PROSPECTUS

**Maximum Offering of \$2,200,000,000
Minimum Offering of \$2,000,000**

We are a Maryland corporation formed to invest in a diversified portfolio of medical office buildings, healthcare-related facilities and quality commercial office properties. We may also invest up to 15.0% of our total assets in real estate related securities. We are externally managed by Grubb & Ellis Healthcare REIT Advisor, LLC, our advisor, which is an affiliate of ours. We qualified to be taxed as a real estate investment trust, or REIT, for federal income tax purposes beginning with our taxable year ended December 31, 2007 and we intend to continue to be taxed as a REIT.

We are offering to the public up to \$2,000,000,000 in shares of our common stock in our primary offering for \$10.00 per share and \$200,000,000 in shares of our common stock to be issued pursuant to our distribution reinvestment plan for \$9.50 per share during our primary offering. We reserve the right to reallocate the shares of common stock we are offering between the primary offering and the distribution reinvestment plan.

This investment involves a high degree of risk. You should purchase these securities only if you can afford the complete loss of your investment. See Risk Factors beginning on page 16 to read about risks you should consider before buying shares in our common stock. These risks include:

No public market exists for our shares. Our shares cannot be readily sold and there are significant restrictions on the ownership, transferability and redemption of our shares. If you are able to sell your shares, you would likely have to sell them at a substantial discount.

This may be considered a blind pool offering because we have acquired a limited number of properties and have not identified most of the properties or securities we plan to acquire with the proceeds from this offering. As a result, you will not be able to evaluate the economic merits of most of our investments prior to purchasing shares.

The amount of distributions we may pay, if any, is uncertain. Due to the risks involved in the ownership of real estate, there is no guarantee of any return on your investment in us and you may lose money.

We may incur debt up to 300.0% of our net assets, or more if such excess is approved by a majority of our independent directors, which could lead to an inability to pay distributions to our stockholders.

We may be required to borrow money, sell assets or issue new securities for cash to pay our distributions.

Distributions payable to our stockholders may include a return of capital, which will lower your tax basis in our shares.

We rely on our advisor and its affiliates for our day-to-day operations and the selection of our investments. We will pay substantial fees to our advisor and its affiliates for these services and the agreements governing these fees were not negotiated at arm's-length.

Some of our officers are officers and employees of our advisor, Grubb & Ellis Realty Investors, LLC, which manages our advisor, and Grubb & Ellis Company, our sponsor. As a result, our officers will face conflicts of interest, including significant conflicts in allocating time among us and similar programs sponsored by our

sponsor.

If we do not remain qualified as a REIT, it would adversely affect our operations and our ability to make distributions to our stockholders.

Neither the Securities and Exchange Commission, the Attorney General of the State of New York nor any other state securities regulator has approved or disapproved of these securities, passed on or endorsed the merits of this offering or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense. The use of projections or forecasts in this offering is prohibited. Any representation to the contrary and any predictions, written or oral, as to the cash benefits or tax consequences you will receive from an investment in shares of our common stock is prohibited.

* The selling commissions and all or a portion of the marketing support fee will not be charged with regard to shares sold in our primary offering to or for the account of our directors and officers, our affiliates and certain persons affiliated with broker-dealers participating in the primary offering. Selling commissions will not be charged for shares sold in the primary offering to investors that have engaged the services of a financial advisor paid on a fee-for-service basis by the investor. Selling commissions will be reduced in connection with sales of certain minimum numbers of shares. The reduction in these fees will be accompanied by a corresponding reduction in the per share purchase price. See Plan of Distribution.

Our shares will be offered to investors on a best efforts basis through Grubb & Ellis Securities, Inc., our affiliate and an affiliate of our advisor and the dealer manager for this offering. The minimum initial investment is \$1,000, except for purchases by (1) our existing stockholders, including purchases made pursuant to our distribution reinvestment plan, and (2) existing investors in other programs sponsored by our sponsor or any of our sponsor's affiliates, which may be in lesser amounts.

We will sell shares until the earlier of September 20, 2009, or the date on which the maximum offering has been sold.

The date of this prospectus is December 3, 2008.

SUITABILITY STANDARDS

The shares we are offering are suitable only as a long-term investment for persons of adequate financial means. There currently is no public market for our shares. Therefore, it likely will be difficult for you to sell your shares and, if you are able to sell your shares, it is likely you would sell them at a substantial discount. You should not buy these shares if you need to sell them immediately, will need to sell them quickly in the future or cannot bear the loss of your entire investment.

In consideration of these factors, we have established suitability standards for all stockholders, including subsequent transferees. These suitability standards require that investors have either:

a net worth of at least \$150,000; or

an annual gross income of at least \$45,000 and a net worth of at least \$45,000.

Some states have established suitability standards different from those we have established. Shares will be sold only to investors in these states who meet the special suitability standards set forth below.

Alaska, New Mexico, North Carolina, North Dakota and Washington Investors must have either (1) a net worth of at least \$250,000 or (2) an annual gross income of at least \$70,000 and a net worth of at least \$70,000.

Arizona, Missouri, and Tennessee Investors must have either (1) a net worth of at least \$225,000, or (2) an annual gross income of at least \$60,000 and a net worth of at least \$60,000.

California Investors must have either (1) a net worth of at least \$250,000 or (1) an annual gross income of at least \$70,000 and a net worth of at least \$70,000.

Additionally, the exemption for secondary trading under California Corporation Code Section 25104(h) will not be available to investors, although other exemptions may be available to cover private sales by the *bona fide* owner of shares for his or her or its own account without advertising and without being effected through a broker dealer in a public offering.

Kansas Investors must have either (1) a minimum net worth of at least \$250,000 or (2) a minimum annual gross income of at least \$70,000 and a minimum net worth of at least \$70,000. In addition, it is recommended by the Office of the Kansas Securities Commissioner that you not invest, in the aggregate, more than 10% of your liquid net worth in this and similar direct participation investments.

Maine Investors must have either (1) a net worth of at least \$200,000 or (2) an annual gross income of at least \$50,000 and a net worth of at least \$50,000.

Iowa, Massachusetts, Michigan, Ohio, Oregon and Pennsylvania Investors must have either (1) a net worth of at least \$250,000 or (2) an annual gross income of at least \$70,000 and a net worth of at least \$70,000. In addition, an investor's investment in our common stock and the securities of our affiliates may not exceed 10.0% of that investor's liquid net worth.

For purposes of determining suitability of an investor, in all cases net worth and liquid net worth should be calculated excluding the value of an investor's home, home furnishings and automobiles.

In the case of sales to fiduciary accounts (such as an individual retirement account, or IRA, Keogh Plan, or pension or profit sharing plan), these suitability standards must be met by the beneficiary, the fiduciary account or by the person who directly or indirectly supplied the funds for the purchase of the shares if that person is the fiduciary. In the case of gifts to minors, the suitability standards must be met by the custodian account or by the donor.

These suitability standards are intended to help ensure that, given the long-term nature of an investment in our shares, our investment objectives and the relative illiquidity of our shares, our shares are an appropriate investment for those of you who become stockholders. Each participating broker-dealer must make every reasonable effort to determine that the purchase of shares is a suitable and appropriate investment for each stockholder based on information provided by the stockholder in the subscription agreement or otherwise.

Table of Contents

Each participating broker-dealer is required to maintain records of the information used to determine that an investment in shares is suitable and appropriate for each stockholder for a period of six years. Our subscription agreement requires you to represent that you meet the applicable suitability standards. We will not sell any shares to you unless you are able to make these representations.

The minimum initial investment is 100 shares (\$1,000), except for purchases by (1) our existing stockholders, including purchases made pursuant to our distribution reinvestment plan, and (2) existing investors in other programs sponsored by our sponsor, Grubb & Ellis Company, or any of our sponsor's affiliates, which may be in lesser amounts. In order to satisfy the minimum purchase requirements for retirement plans, unless otherwise prohibited by state law, a husband and wife may jointly contribute funds from their separate IRAs, provided that each such contribution is made in increments of \$100. You should note that an investment in shares of our common stock will not, in itself, create a retirement plan and that, in order to create a retirement plan, you must comply with all applicable provisions of the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code.

QUESTIONS AND ANSWERS ABOUT THIS OFFERING

Set forth below are some of the more frequently asked questions and answers relating to our structure, our management, our business and an offering of this type.

Q: What is a real estate investment trust, or REIT?

A: In general, a REIT is a company that:

combines the capital of many investors to acquire or provide financing for real estate;

pays annual distributions to investors of at least 90.0% of its taxable income (computed without regard to the dividends paid deduction and excluding net capital gain);

avoids the double taxation treatment of income that would normally result from investments in a corporation because a REIT is not generally subject to federal corporate income taxes on its net income that it distributes to stockholders; and

allows individual investors to invest in a large-scale diversified real estate portfolio through the purchase of shares in the REIT.

Q: How do you structure the ownership and operation of your assets?

A: We own substantially all of our assets and conduct our operations through an operating partnership, Grubb & Ellis Healthcare REIT Holdings, L.P., which was organized in Delaware on April 20, 2006. We are the sole general partner of Grubb & Ellis Healthcare REIT Holdings, L.P., which we refer to as either Healthcare OP or our operating partnership. Because we conduct substantially all of our operations through an operating partnership, we are organized in what is referred to as an UPREIT structure.

Q: What is an UPREIT ?

A: UPREIT stands for Umbrella Partnership Real Estate Investment Trust. We use the UPREIT structure because a contribution of property directly to us is generally a taxable transaction to the contributing property owner. In this structure, a contributor of a property who desires to defer taxable gain on the transfer of his or her property may transfer the property to the partnership in exchange for limited partnership units and defer taxation of gain until the contributor later exchanges his or her limited partnership units, normally, on a one-for-one basis for shares of the common stock of the REIT. We believe that using an UPREIT structure gives us an advantage in acquiring desired properties from persons who may not otherwise sell their properties because of unfavorable tax results.

Q: Do you currently own any real estate or real estate related securities?

A: Yes. However, we have not yet identified most of the real estate or real estate related securities we will acquire with the proceeds from this offering. Because we have acquired a limited number of properties and identified a limited number of additional investment opportunities, this offering may be considered a blind pool.

Q: What will you do with the money raised in this offering?

A: We will use your net investment proceeds to purchase medical office buildings, healthcare-related facilities and quality commercial office properties. To a lesser extent, we may also invest in real estate related securities. We will focus primarily on investments that produce current income. The diversification of our portfolio is dependent upon the amount of proceeds we receive in this offering. We expect that at least 88.5% of the money you invest will be used to acquire our targeted investments and pay related acquisition fees and expenses and the remaining 11.5% will be used to pay fees and expenses of this offering. Until we invest the proceeds of this offering in our targeted investments, we may invest in short-term, highly liquid or other authorized investments. Such short-term investments will not earn significant returns, and we cannot guarantee how long it will take to fully invest the proceeds in properties.

Q: What kind of offering is this?

A: Through our dealer manager, we are offering a minimum of \$2,000,000 in shares of our common stock and a maximum of \$2,000,000,000 in shares in our primary offering on a best efforts basis at \$10.00 per

Table of Contents

share. We are also offering \$200,000,000 in shares of common stock pursuant to our distribution reinvestment plan at \$9.50 per share to those stockholders who elect to participate in such plan as described in this prospectus. We reserve the right to reallocate the shares of common stock we are offering between the primary offering and the distribution reinvestment plan.

Q: How does a best efforts offering work?

A: When shares are offered to the public on a best efforts basis, the broker dealers participating in the offering are only required to use their best efforts to sell the shares and have no firm commitment or obligation to purchase any shares. Therefore, we cannot guarantee that any specific number of shares will be sold. We intend to admit stockholders periodically as subscriptions for shares are received, but not less frequently than monthly.

Q: How long will this offering last?

A: We will sell shares until the earlier of September 20, 2009, or the date on which the maximum offering has been sold. We also reserve the right to terminate this offering at any time.

Q: Who can buy shares?

A: Generally, you can buy shares pursuant to this prospectus provided that you have either (1) a net worth of at least \$150,000, or (2) an annual gross income of at least \$45,000 and a net worth of at least \$45,000. For this purpose, net worth does not include your home, home furnishings or personal automobiles. However, these minimum levels are higher in certain states, so you should carefully read the more detailed description under Suitability Standards on page i of this prospectus.

Q: Is there any minimum investment required?

A: Yes. The minimum investment is 100 shares, which equals a minimum investment of at least \$1,000, except for purchases by (1) our existing stockholders, including purchases made pursuant to our distribution reinvestment plan, and (2) existing investors in other programs sponsored by our sponsor, Grubb & Ellis Company, or any of our sponsor's affiliates, which may be in lesser amounts.

Q: How do I subscribe for shares?

A: Investors who meet the suitability standards described herein may purchase shares of our common stock. See Suitability Standards on page i. Investors seeking to purchase shares of our common stock must proceed as follows:

Read this entire prospectus and any exhibits and supplements accompanying this prospectus.

Complete the execution copy of the subscription agreement. A specimen copy of the subscription agreement, including instructions for completing it, is included in this prospectus as Exhibit B.

Deliver a check for the full purchase price of the shares of our common stock being subscribed for along with the completed subscription agreement to the registered broker-dealer or investment advisor. Your check should be made payable to Grubb & Ellis Healthcare REIT.

Edgar Filing: Grubb & Ellis Healthcare REIT, Inc. - Form POS AM

By executing the subscription agreement and paying the total purchase price for the shares of our common stock subscribed for, each investor represents that he meets the suitability standards as stated in the subscription agreement and agrees to be bound by all of its terms.

Subscriptions will be effective only upon our acceptance, and we reserve the right to reject any subscription in whole or part. Subscriptions will be accepted or rejected within 30 days of receipt by us and, if rejected, all funds shall be returned to subscribers without deduction for any expenses within 10 business days from the date the subscription is rejected. We are not permitted to accept a subscription for shares of our common stock until at least five business days after the date you receive this prospectus.

An approved trustee must process and forward to us subscriptions made through individual retirement accounts, or IRAs, Keough plans and 401(k) plans. In the case of investments through IRAs, Keough plans and 401(k) plans, we will send the confirmation and notice of our acceptance to the trustee.

Q: If I buy shares, will I receive distributions and how often?

A: Provided we have sufficient available cash flow, we expect to pay distributions on a monthly basis to our stockholders. Our distribution policy is set by our board of directors and is subject to change based on available cash flows. We cannot guarantee the amount of distributions paid in the future, if any.

If you are a taxable stockholder, distributions that you receive, including distributions that are reinvested pursuant to our distribution reinvestment plan, generally will be taxed as ordinary income to the extent they are from our current or accumulated earnings and profits, unless we have designated all or a portion of the distribution as a capital gain distribution. In such case, such designated portion of the distribution will be treated as a capital gain. To the extent that we make a distribution in excess of our current and accumulated earnings and profits, the distribution will be treated first as a tax-free return of capital, reducing the tax basis in your shares, and the amount of each distribution in excess of your tax basis in your shares will be taxable as a gain realized from the sale of your shares. For example, because depreciation expense reduces taxable income but does not reduce cash available for distribution, if our distributions exceed our current and accumulated earnings and profits, the portion of such distributions to you exceeding our current and accumulated earnings and profits (to the extent of your positive basis in your shares) will be considered a return of capital to you for tax purposes. These amounts will not be subject to income tax immediately but will instead reduce the tax basis of your investment, in effect, deferring a portion of your income tax until you sell your shares or we liquidate assuming we do not make any future distributions in excess of our current and accumulated earnings and profits at a time that your tax basis in your shares is zero. If you are a tax-exempt entity, distributions from us generally will not constitute unrelated business taxable income, or UBTI, unless you have borrowed to acquire or carry your stock or have used the shares in a trade or business. There are exceptions to this rule for certain types of tax-exempt entities. Because each investor's tax considerations are different, especially the treatment of tax-exempt entities, we suggest that you consult with your tax advisor. Please see [Federal Income Tax Considerations – Taxation of Taxable U.S. Stockholders](#); [Federal Income Tax Considerations – Treatment of Tax-Exempt Stockholders](#); and [Description of Capital Stock – Distribution Reinvestment Plan](#).

Q: May I reinvest my distributions?

A: Yes. Please see [Description of Capital Stock – Distribution Reinvestment Plan](#) for more information regarding our distribution reinvestment plan.

Q: If I buy shares of common stock in this offering, how may I later sell them?

A: At the time you purchase the shares of common stock, they will not be listed for trading on any national securities exchange. As a result, if you wish to sell your shares, you may not be able to do so promptly or at all, or you may only be able to sell them at a substantial discount from the price you paid. In general, however, you may sell your shares to any buyer that meets the applicable suitability standards unless such sale would cause the buyer to own more than 9.8% of the value of our then outstanding capital stock (which includes common stock and any preferred stock we may issue) or more than 9.8% of the value or number of shares, whichever is more restrictive, of our then outstanding common stock. See [Suitability Standards](#) and [Description of Capital Stock – Restriction on Ownership of Shares](#). We have adopted a share repurchase plan, as discussed under [Description of Capital Stock – Share Repurchase Plan](#), which may provide limited liquidity for some of our stockholders.

Q: Will I be notified of how my investment is doing?

A: Yes. You will receive periodic updates on the performance of your investment with us, including:

four quarterly investment statements, which will generally include a summary of the amount you have invested, the monthly distributions declared and the amount of distributions reinvested under our distribution reinvestment plan, as applicable;

an annual report after the end of each year; and

an annual IRS Form 1099 after the end of each year.

Table of Contents

Q: When will I get my detailed tax information?

A: Your Form 1099 tax information will be placed in the mail by January 31 of each year.

Q: Who can help answer my questions?

A: For questions about the offering or to obtain additional copies of this prospectus, contact your registered broker-dealer or investment advisor or contact:

PROSPECTUS SUMMARY

This prospectus summary highlights material information contained elsewhere in this prospectus. Because it is a summary, it may not contain all of the information that is important to your decision whether to invest in shares of our common stock. To understand this offering fully, you should read the entire prospectus carefully, including the Risk Factors section. The use of the words we, us or our refers to Grubb & Ellis Healthcare REIT, Inc. and our subsidiaries, including Grubb & Ellis Healthcare REIT Holdings, L.P., except where the context otherwise requires.

Grubb & Ellis Healthcare REIT, Inc.

We were formed as a Maryland corporation on April 20, 2006. We intend to provide investors the potential for income and growth through investment in a diversified portfolio of real estate properties, focusing primarily on medical office buildings, healthcare-related facilities and quality commercial office properties. We may also invest in real estate related securities. We will focus primarily on investments that produce current income. We qualified to be taxed as a REIT for federal income tax purposes beginning with our taxable year ended December 31, 2007 and we intend to continue to be taxed as a REIT.

Our headquarters are located at 1551 N. Tustin Avenue, Suite 300, Santa Ana, California 92705 and our telephone number is 1-877-888-7348. Our sponsor maintains a web site at www.gbe-reits.com at which there is additional information about us and our affiliates. The contents of that site are not incorporated by reference in, or otherwise a part of, this prospectus.

Summary Risk Factors

An investment in our common stock is subject to significant risks. Listed below are some of the most significant risks relating to your investment.

No public market exists for our common stock and therefore it will be difficult for you to sell your shares. If you are able to sell your shares, you would likely have to sell them at a substantial discount.

We have a limited operating history and there is no assurance we will be able to achieve our investment objectives.

The amount of distributions we may pay, if any, is uncertain. Due to the risks involved in the ownership of real estate and securities, there is no guarantee of any return on your investment in us and you may lose money.

Some of our officers may have substantial conflicts of interest because they also serve as officers and employees of our advisor, Grubb & Ellis Realty Investors, LLC, which manages our advisor, our sponsor and their affiliates, each of which may compete with us for the time and attention of these individuals.

Distributions we pay to our stockholders may include a return of capital, which will lower your tax basis in our shares.

We rely on our advisor and its affiliates for our day-to-day operations and the selection of our investments. We pay substantial fees to our advisor and its affiliates for these services and the agreements relating to their compensation were not reached through arm's-length negotiations.

Our advisor and its affiliates may face conflicts of interest, including significant conflicts in allocating time among us and other programs sponsored by Grubb & Ellis Company, Grubb & Ellis Realty Investors, LLC, or any of their affiliates, or collectively, the Grubb & Ellis Group programs, which could result in actions that are not in your best interests.

There are limitations on the ownership, transferability and redemption of our shares which significantly limit the liquidity of an investment in shares of our common stock.

Table of Contents

This may be considered a "blind pool" offering and you will not have the opportunity to evaluate most of our investments prior to purchasing shares of our common stock.

This is a "best efforts" offering and if we are unable to raise substantial funds then we will be limited in the number and type of investments we may make.

The healthcare industry is heavily regulated, and new laws or regulations, changes to existing laws or regulations, loss of licensure or failure to obtain licensure could result in the inability of our tenants to make lease payments to us.

We have paid distributions from sources other than our cash flow from operations, including from the proceeds of this offering or from borrowed funds; if we pay future distributions from sources other than our cash flow from operations, we will have fewer funds for real estate investments and your overall return may be reduced.

If we do not remain qualified as a REIT, it would adversely affect our operations and our ability to make distributions to stockholders.

Investment Objectives

Our investment objectives are:

to pay regular cash distributions;

to preserve, protect and return your capital contribution; and

to realize growth in the value of our investments upon our ultimate sale of such investments.

See "Investment Objectives, Strategy and Criteria" for a more complete description of our business and objectives.

Our Advisor

We are advised by Grubb & Ellis Healthcare REIT Advisor, LLC, or Healthcare Advisor, or our advisor. Our advisor is managed by and is a subsidiary of Grubb & Ellis Realty Investors, LLC, or Grubb & Ellis Realty Investors, and is also partially owned by certain members of the management of Grubb & Ellis Realty Investors through Grubb & Ellis Healthcare Management, LLC, or Grubb & Ellis Healthcare Management. Grubb & Ellis Realty Investors is an indirect wholly owned subsidiary of our sponsor, Grubb & Ellis Company, or Grubb & Ellis. Our advisor, which was formed in Delaware on April 20, 2006, supervises and manages our day-to-day operations. Our advisor uses its best efforts, subject to the oversight, review and approval of our board of directors, to, among other things, research, identify, review and make investments in and dispositions of properties and securities on our behalf consistent with our investment policies and objectives. Our advisor performs its duties and responsibilities under an advisory agreement as our fiduciary. The term of the current advisory agreement ends on September 20, 2009. Most of our officers are employees of our sponsor or its affiliates.

Our Sponsor, NNN Realty Advisors and Grubb & Ellis Realty Investors

Our sponsor, Grubb & Ellis, headquartered in Santa Ana, California, is one of the nation's leading commercial real estate services and investment companies. With more than 130 owned and affiliate offices worldwide, Grubb & Ellis offers property owners, corporate occupants and investors comprehensive integrated real estate solutions, including

transaction, management, consulting and investment advisory services supported by proprietary market research and extensive local market expertise.

NNN Realty Advisors, Inc., or NNN Realty Advisors, is a wholly owned subsidiary of our sponsor and is a leading sponsor of commercial real estate programs.

Grubb & Ellis Realty Investors, the parent and manager of our advisor and an indirect wholly owned subsidiary of our sponsor, offers a diverse line of investment products as well as a full range of services

Table of Contents

including asset and property management, brokerage, leasing, analysis and consultation. Grubb & Ellis Realty Investors is also an active seller of real estate, bringing many of its investment programs full cycle.

Our Dealer Manager

An affiliate of our advisor and an indirect wholly owned subsidiary of our sponsor, Grubb & Ellis Securities, Inc., or Grubb & Ellis Securities, assists us in selling our common stock under this prospectus by serving as our dealer manager of this offering. Since August 1986, our dealer manager has assisted various syndicated REITs, limited partnerships, limited liability companies and other real estate entities in raising money to invest in real estate.

Our Board of Directors and Executive Officers

We operate under the direction of our board of directors, the members of which are accountable to us and our stockholders as fiduciaries. The board of directors is responsible for the management and control of our affairs. We have six directors, including Scott D. Peters, our Chairman of the Board, W. Bradley Blair, II, Maurice J. DeWald, Warren D. Fix, Larry L. Mathis and Gary T. Wescombe. Messrs. Blair, DeWald, Fix, Mathis and Wescombe are independent of us, our advisor and our advisor's affiliates. Our stockholders elect our directors annually.

We have four executive officers, including Mr. Peters, our Chief Executive Officer and President, Shannon K S Johnson, our Chief Financial Officer, Andrea R. Biller, our Executive Vice President and Secretary, and Danny Prosky, our Executive Vice President - Acquisitions. Mr. Peters is our full-time employee. Ms. Johnson, Ms. Biller and Mr. Prosky are all employees of our sponsor or its affiliates.

For more information regarding our directors and executive officers, see Management - Directors and Executive Officers.

Description of Investments

We generally seek to acquire a diversified portfolio of real estate, focusing primarily on investments that produce current income. Our real estate investments focus on medical office buildings, healthcare-related facilities and quality commercial office properties. Healthcare-related facilities include facilities leased to hospitals, rehabilitation hospitals, long-term acute care centers, surgery centers, assisted living facilities, skilled nursing facilities, memory care facilities, specialty medical and diagnostic service providers, laboratories, research firms, pharmaceutical and medical supply manufacturers and health insurance firms. We may acquire properties either alone or jointly with another party. We may also invest in real estate related securities, although we have not yet identified any real estate related securities we plan to acquire. We do not presently intend to invest more than 15.0% of our total assets in real estate related securities. Our real estate related securities investments will generally focus on common and preferred equities, commercial mortgage-backed securities, or CMBS, other forms of mortgage debt and certain other securities, including collateralized debt obligations and foreign securities.

Our Operating Partnership

We own all of our real properties through our operating partnership, Grubb & Ellis Healthcare REIT Holdings, L.P., or its subsidiaries. We are the sole general partner of the operating partnership and initially invested \$2,000 in the operating partnership in exchange for 200 partnership units. The initial limited partner of our operating partnership is our advisor. Our advisor has invested \$200,000 in our operating partnership in exchange for partnership units, which provide the advisor with subordinated distribution rights in addition to its rights as a limited partner in the event certain performance-based conditions are satisfied. See Compensation to the Advisor and Affiliates below for a description of our advisor's subordinated distribution rights.

Table of Contents**Conflicts of Interest**

Some of our officers are also officers and employees of our sponsor, our advisor or Grubb & Ellis Realty Investors, which manages our advisor, and they are involved in advising and investing in other real estate entities, including other REITs, which may give rise to conflicts of interest. In particular, some of our officers are involved in the management and advising of other public and private entities that own and operate real estate investments and may compete with us for the time and attention of our executives. The following chart sets forth the positions our officers hold with us, our advisor and the entities affiliated with our advisor that will be paid fees in connection with this offering.

| Name | Entity | Title |
|---------------------|--|---|
| Shannon K S Johnson | Grubb & Ellis Healthcare REIT, Inc. | Chief Financial Officer |
| | Grubb & Ellis Realty Investors, LLC | Financial Reporting Manager |
| Andrea R. Biller | Grubb & Ellis Healthcare REIT, Inc. | Executive Vice President and Secretary |
| | Grubb & Ellis Healthcare REIT Advisor, LLC | Executive Vice President |
| | Grubb & Ellis Realty Investors, LLC | General Counsel and Executive Vice President |
| | Grubb & Ellis Company | General Counsel, Executive Vice President and Secretary |
| | Grubb & Ellis Securities, Inc. | Secretary |
| Danny Prosky | Grubb & Ellis Healthcare REIT, Inc. | Executive Vice President Acquisitions |
| | Grubb & Ellis Realty Investors, LLC | Executive Vice President Healthcare Real Estate |

As a result, these individuals may experience conflicts between their fiduciary obligations to us and their fiduciary obligations to, and pecuniary interests in, our sponsor and its affiliated entities.

Our advisor also experiences the following conflicts of interest in connection with the management of our business affairs:

the officers of our advisor, Grubb & Ellis Realty Investors, which manages our advisor, and our sponsor have to allocate their time between us and other Grubb & Ellis Group programs;

our advisor and its affiliates must determine how to allocate investment opportunities between us and other Grubb & Ellis Group programs;

our advisor may compete with other Grubb & Ellis Group programs for the same tenants in negotiating leases or in selling similar properties at the same time; and

our advisor and its affiliates receive fees in connection with transactions involving the purchase, management and sale of our properties regardless of the quality or performance of the investments acquired or the services provided to us.

Our Structure

The following chart indicates the relationship among us, our advisor and certain affiliates of our advisor.

Compensation to the Advisor and Affiliates

Our advisor and its affiliates will receive substantial compensation and fees for services relating to this offering and the investment and management of our assets. The most significant items of compensation, fees, expenses and other payments that we expect to pay to our advisor and its affiliates are included in the table below. The selling commissions and marketing support fee may vary for different categories of purchasers. See Plan of Distribution.

| Type of Compensation (Recipient) | Determination and Method of Calculation | Estimated Amount |
|---|--|---|
| <i>Offering Stage</i> Selling Commissions (our dealer manager) | Up to 7.0% of gross offering proceeds from our primary offering; selling commissions may be reallocated to participating broker-dealers. | Actual amount depends upon the number of shares sold. We will pay a total of \$140,000,000 if we sell the maximum offering. |

Table of Contents

| Type of Compensation (Recipient) | Determination and Method of Calculation | Estimated Amount |
|--|---|---|
| Marketing Support Fee and Due Diligence Expense Reimbursement (our dealer manager) | Up to 2.5% of gross offering proceeds from our primary offering for non-accountable marketing support plus up to 0.5% for accountable <i>bona fide</i> due diligence reimbursement. Our dealer manager may reallocate to participating broker-dealers up to 1.5% of the gross offering proceeds from our primary offering for non-accountable marketing support and up to 0.5% for accountable <i>bona fide</i> due diligence expenses. | Actual amount depends upon the number of shares sold. We will pay a total of \$60,000,000 if we sell the maximum offering. |
| Other Organizational and Offering Expenses (our advisor or its affiliates) | Up to 1.5% of gross offering proceeds from our primary offering for legal, accounting, printing, marketing and other offering expenses incurred on our behalf. | Actual amount depends upon the number of shares sold. We estimate that we will pay a total of \$30,000,000 if we sell the maximum offering. |
| Acquisition and Development Stage Acquisition Fees (our advisor or its affiliates) | For the first \$375,000,000 in aggregate contract purchase price for properties acquired directly or indirectly by us after October 24, 2008, 2.5% of the contract purchase price of each such property; for the second \$375,000,000 in aggregate contract purchase price for properties acquired directly or indirectly by us after October 24, 2008, 2.0% of the contract purchase price of each such property, which amount is subject to downward adjustment, but not below 1.5%, based on reasonable projections regarding the anticipated amount of net proceeds to be received in this offering; and for above \$750,000,000 in aggregate contract purchase price for properties acquired directly or indirectly by us after October 24, 2008, 2.25% of the contract purchase price of each such property. Additionally, we will pay an acquisition fee in connection with the acquisition of real estate | Actual amounts depend upon the purchase price of properties acquired and the total development cost of properties acquired for development. |

| Type of Compensation (Recipient) | Determination and Method of Calculation | Estimated Amount |
|--|---|--|
| Reimbursement of Acquisition Expenses (our advisor or its affiliates) | <p>equal to 1.5% of the amount funded to acquire or originate each such real estate related security. Our advisor or its affiliates will be entitled to receive these acquisition fees for properties and real estate related securities acquired with funds raised in this offering, including acquisitions completed after the termination of the advisory agreement, subject to certain conditions.</p> <p>All expenses related to selecting, evaluating, acquiring and investing in properties, whether or not acquired. Reimbursement of acquisition expenses paid to our advisor and its affiliates, excluding amounts paid to third parties, will not exceed 0.5% of the purchase price of properties.</p> | Actual amounts depend upon the actual expenses incurred. |
| <i>Operational Stage</i> Asset Management Fee (our advisor or its affiliates) | Subject to our stockholders receiving annualized distributions in an amount equal to 5.0% per annum on average invested capital, a monthly fee equal to one-twelfth of 0.5% of our average invested assets. | Actual amounts depend upon the average invested assets, and, therefore, cannot be determined at this time. |
| Property Management Fees (our advisor or its affiliates) | 4.0% of the gross cash receipts from each property managed by our advisor or its affiliates. For each property managed directly by entities other than our advisor or its affiliates, we will pay our advisor or its affiliates a monthly oversight fee of up to 1.0% of the gross cash receipts from the property. For leasing activities, an additional fee may be charged in an amount not to exceed customary market norms. | Actual amounts depend upon the gross cash receipts of the properties, and, therefore, cannot be determined at this time. |
| Operating Expenses (our advisor or its affiliates) | Reimbursement of cost of providing administrative services to us. | Actual amounts depend upon the services provided, and, therefore, cannot be determined at this time. |

| Type of Compensation (Recipient) | Determination and Method of Calculation | Estimated Amount |
|---|--|---|
| <i>Liquidity Stage</i> Disposition Fees (our advisor or its affiliates) | Up to the lesser of 1.75% of the contract sales price of each property sold or 50.0% of a customary competitive real estate commission, to be paid only if our advisor or its affiliates provides a substantial amount of services in connection with the sale of the property, as determined by our board of directors in its discretion. | Actual amounts depend upon the sale price of properties, and, therefore, cannot be determined at this time. |
| Subordinated Participation Interest (our advisor) | Our advisor has a subordinated participation interest in our operating partnership pursuant to which our advisor will receive cash distributions from our operating partnership under the following circumstances: | Actual amounts depend upon the sale price of properties, and, therefore, cannot be determined at this time. |
| Subordinated Distribution of Net Sales Proceeds (payable only if we liquidate our portfolio while Healthcare Advisor is serving as our advisor) | 15.0% of any net sales proceeds remaining after we have made distributions to our stockholders of the total amount raised from stockholders (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an amount equal to an annual 8.0% cumulative, non-compounded return on average invested capital. | Actual amounts depend upon the sale price of properties, and, therefore, cannot be determined at this time. |
| Subordinated Distribution Upon Listing (payable only if our shares are listed on a national securities exchange while Healthcare Advisor is serving as our advisor) | 15.0% of the amount by which (1) the market value of our outstanding common stock at listing plus distributions paid prior to listing exceeds (2) the sum of the total amount of capital raised from our stockholders (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an amount of cash that, if distributed to stockholders as of the date of listing, would have provided them an annual 8.0% cumulative, non-compounded return on average invested capital. | Actual amounts depend upon the market value of our common stock at the time of listing, among other factors, and, therefore, cannot be determined at this time. |

Upon termination of the advisory agreement without cause, our advisor may also be entitled to a subordinated distribution similar to the subordinated distribution upon listing described above. In addition, our advisor may elect to defer its right to receive a subordinated distribution upon termination until either a listing or other liquidity event, including a liquidation, sale of substantially all of our assets or merger in which our stockholders receive in exchange for their shares of our common stock shares of a company that are traded on a national securities exchange. If our advisor elects to defer the payment and there is a listing of our shares on a national securities exchange or a merger in which our stockholders receive in exchange for their shares of our common stock shares of a company that are traded on a national securities exchange, our advisor will be entitled to receive a distribution in an amount equal to 15.0% of the amount, if any, by which (1) the fair market value of the assets of our operating partnership (determined by appraisal as of the listing date or merger date, as applicable) owned as of the termination of the advisory agreement, plus any assets acquired after such termination for which our advisor was entitled to receive an acquisition fee, or the included assets, less any indebtedness secured by the included assets, plus the cumulative distributions made by our operating partnership to us and the limited partners who received partnership units in connection with the acquisition of the included assets, from our inception through the listing date or merger date, as applicable, exceeds (2) the sum of the total amount of capital raised from stockholders and the capital value of partnership units issued in connection with the acquisition of the included assets through the listing date or merger date, as applicable, (excluding any capital raised after the completion of this offering) (less amounts paid to redeem shares pursuant to our share repurchase plan) plus an annual 8.0% cumulative, non-compounded return on such invested capital and the capital value of such partnership units measured for the period from inception through the listing date or merger date, as applicable. If our advisor elects to defer the payment and there is a liquidation or sale of all or substantially all of the assets of the operating partnership, then our advisor will be entitled to receive a distribution in an amount equal to 15.0% of the net proceeds from the sale of the included assets, after subtracting distributions to our stockholders and the limited partners who received partnership units in connection with the acquisition of the included assets of (1) their initial invested capital and the capital value of such partnership units (less amounts paid to repurchase shares pursuant to our share repurchase program) through the date of the other liquidity event plus (2) an annual 8.0% cumulative, non-compounded return on such invested capital and the capital value of such partnership units measured for the period from inception through the other liquidity event date. If our advisor receives the subordinated distribution upon a listing, it would no longer be entitled to receive subordinated distributions of net sales proceeds or the subordinated distribution upon a termination of the advisory agreement. If our advisor receives the subordinated distribution upon termination of the advisory agreement, it would no longer be entitled to receive subordinated distributions of net sales proceeds or the subordinated distribution upon listing. There are many additional conditions and restrictions on the amount of compensation our advisor and its affiliates may receive. For a more detailed explanation of these fees and expenses payable to our advisor and its affiliates, please see Compensation Table.

Prior Investment Programs

The section of this prospectus entitled Prior Performance Summary contains a discussion of the Grubb & Ellis Group programs sponsored through December 31, 2007. Certain financial data relating to the Grubb & Ellis Group programs is also provided in the Prior Performance Tables in Exhibit A to this prospectus. The prior performance of our affiliates previous real estate programs may not be indicative of our ultimate performance and, thus, you should not assume that you will experience financial performance and returns comparable to those experienced by investors in these prior programs. You may experience a small return or no return on, or may lose some or all of, your investment in our shares. Please see Risk Factors Risks Related to Our Business We have a limited operating history and there is no assurance that we will be able to successfully achieve our investment objectives; and the prior performance of other Grubb & Ellis Group programs may not be an accurate predictor of our future results.

Distribution Reinvestment Plan

You may participate in our distribution reinvestment plan, or the DRIP, and elect to have the distributions you receive reinvested in shares of our common stock at \$9.50 per share during this offering. We may terminate the DRIP at our discretion at any time upon 10 days' notice to you. Please see "Description of Capital Stock - Distribution Reinvestment Plan" for a further explanation of the DRIP, a copy of which is attached as Exhibit C to this prospectus.

Distribution Policy

In order to remain qualified as a REIT, we are required to distribute 90.0% of our annual taxable income to our stockholders. As of the date of this prospectus, we have acquired a limited number of properties, and we have not identified most of the investments we intend to acquire. We cannot predict if we will generate sufficient cash flow to pay cash distributions to our stockholders on an ongoing basis or at all. The amount of any cash distributions will be determined by our board of directors and will depend on the amount of distributable funds, current and projected cash requirements, tax considerations, any limitations imposed by the terms of indebtedness we may incur and other factors. If our investments produce sufficient cash flow, we expect to pay distributions to you on a monthly basis. Because our cash available for distribution in any year may be less than 90.0% of our taxable income for the year, we may be required to borrow money, use proceeds from the issuance of securities or sell assets to pay out enough of our taxable income to satisfy the distribution requirement. Please see "Description of Capital Stock - Distribution Policy" for a further explanation of our distribution policy.

Liquidity Events

On a limited basis, you may be able to sell shares through our share repurchase plan described below. However, in the future, our board of directors will also consider various forms of liquidity, each of which we refer to as a liquidity event, including: (1) a listing of our common stock on a national securities exchange; (2) our sale or merger in a transaction that provides our stockholders with a combination of cash and/or securities of a publicly traded company; and (3) the sale of all or substantially all of our assets for cash or other consideration. We presently intend to effect a liquidity event by September 20, 2013, seven years from the date of the original prospectus for this offering. However, there can be no assurance that we will effect a liquidity event within such time or at all. In making the decision whether to effect a liquidity event, our board of directors will try to determine which alternative will result in greater value for our stockholders. Certain merger transactions and the sale of all or substantially all of our assets as well as liquidation would require the affirmative vote of a majority of our outstanding shares of common stock.

Share Repurchase Plan

An investment in shares of our common stock should be made as a long-term investment which is consistent with our investment objectives. However, to accommodate stockholders for an unanticipated or unforeseen need or desire to sell their shares, we have adopted a share repurchase plan to allow stockholders to sell shares, subject to limitations and restrictions. Repurchases of shares, when requested, are at our sole discretion and will generally be made quarterly. All repurchases are subject to a one-year holding period, except for repurchases made in connection with a stockholder's death or qualifying disability. Repurchases would be limited to (1) those that could be funded from the net proceeds from the sale of shares under the DRIP in the prior 12 months and (2) 5.0% of the weighted average number of shares outstanding during the prior calendar year. Due to these limitations, we cannot guarantee that we will be able to accommodate all repurchase requests.

Table of Contents

Unless the shares are being repurchased in connection with a stockholder's death or qualifying disability, the prices per share at which we will repurchase shares will be as follows:

for stockholders who have continuously held their shares for at least one year, the lower of \$9.25 or 92.5% of the price paid to acquire shares from us;

for stockholders who have continuously held their shares for at least two years, the lower of \$9.50 or 95.0% of the price paid to acquire shares from us;

for stockholders who have continuously held their shares for at least three years, the lower of \$9.75 or 97.5% of the price paid to acquire shares from us; and

for stockholders who have continuously held their shares for at least four years, a price determined by our board of directors, but in no event less than 100% of the price paid to acquire shares from us.

If shares are to be repurchased in connection with a stockholder's death or qualifying disability, the repurchase price will be: (1) for stockholders who have continuously held their shares for less than four years, 100% of the price paid to acquire the shares from us; or (2) for stockholders who have continuously held their shares for at least four years, a price determined by our board of directors, but in no event less than 100% of the price paid to acquire the shares from us.

We will terminate our share repurchase plan if and when our shares become listed on a national securities exchange or earlier if our board of directors determines that it is in our best interests to terminate the program. We may amend or modify any provision of the plan at any time, in our board's discretion. Please see "Description of Capital Stock—Share Repurchase Plan" for further explanation of our share repurchase plan and Exhibit D for a copy of our share repurchase plan.

Employee Benefit Plan and IRA Considerations

The section of this prospectus entitled "Employee Benefit Plan and IRA Considerations" describes certain considerations associated with a purchase of shares by a pension, profit sharing or other employee benefit plan that is subject to Title I of the Employee Retirement Income Security Act of 1974, as amended, or by an individual retirement account subject to Section 4975 of the Internal Revenue Code. Any plan or account trustee or individual considering purchasing shares for or on behalf of such a plan or account should read that section of this prospectus very carefully.

Restrictions on Share Ownership

Our charter contains restrictions on ownership of the shares that prevent any individual or entity from acquiring beneficial ownership of more than 9.8% of the value of our then outstanding capital stock (which includes common stock and any preferred stock we may issue) or more than 9.8% of the value or number of shares, whichever is more restrictive, of our then outstanding common stock. Please see "Description of Capital Stock—Restriction on Ownership of Shares" for further explanation of the restrictions on ownership of our shares.

RISK FACTORS

Your purchase of shares of our common stock involves a number of risks. In addition to other risks discussed in this prospectus, you should specifically consider the following risks before you decide to buy shares of our common stock.

Investment Risks

There is currently no public market for shares of our common stock. Therefore, it will be difficult for you to sell your shares and, if you are able to sell your shares, you will likely sell them at a substantial discount.

There currently is no public market for shares of our common stock. We do not expect a public market for our stock to develop prior to the listing of our shares on a national securities exchange, which we do not expect to occur in the near future and which may not occur at all. Additionally, our charter contains restrictions on the ownership and transfer of our shares, and these restrictions may inhibit your ability to sell your shares. We have adopted a share repurchase plan but it is limited in terms of the amount of shares which may be repurchased annually. Our board of directors may also limit, suspend, terminate or amend our share repurchase plan upon 30 days' notice. Therefore, it will be difficult for you to sell your shares promptly or at all. If you are able to sell your shares, you may only be able to sell them at a substantial discount from the price you paid. This may be the result, in part, of the fact that, at the time we make our investments, the amount of funds available for investment will be reduced by up to 11.5% of the gross offering proceeds which will be used to pay selling commissions, the marketing support fee, due diligence expense reimbursements and organizational and offering expenses. We will also be required to use gross offering proceeds to pay acquisition fees, acquisition expenses and asset management fees. Unless our aggregate investments increase in value to compensate for these fees and expenses, which may not occur, it is unlikely that you will be able to sell your shares, whether pursuant to our share repurchase plan or otherwise, without incurring a substantial loss. We cannot assure you that your shares will ever appreciate in value to equal the price you paid for your shares. Thus, prospective stockholders should consider the purchase of shares of our common stock as illiquid and a long-term investment, and you must be prepared to hold your shares for an indefinite length of time. Please see "Description of Capital Stock Restriction on Ownership of Shares" for a more complete discussion on certain restrictions regarding your ability to transfer your shares.

This may be considered a "blind pool" offering because we have identified a limited number of the specific investments we intend to make with the net proceeds we receive from this offering. If we are unable to find suitable investments, we may not be able to achieve our investment objectives.

This may be considered a "blind pool" offering because investors in the offering are unable to evaluate the manner in which most of the net proceeds are invested and the economic merits of our future investments prior to subscribing for shares of our common stock. Additionally, you will not have the opportunity to evaluate the transaction terms or other financial or operational data concerning the other investment properties or real estate related securities we acquire in the future.

If we are unable to find suitable investments we may not be able to achieve our investment objectives.

You must rely on our advisor to evaluate our investment opportunities, and our advisor may not be able to achieve our investment objectives, may make unwise decisions or may make decisions that are not in our best interest because of conflicts of interest. See the risks discussed under "Risks Related to Conflicts of Interest" below. Further, we cannot assure you that acquisitions of real estate or real estate related securities made using the proceeds of this offering will produce a return on our investment or will generate cash flow to enable us to make distributions to our stockholders.

Table of Contents

We face increasing competition for the acquisition of medical office buildings and other healthcare-related facilities, which may impede our ability to make future acquisitions or may increase the cost of these acquisitions.

We compete with many other entities engaged in real estate investment activities for acquisitions of medical office buildings and healthcare-related facilities, including national, regional and local operators, acquirers and developers of healthcare real estate properties. The competition for healthcare real estate properties may significantly increase the price we must pay for medical office buildings and healthcare-related facilities or other assets we seek to acquire and our competitors may succeed in acquiring those properties or assets themselves. In addition, our potential acquisition targets may find our competitors to be more attractive because they may have greater resources, may be willing to pay more for the properties or may have a more compatible operating philosophy. In particular, larger healthcare real estate REITs may enjoy significant competitive advantages that result from, among other things, a lower cost of capital and enhanced operating efficiencies. In addition, the number of entities and the amount of funds competing for suitable investment properties may increase. This competition will result in increased demand for these assets and therefore increased prices paid for them. Because of an increased interest in single-property acquisitions among tax-motivated individual purchasers, we may pay higher prices if we purchase single properties in comparison with portfolio acquisitions. If we pay higher prices for medical office buildings, healthcare-related facilities and quality commercial office properties, our business, financial condition and results of operations and our ability to make distributions to you may be materially and adversely affected.

You may be unable to sell your shares because your ability to have your shares repurchased pursuant to our share repurchase plan is subject to significant restrictions and limitations.

Even though our share repurchase plan may provide you with a limited opportunity to sell your shares to us after you have held them for a period of one year or in the event of death or qualifying disability, you should be fully aware that our share repurchase plan contains significant restrictions and limitations. Further, our board may limit, suspend, terminate or amend any provision of the share repurchase plan upon 30 days' notice. Repurchases of shares, when requested, will generally be made quarterly. Repurchases will be limited to (1) those that could be funded from the net proceeds from the sale of shares under the DRIP in the prior 12 months, and (2) 5.0% of the weighted average number of shares outstanding during the prior calendar year. In addition, you must present at least 25.0% of your shares for repurchase and until you have held your shares for at least four years, repurchases will be made for less than you paid for your shares. Therefore, in making a decision to purchase shares of our common stock, you should not assume that you will be able to sell any of your shares back to us pursuant to our share repurchase plan at any particular time or at all. Please see "Description of Capital Stock - Share Repurchase Plan" for more information regarding our share repurchase plan.

This is a "best efforts" offering and if we are unable to continue to raise proceeds in this offering, we will be limited in the number and type of investments we may make, which will result in a less diversified portfolio.

This offering is being made on a "best efforts" basis, whereby our dealer manager and the broker-dealers participating in the offering are only required to use their best efforts to sell our shares and have no firm commitment or obligation to purchase any of the shares. As a result, if we are unable to continue to raise proceeds in this offering, we will have limited diversification in terms of the number of investments owned, the geographic regions in which our investments are located and the types of investments that we make. Your investment in our shares will be subject to greater risk to the extent that we lack a diversified portfolio of investments. In such event, the likelihood of our profitability being affected by the poor performance of any single investment will increase.

Table of Contents

This is a fixed price offering and the fixed offering price may not accurately represent the current value of our assets at any particular time. Therefore the purchase price you paid for shares of our common stock may be higher than the value of our assets per share of our common stock at the time of your purchase.

This is a fixed price offering, which means that the offering price for shares of our common stock is fixed and will not vary based on the underlying value of our assets at any time. Our board of directors arbitrarily determined the offering price in its sole discretion. The fixed offering price for shares of our common stock has not been based on appraisals for any assets we may own nor do we intend to obtain such appraisals. Therefore, the fixed offering price established for shares of our common stock may not accurately represent the current value of our assets per share of our common stock at any particular time and may be higher or lower than the actual value of our assets per share at such time.

Payments to our advisor related to its subordinated participation interest in our operating partnership will reduce cash available for distribution to our stockholders.

Our advisor holds a subordinated participation interest in our operating partnership, pursuant to which it may be entitled to receive a distribution upon the occurrence of certain events, including in connection with dispositions of our assets, the termination or non-renewal of the advisory agreement, other than for cause, certain mergers of our company with another company or the listing of our common stock on a national securities exchange. The distribution payable to our advisor will equal or approximate 15.0% of the net proceeds from the sale of our properties only after we have made distributions to our stockholders of the total amount raised from stockholders (less amounts paid to repurchase shares through our share repurchase plan) plus an annual 8.0% cumulative, non-compounded return on average invested capital. Any distributions to our advisor by our operating partnership upon dispositions of our assets and such other events will reduce cash available for distribution to our stockholders.

