Accumulated dividends are paid on performance units when vested. The value of performance unit holdings as of December 31, 2002 is determined by multiplying the total number of units held by the closing market price of Entergy common stock on the New York Stock Exchange Composite Transactions on December 31, 2002 (\$45.59 per share). The value of stock for which restrictions were lifted in 2002 and 2000, and the applicable portion of accumulated cash dividends, are reported in the LTIP payouts column in the above table.

d. Restricted units were granted to the following individuals in addition to the performance units granted under the Long Term Incentive Plan. Mr. Childers was granted 30,000 units in 2000. The units will vest incrementally over a three-year period that began in 2001, based on continued service with Entergy Corporation. Accumulated dividends will not be paid. Mr. Henderson was granted 7,500 units in 2000. 1,500 units will vest in March 2001 and 2002, and 4,500 will vest in March 2003. Accumulated dividends will not be paid. Mr. Kansler was granted 7,500 units in 2000. 1,500 units will vest in January 2001 and 2002 and 4,500 will vest in January 2003. Accumulated dividends will not be paid. In January 2001, Mr. Leonard was granted 200,000 restricted units. 50,000 of the restricted stock units will vest on each of December 31, 2001, December 31, 2002, December 31, 2003 and December 31, 2004, based on continued service with Entergy Corporation. Accumulated dividends will not be paid on Mr. Leonard's restricted units when vested. Mr. Yelverton was granted 10,000 units in 2000. Restrictions will be lifted on 3,000 units in 2001 and 2002, and the remaining 4,000 units in 2003. Accumulated dividends will not be paid. The value these individuals may realize is dependent upon the number of units that vest and the future market price of Entergy common stock.

- Mr. Childers and Mr. Neikirk resigned from Entergy effective March 2003 and April 2003, respectively.

a. Options were granted on February 11, 2002, pursuant to the Equity Ownership Plan. All options granted on this date

have an exercise price equal to the closing price of Entergy common stock on the New York Stock Exchange Composite Transactions on February 11, 2002. These options will vest in equal increments, annually, over a three-year period beginning in 2003.

- Calculation based on the market price of the underlying securities assuming the market price increases over the option period and assuming annual compounding. The column presents estimates of potential values based on simple mathematical assumptions. The actual value, if any, a Named Executive Officer may realize is dependent upon the market price on the date of option exercise.
- During 2002, Mr. Jackson, Mr. Roberts, Mr. Thompson, and Mr. Wilder converted presently exercisable stock options into an equivalent total of phantom stock units and reload stock options. They accomplished this by exercising stock options, paying the exercise price for these options by surrendering shares of Entergy stock, and deferring the taxable gain into phantom stock units. Additional options, as indicated above, were granted pursuant to the reload feature of this "stock for stock" exercise method. Under the reload mechanism, eligible participants are granted an additional number of options equal to the number of shares surrendered to pay the exercise price. The reloaded stock options vest immediately and have an exercise price equal to the price of Entergy common stock on the New York Stock Exchange Composite Transactions on the date of exercise of the original options. The reloaded options retain the original grant's expiration date. The reload feature is proposed to be removed from the Equity Ownership Plan as described in Proposal 2 in the Proxy Statement. If the proposal is approved by the Stockholders, reloads will no longer be available for options granted after February 13, 2003.

Aggregated Option Exercises in 2002 and December 31, 2002 Option Values

- a. Performance units awarded will vest at the end of a three-year period, subject to the attainment of approved performance goals for Entergy. Restrictions are lifted based upon the achievement of the cumulative result of these goals for the performance period. The value any Named Executive Officer may realize is dependent upon the number of units that vest, the future market price of Entergy common stock, and the dividends paid during the performance period.
- b. The threshold, target, and maximum levels correspond to the achievement of 25%, 100%, and 200%, respectively, of Equity Ownership Plan goals. Achievement of a threshold, target, or maximum level would result in the award of the number of units indicated in the respective column. Achievement of a level between these three specified levels would result in the award of a number of units calculated by means of interpolation.

All of the Named Executive Officers participate in a Retirement Income Plan, a defined benefit plan, that provides a benefit for employees at retirement from Entergy based upon (1) generally all years of service beginning at age 21 through termination, with a forty-year maximum, multiplied by (2) 1.5%, multiplied by (3) the final average compensation. Final average compensation is based on the highest consecutive 60 months of covered compensation in the last 120 months of service. The normal form of benefit for a single employee is a lifetime annuity and for a married employee is a 50% joint and survivor annuity. Other actuarially equivalent options are available to each retiree. Retirement benefits are not subject to any deduction for Social Security or other offset amounts. The amount of the Named Executive Officers' annual compensation covered by the plan as of December 31, 2002, is represented by the salary column in the Summary Compensation Table above.

