and Schlosstein are set by their respective employment agreements and are a fixed amount. The Compensation Committee originally established Mr. Walsh's base salary in his offer letter, which was the same as the base salaries then paid to substantially all our SMDs. Base salaries are reviewed annually by the Compensation Committee and may be increased in the discretion of the Compensation Committee, taking into account the Compensation Committee's subjective evaluation of each executive's performance, changes in the factors considered in establishing initial base salaries, adjustments made to the base salaries of our broader employee population and such other factors as the Compensation Committee may deem relevant. However, in order to emphasize the incentive-based elements of our compensation program, we have not increased base salaries for any of our NEOs since they joined us.

Table of Contents

B. Annual Incentive Compensation is Performance Driven

Consistent with industry practice, the bonuses potentially payable to our NEOs account for the majority of their total compensation opportunities. For 2013, no bonus was guaranteed to any NEO. Rather, annual bonuses to NEOs are determined in the discretion of the Compensation Committee. In addition, RSUs granted as part of the annual bonus are awarded for services already provided and revenue already generated rather than for future potential performance.

1. Discretionary Annual Bonuses are Tied to Performance

In determining compensation for our NEOs, the Compensation Committee took into account our strong performance in 2013 and reviewed our adjusted financial results. The following are highlights of the Company's 2013 U.S. GAAP performance:

TSR of 102% in the last year, 90% over the past three years and 443% over the past five years, outperforming the market

Repurchases of 2.5 million shares and Evercore LP limited partnership units during the year, returning \$128.2 million of cash to stockholders, including dividends, and more than offsetting the dilutive effects of annual bonus equity awards. In October 2013, our Board authorized the repurchase of additional shares of Class A common stock and Evercore LP limited partnership units so that going forward Evercore will be able to repurchase an aggregate of 5 million shares of Class A common stock and Evercore LP limited partnership units for up to \$250 million

Net Revenues of \$765.4 million, up 19% compared to 2012

Assets Under Management in consolidated businesses: \$13.6 billion, up 13% during 2013

Dividend increased to \$0.25 per share for the last quarter of 2013

For 2013, none of our NEOs had preset personal performance goals that determined bonus compensation. The Compensation Committee did not engage any outside consultants or formally benchmark compensation amounts against other firms. However, the Compensation Committee reviewed TSR and proxy advisor service reports and data. While many of the companies included in such data may be described as financial services companies where human capital is of critical importance, Evercore competes only with a small fraction of these companies for employees and clients. These companies include Bank of America, Blackstone, Citigroup, Credit Suisse, Deutsche Bank, Goldman Sachs, Greenhill, JPMorgan Chase, Lazard, Morgan Stanley and UBS, with Greenhill and Lazard being our most direct public competitors. Competition among these companies for qualified personnel has historically been intense. The Compensation Committee has not set any specific metrics or targets relative to these competitors.

In evaluating the performance of and determining bonuses for our NEOs, in recognition of the importance of developing and maintaining client relationships that generate significant and potentially recurring fees, the Compensation Committee focused on, among other things, the revenues generated from client relationships originated or managed by our NEOs with client responsibilities. In particular, management reviewed the relative contributions of Messrs. Altman, Sibbald and Schlosstein in serving clients (primarily corporate advisory clients). In addition, the Compensation Committee took into account our achievement of several strategic and financial accomplishments highlighted in the bullet points above, as well as strategic and financial accomplishments associated with specific individuals, as further discussed below. In determining bonuses, the Compensation Committee also took into account the Company's overall superior performance and a qualitative review of a variety of factors based on the role and responsibility of each NEO. These factors were viewed as a whole, with no single factor having a specified quantitative effect.

Table of Contents

In addition to the general factors and analysis as outlined above, the Compensation Committee noted the factors identified for each NEO below, respectively:

Mr. Schlosstein: The Compensation Committee awarded Mr. Schlosstein a discretionary annual bonus with a value of \$4.25 million for 2013, a 6.3% increase from the prior year, in recognition of our overall financial performance and his strategic contributions. In particular, the Compensation Committee recognized his success in continuing to improve our financial performance against our peers, including his success in growing overall revenues, Advisory business revenues, pre-tax profit and net income at a faster rate than our main public competitors. Other elements of our strong financial performance included positive earnings for our early stage businesses and increased revenues and pre-tax income for the Investment Management business. The Compensation Committee also considered Mr. Schlosstein's role in the Company's recruiting, talent development and talent retention efforts, particularly in order to prepare for continued future growth in our Advisory business, and the impact of Mr. Schlosstein's leadership on the Company's reputation for integrity and excellence.

Mr. Altman: Mr. Altman received a discretionary annual bonus with a value of \$4.00 million for 2013, a 28.7% decrease from the prior year. In determining this amount, the Compensation Committee recognized Mr. Altman's significant contribution to client engagements, his leadership of key strategic initiatives and his significant contributions in building the brand of the firm. The Compensation Committee noted that in 2013 Mr. Altman contributed to many of the Company's most significant client relationships and continued its long standing practice of taking into account revenues generated directly or indirectly by an Advisory SMD in determining Mr. Altman's bonus. The Compensation Committee also noted that he was deeply involved in many of our partner recruiting initiatives.

Mr. Walsh: Mr. Walsh was awarded a discretionary annual bonus with a value of \$1.45 million for 2013, a 7.4% increase from the prior year. In determining Mr. Walsh's bonus, the Compensation Committee took into account the success of our business, his management and oversight of the operating risks of our businesses, and his sustained focus on controlling the cost of operations, as well as the overall financial performance of the Company.

Mr. Sibbald: Mr. Sibbald was awarded a discretionary annual bonus with a value of \$1.84 million. In determining this amount, the Compensation Committee principally took into account revenues generated by Mr. Sibbald as a senior partner in the European Advisory business. The value of Mr. Sibbald's annual bonus for 2013 was 52.6% less than his annual bonus for 2012.

Mr. Aspe: Mr. Aspe was awarded a discretionary annual bonus with a value of \$5.50 million for 2013, a 136.1% increase from the prior year, in recognition of the outstanding results of Evercore Partners Mexico in 2013, which achieved record results for a second straight year. In determining Mr. Aspe's bonus, the Compensation Committee took into account his leadership in the growth and success in the development and structuring of financing Real Estate Investment Trusts (REITs) in Mexico, the successful launch of EMP III, a private equity fund focused on middle market investments in Mexico, record results in the Public Finance markets, and the sustained profitability of Evercore's money market business in Mexico.