The business and financial due diligence investigation of us was conducted by an affiliate. That investigation might not have been as thorough as an investigation conducted by an unaffiliated third party, and might not have uncovered facts that would be important to a potential investor.

Because our advisor and our dealer manager are affiliates of ours, investors will not have the benefit of an independent due diligence review and investigation of the type normally performed by an unaffiliated, independent underwriter in connection with a securities offering. In addition, Alston & Bird LLP has acted as counsel to us, our advisor and our dealer manager in connection with this offering and, therefore, investors will not have the benefit of due diligence that might otherwise be performed by independent counsel. Under applicable legal ethics rules, Alston & Bird LLP may be precluded from representing us due to a conflict of interest between us and our affiliates. If any situation arises in which our interests are in conflict with those of our affiliates, we would be required to retain additional counsel and may incur additional fees and expenses. The lack of an independent due diligence review and investigation increases the risk of your investment because it may not have uncovered facts that would be important to a potential investor.

We presently intend to effect a liquidity event by September 20, 2013; however, we cannot assure you that we will effect a liquidity event within such time or at all. If we do not effect a liquidity event, it will be very difficult for you to have liquidity for your investment in shares of our common stock.

On a limited basis, you may be able to sell shares through our share repurchase plan. However, in the future we may also consider various forms of liquidity events, including but not limited to (1) the listing of shares of our common stock on a national securities exchange, (2) our sale or merger in a transaction that provides our stockholders with a combination of cash and/or securities of a publicly traded company, and (3) the sale of all or substantially all of our real property for cash or other consideration. We presently intend to effect a liquidity event by September 20, 2013.

However, we cannot assure you that we will effect a liquidity event within such time or at all. If we do not effect a liquidity event, it will be very difficult for you to have liquidity for your investment in shares of our common stock other than limited liquidity through our share repurchase plan.

Table of Contents

Because a portion of the offering price from the sale of shares is used to pay expenses and fees, the full offering price paid by stockholders is not invested in real estate investments. As a result, stockholders will only receive a full return of their invested capital if we either (1) sell our assets or our company for a sufficient amount in excess of the original purchase price of our assets, or (2) the market value of our company after we list our shares of common stock on a national securities exchange is substantially in excess of the original purchase price of our assets.

Risks Related to Our Business

We have a limited operating history and we cannot assure you that we will be able to successfully achieve our investment objectives; and the prior performance of other Grubb & Ellis Group programs may not be an accurate predictor of our future results.

We have a limited operating history and we may not be able to achieve our investment objectives. As a result, an investment in shares of our common stock may entail more risks than the shares of common stock of a REIT with a substantial operating history. In addition, you should not rely on the past performance of other Grubb & Ellis Group programs, to predict our future results.

We may suffer from delays in locating suitable investments, which could reduce our ability to make distributions to our stockholders and reduce your return on your investment.

There may be a substantial period of time before the proceeds of this offering are invested in additional suitable investments. Because we are conducting this offering on a best efforts basis over time, our ability to commit to purchase specific assets will also depend, in part, on the amount of proceeds we have received at a given time. If we are delayed or unable to find additional suitable investments, we may not be able to achieve our investment objectives or make distributions to you.

The availability and timing of cash distributions to our stockholders is uncertain.

We expect to make monthly distributions to our stockholders. However, we bear all expenses incurred in our operations, which are deducted from cash funds generated by operations prior to computing the amount of cash distributions to our stockholders. In addition, our board of directors, in its discretion, may retain any portion of such funds for working capital. We cannot assure you that sufficient cash will be available to make distributions to you or that the amount of distributions will increase over time. Should we fail for any reason to distribute at least 90.0% of our REIT taxable income, we would not qualify for the favorable tax treatment accorded to REITs.

We may not have sufficient cash available from operations to pay distributions, and, therefore, distributions may include a return of capital.

Distributions payable to stockholders may include a return of capital, rather than a return on capital. We expect to make monthly distributions to our stockholders. The actual amount and timing of distributions will be determined by our board of directors in its discretion and typically will depend on the amount of funds available for distribution, which will depend on items such as current and projected cash requirements and tax considerations. As a result, our distribution rate and payment frequency may vary from time to time. During the early stages of our operations, we may not have sufficient cash available from operations to pay distributions. Therefore, we may need to use proceeds from this offering or borrowed funds to make cash distributions in order to maintain our status as a REIT, which may reduce the amount of proceeds available for investment and operations or cause us to incur additional interest expense as a result of borrowed funds. Further, if the aggregate amount of cash distributed in any given year exceeds the amount of our REIT taxable income generated during the year, the excess amount will be deemed a return of capital.

Table of Contents

We may not have sufficient cash available from operations to pay distributions, and, therefore, distributions may be paid with offering proceeds or borrowed funds.

The amount of the distributions we make to our stockholders will be determined by our board of directors and is dependent on a number of factors, including funds available for payment of distributions, our financial condition, capital expenditure requirements and annual distribution requirements needed to maintain our status as a REIT. If our cash flow from operations is less than the distributions our board of directors determines to pay, we would be required to pay our distributions, or a portion thereof, with proceeds from this offering or borrowed funds. As a result, the amount of proceeds available for investment and operations would be reduced, or we may incur additional interest expense as a result of borrowed funds.

We are uncertain of our sources of debt or equity for funding our future capital needs. If we cannot obtain funding on acceptable terms, our ability to make necessary capital improvements to our properties may be impaired or delayed.

The gross proceeds of the offering will be used to buy a diversified portfolio of real estate and real estate related securities and to pay various fees and expenses. In addition, to qualify as a REIT, we generally must distribute to our stockholders at least 90.0% of our taxable income each year, excluding capital gains. Because of this distribution requirement, it is not likely that we will be able to fund a significant portion of our future capital needs from retained earnings. We have not identified any sources of debt or equity for future funding, and such sources of funding may not be available to us on favorable terms or at all. If we do not have access to sufficient funding in the future, we may not be able to make necessary capital improvements to our properties, pay other expenses or expand our business.

Dislocations in the credit markets and real estate markets could have a material adverse effect on our results of operations, financial condition and ability to pay distributions to our stockholders.

Domestic and international financial markets currently are experiencing significant dislocations which have been brought about in large part by failures in the U.S. banking system. These dislocations have severely impacted the availability of credit and have contributed to rising costs associated with obtaining credit. If debt financing is not available on terms and conditions we find acceptable, we may not be able to obtain financing for investments. If this dislocation in the credit markets persists, our ability to borrow monies to finance the purchase of, or other activities related to, properties and real estate related securities will be negatively impacted. If we are unable to borrow monies on terms and conditions that we find acceptable, we likely will have to reduce the number of properties we can purchase, and the return on the properties we do purchase may be lower. In addition, we may find it difficult, costly or impossible to refinance indebtedness which is maturing. If interest rates are higher when the properties are refinanced, we may not be able to finance the properties and our income could be reduced. In addition, if we pay fees to lock-in a favorable interest rate, falling interest rates or other factors could require us to forfeit these fees. All of these events would have a material adverse effect on our results of operations, financial condition and ability to pay distributions.

In addition to volatility in the credit markets, the real estate market is subject to fluctuation and can be impacted by factors such as general economic conditions, supply and demand, availability of financing and interest rates. To the extent we purchase real estate in an unstable market, we are subject to the risk that if the real estate market ceases to attract the same level of capital investment in the future that it attracts at the time of our purchases, or the number of companies seeking to acquire properties decreases, the value of our investments may not appreciate or may decrease significantly below the amount we pay for these investments.

We may structure acquisitions of property in exchange for limited partnership units in our operating partnership on terms that could limit our liquidity or our flexibility.

We may acquire properties by issuing limited partnership units in our operating partnership in exchange for a property owner contributing property to the partnership. If we enter into such transactions, in order to induce the contributors of such properties to accept units in our operating partnership, rather than cash, in exchange for their properties, it may be necessary for us to provide them additional incentives. For instance,

Table of Contents

our operating partnership's limited partnership agreement provides that any holder of units may exchange limited partnership units on a one-for-one basis for shares of our common stock, or, at our option, cash equal to the value of an equivalent number of our shares. We may, however, enter into additional contractual arrangements with contributors of property under which we would agree to repurchase a contributor's units for shares of our common stock or cash, at the option of the contributor, at set times. If the contributor required us to repurchase units for cash pursuant to such a provision, it would limit our liquidity and thus our ability to use cash to make other investments, satisfy other obligations or to make distributions to stockholders. Moreover, if we were required to repurchase units for cash at a time when we did not have sufficient cash to fund the repurchase, we might be required to sell one or more properties to raise funds to satisfy this obligation. Furthermore, we might agree that if distributions the contributor received as a limited partner in our operating partnership did not provide the contributor with a defined return, then upon redemption of the contributor's units we would pay the contributor an additional amount necessary to achieve that return. Such a provision could further negatively impact our liquidity and flexibility. Finally, in order to allow a contributor of a property to defer taxable gain on the contribution of property to our operating partnership, we might agree not to sell a contributed property for a defined period of time or until the contributor exchanged the contributor's units for cash or shares. Such an agreement would prevent us from selling those properties, even if market conditions made such a sale favorable to us.

Our success is dependent in part on the performance of our Chief Executive Officer, President and Chairman of the Board.

Our ability to achieve our investment objectives and to pay distributions is dependent upon the performance of Scott D. Peters, our Chief Executive Officer, President and Chairman of the Board. We do not have any key man life insurance on Mr. Peters. We have entered into an employment agreement for a term beginning November 1, 2008 to November 1, 2010 with Mr. Peters, but either party may terminate the employment agreement at any time. If we were to lose the benefit of his experience, efforts and abilities, and our operating results could suffer. As a result, we may be unable to achieve our investment objectives or to pay distributions to our stockholders.

Our success is dependent on the performance of our advisor.

Our ability to achieve our investment objectives and to pay distributions is dependent upon the performance of our advisor in identifying and acquiring investments, the determination of any financing arrangements, the asset management of our investments and operation of our day-to-day activities. You will have no opportunity to evaluate the terms of transactions or other economic or financial data concerning our investments that are not described in this prospectus or other periodic filings with the SEC. We rely on the management ability of our advisor, subject to the oversight and approval of our Chief Executive Officer and our board of directors. If our advisor suffers or is distracted by adverse financial or operational problems in connection with its operations or the operations of our sponsor unrelated to us, our advisor may be unable to allocate time and/or resources to our operations. If our advisor is unable to allocate sufficient resources to oversee and perform our operations for any reason, we may be unable to achieve our investment objectives or to pay distributions to our stockholders. In addition, our success depends to a significant degree upon the continued contributions of our advisor's officers and certain of the officers and employees of our sponsor, who manage our advisor, including Andrea R. Biller, Shannon K S Johnson and Danny Prosky, each of whom would be difficult to replace. We do not have key man life insurance on any of our sponsor's key personnel. If our advisor or our sponsor were to lose the benefit of the experience, efforts and abilities of one or more of these individuals, our operating results could suffer.

Our success is dependent on the performance of our sponsor.

Our ability to achieve our investment objectives and to pay distributions is dependent upon the performance of our advisor, which is a subsidiary of our sponsor, Grubb & Ellis. Our sponsor's business is sensitive to trends in the

general economy, as well as the commercial real estate and credit markets. The current macroeconomic environment and accompanying credit crisis has negatively impacted the value of

Table of Contents

commercial real estate assets, contributing to a general slow down in our sponsor's industry, which our sponsor anticipates will continue through 2009. A prolonged and pronounced recession could continue or accelerate the reduction in overall transaction volume and size of sales and leasing activities that our sponsor has already experienced, and would continue to put downward pressure on our sponsor's revenues and operating results. To the extent that any decline in our sponsor's revenues and operating results impacts the performance of our advisor, our results of operations, financial condition and ability to pay distributions to our stockholders could also suffer.

After the termination or expiration of our advisory agreement, we intend to transition to a self-management program, and we will not be able to rely on our advisor to manage our operations, which could adversely impact our ability to achieve our investment objectives and pay distributions to you.

We currently intend to transition to a self-management program, which means that when our advisory agreement expires or is terminated, we do not intend to renew our advisory agreement with our advisor or engage a successor advisor; provided the parties may mutually agree to specified service arrangements. We currently have a full-time Chief Executive Officer and President, Scott D. Peters, and we intend to hire one or more asset managers and potentially additional employees. We may also outsource certain services, including property management, to third parties. As we continue to implement our self-management program, our advisor will have a more limited role in managing our business and operations. After the termination or expiration of the advisory agreement, we will not be able to rely on our advisor to provide services to us. We will rely on our board of directors, Mr. Peters, any asset managers or other employees that we hire, and potentially third parties to identify and acquire future investments for us, determine any financing arrangements, asset manage our investments and operate our day-to-day activities. If we are not successful in hiring additional employees or finding third parties to manage our operations, our ability to achieve our investment objectives and pay distributions to you could suffer.

Our results of operations, our ability to pay distributions to our stockholders and our ability to dispose of our investments are subject to international, national and local economic factors we cannot control or predict.

Our results of operations are subject to the risks of an international or national economic slow down or downturn and other changes in international, national and local economic conditions. The following factors may affect income from our properties, our ability to acquire and dispose of properties, and yields from our properties:

poor economic times may result in defaults by tenants of our properties due to bankruptcy, lack of liquidity, or operational failures. We may also be required to provide rent concessions or reduced rental rates to maintain or increase occupancy levels;

reduced values of our properties may limit our ability to dispose of assets at attractive prices or to obtain debt financing secured by our properties and may reduce the availability of unsecured loans;

the value and liquidity of our short-term investments and cash deposits could be reduced as a result of a deterioration of the financial condition of the institutions that hold our cash deposits or the institutions or assets in which we have made short-term investments, the dislocation of the markets for our short-term investments, increased volatility in market rates for such investment or other factors;

one or more lenders under our lines of credit could refuse to fund their financing commitment to us or could fail and we may not be able to replace the financing commitment of any such lenders on favorable terms, or at all; and

one or more counterparties to our interest rate swaps could default on their obligations to us or could fail, increasing the risk that we may not realize the benefits of these instruments.

increases in supply of competing properties or decreases in demand for our properties may impact our ability to maintain or increase occupancy levels and rents;

Table of Contents

constricted access to credit may result in tenant defaults or non-renewals under leases;

job transfers and layoffs may cause vacancies to increase and a lack of future population and job growth may make it difficult to maintain or increase occupancy levels; and

increased insurance premiums, real estate taxes or energy or other expenses may reduce funds available for distribution or, to the extent such increases are passed through to tenants, may lead to tenant defaults. Also, any such increased expenses may make it difficult to increase rents to tenants on turnover, which may limit our ability to increase our returns.

The length and severity of any economic slow down or downturn cannot be predicted. Our results of operations, our ability to pay distributions to our stockholders and our ability to dispose of our investments may be negatively impacted to the extent an economic slowdown or downturn is prolonged or becomes more severe.

The failure of any bank in which we deposit our funds could reduce the amount of cash we have available to pay distributions and make additional investments.

The Federal Deposit Insurance Corporation only insures amounts up to \$250,000 per depositor per insured bank. We currently have cash and cash equivalents and restricted cash deposited in certain financial institutions in excess of federally insured levels. If any of the banking institutions in which we have deposited funds ultimately fails, we may lose any amount of our deposits over \$250,000. The loss of our deposits could reduce the amount of cash we have available to distribute or invest and could result in a decline in the value of our stockholders' investment.

Our advisor and its affiliates have no obligation to defer or forgive fees or loans or advance any funds to us, which could reduce our ability to make investments or pay distributions.

In the past, our sponsor or its affiliates have, in certain circumstances, deferred or forgiven fees and loans payable by programs sponsored or managed by our sponsor or its affiliates. Our advisor and its affiliates, including our sponsor, have no obligation to defer or forgive fees owed by us to our advisor or its affiliates or to advance any funds to us. As a result, we may have less cash available to make investments or pay distributions.

Risks Related to Conflicts of Interest

We are subject to conflicts of interest arising out of relationships among us, our officers, our advisor and its affiliates, including the material conflicts discussed below. The Conflicts of Interest section of this prospectus provides a more detailed discussion of these conflicts of interest.

We may compete with other Grubb & Ellis Group programs for investment opportunities. As a result, our advisor may not cause us to invest in favorable investment opportunities which may reduce our returns on our investments.

Our sponsor, Grubb & Ellis, or its affiliates, have sponsored existing programs with investment objectives and strategies similar to ours, and may sponsor other similar programs in the future. As a result, we may be buying properties at the same time as one or more of the other Grubb & Ellis Group programs managed or advised by affiliates of our advisor. Officers and employees of our advisor may face conflicts of interest in allocating investment opportunities between us and these other programs. For instance, our advisor may select properties for us that provide lower returns to us than properties that its affiliates select to be purchased by another Grubb & Ellis Group program. We cannot be sure that officers and employees acting for or on behalf of our advisor and on behalf of managers of other Grubb & Ellis Group programs will act in our best interests when deciding whether to allocate any particular

investment to us. We are subject to the risk that as a result of the conflicts of interest between us, our advisor and other entities or programs managed by its affiliates, our advisor may not cause us to invest in favorable investment opportunities that our advisor locates when it

Table of Contents

would be in our best interest to make such investments. As a result, we may invest in less favorable investments, which may reduce our returns on our investments and ability to pay distributions.

The conflicts of interest faced by our officers may cause us not to be managed solely in the best interests of our stockholders, which may adversely affect our results of operations and the value of your investment.

Some of our officers are officers and employees of our advisor, Grubb & Ellis Realty Investors, which manages our advisor, our sponsor and other affiliated entities which receive fees in connection with this offering and our operations. Shannon K S Johnson is our Chief Financial Officer and also serves as a Financial Reporting Manager of Grubb & Ellis Realty Investors. Ms. Johnson has de minimis equity ownership in our sponsor and no equity ownership in any Grubb & Ellis Group programs. Andrea R. Biller is our Executive Vice President and Secretary and also serves as the Executive Vice President of our advisor, the General Counsel and Executive Vice President of Grubb & Ellis Realty Investors, the General Counsel, Executive Vice President and Secretary of our sponsor, and the General Counsel, Executive Vice President, Secretary and a director of NNN Realty Advisors and the Secretary of Grubb & Ellis Securities. Ms. Biller owns less than 1.0% of our sponsor's outstanding common stock and she has de minimis ownership in several other Grubb & Ellis Group programs. Danny Prosky is our Executive Vice President Acquisitions and also serves as the Executive Vice President Healthcare Real Estate of Grubb & Ellis Realty Investors. Mr. Prosky has de minimis equity ownership in our sponsor, no equity ownership in any other Grubb & Ellis Group programs, and 3,000 shares of our common stock. In addition, each of Ms. Johnson, Ms. Biller and Mr. Prosky holds options to purchase a de minimis amount of our sponsor's outstanding common stock. As of the date of this prospectus, Ms. Biller owns an 18.0% membership interest in Grubb & Ellis Healthcare Management, LLC, which owns 25.0% of the membership interest of our advisor.

Some of the Grubb & Ellis Group programs in which our officers have invested and to which they provide services, have investment objectives similar to our investment objectives. These individuals have legal and fiduciary obligations to these entities which are similar to those they owe to us and our stockholders. As a result, they may have conflicts of interest in allocating their time and resources between our business and these other activities. During times of intense activity in other programs, the time they devote to our business may decline and be less than we require. If our officers, for any reason, are not able to provide sufficient resources to manage our business, our business will suffer and this may adversely affect our results of operations and the value of your investment.

If we enter into joint ventures with affiliates, we may face conflicts of interest or disagreements with our joint venture partners that will not be resolved as quickly or on terms

as advantageous to us as would be the case if the joint venture had been negotiated at arm's length with an independent joint venture partner.

In the event that we enter into a joint venture with any other program sponsored or advised by our sponsor or one of its affiliates, we may face certain additional risks and potential conflicts of interest. For example, securities issued by the other Grubb & Ellis Group programs may never have an active trading market. Therefore, if we were to become listed on a national securities exchange, we may no longer have similar goals and objectives with respect to the resale of properties in the future. Joint ventures between us and other Grubb & Ellis Group programs will not have the benefit of arm's-length negotiation of the type normally conducted between unrelated co-venturers. Under these joint venture agreements, none of the co-venturers may have the power to control the venture, and an impasse could occur regarding matters pertaining to the joint venture, including the timing of a liquidation, which might have a negative impact on the joint venture and decrease returns to you.

Table of Contents

Our advisor will face conflicts of interest relating to its compensation structure, which could result in actions that are not necessarily in the long-term best interests of our stockholders.

Under the advisory agreement between us, our operating partnership, our advisor and Grubb & Ellis Realty Investors, and pursuant to the subordinated participation interest our advisor holds in our operating partnership, our advisor is entitled to fees and distributions that are structured in a manner intended to provide incentives to our advisor to perform in our best interests and in the best interests of our stockholders. The fees our advisor or its affiliates are entitled to include acquisition fees, asset management fees, property management fees and disposition fees. The distributions our advisor may become entitled to receive would be payable upon distribution of net sales proceeds to our stockholders, the listing of our shares, certain merger transactions or the termination of the advisory agreement, other than for cause. Please see Compensation Table for a description of the fees and distributions payable to our advisor and its affiliates. However, because our advisor does not maintain a significant equity interest in us and is entitled to receive substantial minimum compensation regardless of our performance, our advisor's interests are not wholly aligned with those of our stockholders. In that regard, our advisor or its affiliates receives an asset management fee with respect to the ongoing operation and management of properties based on the amount of our initial investment and not the performance of those investments, which could result in our advisor not having adequate incentive to manage our portfolio to provide profitable operations during the period we hold our investments. On the other hand, our advisor could be motivated to recommend riskier or more speculative investments in order to increase the fees payable to our advisor or for us to generate the specified levels of performance or net sales proceeds that would entitle our advisor to fees or distributions.

The distribution payable to our advisor may influence our decisions about listing our shares on a national securities exchange, merging our company with another company and acquisition or disposition of our investments.

Our advisor's entitlement to fees upon the sale of our assets and to participate in net sales proceeds could result in our advisor recommending sales of our investments at the earliest possible time at which sales of investments would produce the level of return which would entitle our advisor to compensation relating to such sales, even if continued ownership of those investments might be in the best long-term interest of our stockholders. The subordinated participation interest may require our operating partnership to make a distribution to our advisor upon the listing of our shares on a national securities exchange or the merger of our company with another company in which our stockholders receive shares that are traded on a national securities exchange, if our advisor meets the performance thresholds included in our operating partnership's limited partnership agreement even if our advisor is no longer serving as our advisor. To avoid making this distribution, our independent directors may decide against listing our shares or merging with another company even if, but for the requirement to make this distribution, such listing or merger would be in the best interest of our stockholders. In addition, the requirement to make this distribution could cause our independent directors to make different investment or disposition decisions than they would otherwise make, in order to satisfy our obligation to the advisor.

We have and may continue to acquire assets from, or dispose of assets to, affiliates of our advisor, which could result in us entering into transactions on less favorable terms than we would receive from a third party or that negatively affect the public's perception of us.

We have and may continue to acquire assets from affiliates of our advisor. Further, we may also dispose of assets to affiliates of our advisor. Affiliates of our advisor may make substantial profits in connection with such transactions and may owe fiduciary and/or other duties to the selling or purchasing entity in these transactions, and conflicts of interest between us and the selling or purchasing entities could exist in such transactions. Because our independent

directors would rely on our advisor in identifying and evaluating any such transaction, these conflicts could result in transactions based on terms that are less favorable to us than we would receive from a third party. Also, the existence of conflicts, regardless of how they are resolved, might negatively affect the public's perception of us.

Table of Contents

The fees we pay our advisor under the advisory agreement and the distributions payable to our advisor under our operating partnership agreement were not determined on an arm's-length basis and therefore may not be on the same terms as those we could negotiate with an unrelated party.

Our independent directors relied on information and recommendations provided by our advisor to determine the fees and distributions payable to our advisor and its affiliates under the advisory agreement and pursuant to the subordinated participation interest in our operating partnership. As a result, these fees and distributions cannot be viewed as having been determined on an arm's-length basis and we cannot assure you that an unaffiliated party would not be willing and able to provide to us the same services at a lower price.

Risks Related to Our Organizational Structure

We may issue preferred stock or other classes of common stock, which issuance could adversely affect the holders of our common stock issued pursuant to this offering.

Investors in this offering do not have preemptive rights to any shares issued by us in the future. We may issue, without stockholder approval, preferred stock or other classes of common stock with rights that could dilute the value of your shares of our common stock. Our charter authorizes us to issue 1,200,000,000 shares of capital stock, of which 1,000,000,000 shares of capital stock are designated as common stock and 200,000,000 shares of capital stock are designated as preferred stock. Our board of directors may increase the aggregate number of authorized shares of capital stock or the number of authorized shares of capital stock of any class or series without stockholder approval. If we ever created and issued preferred stock with a distribution preference over our common stock, payment of any distribution preferences of outstanding preferred stock would reduce the amount of funds available for the payment of distributions on our common stock. Further, holders of preferred stock are normally entitled to receive a preference payment in the event we liquidate, dissolve or wind up before any payment is made to our common stockholders, likely reducing the amount our common stockholders would otherwise receive upon such an occurrence. In addition, under certain circumstances, the issuance of preferred stock or a separate class or series of common stock may render more difficult or tend to discourage:

- a merger, tender offer or proxy contest;
- assumption of control by a holder of large block of our securities; or
- removal of incumbent management.

The limit on the percentage of shares of our common stock that any person may own may discourage a takeover or business combination that may have benefited our stockholders.

Our charter restricts the direct or indirect ownership by one person or entity to no more than 9.8% of the value of our then outstanding capital stock (which includes common stock and any preferred stock we may issue) and no more than 9.8% of the value or number of shares, whichever is more restrictive, of our then outstanding common stock. This restriction may discourage a change of control of us and may deter individuals or entities from making tender offers for shares of our common stock on terms that might be financially attractive to stockholders or which may cause a change in our management. This ownership restriction may also prohibit business combinations that would have otherwise been approved by our board of directors and our stockholders. In addition to deterring potential transactions that may be favorable to our stockholders, these provisions may also decrease your ability to sell your shares of our common stock.

Our board of directors may change our investment objectives without seeking stockholder approval.

Our charter permits our board of directors to change our investment objectives without seeking stockholder approval. Although our board of directors has fiduciary duties to our stockholders and intends only to change our investment objectives when our board of directors determines that a change is in the best interests of our stockholders, a change in our investment objectives could reduce our payment of cash distributions to our stockholders or cause a decline in the value of our investments.

Maryland law and our organizational documents limit your right to bring claims against our officers and directors.

Maryland law provides that a director will not have any liability as a director so long as he or she performs his or her duties in good faith, in a manner he or she reasonably believes to be in our best interest, and with the care that an ordinarily prudent person in a like position would use under similar circumstances. In addition, our charter provides that, subject to the applicable limitations set forth therein or under Maryland law, no director or officer will be liable to us or our stockholders for monetary damages. Our charter also provides that we will generally indemnify our directors, our officers, our advisor and its affiliates for losses they may incur by reason of their service in those capacities unless (1) their act or omission was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty, (2) they actually received an improper personal benefit in money, property or services, or (3) in the case of any criminal proceeding, they had reasonable cause to believe the act or omission was unlawful. Moreover, we have entered into separate indemnification agreements with each of our directors and some of our executive officers. As a result, we and our stockholders may have more limited rights against these persons than might otherwise exist under common law. In addition, we may be obligated to fund the defense costs incurred by these persons in some cases. However, our charter does provide that we may not indemnify or hold harmless our directors, our advisor and its affiliates unless they have determined that the course of conduct that caused the loss or liability was in our best interests, they were acting on our behalf or performing services for us, the liability was not the result of negligence or misconduct by our non-independent directors, our advisor and its affiliates or gross negligence or willful misconduct by our independent directors, and the indemnification is recoverable only out of our net assets or the proceeds of insurance and not from our stockholders.

Certain provisions of Maryland law could restrict a change in control even if a change in control was in our stockholders' interests.

Certain provisions of the Maryland General Corporation Law applicable to us prohibit business combinations with:

- any person who beneficially owns 10.0% or more of the voting power of our common stock, which we refer to as an interested stockholder;
- an affiliate of ours who, at any time within the two-year period prior to the date in question, was an interested stockholder; or
- an affiliate of an interested stockholder.

These prohibitions last for five years after the most recent date on which the interested stockholder became an interested stockholder. Thereafter, any business combination with the interested stockholder must be recommended by our board of directors and approved by the affirmative vote of at least 80.0% of the votes entitled to be cast by holders of our outstanding shares of our common stock and two-thirds of the votes entitled to be cast by holders of shares of our common stock other than shares held by the interested stockholder. These requirements could have the effect of inhibiting a change in control even if a change in control were in our stockholders' interest. These provisions of Maryland law do not apply, however, to business combinations that are approved or exempted by our board of directors prior to the time that someone becomes an interested stockholder.

Your investment return may be reduced if we are required to register as an investment company under the Investment Company Act.

We are not registered as an investment company under the Investment Company Act of 1940, as amended, or the Investment Company Act. If for any reason, we were required to register as an investment company, we would have to comply with a variety of substantive requirements under the Investment Company Act imposing, among other things:

limitations on capital structure;

Table of Contents

restrictions on specified investments;

prohibitions on transactions with affiliates; and

compliance with reporting, record keeping, voting, proxy disclosure and other rules and regulations that would significantly change our operations.

We intend to continue to operate in such a manner that we will not be subject to regulation under the Investment Company Act. In order to maintain our exemption from regulation under the Investment Company Act, we must comply with technical and complex rules and regulations.

Specifically, in order to maintain our exemption from regulation as an investment company under the Investment Company Act, we intend to engage primarily in the business of investing in interests in real estate and to make these investments within one year after the offering ends. If we are unable to invest a significant portion of the proceeds of this offering in properties within one year of the termination of the offering, we may avoid being required to register as an investment company under the Investment Company Act by temporarily investing any unused proceeds in government securities with low returns. Investments in government securities likely would reduce the cash available for distribution to stockholders and possibly lower your returns.

In order to avoid coming within the application of the Investment Company Act, either as a company engaged primarily in investing in interests in real estate or under another exemption from the Investment Company Act, our advisor may be required to impose limitations on our investment activities. In particular, our advisor may limit the percentage of our assets that fall into certain categories specified in the Investment Company Act, which could result in us holding assets we otherwise might desire to sell and selling assets we otherwise might wish to retain. In addition, we may have to acquire additional assets that we might not otherwise have acquired or be forced to forgo investment opportunities that we would otherwise want to acquire and that could be important to our investment strategy. In particular, our advisor will monitor our investments in real estate related securities to ensure continued compliance with one or more exemptions from investment company status under the Investment Company Act and, depending on the particular characteristics of those investments and our overall portfolio, our advisor may be required to limit the percentage of our assets represented by real estate related securities.

If we were required to register as an investment company, our ability to enter into certain transactions would be restricted by the Investment Company Act. Furthermore, the costs associated with registration as an investment company and compliance with such restrictions could be substantial. In addition, registration under and compliance with the Investment Company Act would require a substantial amount of time on the part of our advisor and its affiliates, thereby decreasing the time they spend actively managing our investments. If we were required to register as an investment company but failed to do so, we would be prohibited from engaging in our business, and criminal and civil actions could be brought against us. In addition, our contracts would be unenforceable unless a court were to require enforcement, and a court could appoint a receiver to take control of us and liquidate our business.

Several potential events could cause your investment in us to be diluted, which may reduce the overall value of your investment.

Your investment in us could be diluted by a number of factors, including:

future offerings of our securities, including issuances under our distribution reinvestment plan and up to 200,000,000 shares of any preferred stock that our board of directors may authorize;

private issuances of our securities to other investors, including institutional investors;

issuances of our securities under our 2006 Incentive Plan; or

redemptions of units of limited partnership interest in our operating partnership in exchange for shares of our common stock.

Table of Contents

To the extent we issue additional equity interests after you purchase shares of our common stock in this offering, your percentage ownership interest in us will be diluted. In addition, depending upon the terms and pricing of any additional offerings and the value of our real properties and real estate related investments, you may also experience dilution in the book value and fair market value of your shares.

Our advisor may receive economic benefits from its status as a special limited partner without bearing any of the investment risk.

Our advisor is a special limited partner in our operating partnership. The special limited partner is entitled to receive an incentive distribution equal to 15.0% of net sales proceeds of properties after we have received and paid to our stockholders a return of their invested capital and an 8.0% annual cumulative, non-compounded return. We bear all of the risk associated with the properties but, as a result of the incentive distributions to our advisor, we are not entitled to all of our operating partnership's proceeds from a property sale.

You may not receive any profits resulting from the sale of one of our properties, or receive such profits in a timely manner, because we may provide financing to the purchaser of such property.

If we sell one of our properties during liquidation, you may experience a delay before receiving your share of the proceeds of such liquidation. In a forced or voluntary liquidation, we may sell our properties either subject to or upon the assumption of any then outstanding mortgage debt or, alternatively, may provide financing to purchasers. We may take a purchase money obligation secured by a mortgage as partial payment. We do not have any limitations or restrictions on our taking such purchase money obligations. To the extent we receive promissory notes or other property instead of cash from sales, such proceeds, other than any interest payable on those proceeds, will not be included in net sale proceeds until and to the extent the promissory notes or other property are actually paid, sold, refinanced or otherwise disposed of. In many cases, we will receive initial down payments in the year of sale in an amount less than the selling price and subsequent payments will be spread over a number of years. Therefore, you may experience a delay in the distribution of the proceeds of a sale until such time.

Risks Related to Investments in Real Estate

Changes in national, regional or local economic, demographic or real estate market conditions may adversely affect our results of operations and our ability to pay distributions to our stockholders or reduce the value of your investment.

We are subject to risks generally incident to the ownership of real property, including changes in national, regional or local economic, demographic or real estate market conditions. We are unable to predict future changes in national, regional or local economic, demographic or real estate market conditions. For example, a recession or rise in interest rates could make it more difficult for us to lease real properties or dispose of them. In addition, rising interest rates could also make alternative interest-bearing and other investments more attractive and therefore potentially lower the relative value of our existing real estate investments. These conditions, or others we cannot predict, may adversely affect our results of operations, our ability to pay distributions to our stockholders or reduce the value of your investment.

If we acquired real estate at a time when the real estate market was experiencing substantial influxes of capital investment and competition for income producing properties, the real estate investments we have made may not appreciate or may decrease in value.

Until recently, the real estate market has experienced a substantial influx of capital from investors. This substantial flow of capital, combined with significant competition for income producing real estate, may have resulted in inflated purchase prices for such assets. To the extent we purchased or in the future purchase real estate in such an environment, we are subject to the risk that the real estate market may cease to attract the same level of capital investment in the future, or if the number of companies seeking to acquire such assets

Table of Contents

decreases, the value of our investment may not appreciate or may decrease significantly below the amount we paid for such investment.

Competition with third parties in acquiring properties and other investments may reduce our profitability and you may experience a lower return on your investment.

We compete with many other entities engaged in real estate investment activities, including individuals, corporations, bank and insurance company investment accounts, pension funds, other REITs, real estate limited partnerships, and foreign investors, many of which have greater resources than we do. Many of these entities may enjoy significant competitive advantages that result from, among other things, a lower cost of capital and enhanced operating efficiencies. In addition, the number of entities and the amount of funds competing for suitable investments may increase. As such, competition with third parties would result in increased demand for these assets and therefore increased prices paid for them. If we pay higher prices for properties and other investments, our profitability will be reduced and you may experience a lower return on your investment.

Some or all of our properties may incur vacancies, which may result in reduced revenue and resale value, a reduction in cash available for distribution and a diminished return on your investment.

Some or all of our properties may incur vacancies either by a default of tenants under their leases or the expiration or termination of tenant leases. If vacancies continue for a long period of time, we may suffer reduced revenues resulting in less cash distributions to our stockholders. In addition, the resale value of the property could be diminished because the market value of a particular property will depend principally upon the value of the leases of such property.

We are dependent on tenants for our revenue, and lease terminations could reduce our distributions to our stockholders.

The successful performance of our real estate investments is materially dependent on the financial stability of our tenants. Lease payment defaults by tenants would cause us to lose the revenue associated with such leases and could cause us to reduce the amount of distributions to our stockholders. If the property is subject to a mortgage, a default by a significant tenant on its lease payments to us may result in a foreclosure on the property if we are unable to find an alternative source of revenue to meet mortgage payments. In the event of a tenant default, we may experience delays in enforcing our rights as landlord and may incur substantial costs in protecting our investment and re-leasing our property. Further, we cannot assure you that we will be able to re-lease the property for the rent previously received, if at all, or that lease terminations will not cause us to sell the property at a loss.

Long-term leases may not result in fair market lease rates over time; therefore, our income and our distributions to our stockholders could be lower than if we did not enter into long-term leases.

We may enter into long-term leases with tenants of certain of our properties. Our long-term leases would likely provide for rent to increase over time. However, if we do not accurately judge the potential for increases in market rental rates, we may set the terms of these long-term leases at levels such that even after contractual rental increases the rent under our long-term leases is less than then-current market rental rates. Further, we may have no ability to terminate those leases or to adjust the rent to then-prevailing market rates. As a result, our income and distributions to our stockholders could be lower than if we did not enter into in long-term leases.

We may incur additional costs in acquiring or re-leasing properties which could adversely affect the cash available for distribution to you.

We may invest in properties designed or built primarily for a particular tenant of a specific type of use known as a single-user facility. If the tenant fails to renew its lease or defaults on its lease obligations, we may not be able to readily market a single-user facility to a new tenant without making substantial capital

Table of Contents

improvements or incurring other significant re-leasing costs. We also may incur significant litigation costs in enforcing our rights as a landlord against the defaulting tenant. These consequences could adversely affect our revenues and reduce the cash available for distribution to you.

We may be unable to secure funds for future tenant or other capital improvements, which could limit our ability to attract or replace tenants and decrease your return on investment.

When tenants do not renew their leases or otherwise vacate their space, it is common that, in order to attract replacement tenants, we will be required to expend substantial funds for tenant improvements and leasing commissions related to the vacated space. Such tenant improvements may require us to incur substantial capital expenditures. If we have not established capital reserves for such tenant or other capital improvements, we will have to obtain financing from other sources and we have not identified any sources for such financing. We may also have future financing needs for other capital improvements to refurbish or renovate our properties. If we need to secure financing sources for tenant improvements or other capital improvements in the future, but are unable to secure such financing or are unable to secure financing on terms we feel are acceptable, we may be unable to make tenant and other capital improvements or we may be required to defer such improvements. If this happens, it may cause one or more of our properties to suffer from a greater risk of obsolescence or a decline in value, or a greater risk of decreased cash flow as a result of fewer potential tenants being attracted to the property or existing tenants not renewing their leases. If we do not have access to sufficient funding in the future, we may not be able to make necessary capital improvements to our properties, pay other expenses or pay distributions to our stockholders.

Uninsured losses relating to real estate and lender requirements to obtain insurance may reduce your returns.

There are types of losses relating to real estate, generally catastrophic in nature, such as losses due to wars, acts of terrorism, earthquakes, floods, hurricanes, pollution or environmental matters, for which we do not intend to obtain insurance unless we are required to do so by mortgage lenders. If any of our properties incurs a casualty loss that is not fully covered by insurance, the value of our assets will be reduced by any such uninsured loss. In addition, other than any reserves we may establish, we have no source of funding to repair or reconstruct any uninsured damaged property, and we cannot assure you that any such sources of funding will be available to us for such purposes in the future. Also, to the extent we must pay unexpectedly large amounts for uninsured losses, we could suffer reduced earnings that would result in less cash to be distributed to stockholders. In cases where we are required by mortgage lenders to obtain casualty loss insurance for catastrophic events or terrorism, such insurance may not be available, or may not be available at a reasonable cost, which could inhibit our ability to finance or refinance our properties. Additionally, if we obtain such insurance, the costs associated with owning a property would increase and could have a material adverse effect on the net income from the property, and, thus, the cash available for distribution to our stockholders.

If one of our insurance carriers does not remain solvent, we may not be able to fully recover on our claims.

An insurance subsidiary of American International Group, or AIG, provides coverage under an umbrella insurance policy we have obtained that covers our properties. Recently, AIG has announced that it has suffered from severe liquidity problems. Although the U.S. Treasury and Federal Reserve have announced measures to assist AIG with its liquidity problems, such measures may not be successful. If AIG were to become insolvent, it could have a material adverse impact on AIG's insurance subsidiaries. In the event that AIG's insurance subsidiary that provides coverage under our policy is not able to cover our claims, it could have a material adverse impact on the value of our properties and our financial condition.

Table of Contents

Terrorist attacks and other acts of violence or war may affect the markets in which we operate and have a material adverse effect on our financial condition, results of operations and ability to pay distributions to you.

Terrorist attacks may negatively affect our operations and our stockholders' investment. We may acquire real estate assets located in areas that are susceptible to attack. These attacks may directly impact the value of our assets through damage, destruction, loss or increased security costs. Although we may obtain terrorism insurance, we may not be able to obtain sufficient coverage to fund any losses we may incur. Risks associated with potential acts of terrorism could sharply increase the premiums we pay for coverage against property and casualty claims. Further, certain losses resulting from these types of events are uninsurable or not insurable at reasonable costs.

More generally, any terrorist attack, other act of violence or war, including armed conflicts, could result in increased volatility in, or damage to, the United States and worldwide financial markets and economy, all of which could adversely affect our tenants' ability to pay rent on their leases or our ability to borrow money or issue capital stock at acceptable prices and have a material adverse effect on our financial condition, results of operations and ability to pay distributions to you.

Dramatic increases in insurance rates could adversely affect our cash flow and our ability to make distributions to you.

Due to recent natural disasters resulting in massive property destruction, prices for property insurance coverage have been increasing dramatically. We cannot assure you that we will be able to obtain insurance premiums at reasonable rates. As a result, our cash flow could be adversely impacted by increased premiums which could adversely affect our ability to make distributions to you.

Delays in the acquisition, development and construction of real properties may have adverse effects on our results of operations and returns to our stockholders.

Delays we encounter in the selection, acquisition and development of real properties could adversely affect your returns. Where properties are acquired prior to the start of constructions or during the early stages of construction, it will typically take several months to complete construction and rent available space. Therefore, you could suffer delays in the receipt of cash distributions attributable to those particular real properties. Delays in completion of construction could give tenants the right to terminate preconstruction leases for space at a newly developed project. We may incur additional risks when we make periodic progress payments or other advances to builders prior to completion of construction. Each of those factors could result in increased costs of a project or loss of our investment. In addition, we are subject to normal lease-up risks relating to newly constructed projects. Furthermore, the price we agree to for a real property will be based on our projections of rental income and expenses and estimates of the fair market value of real property upon completion of construction. If our projections are inaccurate, we may pay too much for a property.

Uncertain market conditions relating to the future disposition of properties could cause us to sell our properties at a loss in the future.

We intend to hold our various real estate investments until such time as our advisor determines that a sale or other disposition appears to be advantageous to achieve our investment objectives. Our advisor, subject to the oversight and approval of our Chief Executive Officer and our board of directors, may exercise its discretion as to whether and when to sell a property, and we will have no obligation to sell properties at any particular time. We generally intend to hold properties for an extended period of time, and we cannot predict with any certainty the various market conditions affecting real estate investments that will exist at any particular time in the future. Because of the uncertainty of market conditions that may affect the future disposition of our properties, we cannot assure you that we will be able to

sell our properties at a profit in the future. Additionally, we may incur prepayment penalties in the event we sell a property subject to a mortgage earlier than we otherwise had planned. Accordingly, the extent to which you will receive cash distributions

Table of Contents

and realize potential appreciation on our real estate investments will, among other things, be dependent upon fluctuating market conditions.

We face possible liability for environmental cleanup costs and damages for contamination related to properties we acquire, which could substantially increase our costs and reduce our liquidity and cash distributions to stockholders.

Because we own and operate real estate, we are subject to various federal, state and local environmental laws, ordinances and regulations. Under these laws, ordinances and regulations, a current or previous owner or operator of real estate may be liable for the cost of removal or remediation of hazardous or toxic substances on, under or in such property. The costs of removal or remediation could be substantial. Such laws often impose liability whether or not the owner or operator knew of, or was responsible for, the presence of such hazardous or toxic substances. Environmental laws also may impose restrictions on the manner in which property may be used or businesses may be operated, and these restrictions may require substantial expenditures. Environmental laws provide for sanctions in the event of noncompliance and may be enforced by governmental agencies or, in certain circumstances, by private parties. Certain environmental laws and common law principles could be used to impose liability for release of and exposure to hazardous substances, including the release of asbestos-containing materials into the air, and third parties may seek recovery from owners or operators of real estate for personal injury or property damage associated with exposure to released hazardous substances. In addition, new or more stringent laws or stricter interpretations of existing laws could change the cost of compliance or liabilities and restrictions arising out of such laws. The cost of defending against these claims, complying with environmental regulatory requirements, conducting remediation of any contaminated property, or of paying personal injury claims could be substantial, which would reduce our liquidity and cash available for distribution to you. In addition, the presence of hazardous substances on a property or the failure to meet environmental regulatory requirements may materially impair our ability to use, lease or sell a property, or to use the property as collateral for borrowing.

Our real estate investments may be concentrated in medical office or other healthcare-related facilities, making us more vulnerable economically than if our investments were diversified.

As a REIT, we invest primarily in real estate. Within the real estate industry, we primarily acquire or selectively develop and own medical office buildings, healthcare-related facilities and quality commercial office properties. We are subject to risks inherent in concentrating investments in real estate. These risks resulting from a lack of diversification become even greater as a result of our business strategy to invest to a substantial degree in healthcare-related facilities.

A downturn in the commercial real estate industry generally could significantly adversely affect the value of our properties. A downturn in the healthcare industry could negatively affect our lessees' ability to make lease payments to us and our ability to make distributions to our stockholders. These adverse effects could be more pronounced than if we diversified our investments outside of real estate or if our portfolio did not include a substantial concentration in medical office buildings and healthcare-related facilities.

Certain of our properties may not have efficient alternative uses, so the loss of a tenant may cause us not to be able to find a replacement or cause us to spend considerable capital to adapt the property to an alternative use.

Some of the properties we seek to acquire are specialized medical facilities. If we or our tenants terminate the leases for these properties or our tenants lose their regulatory authority to operate such properties, we may not be able to locate suitable replacement tenants to lease the properties for their specialized uses. Alternatively, we may be required to spend substantial amounts to adapt the properties to other uses. Any loss of revenues or additional capital expenditures required as a result may have a material adverse effect on our business, financial condition and results of

operations and our ability to make distributions to our stockholders.

Table of Contents

Our medical office buildings, healthcare-related facilities and tenants may be unable to compete successfully.

Our medical office buildings and healthcare-related facilities often face competition from nearby hospitals and other medical office buildings that provide comparable services. Some of those competing facilities are owned by governmental agencies and supported by tax revenues, and others are owned by nonprofit corporations and may be supported to a large extent by endowments and charitable contributions. These types of support are not available to our buildings.

Similarly, our tenants face competition from other medical practices in nearby hospitals and other medical facilities. Our tenants' failure to compete successfully with these other practices could adversely affect their ability to make rental payments, which could adversely affect our rental revenues. Further, from time to time and for reasons beyond our control, referral sources, including physicians and managed care organizations, may change their lists of hospitals or physicians to which they refer patients. This could adversely affect our tenants' ability to make rental payments, which could adversely affect our rental revenues.

Any reduction in rental revenues resulting from the inability of our medical office buildings and healthcare-related facilities and our tenants to compete successfully may have a material adverse effect on our business, financial condition and results of operations and our ability to make distributions to our stockholders.

Our costs associated with complying with the Americans with Disabilities Act may reduce our cash available for distributions.

Our properties may be subject to the Americans with Disabilities Act of 1990, as amended, or the ADA. Under the ADA, all places of public accommodation are required to comply with federal requirements related to access and use by disabled persons. The ADA has separate compliance requirements for public accommodations and commercial facilities that generally require that buildings and services be made accessible and available to people with disabilities. The ADA's requirements could require removal of access barriers and could result in the imposition of injunctive relief, monetary penalties or, in some cases, an award of damages. We attempt to acquire properties that comply with the ADA or place the burden on the seller or other third party, such as a tenant, to ensure compliance with the ADA. However, we cannot assure you that we will be able to acquire properties or allocate responsibilities in this manner. If we cannot, our funds used for ADA compliance may reduce cash available for distributions and the amount of distributions to you.

Our real properties are subject to property taxes that may increase in the future, which could adversely affect our cash flow.

Our real properties are subject to real and personal property taxes that may increase as tax rates change and as the real properties are assessed or reassessed by taxing authorities. Some of our leases generally provide that the property taxes or increases therein, are charged to the tenants as an expense related to the real properties that they occupy while other leases will generally provide that we are responsible for such taxes. In any case, as the owner of the properties, we are ultimately responsible for payment of the taxes to the applicable government authorities. If real property taxes increase, our tenants may be unable to make the required tax payments, ultimately requiring us to pay the taxes even if otherwise stated under the terms of the lease. If we fail to pay any such taxes, the applicable taxing authority may place a lien on the real property and the real property may be subject to a tax sale. In addition, we are generally responsible for real property taxes related to any vacant space.

Costs of complying with governmental laws and regulations related to environmental protection and human health and safety may be high.

All real property investments and the operations conducted in connection with such investments are subject to federal, state and local laws and regulations relating to environmental protection and human health and safety. Some of these laws and regulations may impose joint and several liability on customers, owners or operators for the costs to investigate or remediate contaminated properties, regardless of fault or whether the acts causing the contamination were legal.

