NOTES TO THE CONDENSED CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS (unaudited)
Quarter and six months ended October 4, 2015

(Amounts in thousands unless otherwise indicated)

1. Basis of Presentation and Responsibility for Interim Financial Statements

Nature of Operations. Vista Outdoor Inc. (together with our subsidiaries, "we", "our", and "us") is a leading global designer, manufacturer and marketer of consumer products in the growing outdoor sports and recreation markets. We operate in two segments, Shooting Sports and Outdoor Products. Vista Outdoor is headquartered in Utah and has manufacturing operations and facilities in 10 U.S. States, Canada, Mexico and Puerto Rico along with international sales and sourcing operations in Asia, Australia, Canada, Europe, and New Zealand. Vista Outdoor was incorporated in Delaware in 2014. Prior to February 9, 2015, the business was operated as the Sporting Group reporting segment of Alliant Techsystems Inc. ("ATK"); subsequent to the Spin-Off (as defined below), ATK changed its name to Orbital ATK. On April 28, 2014, Orbital ATK entered into a Transaction Agreement (the "Transaction Agreement") among Vista Outdoor, Vista Merger Sub Inc. ("Merger Sub") and Orbital Sciences Corporation ("Orbital"), providing for, among other things, the transfer of the businesses comprising ATK's Sporting Group reporting segment to Vista Outdoor (the "Sporting Transfers"), the distribution of all of the shares of Vista Outdoor Inc. common stock on a pro rata basis to the holders of ATK common stock (the "Spin-Off"), and the merger of Merger Sub with and into Orbital (the "ATK/Orbital Merger"), with Orbital surviving the ATK/Orbital Merger as a wholly owned subsidiary of Orbital ATK.

On February 9, 2015, Orbital ATK completed the Sporting Transfers and the Spin-Off, distributing to its stockholders of record as of February 2, 2015, two shares of Vista Outdoor Inc. common stock for every share of ATK common stock held. In connection with the Spin-Off, Vista Outdoor filed a Registration Statement on Form 10 (as amended, the "Form 10") with the Securities and Exchange Commission (the "SEC"), which was declared effective on January 23, 2015. The Form 10 included an Information Statement (the "Information Statement") describing the details of the Spin-Off and providing information as to our business and management.

Except where indicated, references below to transactions completed by Vista Outdoor prior to February 9, 2015, refer to transactions completed by or on behalf of the ATK Sporting Group reporting segment that are reflected on the consolidated and combined financial statements of Vista Outdoor.

This Quarterly Report on Form 10-Q should be read in conjunction with our consolidated and combined financial statements and notes included in our fiscal 2015 Annual Report on Form 10-K.

Basis of Presentation. Our unaudited condensed consolidated and combined financial statements as set forth have been prepared in accordance with the requirements of the SEC for interim reporting. As permitted under those rules, certain disclosures and other financial information that are normally required by accounting principles generally accepted in the United States can be condensed or omitted. Our accounting policies are described in the notes to the consolidated and combined financial statements in our Annual Report on Form 10-K for the fiscal year ended March 31, 2015 ("fiscal 2015"). Management is responsible for the condensed consolidated and combined financial statements included in this document, which are unaudited but, in the opinion of management, include all adjustments necessary for a fair presentation of our financial position as of October 4, 2015 and March 31, 2015, and our results of operations for the quarters and six month periods ended October 4, 2015 and September 28, 2014, and cash flows for the six month periods ended October 4, 2015 and September 28, 2014.

The accompanying unaudited condensed consolidated and combined financial statements reflect our consolidated operations as a separate stand-alone entity beginning on February 9, 2015. Periods presented prior to the Spin-Off have been prepared on a stand-alone basis and are derived from ATK's consolidated financial statements and accounting records and are presented on a combined basis. Subsequent to the Spin-Off, the financial statements are presented on a consolidated basis. Prior to the Spin-Off, the unaudited condensed consolidated and combined financial

Edgar Filing: Vista Outdoor Inc. - Form 10-Q

statements represent our financial position, results of operations, and cash flows as our business was operated as part of ATK prior to the distribution, in conformity with U.S. generally accepted accounting principles.

Prior to the Spin-Off, the unaudited condensed consolidated and combined statements of operations include expense allocations for certain corporate functions historically provided to us by ATK, including, but not limited to, human resources, employee benefits administration, treasury, risk management, audit, finance, tax, legal, information technology support, and other shared services. These allocations are reflected in the unaudited condensed consolidated and combined statements of operations within the expense categories to which they relate. The allocations were made on a direct usage basis when

identifiable, with the remainder allocated on various bases that are further discussed in Note 15. We consider these allocations to be a reasonable reflection of the utilization of services by, or benefits provided to us. The allocations may not, however, reflect the expense we would have incurred as a stand-alone company. Following the Spin-Off, we perform these functions using our resources or purchased services. For an interim period, however, some of these functions will continue to be provided by Orbital ATK under transition services agreements and other commercial agreements.

Prior to the Spin-Off, Orbital ATK maintained a number of defined benefit plans at a corporate level which our employees participated in, and as such, we were charged a portion of the expenses associated with these plans. Subsequent to February 9, 2015, we established separate defined benefit plans and recorded the related liabilities attributable to our employees. We also recorded our rights to the associated assets, which were maintained in the Orbital ATK plan asset pools. The fair value of these assets was transferred to us in cash on July 1, 2015, and was immediately reinvested in accordance with our targeted asset allocation.

Transactions between Orbital ATK and us prior to the Spin-Off are reflected as effectively settled at the time of the transaction and are included in financing activities in the consolidated and combined statements of cash flows.

Our consolidated and combined financial statements may not be indicative of our future performance and do not necessarily reflect what the results of operations and cash flows would have been had we operated as a stand-alone company during the periods presented.

New Accounting Pronouncements. On May 28, 2014, the Financial Accounting Standards Board issued Accounting Standards Update No. 2014-09 Revenue from Contracts with Customers (Topic 606), which supersedes the revenue recognition requirements in Topic 605, Revenue Recognition, including most industry-specific revenue recognition guidance. This guidance is effective for periods beginning after December 15, 2017 and early application is permitted for periods beginning after December 15, 2016. We are in the process of evaluating the impact this standard will have on us.

There are no other new accounting pronouncements that are expected to have a significant impact on our condensed consolidated and combined financial statements.

2. Fair Value of Financial Instruments

The current authoritative guidance on fair value clarifies the definition of fair value, prescribes a framework for measuring fair value, establishes a fair value hierarchy based on the inputs used to measure fair value, and expands disclosures about the use of fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The valuation techniques required by the current authoritative literature are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect internal market assumptions. These two types of inputs create the following fair value hierarchy:

Level 1—Quoted prices for identical instruments in active markets.

Level 2—Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3—Significant inputs to the valuation model are unobservable.

The following section describes the valuation methodologies we used to measure our financial instruments at fair value.

Derivative financial instruments and hedging activities—In order to manage our exposure to foreign currency risk, we periodically utilize foreign currency derivatives, which are considered Level 2 instruments. Foreign currency derivatives are valued based on observable market transactions of spot currency rates and forward currency prices. During the six months ended October 4, 2015, we entered into various foreign currency forward contracts. See Note 3 for additional detail. There were no foreign currency derivatives outstanding as of March 31, 2015.

(Amounts in thousands unless otherwise indicated)

2. Fair Value of Financial Instruments (Continued)

Long-term debt—The fair value of the variable-rate long-term debt is calculated based on current market rates for debt of the same risk and maturities. The fair value of the fixed-rate long-term debt is based on market quotes for each issuance. We have considered these to be Level 2 instruments.

