PROXY STATEMENT

GENERAL

Flanders Corporation, a North Carolina corporation (the "Company"), is soliciting this proxy on behalf of its Board of Directors for use at the 2005 Annual Meeting of shareholders to be held on Friday, December 15, 2005, at 10:00 a.m. local time, at 2399 26th Avenue North, Saint Petersburg, Florida, 33713, and at any adjournments thereof. This proxy statement, the proxy card, and the Company's 2004 Annual Report on Form 10-K will be mailed to shareholders beginning on or about November 8, 2005.

VOTING PROCEDURES

Record holders of shares of the Company's common stock, par value \$.001 per share, at the close of business on November 1, 2005, may vote at the meeting. Each shareholder has one vote for each share of common stock the shareholder owns. At the close of business on November 1, 2005, there were 26,310,551, shares of common stock outstanding and entitled to vote at the meeting.

Votes cast by proxy or in person at the annual meeting will be tabulated by the inspectors of election appointed for the meeting who will also determine whether or not a quorum is present. The Company's Bylaws provide that the holders of a majority of the issued and outstanding shares of the Company entitled to vote, represented in person or by proxy, constitute a quorum at any shareholders' meeting. Abstentions and broker non-votes are counted as present for establishing a quorum, but as unvoted for determining the approval of any matter submitted to the shareholders for a vote. A broker non-vote occurs when a broker votes on some matters on the proxy card but not on others because he does not have the authority to do so.

You may revoke your proxy at any time before it is exercised by filing a written notice of revocation with the Company. You may also revoke your proxy at any time before it is exercised by either (1) filing a new proxy bearing a later date with the Company, or (2) by attending the meeting and voting in person.

Your shares will be voted as you direct on your signed proxy card. If you do not specify on your proxy card how you want to vote your shares, we will vote signed returned proxies "for " the Board's nominees. The Company does not know of any other business that may be presented at the annual meeting. If a proposal other than the one listed in the Notice is presented at the annual meeting, your signed proxy card gives authority to Robert R. Amerson and Steven K. Clark, individually and collectively, to vote your shares on such matters in their discretion.

Information contained on the website is not incorporated by reference in, or considered to be a part of, this Proxy Statement. In addition, the Audit Committee Charter was included as an appendix to the Proxy Statement for the 2000 Annual Meeting of Stockholders.

Nominating and Corporate Governance Committee

The Nominating Committee was established in 2004 and oversees the qualification and nomination process for potential director candidates, reviews the continued qualification of existing directors and is responsible for corporate governance oversight. The Nominating Committee held one (1) meeting during Fiscal 2005 and currently consists of Messrs. In the course of reviewing potential director candidates, the Nominating Committee will consider nominees recommended by security holders of the Company. When considering a potential candidate for membership on the Board of Directors, the Nominating Committee may consider, in addition to the minimum qualifications and other criteria for Board membership approved by the Board of Directors, all facts and circumstances that the Nominating Committee deems appropriate or advisable, including, among other things, the skills of the proposed Director candidate, his or her availability, depth and breadth of business experience or other background characteristics, his or her independence and the needs of the Board of Directors. sound judgment and shall be expected to effectively interact with other members of the Board of Directors to serve the long-term interests of the Company and its stockholders. In addition, the Nominating Committee may consider whether the nominee has direct experience in the Company's industry or in the markets in which the Company operates and whether the nominee, if elected, assists in achieving a mix of Board members that represents a diversity of background and experience. The procedures to be followed by security holders in submitting such recommendations are described in the section entitled "Submission of Security holder Recommendations for Director Candidates" beginning on page 7 of this Proxy Statement.

The Employment Agreements, as amended, provide for an annual base salary of \$250,000 for both Mr. Amerson and Mr. Clark and terminate in 2010. The Employment Agreements also provide that the executive shall be entitled to the following termination payments: (i) 100% of his current base salary if the employment is terminated as a result of his death or disability; (ii) up to 200% of his current base salary if the employment is terminated by the Company for any reason other than death, disability or for cause, or (iii) up to 250% of the executive's gross income during the year preceding his termination if the Employment Agreement is terminated by the executive for good reason or by the Company for any reason other than death, disability or cause and the termination occurs within two years after a change of control of the Company has occurred.