Table of Contents

Under various federal, state and local environmental laws, a current or previous owner or operator of real property may be liable for the cost of removing or remediating hazardous or toxic substances on such real property. Such laws often impose liability whether or not the owner or operator knew of, or was responsible for, the presence of such hazardous or toxic substances. In addition, the presence of hazardous substances, or the failure to properly remediate those substances, may adversely affect our ability to sell, rent or pledge such real property as collateral for future borrowings. Environmental laws also may impose restrictions on the manner in which real property may be used or businesses may be operated. Some of these laws and regulations have been amended so as to require compliance with new or more stringent standards as of future dates. Compliance with new or more stringent laws or regulations or stricter interpretation of existing laws may require us to incur material expenditures. Future laws, ordinances or regulations may impose material environmental liability. Additionally, our tenants' operations, the existing condition of land when we buy it, operations in the vicinity of our real properties, such as the presence of underground storage tanks, or activities of unrelated third parties may affect our real properties. In addition, there are various local, state and federal fire, health, life-safety and similar regulations with which we may be required to comply, and which may subject us to liability in the form of fines or damages for noncompliance. In connection with the acquisition and ownership of our real properties, we may be exposed to such costs in connection with such regulations. The cost of defending against environmental claims, of any damages or fines we must pay, of compliance with environmental regulatory requirements or of remediating any contaminated real property could materially and adversely affect our business, lower the value of our assets or results of operations and, consequently, lower the amounts available for distribution to you.

Risks Related to the Healthcare Industry

Reductions in reimbursement from third party payors, including Medicare and Medicaid, could adversely affect the profitability of our tenants and hinder their ability to make rent payments to us.

Sources of revenue for our tenants may include the federal Medicare program, state Medicaid programs, private insurance carriers and health maintenance organizations, among others. Efforts by such payors to reduce healthcare costs will likely continue, which may result in reductions or slower growth in reimbursement for certain services provided by some of our tenants. In addition, the failure of any of our tenants to comply with various laws and regulations could jeopardize their ability to continue participating in Medicare, Medicaid and other government sponsored payment programs.

The healthcare industry continues to face various challenges, including increased government and private payor pressure on healthcare providers to control or reduce costs. It is possible that our tenants will continue to experience a shift in payor mix away from fee-for-service payors, resulting in an increase in the percentage of revenues attributable to managed care payors, and general industry trends that include pressures to control healthcare costs. Pressures to control healthcare costs and a shift away from traditional health insurance reimbursement to managed care plans have resulted in an increase in the number of patients whose healthcare coverage is provided under managed care plans, such as health maintenance organizations and preferred provider organizations. These changes could have a material adverse effect on the financial condition of some or all of our tenants. The financial impact on our tenants could restrict their ability to make rent payments to us, which would have a material adverse effect on our business, financial condition and results of operations and our ability to make distributions to our stockholders.

The healthcare industry is heavily regulated, and new laws or regulations, changes to existing laws or regulations, loss of licensure or failure to obtain licensure could result in the inability of our tenants to make rent payments to us.

The healthcare industry is heavily regulated by federal, state and local governmental bodies. Our tenants generally are subject to laws and regulations covering, among other things, licensure, certification for participation in government

programs, and relationships with physicians and other referral sources. Changes in these laws and regulations could negatively affect the ability of our tenants to make lease payments to us and our ability to make distributions to our stockholders.

Table of Contents

Many of our medical properties and their tenants may require a license or certificate of need, or CON, to operate. Failure to obtain a license or CON, or loss of a required license or CON would prevent a facility from operating in the manner intended by the tenant. These events could materially adversely affect our tenants' ability to make rent payments to us. State and local laws also may regulate expansion, including the addition of new beds or services or acquisition of medical equipment, and the construction of healthcare-related facilities, by requiring a CON or other similar approval. State CON laws are not uniform throughout the United States and are subject to change. We cannot predict the impact of state CON laws on our development of facilities or the operations of our tenants.

In addition, state CON laws often materially impact the ability of competitors to enter into the marketplace of our facilities. The repeal of CON laws could allow competitors to freely operate in previously closed markets. This could negatively affect our tenants' abilities to make rent payments to us.

In limited circumstances, loss of state licensure or certification or closure of a facility could ultimately result in loss of authority to operate the facility and require new CON authorization to re-institute operations. As a result, a portion of the value of the facility may be reduced, which would adversely impact our business, financial condition and results of operations and our ability to make distributions to our stockholders.

Some tenants of our medical office buildings and healthcare-related facilities are subject to fraud and abuse laws, the violation of which by a tenant may jeopardize the tenant's ability to make rent payments to us.

There are various federal and state laws prohibiting fraudulent and abusive business practices by healthcare providers who participate in, receive payments from or are in a position to make referrals in connection with government-sponsored healthcare programs, including the Medicare and Medicaid programs. Our lease arrangements with certain tenants may also be subject to these fraud and abuse laws.

These laws include:

the Federal Anti-Kickback Statute, which prohibits, among other things, the offer, payment, solicitation or receipt of any form of remuneration in return for, or to induce, the referral of any item or service reimbursed by Medicare or Medicaid;

the Federal Physician Self-Referral Prohibition, which, subject to specific exceptions, restricts physicians from making referrals for specifically designated health services for which payment may be made under Medicare or Medicaid programs to an entity with which the physician, or an immediate family member, has a financial relationship;

the False Claims Act, which prohibits any person from knowingly presenting false or fraudulent claims for payment to the federal government, including claims paid by the Medicare and Medicaid programs; and

the Civil Monetary Penalties Law, which authorizes the U.S. Department of Health and Human Services to impose monetary penalties for certain fraudulent acts.

Each of these laws includes criminal and/or civil penalties for violations that range from punitive sanctions, damage assessments, penalties, imprisonment, denial of Medicare and Medicaid payments and/or exclusion from the Medicare and Medicaid programs. Certain laws, such as the False Claims Act, allow for individuals to bring whistleblower actions on behalf of the government for violations thereof. Additionally, states in which the facilities are located may have similar fraud and abuse laws. Investigation by a federal or state governmental body for violation of fraud and abuse laws or imposition of any of these penalties upon one of our tenants could jeopardize that tenant's ability to operate or to make rent payments, which may have a material adverse effect on our business, financial condition and

results of operations and our ability to make distributions to our stockholders.

Table of Contents

Adverse trends in healthcare provider operations may negatively affect our lease revenues and our ability to make distributions to our stockholders.

The healthcare industry is currently experiencing:

changes in the demand for and methods of delivering healthcare services;

changes in third party reimbursement policies;

significant unused capacity in certain areas, which has created substantial competition for patients among healthcare providers in those areas;

continued pressure by private and governmental payors to reduce payments to providers of services; and

increased scrutiny of billing, referral and other practices by federal and state authorities.

These factors may adversely affect the economic performance of some or all of our healthcare-related tenants and, in turn, our lease revenues and our ability to make distributions to our stockholders.

Our healthcare-related tenants may be subject to significant legal actions

that could subject them to increased operating costs and substantial uninsured liabilities, which may affect their ability to pay their rent payments to us.

As is typical in the healthcare industry, our healthcare-related tenants may often become subject to claims that their services have resulted in patient injury or other adverse effects. Many of these tenants may have experienced an increasing trend in the frequency and severity of professional liability and general liability insurance claims and litigation asserted against them. The insurance coverage maintained by these tenants may not cover all claims made against them nor continue to be available at a reasonable cost, if at all. In some states, insurance coverage for the risk of punitive damages arising from professional liability and general liability claims and/or litigation may not, in certain cases, be available to these tenants due to state law prohibitions or limitations of availability. As a result, these types of tenants of our medical office buildings and healthcare-related facilities operating in these states may be liable for punitive damage awards that are either not covered or are in excess of their insurance policy limits. We also believe that there has been, and will continue to be, an increase in governmental investigations of certain healthcare providers, particularly in the area of Medicare/Medicaid false claims, as well as an increase in enforcement actions resulting from these investigations. Insurance is not available to cover such losses. Any adverse determination in a legal proceeding or governmental investigation, whether currently asserted or arising in the future, could have a material adverse effect on a tenant's financial condition. If a tenant is unable to obtain or maintain insurance coverage, if judgments are obtained in excess of the insurance coverage, if a tenant is required to pay uninsured punitive damages, or if a tenant is subject to an uninsurable government enforcement action, the tenant could be exposed to substantial additional liabilities, which may affect the tenant's ability to pay rent, which in turn could have a material adverse effect on our business, financial condition and results of operations and our ability to make distributions to our stockholders.

Risks Related to Investments in Real Estate Related Securities

We do not have substantial experience in acquiring mortgage loans or investing in real estate related securities, which may result in our real estate related securities investments failing to produce returns or incurring losses.

None of our officers or the management personnel of our advisor have any substantial experience in acquiring mortgage loans or investing in the real estate related securities in which we may invest. We may make such investments to the extent that our advisor, in consultation with our board of directors, determines that it is advantageous for us to do so. Our and our advisor's lack of expertise in making real estate related securities investments may result in our real estate related securities investments failing to produce returns or incurring losses, either of which would reduce our ability to make distributions to our stockholders.

Table of Contents

Real estate related equity securities in which we may invest are subject to specific risks relating to the particular issuer of the securities and may be subject to the general risks of investing in subordinated real estate securities.

We may invest in the common and preferred stock of both publicly traded and private real estate companies, which involves a higher degree of risk than debt securities due to a variety of factors, including the fact that such investments are subordinate to creditors and are not secured by the issuer's property. Our investments in real estate related equity securities will involve special risks relating to the particular issuer of the equity securities, including the financial condition and business outlook of the issuer. Issuers of real estate related common equity securities generally invest in real estate or real estate related assets and are subject to the inherent risks associated with real estate related investments discussed in this prospectus, including risks relating to rising interest rates.

The mortgage loans in which we may invest and the mortgage loans underlying the mortgage-backed securities in which we may invest may be impacted by unfavorable real estate market conditions, which could decrease their value.

If we make investments in mortgage loans or mortgage-backed securities, we will be at risk of loss on those investments, including losses as a result of defaults on mortgage loans. These losses may be caused by many conditions beyond our control, including economic conditions affecting real estate values, tenant defaults and lease expirations, interest rate levels and the other economic and liability risks associated with real estate described above under the heading Risks Related to Investments in Real Estate. If we acquire property by foreclosure following defaults under our mortgage loan investments, we will have the economic and liability risks as the owner described above. We do not know whether the values of the property securing any of our real estate securities investments will remain at the levels existing on the dates we initially make the related investment. If the values of the underlying properties drop, our risk will increase and the values of our interests may decrease.

Delays in liquidating defaulted mortgage loan investments could reduce our investment returns.

If there are defaults under our mortgage loan investments, we may not be able to foreclose on or obtain a suitable remedy with respect to such investments. Specifically, we may not be able to repossess and sell the underlying properties quickly which could reduce the value of our investment. For example, an action to foreclose on a property securing a mortgage loan is regulated by state statutes and rules and is subject to many of the delays and expenses of lawsuits if the defendant raises defenses or counterclaims. Additionally, in the event of default by a mortgagor, these restrictions, among other things, may impede our ability to foreclose on or sell the mortgaged property or to obtain proceeds sufficient to repay all amounts due to us on the mortgage loan.

The collateralized mortgage backed securities in which we may invest are subject to several types of risks.

Collateralized mortgage backed securities, or CMBS, are bonds which evidence interests in, or are secured by, a single commercial mortgage loan or a pool of commercial mortgage loans. Accordingly, the mortgage-backed securities we may invest in are subject to all the risks of the underlying mortgage loans.

In a rising interest rate environment, the value of CMBS may be adversely affected when payments on underlying mortgages do not occur as anticipated, resulting in the extension of the security's effective maturity and the related increase in interest rate sensitivity of a longer-term instrument. The value of CMBS may also change due to shifts in the market's perception of issuers and regulatory or tax changes adversely affecting the mortgage securities markets as a whole. In addition, CMBS are subject to the credit risk associated with the performance of the underlying mortgage properties.

CMBS are also subject to several risks created through the securitization process. Subordinate CMBS are paid interest only to the extent that there are funds available to make payments. To the extent the collateral pool includes a large percentage of delinquent loans, there is a risk that interest payment on subordinate

Table of Contents

CMBS will not be fully paid. Subordinate securities of CMBS are also subject to greater credit risk than those CMBS that are more highly rated.

The mezzanine loans in which we may invest would involve greater risks of loss than senior loans secured by income-producing real properties.

We may invest in mezzanine loans that take the form of subordinated loans secured by second mortgages on the underlying real property or loans secured by a pledge of the ownership interests of either the entity owning the real property or the entity that owns the interest in the entity owning the real property. These types of investments involve a higher degree of risk than long-term senior mortgage lending secured by income producing real property because the investment may become unsecured as a result of foreclosure by the senior lender. In the event of a bankruptcy of the entity providing the pledge of its ownership interests as security, we may not have full recourse to the assets of such entity, or the assets of the entity may not be sufficient to satisfy our mezzanine loan. If a borrower defaults on our mezzanine loan or debt senior to our loan, or in the event of a borrower bankruptcy, our mezzanine loan will be satisfied only after the senior debt. As a result, we may not recover some or all of our investment. In addition, mezzanine loans may have higher loan-to-value ratios than conventional mortgage loans, resulting in less equity in the real property and increasing the risk of loss of principal.

We expect a portion of our real estate related securities investments to be illiquid and we may not be able to adjust our portfolio in response to changes in economic and other conditions.

We may purchase real estate related securities in connection with privately negotiated transactions which are not registered under the relevant securities laws, resulting in a prohibition against their transfer, sale, pledge or other disposition except in a transaction that is exempt from the registration requirements of, or is otherwise in accordance with, those laws. As a result, our ability to vary our portfolio in response to changes in economic and other conditions may be relatively limited. The mezzanine and bridge loans we may purchase will be particularly illiquid investments due to their short life, their unsuitability for securitization and the greater difficulty of recoupment in the event of a borrower's default.

Interest rate and related risks may cause the value of our real estate related securities investments to be reduced.

Interest rate risk is the risk that fixed income securities such as preferred and debt securities, and to a lesser extent dividend paying common stocks, will decline in value because of changes in market interest rates. Generally, when market interest rates rise, the market value of such securities will decline, and vice versa. Our investment in such securities means that the net asset value and market price of the common shares may tend to decline if market interest rates rise.

During periods of rising interest rates, the average life of certain types of securities may be extended because of slower than expected principal payments. This may lock in a below-market interest rate, increase the security's duration and reduce the value of the security. This is known as extension risk. During periods of declining interest rates, an issuer may be able to exercise an option to prepay principal earlier than scheduled, which is generally known as call or prepayment risk. If this occurs, we may be forced to reinvest in lower yielding securities. This is known as reinvestment risk. Preferred and debt securities frequently have call features that allow the issuer to repurchase the security prior to its stated maturity. An issuer may redeem an obligation if the issuer can refinance the debt at a lower cost due to declining interest rates or an improvement in the credit standing of the issuer. These risks may reduce the value of our real estate related securities investments.

If we liquidate prior to the maturity of our real estate securities investments, we may be forced to sell those investments on unfavorable terms or at a loss.

Our board of directors may choose to effect a liquidity event in which we liquidate our assets, including our real estate related securities investments. If we liquidate those investments prior to their maturity, we may be forced to sell those investments on unfavorable terms or at loss. For instance, if we are required to liquidate

Table of Contents

mortgage loans at a time when prevailing interest rates are higher than the interest rates of such mortgage loans, we would likely sell such loans at a discount to their stated principal values.

Risks Related to Debt Financing

We have and intend to incur mortgage indebtedness and other borrowings, which may increase our business risks, could hinder our ability to make distributions and could decrease the value of your investment.

We have and intend to continue to finance a portion of the purchase price of our investments in real estate and real estate related securities by borrowing funds. We anticipate that, after an initial phase of our operations when we may employ greater amounts of leverage to enable us to purchase properties more quickly and therefore generate distributions for our stockholders sooner, our overall leverage will not exceed 60.0% of our properties and real estate related securities combined fair market value of our assets. Under our charter, we have a limitation on borrowing which precludes us from borrowing in excess of 300.0% of the value of our net assets, without the approval of a majority of our independent directors. Net assets for purposes of this calculation are defined to be our total assets (other than intangibles), valued at cost prior to deducting depreciation or other non-cash reserves, less total liabilities. Generally speaking, the preceding calculation is expected to approximate 75.0% of the sum of (a) the aggregate cost of our real property investments before non-cash reserves and depreciation and (b) the aggregate cost of our investments in real estate related securities. In addition, we may incur mortgage debt and pledge some or all of our real properties as security for that debt to obtain funds to acquire additional real properties or for working capital. We may also borrow funds to satisfy the REIT tax qualification requirement that we distribute at least 90.0% of our annual REIT taxable income to our stockholders. Furthermore, we may borrow if we otherwise deem it necessary or advisable to ensure that we maintain our qualification as a REIT for federal income tax purposes.

High debt levels will cause us to incur higher interest charges, which would result in higher debt service payments and could be accompanied by restrictive covenants. If there is a shortfall between the cash flow from a property and the cash flow needed to service mortgage debt on that property, then the amount available for distributions to our stockholders may be reduced. In addition, incurring mortgage debt increases the risk of loss since defaults on indebtedness secured by a property may result in lenders initiating foreclosure actions. In that case, we could lose the property securing the loan that is in default, thus reducing the value of your investment. For tax purposes, a foreclosure on any of our properties will be treated as a sale of the property for a purchase price equal to the outstanding balance of the debt secured by the mortgage. If the outstanding balance of the debt secured by the mortgage exceeds our tax basis in the property, we will recognize taxable income on foreclosure, but we would not receive any cash proceeds. We may give full or partial guarantees to lenders of mortgage debt to the entities that own our properties. When we give a guaranty on behalf of an entity that owns one of our properties, we will be responsible to the lender for satisfaction of the debt if it is not paid by such entity. If any mortgage contains cross collateralization or cross default provisions, a default on a single property could affect multiple properties. If any of our properties are foreclosed upon due to a default, our ability to pay cash distributions to our stockholders will be adversely affected.

Higher mortgage rates may make it more difficult for us to finance or refinance properties, which could reduce the number of properties we can acquire and the amount of cash distributions we can make to our stockholders.

If mortgage debt is unavailable on reasonable terms as a result of increased interest rates or other factors, we may not be able to finance the initial purchase of properties. In addition, if we place mortgage debt on properties, we run the risk of being unable to refinance such debt when the loans come due, or of being unable to refinance on favorable terms. If interest rates are higher when we refinance debt, our income could be reduced. We may be unable to refinance debt at appropriate times, which may require us to sell properties on terms that are not advantageous to us, or could result in the foreclosure of such properties. If any of these events occur, our cash flow would be reduced. This, in turn, would reduce cash available for distribution to you and may hinder our ability to raise more capital by

issuing securities or by borrowing more money.

Table of Contents

Increases in interest rates could increase the amount of our debt payments and therefore negatively impact our operating results.

Interest we pay on our debt obligations reduces cash available for distributions. Whenever we incur variable rate debt, increases in interest rates would increase our interest costs, which would reduce our cash flows and our ability to make distributions to you. If we need to repay existing debt during periods of rising interest rates, we could be required to liquidate one or more of our investments in properties at times which may not permit realization of the maximum return on such investments.

To the extent we borrow at fixed rates or enter into fixed interest rate swaps, we will not benefit from reduced interest expense if interest rates decrease.

We are exposed to the effects of interest rate changes primarily as a result of borrowings used to maintain liquidity and fund expansion and refinancing of our real estate investment portfolio and operations. To limit the impact of interest rate changes on earnings, prepayment penalties and cash flows and to lower overall borrowing costs while taking into account variable interest rate risk, we may borrow at fixed rates or variable rates depending upon prevailing market conditions. We may also enter into derivative financial instruments such as interest rate swaps and caps in order to mitigate our interest rate risk on a related financial instrument. To the extent we borrow at fixed rates or enter into fixed interest rate swaps we will not benefit from reduced interest expense if interest rates decrease.

Lenders may require us to enter into restrictive covenants relating to our operations, which could limit our ability to make distributions to our stockholders.

When providing financing, a lender may impose restrictions on us that affect our ability to incur additional debt and affect our distribution and operating policies. Loan documents we enter into may contain covenants that limit our ability to further mortgage the property, discontinue insurance coverage, or replace our advisor. These or other limitations may adversely affect our flexibility and our ability to achieve our investment objectives.

If we enter into financing arrangements involving balloon payment obligations, it may adversely affect our ability to refinance or sell properties on favorable terms, and to make distributions to stockholders.

Some of our financing arrangements may require us to make a lump-sum or balloon payment at maturity. Our ability to make a balloon payment at maturity is uncertain and may depend upon our ability to obtain additional financing or our ability to sell the particular property. At the time the balloon payment is due, we may or may not be able to refinance the balloon payment on terms as favorable as the original loan or sell the particular property at a price sufficient to make the balloon payment. The refinancing or sale could affect the rate of return to stockholders and the projected time of disposition of our assets. In an environment of increasing mortgage rates, if we place mortgage debt on properties, we run the risk of being unable to refinance such debt if mortgage rates are higher at a time a balloon payment is due. In addition, payments of principal and interest made to service our debts, including balloon payments, may leave us with insufficient cash to pay the distributions that we are required to pay to maintain our qualification as a REIT. Any of these results would have a significant, negative impact on your investment.

Risks Related to Joint Ventures

The terms of joint venture agreements or other joint ownership arrangements into which we have and may enter could impair our operating flexibility and our results of operations.

In connection with the purchase of real estate, we have and may continue to enter into joint ventures with third parties, including affiliates of our advisor. We may also purchase or develop properties in co-ownership arrangements with the sellers of the properties, developers or other persons. These structures involve participation in the investment by other parties whose interests and rights may not be the same as ours. Our joint venture partners may have rights to take some actions over which we have no control and may take

Table of Contents

actions contrary to our interests. Joint ownership of an investment in real estate may involve risks not associated with direct ownership of real estate, including the following:

a venture partner may at any time have economic or other business interests or goals which become inconsistent with our business interests or goals, including inconsistent goals relating to the sale of properties held in a joint venture or the timing of the termination and liquidation of the venture;

a venture partner might become bankrupt and such proceedings could have an adverse impact on the operation of the partnership or joint venture;

actions taken by a venture partner might have the result of subjecting the property to liabilities in excess of those contemplated; and

a venture partner may be in a position to take action contrary to our instructions or requests or contrary to our policies or objectives, including our policy with respect to qualifying and maintaining our qualification as a REIT.

Under certain joint venture arrangements, neither venture partner may have the power to control the venture, and an impasse could occur, which might adversely affect the joint venture and decrease potential returns to you. If we have a right of first refusal or buy/sell right to buy out a venture partner, we may be unable to finance such a buy-out or we may be forced to exercise those rights at a time when it would not otherwise be in our best interest to do so. If our interest is subject to a buy/sell right, we may not have sufficient cash, available borrowing capacity or other capital resources to allow us to purchase an interest of a venture partner subject to the buy/sell right, in which case we may be forced to sell our interest when we would otherwise prefer to retain our interest. In addition, we may not be able to sell our interest in a joint venture on a timely basis or on acceptable terms if we desire to exit the venture for any reason, particularly if our interest is subject to a right of first refusal of our venture partner.

We may structure our joint venture relationships in a manner which may limit the amount we participate in the cash flow or appreciation of an investment.

We may enter into joint venture agreements, the economic terms of which may provide for the distribution of income to us otherwise than in direct proportion to our ownership interest in the joint venture. For example, while we and a co-venturer may invest an equal amount of capital in an investment, the investment may be structured such that we have a right to priority distributions of cash flow up to a certain target return while the co-venturer may receive a disproportionately greater share of cash flow than we are to receive once such target return has been achieved. This type of investment structure may result in the co-venturer receiving more of the cash flow, including appreciation, of an investment than we would receive. If we do not accurately judge the appreciation prospects of a particular investment or structure the venture appropriately, we may incur losses on joint venture investments or have limited participation in the profits of a joint venture investment, either of which could reduce our ability to make cash distributions to our stockholders.

Federal Income Tax Risks

Failure to continue to qualify as a REIT for federal income tax purposes would subject us to federal income tax on our taxable income at regular corporate rates, which would substantially reduce our ability to make distributions to our stockholders.

We qualified to be taxed as a REIT for federal income tax purposes beginning with our taxable year ended December 31, 2007 and we intend to continue to be taxed as a REIT. To remain qualified as a REIT, we must meet

various requirements set forth in the Internal Revenue Code concerning, among other things, the ownership of our outstanding common stock, the nature of our assets, the sources of our income and the amount of our distributions to our stockholders. The REIT qualification requirements are extremely complex, and interpretations of the federal income tax laws governing qualification as a REIT are limited. Accordingly, we cannot be certain that we will be successful in operating so as to continue to qualify as a REIT. At any time, new laws, interpretations or court decisions may change the federal tax laws relating to, or the federal

Table of Contents

income tax consequences of, qualification as a REIT. It is possible that future economic, market, legal, tax or other considerations may cause our board of directors to revoke our REIT election, which it may do without stockholder approval.

Although we have not requested, and do not expect to request, a ruling from the Internal Revenue Service, or IRS, that we qualify as a REIT, we have received an opinion of our counsel that, based on certain assumptions and representations, we were organized in conformity with the requirements for qualification and taxation as a REIT and our proposed method of operation will enable us to satisfy the requirements for such qualification commencing with our taxable year ending December 31, 2006. This opinion, however, has not been updated. The validity of the opinion of our counsel and of our qualification as a REIT will depend on our continuing ability to meet the various REIT requirements described herein. You should be aware, however, that opinions of counsel are not binding on the IRS or any court. The REIT qualification opinion only represents the view of our counsel based on its review and analysis of law existing at the time of the opinion and therefore could be subject to modification or withdrawal based on subsequent legislative, judicial or administrative changes to the federal income tax laws, any of which could be applied retroactively.

If we were to fail to qualify as a REIT for any taxable year, we would be subject to federal income tax on our taxable income at corporate rates. In addition, we would generally be disqualified from treatment as a REIT for the four taxable years following the year in which we lose our REIT status. Losing our REIT status would reduce our net earnings available for investment or distribution to stockholders because of the additional tax liability. In addition, distributions to stockholders would no longer be deductible in computing our taxable income, and we would no longer be required to make distributions. To the extent that distributions had been made in anticipation of our qualifying as a REIT, we might be required to borrow funds or liquidate some investments in order to pay the applicable corporate income tax. In addition, although we intend to operate in a manner intended to qualify as a REIT, it is possible that future economic, market, legal, tax or other considerations may cause our board of directors to recommend that we revoke our REIT election.

As a result of all these factors, our failure to qualify as a REIT could impair our ability to expand our business and raise capital, and would substantially reduce our ability to make distributions to our stockholders.

To continue to qualify as a REIT and to avoid the payment of federal income and excise taxes and maintain our REIT status,

we may be forced to borrow funds, use proceeds from the issuance of securities (including this offering), or sell assets to pay distributions, which may result in our distributing amounts that may otherwise be used for our operations.

To obtain the favorable tax treatment accorded to REITs, we normally will be required each year to distribute to our stockholders at least 90.0% of our real estate investment trust taxable income, determined without regard to the deduction for distributions paid and by excluding net capital gains. We will be subject to federal income tax on our undistributed taxable income and net capital gain and to a 4.0% nondeductible excise tax on any amount by which distributions we pay with respect to any calendar year are less than the sum of (1) 85.0% of our ordinary income, (2) 95.0% of our capital gain net income and (3) 100% of our undistributed income from prior years. These requirements could cause us to distribute amounts that otherwise would be spent on acquisitions of properties and it is possible that we might be required to borrow funds, use proceeds from the issuance of securities (including this offering) or sell assets in order to distribute enough of our taxable income to maintain our REIT status and to avoid the payment of federal income and excise taxes.

If our operating partnership fails to maintain its status as a partnership for federal income tax purposes, its income would be subject to taxation and our REIT status would be terminated.

We intend to maintain the status of our operating partnership as a partnership for federal income tax purposes. However, if the IRS were to successfully challenge the status of our operating partnership as a partnership, it would be taxable as a corporation. In such event, this would reduce the amount of distributions that our operating partnership could make to us. This would also result in our losing REIT status and becoming subject to a corporate level tax on our own income. This would substantially reduce our cash

Table of Contents

available to pay distributions and the return on your investment. In addition, if any of the entities through which our operating partnership owns its properties, in whole or in part, loses its characterization as a partnership for federal income tax purposes, it would be subject to taxation as a corporation, thereby reducing distributions to our operating partnership. Such a recharacterization of our operating partnership or an underlying property owner could also threaten our ability to maintain our REIT status.

You may have a current tax liability on distributions you elect to reinvest in shares of our common stock.

If you participate in our distribution reinvestment plan, you will be deemed to have received, and for income tax purposes will be taxed on, the amount reinvested in shares of our common stock to the extent the amount reinvested was not a tax-free return of capital. As a result, unless you are a tax-exempt entity, you may have to use funds from other sources to pay your tax liability on the value of the common stock received.

Dividends paid by REITs do not qualify for the reduced tax rates that apply to other corporate dividends.

Tax legislation enacted in 2003 and 2006 generally reduces the maximum tax rate for qualified dividends paid by corporations to individuals to 15.0% through 2010. Dividends paid by REITs, however, generally continue to be taxed at the normal rate applicable to the individual recipient, rather than the 15.0% preferential rate. Although this legislation does not adversely affect the taxation of REITs or dividends paid by REITs, the more favorable rates applicable to regular corporate dividends could cause potential investors who are individuals to perceive investments in REITs to be relatively less attractive than investments in the stocks of non-REIT corporations that pay qualified dividends, which could adversely affect the value of the stock of REITs, including our common stock. See Federal Income Tax Considerations Taxation of Taxable U.S. Stockholders Distributions Generally.

In certain circumstances, we may be subject to federal and state income taxes as a REIT, which would reduce our cash available for distribution to you.

Even if we maintain our status as a REIT, we may be subject to federal income taxes or state taxes. For example, net income from a prohibited transaction will be subject to a 100% tax. We may not be able to make sufficient distributions to avoid excise taxes applicable to REITs. We may also decide to retain capital gains we earn from the sale or other disposition of our property and pay income tax directly on such income. In that event, our stockholders would be treated as if they earned that income and paid the tax on it directly. However, our stockholders that are tax-exempt, such as charities or qualified pension plans, would have no benefit from their deemed payment of such tax liability. We may also be subject to state and local taxes on our income or property, either directly or at the level of the companies through which we indirectly own our assets. Any federal or state taxes we pay will reduce our cash available for distribution to you.

Distributions to tax-exempt stockholders may be classified as unrelated business taxable income.

Neither ordinary nor capital gain distributions with respect to our common stock nor gain from the sale of common stock should generally constitute unrelated business taxable income to a tax-exempt stockholder. However, there are certain exceptions to this rule. In particular:

part of the income and gain recognized by certain qualified employee pension trusts with respect to our common stock may be treated as unrelated business taxable income if shares of our common stock are predominately held by qualified employee pension trusts, and we are required to rely on a special look-through rule for purposes of meeting one of the REIT share ownership tests, and we are not operated in a manner to avoid treatment of such income or gain as unrelated business taxable income;

part of the income and gain recognized by a tax exempt stockholder with respect to our common stock would constitute unrelated business taxable income if the stockholder incurs debt in order to acquire the common stock; and

Table of Contents

part or all of the income or gain recognized with respect to our common stock by social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts and qualified group legal services plans which are exempt from federal income taxation under Sections 501(c)(7), (9), (17) or (20) of the Internal Revenue Code may be treated as unrelated business taxable income.

See Federal Income Tax Considerations Treatment of Tax-Exempt Stockholders section of this prospectus for further discussion of this issue if you are a tax-exempt investor.

Complying with the REIT requirements may cause us to forego otherwise attractive opportunities.

To continue to qualify as a REIT for federal income tax purposes, we must continually satisfy tests concerning, among other things, the sources of our income, the nature and diversification of our assets, the amounts we distribute to our stockholders and the ownership of shares of our common stock. We may be required to make distributions to our stockholders at disadvantageous times or when we do not have funds readily available for distribution, or we may be required to liquidate otherwise attractive investments in order to comply with the REIT tests. Thus, compliance with the REIT requirements may hinder our ability to operate solely on the basis of maximizing profits.

Changes to federal income tax laws or regulations could adversely affect stockholders.

In recent years, numerous legislative, judicial and administrative changes have been made to the federal income tax laws applicable to investments in REITs and similar entities. Additional changes to tax laws are likely to continue to occur in the future, and we cannot assure you that any such changes will not adversely affect the taxation of a stockholder. Any such changes could have an adverse effect on an investment in shares of our common stock. We urge you to consult with your own tax advisor with respect to the status of legislative, regulatory or administrative developments and proposals and their potential effect on an investment in shares of our common stock.

Employee Benefit Plan and IRA Risks

We, and our stockholders that are employee benefit plans or individual retirement accounts, or IRAs, will be subject to risks relating specifically to our having employee benefit plans and IRAs as stockholders, which risks are discussed below. The Employee Benefit Plan and IRA Considerations section of this prospectus provides a more detailed discussion of these employee benefit plan and IRA investor risks.

If you fail to meet the fiduciary and other standards under ERISA or the Internal Revenue Code as a result of an investment in our common stock, you could be subject to criminal and civil penalties.

There are special considerations that apply to pension, profit-sharing trusts or IRAs investing in our common stock. If you are investing the assets of a pension, profit sharing or 401(k) plan, health or welfare plan, or an IRA in us, you should consider:

whether your investment is consistent with the applicable provisions of ERISA and the Internal Revenue Code, or any other applicable governing authority in the case of a government plan;

whether your investment is made in accordance with the documents and instruments governing your plan or IRA, including your plan's investment policy;

whether your investment satisfies the prudence and diversification requirements of Sections 404(a)(1)(B) and 404(a)(1)(C) of ERISA;

whether your investment will impair the liquidity of the plan or IRA;

whether your investment will produce unrelated business taxable income, referred to as UBTI and as defined in Sections 511 through 514 of the Internal Revenue Code, to the plan or IRA; and

Table of Contents

your need to value the assets of the plan annually in accordance with ERISA and the Internal Revenue Code.

In addition to considering their fiduciary responsibilities under ERISA and the prohibited transaction rules of ERISA and the Internal Revenue Code, trustees or others purchasing shares should consider the effect of the plan asset regulations of the U.S. Department of Labor. To avoid our assets from being considered plan assets under those regulations, our charter prohibits benefit plan investors from owning 25.0% or more of our common stock prior to the time that the common stock qualifies as a class of publicly-offered securities, within the meaning of the ERISA plan asset regulations. However, we cannot assure you that those provisions in our charter will be effective in limiting benefit plan investor ownership to less than the 25.0% limit. For example, the limit could be unintentionally exceeded if a benefit plan investor misrepresents its status as a benefit plan. Even if our assets are not considered to be plan assets, a prohibited transaction could occur if we or any of our affiliates is a fiduciary (within the meaning of ERISA) with respect to an employee benefit plan or IRA purchasing shares, and, therefore, in the event any such persons are fiduciaries (within the meaning of ERISA) of your plan or IRA, you should not purchase shares unless an administrative or statutory exemption applies to your purchase.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Statements included in this prospectus that are not historical facts (including any statements concerning investment objectives, other plans and objectives of management for future operations or economic performance, or assumptions or forecasts related thereto) are forward-looking statements. These statements are only predictions. We caution that forward-looking statements are not guarantees. Actual events or our investments and results of operations could differ materially from those expressed or implied in the forward-looking statements. Forward-looking statements are typically identified by the use of terms such as may, will, should, expect, could, intend, plan, anticipate, believe, continue, predict, potential or the negative of such terms and other comparable terminology.

The forward-looking statements included in this prospectus are based upon our current expectations, plans, estimates, assumptions and beliefs that involve numerous risks and uncertainties. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond our control. Although we believe that the expectations reflected in such forward-looking statements are based on reasonable assumptions, our actual results and performance could differ materially from those set forth in the forward-looking statements. Factors which could have a material adverse effect on our operations and future prospects include, but are not limited to:

- our ability to effectively deploy the proceeds raised in this offering;
- changes in economic conditions generally and the real estate and securities markets specifically;
- legislative or regulatory changes (including changes to the laws governing the taxation of REITs);
- the availability of capital;
- interest rates; and
- changes to accounting principles generally accepted in the United States of America.

Any of the assumptions underlying forward-looking statements could be inaccurate. You are cautioned not to place undue reliance on any forward-looking statements included in this prospectus. All forward-looking statements are

made as of the date of this prospectus and the risk that actual results will differ materially from the expectations expressed in this prospectus will increase with the passage of time. Except as otherwise required by the federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements after the date of this prospectus, whether as a result of new information, future events, changed circumstances or any other reason. In light of the significant uncertainties inherent in the

forward-looking statements included in this prospectus, including, without limitation, the risks described under Risk Factors, the inclusion of such forward-looking statements should not be regarded as a representation by us or any other person that the objectives and plans set forth in this prospectus will be achieved.

Table of Contents

ESTIMATED USE OF PROCEEDS

The following table sets forth our best estimates of how we intend to use the proceeds raised in this offering assuming that we sell specified numbers of shares pursuant to the primary offering. The number of shares of our common stock offered pursuant to our primary offering may vary from these assumptions since we have reserved the right to reallocate the shares offered between the primary offering and the distribution reinvestment plan. Shares of our common stock in the primary offering are being offered to the public on a best efforts basis at \$10.00 per share. The table below shows two scenarios:

the Minimum Offering assumes that we did not sell more than the minimum offering of \$2,000,000 by selling 200,000 shares at \$10.00 per share pursuant to our primary offering; and

the Maximum Offering assumes that we reach the maximum offering of \$2,000,000,000 by selling 200,000,000 shares at \$10.00 per share pursuant to our primary offering.

Under both scenarios, we have not given effect to any special sales or volume discounts that could reduce the selling commissions or marketing support fees for sales pursuant to the primary offering. Reduction in these fees will be accompanied by a corresponding reduction in the per share purchase price, but will not affect the amounts available to us for investments. See Plan of Distribution for a description of the special sales and volume discounts.

The following table assumes that we do not sell any shares in the DRIP. As long as our shares are not listed on a national securities exchange, it is anticipated that all or substantially all of the proceeds from the sale of shares pursuant to the DRIP will be used to fund repurchases of shares under our share repurchase plan. Because we do not pay selling commissions or marketing support fees or reimburse due diligence expenses for shares sold pursuant to the DRIP, we receive greater net proceeds from the sale of shares in the DRIP than in the primary offering. As a result, if we reallocate shares from the DRIP to the primary offering, our net proceeds could be less.

Many of the figures set forth below represent management's best estimate since they cannot be precisely calculated at this time. We expect that at least 88.5% of the money you invest will be used to buy investments in real property and real estate related securities and pay related acquisition fees and expenses, while we expect the remaining 11.5% will be used to pay expenses and fees, including the payment of fees to our advisor and the dealer manager for this offering.

Table of Contents

Our board of directors is responsible for reviewing our fees and expenses on at least an annual basis and with sufficient frequency to determine that the expenses incurred are in the best interest of the stockholders. Our independent directors are responsible for reviewing the performance of our advisor and determining that the compensation to be paid to our advisor is reasonable in relation to the nature and quality of the services to be performed and that the provisions of the advisory agreement are being carried out. The fees set forth below may not be increased without approval of the independent directors.

- (1) Organizational and offering expenses consist of reimbursement of, among other items, the cumulative cost of actual legal, accounting, printing and other accountable offering expenses, including, but not limited to, amounts to reimburse our advisor for marketing, salaries and direct expenses of its employees, employees of its affiliates and others while engaged in registering and marketing the shares of our common stock to be sold in this offering, which shall include, but not be limited to, development of marketing materials and marketing presentations, participating in due diligence, training seminars and educational conferences and coordinating generally the marketing process for this offering. A portion of our organizational and offering expense reimbursement may be used for wholesaling activities and therefore deemed to be additional underwriting compensation pursuant to FINRA Rule 2710. Our advisor will be responsible for the payment of our cumulative organizational and offering expenses, other than the selling commissions, the marketing support fee and the due diligence reimbursement, to the extent they exceed 1.5% of the aggregate gross proceeds from the sale of shares of our common stock sold in the primary offering without recourse against or reimbursement by us.
- (2) Until required in connection with the acquisition of real estate investments, the net proceeds of this offering may be invested in short-term, highly-liquid investments including government obligations, bank certificates of deposit, short-term debt obligations and interest-bearing accounts or other authorized investments as determined by our board of directors.
- (3) Acquisition fees paid by any party to any person in connection with the purchase, development or construction of real properties. Acquisition fees do not include acquisition expenses. Until October 24, 2008, we paid our advisor

or its affiliate acquisition fees of 3.0% of the contract purchase price of properties we acquired. Effective October 24, 2008, we will pay acquisition fees calculated as follows: for the first \$375,000,000 in aggregate contract purchase price for properties acquired directly or indirectly by us, 2.5% of the contract purchase price of each such property; for the second \$375,000,000 in aggregate contract purchase price for properties acquired directly or indirectly by us, 2.0% of the contract purchase price of each such property, which amount is subject to downward adjustment, but not below 1.5%, based on reasonable projections regarding the anticipated amount of net proceeds to be received in this offering; and for above \$750,000,000 in aggregate contract purchase price for properties acquired directly or indirectly by us, 2.25% of the contract purchase price of each such property. Additionally, we will pay an

Table of Contents

acquisition fee in connection with the acquisition of real estate related securities in an amount equal to 1.5% of the amount funded to acquire or originate each such real estate related security. Our advisor or its affiliates will be entitled to receive these acquisition fees for properties and real estate related securities acquired with funds raised in this offering, including acquisitions completed after the termination of the advisory agreement, subject to certain conditions. We do not currently intend to acquire properties in the development phase and will not pay any fees based on development costs. For purposes of this table, we have assumed (a) that no investments are made in real estate related securities, (b) that the acquisition fee is not adjusted downward as provided for by the advisory agreement and (c) no debt is incurred for property acquisitions. These assumptions may change due to different factors including changes in the allocation of shares between the primary offering and the distribution reinvestment plan, the extent to which proceeds from the distribution reinvestment plan are used to repurchase shares under our share repurchase plan and the extent to which we invest in real estate related securities. To the extent that we incur debt or issue new shares of our common stock outside of this offering or interests in our operating partnership in order to acquire real properties, then the acquisition fees and amounts invested in real properties will exceed the amount stated above.

- (4) Acquisition expenses include any and all expenses incurred in connection with the selection, evaluation and acquisition of, and investment in properties, whether or not acquired or made, including, but not limited to, legal fees and expenses, travel and communications expenses, cost of appraisals and surveys, nonrefundable option payments on property not acquired, accounting fees and expenses, computer use related expenses, architectural, engineering and other property reports, environmental and asbestos audits, title insurance and escrow fees, loan fees or points or any fee of a similar nature paid to a third party, however designated, transfer taxes, and personnel and miscellaneous expenses related to the selection, evaluation and acquisition of properties. We will reimburse our advisor for acquisition expenses, whether or not the evaluated property is acquired. Reimbursement of acquisition expenses paid to our advisor and its affiliates, excluding amounts paid to third parties, will not exceed 0.5% of the purchase price of properties we evaluate and acquire. The reimbursement of acquisition fees and expenses, including real estate commissions paid to third parties, will not exceed, in the aggregate, 6.0% of the purchase price or total development cost, unless fees in excess of such limits are approved by a majority of the disinterested directors and by a majority of the disinterested independent directors.
- (5) Although we do not anticipate establishing a general working capital reserve out of the proceeds from this offering, we may establish capital reserves with respect to particular investments.

INVESTMENT OBJECTIVES, STRATEGY AND CRITERIA

Investment Objectives

Our investment objectives are:

to pay regular cash distributions;

to preserve, protect and return your capital contributions; and

to realize growth in the value of our investments upon our ultimate sale of such investments.

We cannot assure you that we will attain these objectives or that our capital will not decrease. Our board of directors may change our investment objectives if it determines it is advisable and in the best interests of our stockholders.

During the term of our advisory agreement, decisions relating to the purchase or sale of investments will be made by our advisor, subject to oversight and approval by our Chief Executive Officer and our board of directors. See

Management for a description of the background and experience of our directors and officers as well as the officers of our advisor.

Table of Contents

Investment Strategy

We invest in a diversified portfolio of real estate and real estate related securities, focusing primarily on investments that produce current income. Our real estate investments focus on medical office buildings, healthcare-related facilities and quality commercial office properties. We may also invest in real estate related securities. However, we do not presently intend to invest more than 15.0% of our total assets in real estate related securities. Our real estate related securities investments will generally focus on common and preferred stock of public or private real estate companies, commercial mortgage-backed securities, or CMBS, other forms of mortgage debt and certain other securities, including collateralized debt obligations and foreign securities. We seek to maximize long-term stockholder value by generating sustainable growth in cash flow and portfolio value. In order to achieve these objectives, we may invest using a number of investment structures which may include direct acquisitions, joint ventures, leveraged investments, issuing securities for property and direct and indirect investments in real estate. In order to maintain our exemption from regulation as an investment company under the Investment Company Act, we may be required to limit our investments in real estate related securities. See Investment Company Act Considerations below.

In addition, when and as determined appropriate by our advisor, the portfolio may also include properties in various stages of development other than those producing current income. These stages would include, without limitation, unimproved land both with and without entitlements and permits, property to be redeveloped and repositioned, newly constructed properties and properties in lease-up or other stabilization, all of which will have limited or no relevant operating histories and no current income. Our advisor makes this determination based upon a variety of factors, including the available risk adjusted returns for such properties when compared with other available properties, the appropriate diversification of the portfolio, and our objectives of realizing both current income and capital appreciation upon the ultimate sale of properties.

For each of our investments, regardless of property type, we seek to invest in properties with the following attributes:

Quality. We seek to acquire properties that are suitable for their intended use with a quality of construction that is capable of sustaining the property's investment potential for the long-term, assuming funding of budgeted maintenance, repairs and capital improvements.

Location. We seek to acquire properties that are located in established or otherwise appropriate markets for comparable properties, with access and visibility suitable to meet the needs of its occupants.

Market; Supply and Demand. We focus on local or regional markets that have potential for stable and growing property level cash flow over the long-term. These determinations are based in part on an evaluation of local economic, demographic and regulatory factors affecting the property. For instance, we favor markets that indicate a growing population and employment base or markets that exhibit potential limitations on additions to supply, such as barriers to new construction. Barriers to new construction include lack of available land and stringent zoning restrictions. In addition, we generally seek to limit our investments in areas that have limited potential for growth.

Predictable Capital Needs. We seek to acquire properties where the future expected capital needs can be reasonably projected in a manner that would allow us to meet our objectives of growth in cash flow and preservation of capital and stability.

Cash Flow. We seek to acquire properties where the current and projected cash flow, including the potential for appreciation in value, would allow us to meet our overall investment objectives. We evaluate cash flow as

well as expected growth and the potential for appreciation.

We will not invest more than 10.0% of the offering proceeds available for investment in unimproved or non-income producing properties or in other investments relating to unimproved or non-income producing property. A property: (1) not acquired for the purpose of producing rental or other operating income, or (2) with no development or construction in process or planned in good faith to commence within one year will be considered unimproved or non-income producing property for purposes of this limitation.

Table of Contents

We are not limited as to the geographic area where we may acquire properties. We are not specifically limited in the number or size of properties we may acquire or on the percentage of our assets that we may invest in a single property or investment. The number and mix of properties we acquire depends upon real estate and market conditions and other circumstances existing at the time we are acquiring our properties and making our investments and the amount of proceeds we raise in this and potential future offerings.

Real Property Investments

We invest in and intend to continue to invest in a diversified portfolio of properties, focusing primarily on properties that produce current income. We generally seek investments in medical office buildings, healthcare-related facilities and quality commercial office properties.

Our advisor generally seeks to acquire properties on our behalf of the types described above that will best enable us to meet our investment objectives, taking into account the diversification of our portfolio at the time, relevant real estate and financial factors, the location, income-producing capacity and the prospects for long-range appreciation of a particular property and other considerations. As a result, we may acquire properties other than the types described above. In addition, we may acquire properties that vary from the parameters described above for a particular property type.

The consideration for each real estate investment must be authorized by a majority of our directors or a duly authorized committee of our board of directors, ordinarily based on the fair market value of the investment. If the majority of our independent directors or a duly authorized committee of our board of directors so determines, or if the investment is to be acquired from an affiliate, the fair market value determination must be supported by an appraisal obtained from a qualified, independent appraiser selected by a majority of our independent directors.

Our investments in real estate generally take the form of holding fee title or long-term leasehold interests. Our investments may be made either directly through our operating partnership or indirectly through investments in joint ventures, limited liability companies, general partnerships or other co-ownership arrangements with the developers of the properties, affiliates of our advisor or other persons. See [Joint Venture Investments](#) below.

In addition, we may purchase properties and lease them back to the sellers of such properties. Our advisor will use its best efforts to structure any such sale-leaseback transaction such that the lease will be characterized as a true lease and so that we will be treated as the owner of the property for federal income tax purposes. However, we cannot assure you that the IRS will not challenge such characterization. In the event that any such sale-leaseback transaction is re-characterized as a financing transaction for federal income tax purposes, deductions for depreciation and cost recovery relating to such property would be disallowed or significantly reduced.

Our obligation to close a transaction involving the purchase of a real property asset is generally conditioned upon the delivery and verification of certain documents from the seller or developer, including, where appropriate:

plans and specifications;

environmental reports (generally a minimum of a Phase I investigation);

building condition reports;

surveys;

evidence of marketable title subject to such liens and encumbrances as are acceptable to our advisor;

audited financial statements covering recent operations of real properties having operating histories unless such statements are not required to be filed with the SEC and delivered to stockholders;

Table of Contents

title insurance policies; and

liability insurance policies.

