CHATHAM LODGING TRUST

Notes to the Consolidated Financial Statements
(unaudited)

1. Organization

Chatham Lodging Trust (“we,” “us” or the “Company”) was formed as a Maryland real estate investment trust (“REIT”) on October 26, 2009. The Company is internally-managed and was organized to invest primarily in premium-branded upscale extended-stay and select-service hotels.

In January 2014, the Company established an At the Market Equity Offering (“ATM Plan”) whereby, from time to time, we may publicly offer and sell up to \$50 million of our common shares by means of ordinary brokers’ transactions on the New York Stock Exchange, in negotiated transactions or in transactions that are deemed to be “at the market” offerings as defined in Rule 415 under the Securities Act of 1933, with Cantor Fitzgerald & Co. acting as sales agent. As of June 30, 2014, we had issued 486,820 shares under the ATM Plan at a weighted average price of \$22.53. As of June 30, 2014, there was approximately \$39.0 million of common shares available for issuance under the ATM Plan.

In January 2014, the Company established a dividend reinvestment and stock purchase plan (“DRSPP”). Shareholders may purchase additional common shares by reinvesting some or all of the cash dividends received on the Company's common shares. Shareholders may also make optional cash purchases of the Company's common shares subject to certain limitations detailed in the prospectus for the DRSPP. As of June 30, 2014, we had issued 149 shares under the DRSPP at a weighted average price of \$22.12. As of June 30, 2014, there was approximately \$25.0 million of common shares available for issuance under the DRSPP.

The net proceeds from any share offerings are contributed to Chatham Lodging, L.P., our operating partnership (the “Operating Partnership”), in exchange for partnership interests. Substantially all of the Company’s assets are held by, and all operations are conducted through, the Operating Partnership. Chatham Lodging Trust is the sole general partner of the Operating Partnership and owns 100% of the common units of limited partnership interest in the Operating Partnership. Certain of the Company’s executive officers hold vested and unvested long-term incentive plan units in the Operating Partnership, which are presented as non-controlling interests on our consolidated balance sheets. As of June 30, 2014, the Company owned 29 hotels with an aggregate of 4,342 rooms located in 15 states and the District of Columbia. The Company also owns a 10.3% noncontrolling interest in a joint venture (the “NewINK JV”) with NorthStar Realty Finance Corp (“NorthStar”), which owns 47 hotels comprising an aggregate of 6,097 rooms, and owns a 5.0% noncontrolling interest in a joint venture (the “Torrance JV”) with Cerberus Capital Management (“Cerberus”) that owns the 248-room Residence Inn by Marriott in Torrance, CA.

To qualify as a REIT, the Company cannot operate the hotels. Therefore, the Operating Partnership and its subsidiaries lease our wholly owned hotels to taxable REIT subsidiary lessees (“TRS Lessees”), which are wholly owned by one of the Company’s taxable REIT subsidiary (“TRS”) holding companies. The Company indirectly owns its interest in 47 of the NewINK JV hotels and its interest in the Torrance JV through the Operating Partnership. All of the NewINK JV hotels and the Torrance JV hotel are leased to TRS Lessees, in which the Company indirectly owns noncontrolling interests through one of its TRS holding companies. Each hotel is leased to a TRS Lessee under a percentage lease that provides for rental payments equal to the greater of (i) a fixed base rent amount or (ii) a percentage rent based on hotel room revenue. The initial term of each of the TRS leases is 5 years. Lease revenue from each TRS Lessee is eliminated in consolidation.

The TRS Lessees have entered into management agreements with third party management companies that provide day-to-day management for the hotels. As of June 30, 2014, Island Hospitality Management Inc. (“IHM”), which is 90% owned by Jeffrey H. Fisher, the Company's Chairman, President and Chief Executive Officer, managed 27 of the Company’s wholly owned hotels and Concord Hospitality Enterprises Company managed two of the Company’s wholly owned hotels. As of June 30, 2014, all of the NewINK JV hotels were managed by IHM. The Torrance JV hotel is managed by Marriott International, Inc. (“Marriott”).

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited interim consolidated financial statements and related notes have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) and in conformity with the rules and regulations of the Securities and Exchange Commission (“SEC”) applicable to interim financial information. These unaudited consolidated financial statements, in the opinion of management, include all adjustments consisting of normal, recurring adjustments which are considered necessary for a fair presentation of the consolidated balance sheets, consolidated statements of operations, consolidated statements of equity, and consolidated statements of cash flows for the periods presented. Interim results are not necessarily indicative of full year performance due to seasonal and other factors including the timing of the acquisition of hotels.

The consolidated financial statements include all of the accounts of the Company and its wholly owned subsidiaries. All intercompany balances and transactions are eliminated in consolidation. The accompanying unaudited consolidated financial statements should be read in conjunction with the audited financial statements prepared in accordance with GAAP, and the related notes thereto as of December 31, 2013, which are included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the balance sheet date and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

3. Recently Issued Accounting Standards

In April 2014, the FASB issued amendments to guidance for reporting discontinued operations and disposals of components of an entity. The amended guidance requires that a disposal representing a strategic shift that has (or will have) a major effect on an entity’s operations and financial results or a business activity classified as held for sale upon acquisition should be reported as discontinued operations. The amendments also expand the disclosure requirements for discontinued operations and adds new disclosures for individually significant dispositions that do not qualify as discontinued operations. The amendments are effective prospectively for fiscal years, and interim reporting periods within those years, beginning after December 15, 2014 (early adoption is permitted only for disposals that have not been previously reported). Early adoption is permitted for disposals that have not been reported in financial statements previously issued. We adopted this accounting standard update effective January 1, 2014 and do not expect the implementation of the amended guidance to have a material impact on the Company's consolidated financial position of results of operations, but do expect these amendments to impact the Company determination of which future property disposals qualify as discontinued operations as well as requiring additional disclosures about discontinued operations.

On May 28, 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. The new standard is effective for the Company on January 1, 2017. Early application is not permitted. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is evaluating the effect that AUS 2014-09 will have on its consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of the standard on its financial statements.

On June 9, 2014, the Company completed the sale of its joint venture with Cerberus, the Innkeepers JV, which owned a 51-hotel, 6,848-room portfolio, to a new joint venture between affiliates of NorthStar and the Company's operating partnership (the "NewINK JV") in which NorthStar effectively acquired Cerberus' 89.7% interest in 47 of the 51 hotels from the Innkeepers JV. The remaining four hotels, each of which is a Residence Inn that are located in Silicon Valley, CA, were purchased by the Company (see note 4). The Company owns a 10.3% interest in the NewINK JV, which owns 47 hotels comprising an aggregate of 6,097 rooms. The Company accounts for this investment under the equity method. The remeasurement gain of the Company's interest in the four Silicon Valley Hotels as a result of the step acquisition was approximately \$18.8 million and the net gain from the Company's promote interest in the Innkeepers JV was approximately \$47.9 million (credited toward the purchase of the Silicon Valley Hotels), resulting in a total gain of \$66.7 million from the transaction. The Company's gain resulting from this transaction will be rolled tax deferred between the basis of the Company's investment in the NewINK JV and the Company's basis in the four Silicon Valley Hotels. During the three and six months ended June 30, 2014 and 2013, the Company received no cash distributions from the NewINK JV.

The Company's ownership interests in the NewINK JV is subject to change in the event that either the Company or NorthStar calls for additional capital contributions to the respective JV's for certain non-discretionary requirements, or solely in the case of a capital call by NorthStar necessary for the conduct of business, including contributions to fund costs and expenses related to capital expenditures. The Company manages each of the NewINK JV and the Torrance JV (collectively, the "JV") and will receive a promote interest in each applicable JV if it meets certain return thresholds. NorthStar and Cerberus may also approve certain actions by each respective JV without the Company's consent, including certain property dispositions conducted at arm's length, certain actions related to the restructuring of each JV and removal of the Company as managing member in the event the Company fails to fulfill its material obligations under the applicable joint venture agreement.

The Company's investment in the Innkeepers JV investment is \$0.0 million at June 30, 2014. The Company's investment in the NewINK JV is \$2.5 million at June 30, 2014. The Company's investment in the Torrance JV is \$0.8 million at June 30, 2014. The following table sets forth the combined components of net income (loss), including the Company's share, related to the Innkeepers JV and NewINK JV for the three and six months ended June 30, 2014 and 2013 (in thousands):

Thirteen properties in the borrowing base serve as collateral for borrowings under the senior secured revolving (1) credit facility at June 30, 2014. The interest rate for the senior secured revolving credit facility is variable and based on LIBOR plus 2.5%.

On March 21, 2014, the Company refinanced the mortgage for the Residence Inn Garden Grove hotel. The new (2) loan has a 10-year term and a 30-year amortization payment schedule but is interest only for the first 12 months.

The Company incurred \$0.2 million in costs for early extinguishment of debt related to the old loan.

On June 9, 2014, the Company obtained 4 new mortgage loans secured by a first mortgage for the Silicon Valley I, (3) Silicon Valley II, San Mateo and Mountain View hotels. The new loans have a 10-year term and a 30-year amortization payment schedule but are interest only for the first 60 months.

The Company entered into an amendment (the "Amendment") to its amended and restated senior secured revolving credit facility on December 11, 2013. The Amendment extends the maturity date to November 5, 2016 and includes an option to extend the maturity date by an additional year. The senior secured revolving credit facility includes limitations on the extent of allowable distributions to the Company not to exceed the greater of 95% of Adjusted Funds from Operations (as defined in the senior secured revolving credit facility) and the minimum amount of distributions required for the Company to maintain its REIT status. Other key terms are as follows:

At June 30, 2014 and December 31, 2013, the Company had \$98.0 million and \$50.0 million, respectively, of outstanding borrowings under its senior secured revolving credit facility. At June 30, 2014, the maximum borrowing availability under the senior secured revolving credit facility was \$175.0 million.

