The Annual Meeting will be held on Tuesday, June 7, 2016, at 9:00 a.m. Pacific Time at the Company's corporate headquarters located at 3101 Jay Street, Santa Clara, CA 95054.

We have mailed the Notice of Internet Availability to all shareholders and beneficial owners of record as of the record date, April 15, 2016. GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Notice of Internet Availability

Instead of mailing a paper copy of our proxy materials, we have provided access to our proxy materials over the Internet, which are available at www.edocumentview.com/AMBA. If you are a shareholder of record, you also may view these materials at <http://www.envisionreports.com/AMBA>. In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission, the Notice of Internet Availability has been sent to our shareholders of record and beneficial owners as of the record date, April 15, 2016. The Notice of Internet Availability includes information on how to access the proxy materials, how to submit your vote via the Internet and how to request a paper copy of the proxy materials. By accessing the proxy materials on the Internet or choosing to receive your future proxy materials by email, you will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meeting of shareholders on the environment.

Appointment of Proxy Holders

The Board asks you to appoint Feng-Ming (Fermi) Wang, George Laplante and Michael Morehead as your proxy holders to vote your shares at the Annual Meeting. You make this appointment by voting your shares by proxy, as instructed in the Notice of Internet Availability.

If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this Proxy Statement. In the absence of your direction, they will vote your shares as recommended by the Board.

Table of Contents

Unless you otherwise indicate, you also authorize your proxy holders to vote your shares on any matters not known by the Board at the time this Proxy Statement was made available to shareholders and which may be properly presented for action at the Annual Meeting.

Who Can Vote

Only shareholders of record at the close of business on April 15, 2016 will be entitled to vote at the Annual Meeting. On this record date, there were 32,839,779 ordinary shares outstanding and entitled to vote. Each holder of ordinary shares is entitled to one vote for each share held as of April 15, 2016. There is no cumulative voting in the election of directors.

Shareholder of Record: Shares Registered in Your Name

If on April 15, 2016, your shares were registered directly in your name with Ambarella's transfer agent, Computershare Trust Company, N.A., then you are a shareholder of record. As a shareholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to vote your shares by proxy over the Internet, by telephone, or by mail as instructed in the Notice of Internet Availability to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 15, 2016, your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in "street name" and the Proxy Statement is being forwarded to you by that organization. The organization holding your account is considered to be the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

How You Can Vote

You may either vote "For" the nominees for Class I Director or you may "Withhold" your vote for the nominees. For each of the other matters to be voted on, you may vote "For" or "Against" or abstain from voting.

The procedures for voting are fairly simple:

Shareholder of Record: Shares Registered in Your Name

If you are a shareholder of record, you may vote in person at the Annual Meeting, vote by proxy over the Internet, by telephone or by mail, as instructed in the Notice of Internet Availability. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote over the telephone, dial toll-free 1-800-652-8683 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the proxy card. Your vote must be received by 11:59 p.m. Eastern Time on June 6, 2016 to be counted.

To vote through the Internet, go to <http://www.envisionreports.com/AMBA> to complete an electronic proxy card. Your vote must be received by 11:59 p.m. Eastern Time on June 6, 2016 to be counted.

Table of Contents

To vote using the proxy card (if you requested paper copies of the proxy materials to be mailed to you), simply complete, sign and date the proxy card and return it promptly in the envelope to be provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should receive the Notice of Internet Availability from that organization rather than from Ambarella. Simply follow the voting instructions in the Notice of Internet Availability to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank, or contact your broker or bank to request a proxy form.

Matters to be Voted Upon

There are three matters scheduled for a vote at the Annual Meeting:

Election of the two directors named as nominees for Class I director in this Proxy Statement to hold office until the 2019 Annual Meeting of Shareholders;

Ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending January 31, 2017; and

Approval, on an advisory basis, of executive compensation, as described in this Proxy Statement.

If you are a shareholder of record and you vote via the Internet, by telephone or return a proxy card by mail, but do not select a voting preference, the persons who are authorized to vote your shares will vote:

FOR each of the two nominees for Class I director named herein to hold office until the 2019 annual meeting of shareholders;

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending January 31, 2017; and

FOR the approval, on an advisory basis, of executive compensation, as described in this Proxy Statement.

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should follow the voting instructions provided by your broker, bank or other agent in order to instruct your broker, bank or other agent how to vote your shares.

Revocation of Proxies

Shareholders of record can revoke their proxies at any time before they are exercised in any of three ways:

by voting in person at the Annual Meeting;

by submitting written notice of revocation to the Secretary of the Company prior to the Annual Meeting; or

Edgar Filing: AMBARELLA INC - Form DEF 14A

by submitting another properly executed proxy of a later date prior to the Annual Meeting.

Beneficial owners of shares held in street name must contact their broker, bank or other agent to revoke any prior voting instructions.

Table of Contents

Required Vote

Directors are elected by a plurality vote, which means that the two (2) nominees for Class I director receiving the most affirmative votes will be elected. All other matters submitted for shareholder approval, including the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending January 31, 2017, require the affirmative vote of the majority of shares present in person or represented by proxy and entitled to vote.

A quorum of shareholders is necessary to hold a valid Annual Meeting. A quorum will be present if shareholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy. On the record date, there were 32,839,779 shares outstanding and entitled to vote. As a result, shareholders holding at least 16,419,890 shares will need to be present at the meeting in person or represented by proxy to constitute a quorum. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) over the Internet, by telephone, by mail or if you attend the Annual Meeting in person. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, then either the chairman of the meeting or the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

Abstentions on any matters are treated as shares present or represented and entitled to vote on that matter and have the same effect as a vote against such matter.

If your shares are held in street name and you do not instruct your broker on how to vote your shares, your broker, in its discretion, may either leave your shares unvoted or vote your shares on routine matters. Only Proposal 2 (ratifying the appointment of our independent registered public accounting firm) is considered a routine matter. Proposal 1 (election of directors) and Proposal 3 (approval of the advisory vote on executive compensation) are not considered routine matters, and without your instruction, your broker cannot vote your shares as to those proposals. If your broker returns a proxy but does not vote your shares, this results in a broker non-vote. Broker non-votes will be counted as present for the purpose of determining a quorum. However, as brokers do not have discretionary authority to vote on Proposal 1 or Proposal 3, broker non-votes will not be counted for the purpose of determining the number of votes cast on Proposal 1 or Proposal 3.

Votes will be counted by the inspector of election appointed for the meeting, who will separately count: with respect to the election of the director, For and Withhold votes and, with respect to other proposals, votes For and Against, abstentions and, if applicable, broker non-votes. Abstentions will be counted towards the vote total for Proposal 2, and will have the same effect as Against votes. Broker non-votes, although counted toward the quorum requirement, will not be counted towards the vote total for any proposal.

Other Matters Brought Before the Meeting

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

Solicitation of Proxies

The Company will pay for the entire cost of soliciting proxies. In addition to these proxy materials, the Company's directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. The Company also may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

Table of Contents

Voting Results

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that the Company expects to file within four business days after the Annual Meeting. If final voting results are not available in time to file a Form 8-K within four business days after the meeting, the Company intends to file a Form 8-K to publish preliminary results and, within four business days after the final results are known, file an additional Form 8-K to publish the final results.

Important Notice Regarding Availability of Proxy Materials

This Proxy Statement and our 2016 Annual Report to Shareholders are available at www.edocumentview.com/AMBA. Please promptly vote your shares as instructed in the Notice of Internet Availability. This will not limit your rights to attend or vote at the Annual Meeting.

Table of Contents**PROPOSAL 1****ELECTION OF CLASS I DIRECTORS**

Ambarella's Board of Directors, or the Board, currently has seven (7) members. The authorized number of directors may be changed by resolution of the Board. Vacancies on the Board may be filled only by a majority of the remaining directors even if less than a quorum, unless the Board determines that the vacancies shall be filled by the shareholders. A director elected to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

The Board is divided into three classes, Class I, Class II and Class III, which serve staggered three-year terms:

Class I directors are Dr. Chenming C. Hu and Dr. Feng-Ming (Fermi) Wang and their current terms will expire at the upcoming Annual Meeting.