Contingent Consideration—The acquisition-related contingent consideration liability represents the estimated fair value of additional future earn-outs payable for acquisitions of businesses that closed after July 5, 2015. The valuation of the contingent consideration will be evaluated on an ongoing basis and is based on management estimates and entity-specific assumptions which are considered Level 3 inputs.

The following table sets forth by level within the fair value hierarchy our financial assets and liabilities that are measured at fair value on a recurring basis:

	October 4, 2015		
	Fair value measurements using inputs considered as		
	Level 1	Level 2	Level 3
Assets:			
Derivatives	\$—	\$140	\$—
Liabilities:			
Derivatives	\$—	\$—	\$—
Contingent consideration	\$—	\$—	\$4,471

As of March 31, 2015, we had no financial assets and liabilities that are measured at fair value on a recurring basis outstanding.

The following table presents our financial assets and liabilities that are not measured at fair value on a recurring basis.

The carrying values and estimated fair values were as follows:

	October 4, 2015		March 31, 2015	
	Carrying amount	Fair value	Carrying amount	Fair value
Fixed-rate debt	\$350,000	\$357,000	\$—	\$—
Variable-rate debt	341,250	341,250	350,000	350,000

3. Derivative Financial Instruments

We are exposed to market risks arising from adverse changes in:

- commodity prices affecting the cost of raw materials,
- interest rate, and
- foreign exchange risks

In the normal course of business, these risks are managed through a variety of strategies, including the use of derivative instruments. Foreign currency exchange contracts are used to hedge forecasted transactions denominated in a foreign currency.

We entered into various foreign currency forward contracts during the six months ended October 4, 2015 and September 28, 2014. These contracts are used to hedge forecasted cash receipts from customers denominated in foreign currencies and are designated and qualify as effective cash flow hedges. Ineffectiveness with respect to forecasted customer cash receipts is calculated based on changes in the forward rate until the anticipated cash receipt occurs.

The fair value of the foreign currency forward contracts is recorded within other assets or liabilities, as appropriate, and the effective portion is reflected in accumulated other comprehensive loss ("AOCL") in the financial statements.

The gains or losses on the foreign currency forward contracts are recorded in earnings when we settle the contracts with the counterparty with customer receipts.

3. Derivative Financial Instruments (continued)

As of October 4, 2015, we had outstanding foreign currency forward contracts in place for the following amounts:

	Notional Amount of Currency
Sale of foreign currency:	
Euro	6,586
Australian Dollar	2,227

The table below presents the fair value and location of our derivative instruments designated as hedging instruments in the unaudited condensed consolidated balance sheets.

For the periods presented below, the derivative gains and losses in the unaudited condensed consolidated and combined statements of operations related to foreign currency forward contracts were as follows:

4. Earnings Per Share

The computation of earnings per share ("EPS") includes Basic EPS computed based upon the weighted average number of common shares outstanding for each period. Diluted EPS is computed based on the weighted average number of common shares and common equivalent shares. Common equivalent shares represent the effect of stock-based awards during each period presented, which, if exercised or earned, would have a dilutive effect on EPS. On February 9, 2015, 63,875 shares of our common stock were distributed to Orbital ATK shareholders of record to complete the Spin-Off from ATK. For comparative purposes, we have used weighted average shares of 63,875 to calculate basic and diluted EPS for all periods prior to the Spin-Off, as we had no outstanding common shares or dilutive stock-based awards.

In computing EPS for the quarters and six month periods ended October 4, 2015 and September 28, 2014, earnings, as reported for each respective period, is divided by:

5. Acquisitions

In accordance with the accounting standards regarding business combinations, the results of acquired businesses are included in our consolidated and combined financial statements from the date of acquisition. The purchase price for each acquisition is allocated to the acquired assets and liabilities based on fair value. The excess purchase price over estimated fair value of the net assets acquired is recorded as goodwill.

Acquisition of Jimmy Styks

On July 20, 2015, we completed the acquisition of Jimmy Styks, LLC ("Jimmy Styks"), using \$40,000 of cash on hand with additional contingent consideration payable if incremental profitability growth milestones are achieved over the next three years. We determined a value of the future contingent consideration as of the acquisition date of \$4,471 utilizing the Black Scholes option pricing model; the total amount paid may differ from this value. The option pricing model requires us to make assumptions including the risk-free rate, expected volatility, cash flows, and expected life. The risk-free rate is based on U.S. Treasury zero-coupon issues with a remaining term that approximates the expected life assumed at the date of grant. The expected option life is based on the contractual term of the agreement. Expected volatility is based on the average volatility of similar public companies' stock over the past three years. The discounted cash flows are based on our estimates of future performance of the business.

Jimmy Styks is a leading designer and marketer of stand up paddle boards and related accessories. Jimmy Styks' stand up paddle board portfolio provides easy-to-use platforms for water sport enthusiasts engaging in activities ranging from personal fitness to fishing and will help us expand our Outdoor Products operating segment. Jimmy Styks offers nearly 30 SKUs in epoxy, inflatable, soft and thermoform boards, as well as accessories. The preliminary purchase price allocation is subject to further refinement and may require significant adjustments to arrive at the final purchase price allocation. The majority of the goodwill generated in this acquisition will be deductible for tax purposes. Jimmy Styks is an immaterial acquisition to our company.

Acquisition of CamelBak Products

On August 3, 2015, we completed the acquisition of CamelBak Products, LLC ("CamelBak") for total consideration of \$412,500, subject to a customary working capital adjustment, utilizing cash on hand and borrowings under our existing credit facilities. CamelBak is the leading provider of personal hydration solutions for outdoor, recreation and military use. CamelBak's products include hydration packs, reusable bottles and individual purification and filtration systems. The preliminary purchase price allocation is subject to further refinement and may require significant adjustments to arrive at the final purchase price allocation. A portion of the goodwill generated in this acquisition will be deductible for tax purposes.

Current year results for acquisitions

Subsequent to the acquisition dates of these acquisitions, Vista Outdoor recorded sales of approximately \$24,370 for the quarter and six months ended October 4, 2015 and gross profit of approximately \$9,216 for the quarter and six months ended October 4, 2015, each associated with the operations of these acquired businesses and reflected in the Outdoor Products segment results.

Preliminary Allocation of Consideration Transferred to Net Assets Acquired for CamelBak:

The following amounts represent the preliminary determination of the fair value of identifiable assets acquired and liabilities assumed from the CamelBak acquisition. The final determination of the fair value of certain assets and liabilities will be completed within the required measurement period, which will be no later than 12-months from the date of acquisition. The size and breadth of the CamelBak acquisition will necessitate the use of this measurement period to adequately analyze and assess a number of the factors used in establishing the asset and liability fair values as of the acquisition date, including the significant contractual and operational factors underlying the trade name and customer relationship intangible assets and the related tax impacts of any changes made. Any potential adjustments made could be material in relation to the preliminary values presented below:

	August 3, 2015	
Purchase price net of cash acquired:		
Cash paid		\$412,500
Cash paid for working capital		9,810
Total purchase price		422,310
Fair value of assets acquired:		
Receivables	\$30,093	
Inventories	30,916	
Tradename, customer relationship, and technology intangibles	133,800

Supplemental Pro Forma Data for CamelBak:

We used the acquisition method of accounting to account for this acquisition and, accordingly, the results of CamelBak are included in our consolidated financial statements for the period subsequent to the date of acquisition. The following unaudited supplemental pro forma data for the quarter and six months ended October 4, 2015 and September 28, 2014 present consolidated and combined information as if the acquisition had been completed on April 1, 2014. The pro forma results were calculated by combining our results with the standalone results of CamelBak for the pre-acquisition periods, which were adjusted to account for certain costs which would have been incurred during this pre-acquisition period:

(Amounts in thousands except per share data)	Quarter ended		Six months ended	
	October 4, 2015	September 28, 2014	October 4, 2015	September 28, 2014
Sales	\$568,400	\$ 558,645	\$ 1,125,471	\$ 1,165,519
Net income	37,838	34,999	74,149	74,896
Basic earnings per common share	0.60	0.55	1.18	1.17
Diluted earnings per common share	0.60	0.55	1.17	1.17

The unaudited supplemental pro forma data above include the following significant non-recurring adjustments made to account for certain costs which would have been incurred if the acquisition had been completed on April 1, 2014, as adjusted for the applicable tax impact:

	Quarter ended		Six months ended	
	October 4, 2015	September 28, 2014	October 4, 2015	September 28, 2014
Inventory step-up, net ¹	\$(334)	\$ 313	\$(334)	\$ 647
Fees for advisory, legal, accounting services ²	(3,940,100)	—	(4,221,000)	4,220,960

1. Adjustment reflects the increased cost of goods sold expense resulting from the fair value step-up in inventory of \$1,043 which was expensed over the first inventory cycle.

2. We removed the fees that were incurred in connection with the acquisition of CamelBak from fiscal 2016 and considered those fees as incurred during the first quarter of fiscal 2015. Costs were recorded in Selling, general and administrative expense.

We made no acquisitions during fiscal 2015.

6. Net Receivables

Net receivables are summarized as follows:

	October 4, 2015	March 31, 2015
Trade receivables	\$413,331	\$370,335
Other receivables	2,338	2,089
Less allowance for doubtful accounts and discounts	(11,940)	(10,730)
Net receivables	\$403,729	\$361,694

No customer represented more than 10% of the total trade receivable balance as of October 4, 2015 and March 31, 2015.

The gross amount of amortizable and non-amortizable intangible assets increased from March 31, 2015 due to the acquisition of CamelBak and Jimmy Styks. The assets in the table above are being amortized using a straight-line method over a weighted average remaining period of approximately 12.4 years. Amortization expense for the quarters and six month periods ended October 4, 2015 and September 28, 2014 was \$8,349 and \$7,782, and \$15,651 and \$15,378, respectively. We expect amortization expense related to these assets to be as follows:

Remainder of fiscal 2016	\$18,108
Fiscal 2017	35,951
Fiscal 2018	35,951
Fiscal 2019	33,207

Less: Current portion	17,500	17,500
Carrying amount of long-term debt, excluding current portion	\$673,750	\$332,500

Credit Agreement

Borrowings under our Credit Agreement dated December 19, 2014 (the "Credit Agreement") bear interest at a rate equal to either the sum of a base rate plus a margin or the sum of a Eurodollar rate plus a margin. Each margin is based on our consolidated leverage ratio, as defined in the Credit Agreement, and based on the current ratio, the base rate margin is 0.75% and the Eurodollar margin is 1.75%. The interest rate for the Term Loan as of October 4, 2015 was 1.94%. We pay a commitment fee on the unused portion of the Revolving Credit Facility based on our consolidated leverage ratio, and based on the current ratio, this fee is 0.30%. As of October 4, 2015, we had no borrowings against our \$400,000 Revolving Credit Facility and had outstanding letters of credit of \$30,454, which reduced amounts available on the Revolving Credit Facility to \$369,546.

5.875% Notes

On August 11, 2015, we issued \$350,000 aggregate principal amount of 5.875% Senior Notes (the "5.875% Notes") that mature on October 1, 2023. These notes are unsecured and senior obligations. Interest on these notes is payable semi-annually in arrears on April 1 and October 1 of each year, starting on April 1, 2016. We have the right to redeem some or all of these notes from time to time on or after October 1, 2018, at specified redemption prices. Prior to October 1, 2018, we may redeem some or all of these notes at a price equal to 100% of their principal amount plus accrued and unpaid interest to the date of redemption and a specified make-whole premium. In addition, prior to October 1, 2018, we may redeem up to 35% of the aggregate principal amount of these notes with the net cash proceeds of certain equity offerings, at a price equal to 105.875% of their principal amount plus accrued and unpaid interest to the date of redemption. Debt issuance costs of approximately \$4,300 are being amortized to interest expense over 8 years, the term of the notes.

Rank and Guarantees

The 5.875% Notes are senior unsecured obligations and will rank equally in right of payment with any future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness. The 5.875% Notes are fully and unconditionally guaranteed, jointly and severally, by our existing and future domestic subsidiaries that guarantee indebtedness under our Credit Agreement or that guarantee certain of our other indebtedness, or indebtedness of any subsidiary guarantor, in an aggregate principal amount in excess of \$50,000. These guarantees are senior unsecured obligations of the applicable subsidiary guarantors. The Credit Agreement obligations are guaranteed

on a secured basis, jointly and severally and fully and unconditionally, by substantially all of our domestic subsidiaries. The parent company has no independent assets or operations. We own 100% of all of these guarantor subsidiaries. The guarantee by any subsidiary guarantor of our obligations in respect of the 5.875% Notes will be released in any of the following circumstances:

- if, as a result of the sale of its capital stock, such subsidiary guarantor ceases to be a restricted subsidiary;
- if such subsidiary guarantor is designated as an “Unrestricted Subsidiary”;
- upon defeasance or satisfaction and discharge of the 5.875% Notes; or

Employer Contributions. During the six months ended October 4, 2015, we made no contributions directly to the pension trust, to retirees under the non-qualified supplemental executive retirement plan, or to our other postretirement benefit plans. For the six months ended September 28, 2014, Orbital ATK contributed \$220 directly to the pension trust, \$64 directly to retirees under the non-qualified supplemental executive retirement plan, associated with our allocated portion of these plans and no contributions to our other postretirement benefit plans, associated with our allocated portion of these plans. We anticipate making contributions to the pension trust during the remainder of fiscal 2016. We are required to make contributions of \$2,000 to meet our legally required minimum contributions for fiscal 2016. We also expect to distribute approximately \$597 directly to retirees under our supplemental executive retirement plans, and contribute approximately \$186 to our other postretirement benefit plans in fiscal 2016.

13. Income Taxes

Our provision for income taxes includes federal, foreign, and state income taxes. Income tax provisions for interim periods are based on estimated effective annual income tax rates.

The income tax provisions for the quarters ended October 4, 2015 and September 28, 2014 represent effective tax rates of 39.7% and 34.4%, respectively. The increase in the rate from the prior year quarter is primarily caused by the absence of the favorable true-up of prior year taxes recorded in the previous year and the nondeductible acquisition related costs in the current year.

The income tax provisions for the six months ended October 4, 2015 and September 28, 2014 represent effective tax rates of 39.8% and 36.1%, respectively. The increase in the rate from the prior year period is primarily caused by the absence of the favorable true-up of prior year taxes recorded in the previous year, a one-time discrete revaluation of a deferred tax asset and the nondeductible acquisition related costs in the current year.