The Company estimates the fair value of its fixed rate debt, which is all of the Company's mortgage loans, by discounting the future cash flows of each instrument at estimated market rates. Rates take into consideration general market conditions, quality and estimated value of collateral and maturity of debt with similar credit terms and are classified within level 3 of the fair value hierarchy. The estimated fair value of the Company's fixed rate debt as of June 30, 2014 and December 31, 2013 was \$446.4 million and \$220.0 million, respectively.

The Company estimates the fair value of its variable rate debt by taking into account general market conditions and the estimated credit terms it could obtain for debt with similar maturity and is classified within level 3 of the fair value hierarchy. The Company's only variable rate debt is under its senior secured revolving credit facility. The estimated fair value of the Company's variable rate debt as of June 30, 2014 and December 31, 2013 was \$98.0 million and \$50.0 million, respectively.

As of June 30, 2014, the Company was in compliance with all of its financial covenants. At June 30, 2014, the Company's consolidated fixed charge coverage ratio was 2.87. Future scheduled principal payments of debt obligations as of June 30, 2014, for each of the next five calendar years and thereafter are as follows (in thousands):

	Amount
2014 (remaining six months)	\$1,317
2015	8,313
2016	107,533
2017	3,802

Thereafter	417,590
Total	\$542,535

9. Income Taxes

The Company's TRSs are subject to federal and state income taxes. The Company's TRSs are structured under two TRS holding companies, which are referred to as TRS 1 and TRS 2, that are treated separately for income tax purposes.

The components of income tax expense for the following periods are as follows (in thousands):

	For the three months ended June 30,		For the six months ended June 30,	
	2014	2013	2014	2013
Federal	\$28	\$35	\$30	\$35
State	10	10	11	10
Tax expense	\$38	\$45	\$41	\$45

At June 30, 2014, TRS 1 had a gross deferred tax asset associated with future tax deductions of \$3.2 million. TRS 1 has continued to record a full valuation allowance equal to 100% of the gross deferred tax asset due to the uncertainty of realizing the benefit of its deferred assets due to the cumulative taxable losses incurred by TRS 1 since its inception. TRS 2 has a gross deferred tax asset of \$0.0 million as of June 30, 2014.

11. Earnings Per Share

The two class method is used to determine earnings per share because unvested restricted shares and unvested LTIP units are considered to be participating shares. Unvested restricted shares and unvested LTIP units that could potentially dilute basic earnings per share in the future would not be included in the computation of diluted loss per share, for the periods where a loss has been recorded, because they would have been anti-dilutive for the periods presented. The following is a reconciliation of the amounts used in calculating basic and diluted net loss per share (in thousands, except share and per share data):

12. Equity Incentive Plan

The Company maintains its Equity Incentive Plan to attract and retain independent trustees, executive officers and other key employees and service providers. The plan provides for the grant of options to purchase common shares, share awards, share appreciation rights, performance units and other equity-based awards. The plan was amended and restated as of May 17, 2013 to increase the maximum number of shares available under the plan to 3,000,000 shares. Share awards under this plan generally vest over three years, though compensation for the Company's independent trustees includes shares granted that vest immediately. The Company pays dividends on unvested shares and units, except for performance based shares, for which dividends on unvested performance based shares are not paid until those shares are vested. Certain awards may provide for accelerated vesting if there is a change in control. In January 2014 and 2013, the Company issued 16,542 and 22,536 common shares, respectively, to its independent trustees as compensation for services performed in 2013 and 2012. The quantity of shares was calculated based on the average of the closing prices for the Company's common shares on the New York Stock Exchange for the last ten trading days preceding the reporting date. The Company would have distributed 9,137 common shares for services performed in 2014 had this liability classified award been satisfied as of June 30, 2014. As of June 30, 2014, there were 2,296,458 common shares available for issuance under the Equity Incentive Plan.

Restricted Share Awards

A summary of the shares granted to executive officers pursuant to the Equity Incentive Plan as of June 30, 2014 are:

Award Type	Award Date	Total Shares Granted	Vested as of June 30, 2014
2012 Time-based Awards	2/23/2012	61,376	40,918
2012 Performance-based Awards	2/23/2012	53,191	35,462
2013 Time-based Awards	1/29/2013	40,829	13,611
2013 Performance-based Awards	5/17/2013	40,829	13,611
2014 Time-based Awards	1/31/2014	48,213	—
2014 Performance-based Awards	1/31/2014	38,805	—

Time-based shares will vest over a three-year period. The performance-based shares will be issued and vest over a three-year period only if and to the extent that long-term performance criteria established by the Board of Trustees are met and the recipient remains employed by the Company through the vesting date.

The Company measures compensation expense for time-based vesting restricted share awards based upon the fair market value of its common shares at the date of grant. For the performance-based shares granted in 2012, 2013 and 2014, compensation expense is based on a valuation of \$10.20, \$10.93 and \$13.17, respectively, per performance share granted, which takes into account that some or all of the awards may not vest if long-term performance criteria are not met during the vesting period. Compensation expense is recognized on a straight-line basis over the vesting period and is included in general and administrative expense in the accompanying consolidated statements of operations. The Company pays dividends on non-vested time-based restricted shares. Dividends for performance-based shares are accrued and paid annually only if and to the extent that long-term performance criteria established by the Board of Trustees are met and the recipient remains employed by the Company on the vesting date. A summary of the Company's restricted share awards for the six months ended June 30, 2014 and year ended December 31, 2013 is as follows:

	June 30, 2014		December 31, 2013

Table of Contents

As of June 30, 2014 and December 31, 2013, there were \$2.1 million and \$1.2 million, respectively, of unrecognized compensation costs related to restricted share awards. As of June 30, 2014, these costs were expected to be recognized over a weighted-average period of approximately 2.1 years. For the three months ended June 30, 2014 and 2013, the Company recognized approximately \$0.3 million and \$0.2 million, respectively and for the six months ended June 30, 2014 and 2013, the Company recognized approximately \$0.6 million and \$0.5 million, respectively of expense related to the restricted share awards. This expense is included in general and administrative expenses in the accompanying consolidated statements of operations.

Long-Term Incentive Plan Units

The Company recorded \$0.2 million and \$0.2 million in compensation expense related to the LTIP units for the three months ended June 30, 2014 and 2013, respectively and \$0.4 million and \$0.4 million in compensation expense related to the LTIP units for the six months ended June 30, 2014 and 2013, respectively. As of June 30, 2014 and December 31, 2013, there was \$0.6 million and \$1.0 million, respectively, of total unrecognized compensation cost related to LTIP units. This cost is expected to be recognized over approximately 0.9 years, which represents the weighted average remaining vesting period of the LTIP units. Upon the closing of the Company's equity offering on September 30, 2013, the Company determined that a revaluation event occurred, as defined in the Internal Revenue Code of 1986, as amended, and 26,250 LTIP units of one of the officers of the Company achieved full parity with the common Operating Partnership units with respect to liquidating distributions and all other purposes. Three-fifths of these units have vested as of June 30, 2014. As of June 4, 2014, the Company determined that a revaluation event occurred, as defined in the Internal Revenue Code of 1986, as amended, and 231,525 LTIP units of the other two officers of the Company achieved full parity with the common Operating Partnership units with respect to liquidating distributions and all other purposes. Four-fifths of these units have vested June 30, 2014. Accordingly, these LTIP units will be allocated their pro-rata share of the Company's net income.

13. Commitments and Contingencies**Litigation**

The nature of the operations of the hotels exposes the hotels, the Company and the Operating Partnership to the risk of claims and litigation in the normal course of their business. The Company is not presently subject to any material litigation nor, to the Company's knowledge, is any material litigation threatened against the Company or its properties.

Hotel Ground Rent

The Altoona hotel is subject to a ground lease with an expiration date of April 30, 2029 with an extension option of up to 12 additional terms of five years each. Monthly payments are determined by the quarterly average room occupancy of the hotel. Rent is equal to approximately \$7,500 per month when monthly occupancy is less than 85% and can increase up to approximately \$20,000 per month if occupancy is 100%, with minimum rent increased on an annual basis by two and one-half percent (2.5%).

At the New Rochelle Residence Inn, there is an air rights lease and garage lease that each expire on December 1, 2104. The lease agreements with the City of New Rochelle cover the space above the parking garage that is occupied by the hotel as well as 128 parking spaces in a parking garage that is attached to the hotel. The annual base rent for the garage lease is the hotel's proportionate share of the city's adopted budget for the operations, management and maintenance of the garage and established reserves to fund for the cost of capital repairs.

Future minimum rental payments under the terms of all non-cancellable operating ground leases under which the Company is the lessee are expensed on a straight-line basis regardless of when payments are due. The following is a schedule of the minimum future obligation payments required under the ground, air rights and garages leases as of June 30, 2014, for the remainder of 2014 and for each of the next four calendar years and thereafter (in thousands):

Management Agreements

The management agreements with Concord have an initial ten-year term that expires on February 28, 2017 and will renew automatically for successive one-year terms unless terminated by the TRS lessee or the manager by written notice to the other party no later than 90 days prior to the then current term's expiration date. The management agreements may be terminated for cause, including the failure of the managed hotel operating performance to meet specified levels. If the Company were to terminate the management agreements during the first nine years of the term other than for breach or default by the manager, the Company would be responsible for paying termination fees to the manager.

The management agreements with IHM have an initial term of five years and may be renewed for two five-year periods at IHM's option by written notice to us no later than 90 days prior to the then current term's expiration date. The IHM management agreements provide for early termination at the Company's option upon sale of any IHM-managed hotel for no termination fee, with six months advance notice. The IHM management agreements may be terminated for cause, including the failure of the managed hotel to meet specified performance levels.

14. Related Party Transactions

Mr. Fisher owns 90% of IHM. As of June 30, 2014, the Company had hotel management agreements with IHM to manage 27 of its hotels. As of June 30, 2014, all 47 hotels owned by the NewINK JV are managed by IHM. Hotel management, revenue management and accounting fees paid to IHM for the Chatham properties for the three months ended June 30, 2014 and 2013 were \$1.3 million and \$0.7 million, respectively and for the six months ended June 30, 2014 and 2013 were \$2.3 million and \$1.4 million, respectively. At June 30, 2014 and December 31, 2013, the amounts due to IHM were \$0.8 million and \$0.5 million, respectively.

