Section 1 – Registrant's Business and Operations

On January 29, 2010, ThermoGenesis Corp. (the "Company") and GE Healthcare Bio-Sciences AB ("GE") entered into an amendment (the "Amendment") of their Amended and Restated International Distribution Agreement, effective February 1, 2010. Under the terms of the Amendment, whose initial term runs through July 31, 2012, GE will continue to distribute the AXP product line, excluding certain countries in Latin America, Asia, CIS, Eastern Europe and the Middle East. The parties will implement a joint operating committee to oversee, review and coordinate marketing and sales activities and performance of the parties. GE will provide incremental funding for marketing support and market research beyond its previous commitments. The Amendment provides incentives for both parties related to sales success, product quality and delivery. The Amendment will automatically renew for one year terms unless terminated at least six months prior to the end of the then current term.

The foregoing description of the Amendment does not purport to be complete and is qualified in its entirety by reference to the complete text of the Amendment, which is filed as Exhibit 10 hereto, and is incorporated herein by reference.