We entered into a Tax Matters Agreement with Orbital ATK that governs the respective rights, responsibilities and obligations of Vista Outdoor and Orbital ATK after the Spin-Off with respect to tax liabilities and benefits, tax

attributes, tax contests and other tax sharing regarding U.S. federal, state, local and foreign income taxes, other tax matters and related tax returns. We have joint and several liability with Orbital ATK to the IRS for the consolidated U.S. federal income taxes of the Orbital ATK consolidated group relating to the taxable periods in which we were part of that group. However, the Tax Matters

13. Income Taxes (Continued)

Agreement specifies the portion, if any, of this tax liability for which we bear responsibility, and Orbital ATK agrees to indemnify us against any amounts for which we are not responsible. The Tax Matters Agreement also provides special rules for allocating tax liabilities in the event that the Spin-Off is determined not to be tax-free. Though valid as between the parties, the Tax Matters Agreement is not binding on the IRS.

Prior to the Spin-Off, Orbital ATK or one of its subsidiaries filed income tax returns in the U.S. federal and various U.S. state jurisdictions which included Vista Outdoor. In addition, certain of our subsidiaries filed income tax returns in foreign jurisdictions. After the Spin-Off we will be filing income tax returns in the U.S. federal, foreign and various U.S. state jurisdictions. With a few exceptions, Orbital ATK and its subsidiaries and Vista are no longer subject to U.S. federal, state and local, or foreign income tax examinations by tax authorities prior to 2008. The IRS has completed the audits of Orbital ATK through fiscal year 2012 and is currently auditing Orbital ATK's tax returns for fiscal years 2013 and 2014. We believe appropriate provisions for all outstanding issues relating to our portion of these returns have been made for all remaining open years in all jurisdictions.

Although the timing and outcome of audit settlements are uncertain, it is reasonably possible that a \$4,955 reduction of the uncertain tax benefits will occur in the next 12 months. The settlement of these unrecognized tax benefits could result in earnings from \$0 to \$4,545.

14. Contingencies

Litigation. From time to time, we are subject to various legal proceedings, including lawsuits, which arise out of, and are incidental to, the conduct of our business. We do not consider any of such proceedings that are currently pending, individually or in the aggregate, to be material to our business or likely to result in a material adverse effect on our operating results, financial condition, or cash flows.

Environmental Liabilities. Our operations and ownership or use of real property are subject to a number of federal, state, and local environmental laws and regulations, as well as applicable foreign laws and regulations, including those governing the discharge of hazardous materials, remediation of contaminated sites, and restoration of damage to the environment. We are obligated to conduct investigation and/or remediation activities at certain sites that we own or operate or formerly owned or operated.

We also have been identified as a potentially responsible party ("PRP"), along with other parties, in a regulatory agency action associated with hazardous waste sites. As a PRP, we may be required to pay a share of the costs of the investigation and clean-up of these sites. While uncertainties exist with respect to the amounts and timing of the ultimate environmental liabilities, based on currently available information, we have concluded that these matters, individually or in the aggregate, will not have a material adverse effect on our operating results, financial condition, or cash flows. We have recorded a liability for environmental remediation of \$558 as of October 4, 2015 and March 31, 2015, respectively.

We could incur substantial additional costs, including cleanup costs, resource restoration, fines, and penalties or third-party property damage or personal injury claims, as a result of violations or liabilities under environmental laws or non-compliance with environmental permits. While environmental laws and regulations have not had a material adverse effect on our operating results, financial condition, or cash flows in the past, and we have environmental management programs in place to mitigate these risks, it is difficult to predict whether they will have a material impact in the future.

15. Related Party Transactions

The unaudited condensed consolidated and combined financial statements have been prepared on a stand-alone basis. However, prior to February 9, 2015, they were derived from the consolidated financial statements and accounting records of Orbital ATK.

Allocation of General Corporate Expenses

Prior to February 9, 2015, the unaudited condensed consolidated and combined financial statements reflect an allocation of certain costs managed at the Orbital ATK level. These costs have historically been allocated to us. These costs generally fall into one of the following categories:

Orbital ATK management and support services – This category includes costs for functions such as acquisition transaction costs, human resources (talent acquisition/compensation), treasury, risk management, internal audit,

finance, tax, legal, executive office, business development, government relations, and other administrative support. These costs were allocated to the Company based on a percentage of sales for all of Orbital ATK or as specifically identified. The unaudited condensed consolidated and combined financial statements include Orbital ATK management and support services allocations included within the general and administrative expense totaling \$10,793 and \$14,938 for the quarter and six months ended September 28, 2014, respectively.

Infrastructure costs – This category includes costs for functions such as information technology support, systems maintenance, and telecommunications. These costs were generally allocated to the Company using either sales, headcount, or fixed assets. The unaudited condensed consolidated and combined statement of operations reflects infrastructure costs allocations included within the general and administrative expense totaling \$1,938 and \$2,898 for the quarter and six months ended September 28, 2014, respectively.

Orbital ATK-provided benefits – This category includes costs for group medical, dental and vision insurance, 401(k) savings plan, pension and postretirement benefits, and other benefits. These costs were generally allocated to the Company based on specific identification of the benefits provided to Company employees participating in these benefit plans. Medical and dental, including the human resources and finance administration of those plans, are allocated to business units based upon their year-to-date enrolled medical headcount. Postretirement benefits, including the human resources and finance administration of those plans, were allocated based upon member headcount. Pension expense was actuarially determined for individual segments and is identified directly to those segments. The pension expense determined for composite pension segments was further allocated to individual segments using total payroll. The unaudited condensed consolidated and combined financial statements include Orbital ATK-provided benefits allocations totaling \$14,577 and \$29,610 for the quarter and six months ended September 28, 2014, respectively.

Management believes that the methods of allocating these costs were reasonable and consistent with past practices.

Related Party Sales and Cost of Sales

Historically, we purchased and sold certain products and services to/from Orbital ATK businesses. Prior to the Spin-Off, purchases of products and services from these affiliated entities, which were recorded at sales price, were \$67,245 and \$119,667 for the quarter and six months ended September 28, 2014, respectively. Sales of products and services to these entities were \$2,455 and \$5,037 for the quarter and six months ended September 28, 2014, respectively.

16. Operating Segment Information

We operate our business structure within two operating segments. These operating segments are defined based on the reporting and review process used by the chief operating decision maker, our chief executive officer. Management reviews the operating segments based on net sales and gross profit. Certain significant selling, and general and administrative expenses are not allocated to the segments. In addition certain significant asset balances are not readily identifiable with individual segments and therefore cannot be allocated. Each segment is described below:

- Shooting Sports generated 63% of our external sales in the six months ended October 4, 2015. Shooting Sports product lines are ammunition and firearms. Ammunition products include centerfire, rimfire and shotshell ammunition and reloading components. Firearms products include centerfire rifles, rimfire rifles, shotguns and range systems.
-

Outdoor Products generated 37% of our external sales in the six months ended October 4, 2015. The Outdoor Products product lines are optics, shooting accessories, archery/hunting accessories, tactical products, eyewear, golf, water sports, and hydration products. Optics products include binoculars, riflescopes and telescopes. Shooting accessories products include reloading equipment, clay targets, and premium gun care products. Archery/hunting accessories include high-performance hunting arrows, game calls, hunting blinds, game cameras and waterfowl decoys. Tactical products include holsters, duty gear, bags and packs. Eyewear products include safety and protective eyewear, as well as fashion and sports eyewear. Golf products include laser rangefinders. Water sports products include stand up paddle boards. Hydration products include hydration packs, reusable bottles and individual purification and filtration systems.

For the six months ended October 4, 2015 one customer accounted for 11% of our sales and for the six months ended September 28, 2014 no single customer contributed more than 10% of our sales.