Cost reimbursements from unconsolidated real estate entities revenue represent reimbursements of costs incurred on behalf of the Innkeepers JV and NewINK JV. These costs relate primarily to corporate payroll costs at the JVs where the Company is the employer. As the Company records cost reimbursements based upon costs incurred with no added markup, the revenue and related expense has no impact on the Company's operating income or net income. Cost reimbursements from the JVs are recorded based upon the occurrence of a reimbursed activity.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis should be read in conjunction with our consolidated financial statements and related notes included elsewhere in this report and in our Annual Report on Form 10-K for the year ended December 31, 2013. In this report, we used the terms "the Company," "we" or "our" to refer to Chatham Lodging Trust and its consolidated subsidiaries, unless the context indicates otherwise.

Statement Regarding Forward-Looking Information

The following information contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These forward-looking statements include information about possible or assumed future results of the lodging industry, our business, financial condition, liquidity, results of operations, cash flow and plans and objectives. These statements generally are characterized by the use of the words "believe," "expect," "anticipate," "estimate," "plan," "continue," "intend," "should," "may" or similar expressions. Although we believe that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, our actual results could differ materially from those set forth in the forward-looking statements. Some factors that might cause such a difference include the following: the local, national and global economic conditions, increased direct competition, changes in government regulations or accounting rules, changes in local, national and global real estate conditions, declines in lodging industry fundamentals, increased operating costs, seasonality of the lodging industry, our ability to obtain debt and equity financing on satisfactory terms, changes in interest rates, our ability to identify suitable investments, our ability to close on identified investments and inaccuracies of our accounting estimates. Given these uncertainties, undue reliance should not be placed on such statements. We undertake no obligation to publicly release the results of any revisions to these forward-looking statements that may be made to reflect future events or circumstances or to reflect the occurrence of unanticipated events. The forward-looking statements should be read in light of the risk factors identified in the "Risk Factors" section in the Company's Annual Report on Form 10-K for the year ended December 31, 2013, as updated elsewhere in Part II, Item 1A of this report.

Overview

We are a self-advised hotel investment company organized in October 2009 that commenced operations in April 2010. Our investment strategy is to invest in premium-branded upscale extended-stay and select-service hotels in geographically diverse markets with high barriers to entry near strong demand generators. We may acquire portfolios of hotels or single hotels. We expect that a significant portion of our portfolio will consist of hotels in the upscale extended-stay or select-service categories, including brands such as Homewood Suites by Hilton®, Residence Inn by Marriott®, Hyatt Place®, Courtyard by Marriott®, Hilton Garden Inn by Hilton®, Hampton Inn® and Hampton Inn and Suites®.

Our long-term goal is to maintain our leverage at a ratio of net debt to investment in hotels (at cost) at levels lower than current levels. However, we and our Board of Trustees are comfortable at levels in excess of current levels at this point of the hotel economic cycle especially given the borrowing rates available in today's credit markets. This provides us with balance sheet flexibility to use debt to fund external growth via acquisitions. Our leverage ratio at June 30, 2014 is 51%, which is up from 36% at December 31, 2013.

Future growth through acquisitions could be funded by issuances of both common and preferred shares or the issuance of partnership interests in our Operating Partnership, draw-downs under our senior secured revolving credit facility, the incurrence or assumption of debt, available cash, proceeds from dispositions of assets or distributions from our 10.3% investment in a new joint venture with affiliates of NorthStar Realty Finance Corp. ("NorthStar") that owns 47 hotels (the "NewINK JV"), or distributions from our 5.0% investment in a joint venture with Cerberus Capital Management ("Cerberus") that owns the Residence Inn by Marriott in Torrance, CA (the "Torrance JV"). We intend to acquire quality assets at attractive prices, improve their returns through knowledgeable asset management and seasoned, proven hotel management while remaining prudently leveraged.

We believe the remainder of 2014 and beyond will offer attractive growth for the lodging industry and for us because lodging demand is projected to surpass supply growth for the next few years. Increased demand is correlative to economic growth in the U.S. and with Gross Domestic Product ("GDP") expected to moderately grow, we believe demand will increase.

We elected to qualify for treatment as a real estate investment trust (“REIT”) for federal income tax purposes. In order to qualify as a REIT under the Internal Revenue Code of 1986, as amended (the “Code”), we cannot operate our hotels. Therefore, our operating partnership, Chatham Lodging, L.P. (the “Operating Partnership”), and its subsidiaries lease our hotel properties to taxable REIT lessee subsidiaries (“TRS Lessees”), who will in turn engage eligible independent contractors to manage the hotels. Each of these lessees is treated as a taxable REIT subsidiary for federal income tax purposes and is consolidated within our financial statements for accounting purposes. However, since we control both the Operating Partnership and the TRS Lessees, our principal source of funds on a consolidated basis is from the operations of our hotels. The earnings of the TRS Lessees are subject to taxation as regular C corporations, as defined in the Code, potentially reducing the TRS Lessees’ cash available to pay dividends to us, and therefore our funds from operations and the cash available for distribution to our shareholders.

Recent Developments

On June 9, 2014, the Company completed the sale of its joint venture with Cerberus, the Innkeepers JV, which owned a 51-hotel, 6,848-room portfolio, to a new joint venture between affiliates of NorthStar and the Company’s operating partnership (the “NewINK JV”) in which NorthStar effectively acquired Cerberus’ 89.7% interest in 47 of the 51 hotels from the Innkeepers JV. The remaining four hotels, each of which is a Residence Inn that are located in Silicon Valley, California, were purchased by the Company. The Company owns a 10.3% interest in the NewINK JV, which owns 47 hotels comprising an aggregate of 6,097 rooms. The Company accounts for this investment under the equity method. The remeasurement gain of the Company’s interest in the four Silicon Valley Hotels as a result of the step acquisition was approximately \$18.8 million and the net gain from the Company’s promote interest in the Innkeepers JV was approximately \$47.9 million (credited toward the purchase of the Silicon Valley Hotels), resulting in a total gain of \$66.7 million from the transaction. The Company’s gain resulting from this transaction will be rolled tax deferred between the basis of the Company’s investment in the NewINK JV and the Company’s basis in the four Silicon Valley Hotels. During the three and six months ended June 30, 2014 and 2013, the Company received no cash distributions from the NewINK JV.

Financial Condition and Operating Performance Metrics

We measure financial condition and hotel operating performance by evaluating financial metrics and measures such as:

- Revenue Per Available Room (“RevPAR”),
- Average Daily Rate (“ADR”),
- Occupancy percentage,
- Funds From Operations (“FFO”),
- Adjusted FFO,
- Earnings before interest, taxes, depreciation and amortization (“EBITDA”), and
- Adjusted EBITDA.

We evaluate the hotels in our portfolio and potential acquisitions using these metrics to determine each hotel’s contribution toward providing income to our shareholders through increases in distributable cash flow and increasing long-term total returns through appreciation in the value of our common shares. RevPAR, ADR and Occupancy are hotel industry measures commonly used to evaluate operating performance. RevPAR, which is calculated as total room revenue divided by total number of available rooms, is an important metric for monitoring hotel operating performance, and more specifically hotel revenue.

“Non-GAAP Financial Measures” provides a detailed discussion of our use of FFO, Adjusted FFO, EBITDA and Adjusted EBITDA and a reconciliation of FFO, Adjusted FFO, EBITDA and Adjusted EBITDA to net income or loss, measurements recognized by generally accepted accounting principles in the United States (“GAAP”).

Results of Operations

Industry outlook

We believe that the hotel industry's performance is correlated to the performance of the economy overall, and specifically, key economic indicators such as GDP growth, employment trends, corporate travel and corporate profits. We expect a continuing improvement in the performance of the hotel industry as GDP is forecast to grow approximately 2.1% to 2.3% in 2014, unemployment is forecast to continue to decline and corporate profits and travel expense are expected to continue to rise. As reported by Smith Travel Research, monthly industry RevPAR has been higher year over year since March 2010, so we are into the 5th year of RevPAR growth in what some believe will be a larger cycle. As a comparison, the period from 1992 to 2000 saw nine consecutive years of RevPAR growth. As reported by Smith Travel Research, industry RevPAR in 2013 was up 5.6% and was up 7.5% year to date through June 30, 2014 compared to the same periods in the respective prior year. Industry analysts such as Smith Travel Research and PKF Hospitality are projecting industry RevPAR to grow approximately 6% in 2014 based on sustained economic growth, lack of new supply and increased business travel spending. Of the projected growth, industry analysts believe growth in ADR will comprise the majority of the expected RevPAR growth. Primary hotel franchisors Marriott, Hilton, Hyatt and Starwood are projecting 2014 RevPAR growth in North America in a range of 6-7%. We are currently projecting RevPAR at our hotels to grow 6.5% to 7.5% in 2014 with ADR comprising approximately 60% of our RevPAR growth. Looking further ahead to 2015, Smith Travel Research and PKF Hospitality, predict that RevPAR will continue to grow in 2015 with preliminary estimates between 4.9% and 7.5%. Comparison of the three months ended June 30, 2014 to the three months ended June 30, 2013

Results of operations for the three months ended June 30, 2014 include the operating activities of our 29 wholly-owned hotels and our investments in the NewINK JV, Innkeepers JV and the Torrance JV. We owned 21 hotels at June 30, 2013. Accordingly, the comparisons below are influenced by the fact that eight hotels and the Torrance JV were not owned by us for all of the second quarter of 2013. Four hotels were acquired during the second half of 2013 and four hotels in the Silicon Valley, CA area were acquired on June 9, 2014.

As reported by Smith Travel Research, industry RevPAR for the three months ended June 30, 2014 and 2013 was up 8.2% and up 5.0%, respectively, as compared to the second quarter for 2013 and 2012. RevPAR at our hotels was up 9.6% and 3.5%, respectively, in the 2014 and 2013 periods as compared to the second quarter of 2013 and 2012. The second quarter of 2013 was adversely impacted by renovations that occurred at our Washington, D.C. hotel, which operated without a brand for the second quarter of 2013 until it was rebranded to a Residence Inn by Marriott on September 20, 2013.