The employment contract also provides for \$200% of his base salary upon termination by the Company for any reason other than death or disability.

Long-Term Incentive Plan

In 1996, the Company adopted the Long-Term Incentive Plan ("LTI Plan") to assist the Company in securing and retaining key employees and consultants. The LTI Plan authorizes grants of incentive stock options, nonqualified stock options, stock appreciation rights ("SARs"), performance shares, restricted stock awards, dividend equivalents or other stock-based awards to individuals who are officers, key employees or outside consultants of the Company. There are 1,987,000 shares of common stock reserved for award under the LTI Plan.

The Plan is administered by the Compensation Committee. The Compensation Committee determines the total number and type of award granted in any year, the number and selection of employees or consultants to receive awards, the number and type of awards granted to each grantee and the other terms and provisions of the awards, subject to the limitations set forth in the LTI Plan.

Stock Option Grants. The Compensation Committee has the authority to select individuals who are to receive options under the LTI Plan and to specify the terms and conditions of each option so granted (incentive or nonqualified), the exercise price (which must be at least equal to the fair market value of the common stock on the date of grant with respect to incentive stock options), the vesting provisions and the option term. Unless otherwise provided by the Compensation Committee, any option granted under the LTI Plan expires the earlier of (1) five years from the date of grant; (2) two months after the optionee's termination of service with the Company for any reason other than death; or (3) 15 months after the optionee's death. As of November 1, 2005, there were 955,000 options outstanding under the LTI Plan.

Stock Appreciation Rights. The Compensation Committee may grant SARs separately or in tandem with a stock option award. A SAR is an incentive award that permits the holder to receive (per share covered thereby) an amount equal to the amount by which the fair market value of a share of common stock on the date of exercise exceeds the fair market value of such share on the date the SAR was granted. Under the LTI Plan, the Company may pay such amount in cash, in common stock or a combination of both. Unless otherwise provided by the Compensation Committee at the time of grant, the provisions of the LTI Plan relating to the termination of employment of a holder of a stock option will apply equally, to the extent applicable, to the holder of a SAR. A SAR granted in tandem with a related option will generally have the same terms and provisions as the related option with respect to exercisability. A SAR granted separately will have such terms as the Compensation Committee may determine, subject to the provisions of the LTI Plan. As of November 1, 2005, no SARs were outstanding under the LTI Plan.

Performance Shares. The Compensation Committee is authorized under the LTI Plan to grant performance shares to selected employees. Performance shares are rights granted to employees to receive cash, stock, or other property, the payment of which is contingent upon achieving certain performance goals established by the Compensation Committee. As of November 1, 2005, no performance shares were outstanding under the LTI Plan.

Restricted Stock Awards. The Compensation Committee is authorized under the LTI Plan to issue shares of restricted common stock to eligible participants on such terms and conditions and subject to such restrictions, if any, as the Compensation Committee may determine. As of November 1, 2005, no restricted stock awards were outstanding under the LTI Plan.

Dividend Equivalents. The Compensation Committee may also grant dividend equivalent rights to participants subject to such terms and conditions as may be selected by the Compensation Committee. Dividend equivalent rights entitle the holder to receive payments equal to dividends with respect to all or a portion of the number of shares of stock subject to an option award or SARs, as determined by the Committee. As of November 1, 2005, no dividend equivalents were outstanding under the LTI Plan.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

General

The Compensation Committee of the Board of Directors is currently composed of four independent directors, Messrs. Fredericks, Mitchum, Barnhill and Mock who have no interlocking relationships (as defined by the SEC), the Board Chairman and CEO, Mr. Amerson, who recuses himself from votes and discussions on his own compensation.

