Item 8.01 Other Events

As previously reported in the Registrant's most recent Current Report on Form 8-K filed with the Securities and Exchange Commission on August 18, 2008, New Jersey Natural Gas Company ("NJNG"), a wholly-owned subsidiary of the Registrant, previously reached an agreement with the New Jersey Department of the Public Advocate, Division of Rate Counsel and the staff of the New Jersey Board of Public Utilities ("BPU") on the base rate case that was also approved by the presiding Administrative Law Judge ("ALJ"). On October 3, 2008, NJNG announced in the press release attached hereto as Exhibit 99.1 and incorporated by reference, that the BPU adopted the decision of the ALJ thereby approving the previously-reached stipulations of settlement allowing NJNG to adjust its base rates effective October 3, 2008.

Based upon the agreed-upon terms of the stipulations of settlement, NJNG's annual base rate revenue will increase by \$32.5 million. The settlement also establishes a rate base of \$943.9 million for NJNG with an overall rate of return of 7.76 percent as well as a return on equity of 10.3 percent with a 51.2 percent common equity ratio. Additionally, NJNG's Basic Gas Supply Service incentive programs will be expanded and extended through October 31, 2011, and NJNG's overall depreciation rate will be reduced from the previously approved 3 percent to 2.34 percent. Also included is an annual expenditure of \$1.4 million for operation and maintenance expenses associated with pipeline integrity management as well as a provision for a deferred reconciliation of the actual costs incurred.