The credited years of service under the Retirement Income Plan, as of December 31, 2002, for the following Named Executive Officers is as follows: Mr. Denault 3; Mr. Domino 32; Mr. Gallaher 33; Mr. Harlan 30; Mr. Henderson 3; Mr. Jackson 23; Mr. Leonard 4; Mr. McDonald 20; Mr. McNeal 20; Mr. Neikirk 4; Mr. Packer 20; Mr. Reagan 25; Mr. Roberts 3; Ms. Shanks 19; and Mr. Yelverton 23. The credited years of service under the Retirement Income Plan, as of December 31, 2002 for the following Named Executive Officers, as a result of entering into supplemental retirement agreements, is as follows: Mr. Childers 12; Ms. Conley 20; Mr. Hintz 31; Mr. Kansler 23; Mr. Kenney 24; Mr. Thompson 26; and Mr. Wilder 19.

The maximum benefit under the Retirement Income Plan is limited by Sections 401 and 415 of the Internal Revenue Code of 1986, as amended; however, certain companies have elected to participate in the Pension Equalization Plan sponsored by Entergy Corporation. Under this plan, certain executives, including the Named Executive Officers, would receive an additional amount equal to the benefit that would have been payable under the Retirement Income Plan, except for the Sections 401 and 415 limitations discussed above.

In addition to the Retirement Income Plan discussed above, certain companies participate in the Supplemental Retirement Plan of Entergy Corporation and Subsidiaries (SRP) and the Post-Retirement Plan of Entergy Corporation and Subsidiaries (PRP). Participation is limited to one of these two plans and is at the invitation of a participating employer. The participant may receive from the appropriate Entergy company a monthly benefit payment not in excess of .025 (under the SRP) or .0333 (under the PRP) times the participant's average base annual salary (as defined in the plans) for a maximum of 120 months. Mr. Harlan, Mr. Hintz, Mr. Packer and Mr. Yelverton have entered into a Supplemental Retirement Plan participation contract, and Mr. Gallaher and Mr. Jackson have entered into Post-Retirement Plan participation contracts. Current estimates indicate that the annual payments to each Named Executive Officer under the above plans would be less than the payments to that officer under the System Executive Retirement Plan discussed below.

(1) Covered pay includes the average of the highest three years of annual base pay and incentive awards earned by the executive during the ten years immediately preceding his retirement. Benefits shown are based on a target replacement ratio of 50% based on the years of service and covered compensation shown. The benefits for 10, 15, and 20 or more years of service at the 45% and 55% replacement levels would decrease (in the case of 45%) or increase (in the case of 55%) by the following percentages: 3.0%, 4.5%, and 5.0%, respectively.

In 1993, Entergy Corporation adopted the System Executive Retirement Plan (SERP). This plan was amended in 1998. Certain of the companies are participating employers in the SERP. The SERP is an unfunded defined benefit plan offered at retirement to certain senior executives, which would currently include all the Named Executive Officers (except for Mr. Childers and Mr. Leonard). Participating executives choose, at retirement, between the retirement benefits paid under provisions of the SERP or those payable under the SRP or PRP discussed above. The plan was amended in 1998 to provide that covered pay is the average of the highest three years annual base pay and incentive awards earned by the executive during the ten years immediately preceding his retirement. Benefits paid under the SERP are calculated by multiplying the covered pay times target pay replacement ratios (45%, 50%, or 55%, dependent on job rating at retirement) that are attained, according to plan design, at 20 years of credited service. The target ratios are increased by 1% for each year of service over 20 years, up to a maximum of 30 years of service. In accordance with the SERP formula, the target ratios are reduced for each year of service below 20 years. The credited years of service under this plan are identical to the years of service for the Named Executive Officers (other than Ms. Conley, Mr. Jackson, Mr. Kansler, Mr. Kenney, Mr. Thompson, Mr. Wilder and Mr. Yelverton) disclosed above in the section entitled "Pension Plan Tables-Retirement Income Plan Table". The credited years of service under the SERP for the above individuals is as follows: Ms. Conley 3; Mr. Jackson 29; Mr. Kansler 14; Mr. Kenney

12; Mr. Thompson 21; Mr. Wilder 4; and Mr. Yelverton 33.