Revenues

Revenue consists of the following (in thousands):

	For the three months ended			
	June 30, 2014	June 30, 2013	% Change	
Room	\$43,978	\$28,960	51.9	%
Food and beverage	585	199	194.0	%
Other	2,021	1,202	68.1	%
Cost reimbursements from unconsolidated real estate entities	493	385	28.1	%
Total revenue	\$47,077	\$30,746	53.1	%

Total revenue was \$47.1 million for the quarter ended June 30, 2014, up \$16.4 million compared to total revenue of \$30.7 million for the 2013 period. Total revenue related to the four hotels acquired in the second half of 2013 contributed \$8.1 million of the increase and the four hotels in Silicon Valley contributed \$3.1 million of the increase. Since all of our hotels are select service or limited service hotels, room revenue is the primary revenue source as these hotels do not have significant food and beverage revenue or large group conference facilities. Room revenue was \$44.0 million and \$29.0 million for the quarters ended June 30, 2014 and 2013, respectively, with \$7.0 million of this increase attributable to the four hotels acquired in the second half of 2013 and \$3.0 million attributable to the four Silicon Valley hotels acquired in June 2014. For the 21 comparable hotels, room revenue was up \$4.6 million, or 15.9%, driven primarily by RevPAR growth of 9.6%.

Edgar Filing: Chatham Lodging Trust - Form 10-Q

Food and beverage revenue was \$0.6 million and \$0.2 million for three months ended June 30, 2014 and 2013, respectively. The increase relates to the Hyatt Place Pittsburgh Hotel and the Denver Tech Hotel, which were acquired during or after the second quarter of 2013 and have food and beverage operations.

Table of Contents

Other operating revenue, comprised of meeting room, gift shop, in-room movie and other ancillary amenities revenue, was \$2.0 million and \$1.2 million for the quarters ended June 30, 2014 and 2013, respectively. Total other operating revenue related to the four hotels acquired in the second half of 2013 contributed \$0.5 million of the increase with the remaining increase of \$0.3 million attributable to the 21 comparable hotels.

Cost reimbursements from unconsolidated real estate entities, comprised of payroll costs at the Innkeepers and NewINK JVs where the Company is the employer, were \$0.5 million and \$0.4 million for the three months ended June 30, 2014 and 2013, respectively. The increase is due to higher annual incentive compensation for dedicated joint venture employees.

Since room revenue is the primary component of total revenue, our revenue results are dependent on maintaining and improving hotel occupancy, ADR and RevPAR at our hotels. Occupancy, ADR, and RevPAR results for the 29 wholly owned hotels are presented in the following table in each period to reflect operation of the hotels regardless of our ownership interest during the periods presented:

	For the three months ended June 30, 2014		For the three months ended June 30, 2013	
Occupancy	86.8	%	83.7	%
ADR	\$153.71		\$145.46	
RevPar	\$133.37		\$121.73	

The RevPar increase of 9.6% was due to an increase in ADR of 5.7% and an increase in occupancy of 3.7%.

Occupancy at the D.C. hotel increased 34.4% in the 2014 second quarter over the second quarter of 2013.

Hotel Operating Expenses

Hotel operating expenses consist of the following (in thousands):

	For the three months ended			
	June 30, 2014	June 30, 2013	% Change	
Hotel operating expenses:				
Room	\$8,802	\$6,065	45.1	%
Food and beverage	432	182	137.4	%
Telephone	285	216	31.9	%
Other	507	378	34.1	%

Insurance	217	176	23.3	%
Total hotel operating expenses	\$23,486	\$16,151	45.4	%

Hotel operating expenses increased \$7.3 million to \$23.5 million for the three months ended June 30, 2014 from \$16.2 million for the three months ended June 30, 2013. Total hotel operating expenses related to the four hotels acquired in the second half of 2013 contributed \$4.0 million of the increase and the four hotels in Silicon Valley acquired in June 2014 contributed \$0.9 million of the increase. For the 21 comparable hotels, total hotel operating expenses increased \$2.4 million or 14.9%.

Table of Contents

Room expenses, which are the most significant component of hotel operating expenses, increased \$2.7 million from \$6.1 million in 2013 to \$8.8 million in 2014. Total room expenses related to the four hotels acquired in the second half of 2013 contributed \$1.4 million of the increase and the four hotels in Silicon Valley acquired in June 2014 contributed \$0.3 million of the increase. For the 21 comparable hotels, total room operating expenses increased \$1.0 million or 16.5%. Expenses increased due to increased occupancy related expenses and other direct expenses that vary with revenue. Accordingly, room expenses increased 45.1% compared to the 51.9% increase in room revenue in the year over year period.

The remaining hotel operating expenses increased \$4.6 million, from \$10.1 million in 2013 to \$14.7 million in 2014, which 45.6% increase is generally consistent with the increase in the number of rooms owned in 2014 compared to 2013 of 49.3%. The number of rooms for the quarter increased from 2,909 rooms in 2013 to 4,342 rooms in 2014 due to acquisitions. The increase in remaining hotel operating expenses attributable to the recent acquisitions is \$3.2 million. Food and beverage expense increased due to the Hyatt Place Pittsburgh and Denver Tech hotels that were acquired during or after the second quarter of 2013 and have food and beverage operations, whereas most of our other hotels have limited for sale food and beverage activities.

Depreciation and Amortization

Depreciation and amortization expense increased \$3.4 million from \$4.0 million for the three months ended June 30, 2013 to \$7.4 million for the three months ended June 30, 2014. The increase is due to the four hotels acquired in the second half of 2013, which contributed \$1.5 million of the increase, while the four hotels in Silicon Valley acquired in June 2014 contributed \$1.0 million of the increase. The remaining increase is attributable to renovations performed in 2013 and 2014. Depreciation is recorded on our hotel buildings up to 40 years from the date of acquisition.

Depreciable lives of hotel furniture, fixtures and equipment are generally three to ten years between the date of acquisition and the date that the furniture, fixtures and equipment will be replaced. Amortization of franchise fees is recorded on a straight-line basis over the term of the respective franchise agreement.

Property Taxes and Insurance

Total property taxes and insurance expenses increased \$0.8 million from \$2.0 million for the three months ended June 30, 2013 to \$2.8 million for the three months ended June 30, 2014. The four hotels acquired in the second half of 2013 contributed \$0.3 million of the increase, while the four hotels in Silicon Valley acquired in June 2014 contributed \$0.2 million of the increase.

General and Administrative

General and administrative expenses principally consist of employee-related costs, including base payroll, bonuses and amortization of restricted stock and awards of long-term incentive plan ("LTIP") units. These expenses also include corporate operating costs, professional fees and trustees' fees. Total general and administrative expenses (excluding amortization of stock based compensation of \$0.6 million and \$0.5 million for the three months ended June 30, 2014 and 2013, respectively) increased \$0.4 million to \$1.9 million in 2014 from \$1.5 million in 2013, with the increase due to higher employee compensation.

Hotel Property Acquisition Costs and Other Charges

Hotel property acquisition costs and other charges increased \$4.5 million from \$1.1 million for the three months ended June 30, 2013 to \$5.6 million for the three months ended June 30, 2014. Hotel property acquisition costs of \$4.8 million in the 2014 period related to our acquisitions of the four recently acquired Silicon Valley hotels.

Acquisition-related costs are expensed when incurred. The Company incurred other charges of \$0.7 million in the 2014 period related to matters associated with the unsolicited offer from Blue Mountain Capital Management and matters related to its proxy settlement agreement with the HG Vora Group. The expense is primarily comprised of attorney's fees of \$0.6 million and financial advisory expenses of \$0.1 million.

Reimbursed Costs from Unconsolidated Real Estate Entities

Reimbursed costs from unconsolidated real estate entities, comprised of corporate payroll costs at the Innkeepers and NewINK JVs where the Company is the employer were \$0.5 million and \$0.4 million for the quarters ended June 30, 2014 and 2013, respectively. These costs were offset by the cost reimbursements from unconsolidated real estate entities included in revenues.

Table of Contents

Interest and Other Income

Interest on cash and cash equivalents and other income decreased \$98 thousand from \$0.1 million for the three months ended June 30, 2013 to \$12 thousand for the three months ended June 30, 2014.

Interest Expense, including amortization of deferred fees

Interest expense increased \$1.6 million from \$2.8 million for the three months ended June 30, 2013 to \$4.4 million for the three months ended June 30, 2014 and is comprised of the following (in thousands):

	For the three months ended			
	June 30, 2014	June 30, 2013	% Change	
Mortgage debt interest	\$ 3,367	\$ 1,945	73.1	%
Credit facility interest and unused fees	640	624	2.6	%
Amortization of deferred financing costs	355	248	43.1	%
Total	\$ 4,362	\$ 2,817	54.8	%

The increase in interest expense for the three months ended June 30, 2014 as compared to the three months ended June 30, 2013 is due to interest expense of \$1.5 million on loans acquired during the second quarter of 2013 and after June 30, 2013 of \$293.8 million, including the four new loans of \$222.0 million on the Silicon Valley hotels acquired on June 9, 2014. The increase in deferred financing costs relates to the new loans issued after the second quarter of 2013.

Loss from Unconsolidated Real Estate Entities

Loss from unconsolidated real estate entities increased \$1.9 million from a loss of \$0.1 million for the three months ended June 30, 2013 to a loss of \$2.0 million for the three months ended June 30, 2014. The increase is due to costs related to the sale of the Innkeepers JV to NewINK JV.

Gain on Sale from Unconsolidated Real Estate Entities

Gain on sales from unconsolidated real estate entities increased \$66.7 million from 2013. The increase is due to the sale of Cerberus' 89.7% interest in 51 hotels in the Innkeepers JV. The gain includes the Company's pro rata share of a promote interest.

