The press release regarding the revised wafer supply agreement between M.SETEK and JA Solar Holding Co., Ltd. (the Registrant), made by the Registrant in English on June 11, 2007.

---

### **JA Solar and M.SETEK Revise Wafer Supply Agreement**

**Hebei, China, June 11, 2007** JA Solar Holdings Co., Ltd. (the Company) (NASDAQGM: JASO) and M.SETEK, a privately-held Japanese company and one of the world's largest monocrystalline ingots and wafer manufacturers, today announced that under a revised supply agreement, M.SETEK will supply larger quantities of wafers from July 2007, and the payment terms are also restructured from single payment to three installments. The original agreement was entered into in December 2006 and the revised agreement was entered into on June 5, 2007, about two weeks after the inauguration ceremony of M.SETEK's brand new polysilicon material plant in Soma, Japan.

At the time of tight supply of feedstock of polysilicon in solar industry, this agreement enables JA Solar to be in a more comfortable position, Samuel Yang, JA Solar's Chief Executive Officer, said, "M. SETEK is a highly respected and reliable supplier of high quality mono-crystalline wafers. We are delighted to have strengthened the partnership with M.SETEK in our supply chain. This long-term agreement, combined with other supply agreements previously negotiated with key partners, gives us confidence that JA Solar will be able to meet the expected demand levels we are seeing from customers, while maintaining our strict focus on profitability."