Class III directors are Christopher B. Paisley and Andrew W. Verhalen and their terms will expire at the annual meeting of shareholders to be held in 2018.

Two (2) Class I directors will be elected at the Annual Meeting to serve until the annual meeting of shareholders to be held in 2019 or until their successors are elected and qualified. The Board, upon the recommendation of the nominating and corporate governance committee, selected Dr. Hu and Dr. Wang as nominees for election as Class I directors at the Annual Meeting. The proxies given to the proxy holders will be voted or not voted as directed and, if no direction is given, will be voted FOR the two (2) nominees. If any nominee is unable or declines to serve as director at the time of the Annual Meeting, an event not now anticipated, proxies will be voted for any nominee designated by the Board to fill the vacancy. The two (2) nominees for Class I director receiving the highest number of affirmative votes will be elected as Class I directors.

The names of the nominees for election as Class I directors, who have been nominated by the Board, and the names of the continuing directors not up for election at the Annual Meeting, along with certain biographical information about the nominees and continuing directors, including the director's business experience, public company director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the nominating and corporate governance committee to recommend that the director should continue to serve on the Board, are set forth below.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Composition

The Board is currently composed of seven members. The Board and its committees met throughout the year on a set schedule and held special meetings from time to time as appropriate. The Board held eight meetings during the 2016 fiscal year. Each director attended at least 75% of the total aggregate of the regularly scheduled and special meetings held by the Board and the committees on which such director served during his tenure in fiscal year 2016. Our non-management directors meet in regularly scheduled sessions without the presence of management in executive sessions. The lead independent director of the Board presides over each such executive session. We do not have a policy regarding directors attendance at the Annual Meeting of Shareholders.

Director Independence

Our Corporate Governance Guidelines provide that a majority of our directors will be independent. Based on the review and recommendation by the nominating and corporate governance committee, the Board has determined that Chenming Hu, Christopher Paisley, Jeffrey Richardson, Lip-Bu Tan, and Andrew Verhalen, representing a majority of our directors, are independent directors under the rules of NASDAQ. In making this determination, the Board found that none of these directors or nominees for director had a material or other disqualifying relationship with Ambarella. Feng-Ming Wang, Ambarella's Chairman of the Board, President and Chief Executive Officer, and Leslie Kohn, Ambarella's Chief Technical Officer, are not independent directors by virtue of their employment with Ambarella.

In evaluating Mr. Tan's independence, the Board considered Mr. Tan's position as President and Chief Executive Officer of Cadence Design Systems, Inc., or Cadence, with whom we have an agreement to provide us with automated engineering design tools. However, the Board noted that Mr. Tan did not derive any direct or indirect material benefit from such agreement, Mr. Tan did not participate in the negotiation of the agreement and our Board believes that such agreement is in our best interest and on terms no less favorable than could be obtained from other third parties. In addition, the Board noted that the dollar amounts of payments to Cadence pursuant to the agreement will not constitute a material percentage of the revenue of Cadence, or of our revenue or total operating expenses.

Board Leadership Structure

The Board is currently chaired by Dr. Wang, the President and Chief Executive Officer of Ambarella. We believe that combining the positions of Chief Executive Officer and Chairman helps to ensure that the Board and management act with a common purpose. In our view, separating the positions of Chief Executive Officer and Chairman has the potential to give rise to divided leadership, which could interfere with good decision-making or weaken our ability to develop and implement strategy. Instead, we believe that combining the positions of Chief Executive Officer and Chairman provides a single, clear chain of command to execute our strategic initiatives and business plans. In addition, we believe that a combined Chief Executive Officer and Chairman is better positioned to act as a bridge between management and the Board, facilitating the regular flow of information.

The Board determined as part of our corporate governance principles that one of our independent directors should serve as a lead director at any time when the title of chairman is held by an employee director or there is no current chairman. The Board has determined that Lip-Bu Tan qualifies as an independent director under the rules of NASDAQ. Accordingly, the Board has appointed Mr. Tan as our lead independent director. Mr. Tan presides over periodic meetings of our independent directors, has the responsibility of raising issues with management on behalf of the outside directors when appropriate and oversees the function of the Board and committees, among other responsibilities.

We believe that the current leadership structure of the Board is appropriate at the present time and allows the Board to fulfill its duties effectively and efficiently based on our current needs.

Board Committees

We have established an audit committee, a compensation committee, and a nominating and corporate governance committee. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board has determined that each member of each committee meets the applicable NASDAQ rules and regulations regarding independence and that each member is free of any relationship that would impair his individual exercise of independent judgment with regard to Ambarella. We intend to comply with future requirements as they become applicable to us. Each of the committees operates under a written charter adopted by the Board, each of which can be found on our website at <http://investor.ambarella.com>. Each committee has the composition and responsibilities described below.

Audit Committee

The audit committee is currently composed of three directors: Mr. Paisley, Dr. Hu and Mr. Richardson. Mr. Paisley serves as the chairman of the committee. The audit committee met five times during fiscal year 2016.

The responsibilities of our audit committee include:

approving the hiring, discharging and compensation of our independent registered public accounting firm;

evaluating the qualifications, independence and performance of our independent registered public accounting firm;

reviewing our annual and quarterly financial statements and reports and discussing the statements and reports with our independent registered public accounting firm and management;

providing oversight with respect to related party transactions;

reviewing, with our independent registered public accounting firm and management, significant issues that may arise regarding accounting principles and financial statement presentation, as well as matters concerning the scope, adequacy and effectiveness of our financial controls; and

establishing procedures for the receipt, retention and treatment of complaints received by us regarding financial controls, accounting or auditing matters.

The Board has determined that Mr. Paisley qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Board made a qualitative assessment of Mr. Paisley's level of knowledge and experience based on a number of factors, including his formal education and experiences as a chief financial officer for public reporting companies, as well as his service on the audit committees of other publicly traded companies. The Board has determined that Mr. Paisley's simultaneous service on multiple audit committees would not impair his ability to effectively serve on our audit committee.

Compensation Committee

The compensation committee is currently composed of three directors: Mr. Verhalen, Dr. Hu and Mr. Tan. Mr. Verhalen serves as the chairman of the committee. The compensation committee formally met two times during fiscal year 2016, and also met informally on several occasions to review matters relevant to the compensation of our executive officers.

The responsibilities of our compensation committee include:

Edgar Filing: AMBARELLA INC - Form DEF 14A

reviewing and approving or recommending to the Board changes with respect to the compensation levels of our chief executive officer and other executive officers;

reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer and other executive officers, and evaluating the performance of our chief executive officer and other executive officers in light of the established goals and objectives;

reviewing and recommending to the Board changes with respect to the compensation of our directors; and

administering our stock option plans, stock purchase plans, compensation plans and similar programs, including the adoption, amendment and termination of such plans.

Each member of the compensation committee is a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended, and an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee is currently composed of three directors: Mr. Tan, Mr. Richardson and Mr. Verhalen. Mr. Tan serves as the chairman of the committee. The nominating and corporate governance committee met one time during fiscal year 2016.

The responsibilities of our nominating and corporate governance committee include:

reviewing and assessing the performance of the Board, including its committees and individual directors, as well as the size of the Board;

identifying, evaluating and recommending candidates for membership on the Board, including nominations by shareholders of candidates for election to the Board;

reviewing and evaluating incumbent directors;

making recommendations to the Board regarding the membership of the committees of the Board; and

reviewing and recommending to the Board changes with respect to corporate governance practices and policies.

Role of the Board in Risk Oversight

One of the key functions of the Board is informed oversight of our risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through its standing committees that address risks inherent in their respective areas of oversight. In particular, the Board is responsible for monitoring and assessing strategic risk exposure. Our audit committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The audit committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our external audit function. Our nominating and corporate governance committee monitors the effectiveness of our corporate governance guidelines. Our compensation committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2016, Dr. Hu, Mr. Tan and Mr. Verhalen served as members of the compensation committee. None of the members of our compensation committee is or has in the past served as an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the Board or compensation committee of any entity that has one or more executive officers serving on the Board or compensation committee.