In determining whether to purchase a particular property, we may, in circumstances in which our advisor deems it appropriate, obtain an option on such property, including land suitable for development. The amount paid for an option, if any, is normally surrendered if the property is not purchased, and is normally credited against the purchase price if the property is purchased. We may also enter into arrangements with the seller or developer of a property whereby the seller or developer agrees that if, during a stated period, the property does not generate a specified cash flow, the seller or developer will pay us in cash a sum necessary to reach the specified cash flow level, subject in some cases to negotiated dollar limitations.

We will not purchase or lease properties in which our sponsor, our advisor, our directors or any of their affiliates have an interest without a determination by a majority of our disinterested directors and a majority of our disinterested independent directors that such transaction is fair and reasonable to us and at a price to us no greater than the cost of the property to the affiliated seller or lessor, unless there is substantial justification for the excess amount and the excess amount is reasonable. In no event will we acquire any such property at an amount in excess of its current appraised value as determined by an independent expert selected by our disinterested independent directors.

We obtain adequate insurance coverage for all properties in which we invest. However, there are types of losses, generally catastrophic in nature, for which we do not obtain insurance unless we are required to do so by mortgage lenders. See Risk Factors Risks Related to Investments in Real Estate Uninsured losses relating to real estate and lender requirements to obtain insurance may reduce your returns.

Medical Office Buildings and Healthcare-Related Facilities

We invest and intend to continue to invest a portion of the net proceeds available for investment in medical office buildings and healthcare-related facilities. Healthcare-related facilities include facilities leased to hospitals, rehabilitation hospitals long-term acute care centers, surgery centers, assisted living facilities, skilled nursing facilities, memory care facilities, specialty medical and diagnostic service providers, laboratories, research firms, pharmaceutical and medical supply manufacturers and health insurance firms. The market for medical office buildings and healthcare-related facilities in the United States continues to expand. According to the U.S. Department of Health and Human Services, national healthcare expenditures rose from 15.3% to 16.0% of the U.S. gross domestic product (GDP) between 2002 and 2006 and are projected to reach 19.5% by 2017, as shown below. Similarly, overall healthcare expenditures have risen sharply since 2002. In 2006, healthcare expenditures reached \$2.1 trillion and are expected to grow at a relatively stable rate of approximately 6.8% per year to reach \$4.3 trillion by 2017, as shown below.

Table of Contents

We believe that demand for medical office buildings and healthcare-related facilities will increase due to a number of factors, including:

An aging population is requiring and demanding more medical services. Between 2010 and 2050, the U.S. population over 65 years of age is projected to more than double from 40 million to nearly 87 million people. The number of older Americans is also growing as a percentage of the total U.S. population as the baby boomers enter their 60s. In 2010, the number of persons older than 65 will comprise 13.0% of the total U.S. population and is projected to grow to nearly 21.0% by 2050, as shown in the graph below.

Table of Contents

Based on the information above and the projected increase in health expenditures per capita through 2017, as shown below, we believe that healthcare expenditures for the population over 65 years of age will also continue to rise as a disproportionate share of healthcare dollars is spent on older Americans since they require more treatment and management of chronic and acute health conditions.

We believe this increased demand will continue to create a substantial need in many regions for the development of additional healthcare-related facilities, such as medical office buildings, clinics, outpatient facilities and ambulatory surgery centers. As a result, we believe this will increase the pool of suitable, quality properties meeting our acquisition criteria. However, our results of operations and our ability to attain our investment objectives will depend solely upon the performance of the real estate assets and real estate related investments we acquire.

Complex state and federal regulations govern physician hospital referrals. Patients typically are referred to particular hospitals by their physicians. To restrict hospitals from inappropriately influencing physicians to refer patients to them, federal and state governments adopted Medicare and Medicaid anti-fraud laws and regulations. One aspect of these complex laws and regulations addresses the leasing of medical office space by hospitals to physicians. One intent of the regulations is to restrict medical institutions from providing facilities to physicians at below market rates or on other terms that may present an opportunity for undue influence on physician referrals. The regulations are complex, and adherence to the regulations is time consuming and requires significant documentation and extensive reporting to regulators. The costs associated with regulatory compliance have encouraged many hospital and physician groups to seek third-party ownership and/or management of their healthcare-related facilities.

Physicians are increasingly forming practice groups. To increase the numbers of patients they can see and thereby increase market share, physicians have formed and are forming group practices. By doing so, physicians can gain greater influence in negotiating rates with managed care companies and hospitals in which they perform services. Also, the creation of these groups allows for the dispersion of overhead costs over a larger revenue base and gives physicians the financial ability to acquire new and expensive diagnostic equipment. Moreover, certain group practices may benefit from certain exceptions to federal and state self-referral laws, permitting them to offer a broader range of medical services within their practices and to participate in the facility fee related to medical procedures. This increase

Table of Contents

in the number of group practices has led to the construction of new medical facilities in which the groups are housed and provide medical services.

We believe that healthcare-related real estate rents and valuations are less susceptible to changes in the general economy than general commercial real estate due to demographic trends and the resistance of rising healthcare expenditures to economic downturns. For this reason, healthcare-related real estate investments could potentially offer a more stable return to investors compared to other types of real estate investments.

We believe the confluence of these factors over the last several years has led to the following trends, which encourage third-party ownership of existing and newly developed medical properties:

De-Centralization and Specialization. There is a continuing evolution toward delivery of medical services through smaller facilities located near patients and designed to treat specific diseases and conditions. In order to operate profitably within a managed care environment, physician practice groups and other medical services providers are aggressively trying to increase patient populations, while maintaining lower overhead costs by building new healthcare facilities in areas of population or patient growth. Continuing population shifts and ongoing demographic changes create a demand for additional properties, including an aging population requiring and demanding more medical services.

Increasing Regulation. Evolving regulatory factors affecting healthcare delivery create an incentive for providers of medical services to focus on patient care, leaving real estate ownership and operation to third-party real estate professionals. Third-party ownership and management of hospital-affiliated medical office buildings substantially reduces the risk that hospitals will violate complex Medicare and Medicaid fraud and abuse statutes.

Modernization. Hospitals are modernizing by renovating existing properties and building new properties and becoming more efficient in the face of declining reimbursement and changing patient demographics. This trend has led to the development of new, smaller, specialty healthcare-related facilities as well as improvements to existing general acute care facilities.

Redeployment of Capital. Medical providers are increasingly focused on wisely investing their capital in their medical business. A growing number of medical providers have determined that third-party development and ownership of real estate with long term leases is an attractive alternative to investing their capital in bricks-and-mortar. Increasing use of expensive medical technology has placed additional demands on the capital requirements of medical services providers and physician practice groups. By selling their real estate assets and relying on third-party ownership of new healthcare properties, medical services providers and physician practice groups can generate the capital necessary to acquire the medical technology needed to provide more comprehensive services to patients and improve overall patient care.

Physician Practice Ownership. Many physician groups have reacquired their practice assets and real estate from national physician management companies or otherwise formed group practices to expand their market share. Other physicians have left hospital-based or HMO-based practices to form independent group practices. These physician groups are interested in new healthcare properties that will house medical businesses that regulations permit them to own. In addition to existing group practices, there is a growing trend for physicians in specialties, including cardiology, oncology, women's health, orthopedics and urology, to enter into joint ventures and partnerships with hospitals, operators and financial sponsors to form specialty hospitals for the treatment of specific diseases. We believe a significant number of these types of organizations have no interest in owning real estate and are aggressively looking for third-parties to develop and own their healthcare properties.

The current regulatory environment remains an ongoing challenge for healthcare providers, who are under pressure to comply with complex healthcare laws and regulations designed to prevent fraud and abuse. These regulations, for example, prohibit physicians from referring patients to entities in which they have investment interests and prohibit hospitals from leasing space to physicians at below market rates. As a result, healthcare providers seek reduced liability costs and have an incentive to dispose of real estate to third parties, thus

Table of Contents

reducing the risk of violating fraud and abuse regulations. This environment creates investment opportunities for owners, acquirers and joint venture partners of healthcare real estate who understand the needs of healthcare professionals and can help keep tenant costs low. While the current regulatory environment is positive for healthcare operators, there is uncertainty as to the future of government policies and its potential impact on healthcare provider profitability.

Quality Commercial Office Properties

We also invest and intend to continue to invest a portion of the offering proceeds available for investment after the payment of fees and expenses in quality commercial office properties. These properties are generally in desirable locations, generally are of high quality construction, may offer personalized tenant amenities and attract high quality tenants. We also believe that a portfolio consisting of a substantial investment in this type of property enhances our liquidity opportunities for investors by making the sale of individual properties, multiple properties or our investment portfolio as a whole attractive to institutional investors and by making a possible listing of our shares attractive to the public investment community.

Demographic Investing

We incorporate a demographic-based investment approach to our overall investment strategy. This approach allows us to consider demographic analysis when acquiring our properties. This analysis takes into account fundamental long-term economic and societal trends, including population shifts, generational differences, and domestic migration patterns. Demographic-based investing will assist us in investing in the properties utilized by the industries that serve the country's largest population groups, and in the regions experiencing the greatest growth. When incorporating this strategy, we consider three factors: (1) the age ranges of the dominant population groups; (2) the essential needs of each dominant population group; and (3) the geographic regions that appeal to each dominant population group.

Age. Our demographic-based investment strategy focuses on the following three population groups:

Seniors The 65+ age group who are the elders of the baby boomers.

Boomers Born between 1946 and 1964, the American Hospital Association and First Consulting Group states that this group controls 75% of the United States' assets.

Echo boomers Born between 1982 and 1994, represent the children of the boomers.

Essential Needs. We believe that each of these population groups shares a need for greater healthcare services:

Seniors Americans over 65 are living longer, healthier, and more active lives than previous generations though we believe this group is still responsible for much of the nation's healthcare spending. According to the U.S. Census Bureau, the majority of this group has at least one chronic medical condition and more than half has two chronic conditions.

Boomers This aging population, currently the largest, is expected to live longer than prior generations and manage more chronic and complex medical conditions, according to the U.S. Census Bureau and the American Hospital Association and First Consulting Group. According to the American Hospital Association and First Consulting Group, boomers are spending more money on healthcare, such as elective and preventative procedures due to new technology and medical advances.

Echo Boomers This group is on a path towards chronic health conditions according to a University of New Hampshire study. Additionally, they represent a large part of the overall U.S. population. Like their parents generation (boomers), this group may be more likely to live longer and more active lives than earlier generations of Americans.

Geographic Regions. The concentrations and migrations of population groups may lay the groundwork for current and future consumption patterns. In recent years, the largest proportionate increases in the senior population were in the Southern and Western states. This trend should continue as boomers begin to retire. As

Table of Contents

population in key states in the South and West grows, the need for more healthcare facilities and properties may also increase.

Joint Venture Investments

We have and may continue to enter into joint ventures, general partnerships and other arrangements with one or more institutions or individuals, including real estate developers, operators, owners, investors and others, some of whom may be affiliates of our advisor, for the purpose of acquiring real estate. Such joint ventures may be leveraged with debt financing or unleveraged. We may enter into joint ventures to further diversify our investments or to access investments which meet our investment criteria that would otherwise be unavailable to us. In determining whether to invest in a particular joint venture, our advisor will evaluate the real estate that such joint venture owns or is being formed to own under the same criteria described elsewhere in this prospectus for the selection of our other properties. However, we will not participate in tenant-in-common syndications or transactions.

Joint ventures with unaffiliated third parties may be structured such that the investment made by us and the co-venturer are on substantially different terms and conditions. For example, while we and a co-venturer may invest an equal amount of capital in an investment, the investment may be structured such that we have a right to priority distributions of cash flow up to a certain target return while the co-venturer may receive a disproportionately greater share of cash flow than we are to receive once such target return has been achieved. This type of investment structure may result in the co-venturer receiving more of the cash flow, including appreciation, of an investment than we would receive. See **Risk Factors** **Risks Related to Joint Ventures** We may structure our joint venture relationships in a manner which may limit the amount we participate in the cash flow or appreciation of an investment.

We may only enter into joint ventures with other Grubb & Ellis Group programs or affiliates of our advisor or any of our directors for the acquisition of properties if:

a majority of our directors, including a majority of the independent directors, approve the transaction as being fair and reasonable to us; and

the investment by us and such affiliate are on substantially the same terms and conditions that are no less favorable than those that would be available to unaffiliated third parties.

Our entering into joint ventures with our advisor or any of its affiliates will result in certain conflicts of interest. See **Conflicts of Interest** **Joint Ventures with Affiliates of Our Advisor**.

Securities Investments

We may invest in the following types of real estate related securities: (1) equity securities such as common stocks, preferred stocks and convertible preferred securities of public or private real estate companies (including other REITs, real estate operating companies and other real estate companies); (2) debt securities such as CMBS, commercial mortgages, mortgage loan participations and debt securities issued by other real estate companies; and (3) certain other types of securities that may help us reach our diversification and other investment objectives. These other securities may include, but are not limited to, mezzanine loans, bridge loans, various types of collateralized debt obligations and certain non-U.S. dollar denominated securities.

Our advisor will have substantial discretion with respect to the selection of specific securities investments. Our charter provides that we may not invest in equity securities unless a majority of the directors (including a majority of independent directors) not otherwise interested in the transaction approve such investment as being fair, competitive and commercially reasonable. Consistent with such requirements, in determining the types of real estate related

securities investments to make, our advisor will adhere to a board-approved asset allocation framework consisting primarily of components such as (1) target mix of securities across a range of risk/reward characteristics, (2) exposure limits to individual securities and (3) exposure limits to securities subclasses (such as common equities, mortgage debt and foreign securities). Within this

Table of Contents

framework, our advisor will evaluate specific criteria for each prospective real estate related securities investment including:

positioning the overall portfolio to achieve an optimal mix of real property and real estate related securities investments;

diversification benefits relative to the rest of the securities assets within our portfolio;

fundamental securities analysis;

quality and sustainability of underlying property cash flows;

broad assessment of macro economic data and regional property level supply and demand dynamics;

potential for delivering high current income and attractive risk-adjusted total returns; and

additional factors considered important to meeting our investment objectives.

We are not specifically limited in the number or size of our real estate related securities investments, or on the percentage of the net proceeds from this offering that we may invest in a single real estate related security or pool of real estate related securities. However, we do not presently intend to invest more than 15.0% of our total assets in securities. The specific number and mix of real estate related securities in which we invest will depend upon real estate market conditions, other circumstances existing at the time we are investing in our real estate related securities and the amount of proceeds we raise in this offering. We will not invest in securities of other issuers for the purpose of exercising control and the first or second mortgages in which we intend to invest will likely not be insured by the Federal Housing Administration or guaranteed by the Veterans Administration or otherwise guaranteed or insured.

Borrowing Policies

We use and intend to continue to use secured and unsecured debt as a means of providing additional funds for the acquisition of properties and real estate related securities. Our ability to enhance our investment returns and to increase our diversification by acquiring assets using additional funds provided through borrowing could be adversely impacted if banks and other lending institutions reduce the amount of funds available for the types of loans we seek. When interest rates are high or financing is otherwise unavailable on a timely basis, we may purchase certain assets for cash with the intention of obtaining debt financing at a later time.

We anticipate that aggregate borrowings, both secured and unsecured, will not exceed 60.0% of all of our properties combined fair market values, as determined at the end of each calendar year beginning with our first full year of operation. For these purposes, the fair market value of each asset will be equal to the purchase price paid for the asset or, if the asset was appraised subsequent to the date of purchase, then the fair market value will be equal to the value reported in the most recent independent appraisal of the asset. Our policies do not limit the amount we may borrow with respect to any individual investment.

Our aggregate secured and unsecured borrowings will be reviewed by our board of directors at least quarterly. Our charter precludes us from borrowing in excess of 300.0% of the value of our net assets. Net assets for purposes of this calculation are defined as our total assets (other than intangibles), valued at cost prior to deducting depreciation, reserves for bad debts and other non-cash reserves, less total liabilities. The preceding calculation is generally expected to approximate 75.0% of the sum of (1) the aggregate cost of our properties before non-cash reserves and depreciation and (2) the aggregate cost of our securities assets. However, we may temporarily borrow in excess of

these amounts if such excess is approved by a majority of our independent directors and disclosed to stockholders in our next quarterly report, along with an explanation for such excess. In such event, we will review our debt levels at that time and take action to reduce any such excess as soon as practicable.

By operating on a leveraged basis, we have more funds available for our investments. This generally allows us to make more investments than would otherwise be possible, potentially resulting in enhanced investment returns and a more diversified portfolio. However, our use of leverage increases the risk of default

Table of Contents

on loan payments and the resulting foreclosure of a particular asset. In addition, lenders may have recourse to assets other than those specifically securing the repayment of the indebtedness.

Our advisor uses its best efforts to obtain financing on the most favorable terms available to us and will refinance assets during the term of a loan only in limited circumstances, such as when a decline in interest rates makes it beneficial to prepay an existing loan, when an existing loan matures or if an attractive investment becomes available and the proceeds from the refinancing can be used to purchase such investment. The benefits of the refinancing may include an increased cash flow resulting from reduced debt service requirements, an increase in distributions from proceeds of the refinancing, and an increase in diversification and assets owned if all or a portion of the refinancing proceeds are reinvested.

Our charter restricts us from borrowing money from any of our directors or from our advisor and its affiliates unless such loan is approved by a majority of our directors (including a majority of the independent directors) not otherwise interested in the transaction, as fair, competitive and commercially reasonable and no less favorable to us than comparable loans between unaffiliated parties.

Disposition Policies

We intend to hold each property or real estate related securities investment we acquire for an extended period. However, circumstances might arise which could result in a shortened holding period for certain investments. In general, the holding period for securities assets is expected to be shorter than the holding period for real property assets. An investment in a property or security may be sold before the end of the expected holding period if:

diversification benefits exist associated with disposing of the investment and rebalancing our investment portfolio;

an opportunity arises to pursue a more attractive investment;

in the judgment of our advisor, the value of the investment might decline;

with respect to properties, a major tenant involuntarily liquidates or is in default under its lease;

the investment was acquired as part of a portfolio acquisition and does not meet our general acquisition criteria;

an opportunity exists to enhance overall investment returns by raising capital through sale of the investment; or

in the judgment of our advisor, the sale of the investment is in our best interests.

The determination of whether a particular property or real estate related securities investment should be sold or otherwise disposed of will be made after consideration of relevant factors, including prevailing economic conditions, with a view toward maximizing our investment objectives. We cannot assure you that this objective will be realized. The selling price of a property which is net leased will be determined in large part by the amount of rent payable under the lease(s) for such property. If a tenant has a repurchase option at a formula price, we may be limited in realizing any appreciation. In connection with our sales of properties we may lend the purchaser all or a portion of the purchase price. In these instances, our taxable income may exceed the cash received in the sale. See **Federal Income Tax Considerations – Failure to Maintain Qualification as a REIT.** The terms of payment will be affected by custom in the area in which the investment being sold is located and the then-prevailing economic conditions.

Liquidity Events

On a limited basis, you may be able to sell shares through our share repurchase plan, which is at our sole discretion. However, in the future, our board of directors will also consider various forms of liquidity events, including but not limited to (1) a listing of shares of our common stock on a national securities exchange, (2) our sale or merger in a transaction that provides our stockholders with a combination of cash and/or securities of a publicly traded company, and (3) the sale of all or substantially all of our assets for cash or

Table of Contents

other consideration. We presently intend to effect a liquidity event by September 20, 2013. However, there can be no assurance that we will effect a liquidity event within such time or at all. In making the decision whether to effect a liquidity event, our board of directors will try to determine which alternative will result in greater value for our stockholders. Certain merger transactions and the sale of all or substantially all of our assets as well as liquidation would require the affirmative vote of holders of a majority of our outstanding shares of common stock.

Construction and Development Activities

From time to time, we may construct and develop real estate assets or render services in connection with these activities. We may be able to reduce overall purchase costs by constructing and developing property versus purchasing a finished property. Developing and constructing properties would, however, expose us to risks such as cost overruns, carrying costs of projects under construction or development, availability and costs of materials and labor, weather conditions and government regulation. See **Risk Factors** **Risks Related to Investments in Real Estate** for additional discussion of these risks. We will retain independent contractors to perform the actual construction work on tenant improvements, such as installing heating, ventilation and air conditioning systems.

Tenant Improvements

We anticipate that tenant improvements required at the time of our acquisition of a property will be funded from our offering proceeds. However, at such time as a tenant of one of our properties does not renew its lease or otherwise vacates its space in one of our buildings, it is likely that, in order to attract new tenants, we will be required to expend substantial funds for tenant improvements and tenant refurbishments to the vacated space. Since we do not anticipate maintaining permanent working capital reserves, we may not have access to funds required in the future for tenant improvements and tenant refurbishments in order to attract new tenants to lease vacated space.

Terms of Leases

The terms and conditions of any lease we enter into with our tenants may vary substantially from those we describe in this prospectus. However, we expect that a majority of our leases will require the tenant to pay or reimburse us for some or all of the operating expenses of the building based on the tenant's proportionate share of rentable space within the building. Operating expenses typically include, but are not limited to, real estate taxes, sales and use taxes, special assessments, utilities, insurance and building repairs, and other building operation and management costs. We will probably be responsible for the replacement of specific structural components of a property such as the roof of the building or the parking lot. We expect that many of our leases will generally have terms of five or more years, some of which may have renewal options.

Investment Limitations

Our charter places numerous limitations on us with respect to the manner in which we may invest our funds prior to a listing of our common stock. These limitations cannot be changed unless our charter is amended, which requires approval of our board of directors and our stockholders. Until our common stock is listed, unless our charter is amended, we will not:

make investments in unimproved property or indebtedness secured by a deed of trust or mortgage loans on unimproved property in excess of 10.0% of our total assets;

invest in commodities or commodity futures contracts, except for futures contracts when used solely for the purpose of hedging in connection with our ordinary business of investing in real properties;

invest in real estate contracts of sale, otherwise known as land sale contracts, unless the contract is in recordable form and is appropriately recorded in the chain of title;

make or invest in mortgage loans unless an appraisal is obtained concerning the underlying property except for those mortgage loans insured or guaranteed by a government or government agency. In cases

Table of Contents

where a majority of our independent directors determines, and in all cases in which the transaction is with any of our directors, our advisor or any of their respective affiliates, such appraisal shall be obtained from an independent appraiser. We will maintain such appraisal in our records for at least five years and it will be available for your inspection and duplication. We will also obtain a mortgagee's or owner's title insurance policy as to the priority of the mortgage;

make or invest in mortgage loans, including construction loans, on any one property if the aggregate amount of all mortgage loans on such property, including our loans, would exceed an amount equal to 85.0% of the appraised value of such property as determined by appraisal unless substantial justification exists for exceeding such limit because of the presence of other underwriting criteria;

make or invest in mortgage loans that are subordinate to any lien or other indebtedness of any of our directors, our advisor or any of their respective affiliates;

issue securities redeemable solely at the option of the holder (this limitation, however, does not limit or prohibit the operation of our share repurchase plan);

issue debt securities unless the historical debt service coverage (in the most recently completed fiscal year) as adjusted for known changes is anticipated to be sufficient to properly service that higher level of debt;

issue equity securities on a deferred payment basis or other similar arrangement;

issue options or warrants to purchase shares to our advisor, any of our directors or any of their respective affiliates except on the same terms as the options or warrants are sold to the general public; options or warrants may be issued to persons other than our directors, our advisor or any of their respective affiliates, but not at exercise prices less than the fair market value of the underlying securities on the date of grant and not for consideration (which may include services) that in the judgment of the independent directors has a market value less than the value of such options or warrants on the date of grant;

engage in investment activities that would cause us to be classified as an investment company under the Investment Company Act;

make any investment that is inconsistent with our objectives of qualifying and remaining qualified as a REIT unless and until our board of directors determines, in its sole discretion, that REIT qualification is not in our best interest;

invest in real estate contracts of sale unless such contracts of sale are in recordable form and appropriately recorded in the chain of title; or

engage in the business of underwriting or the agency distribution of securities issued by other persons.

In addition, we do not intend to invest in junior debt secured by a mortgage on real estate which is subordinate to the lien or other senior debt except where the amount of such junior debt plus any senior debt does not exceed 90.0% of the appraised value of such property and, if after giving effect thereto, the value of all such junior debt in which we have invested would not then exceed 25.0% of our net assets.

Change in Investment Objectives and Policies

Our charter requires that the independent directors review our investment policies at least annually to determine that the policies we are following are in the best interests of our stockholders. Each determination and the basis therefor is required to be set forth in the minutes of the applicable meetings of our directors. The methods of implementing our investment policies also may vary as new investment techniques are developed. Our investment objectives and policies may be altered by our board of directors without the approval of the stockholders.

Issuing Securities for Property

Subject to limitations contained in our organizational and governance documents, we may issue, or cause to be issued, shares of our stock or limited partnership units in our operating partnership in any manner (and on such terms and for such consideration) in exchange for real estate. Existing stockholders have no preemptive rights to purchase such shares or limited partnership units in any such offering, and any such offering might cause a dilution of a stockholder's initial investment.

In order to induce the contributors of such properties to accept units in our operating partnership, rather than cash, in exchange for their properties, it may be necessary for us to provide them additional incentives. For instance, our operating partnership's partnership agreement provides that any holder of units may exchange limited partnership units on a one-for-one basis for shares of our common stock, or, at our option, cash equal to the value of an equivalent number of our shares. We may, however, enter into additional contractual arrangements with contributors of property under which we would agree to repurchase a contributor's units for shares of our common stock or cash, at the option of the contributor, at set times. In order to allow a contributor of a property to defer taxable gain on the contribution of property to our operating partnership, we might agree not to sell a contributed property for a defined period of time or until the contributor exchanged the contributor's units for cash or shares. Such an agreement would prevent us from selling those properties, even if market conditions made such a sale favorable to us. Such transactions are subject to the risks described in **Risk Factors – Risks Related to Our Business**. We may structure acquisitions of property in exchange for limited partnership units in our operating partnership on terms that could limit our liquidity or our flexibility. Although we may enter into such transactions with other existing or future Grubb & Ellis Group programs, we do not currently intend to do so. If we were to enter into such a transaction with an entity managed by our sponsor or its affiliates, we would be subject to the risks described in **Risk Factors – Risks Related to Conflicts of Interest**. We have and may continue to acquire assets from, or dispose of assets to, entities managed by affiliates of our advisor, which could result in us entering into transactions on less favorable terms than we would receive from a third party or that negatively affect the public's perception of us. Any such transaction would be subject to the restrictions and procedures described in **Conflicts of Interest – Certain Conflict Resolution Restrictions and Procedures**.

Real Estate Acquisitions

Our advisor continually evaluates various potential investments on our behalf and engage in discussions and negotiations with real property sellers, developers, brokers, lenders, investment managers and others regarding such potential investments. While this offering is pending, if we believe that a reasonable probability exists that we will acquire a specific property or make a material investment in real estate related securities, this prospectus will be supplemented to disclose the negotiations and pending acquisition of such property or securities investment. We expect that this will normally occur upon the signing of a purchase agreement for the acquisition of a specific property or real estate related securities investment, but may occur before or after such signing or upon the satisfaction or expiration of major contingencies in any such purchase agreement, depending on the particular circumstances surrounding each potential investment. A supplement to this prospectus will describe any information that we consider appropriate for an understanding of the transaction. Further data will be made available after any pending investment is consummated, also by means of a supplement to this prospectus, if appropriate. You should understand that the disclosure of any proposed investment cannot be relied upon as an assurance that we will ultimately consummate such investment or that the information provided concerning the proposed investment will not change between the date of the supplement and any actual purchase.

Investment Company Act Considerations

We intend to operate in such a manner that we will not be subject to regulation under the Investment Company Act. In order to maintain our exemption from regulations under the Investment Company Act, we must comply with technical and complex rules and regulations.

Table of Contents

In order to maintain our exemption from regulation as an investment company, we intend to engage primarily in the business of investing in interests in real estate and make these investments within one year after the offering ends. If we are unable to invest a significant portion of the proceeds of this offering in properties within one year of the termination of the offering, we may avoid being required to register as an investment company under the Investment Company Act by temporarily investing any unused proceeds in government securities with low returns. Investments in government securities likely would reduce the cash available for distribution to investors and possibly lower your returns.

Our advisor continually reviews our investment activity and takes appropriate actions to attempt to ensure that we do not come within the application of the Investment Company Act. These actions may include limiting the percentage of our assets that fall into certain categories specified in the Investment Company Act, which could result in us holding assets we otherwise might desire to sell and selling assets we otherwise might wish to retain. In addition, we may have to acquire additional assets that we might not otherwise have acquired or be forced to forgo investment opportunities that we would otherwise want to acquire and that could be important to our investment strategy. In particular, our advisor will monitor our investments in real estate related securities to ensure continued compliance with one or more exemptions from investment company status under the Investment Company Act and, depending on the particular characteristics of those investments and our overall portfolio, our advisor may be required to limit the percentage of our assets represented by real estate related securities. If at any time the character of our investments could cause us to be deemed an investment company for purposes of the Investment Company Act, we will take the necessary action to attempt to ensure that we are not deemed to be an investment company. If we were required to register as an investment company, our ability to enter into certain transactions would be restricted by the Investment Company Act. See Risk Factors Risks Related to Our Organizational Structure Your investment return may be reduced if we are required to register as an investment company under the Investment Company Act.

MANAGEMENT

Board of Directors

We operate under the direction of our board of directors, the members of which are accountable to us and our stockholders as fiduciaries. The board of directors is responsible for the management and control of our affairs. We have one employee, Scott D. Peters, our Chief Executive Officer, President and Chairman of the Board. The board of directors has retained Mr. Peters and our advisor to manage our day-to-day operations and to implement our investment strategy, subject to the board's direction, oversight and approval.

We currently have six members on our board of directors. Our charter and bylaws provide that the number of our directors may be established by a majority of the entire board of directors, but that number may not be fewer than three nor more than 15. Our charter also provides that a majority of the directors must be independent directors and that at least one of the independent directors must have at least three years of relevant real estate experience. An independent director is a person who is not an officer or employee of our advisor or its affiliates and has not otherwise been affiliated with such entities for the previous two years. We currently have five independent directors, as defined by our charter.

Directors are elected annually and serve until the next annual meeting of stockholders or until their successor has been duly elected and qualified. There is no limit on the number of times a director may be elected to office. Although the number of directors may be increased or decreased, a decrease will not have the effect of shortening the term of any incumbent director.

Any director may resign at any time and may be removed with or without cause by the stockholders upon the affirmative vote of at least a majority of all the votes entitled to be cast at a meeting called for the purpose of the

proposed removal. The notice of the meeting shall indicate that the purpose, or one of the purposes, of the meeting is to determine if the director shall be removed.

Table of Contents

Any vacancy created by an increase in the number of directors or the death, resignation, removal, adjudicated incompetence or other incapacity of a director shall be filled by a vote of a majority of the remaining directors. The independent directors will nominate replacements for vacancies in the independent director positions.

Duties of Directors

Our charter was reviewed and ratified by a unanimous vote of our directors, including our independent directors. The responsibilities of our board of directors include:

approving and overseeing our overall investment strategy, which will consist of elements such as:

(1) allocation of percentages of capital to be invested in real estate properties and real estate related securities, (2) allocation of percentages of capital to be invested in medical office properties, healthcare-related facilities and quality commercial office properties, (3) diversification strategies, (4) investment selection criteria and (5) investment disposition strategies;

approving all real property acquisitions, developments and dispositions, including the financing of such acquisitions and developments;

approving specific discretionary limits and authority to be granted to our advisor in connection with the purchase and disposition of real estate related securities that fit within the asset allocation framework;

approving and overseeing our debt financing strategy;

approving and monitoring the performance of our advisor;

approving joint ventures, limited partnerships and other such relationships with third parties;

determining our distribution policy and declaring distributions from time to time;

approving amounts available for repurchases of shares of our common stock; and

approving a liquidity event, such as the listing of our shares on a national securities exchange, the liquidation of our portfolio, our merger with another company or similar transaction providing liquidity to our stockholders.

Our directors are not required to devote all of their time to our business and are only required to devote the time to our affairs as their duties may require. Our directors meet quarterly or more frequently if necessary in order to discharge their duties.

The directors have established and periodically review written policies on investments and borrowings consistent with our investment objectives and monitor our administrative procedures, investment operations and performance and those of our advisor to assure that such policies are carried out.

Our independent directors are also responsible for reviewing our fees and expenses on at least an annual basis and with sufficient frequency to determine that the expenses incurred are in the best interest of the stockholders.

In order to reduce or eliminate certain potential conflicts of interest, our charter requires that a majority of our independent directors, and a majority of directors not otherwise interested in the transaction, must approve all transactions with any of our directors, our advisor, or any of their affiliates. Our independent directors are also

responsible for reviewing the performance of our advisor and determining that the compensation paid to our advisor and the distributions that may be payable to our advisor pursuant to its subordinated participation interest in our operating partnership are reasonable in relation to the nature and quality of services to be performed and that the provisions of the advisory agreement are being carried out. As a part of their review of our advisor's compensation, our independent directors consider factors such as:

the quality and extent of service and advice furnished by our advisor;

the amount of the fees and other compensation paid to our advisor in relation to the size, composition and performance of our investments;

Table of Contents

the success of our advisor in generating appropriate investment opportunities;

rates charged to comparable externally advised REITs and other investors by advisors performing similar services;

additional revenues realized by our advisor and its affiliates through their relationship with us, whether paid by us or by others with whom we do business; and

the performance of our investment portfolio.

Committees of the Board of Directors

Our board of directors may establish committees it deems appropriate to address specific areas in more depth than may be possible at a full board meeting, provided that the majority of the members of each committee are independent directors. Our board of directors has established an audit committee, a compensation committee, a nominating and corporate governance committee and an investment committee.

Audit Committee. Our audit committee's primary function is to assist the board of directors in fulfilling its oversight responsibilities by reviewing the financial information to be provided to the stockholders and others, the system of internal controls which management has established, and the audit and financial reporting process. The audit committee is responsible for the selection, evaluation and, when necessary, replacement of our independent registered public accounting firm. Under our audit committee charter, the audit committee will always be comprised solely of independent directors. The audit committee is currently comprised of W. Bradley Blair, II, Maurice J. DeWald, Warren D. Fix, Larry L. Mathis and Gary T. Wescombe, all of whom are independent directors. Mr. DeWald currently serves as the chairman and has been designated as the audit committee financial expert.

Compensation Committee. The primary responsibilities of our compensation committee are to advise the board on compensation policies, establish performance objectives for our executive officers, review and recommend to our board of directors the appropriate level of director compensation and annually review our compensation strategy and assess its effectiveness. Under our compensation committee charter, the compensation committee will always be comprised solely of independent directors. The compensation committee is currently comprised of W. Bradley Blair, II, Maurice J. DeWald, Warren D. Fix, Larry L. Mathis and Gary T. Wescombe, all of whom are independent directors. Mr. Wescombe currently serves as the chairman.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee's primary purposes are to identify qualified individuals to become board members, to recommend to the board the selection of director nominees for election at the annual meeting of stockholders, to make recommendations regarding the composition of the board of directors and its committees, to assess director independence and board effectiveness, to develop and implement corporate governance guidelines and to oversee our compliance and ethics program. The nominating and corporate governance committee is currently comprised of W. Bradley Blair, II, Maurice J. DeWald, Warren D. Fix, Larry L. Mathis and Gary T. Wescombe, all of whom are independent directors. Mr. Fix currently serves as the chairman.

Investment Committee. Our investment committee's primary function is to assist the board of directors in reviewing proposed acquisitions presented by our advisor. The investment committee has the authority to reject but not to approve proposed acquisitions, which must receive the approval of the board of directors. The investment committee does not have a charter. The investment committee is currently comprised of W. Bradley Blair, II, Warren D. Fix, Scott D. Peters and Gary T. Wescombe. Messrs. Blair, Fix and Wescombe are independent directors. Mr. Blair

currently serves as the chairman.

As of the date of this prospectus, our directors and our executive officers, their ages and their positions and offices are as follows:

| Name | Age | Position |
|----------------------|------------|--|
| Scott D. Peters | 50 | Chief Executive Officer, President and Chairman of the Board |
| Shannon K S Johnson | 31 | Chief Financial Officer |
| Andrea R. Biller | 59 | Executive Vice President and Secretary |
| Danny Prosky | 43 | Executive Vice President Acquisitions |
| W. Bradley Blair, II | 65 | Independent Director |
| Maurice J. DeWald | 68 | Independent Director |
| Warren D. Fix | 70 | Independent Director |
| Larry L. Mathis | 65 | Independent Director |
| Gary T. Wescombe | 65 | Independent Director |

Scott D. Peters has served as our Chief Executive Officer since April 2006, President since June 2007, and Chairman of the Board since July 2006. He served as the Chief Executive Officer of Grubb & Ellis Healthcare REIT Advisor, LLC, our advisor, from July 2006 until July 2008. He served as the Executive Vice President of Grubb & Ellis Apartment REIT, Inc. from January 2006 to November 2008 and served as one of its directors from April 2007 to June 2008. Compensation of Directors and Officers

Executive Compensation

On November 14, 2008, we entered into an employment agreement for a term beginning November 1, 2008 to November 1, 2010 with Scott D. Peters, our Chief Executive Officer, President and Chairman of the Board of Directors. The employment agreement provides for an initial annual base salary of \$350,000. Mr. Peters is eligible to receive an annual bonus, based upon performance goals to be established by the compensation committee of our board of directors, after discussion of such goals with Mr. Peters. The maximum annual bonus payable to Mr. Peters upon the achievement of the applicable performance goals initially has been set at 100% of his base salary. The terms of his compensation will be reviewed in six months by the compensation committee and may be increased or decreased at such time. However, the compensation committee will not decrease his annual base salary by more than 20.0% from his initial base salary. Mr. Peters' employment agreement also provides that Mr. Peters is entitled to four weeks of paid vacation time per calendar year and that we will pay Mr. Peters' monthly premium for medical, dental, vision and/or prescription drug plans for a six-month period beginning on November 1, 2008, and ending on April 30, 2009, and at the conclusion of such six-month period, the compensation committee will evaluate alternatives for health coverage for Mr. Peters.

In the event that, during the two-year employment period, we terminate Mr. Peters' employment without cause, Mr. Peters will be entitled to receive a lump sum severance payment equal to 0.5 times his annual base salary and a payment equal to a pro-rata portion of his annual bonus for the year in which his date of termination occurs.

In addition, on November 14, 2008, we granted Mr. Peters 40,000 shares of restricted common stock under, and pursuant to the terms and conditions of, our 2006 Incentive Plan. The shares of restricted common stock will vest and become non-forfeitable in equal annual installments of 33.3% each, on the first, second and third anniversaries of the grant date.

We have no employees other than Mr. Peters, and we have no consultants or independent contractors. Our day-to-day management functions are performed by Mr. Peters and by employees of our advisor and its affiliates. Other than

Mr. Peters, the individuals who serve as our executive officers do not receive compensation directly from us for services rendered to us, and, other than Mr. Peters, we do not currently intend to pay any compensation directly to our executive officers. As a result, other than the employment

agreement with Mr. Peters, we do not have, and our board of directors has not considered, a compensation policy or program for our executive officers.

Other than Mr. Peters, each of our executive officers is employed by our advisor or its affiliates, and is compensated by these entities for their services to us. We pay these entities fees and reimburse expenses pursuant to our advisory agreement between us, our advisor and Grubb & Ellis Realty Investors.

Director Compensation

Pursuant to the terms of our director compensation program, which are contained in our 2006 Independent Directors Compensation Plan, a sub-plan of our 2006 Incentive Plan, our independent directors receive the following forms of compensation:

Annual Retainer. Our independent directors receive an annual retainer of \$36,000.

Meeting Fees. Our independent directors receive \$1,000 for each board meeting attended in person or by telephone, \$500 for each committee meeting attended in person or by telephone, and an additional \$500 to the chairman of each committee for each committee meeting attended in person or by telephone. If a board meeting is held on the same day as a committee meeting, an additional fee will not be paid for attending the committee meeting except to the chairman of each committee.

Equity Compensation. Upon initial election to the board of directors, each independent director receives 5,000 shares of restricted common stock, and an additional 2,500 shares of restricted common stock upon his or her subsequent election each year. The restricted shares will vest as to 20.0% of the shares on the date of grant and on each anniversary thereafter over four years from the date of grant.

Other Compensation. We reimburse our directors for reasonable out-of-pocket expenses incurred in connection with attendance at meetings, including committee meetings, of the board of directors. Independent directors do not receive other benefits from us.

Our non-independent director does not receive any compensation from us for serving as a director.

Incentive Stock Plan

We have adopted an incentive stock plan, which we use to attract and retain qualified independent directors, employees and consultants providing services to us who are considered essential to our long-term success by offering these individuals an opportunity to participate in our growth through awards in the form of, or based on, our common stock.

The incentive stock plan provides for the granting of awards to participants in the following forms to those independent directors, employees, and consultants selected by the plan administrator for participation in the incentive stock plan:

options to purchase shares of our common stock, which may be nonstatutory stock options or incentive stock options under the U.S. tax code;

stock appreciation rights, which give the holder the right to receive the difference between the fair market value per share on the date of exercise over the grant price;

performance awards, which are payable in cash or stock upon the attainment of specified performance goals;

restricted stock, which is subject to restrictions on transferability and other restrictions set by the committee;

restricted stock units, which give the holder the right to receive shares of stock, or the equivalent value in cash or other property, in the future;

deferred stock units, which give the holder the right to receive shares of stock, or the equivalent value in cash or other property, at a future time;

dividend equivalents, which entitle the participant to payments equal to any dividends paid on the shares of stock underlying an award; and/or

other stock based awards in the discretion of the plan administrator, including unrestricted stock grants.

Table of Contents

Any such awards will provide for exercise prices, where applicable, that are not less than the fair market value of our common stock on the date of the grant. Any shares issued under the incentive stock plan will be subject to the ownership limits contained in our charter.

Our board of directors or a committee of its independent directors will administer the incentive stock plan, with sole authority to select participants, determine the types of awards to be granted and all of the terms and conditions of the awards, including whether the grant, vesting or settlement of awards may be subject to the attainment of one or more performance goals. No awards will be granted under the plan if the grant, vesting and/or exercise of the awards would jeopardize our status as a REIT under the Internal Revenue Code or otherwise violate the ownership and transfer restrictions imposed under our charter.

The maximum number of shares of common stock that may be issued upon the exercise or grant of an award under the incentive stock plan is 2,000,000. In the event of a nonreciprocal corporate transaction that causes the per-share value of our common stock to change, such as a stock dividend, stock split, spin-off, rights offering, or large nonrecurring cash dividend, the share authorization limits of the incentive stock plan will be adjusted proportionately.

Unless otherwise provided in an award certificate, upon the death or disability of a participant, or upon a change in control, all of such participant's outstanding awards under the incentive stock plan will become fully vested. The plan will automatically expire on the tenth anniversary of the date on which it is adopted, unless extended or earlier terminated by the board of directors. The board of directors may terminate the plan at any time, but such termination will have no adverse impact on any award that is outstanding at the time of such termination. The board of directors may amend the plan at any time, but any amendment would be subject to stockholder approval if, in the reasonable judgment of the board, stockholder approval would be required by any law, regulation or rule applicable to the plan. No termination or amendment of the plan may, without the written consent of the participant, reduce or diminish the value of an outstanding award determined as if the award had been exercised, vested, cashed in or otherwise settled on the date of such amendment or termination. The board may amend or terminate outstanding awards, but those amendments may require consent of the participant and, unless approved by the stockholders or otherwise permitted by the antidilution provisions of the plan, the exercise price of an outstanding option may not be reduced, directly or indirectly, and the original term of an option may not be extended.

Under Section 162(m) of the Internal Revenue Code, a public company generally may not deduct compensation in excess of \$1 million paid to its chief executive officer and the four next most highly compensated executive officers. Until the annual meeting of our stockholders in 2010, or until the incentive stock plan is materially amended, if earlier, awards granted under the incentive stock plan will be exempt from the deduction limits of Section 162(m). In order for awards granted after the expiration of such grace period to be exempt, the incentive stock plan must be amended to comply with the exemption conditions and be resubmitted for approval by our stockholders.

Limited Liability and Indemnification of Directors, Officers and Others

Our organizational documents limit the personal liability of our stockholders, directors and officers for monetary damages subject to the limitations of the Statement of Policy Regarding Real Estate Investment Trusts adopted by the North American Securities Administrators Association, or the NASAA Guidelines. We also maintain a directors and officers liability insurance policy. The Maryland General Corporation Law allows directors and officers to be indemnified against judgments, penalties, fines, settlements and reasonable expenses actually incurred in connection with a proceeding unless the following can be established:

an act or omission of the director or officer was material to the cause of action adjudicated in the proceeding, and was committed in bad faith or was the result of active and deliberate dishonesty;

the director or officer actually received an improper personal benefit in money, property or services; or

with respect to any criminal proceeding, the director or officer had reasonable cause to believe his or her act or omission was unlawful.

Table of Contents

In spite of the above provisions of the Maryland General Corporation Law, our charter provides that our directors, our advisor and its affiliates will be held harmless and indemnified by us for losses only if all of the following conditions are met:

the indemnitee determined, in good faith, that the course of conduct which caused the loss, liability or expense was in our best interests;

the indemnitee was acting on our behalf or performing services for us;

in the case of affiliated directors, our advisor or its affiliates, the liability or loss was not the result of negligence or misconduct by the party seeking indemnification; and

in the case of independent directors, the liability or loss was not the result of gross negligence or willful misconduct by the party seeking indemnification.

In addition, any indemnification or any agreement to hold harmless is recoverable only out of our assets and not from our stockholders.

On January 17, 2007, we entered into indemnification agreements with four of our independent directors, W. Bradley Blair, II, Maurice J. DeWald, Warren D. Fix, Gary T. Wescombe, and each of our officers and non-independent director, Scott D. Peters, Danny Prosky and Andrea R. Biller. On March 1, 2007, we entered into an indemnification agreement with our officer, Shannon K S Johnson. On April 18, 2007, we entered into an indemnification agreement with our fifth independent director, Larry L. Mathis. Pursuant to the terms of these indemnification agreements, we will indemnify and advance expenses and costs incurred by our directors and officers in connection with any claims, suits or proceedings brought against such directors and officers as a result of his or her service. However, our indemnification obligation is subject to the limitations set forth in the indemnification agreements and in our charter.

The general effect to investors of any arrangement under which any of our controlling persons, directors or officers are insured or indemnified against liability is a potential reduction in distributions resulting from our payment of premiums, deductibles and other costs associated with such insurance or, to the extent any such loss is not covered by insurance, our payment of indemnified losses. In addition, indemnification could reduce the legal remedies available to us and our stockholders against the indemnified individuals, however this provision does not reduce the exposure of our directors and officers to liability under federal or state securities laws, nor does it limit our stockholders ability to obtain injunctive relief or other equitable remedies for a violation of a director's or an officer's duties to us or our stockholders, although the equitable remedies may not be an effective remedy in some circumstances.

The SEC takes the position that indemnification against liabilities arising under the Securities Act of 1933 is against public policy and unenforceable. Indemnification of our directors, officers, our advisor or its affiliates or any person acting as a broker-dealer on our behalf, including our dealer manager, will not be allowed for liabilities arising from or out of a violation of state or federal securities laws, unless one or more of the following conditions are met:

there has been a successful adjudication on the merits of each count involving alleged securities law violations;

such claims have been dismissed with prejudice on the merits by a court of competent jurisdiction; or

a court of competent jurisdiction approves a settlement of the claims against the indemnitee and finds that indemnification of the settlement and the related costs should be made, and the court considering the request for indemnification has been advised of the position of the SEC and of the published position of any state securities regulatory authority in the state in which our securities were offered as to indemnification for

violations of securities laws.

Our operating partnership must also indemnify us and our directors, officers and other persons we may designate against damages and other liabilities in our capacity as general partner. See The Operating Partnership Agreement Indemnification.

Table of Contents**Grubb & Ellis, NNN Realty Advisors and Grubb & Ellis Realty Investors**

Grubb & Ellis, headquartered in Santa Ana, California, is one of the most recognized full-service commercial real estate services firms in the United States. Drawing on the resources of nearly 5,500 real estate professionals, including a brokerage sales force of approximately 1,800 brokers nationwide, Grubb & Ellis and its affiliates combine local market knowledge with a national service network to provide innovative, customized solutions for real estate owners, corporate occupants and investors.

On December 7, 2007, NNN Realty Advisors, which previously served as our sponsor, merged with and into a wholly owned subsidiary of our current sponsor, Grubb & Ellis. The transaction was structured as a reverse merger whereby stockholders of NNN Realty Advisors received shares of Grubb & Ellis in exchange for their NNN Realty Advisors shares and, immediately following the merger, former NNN Realty Advisor stockholders owned approximately 60.1% of Grubb & Ellis.

The merger combined one of the world's leading full-service commercial real estate organizations with a leading sponsor of commercial real estate programs to create a diversified real estate services business providing a complete range of transaction, management and consulting services, and possessing a strong platform for continued growth. Grubb & Ellis continues to use the Grubb & Ellis name and continues to be listed on the New York Stock Exchange under the ticker symbol GBE.

As a result of the merger, we consider Grubb & Ellis to be our sponsor. Upon Grubb & Ellis becoming our sponsor, we changed our name from NNN Healthcare/Office REIT, Inc. to Grubb & Ellis Healthcare REIT, Inc.

Grubb & Ellis Realty Investors, the parent and manager of our advisor and an indirect wholly owned subsidiary of our sponsor, offers a diverse line of investment products as well as a full-range of services including asset and property management, brokerage, leasing, analysis and consultation. Grubb & Ellis Realty Investors is also an active seller of real estate, bringing many of its investment programs full cycle.

The following individuals serve as the executive officers of Grubb & Ellis, NNN Realty Advisors or Grubb & Ellis Realty Investors and, as such, perform services for us.

Earlier, he spent nearly seven years at SAIA Burgess, a global supplier of electronics based in Switzerland, where he rose to become part of the firm's senior management team. Mr. Taylor holds a bachelor's degree with honors from the University of Arizona and an MBA from the University of Chicago.