The Compensation Committee also reviewed compensation awarded to certain other employees to assess internal balance and consistency in compensation levels, including: (a) for Mr. Schlosstein, the bonus amounts payable to other NEOs, (b) for Messrs. Altman, Aspe, Sibbald and Schlosstein the bonus amounts payable to other SMDs devoted to generating revenue through existing or new client relationships and (c) for Mr. Walsh, the bonus amounts payable to SMDs who did not have client revenue-generating responsibilities. The Compensation Committee, however, did not fix internal pay ratios at any specified levels.

Table of Contents**2. A Significant Portion of Annual Bonuses Is in the Form of Equity and Is Subject to Multi-Year Vesting**

Consistent with past practice, the Compensation Committee decided to require that a large portion of 2013 incentive compensation for NEOs be subject to future service (that is, vesting) requirements. We refer to this portion of our NEO's compensation as deferred compensation because it will not be delivered until a future year (and then, only if applicable vesting requirements have been met). In 2013, NEOs received 50% of their annual bonuses as deferred compensation which was awarded in the form of RSUs, which vest over four years of continuous employment, subject to specified exceptions. See **Employment Agreements and Equity Awards Evercore Equity Awards** for a discussion of the terms of these awards. In 2011, the Compensation Committee adopted a supplemental deferred compensation program under which deferred cash awards are payable (at the election of the recipient) in either additional RSUs or in deferred cash awards. The deferred cash awards are account-based arrangements that track a hypothetical investment in mutual funds selected by the employee from unaffiliated registered mutual funds. There were no deferred cash awards granted for 2012 or 2013 performance for our NEOs.

3. Alternative Presentation of Annual Compensation

The following table is presented to show how the Compensation Committee viewed annual compensation for our NEOs for their 2013 performance, and includes base salary as well as year-end cash and equity bonus awards for 2013 performance, granted in February 2014. This table differs substantially from the Summary Compensation Table on page 41 and is not a substitute for that table. The Summary Compensation Table that appears on page 41 provides compensation information as required by SEC regulations, and therefore reflects for 2013 the grant date value of equity awarded during the 2013 calendar year (that is, those granted in February 2013 for 2012 performance), while not including the awards granted in February 2014 for 2013 performance. 4. Use of Equity Awards for the CEO and the Inclusion of Performance-Based Vesting Terms

Our executive officers are granted awards under just one equity plan, our Amended and Restated 2006 Evercore Partners Inc. Stock Incentive Plan, or Company's Plan. We have a Long-term Incentive Plan for the SMDs in our Advisory business, but none of our executive officers are eligible to participate in it. Equity-based awards in the form of RSUs represent a substantial portion of our CEO's annual total direct compensation. We believe that compensation in the form of RSUs helps to emphasize the importance of long-term performance (the RSUs that we grant are unvested and deliver over four years) to align the interests of employees and stockholders.

On two occasions we have granted special equity awards to our CEO, but in each such case these awards have been subject to performance vesting conditions based on achievement of stock price targets, as well as time-based vesting. These included: (1) a grant of 900,000 performance-based RSUs upon his commencement of employment with us in 2009 and (2) a special award of 50,000 performance-based RSUs in January 2013 in recognition of the continuous improvement in the financial performance of the Company during his term as CEO and to continue to incentivize his focus on the firm's long-term interests. The 2009 grant has satisfied the stock market conditions and will vest in May 2014 if Mr. Schlosstein is employed with us at such time. The January 2013 grant has satisfied the stock market conditions and will vest in January 2017 if Mr. Schlosstein is employed with us at such time. The January 2013 grant is reflected in our Summary Compensation Table, Grants of Plan-Based Awards and Outstanding Equity Awards tables this year, and is described further under **Employment Agreements and Equity Awards Special Equity Award for Mr. Schlosstein**. No such special award has been granted since January 2013.

The charts below show the percentage of Mr. Schlosstein's pay that has been equity-based and the percentage of equity-based compensation that has been subject to performance vesting conditions since he joined us in 2009.

Our Rationale for Agreements that Provide for Payments to Executives upon the Occurrence of Specified Events

The employment agreements we entered into with some of our NEOs provide for severance payments. In addition, some of those agreements provide for additional payments in connection with a severance that occurs after a change in control (including, for Messrs. Altman and Aspe, a payment to compensate them for excise taxes that could arise in such circumstances). We believe that these severance and change in control arrangements mitigate some of the risk that exists for executives working in a relatively new public company and, for Messrs. Altman and Aspe, will make them whole in the case of any potential tax penalty in connection with a change of control.

Table of Contents

In addition, due to the fact that there has historically been significant acquisition activity in the financial services industry, there is a possibility that we could be acquired in the future. Accordingly, we believe that severance and change in control arrangements are necessary to enable key executives to evaluate objectively the benefits to our stockholders of a proposed transaction, notwithstanding its potential effects on their own job security.

Process and Timing for Grants of Bonuses and Equity Awards

The Compensation Committee determines and authorizes all annual bonus amounts (whether payable in cash, equity or other deferred compensation) to NEOs shortly after year-end, at or around the time the Board reviews the fourth quarter earnings release. The specific number of shares subject to equity awards for NEOs with respect to 2013 performance was determined by dividing the dollar value of awarded equity by the simple average of the high and low average share price during each day of the 10-trading-day period from January 29, 2014 through February 11, 2014.