Director Nominations

The Board nominates directors for election at each annual meeting of shareholders and elects new directors to fill vacancies when they arise. The nominating and corporate governance committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board for nomination or election.

Director Criteria. The nominating and corporate governance committee has a policy regarding consideration of director candidates recommended by shareholders. The nominating and corporate governance committee reviews suggestions for director candidates recommended by shareholders and considers such candidates for recommendation based upon an appropriate balance of knowledge, experience and capability. In addition to considering an appropriate balance of knowledge, experience and capability, the Board has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. Except as may be required by rules promulgated by Nasdaq or the SEC, there are currently no specific, minimum qualifications that must be met by each candidate for the Board, nor are there any specific qualities or skills that are necessary for one or more of the members of the Board to possess. The nominating and corporate governance committee selects candidates for director based on their character, judgment, diversity of experience, independence, corporate experience, length of service, potential conflicts of interest, and his or her willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The nominating and corporate governance committee believes it appropriate for at least one member of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules, and for a majority of the members of the Board to meet the definition of independent director under the rules of the NASDAQ.

Prior to each annual meeting of shareholders, the nominating and corporate governance committee will identify nominees first by reviewing the current directors whose term expires at the annual meeting of shareholders and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the nominating and corporate governance committee determines not to nominate the director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the Board or other event, the nominating and corporate governance committee will consider various candidates for Board membership, including those suggested by members of the nominating and corporate governance committee, by other members of the Board, by any executive search firm engaged by the nominating and corporate governance committee and by shareholders.

Shareholder Nominees. In addition, our articles of association contain provisions that address the process by which a shareholder may nominate an individual to stand for election to the Board at our annual meeting of shareholders. In order to nominate a candidate for director, a shareholder must give timely notice in writing to Ambarella, Inc.'s Secretary and otherwise comply with the provisions of our articles of association. To be timely, we must have received the shareholder's notice not more than 120 days nor less than 90 days prior to the anniversary of the date our proxy statement was provided to shareholders in connection with previous year's annual meeting of shareholders. However, if we did not hold an annual meeting of shareholders in the prior year or if the date of the annual meeting of shareholders is more than 30 days before or after the anniversary date of the prior year's annual meeting of shareholders, we must receive the shareholder's notice not earlier than the close of business on the 120th day prior to the Annual Meeting and not later than the close of business on the later of 90 days prior to the annual meeting of shareholders and the 10th day after the day we provided such public disclosure of the meeting date. Information required by the articles of association to be in the notice include the name and contact information for the candidate and the person making the nomination, the principal occupation or employment of the candidate, the class and number of Ambarella securities held by the candidate, and other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934 and the related rules and regulations under that Section. We received no director nominees from our shareholders for the upcoming Annual Meeting. Shareholder nominations must be

You can obtain a copy of our articles of association by writing to the Secretary at this address.

Communications with the Board

The Board has adopted a formal process by which shareholders may communicate with the Board or any of its directors. Shareholders who wish to communicate with the Board or an individual director may send a written communication addressed as follows: Ambarella Board Communication, 3101 Jay Street, Santa Clara, California 95054. Each communication will be reviewed by the General Counsel of Ambarella who will forward the communication to the Board or to any individual director to whom the communication is addressed unless the communication is of a commercial, frivolous or similarly inappropriate nature, in which case, the General Counsel will discard the communication.

Corporate Governance Principles and Practices

We believe our corporate governance initiatives comply with the Sarbanes-Oxley Act of 2002 and the rules and regulations of the SEC adopted thereunder. In addition, we believe our corporate governance initiatives comply with the rules of The NASDAQ Stock Market.

The Board has adopted a Code of Business Conduct and Ethics that applies to each of our directors, officers and employees. This code addresses various topics, including:

compliance with laws, rules and regulations, including the Foreign Corrupt Practices Act;

conflicts of interest;

insider trading;

corporate opportunities;

competition and fair dealing;

equal employment and working conditions;

record keeping;

confidentiality;

giving and accepting gifts;

protection and proper use of company assets; and

payments to government personnel and political contributions.

The Board also has adopted a Code of Ethics for our Chief Executive Officer and Senior Financial Officers, including our Chief Financial Officer and principal accounting officer, relating to ethical conduct, conflicts of interest and compliance with law. The Code of Conduct and the Code of Ethics for our Chief Executive Officer and Senior Financial Officers is available to shareholders on Ambarella's website at www.ambarella.com. Any waiver to the Code of Business Conduct for an executive officer or director or any waiver of the Code of Ethics may only be granted by the Board or a committee of the Board and must be timely disclosed as required by applicable law. We also have implemented whistleblower procedures that establish formal protocols for receiving and handling complaints from employees. Any concerns regarding accounting or auditing matters reported under these procedures will be communicated promptly to our audit committee.

Table of Contents**PROPOSAL 2****RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee of the Board has appointed PricewaterhouseCoopers LLP as Ambarella's independent registered public accounting firm, or independent auditors, for the fiscal year ending January 31, 2017, and has further directed that management submit the appointment of independent auditors for ratification by the shareholders at the Annual Meeting. PricewaterhouseCoopers LLP has audited Ambarella's financial statements since fiscal year 2007. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither Ambarella's Articles of Association nor other governing documents or law require shareholder ratification of the appointment of PricewaterhouseCoopers LLP as Ambarella's independent auditors. However, the audit committee is submitting the appointment of PricewaterhouseCoopers LLP to shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the audit committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the audit committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of Ambarella and its shareholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the appointment of PricewaterhouseCoopers LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the shareholders and will have the same effect as negative votes.

Pre-Approval Policies and Procedures

The audit committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by our independent auditors, PricewaterhouseCoopers LLP. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the audit committee's approval of the scope of the engagement of the independent auditors or on an individual, explicit, case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the audit committee's members, but the decision must be reported to the full audit committee at its next scheduled meeting.

The audit committee has determined that the rendering of the services described above by PricewaterhouseCoopers LLP is compatible with maintaining the principal accountant's independence.

Vote Required

Ratification of the appointment of PricewaterhouseCoopers LLP requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless otherwise indicated, proxies received will be voted FOR ratification of the appointment. In the event ratification is not obtained, the audit committee will review its future appointment of our independent registered public accountants.

The Board recommends a vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

REPORT OF THE AUDIT COMMITTEE¹

The audit committee provides assistance to the Board of Directors in fulfilling its legal and fiduciary obligations in matters involving Ambarella's accounting, auditing, financial reporting, internal control and legal compliance functions by approving the services performed by Ambarella's independent accountants and reviewing their reports regarding Ambarella's accounting practices and systems of internal accounting controls as set forth in a written charter adopted by the Board. Ambarella's management is responsible for preparing Ambarella's financial statements and the independent registered public accountants are responsible for auditing those financial statements. The audit committee is responsible for overseeing the conduct of these activities by Ambarella's management and the independent registered public accountants.

In this context, the audit committee has met and held discussions with management and the independent registered public accountants. Management represented to the audit committee that Ambarella's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the audit committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accountants. The audit committee has discussed with the independent registered public accountants matters required to be discussed by Statement on Auditing Standards No. 61, as amended. In addition, the independent registered public accountants provided to the audit committee the written disclosures required by Public Company Accounting Oversight Board Rule 3526 (Communication with Audit Committees Concerning Independence) and the audit committee and the independent registered public accountants have discussed such accountants' independence from Ambarella and its management. The audit committee has discussed with Ambarella's internal and independent registered public accountants, with and without management present, their evaluations of Ambarella's internal accounting controls and the overall quality of Ambarella's financial reporting.

In reliance on the reviews and discussions with management and the independent registered public accountants referred to above, the audit committee recommended to the Board, and the Board has approved, the inclusion of the audited financial statements in Ambarella's Annual Report on Form 10-K for the fiscal year ended January 31, 2016, for filing with the SEC.