Income Tax Expense

Income tax expense decreased \$7 thousand from \$45 thousand for the three months ended June 30, 2013 to \$38 thousand for the three months ended June 30, 2014. We are subject to income taxes based on the taxable income of our taxable REIT subsidiary holding companies at a combined federal and state tax rate of approximately 40%.

Net income

Net income was \$65.3 million for the three months ended June 30, 2014, compared to net income of \$2.2 million for the three months ended June 30, 2013. The net income was due to the factors discussed above.

Material Trends or Uncertainties

We are not aware of any material trends or uncertainties, favorable or unfavorable, that may be reasonably anticipated to have a material impact on either the capital resources or the revenues or income to be derived from the acquisition and operation of properties, loans and other permitted investments, other than those referred to in the risk factors identified in the "Risk Factors" section of this report and our Annual Report on Form 10-K for the year ended December 31, 2013.

Comparison of the six months ended June 30, 2014 to the six months ended June 30, 2013

Results of operations for the six months ended June 30, 2014 include the operating activities of our 29 wholly-owned hotels and our investments in the NewINK JV, Innkeepers JV and the Torrance JV. We owned 19 hotels at December 31, 2012. Accordingly, the comparisons below are influenced by the fact that six hotels and the Torrance JV were acquired during 2013, and four hotels in the Silicon Valley, CA area were acquired on June 9, 2014.

As reported by Smith Travel Research, industry RevPAR for the six months ended June 30, 2014 and 2013 was up 6.8% and up 5.6%, respectively, as compared to 2013 and 2012. RevPAR at our hotels was up 8.9% and 4.0%, respectively, in the 2014 and 2013 periods as compared to 2013 and 2012. Our RevPAR performance in 2013 was adversely impacted by renovations that occurred at our Washington, D.C. hotel, which operated without a brand for eight months in 2013 until it was rebranded to a Residence Inn by Marriott on September 20, 2013.

Revenues

Revenue consists of the following (in thousands):

	Six Months Ended		% Change	
	June 30, 2014	June 30, 2013		
Room	\$77,935	\$53,195	46.5	%
Food and beverage	1,213	349	247.6	%
Other	3,629	2,213	64.0	%
Cost reimbursements from unconsolidated real estate entities	1,165	768	51.7	%
Total revenue	\$83,942	\$56,525	48.5	%

Total revenue was \$83.9 million for the six months ended June 30, 2014, up \$27.4 million compared to total revenue of \$56.5 million for the 2013 period. Total revenue related to the four hotels acquired during the second half of 2013 contributed \$14.7 million of the increase and the four hotels in Silicon Valley acquired in June 2014 contributed \$3.1 million of the increase. Since all of our hotels are select service or limited service hotels, room revenue is the primary revenue source as these hotels do not have significant food and beverage revenue or large group conference facilities. Room revenue was \$77.9 million and \$53.2 million for the six months ended June 30, 2014 and 2013, respectively, with \$13.2 million of this increase attributable to the four hotels acquired during the second half of 2013 and \$3.0 million attributable to the four Silicon Valley hotels. For the 21 comparable hotels, room revenue was up \$8.5 million, or 15.9%, driven primarily by RevPAR growth of 8.9%.

Food and beverage revenue was \$1.2 million and \$0.3 million for the six months ended June 30, 2014 and 2013, respectively. The increase relates to the Hyatt Place Pittsburgh Hotel, the Houston Courtyard hotel and the Denver Tech hotel, which were acquired during or after the first quarter of 2013 and have food and beverage operations. Other operating revenue, comprised of meeting room, gift shop, in-room movie and other ancillary amenities revenue, was \$3.6 million and \$2.2 million for the six months ended June 30, 2014 and 2013, respectively. Total other operating revenue related to the eight hotels not owned at June 30, 2013 contributed \$0.9 million of the increase with the remaining increase of \$0.3 million attributable to increased occupancy and \$0.2 million attributable to Hyatt Place Pittsburgh that was acquired on June 17, 2013.

Cost reimbursements from unconsolidated real estate entities, comprised of payroll costs at the Innkeepers and NewINK JVs where the Company is the employer, were \$1.2 million and \$0.8 million for the six months ended June 30, 2014 and 2013, respectively. The increase is due to higher annual incentive compensation for dedicated joint venture employees.

Since room revenue is the primary component of total revenue, our revenue results are dependent on maintaining and improving hotel occupancy, ADR and RevPAR at our hotels. Occupancy, ADR, and RevPAR results for the 29 wholly owned hotels are presented in the following table in each period to reflect operation of the hotels regardless of our ownership interest during the periods presented:

Table of Contents

	For the six months ended June 30, 2014		For the six months ended June 30, 2013	
Occupancy	82.3	%	79.2	%
ADR	\$149.65		\$142.80	
RevPar	\$123.13		\$113.10	

The RevPAR increase of 8.9% was due to an increase in ADR of 4.8% and an increase in occupancy of 3.9%.

Occupancy at the D.C. hotel increased 38.9% in 2014 over 2013. Excluding the D.C. hotel, 2014 RevPAR was up 7.6%.

Hotel Operating Expenses

Hotel operating expenses consist of the following (in thousands):

	Six Months Ended			
	June 30, 2014	June 30, 2013	% Change	
Hotel operating expenses:				
Room	\$16,557	\$11,615	42.5	%

Insurance	433	348	24.4	%
Total hotel operating expenses	\$44,416	\$30,867	43.9	%

Hotel operating expenses increased \$13.5 million to \$44.4 million for the six months ended June 30, 2014 from \$30.9 million in 2013. Total hotel operating expenses related to the four hotels acquired during the second half of 2013 contributed \$7.7 million of the increase and the four hotels in Silicon Valley acquired in June 2014 contributed \$1.0 million of the increase. For the 21 comparable hotels, total hotel operating expenses increased \$4.8 million or 15.8%. Room expenses, which are the most significant component of hotel operating expenses, increased \$4.9 million from \$11.6 million in 2013 to \$16.5 million in 2014. Total room expenses related to the four hotels acquired during the second half of 2013 contributed \$2.7 million of the increase and the four hotels in Silicon Valley acquired in June 2014 contributed \$0.3 million of the increase. For the 21 comparable hotels, total room operating expenses increased \$1.9 million or 16.4%. Expenses increased due to increased occupancy related expenses and other direct expenses that vary with revenue. Accordingly, room expenses increased 42.5% compared to the 46.5% increase in room revenue. The remaining hotel operating expenses increased \$8.6 million, from \$19.3 million in 2013 to \$27.9 million in 2014, which 44.7% increase is consistent with the increase in the number of rooms owned in 2014 compared to 2013 of 49.3%. The number of rooms for the year increased from 2,909 rooms in 2013 to 4,342 rooms in 2014 due to acquisitions. The increase in remaining hotel operating expenses attributable to the recent acquisitions is \$5.6 million. Food and beverage expense increased due to the Hyatt Place Pittsburgh, Houston Courtyard and Denver Tech hotels that were acquired during 2013 and have food and beverage operations where as most of our other hotels have limited for sale food and beverage activities.

Table of Contents

Depreciation and Amortization

Depreciation and amortization expense increased \$5.9 million from \$7.8 million for the six months ended June 30, 2013 to \$13.7 million for the six months ended June 30, 2014. The increase is due to the four hotels acquired during the second half of 2013, which contributed \$2.9 million of the increase, while the four hotels in Silicon Valley acquired in June 2014 which contributed \$1.0 million of the increase. The remaining increase is attributable to renovations performed in 2013 and 2014. Depreciation is recorded on our hotel buildings up to 40 years from the date of acquisition. Depreciable lives of hotel furniture, fixtures and equipment are generally three to ten years between the date of acquisition and the date that the furniture, fixtures and equipment will be replaced. Amortization of franchise fees is recorded on a straight-line basis over the term of the respective franchise agreement.

Property Taxes and Insurance

Total property taxes and insurance expenses increased \$1.4 million from \$4.0 million for the six months ended June 30, 2013 to \$5.4 million for the six months ended June 30, 2014. The four hotels acquired during the second half of 2013 contributed \$0.6 million of the increase and the four hotels in Silicon Valley acquired in June 2014 contributed \$0.2 million of the increase. The remainder of the increase is for increased values at the 21 comparable hotels.

General and Administrative

General and administrative expenses principally consist of employee-related costs, including base payroll, bonuses and amortization of restricted stock and awards of long-term incentive plan ("LTIP") units. These expenses also include corporate operating costs, professional fees and trustees' fees. Total general and administrative expenses (excluding amortization of stock based compensation of \$1.2 million and \$1.0 million for the six months ended June 30, 2014 and 2013, respectively) increased \$0.5 million to \$3.5 million in 2014 from \$3.0 million in 2013 with the increase due to higher employee compensation associated with additional employees, base salary and incentive compensation.

Hotel Property Acquisition Costs and Other Charges

Hotel property acquisition costs and other charges increased \$5.8 million from \$1.2 million for the six months ended June 30, 2013 to \$7.0 million for the six months ended June 30, 2014. Hotel property acquisition cost of \$4.8 million in the 2014 period related to our acquisitions of the four recently acquired Silicon Valley hotels. Acquisition-related costs are expensed when incurred. The Company incurred other charges of \$1.9 million in the 2014 period related to matters associated with the unsolicited offer from Blue Mountain Capital Management and matters related to its proxy settlement agreement with the HG Vora Group. The expense is primarily comprised of attorney's fees of \$1.0 million, financial advisory expenses of \$0.9 million.

Reimbursed Costs from Unconsolidated Real Estate Entities

Reimbursed costs from unconsolidated real estate entities, comprised of corporate payroll costs at the Innkeepers and NewINK JVs where the Company is the employer were \$1.2 million and \$0.8 million for the six months ended June 30, 2014 and 2013, respectively. These costs were offset by the cost reimbursements from unconsolidated real estate entities included in revenues.

Interest and Other Income

Interest on cash and cash equivalents and other income decreased \$89 thousand from \$0.1 million for the six months ended June 30, 2013 to \$26 thousand for the six months ended June 30, 2014.