(Dollar amounts in thousands unless otherwise indicated)

Forward-Looking Information is Subject to Risk and Uncertainty

Some of the statements made and information contained in this report, excluding historical information, are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements give our current expectations or forecasts of future events. Words such as "may," "expect," "intend," "estimate," "anticipate," "believe," "project," or "continue," and similar expressions are used to identify forward-looking statements. From time to time, we also may provide oral or written forward-looking statements in other materials released to the public. Any or all forward-looking statements in this report and in any public statements we make could be materially different. They can be affected by assumptions used or by known or unknown risks or uncertainties. Consequently, no forward-looking statements can be guaranteed. Actual results may vary materially. You are cautioned not to place undue reliance on any forward-looking statements. You should also understand that it is not possible to predict or identify all such factors and should not consider the following list to be a complete statement of all potential risks and uncertainties. Any change in the following factors may impact the achievement of results:

- our ability to realize anticipated benefits and cost savings from acquisitions;
- costs or difficulties related to the integration of acquired businesses;
- general economic and business conditions in the United States and our other markets, including conditions affecting employment levels, consumer confidence and spending;
- our ability to operate successfully as a stand-alone business;
- our ability to retain and hire key personnel and maintain and grow our relationships with customers, suppliers and other business partners;
- our ability to adapt our products to changes in technology, the marketplace and customer preferences;
- our ability to maintain and enhance brand recognition and reputation;
- reductions or unexpected changes in demand for ammunition, firearms or other outdoor sports and recreation products;
- risks associated with our sales to significant retail customers, including unexpected cancellations, delays and other changes to purchase orders;
- supplier capacity constraints, production disruptions or quality or price issues affecting our operating costs;
- seasonality and weather conditions in our markets;
- our competitive environment;
- risks associated with compliance and diversification into international and commercial markets;
- the supply, availability and costs of raw materials and components;
- changes in commodity, energy and production costs;
- changes in laws, rules and regulations relating to our business, such as federal and state firearms and ammunition regulations;
- our ability to execute our long-term growth strategy;
- our ability to take advantage of growth opportunities in international and commercial markets;
- changes in interest rates or credit availability;
- foreign currency exchange rates and fluctuations in those rates;
- the outcome of contingencies, including with respect to litigation and other proceedings relating to intellectual property, product liability, warranty liability, personal injury and environmental remediation;
- risks associated with cybersecurity and other industrial and physical security threats;
- risks associated with pension asset returns and assumptions regarding future returns, discount rates and service costs;

capital market volatility and the availability of financing;
changes to accounting standards or policies; and
changes in tax rules or pronouncements.

This list of factors is not exhaustive, and new factors may emerge or changes to the foregoing factors may occur that would impact our business. We undertake no obligation to update any forward-looking statements. A more detailed description of risk factors can be found in Part 1, Item 1A, Risk Factors, of our Annual Report on Form 10-K for the fiscal year ended March 31, 2015. Additional information regarding these factors may be contained in our subsequent filings with the Securities and Exchange Commission, including Forms 10-Q and 8-K. All such risk factors are difficult to predict, contain material uncertainties that may affect actual results, and may be beyond our control.

Executive Summary

We are a leading global designer, manufacturer and marketer of consumer products in the growing outdoor sports and recreation markets. We serve these markets through the diverse portfolio of over 40 well-recognized brands that provide consumers with a range of affordable, performance-driven, high-quality and innovative products, including sporting ammunition and firearms, outdoor accessories, outdoor sports optics, golf rangefinders, performance eyewear, hydration products, and stand up paddle boards. We serve a broad range of end consumers, including outdoor enthusiasts, hunters and recreational shooters, athletes, as well as law enforcement and military professionals. Our products are sold through a wide variety of mass, specialty and independent retailers, such as Walmart, Cabela's, Gander Mountain, Bass Pro Shops, Dick's Sporting Goods, Sportsman's Warehouse, Recreational Equipment, Inc., and Target. We have a scalable, integrated portfolio of brands that allows us to leverage our deep customer knowledge, product development and innovation, supply chain and distribution, and sales and marketing functions across product categories to better serve our retail partners and end users.

We operate our business structure within two operating segments. Each segment is described below:

Shooting Sports generated 63% of our external sales in the six months ended October 4, 2015. Shooting Sports products include pistol, rifle, rimfire and shotshell ammunition and reloading components, centerfire rifles, rimfire rifles, shotguns and range systems.

Outdoor Products generated 37% of our external sales in the six months ended October 4, 2015. The Outdoor Products product lines are optics, shooting accessories, archery/hunting accessories, tactical products, eyewear, golf, water sports, and hydration products. Optics products include binoculars, riflescopes and telescopes. Shooting accessories products include reloading equipment, clay targets, and premium gun care products. Archery/hunting accessories include high-performance hunting arrows, game calls, hunting blinds, game cameras and waterfowl decoys. Tactical products include holsters, duty gear, bags and packs. Eyewear products include safety and protective eyewear, as well as fashion and sports eyewear. Golf products include laser rangefinders. Water sports products include stand up paddle boards. Hydration products include hydration packs and water bottles.

Financial Highlights and Notable Events

Certain notable events or activities affecting our fiscal 2016 financial results included the following:

Financial highlights for the quarter ended October 4, 2015

Quarterly sales of \$551,377 and \$525,149 for the quarters ended October 4, 2015 and September 28, 2014, respectively. The increase is due to the acquisition of CamelBak and Jimmy Styks.

Gross Profit was \$149,024 and \$128,595 for the quarters ended October 4, 2015 and September 28, 2014, respectively. The increase is due to higher firearms volume, raw material procurement favorability, a previously announced rimfire ammunition price increase, an increase in sales in the Outdoor Products segment, and the acquisition of CamelBak and Jimmy Styks. The increase in gross profit was partially offset by a decrease in gross profit in the Outdoor Products segment as a result of inventory related charges in the now closed Meridian, Idaho facility and a slightly lower margin product mix.

The increase in the current quarter's tax rate to 39.7% from 34.4% in the quarter ended September 28, 2014 was primarily caused by the absence of the favorable true-up of prior year taxes recorded in the previous year and the nondeductible acquisition related costs in the current year.

Table of Contents

Other notable events affecting fiscal 2016

On July 20, 2015, we completed the Jimmy Styks Acquisition, using \$40,000 of cash on hand with additional contingent consideration payable if incremental profitability growth milestones are achieved over the next three years.

On August 3, 2015, we completed the acquisition of CamelBak Products, LLC (the "CamelBak Acquisition") for total consideration of \$412,500, subject to a customary working capital adjustment, utilizing cash on hand and borrowings under our existing credit facilities.

On August 11, 2015, we issued \$350,000 aggregate principal amount of 5.875% senior notes (the "Notes") that mature on October 1, 2023.

During the six months ended October 4, 2015, we repurchased approximately 1,202,000 shares for \$54,018.

Outlook

Following the Spin-Off, our results of operations and cash flows may be subject to greater variability as a result of becoming a stand-alone, publicly-traded company. For example, we expect to incur one-time expenditures consisting primarily of employee-related costs, costs to start up certain stand-alone functions and information technology systems, and other one-time transaction-related costs. Recurring stand-alone costs include establishing the internal audit, treasury, investor relations, tax and corporate secretary functions as well as the annual expenses associated with running an independent publicly-traded company. As a stand-alone public company, we expect the recurring stand-alone corporate costs to be higher than the expenses historically allocated by Orbital ATK. For example, if the Spin-Off had occurred on April 1, 2014, we estimate that for the fiscal year ended March 31, 2015, we would have incurred approximately \$15,000 of additional costs associated with such activities. We believe that our cash flow from operations will be sufficient to fund these corporate expenses.