We are engaged in highly competitive businesses and compete nationally for personnel at the executive and technical staff level. Outstanding candidates are aggressively recruited, often at premium salaries. Highly qualified employees are essential to our success. We are committed to providing competitive compensation that helps attract, retain, and motivate the highly skilled people we require. We strongly believe that a considerable portion of the compensation for the Chief Executive Officer and other top executives must be tied to the achievement of business objectives, completing acquisitions, and to business unit and overall financial performance, both current and long-term.

Executive Compensation

Our executive compensation program is administered by the Compensation Committee. The role of the Compensation Committee is to review and approve salaries and other compensation of the executive officers of the Company, to administer the Long-Term Incentive Plan, and to review and approve stock option grants to all employees including the executive officers of the Company.

General Compensation Philosophy

Our compensation philosophy is that total cash compensation should vary with the performance of the Company and any long-term incentive should be closely aligned with the interest of the stockholders. Total cash compensation for the executive officers consists of the following components:

Base salary

An executive officer bonus that is related to growth in sales and operating earnings of the Company.

Long-term incentives are realized through the granting of stock options to executives and key employees through the LTI Plan. We have also granted certain non-qualified options to our executive officers. We have no other long-term incentive plans for our officers and employees.

Base Salary and Executive Officer Bonus Target

Current base salaries for the executive officers were determined by arms length negotiations with the Board of Directors. Messrs. Clark and Amerson have employment contracts with the Company which set base salaries and allow for bonus targets and levels to be set at the sole discretion of this committee. During 2003 and 2003, none of the executive officers reached their bonus targets, hence no bonuses were awarded to executive officers in 2004, nor will bonuses be awarded in 2005 for performance in 2004.

Chief Executive Officer Compensation

The current base salary for the Chief Executive Officer of \$250,000 is set according to his employment contract, which also includes provision for annual bonuses at the sole discretion of this committee. No bonuses were awarded to the Chief Executive Officer in 2004 and none were accrued based upon 2004 performance.

Stock Options

Stock options are granted to aid in the retention of executive and key employees and to align the interests of executive and key employees with those of the stockholders. The level of stock options granted (i.e., the number of shares subject to each stock option grant) is based on the employee's ability to impact future corporate results. An employee's ability to impact future corporate results depends on the level and amount of job responsibility of the individual. Therefore, the level of stock options granted is proportional to the Compensation Committee's evaluation of each employee's job responsibility. For example, Robert R. Amerson, as the Chief Executive Officer, and Steven K. Clark, as Chief Operating Officer, have the highest levels of responsibility and would typically be awarded the highest level of stock options. Stock options are granted at a price not less than the fair market value on the date granted.

COMPENSATION COMMITTEE:

REPORT OF THE AUDIT COMMITTEE

Audit Committee Charter

During 2000, the Audit Committee recommended the approval of a formal Charter, which expanded the Audit Committee's primary duties and responsibilities to include:

- Serve as an independent and objective party to monitor the Company's financial reporting processes and internal control systems.

- Review and appraise the audit efforts of the Company's independent accountants and internal finance department.
- Provide an open avenue of communication between the independent accountants, financial and senior management, the internal finance department, and the Board of Directors.
- Review quarterly and annual financial statements submitted to the Securities and Exchange Commission, or the public, including any certification, opinion or review rendered by the Company's independent accountants.

Review of Annual Results

The Audit Committee reviewed and discussed the Company's financial statements for the year ended December 31, 2004 with the Company's management. The Audit Committee also discussed the statements with the Company's independent auditors,. In particular, the Audit Committee discussed with the independent auditors the matters required by SAS 61.

It is not the responsibility of the Audit Committee to render an opinion regarding the Company's financial statements, but to monitor the Company's internal controls and reporting processes, as well as the Company's relationship with its internal auditors.

The Audit Committee received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 and has discussed with and confirmed the independence of the independent accountant.

Based on its review and the discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's Consolidated Financial Statements for the years ended December 31, 2004, 2003 and 2002 be included in the Company's Annual Report on Form 10-K for 2004.