Table of Contents

Interest Expense, including amortization of deferred fees

Interest expense increased \$2.4 million from \$5.7 million for the six months ended June 30, 2013 to \$8.1 million for the six months ended June 30, 2014 and is comprised of the following (in thousands):

	Six Months Ended			
	June 30, 2014	June 30, 2013	% Change	
Mortgage debt interest	\$6,190	\$3,847	60.9	%
Credit facility interest and unused fees	1,161	1,255	(7.5))%
Amortization of deferred financing costs	749	556	34.7	%
Total	\$8,100	\$5,658	43.2	%

The increase in interest expense for the six months ended June 30, 2014 as compared to the six months ended June 30, 2013 is due to interest expense of \$2.3 million on loans acquired during June 2013 and after June 30, 2013 of \$293.8 million, including the four new loans with an aggregate principal balance of \$222.0 million secured by the four Silicon Valley hotels acquired on June 9, 2014. Lower credit facility interest is due to a decrease in the weighted average borrowings to \$66.6 million in 2014 compared to \$80.8 million in 2013. The increase in deferred financing costs relates to the new loans issued in 2013 and 2014.

Loss on early extinguishment of debt

Loss on early extinguishment of debt decreased \$0.7 million from \$0.9 million for the six months ended June 30, 2013 to \$0.2 million for the six months ended June 30, 2014 due to refinancing or paying off four loans in 2013 and one loan in 2014.

Loss from Unconsolidated Real Estate Entities

Loss from unconsolidated real estate entities increased \$1.6 million from a loss of \$0.7 million for the six months ended June 30, 2013 to a loss of \$2.3 million for the six months ended June 30, 2014. The increase is due to costs related to the sale of the Innkeepers JV to NewINK JV.

Gain on Sale from Unconsolidated Real Estate Entities

Gain on sales from unconsolidated real estate entities increased \$66.7 million from 2013. The increase is due to the sale of Cerberus' 89.7% interest in 51 hotels in the Innkeepers JV. The gain includes the Company's pro rata share of a promote interest.

Income Tax Expense

Income tax expense decreased \$4 thousand from \$45 thousand for the six months ended June 30, 2013 to \$41 thousand for the six months ended June 30, 2014. We are subject to income taxes based on the taxable income of our taxable REIT subsidiary holding companies at a combined federal and state tax rate of approximately 40%.

Net income

Net income was \$63.6 million for the six months ended June 30, 2014, compared to net income of \$0.6 million for the six months ended June 30, 2013. The net income was due to the factors discussed above.

Material Trends or Uncertainties

We are not aware of any material trends or uncertainties, favorable or unfavorable, that may be reasonably anticipated to have a material impact on either the capital resources or the revenues or income to be derived from the acquisition and operation of properties, loans and other permitted investments, other than those referred to in the risk factors identified in the "Risk Factors" section of this report and our Annual Report on Form 10-K for the year ended December 31, 2013.

Table of Contents

Non-GAAP Financial Measures

We consider the following non-GAAP financial measures useful to investors as key supplemental measures of our operating performance: (1) FFO, (2) Adjusted FFO, (3) EBITDA, and (4) Adjusted EBITDA. These non-GAAP financial measures could be considered along with, but not as alternatives to, net income or loss as prescribed by GAAP as a measure of our operating performance.

FFO, Adjusted FFO, EBITDA and Adjusted EBITDA do not represent cash generated from operating activities under GAAP and should not be considered as alternatives to net income or loss, cash flows from operations or any other operating performance measure prescribed by GAAP. FFO, Adjusted FFO, EBITDA and Adjusted EBITDA are not measures of our liquidity, nor are FFO, Adjusted FFO, EBITDA or Adjusted EBITDA indicative of funds available to fund our cash needs, including our ability to make cash distributions. These measurements do not reflect cash expenditures for long-term assets and other items that have been and will be incurred. FFO, Adjusted FFO, EBITDA and Adjusted EBITDA may include funds that may not be available for management's discretionary use due to functional requirements to conserve funds for capital expenditures, property acquisitions, and other commitments and uncertainties.

We calculate FFO in accordance with standards established by the National Association of Real Estate Investment Trusts (NAREIT), which defines FFO as net income or loss (calculated in accordance with GAAP), excluding gains or losses from sales of real estate, impairment write-downs, items classified by GAAP as extraordinary, the cumulative effect of changes in accounting principles, plus depreciation and amortization (excluding amortization of deferred financing costs), and after adjustments for unconsolidated partnerships and joint ventures following the same approach. We believe that the presentation of FFO provides useful information to investors regarding our operating performance because it measures our performance without regard to specified non-cash items such as real estate depreciation and amortization, gain or loss on sale of real estate assets and certain other items that we believe are not indicative of the performance of our underlying hotel properties. We believe that these items are more representative of our asset base and our acquisition and disposition activities than our ongoing operations, and that by excluding the effects of the items, FFO is useful to investors in comparing our operating performance between periods and between REITs that report FFO using the NAREIT definition.

We further adjust FFO for certain additional items that are not in NAREIT's definition of FFO, including hotel property acquisition costs and other charges, losses on the early extinguishment of debt and similar items related to our unconsolidated real estate entities that we believe do not represent recurring operations. We believe that Adjusted FFO provides investors with another financial measure that may facilitate comparisons of operating performance between periods and between REITs that make similar adjustments to FFO.

Table of Contents

The following is a reconciliation of net income to FFO and Adjusted FFO for the three and six months ended June 30, 2014 and 2013 (in thousands, except share data):

	For the three months ended June 30,		For the six months ended June 30,	
	2014	2013	2014	2013
Funds From Operations ("FFO"):				
Net income	\$65,314	\$2,176	\$63,582	\$557
Noncontrolling interests	(108)) —	(108)) —

Adjustments for unconsolidated real estate entity items	2,218	5	2,220	8
Adjusted FFO	\$14,846	\$8,787	\$22,277	\$13,272
Weighted average number of common shares				
Basic	26,437,878	18,147,108	26,355,237	17,682,199
Diluted	26,734,919	18,383,626	26,637,261	17,897,255

Diluted per share count may differ from GAAP per share count when FFO or Adjusted FFO is positive. Unvested restricted shares and unvested long-term incentive plan units that could potentially dilute basic earnings per share in the future would not be included in the computation of diluted loss per share, for the periods where a loss has been recorded, because they would have been anti-dilutive for the periods presented.

We calculate EBITDA for purposes of the credit facility debt covenants as net income or loss excluding: (1) interest expense; (2) provision for income taxes, including income taxes applicable to sale of assets; (3) depreciation and amortization; and (4) unconsolidated real estate entity items including interest, depreciation and amortization. We believe EBITDA is useful to investors in evaluating our operating performance because it helps investors compare our operating performance between periods and between REITs by removing the impact of our capital structure (primarily interest expense) and asset base (primarily depreciation and amortization) from our operating results. In addition, we use EBITDA as one measure in determining the value of hotel acquisitions and dispositions.

We further adjust EBITDA for certain additional items, including hotel property acquisition costs and other charges, gains or losses on the sale of real estate, losses on the early extinguishment of debt, amortization of non-cash share-based compensation and similar items related to our unconsolidated real estate entities which we believe are not indicative of the performance of our underlying hotel properties entities. We believe that Adjusted EBITDA provides investors with another financial measure that may facilitate comparisons of operating performance between periods and between REITs that report similar measures.

Although we present FFO, Adjusted FFO, EBITDA and Adjusted EBITDA because we believe they are useful to investors in comparing our operating performance between periods and between REITs that report similar measures, these measures have limitations as analytical tools. Some of these limitations are:

• FFO, Adjusted FFO, EBITDA and Adjusted EBITDA do not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;

• FFO, Adjusted FFO, EBITDA and Adjusted EBITDA do not reflect changes in, or cash requirements for, our working capital needs;

• FFO, Adjusted FFO, EBITDA and Adjusted EBITDA do not reflect funds available to make cash distributions;

• EBITDA and Adjusted EBITDA do not reflect the significant interest expense, or the cash requirements necessary to service interest or principal payments, on our debts;

Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may need to be replaced in the future, and FFO, Adjusted FFO, EBITDA and Adjusted EBITDA do not reflect any cash requirements for such replacements;

Non-cash compensation is and will remain a key element of our overall long-term incentive compensation package, although we exclude it as an expense when evaluating our ongoing operating performance for a particular period using Adjusted EBITDA;

Adjusted FFO and Adjusted EBITDA do not reflect the impact of certain cash charges (including acquisition transaction costs) that result from matters we consider not to be indicative of the underlying performance of our hotel properties; and

• Other companies in our industry may calculate FFO, Adjusted FFO, EBITDA and Adjusted EBITDA differently than we do, limiting their usefulness as a comparative measure.

Table of Contents

In addition, FFO, Adjusted FFO, EBITDA and Adjusted EBITDA do not represent cash generated from operating activities as determined by GAAP and should not be considered as alternatives to net income or loss, cash flows from operations or any other operating performance measure prescribed by GAAP. FFO, Adjusted FFO, EBITDA and Adjusted EBITDA are not measures of our liquidity. Because of these limitations, FFO, Adjusted FFO, EBITDA and Adjusted EBITDA should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using FFO, Adjusted FFO, EBITDA and Adjusted EBITDA only supplementally. Our consolidated financial statements and the notes to those statements included elsewhere are prepared in accordance with GAAP.

Sources and Uses of Cash

Our principal sources of cash include net cash from operations and proceeds from debt and equity issuances. Our principal uses of cash include acquisitions, capital expenditures, operating costs, corporate expenditures, interest costs and debt repayments and distributions to equity holders.

As of June 30, 2014 and December 31, 2013, we had cash and cash equivalents of approximately \$11.9 million and \$4.2 million, respectively. We typically maintain approximately \$5.0 million of unrestricted cash and cash equivalents. Additionally, we had \$77.0 million available under our \$175.0 million senior secured revolving credit facility as of June 30, 2014. On July 9, 2014, we repaid \$33.0 million on our senior secured revolving credit facility using \$29.4 million of the net proceeds from the issuance of a loan on the Savannah hotel with the remainder funded with excess cash.