Assessment of Risk

Our compensation programs are designed not to encourage excessive risk-taking. The base salary component of compensation does not encourage risk-taking because it is a fixed amount. In addition, there are several other factors associated with our equity ownership, incentive compensation programs and CEO compensation that discourage inappropriate or excessive risk-taking:

While bonuses to our Advisory business SMDs are generally determined with reference to Company financial performance, most of those SMDs hold equity stakes far in excess of annual bonus payments, which means the majority of their economic interests are aligned broadly with stockholders' interests rather than with specific metrics. In early 2014, our Compensation Committee formalized our practice of encouraging equity retention by SMDs through the adoption of equity ownership guidelines applicable to all SMDs. See **Linkage of Management and Stockholder Interests** above for a description of these guidelines;

Bonuses for NEOs are based on an overall review of a variety of factors, which removes any incentive an executive may have to incur risks in order to achieve specific benchmark metrics;

A substantial portion of most bonuses is paid in equity and, in general, the portion of the bonus paid in equity increases with the seniority of the recipient and the size of the bonus;

Our RSUs, including those awarded as part of our annual bonus program, generally vest over four years, which encourages an appropriately long-term focus;

Members of the Compensation Committee apply discretion in the establishment of the size of our bonus pool, the percentage split of our bonus pool between cash and equity and the terms of our equity awards;

Many of our investment management employees have interests in their individual business units, and thus are directly exposed to the risks inherent in their own decision-making; and

We believe that RSUs are an appropriate form of deferred equity compensation because, unlike other forms of equity awards, such as options, they encourage the holder to think like a stockholder from the date of grant, including, for example, by being exposed to downside risk from stock price drops.

Table of Contents***Tax and Accounting Considerations***

The Compensation Committee believes that there are circumstances where the provision of compensation that is not fully tax deductible may be more consistent with our compensation philosophy and objectives and/or may be in our best interests and those of our stockholders. The Compensation Committee's ability to exercise discretion and to retain flexibility in this regard may, in certain circumstances, outweigh the advantages of qualifying all compensation as deductible, or causing all compensation expenses to be accounted for in a particular fashion. Accordingly, the Compensation Committee reserves the authority to award compensation that may not be fully deductible. However, we structure compensation in a manner intended to avoid additional taxes, interest or penalties under Section 409A of the Code.

- (1) The amounts reflected in the Bonus column for 2011 for Mr. Sibbald include \$195,000 in deferred cash awards, which are subject to vesting. There were no deferred cash awards granted to NEOs in 2014 for 2013 performance.
- (2) The amounts reflected in the Stock Awards column represent the grant date fair value of the awards made during the identified fiscal year, as computed in accordance with FASB ASC Topic 718. Equity awards for 2013 performance were granted in 2014 and, therefore, in accordance with SEC rules, are not shown here. The amounts shown in this column for 2013 reflect the grant date fair value of equity awards granted in 2013 for 2012 performance. The grant date fair value of the awards is based on the average of the high and low trading price of the Class A common stock on the grant date other than with respect to the special equity award of 50,000 unvested performance-based RSUs granted to Mr. Schlosstein in 2013, which is discussed below in footnote 3. With respect to Mr. Schlosstein for 2013, the aggregate grant date fair value of \$3,363,589 relates to the special equity award granted in January 2013 of 50,000 RSUs with a grant date fair

Table of Contents

value of \$1,330,000 and 52,150 RSUs granted in February 2013 with respect to 2012 performance with a grant date fair value of \$2,033,589. With respect to Mr. Sibbald for 2011, the grant date fair value of \$5,469,223 in equity awards relates exclusively to the 240,564 unvested restricted shares of Class A common stock that Mr. Sibbald was granted in accordance with the Lexicon Agreement. The terms of such awards are described in **Related Person Transactions and Other Information Acquisition of Lexicon** above and **Outstanding Equity Awards at 2013 Fiscal Year-End** below.

- (3) All Other Compensation for 2013 consists of a £43,750 contribution by us into a U.K. tax-qualified defined contribution plan for the benefit of Mr. Sibbald. See footnote 5 below for a description of the rate and methodology used to convert this amount to dollars. The incremental costs of perquisites and other personal benefits to each NEO were less than \$10,000, and therefore information regarding perquisites and other personal benefits has not been included.

Each of our NEOs also received dividend equivalents RSU and restricted stock awards issued under the terms of previously granted equity awards. Consistent with SEC rules, the value of these dividend equivalents has not been included in this table because the right to receive future dividends was factored into the grant date fair value of the initial awards under FASB ASC Topic 718. 2012 and 2011 amounts have been restated to conform to this presentation. See **Outstanding Equity Awards at 2013 Fiscal Year-End** for information on dividend equivalent awards held by our NEOs.

- (4) The amount for Mr. Schlosstein includes a grant date fair value of \$1,330,000 for the special equity award of market-based RSUs based on an independent valuation of the probable outcome of the market condition of such award, determined as of the grant date in accordance with FASB ASC Topic 718. If market conditions had not been associated with the award, the fair market value would have been determined using the daily average of the high and low prices of Evercore on the January 29, 2013 grant date and would have been \$1,770,750.
- (5) The amounts related to Mr. Sibbald were paid in British pounds; however, Mr. Sibbald's salary and bonus were calculated and approved in U.S. dollars. Mr. Sibbald's salary, bonus and the contribution to a defined contribution plan made by us for the benefit of Mr. Sibbald were converted at an exchange rate of £0.625 to U.S. \$1.00. Because Mr. Sibbald became a Member of Evercore Partners International during 2011 upon the closing of the Lexicon transaction, his salary and bonus amounts for 2011 reflect a partial year.

Options Exercised and Stock Vested in 2013

Although we have the authority to issue stock options since our IPO, we have not issued any stock options. Accordingly, the below table is with respect to the vesting of RSUs and other stock-based awards.

Name	Stock Awards	
	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting \$(2)
Ralph Schlosstein	56,353	2,187,094

On October 23, 2013, the Board released the transfer restrictions on 63,567 of such vested restricted shares that otherwise would have been released on or before June 30, 2014 pursuant to the Lexicon Agreement. The transfer restrictions on the remaining 21,189 restricted shares will be released on or before June 30, 2014.