PROPOSAL 3

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), allows our shareholders to vote to approve, on an advisory basis, the compensation of our named executive officers. At our annual meeting of shareholders held in 2015, the Company's shareholders approved soliciting a shareholder advisory vote on the compensation of our named executive officers on an annual basis. Accordingly, this year we again are asking our shareholders to provide an advisory vote to approve the compensation of our named executive officers, including the Compensation Discussion and Analysis section, along with the accompanying compensation tables and narrative disclosures as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on the compensation of our named executive officers.

The "say-on-pay" vote is advisory, and as such is not binding on the Company, but it does provide the compensation committee with valuable information about shareholder opinion of our executive compensation policies and programs for consideration when determining executive compensation in the future.

Please see the Compensation Discussion and Analysis section of this Proxy Statement beginning on page [], the accompanying compensation tables and the narrative disclosures for greater detail about our executive compensation programs, including information about the fiscal year 2016 compensation of our named executive officers. We believe that our executive compensation programs have been effective in achieving long-term alignment of management and shareholder interests, consistent with the Company's philosophy on pay and performance.

We ask that you vote **FOR** the follow resolution:

RESOVLED: That the shareholders of Ambarella, Inc. hereby approve, on an advisory basis, the compensation of the named executive officers, including the Compensation Discussion and Analysis, compensation tables and the narrative discussion, as disclosed in the Proxy Statement furnished for the 2016 Annual Meeting of Shareholders pursuant to the compensation disclosure rules and regulations of the U.S. Securities and Exchange Commission.

Vote Required

Approval, on an advisory basis, of named executive officer compensation requires the affirmative vote of the holders of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless otherwise indicated, proxies received will be voted **FOR** approval, on an advisory basis, of named executive officer compensation.

The Board unanimously recommends a vote **FOR the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this Proxy Statement.**

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires Ambarella's directors and executive officers, and persons who own more than ten percent of a registered class of Ambarella's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of ordinary shares and other equity securities of Ambarella. Officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish Ambarella with copies of all Section 16(a) forms they file. To Ambarella's knowledge, based solely on a review of the copies of the reports furnished to Ambarella and written representations that no other reports were required, during the fiscal year ended January 31, 2016, we believe that our officers, directors and greater than ten percent beneficial owners complied with all applicable Section 16(a) filing requirements.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

In addition to the compensation arrangements with directors and executive officers described elsewhere in this Proxy Statement, the following is a description of each transaction since February 1, 2015 and each currently proposed transaction in which:

Ambarella has been or is to be a participant;

the amount involved exceeds or will exceed \$120,000; and

any of our directors, executive officers or beneficial holders of more than 5% of our ordinary shares, or any immediate family member of or person sharing the household with any of these individuals (other than tenants or employees), had or will have a direct or indirect material interest.

Indemnification Agreements with Executive Officers and Directors

Ambarella has entered into indemnification agreements with each of its directors and executive officers pursuant to which Ambarella has agreed to indemnify the directors and executive officers against certain liabilities and expenses incurred by such persons in connection with claims by reason of their being such a director or officer. These indemnification agreements and Ambarella's memorandum and articles of association will indemnify each of our directors and officers to the fullest extent permitted by applicable Cayman Islands law.

License Agreements with Cadence Design Systems, Inc.

In fiscal year 2008, Ambarella entered into a master software license agreement with Cadence Design Systems, Inc., or Cadence. From time to time, Ambarella has added additional software license commitments to its existing software license agreement. A member of our Board, Lip-Bu Tan, is also the Chief Executive Officer, President and a director of Cadence. Our Board has noted that Mr. Tan did not derive any direct or indirect material benefit from such agreements. Pursuant to license commitments under the master software license agreement, Ambarella currently is committed to pay an aggregate amount of \$7.5 million payable through January 2017.

Code of Conduct Policy and Procedures

In 2012, Ambarella adopted a formal written policy that became effective upon completion of Ambarella's initial public offering that all executive officers, directors, nominees for election as directors, beneficial owners of more than 5% of our ordinary shares and any member of the immediate family of any of the foregoing persons, are not permitted to enter into a related party transaction in which the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year with Ambarella without the prior consent of Ambarella's audit committee, subject to the pre-approval exceptions described below. If advance approval is not feasible then the related party transaction will be considered at the audit committee's next regularly scheduled meeting. In approving or rejecting any such proposal, the audit committee is to consider the relevant facts and circumstances including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction. The Board has delegated to the chair of the audit committee the authority to pre-approve or ratify any request to enter into a transaction with a related party, in which the amount involved is less than \$250,000 and where the chair is not the related party. The audit committee may also review certain types of related party transactions that it has deemed pre-approved even if the aggregate amount involved will exceed \$120,000 including, employment of executive officers, director compensation, certain transactions with other organizations, certain charitable contributions, transactions where all shareholders receive proportional benefits, transactions involving competitive bids, regulated transactions and certain banking-related services.

We increased the bonuses paid to our NEOs under the fiscal year 2016 plan to reflect our very strong performance during the fiscal year, including annual revenue of \$316 million, up 45% over fiscal year 2015, and operating profit of \$76.5 million, an increase of 51% compared to the prior year;

We provided no salary increases to our NEOs for fiscal year 2016, as our compensation committee and our board of directors continued to emphasize incentive compensation for our NEOs; and

Our compensation committee and our board of directors approved equity awards to our NEOs at levels that met competitive market concerns, satisfied retention objectives, rewarded individual contributions and company performance, and the majority of which were contingent upon the Company achieving certain financial objectives.

Corporate Governance Best Practices

We provide a clear link between pay and performance by establishing corporate performance objectives under our fiscal year 2016 bonus plan, the achievement of which results in the funding of the bonus pool; and granting a substantial portion of executive compensation in the form of equity awards, which are intended to more closely align the interests of our executives with those of our shareholders.

Our fiscal year 2016 bonuses paid to our NEOs reflect our strong financial and operating performance during the fiscal year.

We provided no salary increases to our NEOs for fiscal year 2016, as our compensation committee and our board of directors continued to emphasize incentive compensation for our NEOs.

Our compensation committee receives input from an independent compensation consultant regarding executive compensation, including market trends and peer group data relating to our executive officers.

We provide no special benefits to our NEOs outside of those benefits generally available to our other employees.

We maintain an anti-hedging and anti-pledging policy that applies to all of our executive officers.

Framework for Determining Executive Compensation

Overview

Our executive compensation program has focused primarily on attracting executive talent to manage and operate our business, retaining individuals who are key to our growth and success, and rewarding individuals who help us achieve our business objectives. To support these objectives, we provide a competitive total compensation package to our executive officers that we believe achieves the following:

motivates and rewards highly-talented individuals whose skills, knowledge and performance are critical to our success;

links overall compensation to achieving corporate and individual objectives set at the beginning of each year;

creates long-term incentives for management to increase shareholder value by having a significant portion of compensation tied to our long-term success; and

provides total compensation that is fair, reasonable and competitive.

The primary components of compensation for our NEOs are base salary, performance-based annual cash bonuses, equity-based compensation and severance and change of control benefits.

In transitioning from a private company following our initial public offering in the latter part of 2012, we have made gradual changes to our executive compensation program to adopt practices that are appropriate for the

Table of Contents

company given our business, industry, growth and other factors. Our compensation committee and board of directors believe it appropriate to continue to fine tune our executive compensation program but generally have avoided disruptive or dramatic changes to our executive compensation program since we became a publicly traded company. We have engaged an independent compensation consultant since our initial public offering, including for fiscal year 2016, which assists our compensation committee in determining executive compensation. Over the last few years, we have considered and used different types of equity awards to grant our NEOs, as we strive to establish the appropriate mix that continues to provide for emphasis on pay for performance, compensation that is competitive with the market, and appropriate incentive to drive our business success and retain our key talent. Consistent with our continued focus on performance, our compensation committee and the board of directors have not made adjustments to our NEOs' base salaries since our initial public offering, except in the case of Mr. Chen when he was appointed an executive officer during fiscal year 2015.