In addition, following the Spin-Off, we procure certain products on arm's length commercial terms rather than the internal transfer pricing we experienced as part of Orbital ATK. For example, we rely on Orbital ATK for certain ammunition and gunpowder products pursuant to an arm's length supply agreement, and if the production capabilities of Orbital ATK (including its Lake City ammunition plant or Radford gunpowder plant) change such that Orbital ATK fails to maintain an adequate supply of ammunition and gunpowder products, we may need to procure such products from a third party, either of which would likely result in higher operating costs than we faced as part of Orbital ATK. These and other factors may lead to greater volatility in our results of operations and cash flows following the Spin-Off. For additional information, please see the section entitled "Risk Factors" in Item 1A of Part I of the Annual Report on Form 10-K.

Shooting Sports Market - There was a decline in the number of new long-gun background checks, as evidenced by The National Instant Criminal Background Check System, or NICS, over the last 24 months. This decline indicated a reduction in the demand for guns, ammunition and related accessory categories, which we first experienced in calendar year 2014. While there has been an increase in NICS checks in recent months, previous market declines have lasted 12-24 months, and it is difficult to predict the significance or length of the current market situation.

Critical Accounting Policies

Our critical accounting policies are described in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, of our Annual Report on Form 10-K for the fiscal year ended March 31, 2015. We believe our critical accounting policies are those related to:

- revenue recognition,
- allowance for doubtful accounts

inventories

- employee benefit plans,

income taxes,

acquisitions, and

accounting for goodwill and indefinite lived intangibles.

The accounting policies used in preparing our interim fiscal 2016 consolidated financial statements are the same as those described in our Annual Report on Form 10-K.

Acquisitions

We had no acquisitions during fiscal 2015. During the six months ended October 4, 2015, we had two acquisitions as follows:

Acquisition of Jimmy Styks

On July 20, 2015, we completed the acquisition of Jimmy Styks, LLC ("Jimmy Styks"), using \$40,000 of cash on hand with additional contingent consideration payable if incremental profitability growth milestones are achieved over the next three years. We determined a value of the future contingent consideration as of the acquisition date of \$4,471 utilizing the Black Scholes option pricing model; the total amount paid may differ from this value. Jimmy Styks is a leading designer and marketer of stand up paddle boards and related accessories. Jimmy Styks' stand up paddle board portfolio provides easy-to-use platforms for water sport enthusiasts engaging in activities ranging from personal fitness to fishing and will help us expand our Outdoor Products operating segment. Jimmy Styks offers nearly 30 SKUs in epoxy, inflatable, soft and thermoform boards, as well as accessories.

Acquisition of CamelBak Products

On August 3, 2015, we completed the acquisition of CamelBak Products, LLC ("CamelBak") for total consideration of \$412,500, subject to a customary working capital adjustment, utilizing cash on hand and borrowings under our existing credit facilities. Camelbak is the leading provider of personal hydration solutions for outdoor, recreation and military use. CamelBak's products include hydration packs, reusable bottles and individual purification and filtration systems.

Sales

During the six months ended October 4, 2015 one customer accounted for 11% of our sales and for the six months ended September 28, 2014, no single customer contributed more than 10% of our sales.

The following is a summary of each operating segment's sales:

	Quarter ended				Six months ended

The overall fluctuation in net sales was driven by the changes within the operating segments as described below.

Quarter ended

Shooting Sports. The decrease in sales was primarily caused by reduced volume of centerfire and shotshell ammunition, partially offset by an increase in firearms and rimfire ammunition. These reductions in ammunition products were primarily caused by reduced demand as result of the market correction in shooting sports described in the Outlook section above.

Outdoor Products. The increase in sales was driven by an increase of \$24,370 from the acquisitions of CamelBak and Jimmy Styks, and increased volumes of optics, golf, and shooting accessories sales, partially offset by lower sales in tactical accessories and archery/hunting accessories and the effect of foreign currency exchange rate fluctuations.

Net Interest Expense

Quarter ended

Net interest expense for the quarter ended October 4, 2015 was \$6,563, a decrease of \$1,320 compared to \$7,883 in the comparable period of fiscal 2015. The decrease was due to our debt balances being lower than those allocated to us by Orbital ATK in the prior year period.

Six months ended

Net interest expense for the six months ended October 4, 2015 was \$9,132, a decrease of \$7,792 compared to \$16,924 in the comparable period of fiscal 2015. The decrease was due to our debt balances being lower than those allocated to us by Orbital ATK in the prior year period.

Table of Contents

We entered into a Tax Matters Agreement with Orbital ATK that governs the respective rights, responsibilities and obligations of Vista Outdoor and Orbital ATK after the Spin-Off with respect to tax liabilities and benefits, tax attributes, tax contests and other tax sharing regarding U.S. federal, state, local and foreign income taxes, other tax matters and related tax returns. We have joint and several liability with Orbital ATK to the IRS for the consolidated U.S. federal income taxes of the Orbital ATK consolidated group relating to the taxable periods in which we were part of that group. However, the Tax Matters Agreement specifies the portion, if any, of this tax liability for which we bear responsibility, and Orbital ATK agrees to indemnify us against any amounts for which we are not responsible. The Tax Matters Agreement also provides special rules for allocating tax liabilities in the event that the Spin-Off is determined not to be tax-free. Though valid as between the parties, the Tax Matters Agreement is not binding on the IRS.

Prior to the Spin-Off, Orbital ATK or one of its subsidiaries filed income tax returns in the U.S. federal and various U.S. state jurisdictions which included Vista Outdoor. In addition, certain of our subsidiaries filed income tax returns in foreign jurisdictions. After the Spin-Off we will be filing income tax returns in the U.S. federal, foreign and various U.S. state jurisdictions. With a few exceptions, Orbital ATK and its subsidiaries and Vista are no longer subject to U.S. federal, state and local, or foreign income tax examinations by tax authorities prior to 2008. The IRS has completed the audits of Orbital ATK through fiscal year 2012 and is currently auditing Orbital ATK's tax returns for fiscal years 2013 and 2014. We believe appropriate provisions for all outstanding issues relating to our portion of these returns have been made for all remaining open years in all jurisdictions.

Although the timing and outcome of audit settlements are uncertain, it is reasonably possible that a \$4,955 reduction of the uncertain tax benefits will occur in the next 12 months. The settlement of these unrecognized tax benefits could result in earnings from \$0 to \$4,545.

Liquidity and Capital Resources

We manage our business to maximize operating cash flows as the primary source of liquidity. In addition to cash on hand and cash generated by operations, sources of liquidity include a committed credit facility and access to the public debt and equity markets. We use our cash to fund investments in our existing core businesses and for debt repayment, share repurchases, and acquisitions or other activities.

Cash Flow Summary

Our cash flows from operating, investing and financing activities, as reflected in the unaudited condensed consolidated and combined Statements of Cash Flows for the six months ended October 4, 2015 and September 28, 2014 are summarized as follows:

	October 4, 2015	September 28, 2014	
Cash provided by (used for) operating activities	\$17,495	\$(36,638)
Cash used for investing activities	(479,268) (20,337)
Cash provided by financing activities	284,506	51,749	
Effect of foreign exchange rate fluctuations on cash	(552) (629)
Net cash flows	\$(177,819) \$(5,855)

Operating Activities.