Nonqualified Deferred Compensation for 2013

As discussed above, the portion of our NEOs' annual bonuses that is not paid in RSUs or current cash is paid in the form of deferred cash. This deferred cash represents a contractual, unsecured right to a payment in the future, upon satisfaction of service-based vesting conditions. The vesting schedule is substantially equal annual

Table of Contents

installments over four years, subject to accelerated vesting upon death, disability, change in control, qualifying retirement and, for deferred cash awards granted in connection with 2011 bonuses, termination without cause. While the vesting schedule for deferred cash awards is substantially equal annual installments over four years, it reflects the fact that these awards are denominated in dollars rather than shares. Thus, 25% of the then-current account balance will become vested and will be delivered on the first anniversary of the grant date, 33% of the then-current account balance will become vested and will be delivered on the second anniversary of the grant date, 50% of the then-current account balance will become vested and will be delivered on the third anniversary of the grant date and 100% of the then-current account balance will become vested and will be delivered on the fourth anniversary of the grant date. See **Compensation Discussion and Analysis Principal Components of Annual Executive Compensation** above and **Potential Payments Upon Termination of Employment or Change in Control** below for a further description of the vesting schedule and acceleration of vesting of the deferred cash awards.

Deferred cash is credited under this arrangement when annual bonuses are declared (generally, in February of the year following the year to which the bonus relates). Pending distribution, these deferred cash amounts are notionally invested in one or more registered mutual funds selected by the executive from a list of funds established by us. Currently, the list of available funds is based on those available under our 401(k) plan. Executives have a limited opportunity to reallocate their deferred cash among the available funds from time to time.

- (1) There were no deferred cash awards granted to any of these executives for 2013 performance.
- (2) Amounts shown as earnings reflect gains and losses on hypothetical investments in one or more registered mutual funds.
- (3) Other than with respect to Mr. Sibbald, distributions of deferred cash occur within two and one-half months following the applicable vesting date. With respect to Mr. Sibbald, a distribution of deferred cash was paid out on April 22, 2013, with one-third of the remaining balance to be paid out in each of April 2014, April 2015 and April 2016.
- (4) Of the amounts in this column, the deferred cash awards granted to Messrs. Aspe, Sibbald and Walsh of \$203,860, \$155,385 and \$91,101, respectively, have been disclosed in the Summary Compensation Table in previous proxy statements of the Company.

Table of Contents**Potential Payments Upon Termination of Employment or Change In Control**

The following table describes the potential incremental payments and benefits to which our NEOs would be entitled upon termination of employment or a change in control. All calculations in this table are based on an assumed termination date of December 31, 2013 and the completion of a full fiscal year, and all defined terms are as defined in the respective employment agreements of each NEO, which are summarized below under **Employment Agreements and Equity Awards**. The amounts shown in the table below do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment, such as continuation of health care benefits through the end of the month of the termination of employment. While our NEOs' rights in respect of RSUs granted in connection with bonuses and deferred cash awards are subject to continued vesting upon a qualifying retirement, as described above, none of our NEOs have given the advance notice required for such qualifying retirement. Accordingly, none of our NEOs would have been eligible for this benefit as of December 31, 2013 and this benefit is therefore not illustrated in the table below for those awards.

Note that approximately 50% of the annual bonus payable to Mr. Altman would have been paid in the form of restricted securities, subject to time-based vesting over a period of up to four years, but we have assumed for illustrative purpose only that when paid in connection with a severance event, Mr. Altman would have been paid the entire annual bonus in cash with no grants of equity securities subject to vesting.

The fair market value of the Evercore LP limited partnership units held by Mr. Schlosstein and the Trust as of December 31, 2013 is determined using the same methodology utilized in the independent valuation received by the Company at the time that Mr. Schlosstein and the Trust purchased the units.
- (12) This amount represents the value of 46,904 otherwise unvested RSUs, based on the closing price of our Class A common stock on December 31, 2013 (\$59.78).
- (13) This amount represents the deferred portion of Mr. Walsh's 2010 annual bonus, as adjusted for earnings and losses.
- (14) This amount represents the value of 34,972 otherwise unvested RSUs, based on the closing price of our Class A common stock on December 31, 2013 (\$59.78).
- (15) Pursuant to his employment agreement, Mr. Sibbald is entitled to 6 months' prior notice of a termination of employment. We may pay Mr. Sibbald his base compensation and provide other customary benefits in lieu of providing such notice. However, we have assumed for purposes of this table that Mr. Sibbald had been provided with notice of termination no later than June 30, 2013.
- (16) Of this amount, \$4,513 represents the value of 75,490 otherwise unvested RSUs and \$10,219 represents the value of 170,941 shares of our Class A common stock that will be received by Mr. Sibbald pursuant to the Lexicon Sale and Purchase Agreement based on the closing price of our Class A common stock on December 31, 2013 (\$59.78). Note that approximately 50% of the annual bonus payable to Mr. Aspe would have been paid in the form of restricted securities, subject to time-based vesting over a period of up to four years, but we have assumed for illustrative purposes only that when paid in connection with a severance event, Mr. Aspe would have been paid the entire annual bonus in cash with no grants of equity securities subject to vesting.

Beutner at the time of the IPO).

- (26) This amount represents the estimated present value of the employer-paid portion of premium payments for 36 months of medical, dental and vision insurance coverage.
- (27) If payments or benefits provided to the executive in connection with a change in control result in an excess parachute payment excise tax being imposed on the executive, he is entitled to a gross-up payment equal to the amount of the excise tax, as well as the excise tax and income tax on the gross-up payment. This amount represents the estimated gross-up payment that would be made to the executive in the event his employment is terminated by us without cause or by the executive for good reason on December 31, 2013, within six months prior to or anytime following a change in control.

Employment Agreements and Equity Awards

Employment Agreements with Messrs. Altman and Aspe

We have entered into substantially similar employment agreements with each of Messrs. Altman and Aspe (each, for purposes of summary of these two agreements only, an "Executive"). Pursuant to the terms of Mr. Altman's employment agreement, Mr. Altman will have automatic, successive one-year extensions of his employment expiring on August 16 of the relevant year, unless either party gives the other 60 days' prior notice that the term will not be extended. Pursuant to the terms of Mr. Aspe's employment agreement, Mr. Aspe serves as an SMD of Evercore LP, Co-Chairman of the Board, a member of the Board and chief executive officer of Evercore Partners Mexico, for automatic, successive one-year extensions of his employment expiring on August 16 of the relevant year, unless either party gives the other 60 days' prior notice that the term will not be extended.

Mr. Altman's and Mr. Aspe's employment agreement provides for an annual base salary of \$500,000 and each Executive is entitled to an annual bonus as determined in the discretion of the Compensation Committee. According to their employment agreements, up to 50% of the annual bonus payable to the Executives may be payable in the form of our restricted securities, with such restricted securities vesting in four equal annual installments (or at such faster rate as may be applicable to restricted securities issued to our other SMDs), which may accelerate upon death, disability, change in control or retirement eligibility.