The Role of the Compensation Committee and Board of Directors

The compensation committee of the board of directors (the "compensation committee") is responsible for the executive compensation programs for our executive officers. Typically, the compensation committee reports to the board of directors on its discussions and recommends to the board of directors the decisions to be made and other actions to be taken with regard to our executive officers' compensation. Our compensation committee's recommendations regarding executive compensation are based on the compensation committee's assessment of the performance of the Company and each individual executive officer, as well as other factors, such as prevailing industry trends. The board of directors (or the independent members regarding Chief Executive Officer ("CEO") compensation) typically makes the final decisions regarding executive compensation.

The Role of Management

Our CEO and Chief Financial Officer ("CFO") typically make recommendations to our compensation committee, attend compensation committee meetings and are involved in the process for setting our executive officers' compensation, provided that neither our CEO nor our CFO makes recommendations as to his own compensation. Our compensation committee considers their recommendations but is not required to follow any recommendations and may adjust compensation up or down as it determines in its discretion. Our compensation committee reviews the recommendations and other data and makes recommendations to the board of directors as to each executive officer's total compensation, as well as each individual compensation component. Our CEO and CFO attend compensation committee meetings as requested by the compensation committee, provided that each of our CEO and CFO is not present when his own compensation is discussed.

The Role of the Compensation Consultant

The compensation committee has authority to appoint and retain a compensation consultant. The reasonable fees for services rendered by the compensation consultant are paid by the Company. For fiscal year 2016, our compensation committee engaged Compensia, Inc. ("Compensia") to provide compensation consulting services and Compensia served at the discretion of compensation committee. Compensia provided services to the compensation committee for fiscal year 2016, including presenting market data, including our peer group companies (as described further below) to the compensation committee; analyzing our NEOs' salary and short-term incentive and equity incentive compensation in relation to market data; analyzing our NEOs' equity award holdings including the value of outstanding and unvested awards; and attending compensation committee meetings as requested by the compensation committee.

For fiscal year 2017, the compensation committee has retained Semler Brossy Consulting Group to provide executive compensation consulting services.

Table of Contents

Peer Companies

In setting NEO compensation for fiscal year 2016, our compensation committee considered the compensation data gathered by Compensia for the Company's peer group of companies. The Company's peer group used for determining NEO compensation for fiscal year 2016 consisted of the following 18 companies:

Cavium	Monolithic Power Systems
Cognex	Nimble Storage
Cypress Semiconductor	PMC Sierra
Inphi	Power Integrations
Integrated Device Technology	Rambus
Intersil	Semtech
InvenSense	Silicon Laboratories
Lattice Semiconductor	Tessera Technologies
M/A-Com Technology Solutions Holdings	Universal Display

Generally, the peer group is determined based on technology companies in the semiconductor and semiconductor equipment and electronic components industries that have revenues between 0.4 to 2.5 times that of the Company and market capitalization of 0.25 to 4 times that of the Company. The compensation committee regularly reviews the list of companies in our peer group to ensure that they represent comparable peers.

Compensia's analysis indicated that the Company's total cash compensation for its NEOs was generally between the 25th and 50th percentiles as compared to the peer group companies, with the exception of Dr. Wang, whose total cash compensation was below the 25th percentile as compared to the peer group. Compensia's analysis of equity compensation indicated that the Company's equity compensation for its NEOs was generally at the 75th percentile as compared to the peer group. In addition, Compensia's analysis of the Company's financial performance relative to the peer group indicated that the Company's 1-year and 3-year performance for revenue, operating margin and total shareholder return fell at or above the 85th percentile as compared to the peer group. Although the compensation committee reviewed and considered the analysis provided by Compensia, it did not set or consider specific benchmarks in determining fiscal year 2016 executive compensation.

Elements of Executive Compensation

The compensation of our NEOs consists of the following principal components:

base salary;

performance-based cash bonuses;

equity incentive awards; and

severance and change of control benefits.

We strive to achieve an appropriate mix between cash compensation and equity incentive awards to meet our objectives. We do not apply any formal or informal policies or guidelines for allocating compensation between current and long-term compensation, or between cash and equity compensation. We believe the most important indicator of whether our compensation objectives are being met is our ability to motivate our executive officers to deliver superior performance and retain them to continue their careers with us on a cost-effective basis. Our board of directors, led by our compensation committee, generally conducts an annual review of our executive compensation, as well as the mix of components used to compensate our executive officers. In reviewing and setting the executive compensation for fiscal year 2016, our board of directors relied on its collective judgment, recommendations from Dr. Wang (for executives other than Dr. Wang), the relative pay among the management team members and its assessment of each executive officer's role and overall contribution to the business in determining the size and mix of compensation for each executive, and Compensia's analysis of executive pay practices of the Company's peer group.

Table of Contents***Base Salary***

Our base salaries are intended to provide financial stability, predictability and security of compensation for our executive officers for fulfilling their core job responsibilities. The base salaries of our NEOs are based primarily on the scope of their responsibilities, experience, performance and contributions, and our compensation committee's understanding of compensation paid to similarly situated executives. None of our executive officers has an employment agreement that provides for automatic or scheduled increases in base salary.

Dr. Wang typically recommends base salaries for our NEOs other than himself to our compensation committee for consideration during the fourth quarter of each fiscal year. Our compensation committee considers Dr. Wang's recommendations with respect to our NEOs other than himself but is not required to follow any of his recommendations and may adjust the amount of a recommended base salary up or down as it determines in its discretion. As typically done in past years, our compensation committee also evaluated Dr. Wang's base salary for fiscal year 2016.

In February 2015, our compensation committee recommended to our board of directors to approve, and our board of directors approved, the base salaries for our executive officers for fiscal year 2016. The salaries for our NEOs were set at the same level as their respective fiscal year 2015 salaries. Base salaries for our NEOs have remained unchanged since our initial public offering in October 2012 (or the NEO's later appointment as an officer, as applicable). Although the compensation committee has not set specific benchmarks relative to its peer group, Compensia's analysis indicated that the Company's base salaries for its NEOs were generally between the 25th and 50th percentiles as compared to the peer group companies, with the exception of Dr. Wang, whose base salary was substantially below the 25th percentile as compared to the peer group. Based substantially on the Company's philosophy of emphasizing variable pay based on Company performance, our CEO recommended no changes to the base salaries for the other NEOs and the compensation committee and board of directors believed that the salaries at the levels provided were appropriate. The following table sets forth the annual base salary for each of our NEOs for fiscal year 2016:

Name	Fiscal Year 2016 Base Salary
Fermi Wang	\$ 340,000
George Laplante	\$ 320,000
Les Kohn	\$ 320,000
Christopher Day	\$ 245,000
Michael Chen	\$ 234,000

Performance-Based Cash Bonuses

Our executive officers are eligible to receive cash bonuses under our annual bonus plan established at the beginning of the fiscal year. Annual cash bonuses are intended to motivate our executives to achieve, and reward our executives for achieving, important corporate financial and operational goals, as well as individual objectives. An annual bonus pool for all employees and executives is established by the board of directors at the time the Company's annual operating budget is approved by the board.

Bonus Opportunity. The total amount of the bonus pool under the fiscal year 2016 bonus plan was generally set at a level consistent with the total amount of bonuses paid out under the fiscal 2015 bonus plan, with sliding scales for over-performance and under-performance to target. This total bonus pool for fiscal year 2016 was comprised of a bonus pool for our executive officers, a separate bonus pool for our worldwide employees, and a discretionary pool that the compensation committee or board of directors could allocate between executives and employees, at its discretion, based upon the company's performance. Individual bonuses payable to executive officers, including our NEOs, were based upon the Company's performance against corporate financial objectives as well as each executive officer's individual performance against individual objectives, their scope of their responsibilities and contributions to the Company's performance.

Table of Contents

Corporate Performance Goals. For fiscal year 2016, Dr. Wang and Mr. Laplante recommended the corporate performance objectives to our compensation committee. In establishing the bonus plan for fiscal year 2016, the compensation committee and the board of directors deemed it appropriate to link compensation to our actual financial performance. As a result, the fiscal year 2016 bonus pool became funded only if the minimum corporate performance objectives were achieved. Consistent with the prior two fiscal years, these performance goals included annual revenue and annual operating profit, before bonus accruals, of the Company which were equally weighted. These performance objectives were chosen because the compensation committee and board of directors believe that these are important financial metrics that reflect our performance as a growing company. While revenue growth remained an important focus for the Company's overall growth and business success, the operating profit goal also was important to ensure that such top-line growth was balanced with efforts in achieving profitable growth and the management of expenses. The operating profit goal is a non-GAAP measure and refers to our operating income less the impact of stock-based compensation and the associated tax impact.

