Report of Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors  
First Financial Bancorp

We have audited the accompanying statements of net assets available for benefits of First Financial Bancorp 401(k) Savings Plan as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of First Financial Bancorp 401(k) Savings Plan at December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2013 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

First Financial Bancorp 401(k) Savings Plan

Notes to Financial Statements

December 31, 2013

NOTE 1: DESCRIPTION OF THE PLAN

The following brief description of the First Financial Bancorp 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the summary plan description (the Plan Document) for more information.

First Financial Bancorp (the Plan Sponsor or the Company) is the sponsor of the plan. First Financial Bancorp (the Plan Administrator) is the administrator of the plan.

General. The Plan is a defined-contribution plan, qualified under Section 401 of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers substantially all associates of the Plan Sponsor and affiliates. There is no age requirement to participate in the Plan. The Plan is subject to the provisions of Section 401(k) of the Internal Revenue Code whereby the participants' discretionary contributions would not be reportable as compensation for federal and state income tax purposes. The Plan is a single plan of a controlled group as defined in Code Sections 414(b) and 414(c).

Participating Corporations. The terms of the Plan provide that any corporation that becomes a member of the controlled group may, with consent of the Plan Sponsor, adopt the Plan for those associates which the Plan determines to be eligible.

Funding. Participants may elect to make contributions to the Plan on both a before-tax and/or after-tax basis. Participant contributions may not exceed 50% of a participant's eligible annual compensation on a before-tax basis and are subject to Internal Revenue Service limitations.

During 2012 and 2013 employer contributions to the Plan were equal to 100% of the participant's contribution up to the first 3% of the participant's eligible annual compensation on a before-tax basis, and 50% of the participant's contribution on the next 2% of the participant's eligible annual compensation on a before-tax basis, up to a maximum employer contribution of 4%. Participant and employer contributions were invested as designated by the participant and were fully vested upon contribution to the Plan.

Beginning January 1, 2014, employer contributions to the Plan will be discretionary based on the Company's performance, up to a maximum of 3% of participants' eligible annual compensation. Employer contributions, if applicable, will be determined in the first quarter of the subsequent year. Participants will continue to designate where contributions are invested and employer contributions will continue to fully vest upon contribution to the Plan.

Benefit Payments. Participants may elect an in-service, non-hardship distribution comprised of the participants' after-tax contributions and rollover accounts as well as the earnings on these accounts. Active participants may withdraw before-tax contributions only if the participant can prove "financial hardship" as defined by the Plan Document. Any distribution of before-tax funds results in a six month suspension from participation in the Plan. Earnings on the participants' before-tax contributions are not eligible for distribution prior to termination or retirement.

Active participants, upon or after attainment of age 59 ½, may elect an in-service, non-hardship distribution of all or a portion of their vested account balance.

Benefits are recorded when paid.

4

---

First Financial Bancorp 401(k) Savings Plan

Notes to Financial Statements (continued)

**Participants' Accounts.** Each participant's account is credited with the participant's contributions as well as the Company's matching contributions and allocations of Plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participants' share of the net earnings or losses of their respective elected investments. Allocations of administrative expenses are based on the participants' account balances, as defined in the Plan Document.

**Plan Termination.** Although the Plan Sponsor has not expressed any intention to do so, it has the right to discontinue contributions to the Plan at any time and terminate the Plan, subject to provisions set forth in ERISA. In the event of termination, the net assets will be distributed to participants and beneficiaries in proportion to their respective account balances.

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation.** The accompanying financial statements have been prepared on the accrual basis of accounting.

**Risks and Uncertainties.** The Plan invests in various investment securities. Investment securities are exposed to risk, such as changes in interest rates, market volatility and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Use of Estimates.** The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates, assumptions and judgments that affect the amounts reported in the financial statements and accompanying notes. Actual realized amounts could differ materially from those estimates.

**Valuation of Investments and Income Recognition.** Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date (an exit price). Security transactions are recorded on the trade date. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments held during the year. See Note 4 for further discussion and disclosures related to fair value measurements.

The Invesco Stable Value Retirement Trust invests in fully benefit-responsive investment contracts through a common and collective trust. This fund is recorded at fair value (see Note 4); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

## First Financial Bancorp 401(k) Savings Plan

## Notes to Financial Statements (continued)

## NOTE 3: INVESTMENTS

The fair value of individual investments that represent five percent or more of the Plan's net assets are as follows:

	December 31,	
	2013	2012
Common stock:		
First Financial Bancorp common stock	\$9,493,302	\$9,476,266
Common and collective trusts:		
Invesco Stable Value Retirement Fund (at fair value)*	6,267,880	6,548,989
Mutual funds:		
Blackrock S&P 500 Stock Fund	7,191,065	5,995,798
Blackrock Global Allocation Fund, Inc.	6,211,132	5,671,049
Hartford Dividend & Growth Fund	4,443,054	3,489,173
Prudential Jennison Small Company Fund	4,065,192	3,369,944
Pimco Total Return Fund	3,832,491	3,915,585
Thornburg International Fund	<5%	3,776,854

\*The contract value of the Plan's investment in the Invesco Stable Value Retirement Fund was \$6,217,675 and \$6,494,224 at December 31, 2013 and 2012, respectively.