Pursuant to each employment agreement, if the Executive's employment terminates prior to the expiration of the term due to his death or disability, the Executive would be entitled to receive (1) any base salary earned but unpaid through the date of termination; (2) reimbursement for any unreimbursed business expenses properly incurred by the Executive; (3) such employee benefits, if any, as to which the Executive may be entitled under our employee benefit plans (the payments and benefits described in (1) through (3) are referred to as the "accrued rights"); (4) lump sum payments equal to the Executive's earned but unpaid annual bonus, if any, payable in respect of the fiscal year immediately preceding the fiscal year in which the termination occurs, to be paid when such bonus would have otherwise been payable had the Executive's employment not terminated; and (5) a pro-rated portion of the annual bonus, calculated based on the number of months (and any fraction thereof) the Executive is employed during the fiscal year in which a termination of employment occurs and in respect of which such bonus is payable, relative to 12 months.

If the Executive's employment is terminated prior to the expiration of the term (or such extension thereof) by us without cause (as defined below) or by the Executive for good reason (as defined below) or if we elect not to extend the term (each a "qualifying termination"), the Executive would be entitled, subject to his compliance with specified restrictive covenants, to (A) a lump sum payment equal to two times (three times in the case of a qualifying termination that occurs on or following our "change in control" (as defined in the employment agreement)) the greater of (x) the sum of (1) his annual base salary and (2) his average annual bonus for the three most recently completed fiscal years and (y) the average of the aggregate amount of cash compensation payable to our three most highly paid executives in the most recently completed fiscal year; (B) any accrued rights (as defined above); (C) lump sum payments equal to the Executive's earned but unpaid annual bonus, if any, payable in respect of the fiscal year immediately preceding the fiscal year in which the termination occurs, to be paid when such bonuses would have otherwise been payable had the Executive's employment not terminated; and (D) a pro-rated portion of the annual bonus, calculated based on the number of months (and any fraction thereof) the Executive is employed during the fiscal year in which a termination of employment occurs and in respect of which such bonus is payable, relative to 12 months. The Executive would also be entitled to receive continued coverage for the Executive and his spouse and dependents under our medical plans for two years (three years in the case of a qualifying termination that occurs on or following a change in control), subject to payment by the Executive of the same premiums he would have paid during such period of coverage if he were an active employee. Any termination by us without cause within six months prior to the occurrence of a change in control would be deemed to be a termination of employment on the date of such change in control. The severance benefits payable to the Executive are conditioned on his continued compliance with specified confidentiality, non-solicitation and proprietary information covenants following his termination.

of employment with us. For purposes of the employment agreements of Messrs. Altman and Aspe, *cause* means the occurrence of: (1) the Executive's breach of a material obligation under the governing documents of our entities, (2) the Executive's conviction of, or plea of guilty or nolo contendere in respect of, any felony, (3) the Executive's perpetration of a fraud against us, (4) the Executive's willful and continued failure to perform his duties to us or (5) any willful misconduct by the Executive which could reasonably have an adverse effect on his ability to function as our employee or on our business or reputation. For purposes of the employment agreements of Messrs. Altman and Aspe, *good reason* means: (1) our failure to pay the Executive's base salary and annual bonus (if such amounts become payable to the Executive), (2) the failure to re-elect the Executive as a member of the Board, (3) any diminution in the Executive's title or authority with us or (4) our failure to provide the Executive with the employee benefits or perquisites provided for in the employment agreement.

In the event of a termination of an Executive employment which is not a qualifying termination or a termination due to the Executive's death or disability (including if the Executive resigns without good reason), the Executive would be entitled to receive any accrued rights (as defined above).

The Executives also entered into confidentiality, non-solicitation and proprietary information agreements with us. Pursuant to these agreements, the Executives are subject to a covenant not to (1) compete with us while employed and for 24 months following his termination of employment for any reason and (2) solicit our employees, consultants and certain actual and prospective clients while employed and for 12 months following his termination of employment for any reason, in each case, subject to certain specified exclusions.

If a dispute arises out of the employment agreement with the Executive, we would pay the Executive's reasonable legal fees and expenses incurred in connection with such dispute if the Executive prevails in substantially all material respects on the issues presented for resolution.

In addition, if payments or benefits provided to each of Messrs. Altman and Aspe under an employment agreement or any other plan or agreement in connection with a change in control result in an excess parachute payment excise tax being imposed on the Executive, he would be entitled to a gross-up payment equal to the amount of the excise tax, as well as the excise tax and income tax on the gross-up payment.

Employment Agreement with Mr. Schlosstein

Effective May 21, 2009, we entered into an employment agreement with Mr. Schlosstein. Pursuant to the terms of Mr. Schlosstein's employment agreement, Mr. Schlosstein serves as our CEO and as a member of the Board, for a term of five years. Mr. Schlosstein's employment agreement provides for an annual base salary of \$500,000 and an annual incentive bonus determined in the sole discretion of the Compensation Committee. According to his employment agreement, up to 50% of the annual incentive bonus payable to Mr. Schlosstein may be payable in the form of our restricted securities, with such restricted securities vesting based on the continued service of Mr. Schlosstein.

Pursuant to his employment agreement, if Mr. Schlosstein's employment is terminated by us for *cause* (as defined below) or if Mr. Schlosstein resigns without *good reason* (as defined below) prior to the expiration of the term, Mr. Schlosstein would be entitled to receive the accrued rights (as defined above under **Employment Agreements with Messrs. Altman and Aspe**).