The amended plan provides that a single employee receives a lifetime annuity and a married employee receives the reduced benefit with a 50% surviving spouse annuity. Other actuarially equivalent options are available to each retiree. SERP benefits are offset by any and all defined benefit plan payments from Entergy. SERP benefits are not subject to Social Security offsets.

Eligibility for and receipt of benefits under any of the executive plans described above are contingent upon several factors. The participant must agree, without the specific consent of the Entergy company for which such participant was last employed, not to take employment after retirement with any entity that is in competition with, or similar in nature to, any Entergy company. Eligibility for benefits is forfeitable for various reasons, including violation of an agreement with a participating employer, certain resignations of employment, or certain terminations of employment without company permission.

Compensation of Directors

Directors who are Entergy officers do not receive any fee for service as a director. Each non-employee director receives a fee of \$1,500 for attendance at Board meetings, \$1,000 for attendance at committee meetings scheduled in conjunction with Board meetings and \$2,000 for attendance at committee meetings not scheduled in conjunction with a Board meeting. If a director attends a meeting of a committee on which that director does not serve as a member, he or she receives one-half of the fee of an attending member. Directors also receive \$1,000 for participation in any inspection trip or conference not held in conjunction with a Board or committee meeting. In addition, the committee chairpersons of the Audit Committee and Nuclear Committee are paid an additional \$10,000 annually and the committee chairpersons of the Personnel Committee, Corporate Governance Committee and Finance Committee are paid an additional \$5,000 annually. Directors receive only one-half the fees set forth above for telephone attendance at Board or committee meetings. All non-employee directors receive on a quarterly basis 150 shares of Common Stock and one-half the value of the 150 shares in cash. In 2002, Mr. Luft was paid \$200,000 plus 47,000 stock options (granted at market price) to serve as Chairman of the Board. The non-employee Directors have the opportunity to receive annually an executive physical examination either from their local physician or at the Mayo Clinic's Jacksonville, Florida location. The Corporation will pay the cost of the physical examination, and, if at Mayo, travel and living expenses. Non-employee Directors are reimbursed for all normal travel and expenses associated with attending Board and committee meetings as well as inspection trips and conferences associated with their Board duties.

All non-employee directors are credited with 800 "phantom" shares of Common Stock for each year of service on the Board. The "phantom" shares vest after five years of service on the Board and are credited to a specific account for each director that is maintained solely for accounting purposes. After separation from Board service, these directors receive an amount in cash equal to the value of their accumulated "phantom" shares. Payments are made in at least five but no more than 15 annual payments. Each "phantom" share is assigned a value on its payment date equal to the value of a share of Common Stock on that date. Dividends are earned on each "phantom" share from the date of original crediting.

Doris Krick and Joan Dobrzynski are directors at one or more of the Entergy subsidiaries. Entergy pays an external company a fee to perform various corporate functions for the subsidiaries at which Ms. Krick or Ms. Dobrzynski serve as directors. Ms. Krick and Ms. Dobrzynski are salaried employees of this external company. Apart from their salaries, Ms. Krick and Ms. Dobrzynski are not compensated separately for their service on the boards of the subject Entergy subsidiaries. The remaining Entergy companies currently have no non-employee directors, and none of their current directors are compensated for their responsibilities as directors.

Retired non-employee directors of Entergy Arkansas, Entergy Louisiana, Entergy Mississippi, and Entergy New Orleans with a minimum of five years of service on the respective Boards of Directors are paid \$200 a month for a term of years corresponding to the number of years of active service as directors. Retired non-employee directors with over ten years of service receive a lifetime benefit of \$200 a month. Years of service as an advisory director are included in calculating this benefit. System Energy has no retired non-employee directors.

Retired non-employee directors of Entergy Gulf States receive retirement benefits under a plan in which all directors who served continuously for a period of years will receive a percentage of their retainer fee in effect at the time of their retirement for life. The retirement benefit is 30 percent of the retainer fee for service of not less than five nor more than nine years, 40 percent for service of not less than ten nor more than fourteen years, and 50 percent for fifteen or more years of service. Benefits are reduced for those directors who retired prior to the retirement age. The plan also provides disability retirement and optional hospital and medical coverage if the director has served at least five years prior to the disability. The retired director pays one-third of the premium for such optional hospital and medical coverage and Entergy Gulf States pays the remaining two-thirds. Years of service as an advisory director are included in calculating this benefit.

