Item 2.05 Costs Associated with Exit or Disposal Activities

On October 20, 2008, the Board of Directors of Photronics, Inc., (the "Company") approved a plan (the "Plan") regarding its intention to streamline its operating infrastructure in Europe by ceasing the manufacture of photomasks at its Manchester, United Kingdom facility. The Company plans to maintain a customer support and data preparation center in Manchester to ensure seamless

customer transitions to comparably equipped global photomask fabrication facilities within the Photronics global network, including its U.S. NanoFab in Boise, Idaho.

In connection with the announced restructuring plan, Photronics expects to record a total after tax charge in the range of \$3.0 million to \$5.0 million through fiscal 2009. The charge will be reported in the Company's consolidated statements of operations under the caption "consolidation, restructuring and related charges". Approximately 25% of the total charge will be attributed to non-cash items. The Company estimates that approximately 85 employees will be affected by the planned closure; however, the Company will undertake a consultation process as required under UK law.

On October 21, 2008, the Company filed a press release announcing the Plan. A copy of the press release is filed as Exhibit 99.1 hereto and incorporated herein by reference.