For the six months ended June 30, 2014, net cash flows provided by operations were \$15.1 million, comprised of net income of \$63.6 million and primarily significant non-cash expenses, including \$14.4 million of depreciation and amortization, net gain from the sale of interests in unconsolidated real estate entities of \$66.7 million, \$0.2 million from the extinguishment of debt, \$1.2 million of share-based compensation expense and \$2.3 million related to the loss from unconsolidated entities. In addition, changes in operating assets and liabilities due to the timing of cash receipts, payments for real estate taxes, payments of corporate compensation and payments from our hotels resulted in net cash inflow of \$0.1 million. Net cash flows used in investing activities were \$276.0 million, primarily related to the purchase of the 4 Silicon Valley hotels for \$265.3 million, capital improvements on our 29 wholly owned hotels of \$7.7 million, \$3.4 million related to the required escrow deposits of restricted cash, reduced by distributions of \$0.4 million from unconsolidated real estate entities. Net cash flows provided by financing activities were \$268.6 million, comprised of proceeds from the issuance of new mortgage loans of \$256.0 million, net borrowings on our senior secured revolving credit facility of \$48.0 million, \$10.9 million raised from our At The Market Equity Offering ("ATM Plan"), principal payments or payoffs on mortgage debt of \$33.5 million, payments of deferred financing and offering costs of \$1.0 million and distributions to shareholders of \$11.8 million.

For the six months ended June 30, 2013, net cash flows provided by operations were \$12.1 million, as our net income of \$0.6 million was due in significant part to non-cash expenses, including \$8.4 million of depreciation and amortization, \$0.9 million from the extinguishment of debt, \$1.1 million of share-based compensation expense and a \$0.7 million from the loss from unconsolidated entities. In addition, changes in operating assets and liabilities due to the timing of cash receipts, payments for real estate taxes, payments of corporate compensation and payments from our hotels resulted in net cash inflow of \$0.4 million. Net cash flows used by investing activities were \$82.4 million, primarily related to the purchase of the Houston CY Hotel and Pittsburgh Hotel of \$74.8 million, capital improvements on our 21 wholly owned hotels of \$7.1 million, investment in the Torrance JV of \$1.7 million, offset by \$0.3 million related to the receipt of restricted cash and \$0.9 million net proceeds from mortgage financing. Net cash flows provided by financing activities were \$84.5 million, comprised primarily of \$134.2 million raised from our January and June 2013 follow-on common share offerings, and proceeds from the issuance of refinanced and new mortgage loans of \$117.0 million, offset by new repayments on our senior secured revolving credit facility of \$49 million, principal payments on mortgage debt of \$100.9 million, payments of deferred financing and offering costs of \$7.7 million and distributions to shareholders of \$9.1 million.

We paid regular quarterly dividends and distributions on common shares and LTIP units beginning with the third quarter of 2010 through 2012. In January 2013, we changed our dividend payment frequency from a quarterly dividend to a monthly dividend. In April 2014, we changed the monthly dividend from \$0.07 to \$0.08 per month per

common share and LTIP unit. We declared total dividends of \$0.42 and \$0.45 per common share and LTIP unit for the six months ended June 30, 2013 and 2014, respectively.

Table of Contents**Liquidity and Capital Resources**

We intend to maintain our leverage over the long term at a ratio of net debt to investment in hotels (at cost) (defined as our initial acquisition price plus the gross amount of any subsequent capital investment and excluding any impairment charges) to a level lower than where we currently operate, and a subsequent decrease in hotel property values will not necessarily cause us to repay debt to comply with this limitation. However, our Board of Trustees believes that increasing our leverage limit at this stage of the lodging recovery cycle is appropriate, so we will continue to make acquisitions where suitable. Our leverage ratio at June 30, 2014 is 51%, which is up from 36% at December 31, 2013. We will pay down borrowings on our secured revolving credit facility with excess cash flow until we find other uses of cash such as investments in our existing hotels, hotel acquisitions or further joint venture investments.

At June 30, 2014 and December 31, 2013, we had \$98.0 million and \$50.0 million, respectively, in borrowings under our senior secured revolving credit facility. At June 30, 2014, there were 13 properties in the borrowing base under the credit agreement and the maximum borrowing availability under the revolving credit facility was approximately \$175.0 million. We also had mortgage debt on individual hotels aggregating \$444.5 million and \$222.1 million at June 30, 2014 and December 31, 2013, respectively.

The maturity date of the credit facility is November 5, 2016 and includes an option to extend the maturity date by an additional year. Other key features of the credit facility are as follows:

Facility amount	\$175 million
Accordion feature	Increase additional \$50 million
LIBOR floor	None
Interest rate applicable margin	200-300 basis points, based on leverage ratio
Unused fee	25 basis points if less than 50% unused, 35 basis points if more than 50% unused
Minimum fixed charge coverage ratio	1.5x

The credit facility contains representations, warranties, covenants, terms and conditions customary for transactions of this type, including a maximum leverage ratio, a minimum fixed charge coverage ratio and minimum net worth financial covenants, limitations on (i) liens, (ii) incurrence of debt, (iii) investments, (iv) distributions, and (v) mergers and asset dispositions, covenants to preserve corporate existence and comply with laws, covenants on the use of proceeds of the credit facility and default provisions, including defaults for non-payment, breach of representations and warranties, insolvency, non-performance of covenants, cross-defaults and guarantor defaults. We were in compliance with all financial covenants at June 30, 2014. We expect to meet all financial covenants during the remainder of 2014 based upon our current projections.

We expect to meet our short-term liquidity requirements generally through net cash provided by operations, existing cash balances and, if necessary, short-term borrowings under our credit facility or through the encumbrance of any unencumbered hotels. We believe that our net cash provided by operations will be adequate to fund operating obligations, pay interest on any borrowings and fund dividends in accordance with the requirements for qualification as a REIT under the Code. We expect to meet our long-term liquidity requirements, such as hotel property acquisitions and debt maturities or repayments through additional long-term secured and unsecured borrowings, the issuance of additional equity or debt securities, including through our dividend reinvestment and stock purchase plan ("DRSPP") or ATM Plan, each as described below, or the possible sale of existing assets.

Through our DRSPP, which was established in January 2014, shareholders may purchase additional common shares by reinvesting some or all of the cash dividends received on our common shares. Shareholders may also make optional cash purchases of our common shares subject to certain limitations detailed in the prospectus for the DRSPP. As of June 30, 2014, we had issued 149 shares under the DRSPP at a weighted average price of \$22.12. As of June 30, 2014, there was approximately \$25.0 million of common shares available for issuance under the DRSPP.

In January 2014, we also established an ATM Plan whereby, from time to time, we may publicly offer and sell up to \$50 million of our common shares by means of ordinary brokers' transactions on the New York Stock Exchange, in negotiated transactions or in transactions that are deemed to be "at the market" offerings as defined in Rule 415 under the Securities Act of 1933, with Cantor Fitzgerald & Co. acting as sales agent. As of June 30, 2014, we had issued

486,820 shares under the ATM Plan at a weighted average price of \$22.53. As of June 30, 2014, there was approximately \$39.0 million of common shares available for issuance under the ATM Plan.

Table of Contents

We intend to continue to invest in hotel properties only as suitable opportunities arise. We intend to finance our future investments with the net proceeds from additional issuances of common and preferred shares, issuances of units of limited partnership interest in our operating partnership or other securities or borrowings. The success of our acquisition strategy depends, in part, on our ability to access additional capital through issuances of equity securities and borrowings. There can be no assurance that we will continue to make investments in properties that meet our investment criteria. Additionally, we may choose to dispose of certain hotels that do not meet our long-term investment objectives as a means to provide liquidity.

Dividend Policy

Our current common share dividend policy is generally to distribute, annually, at least 100% of our annual taxable income. The amount of any dividends is determined by our Board of Trustees. Our Board of Trustees approved a change in the frequency of our dividend payments to monthly in January 2013, with a targeted monthly dividend of \$0.07 per common share and LTIP unit for 2013. In April 2014, our Board of Trustees approved an increase to our monthly dividend to \$0.08 per common share and LTIP unit. The aggregate amount of dividends declared for the six months ended June 30, 2014 were \$0.45 per common share and LTIP unit.

Capital Expenditures

We intend to maintain each hotel property in good repair and condition and in conformity with applicable laws and regulations and in accordance with the franchisor's standards and any agreed-upon requirements in our management and loan agreements. After we acquire a hotel property, we may be required to complete a property improvement plan ("PIP") in order to be granted a new franchise license for that particular hotel property. PIPs are intended to bring the hotel property up to the franchisor's standards. Certain of our loans require that we escrow for property improvement purposes, at the hotels collateralizing these loans, amounts up to 5% of gross revenue from such hotels. We intend to spend amounts necessary to

comply with any reasonable loan or franchisor requirements and otherwise to the extent that such expenditures are in the best interest of the hotel. To the extent that we spend more on capital expenditures than is available from our operations, we intend to fund those capital expenditures with available cash and borrowings under the revolving credit facility.

For the three months ended June 30, 2014 and 2013, we invested approximately \$4.0 million and \$4.8 million, respectively, and for the six months ended June 30, 2014 and 2013, we invested approximately \$7.7 million and \$8.7 million, respectively, on capital investments in our hotels. We expect to invest an additional \$8.3 million on capital improvements on our existing hotels for the remainder of 2014.

The Company is considering the redevelopment and expansion of all four hotels that comprise the Silicon Valley Hotels to increase the aggregate room count by 36% to a total of 1,023 rooms. The 272 room expansion, which would take approximately 12 months from commencement date at each location once all approvals are obtained, is expected to include a new lobby and public spaces in each location with an estimated aggregate cost of approximately \$59.0 million, or approximately \$217,000 per room.

Contractual Obligations

The following table sets forth our contractual obligations as of June 30, 2014, and the effect these obligations are expected to have on our liquidity and cash flow in future periods (in thousands). We had no other material off-balance sheet arrangements at June 30, 2014 other than non-recourse debt associated with the NewINK JV and the Torrance JV as discussed below.

