AMERICAN BUSINESS CORPORATION NOTES TO CONDENSED FINANCIAL STATEMENTS

Note 1 - Basis of presentation

The interim financial statements included herein are presented in accordance with accounting principles generally accepted in the United States of America and have been prepared by the Registrant, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Registrant believes that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. The Registrant's operating results for the three months ended March 31, 2007, and 2006 are not necessarily indicative of the results that may be expected for the years ended December 31, 2007, and 2006. It is suggested that these interim financial statements be read in conjunction with the audited financial

Edgar Filing: AMERICAN BUSINESS CORP - Form 10QSB

statements and notes thereto of the Registrant included in its Form 10-KSB for the period ended December 31, 2006.

Note 2 - Estimates

In preparing the enclosed condensed financial statements in accordance with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Article 10 of Regulation S-X, management must make estimates and assumptions. These estimates and assumptions affect the amounts reported for assets, liabilities, revenues and expenses, as well as affecting the disclosures provided. Future results could differ from the current estimates.

Note 3 - Related Party Transactions

As previously reported, and by virtue of beneficial ownership of: (i) 11,689,729 shares of the Company's common stock, (ii) 900,000 common shares issuable upon conversion of outstanding shares of Series A Convertible preferred stock, and (iii) 45,000,000 common share voting equivalents attributable to outstanding shares of Series C preferred stock, or 49.7% of the Registrant's total capitalization, the Registrant may be deemed to be controlled by Midwest Merger Management, LLC, a Kentucky limited liability company and its affiliates ("Midwest").

In addition to the foregoing interest, effective December 31, 2005, Midwest acquired the 6% Secured Convertible Note formerly owned by Brentwood Capital Corp. The amount including accrued interest due under the note at March 31, 2007 is \$2,334,649, which may be converted into common stock at the rate of \$0.01 per share. If Midwest converted that note into its common share equivalent at March 31, 2007, Midwest's ownership of the Company would increase to 83.3%.

7

In connection with its ongoing support of the Registrant's efforts to reorganize, Midwest has advanced an aggregate of \$4,789,117 to fund its activities through and including the end of this fiscal quarter. At March 31, 2007, the indebtedness to Midwest was as follows:

6% Secured Convertible Note	\$2,334,649
Working capital advances	2,454,468

	\$4,789,117
	=====

The Registrant intends to settle its aggregate obligations to Midwest in the course of its planned reorganization with a profitable privately owned business (see Note 7 and 8).

Note 4 - Per Share Results

The common share equivalents associated with the Registrant's issued and outstanding convertible notes and Preferred Stock were not included in computing per share results as their effects were anti-dilutive.

Note 5 - Income Taxes (Benefits)

At December 31, 2006, the Registrant had available approximately \$37,600,000 of net operating loss carry-forwards, which expire between December 31, 2008 and December 31, 2022, that may be used to reduce future taxable income. Federal income tax regulations require the Company's continued compliance with change in control and other guidelines which, if not met, may

Edgar Filing: AMERICAN BUSINESS CORP - Form 10QSB

significantly reduce the Company's ability to utilize its loss carry-forward.

Note 6 - Series B, D and E Preferred Stock

Pursuant to the provisions of their respective indentures, the Series B, D and E Preferred Stock are entitled to receive a redemption premium of 12% annually. The provisions of the Series B, D and E Preferred Stock also allow the holders to redeem their shares upon the occurrence of certain events including the Registrant's inability to issue free trading common stock to such holders because the shares have not been registered under the Securities Act. During such periods of non-compliance, the Series B, D and E Preferred indentures entitle their holders to specified penalties. As the effectiveness of a registration statement under the Securities Act is outside of Registrant's control, the Series B, D and E Preferred Stock, together with accrued premium and penalties, have been classified on the Registrant's balance sheet at March 31, 2007 and December 31, 2006, as a liability.

Note 7 - Going Concern

The Registrant's condensed financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

8

As shown in the accompanying financial statements, the Registrant had negative working capital at March 31, 2007, of \$(35,536,144). In addition, the Registrant has incurred an accumulated deficit of \$(50,609,523) through March 31, 2007. The Registrant is dependent upon the efforts of Midwest to fund its continued survival. The Registrant's ability to continue to receive this level of support from Midwest is uncertain. The condensed financial statements do not include any adjustments that might be necessary if the Registrant is unable to continue as a going concern (see Note 6 and 8).

Note 8 - Bankruptcy Proceedings

On August 28, 2006 the Company reported on Form 8-K that it had been served, on August 28, 2006, with notice that three of its creditors filed an Involuntary Petition for relief under Chapter 7 of the U.S. Bankruptcy Code in the United States Court for the Western District of Kentucky in Louisville, KY on August 23, 2006 (Case Number 06-32184). The Company has 20 days from the date of service to examine the veracity of the claims of the three petitioners, of which one is Midwest, and respond to the Petition before the Bankruptcy Court.

On September 18, 2006, we responded to the Petition acknowledging that we were indebted to the Petitioners. However, the Company has been paying its creditors as agreed or is seeking an agreeable basis for payment with remaining creditors. To that extent, the Company has requested the Bankruptcy Court supervision sought by Petitioners be pursuant to Chapter 11 instead of Chapter 7 of the Bankruptcy Code. On October 30, 2006, the Bankruptcy Court approved our request.