If Mr. Schlosstein's employment is terminated prior to the expiration of the term as a result of his death or disability, or by us without *cause* or by Mr. Schlosstein for *good reason*, in addition to the accrued rights, Mr. Schlosstein would be entitled to: (1) a lump sum payment equal to Mr. Schlosstein's earned but unpaid annual incentive bonus, if any, payable in respect of the fiscal year immediately preceding the fiscal year in which the termination occurs, to be paid when such bonus would have otherwise been payable had Mr. Schlosstein's employment not terminated and (2) a pro-rated portion of the annual incentive bonus, calculated based on the number of months (and any fraction thereof) Mr. Schlosstein is employed during the fiscal year in which a termination of employment occurs and in respect of which such bonus is payable, relative

to 12 months. In addition, (1) any restricted stock or RSUs granted to Mr. Schlosstein as payment of his annual incentive bonus will become fully vested; (2) the RSUs granted to Mr. Schlosstein in connection with his commencement of employment with us will become vested to the extent the applicable share price targets have been achieved; and (3) subject to the terms of our Partnership Agreement, as amended, our option to repurchase Mr. Schlosstein's Class B-3 Units of the Evercore LP and the restrictions on the ability to exchange such Class B-3 Units into shares of Class A common stock will each lapse. The benefits payable to Mr. Schlosstein are conditioned on his execution and delivery of a general release of claims against us and on his continued compliance with specified confidentiality, non-solicitation and proprietary information covenants following his termination of employment with us. For purposes of Mr. Schlosstein's employment agreement, cause and good reason have substantially the same meanings as defined in Mr. Altman's and Mr. Aspe's employment agreements, as described above.

In connection with his employment agreement, Mr. Schlosstein also entered into a confidentiality, non-solicitation and proprietary information agreement with us. Pursuant to this agreement, Mr. Schlosstein is subject to a covenant not to (1) compete with us while employed and for 12 months following his termination of employment for any reason and (2) solicit our employees, consultants and certain actual and prospective clients while employed and for 12 months following his termination of employment for any reason, in each case, subject to certain specified exclusions. Notwithstanding the foregoing, in the event of a termination of Mr. Schlosstein's employment without cause or for good reason, the non-competition and non-solicitation restrictions will only apply for six months and only if we elect to pay Mr. Schlosstein's base salary and provide continued medical plan coverage during such period.

If a dispute arises out of the employment agreement with Mr. Schlosstein, we would pay Mr. Schlosstein's reasonable legal fees and expenses incurred in connection with such dispute if he prevails in substantially all material respects on the issues presented for resolution.

Special Equity Award for Mr. Schlosstein

The Compensation Committee, on January 29, 2013, agreed to grant to Mr. Schlosstein, in accordance with and pursuant to the terms of the Company's Plan, 50,000 RSUs, subject to performance-based and time-based vesting conditions as described below. Such grant was made pursuant to a separate award agreement.

In particular, the RSUs vest as follows: (1) on the fourth anniversary of the grant date, provided that Mr. Schlosstein remains in continuous employment through such date and the Company's stock price has by then closed at or above \$45 for 20 consecutive trading days; or (2) if prior to the fourth anniversary of the grant date, Mr. Schlosstein's employment terminates due to (a) termination by the Company without cause (as defined in the award agreement), (b) his death or (c) his disability (as defined in the Company's Plan), if, in each case, the Company's stock price has closed at or above \$45 for 20 consecutive trading days (which has since occurred). Shares will be deliverable upon vesting and will be eligible for net settlement for withholding tax purposes. The RSUs include dividend equivalent rights payable in the form of additional RSUs, which additional RSUs will vest and be settled on the same terms as the original RSUs to which they relate. RSUs not previously settled in shares of Class A common stock are subject to forfeiture in the event of a breach of certain restrictive covenants.

Schedule of Terms with Mr. Sibbald

In connection with the acquisition of Lexicon, we entered into a Schedule of Terms with Mr. Sibbald, effective August 19, 2011. Pursuant to such Schedule of Terms and related agreements, Mr. Sibbald became a member and CEO of Evercore Partners International.

Mr. Sibbald is entitled to take such monthly drawings as advised by the Executive Committee of Evercore Partners International, from time to time, subject to a minimum monthly drawing of £20,833 (approximately \$33,333, based on an exchange rate for 2013 of £0.625 to U.S. \$1.00). The Executive Committee of Evercore

Table of Contents

Partners International is solely responsible in its absolute discretion for determining Mr. Sibbald's share of the distributable cash of Evercore Partners International. Evercore Partners International will also pay 17.5% of his monthly drawing into a proposed pension plan selected by Mr. Sibbald, subject to tax limits that may apply from time to time, and provide death in service benefits equal to four times his annual drawings and other health and welfare benefits offered to other members.

Mr. Sibbald may elect to terminate his membership with or without good reason (as defined below) upon six months' prior written notice to Evercore Partners International, and Evercore Partners International may terminate Mr. Sibbald's membership without cause (as defined below) by providing six months' prior written notice to him. Upon a termination, Evercore Partners International may elect to pay Mr. Sibbald in lieu of part or all of any notice. This payment will consist of Mr. Sibbald's permitted drawings and other customary benefits as provided for in the Schedule of Terms. Evercore Partners International may terminate Mr. Sibbald's membership for cause with no notice.

For purposes of Mr. Sibbald's Schedule of Terms, good reason means the occurrence of (1) a reduction in Mr. Sibbald's drawings or the other benefits provided for in his Schedule of Terms or a diminution in his title or status (such that he is no longer a SMD); (2) Mr. Sibbald's dismissal, if the Executive Committee so determines, for not participating in a capital call in accordance with the Evercore Partners International Deed; (3) Mr. Sibbald's removal from office as CEO of Evercore Partners International, or chairman of Evercore Partners International, or Executive Committee representative of Evercore Partners International without such removal having first been ratified by the Executive Committee; (4) a material, unremedied breach by Evercore Partners International or its corporate members of the terms of the Evercore Partners International Deed or Mr. Sibbald's Schedule of Terms; (5) any other circumstances that, were Mr. Sibbald an employee of Evercore Partners International, would amount to a fundamental breach of his contract of employment; or (6) any other circumstance which a Queen's Counsel of at least 25 years' call who specializes in employment law confirms would have had a real prospect of success as a claim for dismissal for good reason had Mr. Sibbald been an employee of Evercore, Evercore Partners International or any of their respective affiliates; however, neither removal from any directorship of Evercore Partners International or any of its subsidiaries or from any regulatory office which Mr. Sibbald performs pursuant to certain rules or regulations, nor the making of any amendments to the terms and conditions of his benefits provided for in his Schedule of Terms to the extent required to comply with changes in all applicable law and regulation, would be deemed to be good reason.