Net cash provided by operating activities was \$17,495 compared to a use of \$36,638, a change of \$54,133 as compared to the prior period. This increase was driven by improvements in working capital and the timing of payments due to the settlement of balances with Orbital ATK prior to Spin-Off.

Investing Activities.

Net cash used for investing activities increased by \$458,931, primarily caused by the acquisition of CamelBak and Jimmy Styks, partially offset by a decrease in capital expenditures.

Table of Contents

Financing Activities.

Cash flows related to financing activities in the prior year reflect changes in ATK's investment in us and the allocation of debt to us from Orbital ATK. Subsequent to the Spin-Off, we no longer participate in cash management and funding arrangements with Orbital ATK. Historically, we had utilized these arrangements to fund significant expenditures, such as manufacturing capacity expansion and acquisitions.

Net cash provided by financing activities increased by \$232,757, primarily due to the issuance of \$350,000 in notes, partially offset by \$53,009 of shares repurchased in the current year.

Liquidity

In addition to our normal operating cash requirements, our principal future cash requirements will be to fund capital expenditures, debt repayments, employee benefit obligations, share repurchases, and any strategic acquisitions. Our short-term cash requirements for operations are expected to consist mainly of capital expenditures to maintain and expand production facilities and working capital requirements. Our debt service requirements over the next two years consist of principal and interest payments due under the Credit Agreement, as well as interest payments on the 5.875% Notes, as discussed further below.

Based on our current financial condition, management believes that our cash position, combined with anticipated generation of cash flows and the availability of funding, if needed, through our Credit Agreement, access to debt and equity markets, as well as potential future sources of funding including additional bank financing and accessing the debt markets, will be adequate to fund future growth as well as to service our currently anticipated long-term debt and pension obligations, make capital expenditures, and payment of dividends over the next 12 months.

We do not expect that our access to liquidity sources will be materially impacted in the near future. There can be no assurance, however, that the cost or availability of future borrowings, if any, will not be materially impacted by capital market conditions.

Long-Term Debt and Credit Agreement

As of October 4, 2015, we had actual total indebtedness of \$691,250, which consisted of the following:

	October 4, 2015
Credit Agreement dated December 19, 2014:	
Term Loan due 2020	\$341,250
Revolving Credit Facility due 2020	—
Total principal amount of Credit Agreement	341,250
5.875% Senior Notes due 2023	350,000
Principal amount of long-term debt	691,250
Less: Current portion	17,500
Carrying amount of long-term debt, excluding current portion	\$673,750

See Note 10, "Long-Term Debt", to the consolidated and combined financial statements in Part II, Item 8 of the Annual Report on Form 10-K for fiscal 2015 for a detailed discussion of the Credit Agreement, and Note 11 to the consolidated and combined financial statements in Part I, Item 1 of this 10-Q for detailed discussion of the 5.875% Senior Notes.

Covenants

Credit Agreement

The Credit Agreement imposes restrictions on us, including limitations on our ability to incur additional debt, enter into capital leases, grant liens, pay dividends and make certain other payments, sell assets, make loans and investments, or merge or consolidate with or into another entity. In addition, the Credit Agreement limits our ability to enter into sale-and-leaseback transactions. The Credit Agreement allows us to make unlimited "restricted payments" (as defined in the Credit Agreement), which, among other items, allows payments for future share repurchases and dividends, as long as we maintain a certain amount of liquidity and maintain certain debt limits. When those requirements are not met, the limit under the Credit Agreement is equal to \$150,000 plus proceeds of any equity issuances plus 50% of net income since February 9, 2015.

Table of Contents

The Credit Agreement contains financial covenants that require us to maintain a consolidated interest coverage ratio (as defined in the Credit Agreement) of not less than 3.00 to 1.00 and to maintain a consolidated leverage ratio (as defined in the Credit Agreement) of 3.50 to 1.00 or less. Our financial covenant ratios as of October 4, 2015 were as follows:

Requirement	Interest Coverage Ratio [†]	Leverage Ratio*
Actual	3.00	3.50
	11.34	1.89

[†] Not to be below the required financial ratio

* Not to exceed the required financial ratio

The Leverage Ratio is the sum of our total debt plus financial letters of credit and surety bonds, net of up to \$75,000 of cash, divided by Covenant EBITDA (which includes adjustments for items such as non-recurring or extraordinary non-cash items, non-cash charges related to stock-based compensation, and intangible asset impairment charges, as well as inclusion of EBITDA of acquired companies on a pro forma basis) for the past four fiscal quarters. The Interest Coverage Ratio is Covenant EBITDA divided by interest expense (excluding non-cash charges).

5.875% Notes

The indenture governing the 5.875% Notes contain covenants that, among other things, limit our ability to incur or permit to exist certain liens, sell, transfer or otherwise dispose of assets, consolidate, amalgamate, merge or sell all or substantially all of our assets, enter into transactions with affiliates, enter into agreements restricting our subsidiaries' ability to pay dividends, incur additional indebtedness, pay dividends or make other distributions or repurchase or redeem our capital stock, prepay, redeem or repurchase certain debt and make loans and investments.

Our debt agreements contain cross-default provisions so that non-compliance with the covenants within one debt agreement could cause a default under other debt agreements as well. As of October 4, 2015, we were in compliance with the covenants and expect to be in compliance for the foreseeable future. However, our business, financial position and results of operations are subject to various risks and uncertainties, including some that may be beyond our control, and we cannot provide any assurance that we will be able to comply with all such financial covenants in the future. For example, during periods in which we experience declines in sales or otherwise experience the adverse impact of seasonality, we may not be able to comply with such financial covenants. Any failure to comply with the restrictions in the Credit Agreement may prevent us from drawing under the Revolving Credit Facility and may result in an event of default under the Credit Agreement, which default may allow the creditors to accelerate the related indebtedness and proceed against the collateral that secures the indebtedness.

Share Repurchases

On February 25, 2015, our Board of Directors authorized a new share repurchase program of up to \$200,000 worth of shares of our common stock, executable over two years. The shares may be purchased from time to time in open market, block purchase, or negotiated transactions, subject to compliance with applicable laws and regulations. The repurchase authorization also allows us to make repurchases under Rule 10b5-1 of the Securities Exchange Act of 1934. During the six months ended October 4, 2015, we repurchased 1,202,000 shares for \$54,018. Since the inception of the program through October 4, 2015 we have repurchased 1,364,000 shares for \$60,888.

Any additional repurchases would be subject to market conditions and our compliance with our debt covenants, as described above.

Other Contractual Obligations and Commitments

There have been no material changes with respect to the contractual obligations and commitments or off-balance sheet arrangements described in our Annual Report on Form 10-K for fiscal 2015.

Contingencies

Litigation. From time to time, we are subject to various legal proceedings, including lawsuits, which arise out of, and are incidental to, the conduct of our business. We do not consider any of such proceedings that are currently pending, individually or in the aggregate, to be material to our business or likely to result in a material adverse effect

on our operating results, financial condition, or cash flows.

Environmental Liabilities. Our operations and ownership or use of real property are subject to a number of federal, state, and local environmental laws and regulations, as well as applicable foreign laws and regulations, including those

30

Table of Contents

governing the discharge of hazardous materials, remediation of contaminated sites, and restoration of damage to the environment. We are obligated to conduct investigation and/or remediation activities at certain sites that we own or operate or formerly owned or operated.