We have developed a plan of reorganization that will be offered to our creditors during the three months ended June 30, 2007, which supports our mission to identify and combine with a profitable, privately owned business. The Company continues to have no reason to believe that Midwest's participation in the involuntary petition precludes its continued support of our efforts.

Edgar Filing: AMERICAN BUSINESS CORP - Form 10QSB

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Plan of Operation

The Registrant does not have any capital resources. Consistent with the inability to continue its failed freight transportation services business beyond November 2000, and its subsequent disposition of its remaining interest in that operation in connection with funding of the GE Credit Corp. settlement in September 2002, the Registrant's principal activity has been centered in resolving the claims of its former creditors so it may seek a new business combination. In this connection, Midwest has agreed to provide Registrant with reasonable legal, accounting and administrative resources to resolve its affairs while it conducts its search for a business combination candidate.

In connection with resolving its affairs, the Company has quantified its remaining liability for claims and litigation arising from its failed transportation business to approximate \$1,874,845 at March 31, 2007. The adequacy of this liability is reviewed quarterly by management. As a result of the Company's pending bankruptcy proceedings, any remaining claims will be dealt with in an orderly fashion under court supervision (see Note 8).

9

Off-Balance Sheet Arrangements

During the three months ended March 31, 2007, we had no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

Forward Looking Statements

The following discussion contains forward-looking statements regarding the Registrant, its business, prospects and results of operations that are subject to certain risks and uncertainties posed by many factors and events that could cause the Registrant's actual business, prospects and results of operations to differ materially from those that may be anticipated by such forward-looking statements. Factors that may affect such forward-looking statements include, without limitation, the Registrant's ability to resolve the affairs of its creditors and other investors; or to locate and thereafter negotiate and consummate a business combination with a profitable privately owned company.

When used in this discussion, words such as "believes," "anticipates," "expects," "intends," and similar expressions are intended to identify forward-looking statements, but are not the exclusive means of identifying forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this report. The Registrant undertakes no obligation to revise any forward-looking statements in order to reflect events or circumstances that may subsequently arise. Readers are urged to carefully review and consider the various disclosures made by us in this report and other reports filed with the SEC that attempt to advise interested parties of the risks and factors that may affect the Registrant's business.

Discussion and Analysis of the Three Months Ended March 31, 2007 and 2006:

Revenue - As a direct result of the Registrant's inability to continue its

Edgar Filing: AMERICAN BUSINESS CORP - Form 10QSB

failing freight transportation services beyond November 2000, the Registrant had no revenues during either the three months ended March 31, 2007 ("3M7") or the three months ended March 31, 2006 ("3M6"). The Registrant continues working through the resolution of its outstanding indebtedness, claims and litigation.

Expenses and Income Taxes - Operating expenses for 3M7 were \$718,239 compared to \$715,836 for 3M6. This level of expenses is consistent with the Registrant's strategy of redirecting its focus toward becoming a candidate to acquire or merge with a profitable, privately-held business operation. Accordingly, the Registrant's recurring administrative expenses include: (i) accrued interest on its defaulted notes and accrued premium and penalties

10

relating to its Series B, D and E preferred stock, (ii) professional fees (legal and accounting) and management fees associated with resolution of the Registrant's affairs with its former creditors and investors, maintenance of reporting requirements and good standing, (iii) ancillary expenses, and (iv) minimum franchise taxes.

Net Loss - As a result of the foregoing, the Registrant experienced a net loss of \$(718,239) for 3M7 compared to a net loss of \$(715,836) for 3M6. When related to the weighted average number of common shares outstanding during each period, per share results were a net loss of \$(0.01) for both periods.

Liquidity and Capital Resources

The Registrant is entirely dependent upon: (i) Midwest providing it with certain advisory services in connection with resolution of its affairs; (ii) Midwest's willingness to provide the Registrant with certain office and administrative facilities and to fund virtually all its settlements with creditors; and (iii) the Registrant's successful implementation of a business combination with a profitable operating company. There can be no assurances that Midwest will be successful in resolving all or substantially all of Registrant's affairs, that Midwest will fund any further settlements, or that the combined efforts of Midwest and the Registrant will lead to a successful business combination.

Nonetheless, Midwest has advanced the Registrant \$4,789,117 through March 31, 2007, of which \$103,784 (inclusive of \$34,502 accrued interest during 3M7) evidences its continued support during the current period.

Item 3. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

The Company's Chief Executive Officer and Chief Financial Officer carried out an evaluation of the effectiveness of the Company's disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) or 15d-15(e)) as of March 31, 2007, as required by paragraph (b) of Exchange Act Rules 13a-15 or 15d-15. Based upon this evaluation, the CEO and CFO has concluded that as of March 31, 2007, the Company's disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms and that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to its management, including its principal financial officers, or persons

Edgar Filing: AMERICAN BUSINESS CORP - Form 10QSB

performing similar functions, as appropriate to allow timely decisions regarding required disclosures.

11

(b) Changes in Internal Controls

The Registrant made no significant changes in its internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation of those controls by the Chief Executive and Chief Financial officer.