Our Advisor

We rely on our advisor to manage our day-to-day activities and to implement our investment strategy. We, our operating partnership and our advisor are parties to an advisory agreement, pursuant to which our advisor performs its duties and responsibilities as our fiduciary.

Our advisor uses its best efforts, subject to the oversight, review and approval of our Chief Executive Officer and our board of directors, to perform the following duties pursuant to the terms of the advisory agreement:

participate in formulating an investment strategy and asset allocation framework consistent with achieving our investment objectives;

research, identify, review and recommend to our board of directors for approval of real property and real estate related securities acquisitions and dispositions consistent with our investment policies and objectives;

structure and negotiate the terms and conditions of transactions pursuant to which acquisitions and dispositions of real properties will be made;

Table of Contents

actively oversee and manage our real property and real estate related securities investment portfolio for purposes of meeting our investment objectives;

manage our day-to-day affairs, including financial accounting and reporting, investor relations, marketing, informational systems and other administrative services on our behalf;

select joint venture partners, structure corresponding agreements and oversee and monitor these relationships;

arrange for financing and refinancing of our assets; and

recommend to our board of directors when appropriate various transactions which would provide liquidity to our stockholders (such as listing our shares of common stock on a national securities exchange, liquidating our portfolio, or the sale or merger of our company).

The above summary is provided to illustrate the material functions which our advisor will perform for us as our advisor and it is not intended to include all of the services which may be provided to us by our advisor or third parties.

Grubb & Ellis Realty Investors, which is an indirect wholly owned subsidiary of our sponsor Grubb & Ellis, owns a 75.0% managing member interest in our advisor. Grubb & Ellis Healthcare Management, LLC owns a 25.0% non-managing member interest in our advisor. The members of Grubb & Ellis Healthcare Management, LLC include Andrea R. Biller, our Executive Vice President and Secretary, our advisor's Executive Vice President, Grubb & Ellis Executive Vice President, Secretary and General Counsel, NNN Realty Advisors' Executive Vice President, Secretary, General Counsel and director, Grubb & Ellis Realty Investors' Executive Vice President and General Counsel, and Grubb & Ellis Securities' Secretary; and Grubb & Ellis Realty Investors for the benefit of other employees who perform services for us. Ms. Biller owns an 18.0% membership interest in Grubb & Ellis Healthcare Management, LLC. Grubb & Ellis Realty Investors owns a 64.0% membership interest in Grubb & Ellis Healthcare Management, LLC.

The Advisory Agreement

The term of our advisory agreement ends on September 20, 2009. The advisory agreement is not subject to additional renewals. Our independent directors evaluated the performance of our advisor before entering into our advisory agreement. The advisory agreement may be terminated:

immediately by us for cause, or upon the bankruptcy of our advisor;

immediately by the advisor for good reason; or

without cause or penalty upon 60 days' written notice by our advisor or by us upon the approval of a majority of our independent directors.

Cause is defined in the advisory agreement to mean fraud, criminal conduct, willful misconduct or willful or grossly negligent breach of fiduciary duty by our advisor, or any uncured material breach of the advisory agreement by our advisor. Good reason is defined in the advisory agreement to mean either:

any failure by us to obtain a satisfactory agreement from a successor to assume and agree to perform our obligations under the advisory agreement; or

any uncured material breach of the advisory agreement by us.

Upon the termination or expiration of the advisory agreement, our advisor will cooperate with us and take all reasonable steps requested to assist our board of directors in making an orderly transition to a self-management program. We currently have a full-time Chief Executive Officer, Scott D. Peters, and we intend to engage one or more asset managers and potentially other employees. To assist us with our transition to self-management, our advisor has agreed to timely provide information to us, review the processes and procedures currently in place for providing information to us for approval of material matters, and establish a liaison program with us. As we pursue our self-management plan, the duties and responsibilities of our advisor may be adjusted. We do not currently intend to internalize any functions of our advisor. However, to the extent our board of directors determines that it is in the best interests of our stockholders, we may decide in the future to

Table of Contents

internalize certain functions of our advisor, subject to negotiation and approval by our independent directors and our advisor.

If our board of directors were to select a successor advisor, the board of directors must determine that the successor advisor possesses sufficient qualifications to perform the advisory services. Our board of directors would also be required to determine the compensation that we will pay to any successor advisor is reasonable in relation to the nature and quality of the services to be performed for us and is within the limits prescribed in our charter.

Our advisor and its affiliates expect to engage in other business ventures and, as a result, their resources will not be dedicated exclusively to our business. However, pursuant to the advisory agreement, our advisor's key personnel must devote sufficient resources to management of our operations to permit our advisor to discharge its obligations. We have agreed not to solicit any of the current and/or future employees of our advisor for two years following the termination of this offering. In addition, our advisor has agreed to take reasonable steps to retain key employees designated by us so that they are available to provide ongoing, non-exclusive services for us consistent with the advisory agreement. Our advisor may assign the advisory agreement to an affiliate upon approval of our board of directors, including a majority of our independent directors. We may assign or transfer the advisory agreement to a successor entity in which case the successor entity shall be bound by the terms of the advisory agreement.

Our advisor may not make any real property acquisitions, developments or dispositions, including real property portfolio acquisitions, developments and dispositions, without the prior approval of the majority of our board of directors. The actual terms and conditions of transactions involving investments in real estate shall be determined by our advisor, subject to the approval of our board of directors.

We reimburse our advisor for all of the costs it incurs in connection with the services provided to us under the advisory agreement, including, but not limited to:

organizational and offering expenses, which consist of, among other items, the cumulative cost of actual legal, accounting, printing and other accountable offering expenses, including, but not limited to, amounts to reimburse our advisor for marketing, salaries and direct expenses of its employees, employees of its affiliates and others while engaged in registering and marketing the shares of our common stock to be sold in this offering, which shall include, but not be limited to, development of marketing materials and marketing presentations, participating in due diligence and marketing meetings and coordinating generally the marketing process for this offering. Our advisor and its affiliates will be responsible for the payment of our cumulative organizational and offering expenses, other than the selling commissions, the marketing support fee and the due diligence reimbursement, to the extent they exceed 1.5% of the aggregate gross proceeds from the sale of shares of our common stock sold in the primary offering without recourse against or reimbursement by us;

the actual cost of goods and services used by us and obtained from entities not affiliated with our advisor, including brokerage fees paid in connection with the purchase and sale of our properties and other investments;

administrative services including personnel costs, provided, however, that no reimbursement shall be made for personnel costs in connection with services for which our advisor receives a separate fee; and

acquisition fees and expenses, including real estate commissions paid to third parties, which will not exceed, in the aggregate, 6.0% of the purchase price or total development cost, unless fees in excess of such limits are approved by a majority of our disinterested directors and a majority of our independent disinterested directors; acquisition expenses are defined to include expenses related to the selection and acquisition of properties, whether or not acquired.

Although there is no specific limit as to the amount of the administrative services that our advisor or its affiliates may provide to us, such as accounting and finance, internal audit, investor relations and legal services, we reimburse our advisor and its affiliates for these services at cost and they may not be reimbursed for services for which they otherwise receive a fee under the advisory agreement. In addition, the cost of these

Table of Contents

administrative services is included in our operating expenses and therefore is subject to the reimbursement limitations described below.

Our advisor must reimburse us at least annually for reimbursements paid to the advisor in any year to the extent that such reimbursements to the advisor cause our total operating expenses to exceed the greater of (1) 2.0% of our average invested assets, which means the average monthly book value of our assets invested directly or indirectly in equity interests and loans secured by real estate during the 12-month period before deducting depreciation, bad debts or other non-cash reserves, or (2) 25.0% of our net income, which is defined as our total revenues less total operating expenses for any given period excluding reserves for depreciation and bad debt, unless the independent directors have determined that such excess expenses were justified based on unusual and non-recurring factors. The total operating expenses means all expenses paid or incurred by us, as determined under accounting principles generally accepted in the United States of America, or GAAP, that are in any way related to our operation, including asset management fees, but excluding: (a) the expenses of raising capital such as organizational and offering expenses, legal, audit, accounting, underwriting, brokerage, registration and other fees, printing and other such expenses and taxes incurred in connection with the issuance, distribution, transfer and registration of shares of our common stock; (b) interest payments; (c) taxes; (d) non-cash expenditures such as depreciation, amortization and bad debt reserves; (e) reasonable incentive fees based on the gain in the sale of our assets; and (f) acquisition fees and expenses (including expenses relating to potential acquisitions that we do not close), disposition fees on the resale of real property and other expenses connected with the acquisition, disposition, management and ownership of real estate interests, mortgage loans or other real property (including the costs of foreclosure, insurance premiums, legal services, maintenance, repair and improvement of real property). Our advisor must reimburse the excess expenses to us unless the independent directors determine that the excess expenses were justified based on unusual and nonrecurring factors which they deem sufficient. Within 60 days after the end of any of our fiscal quarters for which total operating expenses for the 12 months then-ended exceed the limitation, we will send to our stockholders a written disclosure, together with an explanation of the factors the independent directors considered in arriving at the conclusion that the excess expenses were justified. However, at our advisor's option, our advisor or its affiliates, as applicable, may defer receipt of any portion of the asset management fee or reimbursement of expenses and elect to receive such payments, without interest, in any subsequent fiscal year that our advisor designates.

Our advisor and its affiliates are paid compensation, fees, expense reimbursements, interest and distributions in connection with services provided to us. See Compensation Table. In the event the advisory agreement is terminated, our advisor and its affiliates will be paid all accrued and unpaid fees and expense reimbursements earned prior to the termination.

We have agreed to indemnify, defend and hold harmless our advisor and its affiliates, including all of their respective officers, managers and employees, from and against any and all liability, claims, damages or losses arising in the performance of their duties under the advisory agreement, and related expenses, including reasonable attorneys' fees, to the extent such liability, claims, damages or losses and related expenses are not fully reimbursed by insurance, provided that (1) our advisor and its affiliates have determined that the cause of conduct which caused the loss or liability was in our best interests, (2) our advisor and its affiliates were acting on behalf of or performing services for us, and (3) the indemnified claim was not the result of negligence, misconduct, or fraud of our advisor or its affiliates or the result of a breach of the agreement by our advisor or its affiliates.

Any indemnification made to our advisor, its affiliates or their officers, managers or employees may be made only out of our net assets and not from our stockholders. Our advisor will indemnify and hold us harmless from contract or other liability, claims, damages, taxes or losses and related expenses, including attorneys' fees, to the extent that such liability, claims, damages, taxes or losses and related expenses are not fully reimbursed by insurance and are incurred by reason of our advisor's bad faith, fraud, willful misfeasance, misconduct, or reckless disregard of its duties, but our advisor shall not be held responsible for any action of our board of directors in following or declining to follow the

advice or recommendation given by our advisor.

Grubb & Ellis, our sponsor, Grubb & Ellis Realty Investors and their affiliates have sponsored other real estate programs and may in the future sponsor real estate programs that have investment objectives similar to ours. As a result, our sponsor and its affiliates, including Grubb & Ellis Realty Investors, could be subject to conflicts of interest between us and other Grubb & Ellis Group programs. Our advisory agreement provides that if Grubb & Ellis Realty Investors identifies an opportunity to make an investment in one or more office buildings or other facilities for which greater than 50.0% of the gross rentable space is leased to, or reasonably expected to be leased to, one or more medical or healthcare-related tenants, either directly or indirectly through an affiliate or in a joint venture or other co-ownership arrangement, for itself or for any other Grubb & Ellis Group programs, then Grubb & Ellis Realty Investors will provide us with the first opportunity to purchase such investment. Grubb & Ellis Realty Investors will provide all necessary information related to such investment to our advisor, in order to enable our board of directors to determine whether to proceed with such investment. Our advisor will present the information to our board of directors within three business days of receipt from Triple Net Properties. If our board of directors does not affirmatively authorize our advisor to proceed with the investment on our behalf within seven days of receipt of such information from our advisor, then Triple Net Properties may proceed with the investment opportunity for its own account or offer the investment opportunity to any other person or entity.

Ownership Interests

Healthcare Advisor has acquired 20,000 limited partnership units of our operating partnership, for which it contributed \$200,000. As of the date of this prospectus, Healthcare Advisor is the only limited partner of our operating partnership. Healthcare Advisor may not sell any of these units during the period it serves as our advisor. Any resale of our shares that our advisor or its affiliates may acquire in the future will be subject to the provisions of Rule 144 promulgated under the Securities Act of 1933, which rule limits the number of shares that may be sold at any one time and the manner of such resale. Our advisor also holds 200 shares of our common stock. Although our advisor and its affiliates are not prohibited from acquiring additional shares, our advisor currently has no options or warrants to acquire any shares and has no current plans to acquire additional shares of our common stock.

In addition to its right to participate with other partners in our operating partnership on a proportionate basis in distributions, our advisor's limited partnership interest in our operating partnership also entitles it to a subordinated participation interest. The subordinated participation interest entitles our advisor to receive a cash distribution under the circumstances described below:

Subordinated Distribution of Net Sales Proceeds. After our operating partnership has paid us distributions (all of which we intend to distribute to our stockholders) in an amount necessary to provide our stockholders, collectively, a return of the total amount of capital raised from stockholders (less amounts paid to repurchase shares pursuant to our share repurchase plan program) plus an annual 8.0% cumulative, non-compounded return on average invested capital, Healthcare Advisor is entitled to receive a cash distribution from our operating partnership equal to 15.0% of the remaining net proceeds from the sales of properties. Healthcare Advisor shall not be entitled to any further participating distributions described in the preceding sentence if (1) our shares become listed on a national securities exchange or (2) the advisory agreement is terminated for any reason, except as provided below under Subordinated Distribution Upon Termination.

Subordinated Distribution Upon Listing. Upon the listing of our shares on a national securities exchange, Healthcare Advisor would become entitled to receive a cash distribution from our operating partnership equal to 15.0% of the amount by which (1) the market value of our outstanding shares of common stock plus distributions paid prior to listing, exceeds (2) the sum of the total amount of capital raised from stockholders (less amounts paid to repurchase shares pursuant to our share repurchase program) and an amount of cash that, if distributed to the stockholders as of the date of listing, would have provided them an annual 8.0% cumulative, non-compounded return on average invested capital through the date of listing. Healthcare Advisor

shall not be entitled to receive this distribution if our shares are listed following the termination of the advisory agreement for any reason, except as provided below under Subordinated Distribution Upon Termination. The market value of the shares at

Table of Contents

listing will be based on the market value of the outstanding common stock averaged over the 30 trading days beginning 180 days after the shares are first listed. The subordinated distribution upon listing may be paid in cash or shares of our common stock, as determined by our board of directors, including a majority of our independent directors. In the event that we elect to satisfy the distribution obligation in the form of shares of our common stock, the number of shares will be determined based on the market value following listing.

Subordinated Distribution Upon Termination. Upon termination or non-renewal of the advisory agreement, other than a termination of the agreement by us for cause, Healthcare Advisor would become entitled to receive a cash distribution from our operating partnership in an amount equal to 15.0% of the amount, if any, by which (1) the appraised value of our assets on the termination date, less any indebtedness secured by such assets, plus total distributions paid through the termination date, exceeds (2) the sum of the total amount of capital raised from stockholders (less amounts paid to repurchase shares pursuant to our share repurchase plan) and the total amount of cash that, if distributed to them as of the termination date, would have provided them an annual 8.0% cumulative, non-compounded return on average invested capital through the termination date. In addition, our advisor may elect to defer its right to receive a subordinated distribution upon termination until either a listing or other liquidity event, including a liquidation, sale of substantially all of our assets or merger in which our stockholders receive in exchange for their shares of our common stock shares of a company that are traded on a national securities exchange. If our advisor elects to defer the payment and there is a listing of our shares on a national securities exchange or a merger in which our stockholders receive in exchange for their shares of our common stock shares of a company that are traded on a national securities exchange, our advisor will be entitled to receive a distribution in an amount equal to 15.0% of the amount, if any, by which (1) the fair market value of the assets of our operating partnership (determined by appraisal as of the listing date or merger date, as applicable) owned as of the termination of the advisory agreement, plus any assets acquired after such termination for which our advisor was entitled to receive an acquisition fee, or the included assets, less any indebtedness secured by the included assets, plus the cumulative distributions made by our operating partnership to us and the limited partners who received partnership units in connection with the acquisition of the included assets, from our inception through the listing date or merger date, as applicable, exceeds (2) the sum of the total amount of capital raised from stockholders and the capital value of partnership units issued in connection with the acquisition of the included assets through the listing date or merger date, as applicable, (excluding any capital raised after the completion of this offering) (less amounts paid to redeem shares pursuant to our share repurchase plan) plus an annual 8.0% cumulative, non-compounded return on such invested capital and the capital value of such partnership units measured for the period from inception through the listing date or merger date, as applicable. If our advisor elects to defer the payment and there is a liquidation or sale of all or substantially all of the assets of the operating partnership, then our advisor will be entitled to receive a distribution in an amount equal to 15.0% of the net proceeds from the sale of the included assets, after subtracting distributions to our stockholders and the limited partners who received partnership units in connection with the acquisition of the included assets of (1) their initial invested capital and the capital value of such partnership units (less amounts paid to repurchase shares pursuant to our share repurchase program) through the date of the liquidity event plus (2) an annual 8.0% cumulative, non-compounded return on such invested capital and the capital value of such partnership units measured for the period from inception through the liquidity event date. Healthcare Advisor shall not be entitled to receive this distribution if our shares of common stock have been listed on a national securities exchange prior to the termination of the advisory agreement. Our operating partnership may satisfy the distribution obligation by either paying cash or issuing an interest-bearing promissory note. If the promissory note is issued and not paid within five years after the issuance of the note, we would be required to purchase the promissory note (including accrued but unpaid interest) in exchange for cash or shares of our common stock.

The actual amount of these distributions cannot be determined at this time as they are dependent upon our results of operations and, in the case of the subordinated distribution upon listing, the market value of our

common stock following listing. See Compensation Table and The Operating Partnership Agreement Distributions and Allocations.

Property Manager

Certain of our real properties may be managed and leased by Triple Net Properties Realty, Inc., or Realty. Realty, an indirect wholly owned subsidiary of Grubb & Ellis and an affiliate of our advisor, was organized in 1998 to lease and manage real properties acquired by affiliated entities or other third parties.

We pay Realty a property management fee equal to 4.0% of the gross income from each of our real properties that it manages. For each property managed directly by entities other than Realty, we pay Realty a monthly oversight fee of up to 1.0% of the gross income of the property. In addition, we may pay Realty a separate fee for the one-time initial lease-up of newly constructed real properties it manages for us in an amount not to exceed the fee customarily charged in arm's length transactions by others rendering similar services in the same geographic area for similar real properties, as determined by a survey of brokers and agents in such area. Such fee is generally expected to range from 3.0% to 8.0% of the projected first years' annual gross revenues of the property. However, the actual percentage is variable and will depend on factors such as geographic location and real property type (for example, commercial office or medical office).

In the event that Realty assists a tenant with tenant improvements, a separate fee may be charged to the tenant and paid by the tenant. This fee will not exceed 5.0% of the cost of the tenant improvements. Realty will only provide these services if the provision of the services does not cause any of our income from the applicable real property to be treated as other than rents from real property for purposes of the applicable REIT requirements described under Federal Income Tax Considerations.

Realty hires, directs and establishes policies for employees who have direct responsibility for the operations of each real property it manages, which may include but is not limited to on-site managers and building and maintenance personnel. Certain employees of Realty may be employed on a part-time basis and may also be employed by our advisor, the dealer manager or certain companies affiliated with them. Realty also directs the purchase of equipment and supplies and supervises all maintenance activity. The management fees to be paid to Realty include, without additional expense to us, all of Realty's general overhead costs.

Realty expects to own a significant interest in a title insurance agency joint venture with unaffiliated third party title insurance professionals that will provide title and escrow services in connection with our acquisition, financing and sale of properties. We expect that we will pay a material amount of title insurance premiums to this joint venture on an annual basis.

Dealer Manager

Grubb & Ellis Securities, an affiliate of our advisor and a member of FINRA, is an indirect wholly owned subsidiary of Grubb & Ellis. Since August 1986, our dealer manager has participated in and facilitated the distribution of securities of entities affiliated with Grubb & Ellis Realty Investors. Our dealer manager will provide certain sales, promotional and marketing services to us in connection with the distribution of the shares of common stock offered pursuant to this prospectus. See Plan of Distribution.

We pay our dealer manager a selling commission of up to 7.0% of the gross proceeds from the sale of shares of our common stock sold in the primary offering and a marketing support fee of up to 2.5% of the gross proceeds from the

sale of shares of our common stock sold in the primary offering. In addition, we pay our dealer manager up to 0.5% of the gross proceeds from the sale of shares of our common stock in the primary offering for reimbursement of actual *bona fide* due diligence expenses. No such fees or expense reimbursement are paid for shares of our common stock issued pursuant to the distribution reinvestment plan.

Table of Contents**COMPENSATION TABLE**

The following table summarizes and discloses all of the compensation, fees, expense reimbursements and distributions, currently paid and/or to be paid by us to our advisor and its affiliates in connection with our organization, this offering and our operations.

| Type of Compensation (Recipient) | Description and Method of Computation | Estimated Amount |
|---|--|---|
| <i>Offering Stage</i> | | |
| Selling Commissions (our dealer manager)(1) | Up to 7.0% of gross offering proceeds from the sale of shares of our common stock in the primary offering (all or a portion of which may be reallocated to participating broker-dealers). No selling commissions are payable on shares sold under our distribution reinvestment plan. | Actual amount depends upon the number of shares sold. We will pay a total of \$140,000,000 if we sell the maximum offering. |
| Marketing Support Fee and Due Diligence Expense Reimbursement (our dealer manager)(1) | Non-accountable marketing support fee equal to 2.5% of gross offering proceeds from the sale of shares of our common stock in the primary offering (up to 1.5% of which may be reallocated to participating broker-dealers). An additional accountable 0.5% of gross offering proceeds from the sale of shares of our common stock in the primary offering (all or a portion of which may be reallocated to participating broker-dealers) for <i>bona fide</i> due diligence expenses. No marketing support fee, due diligence expense reimbursement or selling commission will be charged for shares sold under our distribution reinvestment plan. | Actual amount depends upon the number of shares sold. We will pay a total of \$60,000,000 if we sell the maximum offering. |
| Other Organizational and Offering Expenses (our advisor or its affiliates)(2) | Up to 1.5% of gross offering proceeds for shares sold under our primary offering. | Actual amount depends upon the number of shares sold. We estimate that we will pay a total of \$30,000,000 if we sell the maximum offering. |

| Subordinated Distribution Upon Listing (payable only if our shares are listed on a national securities exchange while Healthcare Advisor is serving as our advisor)(7)(8) | Upon the listing of our shares of common stock on a national securities exchange, a distribution equal to 15.0% of the amount by which (1) the market value of our outstanding common stock at listing plus distributions paid prior to listing exceeds (2) the sum of the total amount of capital raised from stockholders (less amounts paid to repurchase shares pursuant to our share repurchase plan) and the amount of cash that, if distributed to stockholders as of the date of listing would have provided them an annual 8.0% cumulative, non-compounded return on average invested capital through the date of listing. | Actual amounts depend upon the market value of our common stock at the time of listing, among other factors, and, therefore, cannot be determined at this time. |
| | <p>(1) Selling commissions may be reduced or waived in connection with certain categories of sales, such as sales for which a volume discount applies, sales through investment advisors or banks acting as trustees or fiduciaries and sales to our affiliates.</p> <p>(2) The organizational and offering expense reimbursement consists of compensation for incurrence on our behalf of legal, accounting, printing and other offering expenses, including for marketing, salaries and director expenses of our advisor's employees, employees of its affiliates and others while engaged in registering and marketing the shares of our common stock, which shall include development of marketing materials and marketing presentations, planning and participating in due diligence and marketing meetings and generally coordinating the marketing process for us. Our advisor and its affiliates will be responsible for the payment of our cumulative organizational and offering expenses, other than the selling commissions, the marketing support fee and due diligence expense reimbursement, to the extent they exceed 1.5% of the aggregate gross proceeds from the sale of shares of our common stock sold in the primary offering on a best efforts basis without recourse against or reimbursement by us.</p> <p>(3) We pay our advisor or its affiliates the acquisition fee upon the closing of a real property acquisition transaction for properties or upon the acquisition or funding of a real estate related security. Acquisition expenses include any and all expenses incurred in connection with the selection, evaluation and acquisition of, and investment in properties, including, but not limited to, legal fees and expenses, travel and communications expenses, cost of appraisals and surveys, nonrefundable option payments on property not acquired, accounting fees and expenses, computer use related expenses, architectural, engineering and other property reports, environmental and asbestos audits, title insurance and escrow fees, loan fees or points or any fee of a similar nature paid to a third party, however designated, transfer taxes, and personnel and miscellaneous expenses related to the selection, evaluation and acquisition of properties. We reimburse our advisor for acquisition expenses, whether or not the evaluated</p> | |

property is acquired. We expect that the reimbursement of acquisition expenses paid to our advisor and its affiliates, excluding amounts paid to third parties, will equal no more than 0.5% of the purchase price of acquired properties. Our charter limits our ability to pay acquisition fees if the total of all acquisition fees and expenses,

Table of Contents

including real estate commissions paid to third parties, would exceed 6.0% of the contract purchase price or total development cost. Under our charter, a majority of our disinterested directors, including a majority of the disinterested independent directors, would have to approve any acquisition fees (or portion thereof) which would cause the total of all acquisition fees and expenses relating to a real property acquisition to exceed 6.0% of the purchase price.

- (4) Our advisor must reimburse us at least annually for reimbursements paid to the advisor in any year to the extent that such reimbursements to the advisor cause our total operating expenses to exceed the greater of (1) 2.0% of our average invested assets, or (2) 25.0% of our net income, which is defined as our total revenues less total expenses for any given period excluding reserves for depreciation and bad debt, unless the independent directors have determined that such excess expenses were justified based on unusual and non-recurring factors. Average invested assets means the average monthly book value of our assets invested directly or indirectly in equity interests and loans secured by real estate during the 12-month period before deducting depreciation, bad debts or other non-cash reserves. Total operating expenses means all expenses paid or incurred by us, as determined under GAAP, that are in any way related to our operation, including asset management fees, but excluding (a) the expenses of raising capital such as organizational and offering expenses, legal, audit, accounting, underwriting, brokerage, registration and other fees, printing and other such expenses and taxes incurred in connection with the issuance, distribution, transfer and registration of shares of our common stock; (b) interest payments; (c) taxes; (d) non-cash expenditures such as depreciation, amortization and bad debt reserves; (e) reasonable incentive fees based on the gain in the sale of our assets; and (f) acquisition fees and expenses (including expenses relating to potential acquisitions that we do not close), disposition fees on the resale of real property and other expenses connected with the acquisition, disposition, management and ownership of real estate interests, mortgage loans or other real property (including the costs of foreclosure, insurance premiums, legal services, maintenance, repair and improvement of real property).
- (5) Although we are most likely to pay disposition fees in our liquidity stage, these fees may also be earned during our operational stage.
- (6) The distribution is payable only if we liquidate our portfolio while Healthcare Advisor is serving as our advisor.
- (7) The market value of the shares at listing will be based on the market value of the outstanding common stock averaged over the 30 trading days beginning 180 days after the shares are first listed. The subordinated distribution upon listing may be paid in cash or shares, as determined by our board of directors, including a majority of the independent directors. In the event that we elect to satisfy the distribution obligation in the form of shares, the number of shares will be determined based on the listed market price described above. The distribution is payable only if our shares are listed on a national securities exchange.
- (8) Upon termination of the advisory agreement without cause, our advisor will be entitled to a similar distribution, which we refer to as the subordinated distribution upon termination. Such distribution, if any, will equal 15.0% of the amount by which (1) the appraised value of our assets on the termination date, less any indebtedness secured by such assets, plus total distributions paid through the termination date, exceeds (2) the sum of the total amount of capital raised from our stockholders (less amounts paid to repurchase shares pursuant to our share repurchase plan) and the total amount of cash that, if distributed to them as of the termination, would have provided them an annual 8.0% cumulative, non-compounded return on average invested capital through the date of termination. In addition, our advisor may elect to defer its right to receive a subordinated distribution upon termination until either a listing or other liquidity event, including a liquidation, sale of substantially all of our assets or merger in which our stockholders receive in exchange for their shares of our common stock shares of a company that are traded on a national securities exchange. If our advisor elects to defer the payment and there is a listing of our shares on a national securities exchange or a merger in which our stockholders receive in exchange for their

shares of our common stock shares of a company that are traded on a national securities exchange, our advisor will be entitled to receive a distribution in an amount equal to 15.0% of the amount, if any, by which (1) the fair market value of the assets of our operating partnership (determined by appraisal as of the listing date or merger date, as applicable) owned as of the termination of the advisory agreement, plus

Table of Contents

any assets acquired after such termination for which our advisor was entitled to receive an acquisition fee, or the included assets, less any indebtedness secured by the included assets, plus the cumulative distributions made by our operating partnership to us and the limited partners who received partnership units in connection with the acquisition of the included assets, from our inception through the listing date or merger date, as applicable, exceeds (2) the sum of the total amount of capital raised from stockholders and the capital value of partnership units issued in connection with the acquisition of the included assets through the listing date or merger date, as applicable, (excluding any capital raised after the completion of this offering) (less amounts paid to redeem shares pursuant to our share repurchase plan) plus an annual 8.0% cumulative, non-compounded return on such invested capital and the capital value of such partnership units measured for the period from inception through the listing date or merger date, as applicable. If our advisor elects to defer the payment and there is a liquidation or sale of all or substantially all of the assets of the operating partnership, then our advisor will be entitled to receive a distribution in an amount equal to 15.0% of the net proceeds from the sale of the included assets, after subtracting distributions to our stockholders and the limited partners who received partnership units in connection with the acquisition of the included assets of (1) their initial invested capital and the capital value of such partnership units (less amounts paid to repurchase shares pursuant to our share repurchase program) through the date of the liquidity event plus (2) an annual 8.0% cumulative, non-compounded return on such invested capital and the capital value of such partnership units measured for the period from inception through the liquidity event date. Our operating partnership would satisfy the distribution obligation by either paying cash or issuing an interest-bearing promissory note. If the promissory note is issued and not paid within five years, we would be required to purchase the promissory note in exchange for cash or shares of our common stock. Our advisor cannot earn the subordinated distribution upon termination if it has already received the subordinated distribution upon listing. The subordinated distribution upon termination may occur during the liquidity stage or during the operational stage.

If at any time our shares become listed on a national securities exchange while our advisor is serving in their capacity, we will negotiate in good faith with our advisor a fee structure appropriate for an entity with a perpetual life. A majority of the independent directors must approve the new fee structure negotiated with our advisor. In negotiating a new fee structure, the independent directors shall consider all of the factors they deem relevant, including but not limited to:

- the size of the advisory fee in relation to the size, composition and profitability of our portfolio;
- the success of our advisor in generating opportunities that meet our investment objectives;
- the rates charged to other REITs and to investors other than REITs by advisors performing similar services;
- additional revenues realized by our advisor and its affiliates through their relationship with us;
- the quality and extent of service and advice furnished by our advisor;
- the performance of our investment portfolio, including income, conservation or appreciation of capital, frequency of problem investments and competence in dealing with distress situations;
- the quality of our portfolio in relationship to the investments generated by our advisor for its own account or for other clients; and
- other factors related to managing a public company, such as stockholder services and support and compliance with securities laws, including the Sarbanes-Oxley Act of 2002.

Since our advisor is entitled to differing levels of compensation for undertaking different transactions on our behalf, such as the acquisition fee, the asset management fee and the subordinated distribution of net sales proceeds, our advisor has the ability to affect the nature of the compensation it receives by undertaking different transactions. However, our advisor is subject to the oversight and approval of our Chief Executive Officer and our board of directors and is obligated pursuant to the advisory agreement to provide us a continuing and suitable investment program consistent with our investment objectives and policies, as determined by our board of directors. See Management The Advisory Agreement. Because these fees or expenses are payable only with respect to certain transactions or services, they may not be recovered by our advisor or its affiliates by reclassifying them under a different category.

CONFLICTS OF INTEREST

We are subject to various conflicts of interest arising out of our relationship with our advisor and its affiliates, including conflicts related to the existing advisory agreement pursuant to which our advisor will be compensated by us. See Compensation Table. Our independent directors have an obligation to function on our behalf in all situations in which a conflict of interest may arise and have a fiduciary obligation to act in the best interest of the stockholders. See Management. However, we cannot assure you that the independent directors will be able to eliminate or reduce the risks related to these conflicts of interest. Some of these conflicts of interest and restrictions and procedures we have adopted to address these conflicts are described below.

Interests in Other Real Estate Programs

Other than performing services as our advisor, our advisor presently has no interests in other real estate programs. However, some of our officers are officers or employees of our advisor, Grubb & Ellis, our sponsor, NNN Realty Advisors, our former sponsor and wholly owned subsidiary of our current sponsor, and Grubb & Ellis Realty Investors, which manages our advisor, and other affiliated entities which will receive fees in connection with this offering and operations. Shannon K S Johnson is our Chief Financial Officer and also serves as a Financial Reporting Manager of Grubb & Ellis Realty Investors. Ms. Johnson has de minimis ownership in our sponsor and no equity ownership in any Grubb & Ellis Group programs. Andrea R. Biller is our Executive Vice President and Secretary and also serves as the Executive Vice President of our advisor, General Counsel and Executive Vice President of Grubb & Ellis Realty Investors, General Counsel, Executive Vice President and Secretary of our sponsor, the General Counsel, Executive Vice President, Secretary and a director of NNN Realty Advisors and Secretary of our dealer manager. Ms. Biller owns less than 1.0% of our sponsor's outstanding common stock and she has de minimis ownership in several Grubb & Ellis Group programs. Danny Prosky is our Executive Vice President Acquisitions and also serves as the Executive Vice President Healthcare Real Estate of Grubb & Ellis Realty Investors. Mr. Prosky has no equity ownership in our sponsor or any Grubb & Ellis Group programs, other than 3,000 shares of our common stock. In addition, each of, Ms. Johnson, Ms. Biller and Mr. Prosky holds options to purchase a de minimis amount of our sponsor's outstanding common stock. As of the date of this prospectus, Ms. Biller owns an 18.0% membership interest in Grubb & Ellis Healthcare Management, LLC, which owns 25.0% of the membership interest of our advisor. These persons are presently, and plan in the future to continue to be, involved with other real estate programs and activities sponsored by our sponsor, Grubb & Ellis and its affiliates that have investment objectives similar to ours. In addition, to the extent that Grubb & Ellis acts as a broker for the seller or us in a transaction in which we acquire a property, these officers and director may cause us to pay a higher price for the property than we might otherwise pay to increase the commission that Grubb & Ellis is entitled to receive.

In the event that we and any other entity formed or managed by Grubb & Ellis or its affiliates are in the market for similar real estate, Grubb & Ellis and its affiliates will attempt to reduce the conflict of interest by reviewing the investment portfolio of each such affiliated entity and following the conflict resolution procedures described below in making a decision as to which real estate program will make such investments. See Certain Conflict Resolution Restrictions and Procedures below.

Grubb & Ellis and its affiliates are not prohibited from engaging, directly or indirectly, in any other business or from possessing interests in any other business venture or ventures, including businesses and ventures involved in the acquisition, development, ownership, management, leasing or sale of real estate projects of the type that we will seek to acquire. None of the Grubb & Ellis affiliated entities are prohibited from raising money for another entity that makes the same types of investments that we target and we may co-invest with any such entity. All such potential co-investments will be subject to approval by our independent directors.

Allocation of Our Advisor s Time

We rely on our advisor to manage our day-to-day activities and to implement our investment strategy. Our advisor and certain of its affiliates, including its principals and management personnel, are presently, and plan in

Table of Contents

the future to continue to be, involved with real estate programs and activities unrelated to us. As a result, our advisor and its affiliates will have conflicts of interest in allocating their time between us and other programs and activities in which they are involved. See Risk Factors Risk Related to Conflicts of Interest. However, our advisor believes that it and its affiliates have sufficient personnel to discharge fully their responsibilities to all of the programs and ventures in which they are or will be involved.

In addition, we have no employees other than Mr. Peters, and we have no consultants or independent contractors and some of our officers are also officers of our advisor and officers and/or members of our sponsor and its affiliates. Our advisor will rely on these officers, its other employees and employees of its affiliates to manage and operate our business. The same employees of our advisor and its affiliates who will manage and operate our business will also be actively involved in activities other than our business. Those individuals spend a material amount of time managing those activities and operations that are unrelated to our business. As a result, those individuals will face conflicts of interest in allocating their time between our operations and those other activities and operations. In addition, our officers owe fiduciary duties to these other entities, which may conflict with the fiduciary duties they owe to us and our stockholders. See Risk Factors Risks Related to Conflicts of Interest.

Competition

Conflicts of interest may exist to the extent that we may acquire properties in the same geographic areas where other Grubb & Ellis Group programs own the same type of properties. In such a case, a conflict could arise in the leasing of our properties in the event that we and another program managed by Grubb & Ellis or its affiliates were to compete for the same tenants in negotiating leases, or a conflict could arise in connection with the resale of our properties in the event that we and another program managed by Grubb & Ellis or its affiliates were to attempt to sell similar properties at the same time.

In addition, our advisor will seek to reduce conflicts that may arise with respect to properties available for sale or rent by making prospective purchasers or tenants aware of all such properties. However, these conflicts cannot be fully avoided in that our advisor may establish differing compensation arrangements for employees at different properties or differing terms for resales or leasing of the various properties.

Affiliated Dealer Manager

Grubb & Ellis Securities, our dealer manager, is an indirect wholly owned subsidiary of Grubb & Ellis. This relationship may create conflicts of interest in connection with the performance of due diligence by the dealer manager. Although our dealer manager will examine the information in the prospectus for accuracy and completeness, our dealer manager is an affiliate of our advisor and will not make an independent due diligence review and investigation of our company or this offering of the type normally performed by an unaffiliated, independent underwriter in connection with the offer of securities. Accordingly, you do not have the benefit of such independent review and investigation. However, certain of the participating brokers-dealers may make their own independent due diligence investigations.

Our dealer manager is currently involved in offerings for other Grubb & Ellis Group programs. The dealer manager is not prohibited from acting in any capacity in connection with the offer and sale of securities of other Grubb & Ellis Group programs that may have some or all investment objectives similar to ours.

Affiliated Property Manager

Realty is an indirect wholly owned subsidiary of Grubb & Ellis. Realty performs certain property management services for us and our operating partnership. The property manager is affiliated with our sponsor and Grubb & Ellis

Realty Investors, which manages our advisor, and in the future there is potential for a number of the members of our sponsor's management team and the property manager to overlap. As a result, we might not always have the benefit of independent property management to the same extent as if our sponsor and the property manager were unaffiliated and did not share any employees or managers. In addition, given that our property manager is affiliated with us, our sponsor and our advisor, any agreements with the

Table of Contents

property manager will not be at arm's length. As a result, any such agreement will not have the benefit of arm's length negotiations of the type normally conducted between unrelated parties.

Lack of Separate Representation

Alston & Bird LLP is counsel to us, our advisor and certain affiliates in connection with this offering and other matters and may in the future act as counsel to us, our advisor and certain affiliates. There is a possibility that in the future the interests of the various parties may become adverse. In the event that a dispute was to arise between us and our advisor or any of our respective affiliates, we will retain separate counsel for such matters as and when appropriate.

Joint Ventures with Affiliates of Our Advisor

Subject to approval by our board of directors and a separate approval of our independent directors, we may enter into joint ventures or other arrangements with affiliates of our advisor to acquire, develop and/or manage properties. However, we will not participate in tenant in common syndications or transactions. See Investment Objectives, Strategy and Criteria Joint Venture Investments. Our advisor and its affiliates may have conflicts of interest in determining which of such entities should enter into any particular joint venture agreement. Our joint venture partners may have economic or business interests or goals which are or that may become inconsistent with our business interests or goals. Should any such joint venture be consummated, our advisor may face a conflict in structuring the terms of the relationship between our interests and the interests of the affiliated co-venturer and in managing the joint venture. Since our advisor and its affiliates will make investment decisions on our behalf, agreements and transactions between our advisor's affiliates and any such affiliated joint venture partners will not have the benefit of arm's-length negotiation of the type normally conducted between unrelated parties.

Fees and Other Cash Distributions to Our Advisor and its Affiliates

A transaction involving the purchase and sale of properties may result in the receipt of commissions, fees and other cash distributions to our advisor and its affiliates, including the acquisition fees and the asset management fee under the advisory agreement and the subordinated distribution of net sales proceeds payable to our advisor pursuant to its subordinated participation interest in our operating partnership. Subject to the oversight of our board of directors, our advisor has considerable discretion with respect to all decisions relating to the terms and timing of all transactions. Therefore, our advisor may have conflicts of interest concerning certain actions taken on our behalf, particularly due to the fact that certain fees will generally be payable to our advisor and its affiliates regardless of the quality of the properties acquired or the services provided to us. However, the cash distributions payable to our advisor relating to the sale of our properties are subordinated to the return to the stockholders of their capital contributions plus cumulative returns on such capital.

Each transaction we enter into with our advisor or its affiliates is subject to an inherent conflict of interest. Our board of directors may encounter conflicts of interest in enforcing our rights against any affiliate in the event of a default by or disagreement with an affiliate or in invoking powers, rights or options pursuant to any agreement between us and our advisor or any of its affiliates. A majority of the independent directors who are otherwise disinterested in the transaction must approve each transaction between us and our advisor or any of its affiliates as being fair and reasonable to us and on terms and conditions no less favorable to us than those available from unaffiliated third parties.

Interests in Our Investments

We are permitted to make or acquire investments in which our directors, officers or stockholders, our advisor or any of our or their respective affiliates have direct or indirect pecuniary interests. However, any such transaction in which our advisor, our directors or any of their respective affiliates has any interest would be subject to the limitations described below under the caption Certain Conflict Resolution Restrictions and Procedures.

Table of Contents

Certain Conflict Resolution Restrictions and Procedures

In order to reduce or eliminate certain potential conflicts of interest, our charter and the advisory agreement contain restrictions and conflict resolution procedures relating to (1) transactions we enter into with our advisor, our directors or their respective affiliates, (2) certain future offerings and (3) allocation of properties among affiliated entities. Each of the restrictions and procedures that applies to transactions with our advisor and its affiliates will also apply to any transaction with any entity or real estate program advised, managed or controlled by Grubb & Ellis and its affiliates. These restrictions and procedures include, among others, the following:

Except as otherwise described in this prospectus, we will not accept goods or services from our advisor or its affiliates unless a majority of our directors, including a majority of the independent directors, not otherwise interested in the transactions, approve such transactions as fair, competitive and commercially reasonable to us and on terms and conditions not less favorable to us than those available from unaffiliated third parties.

We will not purchase or lease any asset (including any property) in which our advisor, any of our directors or any of their respective affiliates has an interest without a determination by a majority of our directors, including a majority of the independent directors, not otherwise interested in such transaction, that such transaction is fair and reasonable to us and at a price to us no greater than the cost of the property to our advisor, such director or directors or any such affiliate, unless there is substantial justification for any amount that exceeds such cost and such excess amount is determined to be reasonable. In no event will we acquire any such asset at an amount in excess of its appraised value. We will not sell or lease assets to our advisor any of our directors or any of their respective affiliates unless a majority of our directors, including a majority of the independent directors, not otherwise interested in the transaction, determine the transaction is fair and reasonable to us, which determination will be supported by an appraisal obtained from a qualified, independent appraiser selected by a majority of our independent directors.

We will not make any loans to our advisor, any of our directors or any of their respective affiliates. In addition, any loans made to us by our advisor, our directors or any of their respective affiliates must be approved by a majority of our directors, including a majority of the independent directors, not otherwise interested in the transaction, as fair, competitive and commercially reasonable, and no less favorable to us than comparable loans between unaffiliated parties.

Our advisor and its affiliates shall be entitled to reimbursement, at cost, for actual expenses incurred by them on our behalf or on behalf of joint ventures in which we are a joint venture partner, subject to the limitation on reimbursement of operating expenses to the extent that they exceed the greater of 2.0% of our average invested assets or 25.0% of our net income, as described in Management The Advisory Agreement.

Our advisory agreement provides that if Grubb & Ellis Realty Investors identifies an opportunity to make an investment in one or more office buildings or other facilities for which greater than 50.0% of the gross rentable space is leased to, or reasonably expected to be leased to, one or more medical or healthcare-related tenants, either directly or indirectly through an affiliate or in a joint venture or other co-ownership arrangement, for itself or for any other Grubb & Ellis Group programs, then Grubb & Ellis Realty Investors will provide us with the first opportunity to purchase such investment. Grubb & Ellis Realty Investors will provide all necessary information related to such investment to our advisor, in order to enable our board of directors to determine whether to proceed with such investment. Our advisor will present the information to our board of directors within three business days of receipt from Grubb & Ellis Realty Investors. If our board of directors does not affirmatively authorize our advisor to proceed with the investment on our behalf within seven days of receipt of

such information from our advisor, then Grubb & Ellis Realty Investors may proceed with the investment opportunity for its own account or offer the investment opportunity to any other person or entity.

PRIOR PERFORMANCE SUMMARY

The information presented in the Prior Performance Summary, or Summary, represents the historical experience of real estate and notes programs managed by NNN Realty Advisors, our former sponsor and wholly owned subsidiary of our current sponsor, Grubb & Ellis, and Grubb & Ellis Realty Investors, an indirect wholly owned subsidiary of Grubb & Ellis, or collectively, the Grubb & Ellis Group, through December 31, 2007. Investors in our company should not assume that they will experience returns, if any, comparable to those experienced by investors in these prior real estate and notes programs.

From inception through December 31, 2007, Grubb & Ellis Group served as an advisor, sponsor or manager to 206 real estate investment programs formed for the purpose of acquiring and operating commercial and residential real estate properties, primarily consisting of retail, office, industrial and medical office buildings, healthcare-related facilities and apartment properties. The programs are either (1) public programs that are required to file public reports with the SEC, or (2) private programs that have no public reporting requirements. From inception through December 31, 2007, there were six public real estate programs and 200 private real estate programs. Grubb & Ellis Group has also served as sponsor and manager of four private notes programs.

From inception through December 31, 2007, the public real estate programs raised gross offering proceeds of \$858,125,000 from 26,395 investors. From inception through December 31, 2007, the public real estate programs purchased interests in 95 real estate properties amounting to an investment of \$1,963,199,000 (the public programs aggregate share of the purchase price). Of the 95 properties, 29 were in Texas, 18 in California, seven in Nevada, four in each of Georgia and Arizona, three each in Ohio, Missouri, Indiana, Florida and Colorado, two each in Virginia, Pennsylvania, North Dakota, North Carolina and Nebraska and one each in Illinois, Washington, Utah, Tennessee, Oregon, Minnesota, Maryland and Delaware. Of the 95 properties purchased, based on share of purchase price, 11.6% were residential, 66.9% were office, 12.5% were medical office, 6.2% were healthcare related facilities, 2.3% were retail, 0.4% were industrial and 0.1% were land. As of December 31, 2007, 54 of these interests in real estate properties had been sold.

From inception through December 31, 2007, the private programs raised gross offering proceeds of \$2,210,201,000 from 9,354 investors. From inception through December 31, 2007, the private programs purchased interests in 212 real estate properties amounting to an investment of \$5,647,190,000 (the private programs aggregate share of the purchase price). Of the 212 properties, 48 were in Texas, 36 in California, 17 in Nevada, 14 in Florida, 13 each in Colorado, Georgia and North Carolina, six in Kansas, five each in Arizona and Tennessee, four each in Ohio, Wisconsin, Illinois and Missouri, three in Virginia, two each in Massachusetts, New Jersey, Oregon, Pennsylvania, South Carolina, Hawaii and South Dakota and one each in Arkansas, Delaware, Indiana, Louisiana, Maryland, Minnesota, Nebraska, Oklahoma and Washington. Of the 212 properties purchased, based on share of purchase price, 11.2% were residential, 75.4% were office, 6.8% were medical office, 5.7% were retail, 0.8% were industrial and 0.1% were land. As of December 31, 2007, 57 of these interests in real estate properties had been sold.

Each of the private real estate programs, other than Western Real Estate Investment Trust, began with the formation of a limited liability company, or LLC, to acquire the property. The LLC may sell investor, or membership, units; investors that purchase membership units thus acquire an indirect interest in the property through their equity interest in the LLC. Simultaneously with the acquisition of the property, the LLC may also sell undivided tenant in common interests, or TIC interests, directly in the property. A TIC interest is not an interest in any entity, but rather a direct real property interest. A TIC may be an individual or an entity such as a limited liability company. Typically, the TICs are involved in tax-deferred exchanges structured to comply with the requirements of Section 1031 of the Internal Revenue Code, whereas the cash purchase of LLC membership units does not meet the requirements of Section 1031,

although the LLC's interest in the underlying real property interest will also be a TIC interest.

Each private real estate program bears the same name as the respective LLC formed to acquire the property and may include both the sale of interests in the LLC and the individual TIC interests. Thus, the LLC is the de-facto identity of the private program and may acquire either an entire or a partial interest in a property. When a private program owns 100.0% of a property and all funds are raised from TICs and members

Table of Contents

of the LLC, the private program is referred to by Grubb & Ellis Group as a Simple Ownership Structure. Conversely, if the program only owns a partial interest in the property or some portion of the funds are raised through one of the public programs which are advised or managed by Grubb & Ellis Group, it is referred to by Grubb & Ellis Group as a Complex Ownership Structure.