We also have been identified as a PRP, along with other parties, in regulatory agency actions associated with hazardous waste sites. As a PRP, we may be required to pay a share of the costs of the investigation and clean-up of these sites. While uncertainties exist with respect to the amounts and timing of the ultimate environmental liabilities, based on currently available information, we have concluded that these matters, individually or in the aggregate, will not have a material adverse effect on our operating results, financial condition, or cash flows.

We could incur substantial additional costs, including cleanup costs, resource restoration, fines, and penalties or third-party property damage or personal injury claims, as a result of violations or liabilities under environmental laws or non-compliance with environmental permits. While environmental laws and regulations have not had a material adverse effect on our operating results, financial condition, or cash flows in the past, and we have environmental management programs in place to mitigate these risks, it is difficult to predict whether they will have a material impact in the future.

New Accounting Pronouncements

See Note 1, "Basis of Presentation and Responsibility for Interim Financial Statements", to the unaudited condensed consolidated and combined financial statements in Item 1 of Part I of this report.

Dependence on Key Customers; Concentration of Credit

The loss of any key customer and our inability to replace revenues provided by a key customer may have a material adverse effect on our business and financial condition. For the six months ended October 4, 2015 one customer accounted for 11% of sales and for the six months ended September 28, 2014 no single customer accounted for more than 10% of total revenues. If a key customer fails to meet payment obligations, our operating results and financial condition could be adversely affected.

Inflation and Commodity Price Risk

In management's opinion, inflation has not had a significant impact upon the results of our operations. However, we have been impacted by changes in the prices of raw materials used in production as well as changes in oil and energy costs. In particular, the prices of commodity metals, such as copper, zinc, and lead continue to be volatile. These prices generally impact our Shooting Sports Segment.

We have a strategic sourcing and price strategy to mitigate risk from commodity price fluctuation. We will continue to evaluate the need for future price changes in light of these trends, our competitive landscape, and our financial results. If our sourcing and pricing strategy is unable to offset impacts of the commodity price fluctuations, our future results from operations and cash flows would be materially impacted.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to market risk from changes in interest rates. To mitigate the risks from interest rate exposure, we may enter into hedging transactions, mainly interest rate swaps, through derivative financial instruments that have been authorized pursuant to corporate policies. We may use derivatives to hedge certain interest rate, foreign currency exchange rate, and commodity price risks, but do not use derivative financial instruments for trading or other speculative purposes, and we are not a party to leveraged financial instruments. Additional information regarding the financial instruments is contained in Notes 1 and 3 to the unaudited condensed consolidated and combined financial statements. Our objective in managing exposure to changes in interest rates is to limit the impact of such changes on earnings and cash flow and to lower the overall borrowing costs.

We measure market risk related to holdings of financial instruments based on changes in interest rates utilizing a sensitivity analysis. The sensitivity analysis measures the potential loss in fair values, cash flows, and earnings based on a hypothetical change (increase and decrease) in interest rates. We used current market rates on the debt portfolio to perform the sensitivity analysis. Certain items such as lease contracts, insurance contracts, and obligations for pension and other postretirement benefits were not included in the analysis.

Table of Contents

We conduct business through our subsidiaries in many different countries, and fluctuations in currency exchange rates could have a significant impact on the reported results of operations, which are presented in U.S. dollars. Cross-border transactions, both with external parties and intercompany relationships, result in increased exposure to foreign exchange effects. Accordingly, significant changes in currency exchange rates, particularly the Euro, the British Pound, the Chinese Renminbi (Yuan), the Canadian dollar, and the Australian dollar, could cause fluctuations in the reported results of our businesses' operations that could negatively affect our results of operations. To mitigate the risks from foreign currency exposure, we may enter into hedging transactions, mainly foreign currency forward contracts, through derivative financial instruments that have been authorized pursuant to corporate policies. In addition, sales and expenses of our non-U.S. businesses are also translated into U.S. dollars for reporting purposes and the strengthening or weakening of the U.S. dollar could result in unfavorable translation effects.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

As of October 4, 2015, our Chief Executive Officer and Chief Financial Officer evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) and have concluded that our disclosure controls and procedures are effective to ensure that information we are required to disclose in reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. These disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the reports we file or submit is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

During the quarter ended October 4, 2015, we completed the acquisition of CamelBak, which is being integrated into our Outdoor Products segment. As part of our ongoing integration activities, we are continuing to incorporate our controls and procedures into the CamelBak business and to augment our company-wide controls to reflect the risks inherent in an acquisition of this magnitude. During the quarter ended October 4, 2015 there were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

As allowed under SEC guidelines, our report on our internal control over financial reporting in the Annual Report on Form 10-K for the year ending March 31, 2016 will include a scope exception that excludes the acquired CamelBak business.

PART II—OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we are subject to various legal proceedings, including lawsuits, which arise out of, and are incidental to, the conduct of our business. Notwithstanding that the unfavorable resolution of any matter may have a material effect on our net earnings in any particular quarter, we do not consider any of such proceedings that are currently pending, individually or in the aggregate, to be material to our business or likely to result in a material adverse effect on our future operating results, financial condition, or cash flows.

We also have been identified as a PRP, along with other parties, in regulatory agency actions associated with hazardous waste sites. As a PRP, we may be required to pay a share of the costs of the investigation and clean-up of these sites. While uncertainties exist with respect to the amounts and timing of the ultimate environmental liabilities, based on currently available information, we do not currently expect that these matters, individually or in the aggregate, will have a material adverse effect on our operating results, financial condition, or cash flows.

The description of certain environmental laws and regulations contained in Part I, Item 2, "Management's Discussion and Analysis of Financial Condition and Results of Operations" under the heading "Contingencies" is incorporated herein by reference.

ITEM 1A. RISK FACTORS

While we attempt to identify, manage and mitigate risks and uncertainties associated with our business to the extent practical under the circumstances, some level of risk and uncertainty will always be present. Item 1A of Part I of our Annual Report on Form 10-K for the fiscal year ended March 31, 2015 describes the known material risks and uncertainties associated with our business. These risks and uncertainties have the potential to materially affect our business, financial condition, results of operations, cash flows, projected results, and future prospects.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS
ISSUER REPURCHASES OF EQUITY SECURITIES

Period	Total Number of Shares Repurchased(1)	Average Price Paid per Share	Total Number of Shares Repurchased as Part of Publicly Announced Plan or Program	Maximum Number of Shares that May Yet Be Repurchased Under the Plan or Program(2)*
July 6 - August 2	176,402	\$44.19	176,201	
August 3 - August 30	176,460	45.87	176,460	
August 31 - October 4	338,223	45.16	337,232	
Fiscal Quarter Ended October 4, 2015	691,085	\$45.09	689,893	3,168,948

* The maximum number of shares that may yet be repurchased under the program was calculated using the Vista Outdoor closing stock price of \$43.49 on October 2, 2015.

(1) Included in the total number of shares repurchased were 1,192 shares withheld to pay taxes upon vesting of shares of restricted stock or payment of performance shares that were granted under our incentive compensation plans.

On February 25, 2015, our Board authorized the repurchase of up to up to \$200 million worth of shares of our common stock, executable over the next two years. We repurchased 1,201,707 shares for \$54,018 in the six months ended October 4, 2015 under this program. Since the inception of the program through October 4, 2015 we have (2) repurchased 1,364,000 shares for \$60,888. The shares were purchased from time to time in open market, block purchase, or negotiated transactions, subject to compliance with applicable laws and regulations. The repurchase authorization also allowed the Company to make repurchases under Rule 10b5-1 of the Securities Exchange Act of 1934.