At target achievement of the performance goals, 100% of approved bonus pool would become funded and available for payment to executives. Failure to achieve the minimum performance goals would result in none of the bonus pool becoming payable. Maximum achievement of the performance goals would result in 135% of the bonus pool becoming payable. Performance achievement between target level and the maximum amount would be based on a linear interpolation. Under our fiscal year 2016 bonus plan, our compensation committee and board of directors also had a discretionary bonus pool amount tied to performance that it could allocate to executives and employees to reward performance, as well as the discretion to reduce, eliminate or increase the size of the bonus pool and the individual bonuses.

Individual Performance Goals. In addition to the corporate performance objectives, for fiscal year 2016, Dr. Wang proposed individual performance objectives for the fiscal year for each of our NEOs other than himself. Individual performance objectives typically are tailored to the responsibilities and key objectives of such executive, and may vary from year to year. The achievement of individual objectives may be used by the compensation committee and board of directors to adjust the bonus received by an executive officer. The compensation committee and the board of directors set Dr. Wang's individual objectives based on input from Dr. Wang, as well as their own understanding of our primary goals and objectives. For Dr. Wang, individual objectives were focused on the Company's overall operating performance, product development, customer engagement, and managing the Company's growth. For Mr. Laplante, individual objectives were focused on the Company's overall financial performance, managing the Company's growth and headcount, and corporate compliance. For Mr. Kohn, individual objectives were focused around the Company's technology roadmap, advanced technology efforts and strategic opportunities. For Mr. Day, individual objectives were focused around exploring new market opportunities, establishing product roadmaps and key customer engagements. For Mr. Chen, individual objectives were focused around the Company's worldwide sales efforts and customer engagements.

Actual Fiscal Year 2016 Performance. During fiscal year 2016, the Company exceeded the target achievement levels under the bonus plan, particularly with regard to operating income, which exceeded the maximum achievement level. Following completion of the fiscal year, our compensation committee and board of directors used its discretionary pool amount to increase amounts payable to both worldwide employees as well as executives, which increased the maximum amounts available for bonus payments to our NEOs. The compensation committee and the board of directors believed that the increase in the bonuses was appropriate given our pay for performance philosophy and the Company's significant overachievement of the financial and operational objectives in fiscal year 2016, including a 45% year-over-year increase in revenue and 51% annual increase in net income. Additionally, data provided by Compensia had showed that the individual NEO bonus levels were generally at the 25th to 50th percentile compared to the Company's peer group despite the Company's performance at or above the 85th percentile compared to peers. Although the total bonus payments to our NEOs increased in fiscal year 2016, the total size of the fiscal 2016 bonus pool was consistent with the size of the fiscal year 2015 bonus pool as a percentage of annual revenue and was smaller than the fiscal 2015 bonus pool as a percentage of operating income.

Table of Contents

Following the end of fiscal year 2016, our compensation committee reviewed the performance of our company and our NEOs and determined the amount of the performance bonus to be paid to each NEO. Our compensation committee sought and considered input from Dr. Wang regarding the performance of our NEOs other than himself in relation to the individual performance objectives established for the particular year and the amount of any performance bonus for those NEOs. The compensation committee was not required to follow any of his recommendations and could adjust the amount of a recommended performance bonus up or down as it determined in its discretion. The amount of cash bonus awarded to each NEO then was recommended by our compensation committee for approval by the full board of directors in the first quarter of fiscal year 2017.

For fiscal year 2016, our actual revenue was \$316 million and operating profit was \$76.5 million, which would have resulted in a combined achievement level in excess of the maximum amount available under the bonus plan. Our compensation committee and the board of directors determined that Dr. Wang had substantially achieved the individual objectives set for him for fiscal year 2016. The compensation committee also determined, based on input from Dr. Wang, that the other NEOs had substantially achieved their individual performance objectives for fiscal year 2016.

As a result of the above target performance achievements, our NEOs received the following bonuses for fiscal year 2016:

Name	Fiscal Year 2016 Bonus
Fermi Wang	\$ 625,000
George Laplante	\$ 290,000
Les Kohn	\$ 292,000
Christopher Day	\$ 148,000
Michael Chen	\$ 158,000

Equity Incentive Awards

Historically, equity-based compensation has been our primary long-term incentive compensation component. Our equity-based compensation is intended to retain executive officers through the use of time-based vesting while tying our long-term financial performance and shareholder value creation to the executive officer's financial gain. We believe that both time-based vesting and shared financial success are long-term incentives that motivate our executive officers to grow revenue and earnings, enhance shareholder value and align the interests of our shareholders and executives. The vesting feature of our equity awards contributes to executive officer retention as this feature provides an incentive to our executive officers to remain in our employ during the vesting period. Historically, and prior to our initial public offering, we granted stock options to our employees. Since employees profit from stock options only if our share price increases relative to the stock option's exercise price, we believe stock options provide meaningful incentives to employees to achieve increases in the value of our shares over time. After becoming a public company, we also began to grant restricted stock units and restricted stock (collectively "RSUs") which our compensation committee and board of directors believe to be consistent with market practices. The use of RSUs also allows us to manage our burn rate more effectively because RSU grants typically require the issuance of a lesser number of shares than a stock option of similar value.

The exercise price of stock options granted to all of our employees is determined as the fair market value of the underlying ordinary shares on the date of grant, which is determined by reference to the market price of our ordinary shares as quoted on The NASDAQ Global Market. We do not have a program, plan or practice of selecting grant dates for equity incentive awards to our executive officers in coordination with the release of material non-public information. Typically, stock options and RSUs are granted effective two trading days after our quarterly earnings call that discusses our most recently ended fiscal quarter financial results. The compensation committee and board of directors believe that the granting of awards after the trading window

Table of Contents

opens several days following the earnings call helps to reduce the risk that awards coincide with the possession of material, non-public information.

We encourage our executives to hold a significant equity interest in the Company but we have not adopted a formal policy nor set specific ownership guidelines.

Overview of Fiscal Year 2016 Equity Awards. For fiscal year 2016, the compensation committee emphasized granting a significant portion of executive equity awards subject to specific performance goals. As a result, the Company established a program comprised of a mix of (a) time-based vesting RSUs and (b) RSUs contingent upon performance-based criteria. The RSUs subject to time-based vesting comprised approximately 35% of the NEOs' target total equity awards, which the compensation committee and board of directors believed generally was in line with our peers. The performance-based awards were made contingent upon the achievement of specific financial performance goals for the fiscal year 2016 (approximately 45% of the total equity awards at target) and fiscal year 2017 (approximately 20% of the total equity awards at target). Similar to the cash bonus program, the number of shares that would be granted pursuant to the structure for the performance grants would be increased if the Company exceeded the target objectives and would be decreased if the Company did not meet the target goals, and were subject to minimum and maximum levels of achievement. The financial goals used to determine the number of shares awardable to the NEOs for fiscal 2016 were the same revenue and operating income goals used for the fiscal year 2016 bonus program. The fiscal year 2016 performance-based awards were formally granted in March 2016 following a review of our fiscal year 2016 financial results. The equity awards based on fiscal year 2017 financial results will be awarded, if at all, following completion of the Company's fiscal year 2017.

Our compensation committee and board of directors review the specific equity-based compensation levels for our individual executive officers on an annual basis. This review includes data and analysis provided by our compensation consultant on the equity-based compensation provided by peer group companies, although the compensation committee did not set specific benchmarks relative to peer companies. In determining the size of the equity awards, our compensation committee and board of directors considered primarily the functional role and responsibility of the executive officer's position, along with other factors including the executive's performance, the amount of equity previously awarded to him and the vesting status of such awards, the total number of equity awards outstanding, the potential dilutive effect of the awards on our shareholders and, in the case of awards to executive officers other than Dr. Wang, the recommendation of Dr. Wang. These factors were considered without any specified weighting or formula.