Before Entergy Gulf States, Inc. became a subsidiary of Entergy, it established a deferred compensation plan for its officers and non-employee directors. A director could defer a maximum of 100% of his salary, and an officer could defer up to a maximum of 50% of his salary. Both Dr. Murrill, as an officer, and Mr. Steinhagen, as a director, deferred their salaries. The directors' right to receive this deferred compensation is an unsecured obligation of the Corporation, which accrues simple interest compounded annually at the rate set by Entergy Gulf States, Inc. in 1985. In addition to payments received prior to 1997, on January 1, 2000, Dr. Murrill began to receive his deferred compensation plus interest in equal installments annually for 15 years. Beginning on the January 1 after Mr. Steinhagen turns 70, he will receive his deferred compensation plus interest in equal installments annually for 10 years.

On certain occasions, the Corporation provides personal transportation services for the benefit of non-employee directors. During 2002, the value of such transportation services provided by Entergy Corporation to all directors was approximately \$15,228.

Executive Retention and Employment Agreements and Change-in-Control Arrangements

Upon completion of a transaction resulting in a change-in-control of Entergy (a "Merger"), benefits already accrued under Entergy's System Executive Retirement Plan, Post-Retirement Plan, Supplemental Retirement Plan and Pension Equalization Plan will become fully vested if the participant is involuntarily terminated without "cause" or terminates employment for "good reason" (as such terms are defined in such plans).

Retention Agreement with Mr. Leonard

- The retention agreement with Mr. Leonard provides that upon a termination of employment while a Merger is pending (a) by Entergy without "cause" or by Mr. Leonard for "good reason", as such terms are defined in the agreement, other than a termination of employment described in the next paragraph, or (b) by reason of Mr. Leonard's death or disability:

- Entergy will pay to him a lump sum cash severance payment equal to three times (in limited circumstances, five times) the sum of Mr. Leonard's base salary and target annual incentive award;
- Entergy will pay to him a pro rata annual incentive award, based on an assumed maximum annual achievement of applicable performance goals;

- his supplemental retirement benefit will fully vest, will be determined as if he had remained employed with Entergy until the attainment of age 55, and will commence upon his attainment of age 55;
- he will be entitled to immediate payment of performance awards, based upon an assumed target achievement of applicable performance goals;
- all of his stock options will become fully vested and will remain outstanding for their full ten-year term; and
- Entergy will pay to him a "gross-up" payment in respect of any excise taxes he might incur.

If Mr. Leonard's employment is terminated by Entergy for "cause" at any time, or by Mr. Leonard without "good reason" and without Entergy's permission prior to his attainment of age 55, Mr. Leonard will forfeit his supplemental retirement benefit. If Mr. Leonard's employment is terminated by Mr. Leonard without "good reason" with Entergy's permission prior to his attainment of age 55, Mr. Leonard will be entitled to a supplemental retirement benefit, reduced by 6.5% for each year that the termination date precedes his attainment of age 55, payable commencing upon Mr. Leonard's attainment of age 62. If Mr. Leonard's employment is terminated by Mr. Leonard without "good reason" following his attainment of age 55, Mr. Leonard will be entitled to his full supplemental retirement benefit. The amounts payable under the agreement will be funded in a rabbi trust.

Retention Agreement with Mr. Denault

- The retention agreement with Mr. Denault provides that if he resigns his employment for good reason due to a change of control, he is immediately vested in his accrued benefits under the System Executive Retirement Plan, and he is entitled to a lump-sum parachute payment equal to the lower of: (i) 2.99 times his average five-year (or period of actual employment if less than five years) base salary and annual incentive pay or (ii) 2.99 times his "base amount," which is equal to the maximum amount that can be paid without the payment becoming subject to the excise tax within the meaning of Section 280G(b)(1) of the Internal Revenue Code.