Contractual Obligations	Payments Due by Period				
	Total	Less Than One Year	One to Three Years	Three to Five Years	More Than Five Years
Corporate office lease	\$44	\$20	\$24	\$—	\$ —

Edgar Filing: Chatham Lodging Trust - Form 10-Q

Does not reflect paydowns or additional borrowings under the revolving credit facility after June 30, 2014. Interest (1) payments are based on the interest rate in effect as of June 30, 2014. See Note 8, "Debt" to our unaudited consolidated financial statements for additional information relating to our property loans.

Table of Contents

In addition, we pay management fees to our hotel management companies based on the revenues of our hotels. The Company's ownership interests in the NewINK JV and the Torrance JV are subject to change in the event that either Chatham, NorthStar or Cerberus calls for additional capital contributions to the respective JVs, as applicable, necessary for the conduct of that JV's business, including contributions to fund costs and expenses related to capital expenditures. We manage the NewINK JV and the Torrance JV and will receive a promote interest in the applicable JV if it meets certain return thresholds. NorthStar and Cerberus may also approve certain actions by their respective JV without the Company's consent, including certain property dispositions conducted at arm's length, certain actions related to the restructuring of either JV and removal of the Company as managing member in the event the Company fails to fulfill its material obligations under either joint venture agreement.

In connection with certain non-recourse mortgage loans in either the NewINK JV or the Torrance JV, our Operating Partnership could require us to repay our pro rata share of portions of their indebtedness in connection with certain customary non-recourse carve-out provisions such as environmental conditions, misuse of funds, and material misrepresentations.

Inflation

Operators of hotels, in general, possess the ability to adjust room rates daily to reflect the effects of inflation. However, competitive pressures may limit the ability of our management companies to raise room rates.

Seasonality

Demand for our hotels is affected by recurring seasonal patterns. Generally, we expect that we will have lower revenue, operating income and cash flow in the first and fourth quarters and higher revenue, operating income and cash flow in the second and third quarters. These general trends are, however, influenced by overall economic cycles and the geographic locations of our hotels.

Critical Accounting Policies

Our consolidated financial statements have been prepared in conformity with GAAP, which requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of our financial statements and the reported amounts of revenues and expenses during the reporting period. While we do not believe the reported amounts would be materially different, application of these policies involves the exercise of judgment and the use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. We evaluate our estimates and judgments on an ongoing basis. We base our estimates on experience and on various other assumptions that are believed to be reasonable under the circumstances. All of our significant accounting policies, including certain critical accounting policies, are disclosed in our Annual Report on Form 10-K for the year ended December 31, 2013.

Recently Issued Accounting Standards

In April 2014, the FASB issued amendments to guidance for reporting discontinued operations and disposals of components of an entity. The amended guidance requires that a disposal representing a strategic shift that has (or will have) a major effect on an entity's operations and financial results or a business activity classified as held for sale upon acquisition should be reported as discontinued operations. The amendments also expand the disclosure requirements for discontinued operations and add new disclosures for individually significant dispositions that do not qualify as discontinued operations. The amendments are effective prospectively for fiscal years, and interim reporting periods within those years, beginning after December 15, 2014 (early adoption is permitted only for disposals that have not been previously reported). Early adoption is permitted for disposals that have not been reported in financial statements previously issued. We adopted this accounting standard update effective January 1, 2014 and do not expect the implementation of the amended guidance to have a material impact on the Company's consolidated financial position of results of operations, but do expect these amendments to impact the Company determination of which future property disposals qualify as discontinued operations as well as requiring additional disclosures about discontinued operations.

On May 28, 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it

becomes effective. The new standard is effective for the Company on January 1, 2017. Early application is not permitted. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is evaluating the effect that AUS 2014-09 will have on its consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of the standard on its financial statements.

Item 3. Quantitative and Qualitative Disclosures about Market Risk.

We may be exposed to interest rate changes primarily as a result of our assumption of long-term debt in connection with our acquisitions. Our interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flows and to lower overall borrowing costs. To achieve these objectives, we will seek to borrow primarily at fixed rates or variable rates with the lowest margins available and, in some cases, with the ability to convert variable rates to fixed rates. With respect to variable rate financing, we will assess interest rate risk by identifying and monitoring changes in interest rate exposures that may adversely impact expected future cash flows and by evaluating hedging opportunities.

The Company estimates the fair value of its fixed rate debt by discounting the future cash flows of each instrument at estimated market rates. Rates take into consideration general market conditions and maturity and fair value of the underlying collateral. The estimated fair value of the Company's fixed rate debt at June 30, 2014 and December 31, 2013 was \$446.4 million and \$220.0 million, respectively.

At June 30, 2014, our consolidated debt was comprised of floating and fixed interest rate debt. The fair value of our fixed rate debt indicates the estimated principal amount of debt having the same debt service requirements that could have been borrowed at the date presented, at then current market interest rates. The following table provides information about the maturities of our financial instruments as of June 30, 2014 that are sensitive to changes in interest rates (in thousands):

	2014	2015	2016	2017	2018	Thereafter	Total	Fair Value
Floating rate:								
Debt	—	—	\$98,000	—	—	—	\$98,000	\$97,989
Average interest rate (1)	—	—	2.66 %	—	—	—	2.66 %	
Fixed rate:								
Debt	\$1,317	\$8,313	\$9,533	\$3,802	\$3,980	\$417,590	\$444,535	\$446,376
Average interest rate	4.91 %	5.41 %	5.51 %	4.77 %	4.77 %	4.69 %	4.73 %	

(1) LIBOR of 0.16% plus a margin of 2.50% at June 30, 2014.

We estimate that a hypothetical one-percentage point increase in the variable interest rate would result in additional interest expense of approximately \$1.0 million annually. This assumes that the amount outstanding under our floating rate debt remains at \$98.0 million, the balance as of June 30, 2014.

Item 4. Controls and Procedures.

Disclosure Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(b) as of the end of the period covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that these disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed by us in reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting that occurred during the last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

We are not presently subject to any material litigation nor, to our knowledge, is any material litigation threatened against us or our properties. See Note 13 in the Notes to the Consolidated Financial Statements, "Commitments and Contingencies – Litigation".

Item 1A. Risk Factors.

The following risk factor supplements our risk factors described in Item 1A of the Company's Annual Report on Form 10-K for the year ended December 31, 2013. Except as set forth below, there have been no material changes in the risk factors described in Item 1A of the Company's Annual Report on Form 10-K for the year ended December 31, 2013.

Risks Related to Our Business and Properties

If we determine to make significant capital expenditures to any or all of the four Silicon Valley hotels we acquired in June 2014 to redevelop or expand these hotels, the performance of these hotels may be adversely impacted during such redevelopment or expansion and the future performance of these hotels may be dependent on the successful completion of the capital expenditure program developed for each hotel.

We are currently considering investing approximately \$59 million in the redevelopment or expansion of the four Silicon Valley hotels we acquired in June 2014. If we determine to move forward with this possible redevelopment

or expansion, no assurance can be given that the capital expenditure program developed for each hotel will be completed on time, on budget or at all. If we adopt these capital expenditure programs and the programs are not completed successfully, it could have an impact on the expected performance of these hotels. Further, while these capital expenditure programs are being implemented at these hotels, guest rooms and certain public spaces may be out of service, which could have a material impact on the financial performance of the hotels and our company.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

Item 5. Other Information.

A previously disclosed in a Form 8-K filed by the Company on June 10, 2014 (the “June 8-K”), on June 9, 2014, the Company acquired a 10.3% interest in the NewINK JV, which is comprised of two joint ventures between affiliates of NorthStar and the Company that collectively own a 47-hotel portfolio that was formerly part of the Innkeepers JV. Concurrent with the closing of NewINK JV and the Company’s acquisition of four hotels in the Silicon Valley region of California (the “Four-Pack Acquisition”), wholly-owned subsidiaries of the Company and NorthStar entered into amended and restated limited liability company agreements for the two joint venture entities that comprise the NewINK JV (the “NewINK JV Agreements”), which agreements sets forth the terms and conditions of, among other things, the management and economics of the NewINK JV.

Pursuant to the NewINK JV Agreements, Company will manage the day-to-day operations of the NewINK JV, subject to the approval of NorthStar of transactions with affiliates of the Company and Major Decisions (as defined in the NewINK JV Agreements), while NorthStar shall have unilateral decision-making control over, among other things, certain property dispositions conducted at arm’s length, the financing of the NewINK JV, certain liquidity events and, upon a Termination Event (as defined in the NewINK JV Agreements), removal of the Company as a managing member.

The Company will be entitled to receive a promote interest in the joint ventures based on the respective joint ventures meeting certain return thresholds. The Company’s ownership interest in the NewINK JV is subject to change in the event that either Chatham or NorthStar calls for additional capital contributions for certain non-discretionary requirements described in the NewINK JV Agreements or, solely in the case of a capital call by NorthStar, necessary for the conduct of business.

Additionally, as previously disclosed in Item 2.03 of the June 8-K, in connection with its funding of the Four-Pack Acquisition, the Company closed on four separate mortgage loans having an aggregate principal balance of \$222 million, including the mortgage on the Company’s Residence Inn Silicon Valley II hotel having an initial principal balance of \$70.6 million (the “Silicon Valley II Mortgage”). The Silicon Valley II Mortgage was issued pursuant to that certain loan agreement, dated as of June 9, 2014, between Gran Prix Sili II LLC, as borrower, and JP Morgan Chase Bank, National Association, as lender (the “Silicon Valley II Loan Agreement”). A description of the four mortgage loans on the hotels comprising the Four Pack Acquisition is included in Item 2.03 of the June 8-K, which is incorporated by reference herein.

The foregoing summaries of the NewINK JV Agreements and the Silicon Valley II Loan Agreement do not purport to be complete and are qualified in their entirety by reference to the NewINK JV Agreement and the Silicon Valley II Loan Agreements, respectively, copies of which are filed as Exhibits 10.2, 10.3 and 10.4 to this report and are incorporated herein by reference.
