**MANAGEMENT'S PROPOSAL FOR THE COMPANY'S CAPITAL INCREASE UPON CAPITALIZATION  
OF A PORTION OF THE SPECIAL GOODWILL RESERVE**

**Purpose and Proposal**

During the fiscal year of 2010, TIM Celular S.A., Company's subsidiary, accrued a tax benefit in the total amount of R\$ 15.568.604,53 (fifteen million, five hundred and sixty-eight thousand, six hundred and four reais and fifty-three cents), which results from the amortization of the goodwill accounted by such subsidiary in 2000.

In accordance with the CVM Instruction No. 319/99 and Spin-Off and Merger Agreements which address the matter, the portion of the Special Goodwill Reserve corresponding to the aforementioned tax benefit shall be capitalized in such subsidiary, followed by capitalization in TIM Participações S.A. on behalf of TIM Brasil Serviços e Participações S.A. (hereinafter referred to as “TIM Brasil”), the beneficiary and owner of the referred credits (“Credits”).

### Capitalization Terms

(i) Amount of Capital Increase: R\$ 15.568.604,53 (fifteen million, five hundred and sixty-eight thousand, six hundred and four reais and fifty-three cents);

(ii) Issuance Price: the issuance price shall be determined at the day immediately prior to the Extraordinary Shareholders’ Meeting which shall resolve on the matter, based on the average of the Company’s quotation at the São Paulo Stock Exchange (Bovespa) during the 10 (ten) trading days prior to the referred Extraordinary Shareholders’ Meeting date (that is, based on the average of the quotations registered at the 10 (ten) trading days prior to April 11th, 2011). There shall be an issuance price for the common shares and other issuance price for the preferred shares, and both prices shall be calculated in accordance with the criterion above. The issuance price shall not change during the period reserved for the exercise of the preemptive right by the Company’s shareholders;

(iii) Justification for the Issuance Price: the determination of the issuance price shall be based on item III, § 1st of the Section 170 of the Brazilian Law No. 6,404/76. The shares issued by the Company – both common and preferred – are included in the Ibovespa and the determination of the issuance price as set forth on item (ii) above intends to avoid any disruption between the mentioned issuance price and the Company’s shares quotation at the stock exchange;

(iv) Number and Type of Shares to be Issued: the number of common and preferred shares to be issued by the Company, all book entry shares and with no par value, shall be defined at the day immediately prior to the Extraordinary Shareholders’ Meeting which shall resolve on the capitalization, after the determination of the respective issuance prices. The current ratio of common and preferred shares in the Company’s capital stock shall be kept the same (34,06% of common shares and 65,94% of preferred shares);

(v) Preemptive Rights: the Company’s shareholders shall be entitled to the preemptive right, as set forth in the Section 171, § 2nd of the Brazilian Law No. 6,404/76. TIM Brasil shall subscribe and pay, in cash, the total capital increase, upon the use of the Credits, and therefore there shall be no shares left unsubscribed. In the event any shareholder decides to exercise its preemptive right, the amount to be paid by such shareholder shall be transferred to TIM Brasil, in accordance with each shareholders’ ratio in relation to the capital increase proposed herein. The preemptive right shall be exercised within 30 (thirty) consecutive days, as from the publication of the Minutes of the Extraordinary Shareholders’ Meeting which shall resolve on the proposal for capital increase;

(vi) Dividends: the new issued shares shall be entitled to full dividend right and other profits related to the fiscal year of 2011, but shall not be entitled to any dividend right and/or other profits related to the fiscal year of 2010, which shall be resolved on the Annual Shareholders’ Meeting to be held on April 11th, 2011.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
