INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Shareholders of
NexPoint Residential Trust, Inc.

We have audited the accompanying Combined Historical Statement of Revenues and Certain Direct Operating Expenses of The Houston Portfolio (the Portfolio) for the year ended December 31, 2015.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this combined financial statement in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of this combined financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the combined financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the combined financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combined financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statement. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Combined Historical Statement of Revenues and Certain Direct Operating Expenses referred to above presents fairly, in all material respects, the revenue and certain direct operating expenses described in Note 2 of the combined financial statement for the year ended December 31, 2015, in accordance with accounting principles generally accepted in the United States.

Emphasis of Matter

The accompanying combined financial statement was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission as described in Note 2 and is not intended to be a complete presentation of the Portfolio's revenues and expenses. Our opinion is not modified with respect to that matter.

HOUSTON PORTFOLIO

NOTES TO COMBINED HISTORICAL STATEMENTS OF REVENUES

AND CERTAIN DIRECT OPERATING EXPENSES

Note 1. Business

The accompanying combined historical statements of revenues and certain direct operating expenses (Historical Summary) include the revenues and certain expenses of Old Farm, with 734 units and Stone Creek at Old Farm, with 190 units, both located in Houston, Texas (the Portfolio). NexPoint Residential Trust, Inc. (the Company) acquired both properties in the Portfolio on December 29, 2016.

Note 2. Basis of Presentation

The accompanying Historical Summary has been prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and are not intended to be a complete presentation of the Portfolio 's revenues and expenses. The Portfolio is considered a group of related properties as the individual properties were under common control and management by the Seller, and the acquisition of a single property in the Portfolio was conditional on the acquisition of the other properties. Therefore, a single combined Historical Summary is being presented.

A Historical Summary is being presented for the most recent year available instead of the 3 most recent years based on the following facts: (1) the Property was acquired from an unaffiliated party; and (2) based on the due diligence of the Portfolio conducted by the Company, except as disclosed in these Notes to Historical Summary, management is not aware of any material factors related to the Portfolio that would cause this financial information not to be indicative of future operations.

Note 3. Unaudited Interim Information

The unaudited Historical Summary for the nine months ended September 30, 2016 has been prepared in accordance with accounting principles generally accepted in the United States for interim financial information. In the opinion of the Portfolio 's management, all adjustments, consisting only of normal and recurring adjustments, necessary for a fair presentation (in accordance with Basis of Presentation as described in Note 2) have been made to the accompanying unaudited amounts for the nine months ended September 30, 2016.

Note 4. Significant Accounting Policies

Revenues

The Portfolio contains apartment units occupied under various lease agreements with residents, typically with terms of 12 months or less. All leases are accounted for as operating leases. Rental income is recognized as earned over the life of the lease agreements on a straight-line basis. Some of the leases include provisions under which the Portfolio is reimbursed for certain operating costs. Revenue related to these reimbursed costs is recognized in the period the applicable costs are incurred and billed to residents pursuant to the lease agreements. Other rental income consists of charges billed to residents for utilities reimbursements, administrative, application, and other fees and is recognized when earned.

Certain Direct Operating Expenses

Certain direct operating expenses include only those costs expected to be comparable to the proposed future operations of the Portfolio. Property operating costs includes property staff salaries, marketing, utilities, landscaping, repairs and maintenance, and other general costs associated with operating the property. Costs such as depreciation, amortization, interest, and professional fees are excluded from the Historical Summary.

Use of Estimates

The preparation of the combined financial statements, as described in Note 2 and in conformity with accounting principles generally accepted in the United States, requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could materially differ from those estimates.

Note 5. Commitments and Contingencies

Litigation

The Portfolio may become party to legal proceedings that arise in the ordinary course of its business. Management is not aware of any legal proceedings of which the outcome is probable or reasonably possible to have a material adverse effect on its results of operations or financial condition.

Other Matters

The Company is not aware of any material environmental liabilities relating to the Portfolio that could have a material adverse effect on its financial condition or results of operations. However, changes in applicable environment laws and regulations or other environmental conditions with respect to the Portfolio could result in future environmental liabilities.

Note 6. Subsequent Events

In preparation of the accompanying Historical Summary, subsequent events were evaluated for recognition or disclosure through March 2, 2017, which is the date the Historical Summary was issued.