The public programs included four corporations: (i) G REIT, Inc. (as of January 28, 2008, G REIT Liquidating Trust became the successor of G REIT, Inc.) which was qualified as a REIT; (ii) T REIT, Inc. (as of July 20, 2007, T REIT Liquidating Trust became the successor of T REIT, Inc.), which was qualified as a REIT through July 20, 2007; (iii) Grubb & Ellis Apartment REIT, Inc., which has qualified as a REIT; and (iv) us, Grubb & Ellis Healthcare REIT, Inc., which intends to qualify as a REIT, and two limited liability companies, NNN 2002 Value Fund, LLC and NNN 2003 Value Fund, LLC. Each of the public programs may acquire wholly-owned or partial interests in real estate properties. However, G REIT Liquidating Trust, T REIT Liquidating Trust and NNN 2002 Value Fund, LLC are currently in the process of liquidation and do not intend to acquire any additional interests in real estate properties. When a public program purchases a partial interest in a property that is also partially owned by a private program, the public program may invest either directly in the private program (by investing in the LLC or by purchasing a TIC interest) or outside of the private program by purchasing an interest in the property directly from the seller. However, Grubb & Ellis Apartment REIT, Inc. and Grubb & Ellis Healthcare REIT, Inc. will not participate in tenant-in-common syndications or transactions.

In either the Complex or Simple Ownership Structure, the LLC may or may not retain an interest in the property after the program is closed, depending on whether the program sells the entire interest of the property to TIC investors. If the LLC retains an ownership interest in the program, it does so as one of the TICs and generally sells its ownership interest to a number of LLC members.

Grubb & Ellis Group provides the day-to-day accounting for the LLC and maintains the books and records for the property. In addition, Grubb & Ellis Group is required to report financial data pertinent to the operation of each program and is responsible for the timely filing of the LLC's income tax return as well as providing year-end tax basis income and expense information to the TICs.

In some instances, the program owns an entire property, as in a Simple Ownership Structure, and the entire operation of the property is attributable to the program. In other instances, where the program owns a portion of a property or has affiliated ownership within the program, as in a Complex Ownership Structure, further allocations and disclosure are required to clarify the appropriate portions of the property's performance attributable to the various ownership interests.

Grubb & Ellis Group presents the data in Prior Performance Table III for each program on either a GAAP basis or an income tax basis depending on the reporting requirements of the particular program. In compliance with the SEC reporting requirements, the Table III presentation of Revenues, Expenses and Net Income for the public programs has been prepared and presented by Grubb & Ellis Group in conformity with accounting principles generally accepted in the United States of America, or GAAP, which incorporates accrual basis accounting. Grubb & Ellis Group presents Table III for all private programs on an income tax basis (which can in turn be presented on either a cash basis or accrual basis), as the only applicable reporting requirement is for the year-end tax information provided to each investor. The Table III data for all private programs (which are generally formed using LLCs) are prepared and presented by Grubb & Ellis Group in accordance with the cash method of accounting for income tax purposes. This is because most, if not all, of the investors in these private programs are individuals required to report to the Internal Revenue Service using the cash method of accounting for income tax purposes, and the LLCs are required to report on this basis when more than 50.0% of their investors are taxpayers that report using the cash method of accounting for income tax purposes. When GAAP-basis affiliates invest in a private program, as in a Complex Ownership Structure, the ownership presentation in the tables is made in accordance with the cash method of accounting for income tax

purposes. This presentation is made for consistency and to present results meaningful to the typical individual investor that invests in an LLC.

While SEC rules and regulations allow Grubb & Ellis Group to record and report results for its private programs on an income tax basis, investors should understand that the results of these private programs may

Table of Contents

be different if they were reported on a GAAP basis. Some of the major differences between GAAP accounting and income tax accounting (and, where applicable, between cash basis and accrual basis income tax accounting) that impact the accounting for investments in real estate are described in the following paragraphs:

The primary difference between the cash methods of accounting and accrual methods (both GAAP and the accrual method of accounting for income tax purposes) is that the cash method of accounting generally reports income when received and expenses when paid while the accrual method generally requires income to be recorded when earned and expenses recognized when incurred.

GAAP requires that, when reporting lease revenue, the minimum annual rental revenue be recognized on a straight-line basis over the term of the related lease, whereas the cash method of accounting for income tax purposes requires recognition of income when cash payments are actually received from tenants, and the accrual method of accounting for income tax purposes requires recognition of income when the income is earned pursuant to the lease contract.

GAAP requires that when an asset is considered held for sale, depreciation ceases to be recognized on that asset, whereas for income tax purposes, depreciation continues until the asset either is sold or is no longer in service.

GAAP requires that when a building is purchased, certain intangible assets and liabilities (such as above-and below-market leases, tenant relationships and in-place lease costs) are allocated separately from the building and are amortized over significantly shorter lives than the depreciation recognized on the building. These intangible assets and liabilities are not recognized for income tax purposes and are not allocated separately from the building for purposes of tax depreciation.

GAAP requires that an asset is considered impaired when the carrying amount of the asset is greater than the sum of the future undiscounted cash flows expected to be generated by the asset, and an impairment loss must then be recognized to decrease the value of the asset to its fair value. For income tax purposes, losses are generally not recognized until the asset has been sold to an unrelated party or otherwise disposed of in an arm's length transaction.

When a private real estate program owns 100.0% of the property and the entire fund is raised from TICs and LLC members investing directly in the private program, 100.0% of the private program's operating results are presented for the relevant years.

When a private real estate program directly invests in and owns a partial interest in the property (as an example, 75.0%) and the remaining interest of the property (25.0%) is owned outside of the program by a public program, only the operating results relating to the private program ownership in the property (75.0%) are presented for the relevant years. The allocation is based on the private program's effective ownership in the property.

When a private real estate program acquires a 100.0% interest in the property but is jointly owned by a public entity investing directly in the private program, 100.0% of the private program's operating results will be presented for the relevant years on a cash income tax basis. The affiliated ownership portion of the equity is eliminated in aggregation of all private programs reporting on a cash income tax basis. In such cases, Prior Performance Table III also presents the unaffiliated equity for informational purposes only.

NNN 2004 Notes Program, LLC, NNN 2005 Notes Program, LLC, NNN 2006 Notes Program LLC, and NNN Collateralized Senior Notes, LLC, or the Notes Programs, offered units of interest, or note units. The Notes Programs were formed for the purpose of making secured and unsecured loans to affiliates of Grubb & Ellis Group for the sole

purpose of acquiring and holding real estate. An investor of the Notes Programs invested in note units and made loans to the LLC. Grubb & Ellis Realty Investors is the sole member and manager of each of the notes programs LLC and caused the LLC to use the net proceeds of the offering to support its efforts in sponsoring real estate investments by making secured and unsecured loans. Grubb & Ellis Realty Investors, as the sole member and manager of the company, has guaranteed the payment of all principal and interest on the note units.

References in this Summary to our Reorganization refer to the acquisition by NNN Realty Advisors in the fourth quarter of 2006 of the outstanding ownership interests of Grubb & Ellis Realty Investors, Grubb & Ellis Securities and Realty. As a result of the Reorganization, NNN Realty Advisors became our sponsor until December 7, 2007, at which time Grubb & Ellis became our sponsor as a result of the merger with NNN Realty Advisors.

References in the Summary to unaffiliated members and to unaffiliated TICs refer to investors that hold membership units in a program LLC or a TIC interest in a program property, as applicable, but that are not otherwise affiliated with Grubb & Ellis Group.

References in the Summary to Mr. Thompson refer to Anthony W. Thompson, who served as the Chairman of the Board of Grubb & Ellis until February 8, 2008 and owns approximately 13.4% of Grubb & Ellis.

References in the Summary to loans from affiliates of Grubb & Ellis Group refer to loans from Cunningham Lending Group, LLC (which was 100.0% owned by Mr. Thompson until it was acquired by NNN Realty Advisors in September 2007), NNN 2004 Notes Program, LLC or NNN 2005 Notes Program, LLC. Loans made by these entities are unsecured loans which were not negotiated at arms length with interest rates ranging from 8.0% to 12.0%.

References in the Summary to shareholders of Grubb & Ellis Realty Investors refer to individuals or entities that owned a membership interest in Grubb & Ellis Realty Investors of less than 7.0% prior to the Reorganization.

References in the Summary table headings to GLA of a property indicate the gross leasable area of the property, which is expressed for the entire property even where the relevant program owns less than a 100.0% interest in the property.

During 2005, 2006 and 2007, Grubb & Ellis Group-sponsored programs acquired 152 properties, for which the property type, location and method of financing are summarized below.

Public Programs*G REIT, Inc. and G REIT Liquidating Trust*

G REIT, Inc., or G REIT, was formed as a Virginia corporation in December 2001, reincorporated as a Maryland corporation in September 2004 and was qualified as a REIT for federal income tax purposes. G REIT was formed to acquire interests in office, industrial and service properties anchored by government-oriented tenants such as federal, state and local government offices, government contractors and/or government service providers. Grubb & Ellis Realty Investors has served as the advisor of G REIT since January 2002. The initial public offering of G REIT's common stock commenced on July 22, 2002 and terminated on

February 9, 2004. G REIT's second public offering commenced on January 23, 2004 and terminated on April 30, 2004. As of December 31, 2007, G REIT had raised gross offering proceeds of \$437,315,000 in its two public offerings from the issuance of 43,865,000 shares of its common stock to 13,853 investors. As of December 31, 2007, G REIT had purchased interests in 27 real estate properties amounting to an investment by G REIT of \$878,955,000 (G REIT's aggregate share of the purchase price, including G REIT's aggregate share of debt financing at acquisition). Of the 27 properties, nine (33.3%) were in California, seven (25.9%) were in Texas and one each (3.7%) was in Arizona, Colorado, Delaware, Florida, Illinois, Maryland, Missouri, Nebraska, Nevada, Pennsylvania and Washington. As of December 31, 2007, 22 of these interests in real estate properties had been sold. The properties, which are described below, are all commercial office buildings, except for one multi-tenant industrial complex. Based on share of purchase price, 99.1% of the property interests acquired by G REIT were commercial office buildings, one of our company's focus. None of the property interests acquired by G REIT were in medical office buildings or healthcare-related facilities, the other focuses of our company. On February 27, 2006, G REIT stockholders approved a plan of liquidation. On January 28, 2008, G REIT transferred its remaining assets to, and its remaining liabilities were assumed by, G REIT Liquidating Trust in accordance with G REIT's plan of liquidation and liquidating trust agreement. Additionally, on January 28, 2008, each share of G REIT's common stock outstanding was converted automatically into a beneficial interest in G REIT Liquidating Trust and G REIT, Inc. was dissolved.

As of December 31, 2007, G REIT owned interests in the following properties:

For the years ended December 31, 2002 and 2005, G REIT had returns of capital from cash distributions of \$170,000 and \$13,865,000, respectively. The source of cash to fund the distributions in 2002 was proceeds from the sale of G REIT's securities. The source of cash to fund the distributions in 2005 was excess historical cash flows from operations.

T REIT, Inc. and T REIT Liquidating Trust

T REIT, Inc., or T REIT, was formed as a Virginia corporation in December 1998 and was qualified as a REIT for federal income tax purposes through July 20, 2007. T REIT was formed to acquire interests in office, industrial, service and retail properties located primarily in tax free states. Grubb & Ellis Realty Investors has served as the advisor of T REIT since February 2000. The initial public offering of T REIT's common stock commenced on February 22, 2000. As of May 31, 2002, when the offering was terminated, T REIT had issued 4,720,000 shares of common stock and raised \$46,395,000 in aggregate gross proceeds. As of December 31, 2007, T REIT had 1,992 investors and had purchased interests in 20 real estate properties amounting to an investment by T REIT of \$125,786,000 (T REIT's aggregate share of purchase price, including T REIT's aggregate share of debt financing at acquisition). Of the 20 properties purchased by T REIT, four (20.0%) were in Nevada, four (20.0%) were in California, nine (45.0%) were in Texas, two (10.0%) were in North Dakota and one (5.0%) was in Illinois. As of December 31, 2007, 19 of these interests in real estate properties had been sold. The properties, which are described below, are all commercial office buildings and retail centers. Based on share of purchase price, 62.3% of the property interests acquired by T REIT were commercial office buildings, one of our company's focus. None of the property interests acquired by T REIT were in medical office buildings or healthcare-related facilities, the other focuses of our company. On July 27, 2005, T REIT shareholders approved a plan of liquidation. On July 20, 2007, T REIT transferred its remaining assets to, and its remaining liabilities were assumed by, T REIT Liquidating Trust in accordance with T REIT's plan of liquidation and liquidating trust agreement. Additionally, on July 20, 2007, each share of T REIT's common stock outstanding was converted automatically into a beneficial interest in T REIT Liquidating Trust and T REIT was dissolved.

As of December 31, 2007, T REIT Liquidating Trust owned an interest in the following property:

The source of cash to fund distributions in 2002 was the collection of two notes receivable, one from Western Real Estate Investment Trust, Inc. and one from NNN County Center Drive, LLC, affiliates of Grubb & Ellis Realty Investors, and profit recognized on the sale of properties. The source of cash to fund distributions in 2003 was profit recognized on the sale of properties. The source of cash to fund distributions in 2004 and 2005 was the collection of notes receivables from unaffiliated parties and profit recognized on the sale of properties.

NNN 2003 Value Fund, LLC

NNN 2003 Value Fund, LLC, or 2003 Value Fund, is a Delaware limited liability company formed on June 19, 2003 to purchase, own, operate and subsequently sell all or a portion of a number of unspecified value added properties. 10,000 units were sold to 855 investors in a private placement offering which began on July 11, 2003 and ended on October 14, 2004 and raised \$50,000,000 of gross offering proceeds. Grubb & Ellis Realty Investors has served as the manager of 2003 Value Fund since June 2003.

The Securities Exchange Act of 1934, as amended, or the Exchange Act, requires that, within 120 days following the end of the fiscal year in which an entity exceeds 500 security holders and has more than \$10,000,000 in assets, such entity file a registration statement pursuant to the requirements of the Exchange Act. As of December 31, 2004, 2003 Value Fund had more than 500 investors and assets of more than \$10,000,000 and had the obligation to file a

registration statement with the SEC no later than May 2, 2005. The required Form 10 registration statement for 2003 Value Fund was filed on May 2, 2005. Pursuant to Section 12(g)(1) of the Exchange Act, the Form 10 went effective by lapse of time on July 1, 2005.

As of December 31, 2007, 2003 Value Fund had purchased interests in 18 real estate properties, amounting to an investment by 2003 Value Fund of \$261,072,000 (2003 Value Fund's aggregate share of purchase price, including 2003 Value Fund's aggregate share of debt financing at acquisition). Of the

For the year ended December 31, 2007, 2003 Value Fund had returns of capital from cash distributions of \$4,143,000, which includes distributions of \$53,000 to minority interest holders. For the year ended December 31, 2006, 2003 Value Fund had returns of capital from cash distributions of \$9,179,000, which includes distributions of \$3,182,000 to minority interest holders. For the year ended December 31, 2005, 2003 Value Fund had returns of capital from cash distributions of \$4,657,000, which includes distributions of \$1,164,000 to minority interest holders. Pursuant to 2003 Value Fund's Operating Agreement, cash proceeds from capital transactions are first treated as a return of capital. The source of cash to fund distributions in 2007 and 2006 was the profit recognized on the sale of properties. \$280,000 of the source of cash to fund distributions in 2005 was from excess historical cash flows from operations, with the remainder from profit recognized on the sale of properties.

NNN 2002 Value Fund, LLC, or 2002 Value Fund, is a Virginia limited liability company formed on May 15, 2002 to purchase, own, operate and subsequently sell all or a portion of up to three properties. 5,960 units were sold to 549 investors in a private placement offering which began on May 15, 2002 and ended on July 14, 2003 and raised \$29,799,000 of gross offering proceeds. Grubb & Ellis Realty Investors has served as the manager of 2002 Value Fund since May 2002.

The Exchange Act requires that, within 120 days following the end of the fiscal year in which an entity exceeds 500 security holders and has more than \$10,000,000 in assets, such entity file a registration statement pursuant to the requirements of the Exchange Act. As of December 31, 2003, 2002 Value Fund had more than 500 investors and assets of more than \$10,000,000 and had the obligation to file a registration statement with the SEC no later than April 29, 2004. The required Form 10 registration statement for 2002 Value Fund was not filed until December 30, 2004. Pursuant to Section 12(g)(1) of the Exchange Act, the Form 10 went effective by lapse of time on February 28, 2005. Subsequent to that date, 2002 Value Fund has filed all reports required to be filed by Sections 13 or 15(d) of the Exchange Act; however, 2002 Value Fund's Form 10-K for the year ended December 31, 2004 was not timely filed.

As of December 31, 2007, 2002 Value Fund had purchased interests in three real estate properties amounting to an investment by 2002 Value Fund of \$57,141,000 (2002 Value Fund's aggregate share of purchase price, including 2002 Value Fund's aggregate share of debt financing at acquisition). Of the three interests in real estate properties, one (33.3%) was in Nevada, one (33.3%) was in Florida and one (33.3%) was in Illinois. As of December 31, 2007, two of these interests in real estate properties had been sold. The properties, which are described below, are all commercial office building properties. Based on share of purchase price, 100.0% of the property interests acquired by 2002 Value Fund were commercial office buildings, one of our company's focus. None of the property interests acquired by 2002 Value Fund were in medical office buildings or healthcare-related facilities, the other focuses of our company.

As of December 31, 2007, 2002 Value Fund owned an interest in the following property:

| Property Name | Ownership Interest | Type of Property | Purchase Date | Share of Purchase Price | Share of Mortgage Debt at Purchase | GLA (Sq Ft) | Location |
|------------------------|---------------------------|-------------------------|----------------------|--------------------------------|---|--------------------|-----------------|
| Congress Center-LLC(1) | 12.3% | office | 01/09/03 | \$ 16,741,000 | \$ 11,793,000 | 519,000 | Chicago, IL |

(1) Two affiliated public entities, G REIT, Inc. and T REIT Liquidating Trust own 30.0% and 10.3% of the property, respectively. Unaffiliated entities own 47.4% of the property.

As of December 31, 2007, 2002 Value Fund had sold its interests in the following properties:

| Property Name | Date of Purchase | Date of Sale | Ownership Interest | Gain (Loss) on Sale |
|----------------------------|-------------------------|---------------------|---------------------------|----------------------------|
| Bank of America Plaza West | 09/20/02 | 03/15/05 | 100.0% | \$ 6,674,000 |
| Netpark | 06/03/03 | 09/30/05 | 50.0% | \$ 8,215,000 |

For the years ended December 31, 2003 and 2004 and the period from January 1, 2005 through August 31, 2005, 2002 Value Fund had returns of capital from cash distributions of \$100,000, \$410,000 and \$10,330,000, respectively. Pursuant to 2002 Value Fund's Operating Agreement, cash proceeds from capital transactions are first treated as a return of capital. The source of cash to fund the distributions in 2003 was proceeds from the sale of 2002 Value Fund's securities. The source of cash to fund distributions in 2004 was prior years' proceeds from the sale of 2002 Value Fund's securities and borrowings from an affiliate of Grubb & Ellis Realty Investors. The source of cash to fund the distributions in 2005 was profit recognized on the sale of properties.

Private Programs

Beginning in April 1998 through December 31, 2007, Grubb & Ellis Group has advised 200 private real estate investment programs and four private notes programs. Each of the private programs advised by Grubb & Ellis Group and the properties acquired and sold through December 31, 2007 are described below. Please see Tables III, IV and V under *Prior Performance Tables* in this prospectus supplement for more information regarding the operating results of the prior funds sponsored by Grubb & Ellis Group, information regarding the results of the completed programs and information regarding the sales or disposals of properties by these programs.

As of December 31, 2007, 57 private programs, including three private notes programs, have gone full term. Further information regarding the results of the sales and operations of these programs can be found in *Prior Performance Table IV*.

Adverse Business Developments or Conditions

For some of those private programs detailed below and as noted in *Prior Performance Table III*, in some circumstances, Grubb & Ellis Group-sponsored programs had cash flow deficiencies and/or distributions to investors which represented returns of capital because the distributions were in excess of cash generated from operations, sales and refinancings. Cash deficiencies after cash distributions shown for various programs on *Prior Performance Table III* occur for a variety of reasons, most of which are the result of either (a) the loss of a major tenant and/or a reduction in leasing rates and, as a result, the operating revenues of a program have decreased or (b) the program held multiple properties or buildings, some of the properties or buildings were sold and distributions were made that were attributable to the sold properties which exceeded the cash generated by the operations of the remaining properties. Operating cash flow available after distributions may be affected by timing of rent collection and the payment of expenses, causing either excess or deficit cash flows after distributions for a given period. In addition, excess operating cash flow after distributions may be retained by the program as reserves to fund anticipated and unanticipated future expenditures or to cover reductions in cash flow resulting from the anticipated or unanticipated loss of a tenant.

For example, in 2001, Market Centre, LLC lost a major tenant in its property and leasing rates were reduced. For that year, Market Centre, LLC showed a cash deficiency and a distribution that was a return of capital. In the year ended December 31, 2002, the program reduced its distributions from 8.0% to 0.0%. Thus, in 2002, it did not incur a cash deficiency because there were no distributions to investors. Another example is NNN 1397 Galleria Drive LLC, which in August 2003, lost a major tenant in its property. This program reduced its distributions to investors in February 2004. For the year ended December 31, 2003, NNN 1397 Galleria Drive incurred a cash deficiency and a distribution to investors as a return of capital. The source of the distributions in excess of cash flows was distributions of the prior years' excess cash flow.

In other circumstances, cash deficiencies were the result of sales of properties for programs either owning multiple properties or multiple buildings constituting a single investment. For example, NNN Pacific Corporate Park 1, LLC, NNN 2000 Value Fund, LLC and Western Real Estate Investment Trust, Inc. own either multiple properties or a multi-building property. When a property or a building is sold and proceeds are distributed to investors, there may be a cash deficiency shown because proceeds are distributed in excess of cash generated by operations.

In some circumstances, such as NNN Highbrook, LLC, equity raised is ear-marked to pay for certain future expenses during the operating period of the program. This occurs in master lease apartment programs

Table of Contents

when reserves are established from investors' equity to pay for designated repairs when cash from operations is insufficient to pay for them. Deficit cash flow after distributions and return of capital result as these repair reserves are utilized. In other circumstances, such as NNN 300 Four Falls, LLC, it is anticipated that all equity will not be raised by the time a property is acquired. Mezzanine financing is used to cover the equity funding shortfall at the time of closing. The estimated fees and interest on the mezzanine financing are factored into the equity raise. As expenses related to the mezzanine financing are incurred, they may exceed cash flow generated after distributions, resulting in deficit cash flow and return of capital. In both of these scenarios, deficit cash flow after distributions and return of capital result from paying anticipated expenses from equity funded reserves.

Where distributions are made that exceed the cash flow generated from operations of the programs, the distributions are made either from cash reserves held by the program to be used for distributions, proceeds from the sales or re-financings of properties, distributions of prior years' excess cash flows or, loans from Grubb & Ellis Group or its affiliates. In cases where there are no reserves, the distribution level may be reduced or stopped. In those cases, the reductions or termination in distributions have been noted below.

Telluride Barstow, LLC: The offering period began June 1, 1998 and ended December 16, 1998. The offering raised \$1,619,500, or 100.0% of the offering amount. The LLC retained a 32.25% ownership interest in the program with a membership of eight unaffiliated members, three members who were unit holders of Grubb & Ellis Realty Investors at the time of the investment and Grubb & Ellis Realty Investors. The remaining 67.75% was owned by three unaffiliated TICs investing in the program. The program owned an 87.0% interest in the property. Mr. Thompson purchased a 13.0% interest in the property outside of the program.

| Property Name | Ownership Interest | Type of Property | Purchase Date | Purchase Price | Mortgage Debt at Purchase | GLA (Sq Ft) | Location |
|------------------------------|---------------------------|-------------------------|----------------------|-----------------------|----------------------------------|--------------------|-----------------|
| Barstow Road Shopping Center | 87.0% | shopping center | 05/01/98 | \$ 4,002,000 | \$ 3,001,500 | 78,000 | Barstow, CA |

For the years ended December 31, 1999 and 2000, the program had deficit cash flow after distributions of \$74,000 and \$12,000, respectively, which were covered by excess cash flow after distributions in 1998. For the year ended December 31, 2002, the program experienced deficit cash flow after distributions of \$20,000 which was covered by the previous year's excess cash flow after distributions. In 1999, Grubb & Ellis Realty Investors loaned \$8,000 to the program to fund operating shortfalls due to the timing of rent collections, which was repaid in full in 2001. In 2002, an affiliate of Grubb & Ellis Realty Investors loaned \$102,000 to the program to fund capital improvements. In February 2003, the property was sold for a loss of \$166,000. Grubb & Ellis Realty Investors received no fees from the sale of the property and the affiliate of Grubb & Ellis Realty Investors forgave the \$102,000 loan previously made to the program.

Western Real Estate Investment Trust, Inc.: Western Real Estate Investment Trust, Inc., or WREIT, was formed in July 1998 as a private real estate investment trust and is qualified as a REIT for federal income tax purposes. In April 2000, WREIT closed its best efforts private placement of its common stock in which it raised \$14,051,000 from 345 investors. A total of nine affiliated parties, including unit holders of Grubb & Ellis Realty Investors at the time of the investment and entities controlled by Mr. Thompson, purchased 1.65% of the total offering. WREIT was formed to acquire office and industrial properties and retail shopping centers primarily in the western United States. Grubb & Ellis Realty Investors manages the properties owned by WREIT. The 31.5% of the Brookings Mall that is not owned by the program is held by one unaffiliated TIC outside the program.

Table of Contents

As of December 31, 2007, WREIT had no interests in any properties. As of December 31, 2007, WREIT had sold the following properties:

In 2000, WREIT had deficit cash flow after distributions of \$344,000. The deficit cash flow was funded by prior years excess cash flow after distributions and cash proceeds from the sale of two properties. The sales generated a combined \$2,066,000 gain and WREIT paid \$4,740,000 in special distributions representing return of capital of \$3,100,000 following the sales. In 2001, WREIT received a \$480,000 loan from T REIT, an entity advised by Grubb & Ellis Realty Investors, and a \$404,000 loan from a private entity managed by Grubb & Ellis Realty Investors. In 2002, WREIT sold two additional properties generating a combined \$1,275,000 gain. Also in 2002, WREIT repaid the \$480,000 loan from T REIT and \$259,000 of the loan from a private entity managed by Grubb & Ellis Realty Investors. WREIT also received a \$21,000 loan from Grubb & Ellis Realty Investors to supplement capital funds. In 2002, WREIT sold two properties and paid Triple Net Properties Realty, Inc., or Realty, a disposition fee of \$300,000. In 2003, WREIT sold TIC interests to two entities advised by Grubb & Ellis Realty Investors generating a \$105,000 net loss for tax purposes and paid special distributions of \$2,000,000 following the sale. In 2003, WREIT received a loan from Grubb & Ellis Realty Investors in the amount of \$8,000, which was used to repay a portion of a \$58,000 loan from a private entity managed by Grubb & Ellis Realty Investors. In 2004, WREIT had deficit cash flow after distributions of \$97,000. The deficit cash flow was funded by prior years excess cash flow after distributions and cash proceeds from the sale of a property. In 2004, WREIT repaid in full Grubb & Ellis Realty Investors loans of \$29,000 from prior years. In 2004, WREIT sold Century Plaza East Shopping Center and paid Realty a disposition fee of \$104,000. In 2006, WREIT sold Kress Energy Center. Realty received a disposition fee of \$21,000. In 2007, WREIT sold its interest in Brookings Mall at a loss of \$208,000. Realty received a disposition fee of \$27,000 and deferred fees of \$61,000 from proceeds of the sale. Grubb & Ellis Realty Investors received reimbursement for deferred expenses totaling \$69,000.

Truckee River Office Tower, LLC: The offering period began August 21, 1998 and ended July 15, 1999. The offering raised \$5,550,000, or 100.0% of the offering amount. The LLC retained a 48.0% ownership interest in the property with a membership of 59 unaffiliated members, four members who were unit holders of Grubb & Ellis Realty Investors at the time of the investment and Grubb & Ellis Realty Investors. The remaining 52.0% was owned by six unaffiliated TICs and a company controlled by one of Grubb & Ellis Realty Investors shareholders investing in the program.

For the years ended December 31, 1999 and 2000, the program experienced a cash flow deficit after distributions and return of capital of \$16,000 and \$26,000, respectively. In 2002, a cash flow deficit after distributions of \$20,000 was covered by the prior year's cash flow excess after distributions. For the years ended 2003 and 2004, the program had a cash flow deficit after distributions and return of capital of \$6,000 and \$11,000, respectively.

In 1999, Grubb & Ellis Realty Investors loaned \$6,000 to the program to cover distributions, which was repaid in 2000. In 2001 and 2002, an affiliate of Grubb & Ellis Realty Investors loaned \$4,000 and \$5,000, respectively, to cover distributions. In 2004, these loans were repaid in full.

In January 2005, the property was sold for a gain of \$462,000. Realty received a disposition fee of \$82,000 and Grubb & Ellis Realty Investors received deferred management fees of \$125,000 from proceeds of the sale.

NNN Fund VIII, LLC: The offering period began February 22, 1999 and ended March 7, 2000. The offering raised \$8,000,000, or 100.0% of the offering amount. The program acquired three properties with the LLC investing in all properties and various TIC interests investing in each of the properties. The LLC retained a 32.75% interest in Palm Court, a 32.24% interest in Belmont Plaza and a 47.25% interest in Village Fashion Center with a membership of 91 unaffiliated members, three members who were unit holders of Grubb & Ellis Realty Investors at the time of the investment and Grubb & Ellis Realty Investors. The remaining 67.25% interest in Palm Court was owned by 11 unaffiliated TICs, Mr. Thompson and an entity owned by Grubb & Ellis Realty Investors investing in the program. The remaining 67.76% interest in Belmont Plaza was owned by five unaffiliated TICs investing in the program. The remaining 52.75% interest in Village Fashion Center was owned by seven unaffiliated TICs investing in the program.

In March 2002, Village Fashion Center was sold resulting in a gain of \$1,344,000. Realty received a disposition fee of \$345,000 and Grubb & Ellis Realty Investors received deferred management fees of \$386,000 from the sale proceeds. From the sale proceeds, an affiliate of Grubb & Ellis Realty Investors received repayment of a \$400,000 loan made to the property in 2001 for capital improvements.

In May 2003, Palm Court Shopping Center was sold resulting in a gain of \$1,805,000. Realty received a disposition fee of \$17,000 and Grubb & Ellis Realty Investors received deferred management and incentive fees of \$794,000 from sale proceeds. Grubb & Ellis Realty Investors received \$356,000 and an affiliate of Grubb & Ellis Realty Investors received \$303,000 from sale proceeds as repayment for loans made in prior years for capital improvements and costs relating to a legal settlement in 2001 which allowed Grubb & Ellis Realty Investors to expand non-retail leasing/ownership of its parcels from 5.0% to 25.0% of gross leaseable area within the center, subject to a redevelopment agreement with adjoining owners.

In January 2004, Belmont Plaza was sold resulting in a gain of \$208,000. Realty received a disposition fee of \$130,000 from sale proceeds.

For the years ended December 31, 2000 and 2001, the program had deficit cash flow after distributions of \$690,000 and \$142,000, respectively. The sources of distributions in excess of cash flows were the prior year's excess cash flow after distributions and return of capital of \$475,000 and \$202,000, respectively. Cash flow

Table of Contents

deficits were caused primarily by the timing difference of incurred property tax expense and collection of the related reimbursement of these charges from the tenants at all three properties. In 2002, the program had deficit cash flow after distributions of \$37,000 representing return of capital of \$234,000. For the year ended December 31, 2003, the program had an overall positive cash flow after distributions, but return of capital relating to the Belmont property of \$91,000. For the year ended December 31, 2004, the program experienced a deficit from operating cash flows due to post sale expenses with no offsetting operating income as all the properties had been sold. Excess cash flow after distributions from prior years covered the deficit.

In 2000, Grubb & Ellis Realty Investors loaned \$239,000 to the program to cover the cost of a legal settlement relating to the Palm Court property. In 2001, Grubb & Ellis Realty Investors loaned \$114,000 for leasing and capital costs at all three properties. In 2002 and 2003, all loans from Grubb & Ellis Realty Investors were repaid from the sale proceeds of Village Fashion Center and Palm Court. In 2001, affiliates of Grubb & Ellis Realty Investors loaned \$594,000 to the program to cover leasing and capital costs incurred at Palm Court and Village Fashion Center. In 2001, \$365,000 was repaid from the sale of Village Fashion Center and additional loans of \$229,000 were made for Palm Court leasing costs. In 2003, all loans from affiliates were paid in full from the sale proceeds of Palm Court.

NNN Town & Country Shopping Center, LLC: The offering period began May 10, 1999 and ended March 29, 2000. The offering raised \$7,200,000, or 100.0% of the offering amount. The LLC, with 56 unaffiliated members, retained a 30.25% ownership interest in the property. The remaining 69.75% of the property was owned by nine unaffiliated TICs investing in the program.

| Property Name | Ownership Interest | Type of Property | Purchase Date | Purchase Price | Mortgage Debt at Purchase | GLA (Sq Ft) | Location |

The program reduced distributions to investors during 2000 from 8.0% to 5.0% due to reduced available operating cash flow. The property experienced reduced operating cash flow due to the costs of a major redevelopment project which included the relocation of certain tenants within the shopping center and a higher than projected interest rate on the variable rate mortgage loan. In 2002, Grubb & Ellis Realty Investors refinanced the property with a \$34,000,000 loan at a lower, fixed interest rate with a 10-year term. From refinance proceeds, Grubb & Ellis Realty Investors and affiliates received \$637,000 in deferred fees and repayment of loans of \$1,875,000. With the refinance in place and redevelopment largely complete, cash flow improved and distributions were subsequently increased to 8.0% retroactively and 9.0% soon thereafter. On June 25, 2004, the property was sold at a price of \$44,410,000. From sale proceeds, Realty received a disposition fee of \$444,000 and Realty and Grubb & Ellis Realty Investors received deferred property and asset management fees of \$1,175,000. The property was sold for a gain of \$1,797,000.

For the year ended December 31, 2000, the program had a cash deficiency after distributions of \$645,000 and return of capital of \$513,000. The cash deficiency was caused primarily by debt service with increasing interest rates on a variable rate loan tied to LIBOR. For the year ended December 31, 2003, the program had a cash deficiency after distributions of \$363,000, which was covered by prior years' excess cash flow after distributions.

In 2000 and 2001, Grubb & Ellis Realty Investors loaned \$508,000 and \$747,000, respectively, to cover tenant repositioning costs and tenant improvements related to the redevelopment of the property. In 2002, an affiliate of Grubb & Ellis Realty Investors loaned \$113,000 to cover additional tenant improvement costs. Grubb & Ellis Realty

Investors' loans from prior years were repaid in full from refinance proceeds. In 2003, Grubb & Ellis Realty Investors and an affiliate of Grubb & Ellis Realty Investors loaned \$75,000 and \$12,000, respectively, for capital improvements and Grubb & Ellis Realty Investors loaned \$5,000 to the program for the LLC's tax return cost. All 2003 loans from Grubb & Ellis Realty Investors and its affiliate were paid in full in 2004.

NNN A Credit TIC, LLC: The offering period began August 10, 1999 and ended February 12, 2001. The offering raised \$2,500,000, or 100.0% of the offering amount. The LLC, with 15 unaffiliated members

In 2003, the program had deficit cash flow after distributions of \$65,000. Prior years excess cash flow after distributions covered the deficit. In 2004, the program had deficit cash flow after distributions of \$99,000 representing return of capital of \$51,000. During 2004, Grubb & Ellis Realty Investors terminated distributions to investors in order to conserve cash flow for operations and future leasing.

In 2001, Grubb & Ellis Realty Investors loaned \$13,000 and an affiliate of Grubb & Ellis Realty Investors loaned \$15,000 to cover a portion of leasing costs of \$90,000. In 2002, affiliates of Grubb & Ellis Realty Investors loaned \$141,000 to cover a portion of distributions of \$23,000 and capital expenditure and leasing costs of \$118,000. In 2003, Grubb & Ellis Realty Investors loaned \$60,000 and an affiliate of Grubb & Ellis Realty Investors loaned \$84,000 to cover a portion of distributions of \$33,000 and capital and leasing costs of \$111,000. In 2003, an affiliate of Grubb & Ellis Realty Investors forgave its unsecured loans to the program totaling \$87,000 which was treated as income for tax purposes but was excluded in cash generated from operations in the Prior Performance Tables, resulting in the deficit cash flow for the year. In 2004 and 2005, affiliates of Grubb & Ellis Realty Investors loaned \$75,000 and \$8,000, respectively to cover distributions and \$15,000 of capital expenditures. In 2004 and 2005, Grubb & Ellis Realty Investors and affiliates forgave unsecured loans of \$48,000 and \$276,000, respectively. For tax purposes, the forgiveness of indebtedness was treated as income but was excluded from cash generated from operations. In January 2005, distributions to investors were suspended. No distributions were made in 2006 or 2007.

NNN Redevelopment Fund VIII, LLC: The offering began August 27, 1999 and ended June 5, 2000. The offering raised \$7,378,778, or 92.2% of the offering amount from 162 unaffiliated members and six members who were unit holders of Grubb & Ellis Realty Investors at the time of the investment. The program owns 100.0% of the White Lakes property and 94.5% of the Bank One Building, with 5.5% of the Bank One Building owned outside the program by Mr. Thompson as a TIC.

| Property Name | Ownership Interest | Type of Property | Purchase Date | Share of Purchase Price | Share of Mortgage Debt at Purchase | GLA (Sq Ft) | Location |

In 2000, a parcel at White Lakes Shopping Center was sold for \$2,600,000. The sale generated net cash proceeds of \$399,000 after payment of selling costs and a partial principal loan reduction. The proceeds were retained by the program to fund reserves for subsequent capital expenditures. Realty received a \$25,000 disposition fee from the sale.

In 2001, the loan on the Bank One Building was refinanced. The refinancing generated net proceeds to the fund of \$462,000 which were distributed to investors during the year. An affiliate of Grubb & Ellis Realty Investors loaned \$162,000 to fund capital improvements for both projects. In 2002, Grubb & Ellis Realty Investors and affiliates of Grubb & Ellis Realty Investors loaned \$23,000 and \$414,000, respectively, for ongoing capital improvements and leasing costs. In 2003, Grubb & Ellis Realty Investors loaned an additional \$457,000 to the program and affiliates of Grubb & Ellis Realty Investors loaned \$103,000 to partially repay prior years' loans, and Grubb & Ellis Realty Investors forgave \$399,000 of prior loans. In August 2003, Grubb & Ellis Realty Investors reduced the distribution rate from 8.0% to 5.0%.

In 2004, two parcels of the White Lakes Shopping Center were sold for \$1,250,000 and \$225,000. The net proceeds after selling costs were used to reduce mortgage debt by \$1,292,000. The remaining property was also refinanced with a loan amount less than the previously existing loan. In order to extend the loan on the Bank One Building, the program was required to pay additional loan fees of \$300,000 and pay down the

Table of Contents

existing loan by \$550,000. To fund the financing and continuing leasing requirements for both properties, Grubb & Ellis Realty Investors loaned \$507,000 to the program and an affiliate of Grubb & Ellis Realty Investors loaned \$1,649,000.

In 2005, the program repaid \$315,000 of loans from Grubb & Ellis Realty Investors relating to White Lakes Shopping Center. Grubb & Ellis Realty Investors and affiliates forgave indebtedness relating to White Lakes Shopping Center of \$111,000 and \$711,000, respectively. A parcel of the White Lakes property was sold for \$950,000 and the net proceeds were used to reduce principal mortgage debt. In 2005, the Bank One property was refinanced with a mortgage of \$8,000,000. Grubb & Ellis Realty Investors did not receive a financing fee and the transaction produced net proceeds of \$203,000. In April 2006, distributions to investors were suspended. In 2006, Grubb & Ellis Realty Investors advanced \$335,000 to White Lakes Shopping Center to fund operations. In 2007, no distributions were made to investors.

The program has experienced reduced operating cash flow primarily as a consequence of reduced leasing rates and increased vacancy resulting from the depressed local commercial leasing markets and economy in the Colorado Springs and Topeka markets.

NNN Exchange Fund III, LLC: The offering began September 15, 1999 and ended May 31, 2000. The offering raised \$6,300,000, or 100.0% of the offering amount. FEDERAL INCOME TAX CONSIDERATIONS

General

The following is a summary of the material United States federal income tax considerations associated with an investment in our common stock. The statements made in this section of the prospectus are based

Table of Contents

upon current provisions of the Internal Revenue Code and Treasury Regulations promulgated thereunder, as currently applicable, currently published administrative positions of the IRS and judicial decisions, all of which are subject to change, either prospectively or retroactively. We cannot assure you that any changes will not modify the conclusions expressed in our counsel's opinions described herein. This summary does not address all possible tax considerations that may be material to an investor and does not constitute legal or tax advice. This summary deals only with our stockholders that hold our stock as "capital assets" within the meaning of section 1221 of the Internal Revenue Code. Moreover, this summary does not deal with all tax aspects that might be relevant to you, as a prospective stockholder, in light of your personal circumstances, nor does it deal with particular types of stockholders that are subject to special treatment under the federal income tax laws, such as insurance companies, holders whose shares are acquired through the exercise of stock options or otherwise as compensation, holders whose shares are acquired through the distribution reinvestment plan or who intend to sell their shares under the share repurchase plan, tax-exempt organizations except as provided below, financial institutions or broker-dealers, or foreign corporations or persons who are not citizens or residents of the United States. The Internal Revenue Code provisions governing the federal income tax treatment of REITs and their stockholders are highly technical and complex, and this summary is qualified in its entirety by the express language of applicable Internal Revenue Code provisions, Treasury Regulations promulgated thereunder and administrative and judicial interpretations thereof.

We urge you, as a prospective stockholder, to consult your own tax advisor regarding the specific tax consequences to you of a purchase of shares, ownership and sale of the shares and of our election to be taxed as a REIT, including the federal, state, local, foreign and other tax consequences of such purchase, ownership, sale and election and of potential changes in applicable tax laws.

REIT Qualification

We have qualified to be taxed as a REIT commencing with our taxable year ended December 31, 2007. Alston & Bird LLP has delivered an opinion to us that, commencing with our taxable year ending December 31, 2006, we will be organized in conformity with the requirements for qualification as a REIT under the Internal Revenue Code, and our proposed method of operation will enable us to operate in conformity with the requirements for qualification as a REIT under the Internal Revenue Code. This opinion, however, has not been updated.

Investors should be aware that an opinion of counsel is not binding upon the IRS or any court. The opinion of Alston & Bird LLP described above was based on various assumptions and qualifications and conditioned on representations made by us as to factual matters, including representations regarding the intended nature of our properties and the future conduct of our business. Moreover, our continued qualification and taxation as a REIT depends upon our ability to meet on a continuing basis, through actual annual operating results, the qualification tests set forth in the federal tax laws and described below. Alston & Bird LLP has not reviewed, and will not review, our compliance with those tests on a continuing basis. Accordingly, our actual results of operation for any particular taxable year may not satisfy these requirements. For a discussion of certain tax consequences of our failure to meet these qualification requirements, see "Failure to Qualify as a REIT."

Taxation of Grubb & Ellis Healthcare REIT

If we remain qualified for taxation as a REIT, we generally will not be subject to federal corporate income taxes on that portion of our ordinary income or capital gain that we distribute currently to our stockholders, because the REIT provisions of the Internal Revenue Code, generally allow a REIT to deduct distributions paid to its stockholders. This substantially eliminates the federal "double taxation" on earnings (taxation at both the corporate level and stockholder level) that usually results from an investment in the stock of a corporation. Even if we qualify for taxation as a REIT, however, we will be subject to federal income taxation described below.

We will be taxed at regular corporate rates on our undistributed REIT taxable income, including undistributed net capital gains.

Under some circumstances, we may be subject to alternative minimum tax.

Table of Contents

If we have net income from the sale or other disposition of foreclosure property (which is described below) that is held primarily for sale to customers in the ordinary course of business or other non-qualifying income from foreclosure property, we will be subject to tax at the highest corporate rate on that income.

If we have net income from prohibited transactions (which are described below), the income will be subject to a 100% tax.

If we fail to satisfy either of the 75.0% or 95.0% gross income tests (which are discussed below) but have nonetheless maintained our qualification as a REIT because certain conditions have been met, we will be subject to a 100% tax on an amount equal to the greater of the amount by which we fail the 75.0% or 95.0% test multiplied by a fraction calculated to reflect our profitability.

If we fail to satisfy the REIT asset tests and continue to qualify as a REIT because we meet other requirements, we will have to pay a tax equal to the greater of \$50,000 or the highest corporate income tax rate multiplied by the net income generated by the non-qualifying assets during the time we failed to satisfy the asset tests; if we fail to satisfy other REIT requirements (other than the gross income and asset tests), and continue to qualify as a REIT because we meet other requirements, we will have to pay \$50,000 for each other failure.

If we fail to distribute during each year at least the sum of (i) 85.0% of our REIT ordinary income for the year, (ii) 95.0% of our REIT capital gain net income for such year and (iii) any undistributed taxable income from prior periods, we will be subject to a 4.0% excise tax on the excess of the required distribution over the amounts actually distributed.

We may elect to retain and pay tax on our net long-term capital gain. In that case, a United States stockholder would be taxed on its proportionate share of our undistributed long-term capital gain and would receive a credit or refund for its proportionate share of the tax we paid.

If we acquire any asset from a C corporation (i.e., a corporation generally subject to corporate-level tax) in a transaction in which our basis in the asset is determined by reference to the basis of the asset (or any other property) in the hands of the C corporation and we subsequently recognize gain on the disposition of the asset during the 10 year period beginning on the date on which we acquired the asset, then a portion of the gain may be subject to tax at the highest regular corporate rate, unless the C corporation made an election to treat the asset as if it were sold for its fair market value at the time of our acquisition. We refer to this tax as the Built-in Gains Tax.

Our taxable REIT subsidiaries will be subject to federal and state income tax on their taxable incomes. Several provisions regarding the arrangements between a REIT and its taxable REIT subsidiaries ensure that a taxable REIT subsidiary will be subject to an appropriate level of federal income taxation. For example, the Internal Revenue Code limits the ability of our taxable REIT subsidiary to deduct interest payments in excess of a certain amount made to us. In addition, we must pay a 100% tax on some payments that we receive from, or on certain expenses deducted by, the taxable REIT subsidiary if the economic arrangements between us, our tenants and the taxable REIT subsidiary are not comparable to similar arrangements among unrelated parties. In the event that we have taxable REIT subsidiaries in the future, it is possible that those subsidiaries may make interest and other payments to us and to third parties in connection with activities related to our properties. We cannot assure you that our taxable REIT subsidiaries will not be limited in their ability to deduct interest payments made to us. In addition, we cannot assure you that the IRS might not seek to impose the 100% tax on services performed by taxable REIT subsidiaries for tenants of ours, or on a portion of the payments received by us from, or expenses deducted by, our taxable REIT subsidiaries.

The term prohibited transaction generally includes a sale or other disposition of property (other than foreclosure property) that is held primarily for sale to customers in the ordinary course of a REIT's trade or business. Whether property is held primarily for sale to customers in the ordinary course of a trade or business depends on the particular facts and circumstances surrounding each property. We intend to conduct our operations in such a manner (i) so that no asset we own, directly or through any subsidiary entities other than taxable REIT subsidiaries, will be held for sale to customers in the ordinary course of our trade or

Table of Contents

business, or (ii) in order to comply with certain safe-harbor provisions of the Internal Revenue Code that would prevent such treatment. However, no assurance can be given that any particular property we own, directly or through any subsidiary entities other than taxable REIT subsidiaries, will not be treated as property held for sale to customers or that we can comply with those safe-harbor provisions.

Foreclosure property is real property and any personal property incident to such real property (1) that is acquired by a REIT as the result of the REIT having bid in the property at foreclosure, or having otherwise acquired ownership or possession of the property by agreement or process of law, after there was a default (or default was imminent) on a lease of the property or on a mortgage loan held by the REIT and secured by the property, (2) the related loan or lease of which was acquired by the REIT at a time when default was not imminent or anticipated and (3) for which such REIT makes a proper election to treat the property as foreclosure property. REITs generally are subject to tax at the maximum corporate rate on any net income from foreclosure property, including any gain from the disposition of the foreclosure property, other than income that would otherwise be qualifying income for purposes of the 75.0% gross income test, which is described below. Any gain from the sale of property for which a foreclosure property election has been made will not be subject to the 100% tax on gains from prohibited transactions described above, even if the property would otherwise constitute property held primarily for sale to customers in the ordinary course of a REIT's trade or business. We do not anticipate that we will receive any income from foreclosure property that is not qualifying income for purposes of the 75.0% gross income test; however, if we do acquire any foreclosure property that we believe will give rise to such income, we intend to make an election to treat the related property as foreclosure property.

Requirements for Qualification as a REIT

In order for us to continue to qualify as a REIT, we must meet and continue to meet the requirements discussed below relating to our organization, sources of income, nature of assets and distributions of income to our stockholders.

Requirements for Qualification

The Internal Revenue Code defines a REIT as a corporation, trust or association:

- (1) which is managed by one or more trustees or directors;
- (2) the beneficial ownership of which is evidenced by transferable shares or by transferable certificates of beneficial interest;
- (3) which would be taxable as a domestic corporation but for sections 856 through 859 of the Internal Revenue Code;
- (4) which is neither a financial institution nor an insurance company subject to certain provisions of the Internal Revenue Code;
- (5) the beneficial ownership of which is held by 100 or more persons;
- (6) not more than 50.0% in value of the outstanding stock of which is owned, directly or indirectly, by or for five or fewer individuals (as defined in the Internal Revenue Code to include certain entities);
- (7) which makes an election to be a REIT (or has made such election for a previous taxable year which has not been revoked or terminated) and satisfies all relevant filing and other administrative requirements established by the IRS that must be met to elect and maintain REIT status;

(8) which uses the calendar year as its taxable year; and

(9) which meets certain other tests, described below, regarding the nature of its income and assets and the amount of its distributions.