Time-Based RSU Awards. The following table presents the RSUs subject to time-based vesting that were granted to our NEOs in fiscal year 2016:

Name	Number of RSU Shares Granted (1)
Fermi Wang	30,000
George Laplante	13,696
Les Kohn	14,348
Christopher Day	4,891
Michael Chen	5,652

- (1) These awards were granted in October 2015. The awards vest in equal, quarterly installments over four years commencing September 15, 2015, such as to be fully vested on September 15, 2019.

Fiscal Year 2016 Performance-Based RSU Awards. Following completion of our fiscal year 2016, our compensation committee determined the number of RSU shares awarded to our NEOs based upon the Company's 2016 fiscal year financial results. As the Company's revenue and operating income results substantially exceeded the target goals, the number of shares awarded to our NEOs exceeded the target amounts but were below the maximum levels. The following table presents the RSUs granted to our NEOs based upon fiscal year 2016 financial performance:

Name	Number of Shares Granted (1)	% of Shares Awarded to Target	% of Shares Awarded to Maximum Level
Fermi Wang	65,583	173%	87%
George Laplante	29,940	173%	87%
Les Kohn	31,366	173%	87%
Christopher Day	10,693	173%	87%
Michael Chen	12,356	173%	87%

(1) These awards were granted in March 2016. The awards vest in equal, quarterly installments over 14 quarters commencing March 15, 2016, such as to be fully vested on September 15, 2019.

Severance and Change of Control Benefits

Employment of our executive officers is at will. Prior to our initial public offering, we entered into severance and change of control agreements with Dr. Wang and Messrs. Laplante, Kohn and Day, pursuant to which they are entitled to receive compensation and other benefits in connection with certain terminations of employment and terminations of employment in connection with a change of control event.

Our goal in providing certain severance and change of control benefits is to offer sufficient cash continuity protection such that the executive will focus his full time and attention on the requirements of our business rather than the potential implications for his respective position. We prefer to have certainty and internal parity regarding the potential severance amounts payable to our NEOs under certain circumstances, rather than negotiating severance at the time that an NEO's employment terminates. We have also determined that accelerated vesting provisions are appropriate because they will encourage our NEOs to stay focused in such circumstances, rather than the potential implications for them.

These agreements are described in more detail below under Employment, Severance and Change of Control Arrangements.

Broad Based Employee Benefits

We believe that establishing competitive benefit packages for our employees is an important factor in attracting and retaining highly qualified personnel. Each NEO is eligible to participate in all of our employee benefit plans applicable to the country in which he is located. Our U.S.-based NEOs are eligible to participate in our U.S.-based employee benefits plans, such as medical, dental, disability, vision, group life and accidental death and dismemberment insurance, our patent incentive program and our 401(k) plan, in each case on the same basis as other U.S.-based salaried employees. Mr. Chen is based in Taiwan and as a result, he participates in the generally available employee benefit plans maintained for our Taiwan employees.

We do not offer excessive perquisites to any of our NEOs as that would be inconsistent with our egalitarian corporate culture.

Anti-hedging and Anti-pledging

Under our insider trading policy, our executive officers are prohibited from any hedging or similar transactions designed to decrease the risks associated with holding our securities. In addition, our executive officers may not pledge our securities as collateral for loans.

Accounting and Tax Considerations

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended, or the Internal Revenue Code generally disallows a tax deduction for compensation in excess of \$1.0 million paid to any and each of our Chief Executive Officer and three other highest paid officers in office, excluding our Chief Financial Officer, at year end. However, qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met and, in addition, certain compensation may be excluded from the deduction limitation during the first several years after an initial public offering, if certain requirements are met. We intend to review periodically the consequences of Section 162(m), and expect to balance the desirability of having compensation qualify for deductibility with our need to maintain flexibility in structuring our executive compensation programs. As a result, we have not adopted and currently do not expect to adopt a policy requiring that all compensation be deductible.

We account for equity compensation paid to our employees under applicable accounting guidance for stock-based compensation arrangements, which requires us to estimate and record an expense over the service period of the award. Accordingly, stock-based compensation cost is measured and recorded at grant date, based on the fair value of the awards, and is recognized as an expense over the requisite employee service period.

Compensation Risk Assessment

Our compensation committee assesses and considers potential risks when considering and approving the compensation programs for our executive officers and employees. Based upon this assessment, we believe our compensation programs are structured in a manner that does not create risks reasonably likely to have a material adverse effect on us in the future. Our compensation committee retains oversight of all compensation decisions relating to our executive officers. Our compensation programs are designed with features to address potential risks while rewarding employees and executives for achieving financial and corporate objectives. The primary component of executive incentive compensation is equity awards with multiple-year vesting, which are intended to encourage long-term growth and appreciation in the value of our business and reduce the incentive for executives and other employees to take risks that might increase short-term compensation at the expense of long term company performance and results. In addition, the total amount of performance-based cash incentives is capped. Moreover, we do not offer unusual benefits or special perquisites.

Broad Based Employee Benefits

We believe that establishing competitive benefit packages for our employees is an important factor in attracting and retaining highly qualified personnel. Our named executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, disability, vision, group life and accidental death and dismemberment insurance, our patent incentive program and our 401(k) plan, in each case on the same basis as other U.S.-based salaried employees. We do not offer club memberships, automobile allowances, tickets to sporting events or concerts or other perquisites to any of our named executive officers as that would be inconsistent with our egalitarian corporate culture.

Potential Payments upon Termination or Change in Control

Severance Arrangements

Upon a termination of a named executive officer by us other than for cause occurring more than three months before or twelve months following a change of control, subject to the execution of a general release of claims, such named executive officer is entitled to:

the payment of accrued salary and vacation;

payment of a lump sum equal to 100% (Dr. Wang and Messrs. Laplante and Kohn) or 50% (Mr. Day) of the executive officer's then-current annual base salary;

payment of a prorated portion of the executive officer's annual target bonus;

immediate acceleration of twelve months (Dr. Wang and Messrs. Laplante and Kohn) or six months (Mr. Day) of vesting of outstanding options and RSU awards to the extent such equity grants vest based solely on service to the company over time; and

company-paid premiums for COBRA continuation coverage for up to twelve months (Dr. Wang and Messrs. Laplante and Kohn) or six months (Mr. Day) after the date of termination.

Change of Control Arrangements

Upon a termination of a named executive officer by us other than for cause or, if such officer resigns for good reason, within three months before or twelve months following a change of control, subject to the execution of a general release of claims, our named executive officers are entitled to:

the payment of accrued salary and vacation;

payment of a lump sum equal to 100% of the executive officer's then-current annual base salary;

payment of a prorated portion of the executive officer's annual target bonus;

Edgar Filing: AMBARELLA INC - Form DEF 14A

immediate acceleration of vesting of 100% (Dr. Wang and Messrs. Laplante and Kohn) or 50% (Mr. Day) of outstanding options and RSU awards to the extent such equity grants vest based solely on services to the company over time; and

In addition to the foregoing benefits, Dr. Wang and Messrs. Laplante and Kohn also would receive a gross-up payment if such officer is required to pay excise tax under Section 4999 of the Code, with the amount of such gross-up payment equal to the amount of excise tax. No other executive would receive a gross-up payment. In the event that the severance and other benefits payable to Mr. Day constitute parachute payments under Section 280G of the Code and would be subject to the excise tax imposed by Section 4999 of the Code, then such executive's benefits will be either (i) delivered in full or (ii) delivered to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by such executive on an after-tax basis of the greatest amount of benefits.

For purposes of the change of control and severance agreements above, the term "cause" means the occurrence of any of the following events: (i) the executive officer's willful and continued failure to substantially perform the duties of his position (other than failure resulting from the executive officer's complete or partial incapacity due to physical or mental illness or impairment); (ii) the executive officer's willful and continued failure to substantially perform the lawful and specific directives of the Board, as reasonably determined by the Board (other than failure resulting from the executive officer's complete or partial incapacity due to physical or mental illness or impairment); (iii) the executive officer's willful commission of an act of fraud or dishonesty resulting in, or is likely to result in, material economic or financial injury to us; or (iv) the executive officer's willful engagement in illegal conduct that was or is reasonably likely to be materially injurious to us; provided that we have provided to the executive officer any requisite notice in a timely manner and, if permitted to correct the deficiency, the executive officer has failed to do so.

