Item 1.01 Entry Into a Material Definitive Agreement

On April 24, 2017, General Finance Corporation ("GFN") completed its previously announced offering of \$5,390,000 aggregate principal amount of the Company's 8.125% Senior Notes due 2021 (the "Notes"). The Notes were sold pursuant to an effective Registration Statement on Form S-3 (File No. 333-199514) filed with the Securities and Exchange Commission (the "Registration Statement"), and a related prospectus and prospectus supplement filed with the Securities and Exchange Commission. The Notes were issued pursuant to the First Supplemental Indenture (the "First Supplemental Indenture") dated as of June 18, 2014 by and between GFN and Wells Fargo Bank National Association, as trustee (the "Trustee"). The First Supplemental Indenture supplements the Indenture entered into by and between GFN and the Trustee dated as of June 18, 2014 (the "Base Indenture" and, together with the First Supplemental Indenture, the "Indenture").

The Notes bear interest at the rate of 8.125% per annum based upon a 360-day year. Interest on the Notes is payable quarterly in arrears on January 31, April 30, July 31 and October 31, commencing on July 31, 2017. The Notes will mature on July 31, 2021.

GFN may, at its option, prior to July 31, 2017 redeem the Notes in whole or in part upon the payment of 100% of the principal amount of the Notes being redeemed plus any additional amount required by the Indenture.

GFN may, at its option, at any time and from time to time, on or after July 31, 2017, redeem the Notes in whole or in part. The Notes will be redeemable at a redemption price initially equal to 106.094% of the principal amount of the Notes (and which declines on each year on July 31) plus accrued and unpaid interest to the date of redemption. On and after any redemption date, interest will cease to accrue on the redeemed Notes.

The Indenture contains covenants which limit GFN's ability to make certain payments, to pay dividends and to incur additional indebtedness if the incurrence of such indebtedness would cause GFN's consolidated fixed charge coverage ratio, as defined in the Indenture, to be below 2.0 to 1.0.

The public offering of the Notes was completed at 99.8% of the principal amount of the Notes. GFN received net proceeds after underwriting discounts, commissions and estimated expenses, of approximately \$5.0 million. GFN will use the proceeds from the Notes offering to primarily repay a portion of the indebtedness outstanding under the joint senior secured credit facility of GFN Realty Company, LLC, Lone Star Tank Rental Inc., Pac-Van, Inc. and Southern Frac, LLC, which among other things, is used for working capital purposes, the acquisition of rental services businesses and products in the United States, for capital expenditures and for general corporate purposes.

The foregoing description of the Indenture and the Notes does not purport to be complete and is qualified in its entirety by reference to the full text of the Indenture and the form of Note. Copies of the Base Indenture and First Supplemental Indenture are incorporated by reference from Exhibits 4.1 and 4.2 to the Current Report on Form 8-K filed on June 18, 2014. The form of Note is attached to this Current Report on Form 8-K as Exhibit 4.1 and is incorporated herein by reference and into the Registration Statement.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information regarding the Note and the Indenture set forth in Item 1.01 is incorporated herein by reference.