The Internal Revenue Code provides that conditions (1) through (4), inclusive, must be met during the entire taxable year, that condition (5) must be met during at least 335 days of a taxable year of 12 months, or

Table of Contents

during a proportionate part of a taxable year of less than 12 months, and that condition (6) must be met during the last half of each taxable year. For purposes of the sixth requirement, the beneficiaries of a pension or profit-sharing trust described in Section 401(a) of the Internal Revenue Code, and not the pension or profit-sharing trust itself, are treated as REIT stockholders. We will be treated as having met condition (6) above for a taxable year if we complied with certain Treasury Regulations for ascertaining the ownership of our stock for such year and if we did not know (or after the exercise of reasonable diligence would not have known) that our stock was sufficiently closely held during such year to cause us to fail condition (6). In addition, conditions (5) and (6) do not apply to a REIT until the second calendar year in which the REIT qualifies as such.

Our articles of incorporation contain restrictions regarding ownership and transfer of shares of our stock that are intended to assist us in continuing to satisfy the share ownership requirements in items (5) and (6) above. See *Description of Capital Stock – Restriction on Ownership of Shares*.

For purposes of the requirements described herein, any corporation that is a qualified REIT subsidiary of ours will not be treated as a corporation separate from us, and all assets, liabilities, and items of income, deduction and credit of our qualified REIT subsidiaries will be treated as our assets, liabilities and items of income, deduction and credit. A qualified REIT subsidiary is a corporation, other than a taxable REIT subsidiary (as described below under *Operational Requirements – Asset Tests*), all of the capital stock of which is owned by a REIT.

In the case of a REIT that is a partner in an entity treated as a partnership for federal income tax purposes, the REIT is treated as owning its proportionate share of the assets of the partnership and as earning its allocable share of the gross income of the partnership for purposes of the requirements described herein. In addition, the character of the assets and gross income of the partnership will retain the same character in the hands of the REIT for purposes of the REIT requirements, including the asset and income tests described below. As a result, our proportionate share of the assets, liabilities and items of income of our operating partnership and of any other partnership, joint venture, limited liability company or other entity treated as a partnership for federal tax purposes in which we or our operating partnership have an interest will be treated as our assets, liabilities and items of income.

Operational Requirements – Gross Income Tests

To maintain our qualification as a REIT, we must satisfy annually two gross income requirements.

At least 75.0% of our gross income, excluding gross income from prohibited transactions, for each taxable year must be derived directly or indirectly from investments relating to real property or mortgages on real property (including rents from real property and interest income derived from mortgage loans secured by real property) and from other specified sources, including qualified temporary investment income, as described below. This is the 75.0% Gross Income Test.

At least 95.0% of our gross income, excluding gross income from prohibited transactions, for each taxable year must be derived from the real property investments described above in the 75.0% Gross Income Test and generally from dividends and interest and gains from the sale or disposition of stock or securities or from any combination of the foregoing. This is the 95.0% Gross Income Test.

Rents from Real Property

The rents we receive qualify as rents from real property for purposes of satisfying the gross income requirements for a REIT only if several conditions are met, including the following:

The amount of rent received from a tenant must not be based in whole or in part on the income or profits of any person; however, an amount received or accrued generally will not be excluded from the term rents from real property solely by reason of being based on a fixed percentage or percentages of gross receipts or sales;

Table of Contents

In general, neither we nor an owner of 10.0% or more of our stock may directly or constructively own 10.0% or more of a tenant or a subtenant of the tenant (in which case only rent attributable to the subtenant is disqualified);

Rent attributable to personal property leased in connection with a lease of real property cannot be greater than 15.0% of the total rent received under the lease, as determined based on the average of the fair market values as of the beginning and end of the taxable year; and

We normally must not operate or manage the property or furnish or render services to tenants, other than (i) through an independent contractor who is adequately compensated and from whom we do not derive any income or (ii) through a taxable REIT subsidiary. However, a REIT may provide services with respect to its properties, and the income derived therefrom will qualify as rents from real property, if the services are usually or customarily rendered in connection with the rental of space only and are not otherwise considered rendered to the occupant. Even if the services provided by us with respect to a property are impermissible tenant services, the income derived therefrom will qualify as rents from real property if such income does not exceed 1.0% of all amounts received or accrued with respect to that property. For this purpose, such services may not be valued at less than 150.0% of our direct cost of providing the services, and any gross income deemed to have been derived by us from the performance of noncustomary services pursuant to the 1.0% de minimis exception will constitute nonqualifying gross income under the 75.0% and 95.0% gross income tests. In addition, our taxable REIT subsidiaries may perform some impermissible tenant services without causing us to receive impermissible tenant services income under the REIT income tests. However, several provisions regarding the arrangements between a REIT and its taxable REIT subsidiaries ensure that a taxable REIT subsidiary will be subject to an appropriate level of federal income taxation. For example, the Internal Revenue Code limits the ability of our taxable REIT subsidiary to deduct interest payments in excess of a certain amount made to us. In addition, we must pay a 100% tax on some payments that we receive from, or on certain expenses deducted by, the taxable REIT subsidiary if the economic arrangements between us, our tenants and the taxable REIT subsidiary are not comparable to similar arrangements among unrelated parties. In the event that we have taxable REIT subsidiaries in the future, it is possible that those subsidiaries may make interest and other payments to us and to third parties in connection with activities related to our properties. We cannot assure you that our taxable REIT subsidiaries will not be limited in their ability to deduct interest payments made to us. In addition, we cannot assure you that the IRS might not seek to impose the 100% tax on services performed by taxable REIT subsidiaries for tenants of ours, or on a portion of the payments received by us from, or expenses deducted by, our taxable REIT subsidiaries.

Compliance with 75.0% and 95.0% Gross Income Tests

Prior to the making of investments in real properties, we may invest the net offering proceeds in liquid assets such as government securities or certificates of deposit. For purposes of the 75.0% Gross Income Test, income attributable to a stock or debt instrument purchased with the proceeds received by a REIT in exchange for stock in the REIT (other than amounts received pursuant to a distribution reinvestment plan) constitutes qualified temporary investment income if such income is received or accrued during the one-year period beginning on the date the REIT receives such new capital. To the extent that we hold any proceeds of the offering for longer than one year, we may invest those amounts in less liquid investments in order to satisfy the 75.0% Gross Income and the 95.0% Gross Income Tests and the Asset Tests described below. We expect the bulk of the remainder of our income to qualify under the 75.0% Gross Income and 95.0% Gross Income Tests as rents from real property and qualifying interest income in accordance with the requirements described above. In this regard, we anticipate that most of our leases will be for fixed rentals with annual consumer price index or similar adjustments and that none of the rentals under our leases will be based on the income or profits of any person. In addition, we do not expect to receive rent from a person of whose stock we (or an owner of

10.0% or more of our stock) directly or constructively own 10.0% or more. Also, the portion of the rent attributable to personal property is not expected to exceed 15.0% of the total rent to be received under any lease. Finally, we anticipate that all or most of the services to be performed with respect to our properties

Table of Contents

will be performed by our property manager and such services are expected to be those usually or customarily rendered in connection with the rental of real property and not rendered to the occupant of such property. However, we can give no assurance that the actual sources of our gross income will allow us to satisfy the 75.0% Gross Income and the 95.0% Gross Income Tests described above.

Notwithstanding our failure to satisfy one or both of the 75.0% Gross Income and the 95.0% Gross Income Tests for any taxable year, we may still qualify as a REIT for that year if we are eligible for relief under specific provisions of the Internal Revenue Code. These relief provisions generally will be available if:

Our failure to meet these tests was due to reasonable cause and not due to willful neglect; and

Following our identification of the failure, we properly disclose such failures to the IRS.

It is not possible, however, to state whether, in all circumstances, we would be entitled to the benefit of these relief provisions. In addition, as discussed above in *Taxation of Grubb & Ellis Healthcare REIT*, even if these relief provisions apply, a tax would be imposed with respect to non-qualifying net income.

Operational Requirements Asset Tests

At the close of each quarter of our taxable year, we also must satisfy several tests, or the Asset Tests, relating to the nature and diversification of our assets.

First, at least 75.0% of the value of our total assets must be represented by real estate assets, cash, cash items (including receivables) and government securities. The term *real estate assets* includes real property, mortgages on real property, shares of stock in other qualified REITs, property attributable to the temporary investment of new capital as described above and a proportionate share of any real estate assets owned by a partnership in which we are a partner or of any qualified REIT subsidiary of ours.

Second, no more than 25.0% of the value of our total assets may be represented by securities other than those described above in the 75.0% asset class.

Third, of the investments included in the 25.0% asset class, the value of any one issuer's securities that we own may not exceed 5.0% of the value of our total assets. Additionally, we may not own more than 10% of the voting power of any one issuer's outstanding securities. Furthermore, we may not own more than 10.0% of the total value of any one issuer's outstanding debt and equity securities. The 10.0% value limitation will not apply, however, to (1) *straight debt securities* (discussed below); (2) loans to an individual or an estate; (3) certain rental agreements calling for deferred rents or increasing rents that are subject to section 467 of the Internal Revenue Code, other than with a *related person*; (4) obligations to pay qualifying rents from real property; (5) securities issued by a state or any political subdivision of a state, the District of Columbia, a foreign government, any political subdivision of the foreign government, or the Commonwealth of Puerto Rico, but only if the determinations of any payment received or accrued under the security does not depend in whole or in part on the profits of any entity; (6) securities issued by another qualifying REIT; and (7) other arrangements identified in Treasury Regulations (which have not yet been issued or proposed). Additionally, any debt instrument issued by a partnership will not be treated as a security if at least 75.0% of the partnership's gross income (excluding gross income from prohibited transactions) is derived from sources meeting the requirements of the 75.0% Gross Income Test. Any debt instrument issued by a partnership also will not be treated as a security to the extent of our interest as a partner in the partnership. *Straight debt* is generally defined as debt that is payable on demand or at a date certain where the interest rate and the interest payment dates are not contingent on profits, the borrower's discretion or similar factors and there is no convertibility,

directly or indirectly, into stock of the debtor. However, a security will not fail to be straight debt if it is subject to certain customary or de minimis contingencies. A security issued by a corporation or partnership will qualify as straight debt only if we or any of our taxable REIT subsidiaries hold no more than 1.0% of the outstanding non-qualifying securities of such issuer. Mortgage debt secured by real estate assets constitutes a real estate asset and does not constitute a security for purposes of the foregoing tests. For purposes of this Asset Test and the second Asset Test, securities do not include the equity or debt securities of a qualified REIT subsidiary of ours or an equity interest in any entity treated as a partnership

Table of Contents

for federal tax purposes. Also, in looking through any partnership to determine our allocable share of any securities owned by the partnership for applying solely the 10.0% value test, our share of the assets of the partnership will correspond not only to our interest as a partner in the partnership, but also to our proportionate interest in certain debt securities issued by the partnership. The third Asset Test does not apply in respect of a taxable REIT subsidiary.

Fourth, no more than 20.0% (25.0%, for 2009 taxable year and thereafter) of the value of our total assets may consist of the securities of one or more taxable REIT subsidiaries. Subject to certain exceptions, a taxable REIT subsidiary is any corporation, other than a REIT, in which we directly or indirectly own stock and with respect to which a joint election has been made by us and the corporation to treat the corporation as a taxable REIT subsidiary of ours and also includes any corporation, other than a REIT or a qualified REIT subsidiary, in which a taxable REIT subsidiary of ours owns, directly or indirectly, more than 35.0% of the voting power or value.

The Asset Tests must generally be met at the close of any quarter in which we acquire securities or other property. Upon full investment of the net offering proceeds, we expect that most of our assets will consist of real estate assets and we therefore expect to satisfy the Asset Tests.

If we meet the Asset Tests at the close of any quarter, we will not lose our REIT status for a failure to satisfy the Asset Tests at the end of a later quarter if such failure occurs solely because of changes in asset values. If our failure to satisfy the Asset Tests results from an acquisition of securities or other property during a quarter, we can cure the failure by disposing of a sufficient amount of non-qualifying assets within 30 days after the close of that quarter. We intend to maintain adequate records of the value of our assets to ensure compliance with the Asset Tests and to take other action within 30 days after the close of any quarter as may be required to cure any noncompliance.

In addition, we will have up to six months to dispose of sufficient assets or otherwise to cure a failure to satisfy the third Asset Test, provided the failure is due to the ownership of assets the total value of which does not exceed the lesser of (1) 1.0% of our assets at the end of the relevant quarter or (2) \$10,000,000. For violations of any of the REIT asset tests due to reasonable cause that are larger than this amount, we may avoid disqualification as a REIT after the 30 day cure period by taking certain steps, including the disposition of sufficient assets within the six month period described above to meet the applicable asset test, paying a tax equal to the greater of \$50,000 or the highest corporate tax rate multiplied by the net income generated by the non-qualifying assets during the period of time that the assets were held as non-qualifying assets, and filing a schedule with the IRS that describes the non-qualifying assets.

Operational Requirements Annual Distribution Requirement

To qualify for taxation as a REIT, the Internal Revenue Code requires us to make distributions (other than capital gain distributions) to our stockholders in an amount at least equal to (a) the sum of: (1) 90.0% of our REIT taxable income (computed without regard to the dividends paid deduction and our net capital gain), and (2) 90.0% of the net income, if any, from foreclosure property in excess of the special tax on income from foreclosure property, minus (b) the sum of certain items of non-cash income.

We must pay distributions in the taxable year to which they relate. Distributions paid in the subsequent year, however, will be treated as if paid in the prior year for purposes of the prior year's distribution requirement if the distributions satisfy one of the following two sets of criteria:

We declare the distributions in October, November or December, the distributions are payable to stockholders of record on a specified date in such a month, and we actually pay the distributions during January of the subsequent year; or

We declare the distributions before we timely file our federal income tax return for such year, we pay the distributions in the 12-month period following the close of the prior year and not later than the first regular distribution payment after the declaration, and we elect on our federal income tax return for the prior year to have a specified amount of the subsequent distribution treated as if paid in the prior year.

Table of Contents

Even if we satisfy the foregoing distribution requirements, we are subject to tax thereon to the extent that we do not distribute all of our net capital gain or REIT taxable income as adjusted. Furthermore, if we fail to distribute at least the sum of 85.0% of our ordinary income for that year, 95.0% of our capital gain net income for that year, and any undistributed taxable income from prior periods, we would be subject to a 4.0% excise tax on the excess of the required distribution over the amounts actually distributed. Distributions that are declared in October, November or December to stockholders of record on a specified date in one of those months and are distributed in the following January are treated as distributed in the previous December for purposes of the excise tax.

In addition, if during the 10-year recognition period, we dispose of any asset subject to the built-in gain rules described above, we must distribute at least 90.0% of the built-in gain (after tax), if any, recognized on the disposition of the asset.

We intend to make timely distributions sufficient to maintain our REIT status and avoid income and excise taxes; however, it is possible that we may experience timing differences between (1) the actual receipt of income and payment of deductible expenses, and (2) the inclusion of that income and deduction of those expenses for purposes of computing our taxable income. It is also possible that we may be allocated a share of net capital gain attributable to the sale of depreciated property by our operating partnership that exceeds our allocable share of cash attributable to that sale. In those circumstances, we may have less cash than is necessary to meet our annual distribution requirement or to avoid income or excise taxation on undistributed income. We may find it necessary in those circumstances to arrange for financing or raise funds through the issuance of additional shares in order to meet our distribution requirements. If we fail to satisfy the distribution requirement for any taxable year by reason of a later adjustment to our taxable income, we may be able to pay deficiency distributions in a later year and include such distributions in our deductions for distributions paid for the earlier year. In that event, we may be able to avoid being taxed on amounts distributed as deficiency distributions, but we would be required in those circumstances to pay interest to the IRS based upon the amount of any deduction taken for deficiency distributions for the earlier year.

As noted above, we may also elect to retain, rather than distribute, our net long-term capital gains. The effect of such an election would be as follows:

We would be required to pay the federal income tax on these gains;

Taxable U.S. stockholders, while required to include their proportionate share of the undistributed long-term capital gains in income, would receive a credit or refund for their share of the tax paid by the REIT; and

The basis of the stockholder's shares would be increased by the amount of our undistributed long-term capital gains (minus its proportionate share of the amount of capital gains tax we pay) included in the stockholder's long-term capital gains.

Failure to Maintain Qualification as a REIT

If we were to fail to satisfy one or more requirements to maintain our REIT qualification, other than an asset or income test violation of a type for which relief is otherwise available as described above, we would retain our REIT qualification if the failure was due to reasonable cause and not willful neglect, and if we were to pay a penalty of \$50,000 for each such failure. It is not possible to predict whether in all circumstances we would be entitled to the benefit of this relief provision.

If we fail to qualify as a REIT for any reason in a taxable year and applicable relief provisions do not apply, we will be subject to tax (including any applicable alternative minimum tax) on our taxable income at regular corporate rates. We will not be able to deduct distributions paid to our stockholders in any year in which we fail to qualify as a REIT.

We also will be disqualified for the four taxable years following the year during which qualification was lost unless we are entitled to relief under specific statutory provisions.

Taxation of Taxable U.S. Stockholders

Definition

In this section, the phrase "U.S. stockholder" means a holder of our common stock that for federal income tax purposes is:

a citizen or resident of the United States;

a corporation or other entity treated as a corporation for U.S. federal income tax purposes created or organized in or under the laws of the United States or of any political subdivision thereof;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust.

If a partnership holds our stock, the tax treatment of a partner will depend on the status of the partner and the activities of the partnership. Partners in partnerships holding our stock should consult their tax advisors.

For any taxable year for which we qualify for taxation as a REIT, amounts distributed to, and gains realized by, taxable U.S. stockholders with respect to our common stock generally will be taxed as described below. For a summary of the federal income tax treatment of dividends reinvested in additional shares of our common stock pursuant to our distribution reinvestment plan, see "Description of Capital Stock" Distribution Reinvestment Plan.

Distributions Generally

Under the Jobs Growth Tax Relief Reconciliation Act of 2003, as extended by the Tax Increase Prevention and Reconciliation Act of 2005, certain "qualified dividend income" received by U.S. non-corporate stockholders in taxable years 2003 through 2010 is subject to tax at the same tax rates as long-term capital gain (generally, under the new legislation, a maximum rate of 15.0% for such taxable years). Distributions received from REITs, however, generally are not eligible for these reduced tax rates and, therefore, will continue to be subject to tax at ordinary income rates, subject to two narrow exceptions. Under the first exception, distributions received from a REIT may be treated as "qualified dividend income" eligible for the reduced tax rates to the extent that the REIT itself has received qualified dividend income from other corporations (such as taxable REIT subsidiaries) in which the REIT has invested. Under the second exception, distributions paid by a REIT in a taxable year may be treated as qualified dividend income in an amount equal to the sum of (i) the excess of the REIT's REIT taxable income for the preceding taxable year over the corporate-level federal income tax payable by the REIT for such preceding taxable year and (ii) the excess of the REIT's income that was subject to the Built-in Gains Tax in the preceding taxable year over the tax payable by the REIT on such income for such preceding taxable year. So long as we qualify as a REIT, distributions made to our taxable U.S. stockholders out of current or accumulated earnings and profits (and not designated as capital gain distributions) will be taken into account by them as ordinary income (except, in the case of non-corporate stockholders, to the limited extent that we are treated as receiving "qualified dividend income." In addition, as long as we qualify as a REIT, corporate stockholders will not be eligible for the dividends received deduction for any distributions received from us.

To the extent that we make a distribution in excess of our current and accumulated earnings and profits, the distribution will be treated first as a tax-free return of capital, reducing the tax basis in the U.S. stockholder's shares, and the amount of each distribution in excess of a U.S. stockholder's tax basis in its shares will be taxable as gain realized from the sale of its shares. Distributions that we declare in October, November or December of any year payable to a stockholder of record on a specified date in any of these months will be treated as both paid by us and received by the stockholders on December 31 of the year, provided that we actually pay the distribution during January of the following calendar year. U.S. stockholders may not include any of our losses on their own federal income tax returns.

Table of Contents

We will be treated as having sufficient earnings and profits to treat as a dividend any distribution by us up to the amount required to be distributed in order to avoid imposition of the 4.0% excise tax discussed above. Moreover, any deficiency distribution will be treated as an ordinary or capital gain dividend, as the case may be, regardless of our earnings and profits. As a result, stockholders may be required to treat as taxable some distributions that would otherwise result in a tax-free return of capital.

Capital Gain Distributions

Distributions to U.S. stockholders that we properly designate as capital gain distributions normally will be treated as long-term capital gains, to the extent they do not exceed our actual net capital gain, for the taxable year without regard to the period for which the U.S. stockholder has held his or her stock. A corporate U.S. stockholder, however, may be required to treat up to 20.0% of some capital gain distributions as ordinary income. See *Requirements for Qualification as a REIT* *Operational Requirements* *Annual Distribution Requirement* for the treatment by U.S. stockholders of net long-term capital gains that we elect to retain and pay tax on.

Passive Activity Loss and Investment Interest Limitations

Our distributions and any gain you realize from a disposition of our common stock will not be treated as passive activity income, and stockholders may not be able to utilize any of their passive losses to offset this income in their personal tax returns. Our distributions (to the extent they do not constitute a return of capital) will generally be treated as investment income for purposes of the limitations on the deduction of investment interest. Net capital gain from a disposition of shares and capital gain distributions generally will be included in investment income for purposes of the investment interest deduction limitations only if, and to the extent, you so elect, in which case those capital gains will be taxed as ordinary income.

Certain Dispositions of Our Common Shares

In general, any gain or loss realized upon a taxable disposition of our common stock by a U.S. stockholder who is not a dealer in securities will be treated as long-term capital gain or loss if the shares have been held for more than 12 months and as short-term capital gain or loss if the shares have been held for 12 months or less. If, however, a U.S. stockholder has included in income any capital gains distributions with respect to the shares, any loss realized upon a taxable disposition of shares held for six months or less, to the extent of the capital gains distributions included in income with respect to the shares, will be treated as long-term capital loss.

A redemption of common stock for cash will be treated as a distribution that is taxable as a dividend to the extent of our current or accumulated earnings and profits at the time of the redemption under section 302 of the Internal Revenue Code unless the redemption (a) results in a complete termination of the stockholder's interest in us under section 302(b)(3) of the Internal Revenue Code, (b) is substantially disproportionate with respect to the stockholder under section 302(b)(2) of the Internal Revenue Code, or (c) is not essentially equivalent to a dividend with respect to the stockholder under section 302(b)(1) of the Internal Revenue Code. Under section 302(b)(2) of the Internal Revenue Code a redemption is considered substantially disproportionate if the percentage of the voting stock of the corporation owned by a stockholder immediately after the redemption is less than eighty percent of the percentage of the voting stock of the corporation owned by such stockholder immediately before the redemption. In determining whether the redemption is not treated as a dividend, shares considered to be owned by a stockholder by reason of certain constructive ownership rules set forth in section 318 of the Internal Revenue Code, as well as shares actually owned, must generally be taken into account. A distribution to a stockholder will be not essentially equivalent to a dividend if it results in a meaningful reduction in the stockholder's interest in us. The IRS has published a ruling indicating that a redemption which results in a reduction in the proportionate interest in a corporation (taking into account section 318 constructive ownership rules) of a stockholder whose relative stock interest is minimal (an

interest of less than 1.0% should satisfy this requirement) and who exercises no control over the corporation's affairs should be treated as being not essentially equivalent to a dividend.

Table of Contents

If the redemption is not treated as a dividend, the redemption of common stock for cash will result in taxable gain or loss equal to the difference between the amount of cash received and the stockholder's tax basis in the shares redeemed. Such gain or loss would be capital gain or loss if the common stock were held as a capital asset and would be long-term capital gain or loss if the holding period for the shares exceeds one year.

Information Reporting Requirements and Backup Withholding for U.S. Stockholders

We will report to U.S. stockholders and to the IRS the amount of distributions made or deemed made during each calendar year and the amount of tax withheld, if any. Under some circumstances, U.S. stockholders may be subject to backup withholding on payments made with respect to, or cash proceeds of a sale or exchange of, our common stock. Backup withholding will apply only if the stockholder:

 Fails to furnish its taxpayer identification number (which, for an individual, would be his or her social security number);

 Furnishes an incorrect taxpayer identification number;

 Is notified by the IRS that the stockholder has failed properly to report payments of interest or dividends; or

 Under some circumstances, fails to certify, under penalties of perjury, that it has furnished a correct taxpayer identification number and has not been notified by the IRS that the stockholder is subject to backup withholding for failure to report interest and dividend payments or has been notified by the IRS that the stockholder is no longer subject to backup withholding for failure to report those payments.

Backup withholding will not apply with respect to payments made to some stockholders, such as corporations and tax-exempt organizations. Backup withholding is not an additional tax. Rather, the amount of any backup withholding with respect to a payment to a U.S. stockholder will be allowed as a credit against the U.S. stockholder's United States federal income tax liability and may entitle the U.S. stockholder to a refund, provided that the required information is furnished to the IRS. U.S. stockholders should consult their own tax advisors regarding their qualification for exemption from backup withholding and the procedure for obtaining an exemption.

Treatment of Tax-Exempt Stockholders

Distributions from us to a tax-exempt employee pension trust or other domestic tax-exempt stockholder generally will not constitute unrelated business taxable income, or UBTI, unless the stockholder has borrowed to acquire or carry its stock or has used the shares in a trade or business.

However, for tax-exempt stockholders that are social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts and qualified group legal services plans exempt from federal income taxation under Sections 501(c)(7), (c)(9), (c)(17) and (c)(20) of the Internal Revenue Code, respectively, income from an investment such as ours will constitute UBTI unless the organization properly sets aside or reserves such amounts for purposes specified in the Internal Revenue Code. These tax-exempt stockholders should consult their own tax advisors concerning these set aside and reserve requirements.

Qualified trusts that hold more than 10.0% (by value) of the shares of pension-held REITs may be required to treat a certain percentage of such a REIT's distributions as UBTI. A REIT is a pension-held REIT only if the REIT would not qualify as such for federal income tax purposes but for the application of a look-through exception to the five or fewer requirement applicable to shares held by qualified trusts and the REIT is predominantly held by qualified trusts. A REIT is predominantly held if either at least one qualified trust holds more than 25.0% by value of the REIT interests

or qualified trusts, each owning more than 10.0% by value of the REIT interests, holds in the aggregate more than 50.0% of the REIT interests. The percentage of any REIT distribution treated as UBTI is equal to the ratio of (a) the UBTI earned by the REIT (treating the REIT as if it were a qualified trust and therefore subject to tax on UBTI) to (b) the total gross income (less certain associated expenses) of the REIT. In the event that this ratio is less than 5.0% for any year, then

Table of Contents

the qualified trust will not be treated as having received UBTI as a result of the REIT distribution. For these purposes, a qualified trust is any trust described in Section 401(a) of the Internal Revenue Code and exempt from tax under Section 501(a) of the Internal Revenue Code.

Statement of Stock Ownership

We are required to demand annual written statements from the record holders of designated percentages of our common stock disclosing the actual owners of the shares. Any record stockholder who, upon our request, does not provide us with required information concerning actual ownership of the shares is required to include specified information relating to his or her shares in his or her federal income tax return. We also must maintain, within the Internal Revenue District in which we are required to file our federal income tax return, permanent records showing the information we have received about the actual ownership of our common stock and a list of those persons failing or refusing to comply with our demand.

State and Local Taxation

We and any operating subsidiaries we may form may be subject to state and local tax in states and localities in which we or they do business or own property. Our tax treatment and the tax treatment of our operating partnership, any operating subsidiaries, joint ventures or other arrangements we or our operating partnership may form or enter into and the tax treatment of the holders of our common stock in local jurisdictions may differ from the federal income tax treatment described above. Consequently, prospective stockholders should consult their own tax advisors regarding the effect of state and local tax laws on their investment in our common stock.

Federal Income Tax Aspects of Our Operating Partnership

The following discussion summarizes certain federal income tax considerations applicable to our investment in our operating partnership. The discussion does not cover state or local tax laws or any federal tax laws other than income tax laws.

Classification as a Partnership

We are entitled to include in our income a distributive share of our operating partnership's income and to deduct our distributive share of our operating partnership's losses only if our operating partnership is classified for federal income tax purposes as a partnership, rather than as a corporation or an association taxable as a corporation. Under applicable Treasury Regulations, or the Check-the-Box-Regulations, an unincorporated domestic entity with at least two members may elect to be classified either as an association taxable as a corporation or as a partnership. If the entity fails to make an election, it generally will be treated as a partnership for federal income tax purposes. Our operating partnership intends to be classified as a partnership for federal income tax purposes and will not elect to be treated as an association taxable as a corporation under the Check-the-Box-Regulations.

Even though our operating partnership will not elect to be treated as an association for federal income tax purposes, it may be taxed as a corporation if it is deemed to be a publicly traded partnership. A publicly traded partnership is a partnership whose interests are traded on an established securities market or are readily tradable on a secondary market or the substantial equivalent thereof; provided, that even if the foregoing requirements are met, a publicly traded partnership will not be treated as a corporation for federal income tax purposes if at least 90.0% of the partnership's gross income for each taxable year consists of qualifying income under section 7704(d) of the Internal Revenue Code. Qualifying income generally includes any income that is qualifying income for purposes of the 95.0% Gross Income Test applicable to REITs. We refer to this exemption from being treated as a publicly traded partnership as the Passive-Type Income Exemption. See Requirements for Qualification as a REIT Operational Requirements

Gross Income Tests.

Under applicable Treasury Regulations, or the PTP Regulations, limited safe harbors from the definition of a publicly traded partnership are provided. Pursuant to one of those safe harbors, or the Private Placement Exclusion, interests in a partnership will not be treated as readily tradable on a secondary market or the

Table of Contents

substantial equivalent thereof if (1) all interests in the partnership were issued in a transaction (or transactions) that were not required to be registered under the Securities Act of 1933 and (2) the partnership does not have more than 100 partners at any time during the partnership's taxable year. In determining the number of partners in a partnership, a person owning an interest in a flow-through entity (including a partnership, grantor trust or S corporation) that owns an interest in the partnership is treated as a partner in such partnership only if (a) substantially all of the value of the owner's interest in the flow-through entity is attributable to the flow-through entity's direct or indirect interest in the partnership and (b) a principal purpose of the use of the flow-through entity is to permit the partnership to satisfy the 100 partner limitation. Our operating partnership presently qualifies for the Private Placement Exclusion. Even if our operating partnership were considered a publicly traded partnership under the PTP Regulations because it was deemed to have more than 100 partners, our operating partnership should not be treated as a corporation because it should be eligible for the 90.0% Passive-Type Income Exception described above.

We have not requested, and do not intend to request, a ruling from the IRS that our operating partnership will be classified as a partnership for federal income tax purposes. If for any reason our operating partnership were taxable as a corporation, rather than a partnership, for federal income tax purposes, we would not be able to qualify as a REIT. See [Requirements for Qualification as a REIT](#) [Operational Requirements](#) [Gross Income Tests](#) and [Requirements for Qualification as a REIT](#) [Operational Requirements](#) [Asset Tests](#). In addition, any change in our operating partnership's status for tax purposes might be treated as a taxable event, in which case we might incur a tax liability without any related cash distribution. Further, items of income and deduction of our operating partnership would not pass through to its partners, and its partners would be treated as stockholders for tax purposes. Our operating partnership would be required to pay income tax at corporate tax rates on its net income, and distributions to its partners would constitute dividends that would not be deductible in computing our operating partnership's taxable income.

Income Taxation of Our Operating Partnership and Its Partners

Partners, Not Partnership, Subject to Tax. A partnership is not a taxable entity for federal income tax purposes. As a partner in our operating partnership, we are required to take into account our allocable share of our operating partnership's income, gains, losses, deductions, and credits for any taxable year of our operating partnership ending within or with our taxable year, without regard to whether we have received or will receive any distributions from our operating partnership.

Partnership Allocations. Although a partnership agreement generally determines the allocation of income and losses among partners, such allocations will be disregarded for tax purposes under section 704(b) of the Internal Revenue Code if they do not have substantial economic effect. If an allocation is not recognized for federal income tax purposes, the item subject to the allocation will be reallocated in accordance with the partner's interests in the partnership, which will be determined by taking into account all of the facts and circumstances relating to the economic arrangement of the partners with respect to such item. Our operating partnership's allocations of taxable income and loss are intended to comply with the requirements of section 704(b) of the Internal Revenue Code and the Treasury Regulations promulgated thereunder.

Tax Allocations With Respect to Contributed Properties. Pursuant to section 704(c) of the Internal Revenue Code, income, gain, loss, and deduction attributable to appreciated or depreciated property that is contributed to a partnership in exchange for an interest in the partnership must be allocated for federal income tax purposes in a manner such that the contributor is charged with, or benefits from, the unrealized gain or unrealized loss associated with the property at the time of the contribution. The amount of unrealized gain or unrealized loss is generally equal to the difference between the fair market value of the contributed property at the time of contribution and the adjusted tax basis of such property at the time of contribution. Under applicable Treasury Regulations, partnerships are required to use a reasonable method for allocating items subject to section 704(c) of the Internal Revenue Code and several reasonable allocation methods are described therein.

Under the partnership agreement, depreciation or amortization deductions of our operating partnership generally will be allocated among the partners in accordance with their respective interests in our partnership,

Table of Contents

except to the extent that our operating partnership is required under section 704(c) of the Internal Revenue Code to use a different method for allocating depreciation deductions attributable to its contributed properties. In addition, gain or loss on the sale of a property that has been contributed to our operating partnership will be specially allocated to the contributing partner to the extent of any remaining built-in gain or loss with respect to the property for federal income tax purposes. It is possible that we may (1) be allocated lower amounts of depreciation deductions for tax purposes with respect to contributed properties than would be allocated to us if each such property were to have a tax basis equal to its fair market value at the time of contribution, and (2) be allocated taxable gain in the event of a sale of such contributed properties in excess of the economic profit allocated to us as a result of such sale. These allocations may cause us to recognize taxable income in excess of cash proceeds received by us, which might adversely affect our ability to comply with the REIT distribution requirements, although we do not anticipate that this event will occur. The foregoing principles also will affect the calculation of our earnings and profits for purposes of determining the portion of our distributions that are taxable as a dividend. The allocations described in this paragraph may result in a higher portion of our distributions being taxed as a dividend than would have occurred had we purchased such properties for cash.

Basis in Partnership Interest. The adjusted tax basis of our partnership interest in our operating partnership generally will be equal to (1) the amount of cash and the basis of any other property contributed to our operating partnership by us, (2) increased by (A) our allocable share of our operating partnership's income and (B) our allocable share of indebtedness of our operating partnership, and (3) reduced, but not below zero, by (A) our allocable share of our operating partnership's loss and (B) the amount of cash distributed to us, including constructive cash distributions resulting from a reduction in our share of indebtedness of our operating partnership. If the allocation of our distributive share of our operating partnership's loss would reduce the adjusted tax basis of our partnership interest in our operating partnership below zero, the recognition of the loss will be deferred until such time as the recognition of the loss would not reduce our adjusted tax basis below zero. If a distribution from our operating partnership or a reduction in our share of our operating partnership's liabilities would reduce our adjusted tax basis below zero, that distribution, including a constructive distribution, will constitute taxable income to us. The gain realized by us upon the receipt of any such distribution or constructive distribution would normally be characterized as capital gain, and if our partnership interest in our operating partnership has been held for longer than the long-term capital gain holding period (currently one year), the distribution would constitute long-term capital gain.

Sale of Our Operating Partnership's Property. Generally, any gain realized by our operating partnership on the sale of property held for more than one year will be long-term capital gain, except for any portion of such gain that is treated as depreciation or cost recovery recapture. Our share of any gain realized by our operating partnership on the sale of any property held by our operating partnership as inventory or other property held primarily for sale to customers in the ordinary course of our operating partnership's trade or business will be treated as income from a prohibited transaction that is subject to a 100% tax. We, however, do not presently intend to acquire or hold or allow our operating partnership to acquire or hold any property that represents inventory or other property held primarily for sale to customers in the ordinary course of our or our operating partnership's trade or business.

EMPLOYEE BENEFIT PLAN AND IRA CONSIDERATIONS

The following is a summary of some non-tax considerations associated with an investment in our shares by a Benefit Plan (as defined below). This summary is based on provisions of the Employee Retirement Income Security Act of 1974, as amended, referred to as ERISA, and the Internal Revenue Code, through the date of this prospectus, and relevant regulations, rulings and opinions issued by the Department of Labor and the IRS. We cannot assure you that there will not be adverse court decisions or legislative, regulatory or administrative changes that would significantly modify the statements expressed herein. Any such changes may or may not apply to transactions entered into prior to the date of their enactment.

In addition, this summary does not include a discussion of any laws, regulations or statutes that may apply to investors not covered by ERISA, including, for example, state statutes that impose fiduciary responsibility requirements in connection with the investment of assets of governmental plans, which may have prohibitions that operate similarly to the prohibited transaction rules of ERISA and the Internal Revenue Code.

We collectively refer to employee pension benefit plans subject to ERISA (such as profit sharing, section 401(k) and pension plans), other retirement plans and accounts subject to Section 4975 of the Internal Revenue Code but not subject to ERISA (such as IRAs), and health and welfare plans subject to ERISA as Benefit Plans. Each fiduciary or other person responsible for the investment of the assets of a Benefit Plan seeking to invest plan assets in our shares must, taking into account the facts and circumstances of such Benefit Plan, consider, among other matters:

whether the investment is consistent with the applicable provisions of ERISA and the Internal Revenue Code;

whether, under the facts and circumstances pertaining to the Benefit Plan in question, the fiduciary's responsibility to the plan has been satisfied;

whether the investment will produce UBTI to the Benefit Plan (see Federal Income Tax Considerations Treatment of Tax-Exempt Stockholders);

the need to value at fair market value the assets of the Benefit Plan annually; and

whether the assets of the entity in which the investment is made will be treated as plan assets of the Benefit Plan investor.

With respect to Benefit Plans which are subject to ERISA, a plan fiduciary's responsibilities include the following duties:

to act solely in the interest of plan participants and beneficiaries and for the exclusive purpose of providing benefits to them, as well as defraying reasonable expenses of plan administration;

to invest plan assets prudently;

to diversify the investments of the plan unless it is clearly prudent not to do so;

to ensure sufficient liquidity for the plan;

to follow the plan document and other instruments governing the plan insofar as such documents and instruments are consistent with ERISA; and

to consider whether an investment would constitute or give rise to a prohibited transaction under ERISA.

ERISA also requires that the assets of a Benefit Plan subject to ERISA be held in trust and that the trustee, or a duly authorized named fiduciary or investment manager, have exclusive authority and discretion to manage and control the assets of the plan.

Table of Contents

Prohibited Transactions

Section 406 of ERISA and Section 4975 of the Internal Revenue Code prohibit specified transactions involving the assets of a Benefit Plan. In general, these are transactions between the plan and any person that is a party in interest or disqualified person with respect to that Benefit Plan. These transactions are prohibited regardless of how beneficial they may be for the Benefit Plan. Prohibited transactions include the sale, exchange or leasing of property, and the lending of money or the extension of credit, between a Benefit Plan and a party in interest or disqualified person. The transfer to, or use by or for the benefit of, a party in interest, or disqualified person of any assets of a Benefit Plan is also prohibited. A fiduciary of a Benefit Plan also is prohibited from engaging in self-dealing, acting for a person who has an interest adverse to the plan or receiving any consideration for its own account from a party dealing with the plan in a transaction involving plan assets. Furthermore, Section 408 of the Internal Revenue Code states that assets of an IRA trust may not be commingled with other property except in a common trust fund or common investment fund.

Plan Asset Considerations

In order to determine whether an investment in our shares by Benefit Plans creates or gives rise to the potential for either prohibited transactions or commingling of assets as referred to above, a fiduciary must consider whether an investment in our shares by Benefit Plans will cause our assets to be treated as assets of the investing Benefit Plans. Although neither ERISA nor the Internal Revenue Code specifically define the term plan assets, ERISA and a U.S. Department of Labor Regulation, referred to collectively as the Plan Asset Rules, provides guidelines as to the circumstances in which the underlying assets of an entity will be deemed to constitute assets of a Benefit Plan when the plan invests in that entity. Under the Plan Asset Rules, if a Benefit Plan acquires an equity interest in an entity which is neither a publicly-offered security nor a security issued by an investment company registered under the Investment Company Act, the Benefit Plan's assets would include both the equity interest and an undivided interest in each of the entity's underlying assets unless an exception from the Plan Asset Rules applies.

The regulation defines a publicly-offered security as a security that is:

widely-held;

freely-transferable; and

either (1) part of a class of securities registered under Section 12(b) or 12(g) of the Securities Exchange Act of 1934, or (2) sold in connection with an effective registration statement under the Securities Act of 1933, provided the securities are registered under the Securities Exchange Act of 1934 within 120 days (or such later time as may be allowed by the SEC) after the end of the fiscal year of the issuer during which the offering occurred.

The Plan Asset Rules provides that a security is widely held only if it is part of a class of securities that is owned by 100 or more investors independent of the issuer and of one another. A security will not fail to be widely held because the number of independent investors falls below 100 subsequent to the initial public offering as a result of events beyond the issuer's control. Although we anticipate that upon completion of this offering, our common stock will be widely held, our common stock will not be widely held until we sell shares to 100 or more independent investors.

Whether a security is freely transferable depends upon the particular facts and circumstances. For example, our shares are subject to certain restrictions on transferability intended to ensure that we continue to qualify for federal income tax treatment as a REIT. The Plan Asset Rules provide, however, that where the minimum investment in a public

offering of securities is \$10,000 or less, a restriction on, or a prohibition of, transfers which would result in a termination or reclassification of the entity for state or federal tax purposes will not ordinarily affect a determination that such securities are freely transferable. The minimum investment in our shares is less than \$10,000; thus, the restrictions imposed upon shares in order to maintain our status as a REIT should not cause the shares to be deemed not freely transferable.

Table of Contents

Our shares of common stock are being sold in connection with an effective registration statement under the Securities Act of 1933. We expect to be exempt from registration as an investment company under the Investment Company Act. See Investment Objectives, Strategy and Criteria Investment Company Act Considerations.

In the event our assets could be characterized as plan assets of Benefit Plan investors that own shares of our common stock, one exception in the Plan Asset Rules provides that the assets of a Benefit Plan will not include the underlying assets of an entity in which the Benefit Plan invests if equity participation in the entity by benefit plan investors is not significant. Equity participation in an entity by benefit plan investors is considered significant if 25.0% or more of the value of any class of equity interests in the entity is held by such benefit plan investors. The terms benefit plan investor means (i) employee benefit plans subpart to Part 4 of Title I of ERISA, (ii) plans described in Section 4975(c)(i) of the Internal Revenue Code, and (iii) certain entities or funds whose underlying assets are considered plan assets by reason of investment in such entities or funds by investors described in clause (i) and (ii).

Equity interests held by a person with discretionary authority or control with respect to the assets of the entity, and equity interests held by a person who provides investment advice for a fee (direct or indirect) with respect to such assets or any affiliate of any such person (other than a benefit plan investor), are disregarded for purposes of determining whether equity participation by benefit plan investors is significant. The Plan Asset Rules provide that the 25.0% of ownership test applies at the time of an acquisition by any person of the equity interests. In addition, an advisory opinion of the Department of Labor takes the position that a redemption of an equity interest by an investor constitutes the acquisition of an equity interest by the remaining investors (through an increase in their percentage ownership of the remaining equity interests). The Department of Labor position necessitates the testing of whether the 25.0% limitation has been exceeded at the time of a redemption of interests in the entity.

Our charter will prohibit benefit plan investors from owning, directly or indirectly, in the aggregate, 25.0% or more of our common stock prior to the date that either our common stock qualifies as a class of publicly offered securities or we qualify for another exemption in the Plan Asset Rules other than the 25.0% limitation. In addition, the charter also provides that we have the power to take certain actions to avoid having our assets characterized as plan assets under the Plan Asset Rules, including the right to redeem shares and to refuse to give effect to a transfer of shares. While we do not expect that we will need to exercise such power, we cannot give any assurance that such power will not be exercised. Based on the foregoing, we believe that our assets should not be deemed to be plan assets of any Benefit Plan that invests in our common stock.

In the event that our underlying assets were treated by the Department of Labor as the assets of investing Benefit Plans, our management would be treated as fiduciaries with respect to each Benefit Plan investor, and an investment in our shares might constitute an inappropriate delegation of fiduciary responsibility to our advisor and expose the fiduciary of the Benefit Plan to co-fiduciary liability under ERISA for any breach by our advisor of the fiduciary duties mandated under ERISA. Further, if our assets are deemed to be plan assets, an investment by an IRA in our shares might be deemed to result in an impermissible commingling of IRA assets with other property.

In addition, if our underlying assets are deemed to be the assets of each benefit plan investor, the prohibited transaction restrictions of ERISA and the Internal Revenue Code would apply to any transaction involving our assets. These restrictions would, for example, require that we avoid transactions with entities that are affiliated with us or our advisor and its or any other fiduciaries or parties-in-interest or disqualified persons with respect to the benefit plan investors unless such transactions otherwise were exempt, statutorily or administratively, from the prohibitions of ERISA and the Internal Revenue Code.

If a prohibited transaction were to occur, the Internal Revenue Code imposes an excise tax equal to 15.0% of the amount involved and authorizes the IRS to impose an additional 100% excise tax if the prohibited transaction is not corrected in a timely manner. These taxes would be imposed on any disqualified person who participates in the

prohibited transaction. In addition, our advisor and possibly other fiduciaries of Benefit Plans subject to ERISA who permitted the prohibited transaction to occur or who otherwise breached their fiduciary responsibilities, or a non-fiduciary participating in a prohibited transaction, could be required to restore to the Benefit Plan any profits they realized as a result of the transaction or

Table of Contents

breach, and make whole the Benefit Plan for any losses incurred as a result of the transaction or breach. For those Benefit Plans that are outside the authority of the IRS, ERISA provides that the Secretary of the Department of Labor may impose civil penalties, which largely parallel the foregoing excise taxes imposed by the IRS, upon parties-in-interest that engage in a prohibited transactions. With respect to an IRA that invests in our shares, the occurrence of a prohibited transaction involving the individual who established the IRA, or his or her beneficiary, would cause the IRA to lose its tax-exempt status under Section 408(e)(2) of the Internal Revenue Code, and such individual would be taxable on the deemed distribution of all assets in the IRA.

Other Prohibited Transactions

Regardless of whether the our assets are characterized as plan assets under the Plan Asset Rules, a prohibited transaction could occur if we, our advisor, any selected dealer or any of their affiliates are a fiduciary (within the meaning of Section 3(21) of ERISA) with respect to any Benefit Plan purchasing our common stock. Accordingly, unless an administrative or statutory exemption applies, shares should not be purchased by a Benefit Plan with respect to which any of the above persons is a fiduciary. A person is a fiduciary with respect to a Benefit Plan under Section 3(21) of ERISA if, among other things, the person has discretionary authority or control with respect to plan assets or provides investment advice for a direct or indirect fee with respect to plan assets or has any authority to do so. Under a regulation issued by the Department of Labor, a person shall be deemed to be providing investment advice if that person renders advice as to the advisability of investing in our shares and that person regularly provides investment advice to the Benefit Plan pursuant to a mutual agreement or understanding (written or otherwise) (1) that the advice will serve as the primary basis for investment decisions, and (2) that the advice will be individualized for the Benefit Plan based on its particular needs.

Any potential investor considering an investment in shares of our common stock that is, or is acting on behalf of, a Benefit Plan is strongly urged to consult its own legal and tax advisors regarding the consequences of such an investment under ERISA, the Internal Revenue Code and any applicable similar laws.

DESCRIPTION OF CAPITAL STOCK

We were formed under the laws of the State of Maryland. The rights of our stockholders are governed by Maryland law as well as our charter and bylaws. The following summary of the terms of our stock is a summary of all material provisions concerning our stock and you should refer to the Maryland General Corporation Law and our charter and bylaws for a full description. The following summary is qualified in its entirety by the more detailed information contained in our charter and bylaws. Copies of our charter and bylaws are filed as exhibits to the registration statement of which this prospectus is a part. You can obtain copies of our charter and bylaws and every other exhibit to our registration statement. Please see [Where You Can Find Additional Information](#) below.

Under our charter, we have authority to issue a total of 1,200,000,000 shares of capital stock. Of the total shares authorized, 1,000,000,000 shares are designated as common stock with a par value of \$0.01 per share and 200,000,000 shares are designated as preferred stock with a par value of \$0.01 per share. In addition, our board of directors may amend our charter, without stockholder approval, to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that we have authority to issue.

Common Stock

The holders of common stock are entitled to one vote per share on all matters voted on by stockholders, including election of our directors. Our charter does not provide for cumulative voting in the election of our directors. Therefore, the holders of a majority of the outstanding shares of common stock can elect our entire board of directors. Subject to any preferential rights of any outstanding class or series of shares and to the provisions in our charter regarding the

restriction on the transfer of common stock, the holders of common stock are entitled to such distributions as may be authorized from time to time by our board of directors and

Table of Contents

declared by us out of legally available funds and, upon liquidation, are entitled to receive all assets available for distribution to our stockholders. Upon issuance for full payment in accordance with the terms of this offering, all shares issued in the offering will be fully paid and non-assessable. Holders of common stock will not have preemptive rights, which means that you will not have an automatic option to purchase any new shares that we issue. Our shares of common stock will have equal distribution, liquidation and other rights.

Our charter also contains a provision permitting our board of directors, without any action by our stockholders, to classify or reclassify any unissued common stock into one or more classes or series by setting or changing the relative voting, conversion or other rights, preferences, restrictions, limitations as to distributions and qualifications or terms or conditions of redemption of any new class or series of shares.

We will generally not issue certificates for our shares. Shares will be held in uncertificated form, which will eliminate the physical handling and safekeeping responsibilities inherent in owning transferable stock certificates and eliminate the need to return a duly executed stock certificate to effect a transfer. We act as our own transfer agent and registrar. We have entered into an agreement with Grubb & Ellis Realty Investors for subscription processing and investor services. Transfers can be effected simply by mailing a transfer and assignment form to us, which we will provide to you at no charge upon request.