Employment Agreement with Mr. Gallaher

- The employment agreement between Mr. Gallaher and his Entergy employer supercedes all prior agreements with Entergy and provides as follows:

- Upon retirement on his scheduled retirement date under the agreement, and in addition to the normal post-retirement benefits for which he is eligible, Entergy will pay to Mr. Gallaher a severance payment equal to his gross annual salary plus one week's pay for every year of continuous Entergy service, which amount shall not exceed twice his gross annual compensation ("Severance Benefit"), in exchange for a release of claims in favor of Entergy. The severance benefit shall be payable, at the election of Mr. Gallaher, as either a lump sum cash payment or in biweekly installments. He shall also be entitled to benefits under Entergy's Post Retirement Plan or System Executive Retirement Plan in accordance with the terms of such plans. Entergy will reimburse Mr. Gallaher for the household moving expenses associated with the move, prior to September 30, 2004, of his primary residence to another location in the Continental United States under the terms of Entergy's relocation policy.
- If Mr. Gallaher resigns, is terminated for cause (as defined in the agreement), dies, or becomes disabled prior to his scheduled retirement date, the additional benefits granted under the Agreement shall not be paid by the Company.
- If Entergy terminates Mr. Gallaher without cause (as defined in the agreement), then he shall be entitled to his annual unpaid base salary through his scheduled final employment date (the day preceding his retirement date) and the Severance Benefit. However, if there should occur a Change in Control and Mr. Gallaher should

experience a Qualifying Event (as both terms are defined in the Continuity Plan), no amounts shall be payable under the agreement, and any payments otherwise due Mr. Gallaher shall be determined in accordance with the Continuity Plan.

Retention agreement with Mr. Hintz

- The retention agreement with Mr. Hintz provides that Mr. Hintz will be paid an initial retention payment of approximately \$2.8 million on the date on which a Merger is completed and an additional retention payment of approximately \$2.3 million on the second anniversary of the completion of a Merger if he remains employed on each of those dates. The agreement also provides that upon termination of employment while a Merger is pending and for two years after completion (a) by Mr. Hintz for "good reason" or by Entergy without "cause", as such terms are defined in the agreement or (b) by reason of Mr. Hintz's death or disability:

- Entergy will pay to him a lump sum cash severance payment equal to \$2.8 million if such termination occurs prior to completion of a Merger or equal to \$2.3 million if such termination occurs following completion of a Merger;
- Entergy will pay to him a pro rata annual incentive award, based on an assumed maximum achievement of applicable performance goals, if such termination occurs following completion of a Merger;
- he will be entitled to immediate payment of performance awards based upon an assumed target achievement of applicable performance goals, if such termination occurs prior to completion of a Merger, or based upon an assumed maximum achievement of applicable performance goals, if such termination occurs following completion of a Merger;
- all of his stock options will become fully vested and will remain outstanding for their full ten-year term;
- he will be entitled to receive a supplemental retirement benefit that, when combined with Mr. Hintz's SERP benefit, equals the benefit he would have earned under the terms of the SERP as in effect immediately prior to March 25, 1998; and
- Entergy will pay to him a "gross-up" payment in respect of any excise taxes he might incur.

Retention Agreement with Mr. Jackson

- The retention agreement with Mr. Jackson provides that upon retirement in accordance with the agreement, Mr. Jackson: (a) will be entitled to a subsidized retirement benefit equal to the applicable nonqualified retirement benefit payable to Mr. Jackson without reduction for early retirement ("Subsidized Retirement Benefit"); and (b) may enter into a consulting arrangement with Entergy through March 31, 2005, under terms and conditions set forth in the agreement.

Pursuant to the agreement, should Mr. Jackson experience a Qualifying Event (as defined in the agreement) after the Successor Placement Date (as defined in the agreement) but before March 31, 2003, he shall not be entitled to benefits under the System Executive Continuity Plan but shall instead be entitled to the following:

- a lump sum amount equal to any unpaid base salary that would otherwise have been paid through March 31, 2003;
- the Subsidized Retirement Benefit; and

- all other benefits to which he may be entitled under the terms and conditions of those Entergy plans and programs in which he participates in accordance with the agreement.

Additionally, Mr. Jackson is entitled to certain benefits, as described in the agreement, in the event of a change in control (as defined in the System Executive Continuity Plan) after which Entergy or its successor company fails to honor Mr. Jackson's consulting arrangement.

Retirement Agreement with Mr. Thompson

- The retirement agreement with Mr. Thompson provides that following his retirement, and if certain conditions are met, Mr. Thompson will provide consulting services to the Company for a 2-year period for an annual cash consulting fee equal to the highest annual base salary paid to him by the company prior to retirement. The agreement also provides that following Mr. Thompson's retirement, the Company will supplement the nonqualified retirement benefit he elects to receive under either the System Executive Retirement Plan or the Pension Equalization Plan so that the total benefit he receives is equal to the benefit he would have received under the applicable plan without application of a discount rate for early retirement.