In addition, for purposes of Mr. Sibbald's Schedule of Terms, cause means the occurrence of (1) a material breach by Mr. Sibbald of his Schedule of Terms or the Evercore Partners International Deed or any other material breach by Mr. Sibbald of his duties; (2) Mr. Sibbald's failure to pay over or refund to Evercore Partners International any money for which he is accountable to Evercore Partners International in excess of £5,000 (approximately \$8,000, based on an exchange rate for 2013 of £0.625 to U.S. \$1.00) within 14 days after being required in writing to do so by the executive committee; (3) Mr. Sibbald becoming subject to the bankruptcy laws or entering into any composition or arrangement with or for the benefit of his creditors; (4) Mr. Sibbald acting in any respect contrary to the good faith or goodwill which ought to be observed between members of Evercore Partners International or in a manner tending to bring Evercore Partners International into disrepute that, in any such case, has a material adverse effect on the business; (5) Mr. Sibbald being absent from the business for a material period of time on a material number of occasions; (6) Mr. Sibbald misusing confidential information in a manner that has a material adverse effect on the business; (7) Mr. Sibbald's (a) conviction of an offense under any law or regulation relating to insider dealing or, through any act or omission on his part, breached or caused Evercore Partners International to breach any securities laws, or any rules or regulations to which Evercore Partners International is or may be bound, in a manner that has a material adverse effect on the business, (b) breach of the provisions of the Evercore Partners International compliance manual in a manner which has a material adverse effect on the business, (c) conviction of a criminal offense or being reasonably suspected by the CEO of the Company after having made all reasonable enquiries, of being guilty of fraud, theft, criminal damage or willful dishonesty, (d) abuse of alcohol in the course of conducting the business or while on the premises of Evercore Partners International or (e) assault on any person during the conduct of his duties or

Table of Contents

while on the premises of the Company, Evercore Partners International or any of their respective affiliates or any client of the Company, Evercore Partners International or any of their respective affiliates; (8) Mr. Sibbald committing arson of property or sabotage of machinery and/or materials which are on the premises of or belong to the Company, Evercore Partners International or any of their respective affiliates or any client of the Company, Evercore Partners International or any of their respective affiliates or any act or omission constituting unlawful discrimination (directly, indirectly or by association) on grounds of sex, race, disability, age, sexual orientation or religion or belief, or harassment on any of these grounds; (9) Mr. Sibbald giving false information on employment, health and previous experience relevant to his appointment as a member of Evercore Partners International; or (10) following receipt of a written warning from the CEO of the Company, Mr. Sibbald failing to remedy within 10 business days what the CEO of the Company and a super majority of the senior SMDs acting fairly, reasonably, on a fully informed basis and in good faith conclude was a deliberate and unreasonably continuous disregard of his fundamental obligation to commit time and effort to the performance of his duties pursuant to the Evercore Partners International Deed of such magnitude as to justify his summary dismissal. This definition of *cause* is broader than the definition of *cause* under the Lexicon Agreement. See **Related Person Transactions and Other Information Acquisition of Lexicon** above for an overview of the *cause* definition under the Lexicon Agreement.

If Mr. Sibbald's service is terminated due to his death, permanent incapacity, being removed without cause (which includes constructive termination) or qualifying retirement, or if Mr. Sibbald terminates his service with Evercore Partners International in connection with our failure to provide Evercore Partners International sufficient regulatory capital, working capital or insurance coverage or another material breach of provisions of the Evercore Partners International Deed, then he would be deemed to be a *good leaver* and in all other circumstances, he would be deemed to be a *bad leaver*. If Mr. Sibbald is deemed to be a good leaver, he will be entitled to retain any unvested deferred compensation and if Evercore has also committed a material breach of the Evercore Partners International Deed, then he will be released from his post-membership restrictive covenant obligations.

Under the Schedule of Terms, Mr. Sibbald agreed to specified restrictive covenants. During his membership (including the six-month notice periods discussed above) and, until the vesting of all of the unvested restricted shares that Mr. Sibbald will receive in accordance with the Lexicon Agreement, for six months afterwards, Mr. Sibbald is subject to a covenant not to (1) compete with us, Evercore Partners International or any of our and Evercore Partners International's respective affiliates and (2) solicit our or their employees, and certain actual and prospective clients, in each case, subject to specified exclusions. Notwithstanding the foregoing, in the event Mr. Sibbald elects to terminate the Schedule of Terms for good reason, he would no longer be subject to the notice requirements and restrictive covenants, if at the time of such termination there are no circumstances which would give Evercore Partners International grounds for his dismissal for cause.

Mr. Sibbald is also subject to standard confidentiality and proprietary information covenants set forth in the Schedule of Terms.

Evercore Equity Awards

Our RSUs vest in substantially equal annual installments over four years, subject to accelerated vesting upon death, disability, change in control, qualifying retirement and, with respect to RSUs granted in connection with 2011, 2012 and 2013 bonuses, termination without cause. When deferred compensation is awarded in the form of RSUs, the RSUs include dividend equivalent rights payable in the form of additional RSUs, which additional RSUs will vest and be settled on the same terms as the original RSUs to which they relate.

RSUs granted in connection with bonuses will continue to be paid (or released from restriction) on the original vesting schedule following a qualifying retirement as long as the recipient complies with his or her non-competition commitments, gives one year's advanced notice of his or her decision to retire and, at the time of retirement, (a) is at least 55 years old and has completed at least five years of continuous service with the

Table of Contents

Company and (b) his or her age plus years of service exceeds 65 (70 in the case of 2009 and 2010 bonuses). If a qualified retiree violates his or her non-competition commitments at any time before a scheduled release date, the undelivered shares will be forfeited. Because the general vesting period of these awards is four years, this will provide an incentive for qualified retirees to refrain from competition or client solicitation for up to four years.