For purposes of the change of control and severance agreements above, "change of control" means the occurrence of any of the following events: (i) any person becomes the beneficial owner, directly or indirectly, of our securities representing 50% or more of the total voting power represented by our then-outstanding voting securities (except that any change in the ownership of our ordinary shares as a result of a private financing that is approved by the Board will not be considered a change of control); (ii) any person acquires more than 50% of the value of our assets over a twelve-month period; (iii) the consummation of a merger or consolidation with any other entity, other than a merger or consolidation that would result in our voting securities outstanding immediately prior thereto continuing to represent at least 50% of the total voting power represented by our voting securities or the voting securities of such surviving entity (or its parent) outstanding immediately after such merger or consolidation; or (iv) the replacement of a majority of the Board during any twenty-four month period by directors whose appointment or election is not approved by a majority of the members of the Board prior to the date of the appointment or election.

For purposes of the change of control and severance agreements above, "good reason" means the executive officer's voluntary resignation from all positions such officer holds with us, effective within 90 days after the occurrence of: (i) a reduction by us of the executive officer's base salary or annual target bonus in effect immediately prior to such reduction (other than reductions in connection with similar percentage reductions imposed on all executive-level employees); (ii) a reduction by us of the executive officer's health or welfare benefits in effect immediately prior to such reduction (other than reductions in connection with similar percentage reductions imposed on all executive-level employees); (iii) our requiring the executive officer to move his primary work location to a location that increases his one-way commute by more than 30 miles from our then-current location; (iv) our failure to continue in effect any material compensation or benefit plan or practice in which the executive officer is eligible to participate in immediately prior to the change of control; (v) our failure to obtain the assumption, in all material respects, of the change of control agreement by any of our successors; or, for certain of the executive officers, (vi) a material diminution in such executive officer's authority, duties, responsibilities, title or reporting structure; provided that the executive officer must provide written notice to us of the existence of one of these conditions within 60 days after its initial existence, and we must be provided with a period of 30 days during which we may cure the circumstances giving rise to the condition, in which case no good reason will exist.

Table of Contents

The following table summarizes the payments that would be made to our named executive officers upon the occurrence of a termination of employment qualifying for severance benefits or upon a change of control, assuming that each named executive officer's termination of employment with our company occurred on January 31, 2016 or in the event that a qualifying termination of employment in connection with a change of control of our company occurred on January 31, 2016, as applicable. Table of Contents**DIRECTOR COMPENSATION**

Following completion of our initial public offering in October 2012, our non-employee directors receive compensation consisting of annual cash retainers for service on the Board and its standing committees, as well as equity grants awarded to non-employee directors upon joining the Board and on an annual recurring basis as they remain a member of the Board.

Cash Retainers. During our fiscal year 2016, our non-employee directors receive an annual retainer of \$35,000, prorated for partial service in any year and paid in cash. Members of our audit committee, compensation committee and nominating and corporate governance committee, other than the chairpersons of those committees, receive an additional annual retainer of \$10,000, \$6,000 and \$4,000, respectively. The chairpersons of our audit committee, compensation committee and nominating and corporate governance committee each receive an additional annual retainer of \$15,000, \$10,000 and \$7,500, respectively and the individual acting as lead independent director, if any, receives an additional \$15,000 annually. Cash retainers are paid in arrears at the end of each quarter for service during the previous quarter.

Stock Compensation. At the time of our initial public offering in 2012, we established a stock compensation program for our non-employee directors. Under this program, a non-employee director will be granted an initial nonstatutory option for 13,333 ordinary shares and a restricted stock unit award for 6,667 shares upon first becoming a member of the Board. These initial awards would vest ratably over four years. Under the program established in 2012, each continuing non-employee director received annual grants of a nonstatutory option and a restricted stock unit award, with each award vesting ratably over 12 months. In fiscal year 2016, following consultation with Compensia, our compensation committee determined to simplify the equity compensation program for continuing non-employee directors. Rather than receiving both an option and a restricted stock unit award, in fiscal year 2016 our non-employee directors received only a restricted stock unit award for 4,611 shares, which had substantially the same grant date fair value as the equity awards granted to the non-employee directors in fiscal year 2015. This restricted stock award vests quarterly over 12 months commencing September 15, 2015.

Director Compensation for Fiscal 2016

The following table sets forth the compensation paid or accrued by us to our non-employee directors during fiscal year 2016. The table excludes Mr. Kohn and Dr. Wang, who did not receive any additional compensation from us in their roles as a director because they are employees of Ambarella.

SHAREHOLDER PROPOSALS FOR THE 2017 ANNUAL MEETING OF SHAREHOLDERS

If a shareholder wishes to present a proposal to be included in our Proxy Statement for the 2017 Annual Meeting of Shareholders, the proponent and the proposal must comply with the proxy proposal submission rules of the SEC. One of the requirements is that the proposal be received by the Secretary no later than January 28, 2017. Proposals we receive after that date will not be included in the Proxy Statement. We urge shareholders to submit proposals by Certified Mail Return Receipt Requested.

A shareholder proposal not included in our proxy statement for the 2017 Annual Meeting of Shareholders will be ineligible for presentation at the 2017 Annual Meeting of Shareholders unless the shareholder gives timely notice of the proposal in writing to the Secretary of Ambarella at the principal executive offices of Ambarella. Under our articles of association, in order for a matter to be deemed properly presented by a shareholder, timely notice must be delivered to, or mailed and received by, us not more than one hundred twenty (120) days nor less than ninety (90) days in advance of the one-year anniversary of the date of our proxy statement provided in connection with the previous year's Annual Meeting of shareholders; provided, however, that in the event that we did not hold an Annual Meeting in the prior year or if the date of the Annual Meeting is more than 30 days before or after the anniversary date of the prior year's Annual Meeting, we must receive the shareholder's notice not earlier than the close of business on the 120th day prior to the Annual Meeting and not later than the close of business on the later of 90 days prior to the Annual Meeting and the 10th day after the day we provided such public disclosure of the meeting date.

The shareholder's notice must set forth, as to each proposed matter, the following: (a) a brief description of the business desired to be brought before the meeting and reasons for conducting such business at the meeting; (b) the name and address, as they appear on our books, of the shareholder proposing such business; (c) the class and number of shares of our securities that are beneficially owned by the shareholder; (d) any material interest of the shareholder in such business; and (e) any other information that is required to be provided by such shareholder pursuant to our articles of association or the proxy proposal submission rules of the SEC. The presiding officer of the meeting may refuse to acknowledge any matter not made in compliance with the foregoing procedure.

HOUSEHOLDING OF PROXY MATERIALS

To reduce the expense of delivering duplicate proxy materials to shareholders who may have more than one account holding ordinary shares of Ambarella but who share the same address, we have adopted a procedure approved by the SEC called householding. Under this procedure, certain shareholders of record who have the same address and last name will receive only one copy of the Notice of Internet Availability for our proxy materials until such time as one or more of these shareholders notifies us that they want to receive separate copies. This procedure reduces duplicate mailings and saves printing costs and postage fees, as well as natural resources. Shareholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you receive a single copy of the Notice of Internet Availability as a result of householding, and you would like to have separate copies mailed to you or if you receive multiple copies and would like to receive a single copy, please submit a request to Corporate Secretary, Ambarella, Inc., 3101 Jay Street, Santa Clara, California 95054 or make a request by e-mail at ir@ambarella.com, and we will promptly send you what you have requested. Shareholders who hold shares in street name may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE
ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON JUNE 7, 2016**

The notice of annual meeting, proxy statement and annual report are available at www.edocumentview.com/AMBA. If you are a shareholder of record, you also may view these materials at <http://www.envisionreports.com/AMBA>.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting.