Following the date on which a successor assumes Mr. Thompson's title or is assigned to all or part of the duties and functions of Mr. Thompson's title, but prior to Mr. Thompson's retirement, if, during a period of time beginning 90 days prior to a change in control and ending 24 months following a change in control, Mr. Thompson terminates his employment for good reason or Entergy or a surviving entity terminates his employment other than for cause, then Mr. Thompson is entitled to:

- An immediate lump sum cash payment equal to his remaining unpaid base salary had he remained employed until retirement;
- The supplemented nonqualified retirement benefit elected under either the System Executive Retirement Plan or the Pension Equalization Plan;
- Performance awards with respect to any performance period that includes his date of termination based on an assumed target level of achievement and as if Mr. Thompson satisfied any remaining performance requirements; and
- Immediate vesting of all outstanding stock option grants.

Retention Agreement with Mr. Wilder

- The retention agreement with Mr. Wilder provides that if Mr. Wilder terminates his employment without "good reason" and prior to a termination for "cause," as those terms are defined in his agreement, Entergy will pay to him a lump sum cash severance payment equal to three times the sum of his base salary and target annual award and a "gross-up" payment in respect of any excise taxes he might incur.

The agreement also provides that, as a substitute for the above entitlement, upon termination of employment (a) by Mr. Wilder for "good reason" or by Entergy without "cause", as such terms are defined in the agreement, in each case prior to the termination of a Merger or prior to the second anniversary of the completion of a Merger, (b) by reason of Mr. Wilder's death or disability while a Merger is pending and for two years after completion of a Merger or (c) for any reason following the second anniversary of a Merger:

- Mr. Wilder will be entitled to a lump sum cash severance payment equal to four times (in limited circumstances, three times) the sum of his base salary and maximum annual incentive award;

- Mr. Wilder will be entitled to a pro rata annual incentive award, based on an assumed maximum achievement of applicable performance goals;
- except in the case of a termination by reason of death or disability, he will continue to be employed as a Special Project Coordinator at an annual base salary of \$200,000, and will continue to participate in all of Entergy's benefit plans, until the earliest of (a) his attainment of age 55 (at which time he will be deemed eligible to retire under Entergy's plans then in effect), (b) his employment with a company listed in the Fortune Global 500 Index or (c) his employment with any company that has a conflict of interest policy that would prohibit his continued employment with Entergy;
- Entergy will credit him with 15 additional years of service under Entergy's supplemental retirement plan and he may elect to receive either (a) approximately \$1.9 million in a cash lump sum in full settlement of all nonqualified retirement benefits or (b) the benefit that he would have earned under the terms of the SERP applicable to individuals who became participants on or after March 25, 1998 (which amount he may elect to receive upon completion of a Merger);
- he will be entitled to immediate vesting of performance awards, based upon an assumed maximum achievement of applicable performance goals;
- all of his stock options will become fully vested and will remain outstanding for their full ten-year term; and
- he will be entitled to a "gross-up" payment in respect of any excise taxes he might incur.

If Mr. Wilder terminates employment without good reason and other than on account of death or disability, on or after the completion of a Merger and before the second anniversary of the completion of a Merger:

- Mr. Wilder is entitled to a lump sum cash severance payment equal to three times the sum of his base salary and target annual incentive award;
- Mr. Wilder is entitled to a pro rata annual incentive award, based on an assumed maximum achievement of applicable performance goals;
- he will continue to be employed as a Special Project Coordinator at an annual base salary of \$200,000, and will continue to participate in all of Entergy's benefit plans, until the earliest of (a) his attainment of age 55 (at which time he will be deemed eligible to retire under Entergy's plans then in effect), (b) his employment with a company listed in the Fortune Global 500 Index or (c) his employment with any company that has a conflict of interest policy that would prohibit his continued employment with Entergy;
- Entergy will credit him with 15 additional years of service under Entergy's supplemental retirement plan and he may elect either (a) approximately \$1.9 million in a cash lump sum in full settlement of all nonqualified retirement benefits or (b) the benefit that he would have earned under the terms of the SERP applicable to individuals who became participants on or after March 25, 1998 (which amount he may elect to receive upon completion of a Merger);
- he will be entitled to immediate vesting of performance awards, based upon an assumed target achievement of applicable performance goals;
- all of his stock options will become fully vested and will remain outstanding for their full ten-year term; and
- he will be entitled to a "gross-up" payment in respect of any excise taxes he might incur.