The vesting of deferred compensation awards granted in connection with 2011, 2012 and 2013 bonuses is also subject to accelerated vesting upon a termination of the recipient's service by us without cause, subject to his or her execution of a general release of claims against us and our affiliates. For this purpose, cause for U.S. partners and employees generally means (1) the employee's material breach of any restrictive covenants or any of our published policies (including our Code of Ethics); (2) any act or omission by the employee that causes us or the employee to be subject to discipline under any law, rule or regulation related to our business, or any rule of any exchange or association of which we are a member; (3) the employee's conviction of, or plea of guilty or no contest to, any felony; (4) the employee's participation in any fraud or embezzlement; (5) gross negligence or willful misconduct by the employee in the course of employment or the employee's deliberate and continuous disregard of his or her material duties; or (6) the employee's commission of any act or making of any statement that impairs, impugns, denigrates, disparages or otherwise negatively reflects on us or our reputation or business interests. For non-U.S. partners and employees, the cause definition is substantively similar.

PROPOSAL 2 NON-BINDING, ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act and Exchange Act Rule 14a-21(a), we are including in the Proxy Statement a separate resolution to approve, in a non-binding, stockholder advisory vote, the compensation paid to our NEOs as disclosed on pages 31-54. In 2011, our stockholders approved, on a non-binding, advisory basis, holding these non-binding, stockholder advisory votes on our executive compensation program once every three years. This vote represents our second non-binding, stockholder advisory vote on executive compensation.

Our stockholders overwhelmingly approved our executive compensation in the last advisory vote in 2011 with approximately 90% of voted shares cast in favor.

While the results of the vote are non-binding and advisory in nature, the Board intends to carefully consider the results of this vote in making future compensation decisions.

The language of the resolution is as follows:

RESOLVED, that the compensation paid to the company's Named Executive Officers, as disclosed in this Proxy Statement pursuant to the rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and any related narrative discussion, is hereby APPROVED.

As described further under the heading **Compensation of Our Named Executive Officers**, stockholders may wish to consider the following features of our executive compensation programs and actions by our Compensation Committee in connection with this advisory vote.

Performance Highlights. The following are highlights of the Company's 2013 U.S. GAAP performance:

TSR of 102% in the last year, 90% over the past three years and 443% over the past five years, outperforming the market

Repurchases of 2.5 million shares and Evercore LP limited partnership units during the year, returning \$128.2 million of cash to stockholders, including dividends, and more than offsetting the dilutive effects of annual bonus equity awards. In October 2013, our Board authorized the repurchase of additional shares of Class A common stock and Evercore LP limited partnership units so that going forward Evercore will be able to repurchase an aggregate of 5 million shares of Class A common stock and Evercore LP limited partnership units for up to \$250 million

Net Revenues of \$765.4 million, up 19% compared to 2012

Assets Under Management in consolidated businesses: \$13.6 billion, up 13% during 2013

Dividend increased to \$0.25 per share for the last quarter of 2013

Compensation Highlights. Our pay-for-performance compensation program is designed to reward performance and align the long-term interests of our executives with those of stockholders. The following are highlights of our 2013 NEO compensation structure, as determined by our independent Compensation Committee:

Edgar Filing: Evercore Partners Inc. - Form DEF 14A

No Change in Base Salaries. Base salary, which represents the only fixed portion of an NEO's compensation, continues to represent a minority of total compensation. We have not increased base salary for any of our NEOs since they joined us.

Annual Incentive Compensation 50% in Unvested Equity. For 2013, bonuses for NEOs were paid 50% in cash and 50% in RSUs that vest over four years. The Compensation Committee sets the bonus amount in its sole discretion and then allocates the amount between cash and RSUs and, as such, these RSUs are not paid as additional compensation.

Modest Compensation Increase Compared to Performance. Total annual incentive compensation for 2013 increased only 6% from 2012 for our CEO, as compared to a one-year TSR of 102%.

Our Board recommends that you vote **FOR this resolution.**

Proxies will be voted **FOR the approval of the resolution unless otherwise specified.**

REPORT OF THE AUDIT COMMITTEE

The duties and responsibilities of the Audit Committee are set forth in our Audit Committee Charter which can be found on our website, www.evercore.com, under the Investor Relations link. The Audit Committee has:

selected the independent registered public accounting firm to audit our books and records;

reviewed and discussed our audited financial statements for 2013 with management and with Deloitte, our independent registered public accounting firm, and has held, as appropriate, executive sessions with Deloitte without the presence of management;

discussed with our independent registered public accounting firm the matters required by the applicable standards of the Public Company Accounting Oversight Board in Rule 3200T, including the quality of our accounting principles, the reasonableness of management's significant judgments and the clarity of disclosures in the financial statements; and

received from Deloitte the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence and has discussed with Deloitte its independence.

In performing all of these functions, the Audit Committee acts in an oversight capacity. The Audit Committee reviews our respective quarterly and annual reports on Form 10-Q and Form 10-K prior to filing with the SEC. In its oversight role, the Audit Committee relies on the work and assurances of:

our management, which has the primary responsibility for establishing and maintaining adequate internal control over financial reporting and for preparing the financial statements, and other reports; and

the independent registered public accounting firm, which is engaged to audit and report on our and our subsidiaries' consolidated financial statements, management's assessment of the effectiveness of our internal control over financial reporting, and the effectiveness of our internal control over financial reporting.

Based on these reviews and discussions, and the reports of the independent registered public accounting firm, the Audit Committee recommended to the Board that the audited financial statements be included in our Form 10-K for the fiscal year ended December 31, 2013 filed with the SEC.

Audit Committee:

Curt Hessler, Chairman

Gail B. Harris

Francois de Saint Phalle

The information in this report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any of our filings under the Securities Act or the Exchange Act whether made before or after the date hereof and irrespective of any general incorporation language in any such filings.

Table of Contents**PROPOSAL 3 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Deloitte served as our independent registered public accounting firm for 2013. Our Audit Committee has selected Deloitte as our independent registered public accounting firm to perform the audit of our consolidated financial statements for 2014, as well as an audit of our internal control over financial reporting for 2014. Representatives of Deloitte are expected to be present at our Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Board Recommendation

The appointment of Deloitte as our independent registered public accounting firm is being submitted to our stockholders for ratification at the Annual Meeting. Our Board recommends that the stockholders vote **FOR** the ratification of the selection of Deloitte as our independent registered public accounting firm. The submission of the appointment of Deloitte is required neither by law nor by our Amended and Restated Bylaws. Our Board is nevertheless submitting it to our stockholders to ascertain their views. If our stockholders do not ratify the appointment, the selection of another independent registered public accounting firm may be considered by our Board. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.