The Plan's investments (including investments purchased, sold and held during the year) appreciated (depreciated) in fair value as follows:

	December 31,	
	2013	2012
First Financial Bancorp common stock	\$1,632,528	\$(1,377,965)
Common and collective trusts	—	606,280
Mutual funds	5,032,655	2,779,975
Net appreciation (depreciation)	\$6,665,183	\$2,008,290

## NOTE 4: FAIR VALUE MEASUREMENTS

The fair value framework as disclosed in the Fair Value Measurements and Disclosure Topic of FASB ASC Topic 825, Financial Instruments (Fair Value Topic) includes a hierarchy which focuses on prioritizing the inputs used in valuation techniques. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1), a lower priority to observable inputs other than quoted prices in active markets for identical assets and liabilities (Level 2) and the lowest priority to unobservable inputs (Level 3). When determining the fair value measurements for assets and liabilities, the Company looks to active markets to price identical assets or liabilities whenever possible and classifies such items in Level 1. When identical assets and liabilities are not traded in active markets, the Company looks to observable market data for similar assets and liabilities and classifies such items as Level 2. Certain assets and liabilities are not actively traded in observable markets and the Company must use alternative techniques, based on unobservable inputs, to determine the fair value and classifies such items as Level 3. The level within the fair value hierarchy is based on the lowest level of input that is significant in the fair value measurement.

The following methods, assumptions and valuation techniques were used by the Company to measure different financial assets and liabilities at fair value and in estimating its fair value disclosures for financial instruments.

First Financial Bancorp 401(k) Savings Plan

Notes to Financial Statements (continued)

Cash and short-term investments. The carrying amounts reported in the Statements of Net Assets Available for Benefits for cash and short-term investments, such as federal funds sold, approximated the fair value of those instruments. The Company classifies cash and short-term investments in Level 1 of the fair value hierarchy.

Equity securities-common stock. Investments valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trust funds. The Invesco Stable Value Retirement Trust is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund as reported by the issuer of the fund. The fair value differs from the contract value. As previously discussed in Note 2, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Mutual funds. Investments that are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Company utilizes information provided by a third-party investment securities administrator in analyzing the investment securities portfolio in accordance with the fair value hierarchy of the Fair Value Topic. The administrator's evaluation of investment security portfolio pricing is performed using a combination of prices and data from other sources, along with internally developed matrix pricing models and assistance from the administrator's internal fixed income analysts and trading desk. The administrator's month-end pricing process includes a series of quality assurance activities where prices are compared to recent market conditions, previous evaluation prices and between the various pricing services. These processes produce a series of quality assurance reports on which price exceptions are identified, reviewed and where appropriate, securities are repriced. In the event of a materially different price, the administrator will report the variance as a "price challenge" and review the pricing methodology in detail. The results of the quality assurance process are incorporated into the selection of pricing providers by the portfolio manager. The Company reviews the pricing methodologies utilized by the administrator to ensure the fair value determination is consistent with the applicable accounting guidance and that the investments are properly classified in the fair value hierarchy. Further, the Company periodically validates the fair values for a sample of securities in the portfolio by comparing the fair values provided by the administrator to prices from other independent sources for the same or similar securities. The Company analyzes unusual or significant variances, conducts additional research with the administrator, if necessary, and takes appropriate action based on its findings.

## First Financial Bancorp 401(k) Savings Plan

## Notes to Financial Statements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and December 31, 2012, respectively.

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Cash and short-term investments	\$29,637	\$—	\$—	\$29,637
First Financial Bancorp common stock	9,493,302	—	—	9,493,302
Common and collective trusts	—	6,267,880	—	6,267,880
Mutual funds:				
Fixed income	5,621,806	—	—	5,621,806
U.S. equities	24,986,609	—	—	24,986,609
International equities	12,332,465	—	—	12,332,465
Total assets at fair value	\$52,463,819	\$6,267,880	\$—	\$58,731,699

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Cash and short-term investments	\$470,059	\$—	\$—	\$470,059
First Financial Bancorp common stock	9,476,266	—	—	9,476,266
Common and collective trusts	—	6,548,989	—	6,548,989
Mutual funds:				
Fixed income	5,325,896	—	—	5,325,896
U.S. equities	18,996,713	—	—	18,996,713
International equities	11,118,291	—	—	11,118,291
Total assets at fair value	\$45,387,225	\$6,548,989	\$—	\$51,936,214

## NOTE 5: INCOME TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore the related trust is tax-exempt. In accordance with Revenue Procedures 2013-06 and 2011-49, the Plan Administrator has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax

examinations for years prior to 2010.

8

---

## First Financial Bancorp 401(k) Savings Plan

## Notes to Financial Statements (continued)

## NOTE 6: TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain administrative and service fees are paid by the Plan Sponsor. The Plan is not charged for administrative services performed on its behalf by the Plan Sponsor.

The Plan invests in the common stock of the Plan Sponsor. These transactions qualify as party-in-interest transactions; however they are exempt from the prohibited transactions rules under ERISA. The Plan received \$664,391 and \$827,652 in common stock dividends from the Plan Sponsor during 2013 and 2012, respectively.

## NOTE 7: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to the Form 5500:

	December 31, 2013	2012
Net assets available for benefits per the financial statements	\$59,094,644	\$52,448,687
Add: Adjustment from fair value to contract value for fully benefit-responsive contracts	50,205	54,765
Less: Amounts allocated to withdraw participant funds	29,637	470,059
Net assets available for benefits per the Form 5500	\$59,115,212	\$52,033,393

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

	Year Ended December 31, 2013
Net increase in net assets available for benefits per the financial statements	\$6,645,957
Change in benefits payable to participants	440,422
Change in adjustment from fair value to contract value for fully benefit-responsive investment contracts	(4,560)
Net income per the Form 5500	\$7,081,819

## NOTE 8: DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2012, the Plan Sponsor was untimely in remitting certain participant contributions in the amount of \$767. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Plan Sponsor remitted the 2012 delinquent participant contributions to the Plan by January 11, 2013 and reimbursed the Plan for lost earnings in the amount of \$10 on January 11, 2013. Related excise taxes for 2012 were paid by the Plan Sponsor in 2013. There were no delinquent contributions for 2013.