Retention Agreement with Mr. Yelverton

- The retention agreement with Mr. Yelverton provides that he will be paid cash retention payments of \$680,000 on each of the first three anniversaries of the completion of a Merger if he remains employed on each of those dates. The agreement also provides that upon termination of employment while a Merger is pending and for three years after completion (a) by Mr. Yelverton for "good reason" or by Entergy without "cause", as such terms are defined in the agreement or (b) by reason of Mr. Yelverton's death or disability:

- Entergy will pay him a lump sum cash severance payment equal to the remaining unpaid portion of the cash retention payments;
- he will be entitled to immediate payment of performance awards, based upon an assumed target achievement of applicable performance goals;
- all of his stock options will become fully vested and will remain outstanding for their full ten-year term; and
- Entergy will pay to him a "gross-up" payment in respect of any excise taxes he might incur.

-

System Executive Continuity Plan

- Mr. Childers, Ms. Conley, Mr. Domino, Mr. Harlan, Mr. Henderson, Mr. Kansler, Mr. Kenney, Mr. McDonald, Mr. McNeal, Mr. Neikirk Mr. Packer, Mr. Reagan, Mr. Roberts, Ms. Shanks, and Mr. Thompson are participants in Entergy's System Executive Continuity Plan, which provides severance pay and benefits under specified circumstances following a change in control. In the event a participant's employment is involuntarily terminated without cause or if a participant terminates for good reason during the change in control period, the participant will be entitled to:

- a cash severance payment equal to 1-3 times (depending on the participant's System Management Level) base annual salary and target award payable over a continuation period of 1-3 years (depending on the participant's System Management Level);
- continued medical and dental insurance coverage for the continuation period (subject to offset for any similar coverage provided by the participant's new employer);
- immediate vesting of performance awards, based upon an assumed achievement of applicable performance targets; and
- payment of a "gross-up" payment in respect of any excise taxes the participant might incur.

Participants in the Continuity Plan are subject to post-employment restrictive covenants, including noncompetition provisions, which run for two years for executive officers, but extend to three years if permissible under applicable law.

THE ARKLAHOMA CORPORATION

NOTES TO THE FINANCIAL STATEMENTS

NOVEMBER 30, 2002 AND 2001

1. OPERATIONS:

The Arklahoma Corporation's (the Company) utility plant consists principally of transmission facilities which are being leased to its three stockholder companies from year to year. Pursuant to the terms of the lease agreement, the lessees have agreed to pay all operating costs, including maintenance, repairs, insurance and taxes assessed upon the properties. Such amounts totaled approximately \$614,100 and \$986,200 in fiscal years 2002 and 2001, respectively.

Under the terms of the current lease agreement, annual rentals have been discontinued but can be reinstated upon the agreement of the Company and the lessees/stockholders.

2. NEW ACCOUNTING STANDARD:

In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No.143, "Accounting for Asset Retirement Obligations." Adoption of SFAS No. 143 is required for financial statements for periods beginning after June 15, 2002. The Company will adopt this new standard effective December 1, 2002. The Company does not believe the adoption of this statement will have a material impact on its financial position or results of operation.

3. CASH AND CASH EQUIVALENTS:

For purposes of these financial statements, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. These investments are carried at cost, which approximates market.

4. UTILITY PLANT:

The utility plant balance as of November 30, 2002, represents the value of the land and the salvage value of the plant. The remainder of the plant was fully depreciated as of December 31, 1988.

5. INCOME TAXES:

Income taxes are accounted for in accordance with SFAS No. 109, "Accounting for Income Taxes." This statement requires the liability method of accounting for income taxes. Under the liability method, the deferred tax liability, or asset, is determined based on the difference between the tax reporting and financial reporting bases of assets and liabilities. The effect on deferred taxes of a change in tax rates will be recognized in income in the period of the enactment of the rate change.

Deferred income taxes resulted from temporary differences in financial versus tax bases of fixed assets. The net tax liability is reflected as a deferred income tax liability in the accompanying balance sheets.

The Company has an Oklahoma state net operating loss carryforward available to reduce future Oklahoma State income taxes payable. The carryforward as of November 30, 2002, is \$9,640 and begins to expire in December 2002. The related deferred tax asset is fully reserved as of November 30, 2002.