Preferred Stock

Our charter authorizes our board of directors to designate and issue one or more classes or series of preferred stock without stockholder approval, and to establish the relative voting, conversion or other rights, preferences, restrictions, limitations as to distributions and qualifications or terms or conditions of redemption of each class or series of preferred shares so issued. Because our board of directors has the power to establish the preferences and rights of each class or series of preferred stock, it may afford the holders of any series or class of preferred stock preferences, powers and rights senior to the rights of holders of common stock. However, the voting rights per share of any series or class of preferred stock sold in a private offering may not exceed voting rights which bear the same relationship to the voting rights of a publicly held share as the consideration paid to us for each privately-held preferred share bears to the book value of each outstanding publicly held share. In addition, a majority of our independent directors must approve the issuance of preferred stock to our advisor or one of its affiliates. If we ever created and issued preferred stock with a distribution preference over common stock, payment of any distribution preferences of outstanding preferred stock would reduce the amount of funds available for the payment of distributions on the common stock. Further, holders of preferred stock are normally entitled to receive a liquidation preference in the event we liquidate, dissolve or wind up before any payment is made to the common stockholders, likely reducing the amount common stockholders would otherwise receive upon such an occurrence. In addition, under certain circumstances, the issuance of preferred stock may render more difficult or tend to discourage a merger, offer or proxy contest, the assumption of control by a holder of a large block of our securities, or the removal of incumbent management. Our board of directors has no present plans to issue any preferred stock, but may do so at any time in the future without stockholder approval.

Meetings and Special Voting Requirements

An annual meeting of the stockholders will be held each year, at least 30 days after delivery of our annual report. Special meetings of stockholders may be called only upon the request of a majority of our directors, a majority of the independent directors or our president or upon the written request of stockholders holding at least 10.0% of the shares. The presence of a majority of the outstanding shares either in person or by proxy shall constitute a quorum. Generally, the affirmative vote of a majority of all votes entitled to be cast is necessary to take stockholder action authorized by our charter, except that a majority of the votes represented in person or by proxy at a meeting at which a quorum is present is sufficient to elect a director.

Under the Maryland General Corporation Law and our charter, stockholders are entitled to vote at a duly held meeting at which a quorum is present on (1) amendments to our charter, (2) our liquidation or dissolution, (3) our reorganization, (4) a merger, consolidation or sale or other disposition of all or substantially all of our assets, and (5) election or removal of our directors. Except with respect to the election

Table of Contents

of directors or as otherwise provided in our charter, the vote of stockholders holding a majority of our outstanding shares is required to approve any such action, and no such action can be taken by our board of directors without such majority vote of our stockholders. Stockholders are not entitled to exercise any of the rights of an objecting stockholder provided for in Title 3, Subtitle 2 of the Maryland General Corporation Law unless our board of directors determines that such rights shall apply. Stockholders do have the power, without the concurrence of the directors, to remove a director from our board with or without cause, by the affirmative vote of a majority of the shares entitled to vote on such matter.

Stockholders are entitled to receive a copy of our stockholder list upon request. The list provided by us will include each stockholder's name, address and telephone number, if available, and number of shares owned by each stockholder and will be sent within 10 days of our receipt of the request. A stockholder requesting a list will be required to pay reasonable costs of postage and duplication. We have the right to request that a requesting stockholder represent to us that the list will not be used to pursue commercial interests.

In addition to the foregoing, stockholders have rights under Rule 14a-7 under the Securities Exchange Act of 1934, which provides that, upon the request of a stockholder and the payment of the expenses of the distribution, we are required to distribute specific materials to stockholders in the context of the solicitation of proxies by a stockholder for voting on matters presented to stockholders or, at our option, provide requesting stockholders with a copy of the list of stockholders so that the requesting stockholder may make the distribution of such materials.

Restriction on Ownership of Shares

In order for us to continue to qualify as a REIT, not more than 50.0% of our outstanding shares may be owned by any five or fewer individuals during the last half of any taxable year beginning with the second taxable year in which we qualify as a REIT. In addition, the outstanding shares must be owned by 100 or more persons during at least 335 days of a 12-month taxable year or during a proportionate part of a shorter taxable year beginning with the second taxable year in which we qualify as a REIT. We may prohibit certain acquisitions and transfers of shares so as to ensure our continued qualification as a REIT under the Internal Revenue Code. However, we cannot assure you that this prohibition will be effective.

Our charter contains a limitation on ownership that prohibits any individual or entity from directly acquiring beneficial ownership of more than 9.8% of the value of our then outstanding capital stock (which includes common stock and any preferred stock we may issue) or more than 9.8% of the value or number of shares, whichever is more restrictive, of our then outstanding common stock.

Any attempted transfer of our stock which, if effective, would result in our stock being owned by fewer than 100 persons will be null and void. Any attempted transfer of our stock which, if effective, would result in violation of the ownership limits discussed above or in our being closely held under Section 856(h) of the Internal Revenue Code or otherwise failing to qualify as a REIT, will cause the number of shares causing the violation (rounded to the nearest whole share) to be automatically transferred to a trust for the exclusive benefit of one or more charitable beneficiaries, and the proposed transferee will not acquire any rights in the shares. The automatic transfer will be deemed to be effective as of the close of business on the business day prior to the date of the transfer. We will designate a trustee of the share trust that will not be affiliated with us. We will also name one or more charitable organizations as a beneficiary of the share trust. Shares-in-trust will remain issued and outstanding shares and will be entitled to the same rights and privileges as all other shares of the same class or series. The trustee will receive all distributions on the shares-in-trust and will hold such distributions in trust for the benefit of the beneficiary. The trustee will vote all shares-in-trust during the period they are held in trust.

The trustee of the trust will be empowered to sell the shares-in-trust to a qualified person selected by the trustee and to distribute to the applicable prohibited owner an amount equal to the lesser of (1) the sales proceeds received by the trust for such shares-in-trust or (2) (A) if the prohibited owner was a transferee for value, the price paid by the prohibited owner for such shares-in-trust or (B) if the prohibited owner was not a transferee or was a transferee but did not give value for the shares-in-trust, the fair market value of such shares-in-trust, as determined in good faith by our board of directors. Any amount received by the trustee in excess of the amount to be paid to the prohibited owner will be distributed to the beneficiary of the trust. In

Table of Contents

addition, all shares-in-trust will be deemed to have been offered for sale to us or our designee, at a price per share equal to the lesser of (1) the price per share in the transaction that created such shares-in-trust (or, in the case of devise, gift, or other event other than a transfer for value, the market price of such shares at the time of such devise, gift, or other event) and (2) the market price on the date we, or our designee, accepts such offer.

Any person who acquires shares in violation of the foregoing restriction or who owns shares that were transferred to any such trust is required to give immediate written notice to us of such event. Such person shall provide to us such other information as we may request in order to determine the effect, if any, of such transfer on our status as a REIT.

The foregoing restrictions continue to apply until our board of directors determines it is no longer in our best interest to continue to qualify as a REIT.

Our board of directors, in its sole discretion, may exempt a person from the limitation on ownership of more than 9.8% of the value of our then outstanding capital stock (which includes common stock and any preferred stock we may issue) or more than 9.8% of the in value or number of shares, whichever is more restrictive, of our then outstanding common stock. However, the board may not exempt any person whose ownership of our outstanding stock would result in our being closely held within the meaning of Section 856(h) of the Internal Revenue Code or otherwise would result in our failing to qualify as a REIT. In order to be considered by the board for exemption, a person also must not own, directly or indirectly, an interest in our tenant (or a tenant of any entity which we own or control) that would cause us to own, directly or indirectly, more than a 9.9% interest in the tenant. The person seeking an exemption must represent to the satisfaction of the board that it will not violate these two restrictions. The person also must agree that any violation or attempted violation of these restrictions will result in the automatic transfer of the shares of stock causing the violation to the share trust.

Any stockholder of record who owns 5.0% (or such lower level as required by the Internal Revenue Code and the regulations thereunder) or more of the outstanding shares during any taxable year will be asked to deliver a statement or affidavit setting forth the name and address of such record owner, the number of shares actually owned by such stockholder, and such information regarding the beneficial ownership of the shares as we may request in order to determine the effect, if any, of such actual or beneficial ownership on our status as a REIT and to ensure compliance with the ownership limit.

Any subsequent transferee to whom you transfer any of your shares must also comply with the suitability standards we have established for all stockholders. See Suitability Standards.

Distribution Policy

We intend to accrue and pay distributions on a monthly basis. Our distribution policy is set by our board of directors and is subject to change based on available cash flows. We cannot guarantee the amount of distributions paid in the future, if any, although we expect to make monthly distribution payments following the end of each calendar month. In connection with a distribution to our stockholders, our board of directors approves a monthly distribution for a certain dollar amount per share of our common stock. We then calculate each stockholder's specific distribution amount for the month using daily record and declaration dates, and your distributions begin to accrue on the date we mail a confirmation of your subscription for shares of our common stock, subject to our acceptance of your subscription.

We are required to make distributions sufficient to satisfy the requirements for qualification as a REIT for tax purposes. We intend to distribute sufficient income so that we satisfy the requirements for qualification as a REIT. In order to qualify as a REIT, we are required to distribute 90.0% of our annual taxable income to our stockholders. See Federal Income Tax Considerations Requirements for Qualification as a REIT Operational Requirements Annual

Distribution Requirement. Generally, income distributed to stockholders will not be taxable to us under the Internal Revenue Code if we distribute at least 90.0% of our taxable income. See Federal Income Tax Considerations Requirements for Qualification as a REIT.

Distributions will be authorized at the discretion of our board of directors, in accordance with our earnings, cash flow and general financial condition. Our board's discretion will be directed, in substantial part, by its

Table of Contents

obligation to cause us to comply with the REIT requirements. Because we may receive income from interest or rents at various times during our fiscal year, distributions may not reflect our income earned in that particular distribution period but may be made in anticipation of cash flow which we expect to receive during a later quarter and may be made in advance of actual receipt of funds in an attempt to make distributions relatively uniform. Due to these timing differences, we may be required to borrow money, use proceeds from the issuance of securities or sell assets in order to pay out enough of our taxable income to satisfy the requirement that we distribute at least 90.0% of our taxable income, other than net capital gains, in order to qualify as a REIT.

Generally, distributions that you receive, including distributions that are reinvested pursuant to our distribution reinvestment plan, will be taxed as ordinary income to the extent they are from current or accumulated earnings and profits. To the extent that we make a distribution in excess of our current and accumulated earnings and profits, the distribution will be treated first as a tax-free return of capital, reducing the tax basis in your shares, and the amount of each distribution in excess of your tax basis in your shares will be taxable as a gain realized from the sale of your shares. If you receive a distribution in excess of our current and accumulated earnings and profits, upon the sale of your shares you may realize a higher taxable gain or a smaller loss because the basis of the shares as reduced will be used for purposes of computing the amount of the gain or loss. In addition, individual investors will be subject to tax at capital gains rates on distributions made by us that we designate as capital gain dividends. However, because each investor's tax considerations are different, we suggest that you consult with your tax advisor. Please see Federal Income Tax Considerations.

Under the Maryland General Corporation Law, if our board of directors gives general authorization for a distribution and provides for or establishes a method or procedure for determining the maximum amount of the distribution, our board of directors may delegate to a committee of directors or one of our officers the power, in accordance with the general authorization, to fix the amount and other terms of the distribution.

We are not prohibited from distributing our own securities in lieu of making cash distributions to stockholders, provided that the securities so distributed to stockholders are readily marketable. Stockholders who receive marketable securities in lieu of cash distributions may incur transaction expenses in liquidating the securities.

Distribution Reinvestment Plan

We currently have a distribution reinvestment plan, or the DRIP, available that allows you to have your distributions otherwise distributable to you invested in additional shares of common stock.

During this offering, you may purchase shares under our distribution reinvestment plan for \$9.50 per share. Thereafter, shares in the plan will be offered (1) 95.0% of the offering price in any subsequent public equity offering during such offering, and (2) 95.0% of the most recent offering price for the first 12 months subsequent to the close of the last public offering of shares prior to the listing of the shares on a national securities exchange. After that 12-month period, participants in the DRIP plan may acquire shares at 95.0% of the per share valuation determined by our advisor or another firm chosen for that purpose until the listing. From and after the date of such listing, participants may acquire shares at a price equal to 100% of the average daily open and close price per share on the distribution payment date, as reported by the national securities exchange on which the shares are traded. We will not pay selling commissions, the marketing support fee or due diligence expense reimbursements with respect to shares purchased pursuant to our distribution reinvestment plan. A copy of the DRIP as currently in effect is included as Exhibit C to this prospectus.

Stockholders participating in the DRIP may purchase whole or fractional shares, subject to certain minimum investment requirements and other restrictions which may be imposed by the board of directors. If sufficient shares of our common stock are not available for issuance under the DRIP, we will remit excess dividends of net cash from

operations to the participants. If you elect to participate in the DRIP, you must agree that, if at any time you fail to meet the applicable investor suitability standards or cannot make the other investor representations or warranties set forth in the then current prospectus or the subscription agreement relating to such investment, you will promptly notify our advisor in writing of that fact.

Table of Contents

Stockholders purchasing shares of our common stock pursuant to the DRIP will have the same rights and will be treated in the same manner as if such shares of common stock were purchased pursuant to this offering.

Following reinvestment, we will send each participant a written confirmation showing the amount of the distribution, the number of shares of common stock owned prior to the reinvestment, and the total number of shares of common stock owned after the distribution reinvestment.

You may elect to participate in the DRIP by making the appropriate election on the subscription agreement, or by completing the enrollment form or other authorization form available from the plan administrator. Participation in the plan will begin with the next distribution made after receipt of your election. We may terminate the DRIP for any reason at any time upon 10 days' prior written notice to participants. Your participation in the plan will also be terminated to the extent that a reinvestment of your distributions in our shares would cause the percentage ownership limitation contained in our charter to be exceeded. In addition, you may terminate your participation in the DRIP by providing us with 10 days' written notice. A transfer of common stock will terminate the stockholder's participation in the DRIP with respect to such shares unless the transferee makes an election to participate in the plan.

If you elect to participate in the DRIP and are subject to federal income taxation, you will incur a tax liability for distributions otherwise distributable to you even though you have elected not to receive the distributions in cash but rather to have the distributions withheld and reinvested pursuant to the distribution reinvestment plan. Specifically, you will be treated as if you have received the distribution from us in cash and then applied such distribution to the purchase of additional shares. As a result, you may have a tax liability without receiving cash distributions to pay such liability and would have to rely on sources of funds other than our distributions to pay your taxes. You will be taxed on the amount of such distribution as ordinary income to the extent such distribution is from current or accumulated earnings and profits, unless we have designated all or a portion of the distribution as a capital gain distribution.

Share Repurchase Plan

Our board of directors has adopted a share repurchase plan that provides eligible stockholders with limited, interim liquidity by enabling them to sell their shares back to us in limited circumstances. However, our board of directors could choose to amend the provisions of the share repurchase plan without stockholder approval. Our share repurchase plan permits you to sell your shares back to us, subject to the significant restrictions and conditions described below.

Purchase Price. Unless the shares are being repurchased in connection with a stockholder's death or qualifying disability, the prices per share at which we will repurchase shares will be as follows:

for stockholders who have continuously held their shares for at least one year, the lower of \$9.25 or 92.5% of the price paid to acquire shares from us;

for stockholders who have continuously held their shares for at least two years, the lower of \$9.50 or 95.0% of the price paid to acquire shares from us;

for stockholders who have continuously held their shares for at least three years, the lower of \$9.75 or 97.5% of the price paid to acquire shares from us; and

for stockholders who have continuously held their shares for at least four years, a price determined by our board of directors, but in no event less than 100% of the price paid to acquire shares from us.

If shares are to be repurchased in connection with a stockholder's death or qualifying disability, the repurchase price shall be: (1) for stockholders who have continuously held their shares for less than four years, 100% of the price paid

to acquire the shares from us; or (2) for stockholders who have continuously held their shares for at least four years, a price determined by our board of directors, but in no event less than 100% of the price paid to acquire the shares from us.

Table of Contents

Holding Period. Only shares that have been held by the presenting stockholder for at least one year are eligible for repurchase, except in the case of death or qualifying disability.

Subject to the conditions and limitations below, we will redeem shares of our common stock held for less than the one-year holding period upon the death of a stockholder who is a natural person, including shares held by such stockholder through a revocable grantor trust, or an IRA or other retirement or profit-sharing plan, after receiving written notice from the estate of the stockholder, the recipient of the shares through bequest or inheritance, or, in the case of a revocable grantor trust, the trustee of such trust, who shall have the sole ability to request redemption on behalf of the trust. We must receive the written notice within 180 days after the death of the stockholder. If spouses are joint registered holders of the shares, the request to redeem the shares may be made if either of the registered holders dies. This waiver of the one-year holding period will not apply to a stockholder that is not a natural person, such as a trust other than a revocable grantor trust, partnership, corporation or other similar entity.

Furthermore, and subject to the conditions and limitations described below, we will redeem shares held for less than the one-year holding period by a stockholder who is a natural person, including shares held by such stockholder through a revocable grantor trust, or an IRA or other retirement or profit-sharing plan, with a qualifying disability, as determined by our board of directors, after receiving written notice from such stockholder. We must receive the written notice within 180 days after such stockholder's qualifying disability. This waiver of the one-year holding period will not apply to a stockholder that is not a natural person, such as a trust other than a revocable grantor trust, partnership, corporation or other similar entity.

We will make repurchases under our repurchase plan quarterly, at our sole discretion, on a *pro rata* basis. Subject to funds being available, we will limit the number of shares repurchased during any calendar year to 5.0% of the weighted average number of shares outstanding during the prior calendar year. Funding for our repurchase program will come exclusively from proceeds we receive from the sale of shares under our distribution reinvestment plan.

If there are insufficient funds to honor all repurchase requests, preference will be given to shares to be repurchased in connection with a death or qualifying disability.

Our board of directors, in its sole discretion, may choose to terminate, amend or suspend our share repurchase plan at any time if it determines that the funds allocated to our share repurchase plan are needed for other purposes, such as the acquisition, maintenance or repair of properties, or for use in making a declared distribution payment. A determination by the board of directors to terminate, amend or suspend our share repurchase plan will require the affirmative vote of the majority of the board of directors, including a majority of the independent directors.

We cannot guarantee that the funds set aside for our share repurchase plan will be sufficient to accommodate all requests made each year. Pending requests will be honored on a *pro rata* basis if insufficient funds are available to honor all requests. If no funds are available for the plan when repurchase is requested, the stockholder may withdraw the request or ask that we honor the request when funds are available. In addition, you may withdraw a repurchase request upon written notice at any time prior to the date of repurchase.

Stockholders are not required to sell their shares to us. Our share repurchase plan is intended only to provide limited, interim liquidity for stockholders until a liquidity event occurs, such as the listing of our common stock on a national securities exchange, our merger with a listed company or the sale of substantially all of our assets. We cannot guarantee that a liquidity event will occur.

Shares we purchase under our share repurchase plan will be canceled and will have the status of authorized but unissued shares. Shares we acquire through our share repurchase plan will not be reissued unless they are first registered with the SEC under the Securities Act of 1933 and under appropriate state securities laws or otherwise

issued in compliance with such laws.

If we terminate, amend or suspend our share repurchase plan, we will send a letter to stockholders informing them of the change, and we will disclose the changes in reports filed with the SEC. For more information, please see the copy of our share repurchase plan attached as Exhibit D.

Restrictions on Roll-Up Transactions

In connection with any proposed transaction considered a Roll-up Transaction involving us and the issuance of securities of an entity that would be created or would survive after the successful completion of the Roll-up Transaction, an appraisal of all properties shall be obtained from a competent independent appraiser. The properties shall be appraised on a consistent basis, and the appraisal shall be based on the evaluation of all relevant information and shall indicate the value of the properties as of a date immediately prior to the announcement of the proposed Roll-up Transaction. The appraisal shall assume an orderly liquidation of properties over a 12-month period. The terms of the engagement of the independent appraiser shall clearly state that the engagement is for our benefit and the benefit of our stockholders. A summary of the appraisal, indicating all material assumptions underlying the appraisal, shall be included in a report to stockholders in connection with any proposed Roll-up Transaction.

A Roll-up Transaction is a transaction involving the acquisition, merger, conversion or consolidation, directly or indirectly, of us and the issuance of securities of another entity, or a Roll-up Entity, that would be created or would survive after the successful completion of such transaction. The term Roll-up Transaction does not include:

a transaction involving our securities that have been for at least 12 months listed on a national securities exchange; or

a transaction involving our conversion to a corporate, trust, or association form if, as a consequence of the transaction, there will be no significant adverse change in any of the following: stockholder voting rights; the term of our existence; compensation to our advisor; or our investment objectives.

In connection with a proposed Roll-up Transaction, the person sponsoring the Roll-up Transaction must offer to stockholders who vote no on the proposal the choice of:

(1) accepting the securities of a Roll-up Entity offered in the proposed Roll-up Transaction; or

(2) one of the following:

(A) remaining as holders of our stock and preserving their interests therein on the same terms and conditions as existed previously; or

(B) receiving cash in an amount equal to the stockholder's pro rata share of the appraised value of our net assets.

We are prohibited from participating in any proposed Roll-up Transaction:

that would result in the stockholders having democracy rights in a Roll-up Entity that are less than those provided in our bylaws and described elsewhere in this prospectus, including rights with respect to the election and removal of directors, annual reports, annual and special meetings, amendment of our charter, and our dissolution;

that includes provisions that would operate to materially impede or frustrate the accumulation of shares by any purchaser of the securities of the Roll-up Entity, except to the minimum extent necessary to preserve the tax status of the Roll-up Entity, or which would limit the ability of an investor to exercise the voting rights of its securities of the Roll-up Entity on the basis of the number of shares held by that investor;

in which investor's rights to access of records of the Roll-up Entity will be less than those provided in the section of this prospectus entitled "Description of Capital Stock Meetings and Special Voting Requirements"; or

in which any of the costs of the Roll-up Transaction would be borne by us if the Roll-up Transaction is not approved by the stockholders.

CERTAIN PROVISIONS OF MARYLAND LAW AND OF OUR CHARTER AND BYLAWS

The following description of the terms of our stock and of certain provisions of Maryland law is only a summary. For a complete description, we refer you to the Maryland General Corporation Law, our charter and our bylaws. We have filed our charter and bylaws as exhibits to the registration statement of which this prospectus forms a part.

Business Combinations

Under Maryland law, business combinations between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, share exchange, or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested stockholder is defined as:

any person who beneficially owns 10.0% or more of the voting power of the corporation's shares; or

an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10.0% or more of the voting power of the then-outstanding voting stock of the corporation.

A person is not an interested stockholder under the statute if the board of directors approved in advance the transaction by which he otherwise would have become an interested stockholder. However, in approving a transaction, the board of directors may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board.

After the five-year prohibition, any business combination between the Maryland corporation and an interested stockholder generally must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least:

80.0% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and

two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested stockholder.

These super-majority vote requirements do not apply if the corporation's common stockholders receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares.

The statute permits various exemptions from its provisions, including business combinations that are exempted by the board of directors before the time that the interested stockholder becomes an interested stockholder. Our board of directors has adopted a resolution providing that any business combination between us and any other person is exempted from this statute, provided that such business combination is first approved by our board. This resolution, however, may be altered or repealed in whole or in part at any time. If this resolution is repealed, the statute may discourage others from trying to acquire control of us and increase the difficulty of consummating any offer.

Control Share Acquisitions

Maryland law provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter. Shares owned by the acquiror, by officers or by employees who are directors of the corporation are excluded from shares entitled to vote on the matter. Control shares are voting shares of stock which, if aggregated with all other shares of stock owned by the acquiror or in respect of which the acquiror is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would

Table of Contents

entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth or more but less than one-third;

one-third or more but less than a majority; or

a majority or more of all voting power.

Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the board of directors of the corporation to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the shares. The right to compel the calling of a special meeting is subject to the satisfaction of certain conditions, including an undertaking to pay the expenses of the meeting. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then the corporation may redeem for fair value any or all of the control shares, except those for which voting rights have previously been approved. The right of the corporation to redeem control shares is subject to certain conditions and limitations. Fair value is determined, without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition by the acquiror or of any meeting of stockholders at which the voting rights of the shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition.

The control share acquisition statute does not apply (1) to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction, or (2) to acquisitions approved or exempted by the charter or bylaws of the corporation.

Our bylaws contain a provision exempting from the control share acquisition statute any and all acquisitions of shares of our stock by any person. There can be no assurance that this provision will not be amended or eliminated at any time in the future.

Subtitle 8

Subtitle 8 of Title 3 of the Maryland General Corporation Law permits a Maryland corporation with a class of equity securities registered under the Securities Exchange Act of 1934 and at least three independent directors to elect to be subject, by provision in its charter or bylaws or a resolution of its board of directors and notwithstanding any contrary provision in the charter or bylaws, to any or all of five provisions:

a classified board;

a two-thirds vote requirement for removing a director;

a requirement that the number of directors be fixed only by vote of the directors;

a requirement that a vacancy on the board be filled only by the remaining directors and for the remainder of the full term of the class of directors in which the vacancy occurred; and

a majority requirement for the calling of a special meeting of stockholders.

In our charter, we have elected that vacancies on the board be filled only by the remaining directors and for the remainder of the full term of the directorship in which the vacancy occurred. Through provisions in our charter and bylaws unrelated to Subtitle 8, we vest in our board of directors the exclusive power to fix the number of directorships. We have not elected to be subject to any of the other provisions of Subtitle 8.

Advance Notice of Director Nominations and New Business

Our bylaws provide that with respect to an annual meeting of stockholders, nominations of individuals for election to the board of directors and the proposal of business to be considered by stockholders may be made only (1) pursuant to our notice of the meeting, (2) by or at the direction of the board of directors or (3) by a stockholder who is entitled to vote at the meeting and who has complied with the advance notice procedures of the bylaws. With respect to special meetings of stockholders, only the business specified in our notice of the meeting may be brought before the meeting. Nominations of individuals for election to the board of directors at a special meeting may be made only (1) pursuant to our notice of the meeting, (2) by or at the direction of the board of directors, or (3) provided that the board of directors has determined that directors will be elected at the meeting by a stockholder who is entitled to vote at the meeting and who has complied with the advance notice provisions of the bylaws.

Anti-takeover Effect of Certain Provisions of Maryland Law and of our Charter and Bylaws

The business combination provisions and the control share acquisition provisions of Maryland law, the provisions of our charter electing to be subject to Subtitle 8, and the advance notice provisions of our bylaws could delay, defer or prevent a transaction or a change in control of our company that might involve a premium price for stockholders or otherwise be in their best interest.

THE OPERATING PARTNERSHIP AGREEMENT

General

Grubb & Ellis Healthcare REIT Holdings, L.P. was formed on April 20, 2006 to acquire, own and operate properties on our behalf. It will allow us to operate as what is generally referred to as an Umbrella Partnership Real Estate Investment Trust, or UPREIT, which is a structure generally utilized to provide for the acquisition of real estate from owners who desire to defer taxable gain otherwise required to be recognized by them upon the disposition of their properties. These owners also may desire to achieve diversity in their investment and other benefits afforded to stockholders in a REIT. For purposes of satisfying the asset and income tests for qualification as a REIT for tax purposes, the REIT's proportionate share of the assets and income of an operating partnership, such as our operating partnership, will be deemed to be assets and income of the REIT.

The property owner's goals are accomplished because a property owner may contribute property to our UPREIT in exchange for limited partnership units on a tax-deferred basis while obtaining rights similar in many respects to those afforded to our stockholders. For example, our operating partnership is structured to make distributions with respect to limited partnership units which will be equivalent to the distributions made with respect to our common stock. In addition, a limited partner in our operating partnership may later redeem his or her limited partnership units and, if we consent, receive shares of our common stock in a taxable transaction.

The partnership agreement for our operating partnership contains provisions which would allow under certain circumstances, other entities, including other Grubb & Ellis Group programs, to merge into or cause the exchange or conversion of their interests for interests in our operating partnership. In the event of such a merger, exchange or conversion, our operating partnership would issue additional limited partnership interests which would be entitled to the same redemption rights as other holders of limited partnership interests in our operating partnership. Further, if our operating partnership needs additional financing for any reason, it is permitted under the partnership agreement to issue additional limited partnership interests which also may be entitled to such redemption rights. As a result, any such merger, exchange or conversion or any separate issuance of redeemable limited partnership interests ultimately

could result in the issuance of a substantial number of shares of our common stock, thereby diluting the percentage ownership interest of other stockholders.

We hold and intend to hold substantially all of our assets through our operating partnership, and we intend to make future acquisitions of properties using the UPREIT structure. We are the sole general partner

Table of Contents

of our operating partnership and, as of the date of this prospectus, owned an approximately 99.99% equity percentage interest in our operating partnership. Our advisor is currently the only limited partner of our operating partnership and holds an approximately 0.01% limited partnership interest in our operating partnership resulting from a capital contribution of \$200,000 (whereby our advisor acquired 20,000 limited partnership units). These units constitute 100% of the limited partnership units outstanding at this time. As the sole general partner of our operating partnership, we have the exclusive power to manage and conduct the business of our operating partnership.

The following is a summary of the material provisions of the partnership agreement of our operating partnership. You should refer to the partnership agreement, itself, which we have filed as an exhibit to the registration statement, for more detail.

Capital Contributions

If our operating partnership issues additional units to any new or existing partner in exchange for cash capital contributions, the contributor will receive a number of limited partnership units and a percentage interest in our operating partnership calculated based upon the amount of the capital contribution and the value of our operating partnership at the time of such contribution.

As we accept subscriptions for shares, we will transfer the net proceeds of the offering to our operating partnership as a capital contribution; however, we will be deemed to have made capital contributions in the amount of the gross offering proceeds received from investors. Our operating partnership will assume the obligation to pay, and will be deemed to have simultaneously paid, the selling commissions and other costs associated with the offering. If our operating partnership requires additional funds at any time in excess of capital contributions made by us and our advisor or from borrowing, we may borrow funds from a financial institution or other lender and lend such funds to our operating partnership on the same terms and conditions as are applicable to our borrowing of such funds, or we may cause our operating partnership to borrow such funds.

Issuance of Additional Units

As general partner of our operating partnership, we can, without the consent of the limited partners, cause our operating partnership to issue additional units representing general or limited partnership interests. A new issuance may include preferred units, which may have rights which are different and/or superior to those of general partnership units that we hold and/or limited partnership units.

Further, we are authorized to cause our operating partnership to issue partnership interests for less than fair market value if we conclude in good faith that such issuance is in our best interest and the best interest of our operating partnership.

Operations

The partnership agreement of our operating partnership provides that our operating partnership is to be operated in a manner that will enable us to:

satisfy the requirements for being qualified as a REIT for tax purposes;

avoid any federal income or excise tax liability; and

ensure that our operating partnership will not be classified as a publicly traded partnership for purposes of Section 7704 of the Internal Revenue Code, which classification could result in our operating partnership being

taxed as a corporation, rather than as a partnership. See Federal Income Tax Considerations Federal Income Tax Aspects of Our Operating Partnership Classification as a Partnership.

In addition to the administrative and operating costs and expenses incurred by our operating partnership in acquiring and operating real estate, our operating partnership will assume and pay when due or reimburse us for payment of all of our administrative and operating costs and expenses and such expenses will be treated as expenses of our operating partnership.

Table of Contents**Distributions and Allocations**

We intend to distribute to our stockholders 100% of all distributions we receive from our operating partnership. The partnership agreement provides that our operating partnership will distribute cash flow from operations to its partners in accordance with their percentage interests (which will be based on relative capital contributions) at such times and in such amounts as we determine as general partner. The partnership agreement also provides that our operating partnership may distribute net proceeds from the sale to its partners in accordance with their percentage interests. All distributions shall be made such that a holder of one unit of limited partnership interest in our operating partnership will receive annual distributions from our operating partnership in an amount equal to the annual distributions paid to the holder of one of our shares. However, after we have received distributions from our operating partnership equal to the amount necessary to have provided our stockholders, collectively, a return of the total amount of capital raised from stockholders (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an annual 8.0% cumulative, non-compounded return on average invested capital, 15.0% of any remaining net proceeds from sales will be distributed to Healthcare Advisor, and the other 85.0% of such remaining proceeds may be distributed to the partners in accordance with their relative percentage interests at such times and in such amounts as we determine as general partner. Average invested capital is, for a specified period, the aggregate issue price of shares purchased by our stockholders, reduced by distributions of net sales proceeds to us by our operating partnership (all of which we intend to distribute to our stockholders) and by any amounts paid by us to repurchase shares pursuant to our share repurchase plan.

If our shares become listed on a national securities exchange, Healthcare Advisor will no longer be entitled to participate in proceeds from sales as described above. However, if Healthcare Advisor has not been terminated under the advisory agreement as of the date we become listed, except as described below, Healthcare Advisor will be entitled to receive a distribution from our operating partnership in an amount equal to 15.0% of the amount, if any, by which (1) the market value of our outstanding shares following listing (determined as described below) plus the cumulative distributions made to us by our operating partnership from our inception through the listing date exceeds (2) the sum of the total amount of capital raised from stockholders (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an annual 8.0% cumulative, non-compounded return on average invested capital through the date of listing. For purposes of the distribution upon a listing, the market value of our outstanding shares following listing will be calculated based on the average market value of the shares issued and outstanding at the time of listing for the 30 trading days beginning on the 180th day after the shares are first listed on a national securities exchange. The distribution may be paid in cash or shares of our common stock, as determined by our board of directors, including a majority of our independent directors. In the event we elect to satisfy the distribution obligation in the form of shares, the number of shares will be determined based on the market value of our shares as described above. Upon payment of this distribution, all limited partnership units in our operating partnership held by Healthcare Advisor will be redeemed for cash equal to the value of an equivalent number of our shares of common stock.

Healthcare Advisor will likewise no longer be entitled to participate in net sales proceeds as described above following the termination or nonrenewal of our advisory agreement, except as described below. Upon termination or nonrenewal of the advisory agreement, other than a termination by us for cause, Healthcare Advisor will be entitled to receive a distribution from our operating partnership in an amount equal to 15.0% of the amount, if any, by which (1) the fair market value of all of the assets of our operating partnership as of the date of the termination (determined by appraisal), less any indebtedness secured by such assets, plus the cumulative distributions made to us by our operating partnership from our inception through the termination date, exceeds (2) the sum of the total amount of capital raised from stockholders (less amounts paid to repurchase shares pursuant to our share repurchase program) plus an annual 8.0% cumulative, non-compounded return on average invested capital through the termination date. However, Healthcare Advisor will not be entitled to this distribution if our shares have been listed on a national

securities exchange prior to the termination of the advisory agreement. In addition, our advisor may elect to defer its right to receive a subordinated distribution upon termination until either a listing or other liquidity event, including a liquidation, sale of substantially all of our assets or merger in which our stockholders receive in exchange for their shares

Table of Contents

of our common stock shares of a company that are traded on a national securities exchange. If our advisor elects to defer the payment and there is a listing of our shares on a national securities exchange or a merger in which our stockholders receive in exchange for their shares of our common stock shares of a company that are traded on a national securities exchange, our advisor will be entitled to receive a distribution in an amount equal to 15.0% of the amount, if any, by which (1) the fair market value of the assets of our operating partnership (determined by appraisal as of the listing date or merger date, as applicable) owned as of the termination of the advisory agreement, plus any assets acquired after such termination for which our advisor was entitled to receive an acquisition fee, or the included assets, less any indebtedness secured by the included assets, plus the cumulative distributions made by our operating partnership to us and the limited partners who received partnership units in connection with the acquisition of the included assets, from our inception through the listing date or merger date, as applicable, exceeds (2) the sum of the total amount of capital raised from stockholders and the capital value of partnership units issued in connection with the acquisition of the included assets through the listing date or merger date, as applicable, (excluding any capital raised after the completion of this offering) (less amounts paid to redeem shares pursuant to our share repurchase plan) plus an annual 8.0% cumulative, non-compounded return on such invested capital and the capital value of such partnership units measured for the period from inception through the listing date or merger date, as applicable. If our advisor elects to defer the payment and there is a liquidation or sale of all or substantially all of the assets of the operating partnership, then our advisor will be entitled to receive a distribution in an amount equal to 15.0% of the net proceeds from the sale of the included assets, after subtracting distributions to our stockholders and the limited partners who received partnership units in connection with the acquisition of the included assets of (1) their initial invested capital and the capital value of such partnership units (less amounts paid to repurchase shares pursuant to our share repurchase program) through the date of the liquidity event plus (2) an annual 8.0% cumulative, non-compounded return on such invested capital and the capital value of such partnership units measured for the period from inception through the liquidity event date. Our operating partnership may satisfy the distribution obligation by either paying cash or issuing an interest-bearing promissory note. If the promissory note is issued and not paid within five years of the issuance of the note, we would be required to purchase the promissory note (including accrued but unpaid interest) in exchange for cash or shares of our common stock. Upon payment of this distribution, all units in our operating partnership held by Healthcare Advisor will be redeemed by our operating partnership for cash equal to the value of an equivalent number of our shares.

Under the partnership agreement, our operating partnership may issue preferred units that entitle their holders to distributions prior to the payment of distributions for other units of limited partnership units and/or the units of general partnership interest that we hold.

The partnership agreement of our operating partnership provides that net profits will be allocated to the partners in accordance with their percentage interests, subject to compliance with the provisions of Sections 704(b) and 704(c) of the Internal Revenue Code and corresponding Treasury Regulations. However, to the extent that Healthcare Advisor receives a distribution of proceeds from sales or a distribution upon the listing of our shares or upon a termination of the advisory agreement, there will be a corresponding allocation of profits of our operating partnership to Healthcare Advisor. Losses, if any, will generally be allocated among the partners in accordance with their respective percentage interests in our operating partnership.

Upon the liquidation of our operating partnership, after payment of debts and obligations, and after any amounts payable to preferred units, any remaining assets of our operating partnership will be distributed to partners with positive capital accounts in accordance with their respective positive capital account balances.

Amendments

In general, we may amend the partnership agreement as general partner. Certain amendments to the partnership agreement, however, require the consent of each limited partner that would be adversely affected by the amendment,

including amendments that would:

convert a limited partner's interest in our operating partnership into a general partnership interest;

require the limited partners to make additional capital contributions to our operating partnership; or

Table of Contents

adversely modify the limited liability of any limited partner.

Additionally, the written consent of the general partner and any partner adversely affected is required to amend the partnership agreement to amend these amendment limitations.

Redemption Rights

The limited partners of our operating partnership, including our advisor (subject to specified limitations), have the right to cause our operating partnership to redeem their limited partnership units for, at our option, cash equal to the value of an equivalent number of shares of our common stock or a number of our shares equal to the number of limited partnership units redeemed. Unless we elect in our sole discretion to satisfy a redemption right with a cash payment, these redemption rights may not be exercised if and to the extent that the delivery of shares of our common stock upon such exercise would:

adversely affect our ability to qualify as a REIT under the Internal Revenue Code or subject us to any additional taxes under Section 857 or Section 4981 of the Internal Revenue Code;

violate any provision of our charter or bylaws;

constitute or be likely to constitute a violation of any applicable federal or state securities laws;

result in us being closely held within the meaning of Section 856(h) of the Internal Revenue Code;

cause us to own 10.0% or more of the ownership interests in a tenant within the meaning of Section 856(d)(2)(B) of the Internal Revenue Code;

cause our operating partnership to become a publicly traded partnership under the Internal Revenue Code; or

cause our operating partnership to cease to be classified as a partnership for federal income tax purposes.

Subject to the foregoing limitations, limited partners may exercise their redemption rights at any time after one year following the date of issuance of their limited partnership units.

We do not expect to issue any of the shares of common stock offered by this prospectus to limited partners of our operating partnership in exchange for their limited partnership units. Rather, in the event a limited partner of our operating partnership exercises its redemption rights, and we elect to purchase the limited partnership units with shares of our common stock, we expect to issue unregistered shares of common stock, or subsequently registered shares of common stock, in connection with such transaction.

Any common stock issued to the limited partners upon redemption of their respective limited partnership units may be sold only pursuant to an effective registration statement under the Securities Act of 1933 or pursuant to an available exemption from registration. We may grant holders of partnership interests registration rights for such shares of common stock.

As a general partner, we have the right to grant similar redemption rights to holders of other classes of units, if any, in our operating partnership, and to holders of equity interests in the entities that own our properties.

As discussed above under Distributions and Allocations, upon payment of either a distribution upon listing or a distribution upon termination to Healthcare Advisor, all units in our operating partnership held by Healthcare Advisor will be redeemed for cash equal to the value of an equivalent number of shares of our common stock.

Transferability of Interests

We may not voluntarily withdraw as the general partner of our operating partnership or transfer our general partnership interest in our operating partnership (except to a wholly-owned subsidiary), unless the limited partners not affiliated with us or our advisor approve the transaction by majority vote.

Table of Contents

With certain exceptions, the limited partners may not transfer their interests in our operating partnership, in whole or in part, without our written consent as the general partner. In addition, Healthcare Advisor may not transfer its interest in our operating partnership or exercise its redemption rights as long as it is acting as our advisor.

Term

Our operating partnership will be dissolved and its affairs wound up upon the earliest to occur of certain events, including:

the expiration of the term of our operating partnership on December 31, 2036;

our determination as general partner to dissolve our operating partnership;

the sale of all or substantially all of the assets of our operating partnership; or

our withdrawal as general partner of our operating partnership, unless the remaining partners determine to continue the business of our operating partnership.

Tax Matters

We are the tax matters partner of our operating partnership and, as such, have the authority to handle tax audits and to make tax elections under the Internal Revenue Code on behalf of our operating partnership.

Indemnification

The partnership agreement requires our operating partnership to indemnify us, as general partner (and our directors, officers and employees), the limited partners, including Healthcare Advisor (and its managers, members and employees), against damages and other liabilities to the extent permitted by Delaware law, except to the extent that any claim for indemnification results from:

in the case of us, as general partner, and the limited partners, our or their fraud, willful misconduct or gross negligence;

in the case of our directors, officers and employees (other than our independent directors), Healthcare Advisor and its managers, members and employees, such person's negligence or misconduct; or

in the case of our independent directors, such person's gross negligence or willful misconduct.

In addition, we, as general partner and the limited partners will be held harmless and indemnified for losses only if all of the following conditions are met:

the indemnitee determined, in good faith, that the course of conduct which caused the loss, liability or expense was in our best interests;

the indemnitee was acting on our behalf or performing services for us;

such liability or loss was not the result of negligence or misconduct by the directors; and

such liability or loss was not the result of gross negligence or willful misconduct by the independent directors.

Any indemnification or any agreement to hold harmless is recoverable only out of our assets and not from our stockholders.

The SEC takes the position that indemnification against liabilities arising under the Securities Act of 1933 is against public policy and unenforceable. Indemnification of us, as general partner and the limited partners, will not be allowed for liabilities arising from or out of a violation of state or federal securities laws, unless one or more of the following conditions are met:

there has been a successful adjudication on the merits of each count involving alleged securities law violations;

Table of Contents

such claims have been dismissed with prejudice on the merits by a court of competent jurisdiction; or

a court of competent jurisdiction approves a settlement of the claims against the indemnitee and finds that indemnification of the settlement and the related costs should be made, and the court considering the request for indemnification has been advised of the position of the SEC and of the published position of any state securities regulatory authority in the state in which our securities were offered as to indemnification for violations of securities laws.

Finally, our operating partnership must reimburse us for any amounts paid in satisfaction of our indemnification obligations under our charter. Our operating partnership may not provide indemnification or advancement of expenses to us (or our directors, officers or employees) to the extent that we could not provide such indemnification or advancement of expenses under the limitations of our charter. See Management Limited Liability and Indemnification of Directors, Officers and Others.

PLAN OF DISTRIBUTION

General

We are offering a minimum of \$2,000,000 and a maximum of \$2,200,000,000 in shares of our common stock in this offering, including \$2,000,000,000 in shares of our common stock initially allocated to be offered in the primary offering and \$200,000,000 in shares of our common stock initially allocated to be offered pursuant to our distribution reinvestment plan. Prior to the conclusion of this offering, if any of the shares of our common stock initially allocated to the distribution reinvestment plan remain after meeting anticipated obligations under the distribution reinvestment plan, we may decide to sell some or all of such shares of common stock to the public in the primary offering. Similarly, prior to the conclusion of this offering, if the shares of our common stock initially allocated to the distribution reinvestment plan have been purchased and we anticipate additional demand for shares of common stock under our distribution reinvestment plan, we may plan to choose to reallocate some or all of the shares of our common stock allocated to be offered in the primary offering to the distribution reinvestment plan. The shares of our common stock in the primary offering are being offered at \$10.00 per share. Shares of our common stock purchased pursuant to our distribution reinvestment plan will be sold at \$9.50 per share during this offering.

As of January 8, 2007, we had received and accepted subscriptions in this offering that exceeded the minimum offering. We will sell shares until the earlier of September 20, 2009, or the date on which the maximum offering has been sold. However, we reserve the right to terminate this offering at any time prior to such termination date.

Our board of directors determined the offering price of \$10.00 per share based on consideration of the offering price of shares offered by similar REITs and the administrative convenience to us and investors of the share price being an even dollar amount. This price bears no relationship to the value of our assets or other established criteria for valuing shares because we have not had any operations as of the date of this prospectus and we have no assets other than subscription proceeds from the sale of shares of our common stock to our advisor at \$10.00 per share and the sale of units in our operating partnership to our advisor at \$10.00 per unit.

Dealer Manager and Participating Broker-Dealer Compensation and Terms

Grubb & Ellis Securities, an indirect wholly owned subsidiary of Grubb & Ellis and a registered broker-dealer, is serving as our dealer manager for this offering on a best efforts basis, which means generally that our dealer manager will be required to use only its best efforts to sell the shares and it has no firm commitment or obligation to purchase any of the shares. Our dealer manager may authorize certain other broker-dealers who are members of FINRA, who we refer to as participating broker-dealers, to sell our shares. Except as provided below, our dealer manager receives selling commissions of 7.0% of the gross offering proceeds from sales of shares of our common stock in the primary offering, subject to reductions based on volume and special sales. No selling commissions will be paid for sales pursuant to the distribution reinvestment plan. Our dealer manager also receives 2.5% of the gross offering proceeds in the form of a marketing support fee for shares sold in the primary offering. In addition, we may reimburse our dealer manager an additional 0.5% of gross offering proceeds from the primary offering for its *bona fide* due diligence expenses and for those of the participating broker-dealers. No selling commission, marketing support fee or due diligence expense reimbursement will be paid for shares sold pursuant to the distribution reinvestment plan. We will not pay referral or similar fees to any accountants, attorneys or other persons in connection with the distribution of the shares.

Table of Contents

Our dealer manager may allow participating broker-dealers a portion of the marketing support fee of up to 1.5% of the gross sales of the broker-dealer in the primary offering. In addition, our dealer manager may re-allow its due diligence expense reimbursement to participating dealer-brokers incurring such costs.

In addition to the compensation described above, we also reimburse our dealer manager and its affiliates for some of their costs in connection with the offering as described in the table below, which sets forth the nature and estimated amount of all items viewed as underwriting compensation by FINRA, assuming we sell all of the shares offered by this prospectus. To show the maximum amount of dealer manager and participating broker-dealer compensation that we may pay in this offering, this table assumes that all shares are sold through distribution channels associated with the highest possible selling commissions and dealer manager fees.

Dealer Manager and Participating Broker-Dealer Compensation

| | Amount | Percentage of Primary Offering |
|---|-----------------------|---|
| Marketing allowance | \$ 50,000,000 | 2.5% |
| Selling commissions | 140,000,000 | 7.0 |
| Salary allocations and transaction-based compensation of sales and marketing managers and their support personnel(1)(2) | 4,188,432 | 0.2 |
| Expense reimbursements for educational conferences and training seminars(1)(3) | 3,831,120 | 0.2 |
| Reimbursement of due diligence expenses(1)(4) | 10,000,000 | 0.5 |
| Legal fees allocable to dealer manager(1) | 100,000 | * |
| Total | \$ 208,119,552 | 10.4% |

* Less than 0.1%.

(1) Amounts shown are estimates.

(2) These costs are borne by Grubb & Ellis or its affiliates and are not reimbursed by us.

(3) Subject to the cap on organization and offering expenses described below, we will reimburse Grubb & Ellis Securities, or its affiliates for these expenses. In some cases, these payments will serve to reimburse Grubb & Ellis Securities for amounts it has paid to participating broker-dealers for the items noted. These amounts consist primarily of reimbursements for travel, meals, lodging and attendance fees incurred by broker-dealer personnel, financial advisors and wholesalers and other FINRA-registered personnel associated with Grubb & Ellis Securities attending educational conferences and training seminars.

(4) We may reimburse the dealer manager for reimbursements it may make to broker-dealers for reasonable bona fide due diligence expenses up to a maximum of 0.5% of our gross offering proceeds.

As required by the rules of the FINRA, total underwriting compensation will not exceed 10.0% of our gross offering proceeds, except for bona fide due diligence expenses, which will not exceed 0.5% of our gross offering proceeds. The

FINRA and many states also limit our total organization and offering expenses to 15.0% of gross offering proceeds.

Table of Contents

Our advisor receives up to 1.5% of the aggregate gross offering proceeds from the sale of shares of our common stock in the primary offering to reimburse it for our cumulative organizational and offering expenses such as legal, accounting, printing and other offering expenses, including marketing, salaries and direct expenses of its employees, employees of its affiliates and others while engaged in registering and marketing the shares of our common stock, which shall include development of marketing materials and marketing presentations, planning and participating in due diligence meetings, training seminars and educational conferences and generally coordinating the marketing process for us. Our total organization and offering expenses are capped at 11.5% of the gross proceeds of our primary offering, as shown in the following table:

Organization and Offering Expenses

| Expense | Maximum Percent of Gross Offering Proceeds |
|--|---|
| Selling commissions | 7.0% |
| Marketing allowance | 2.5 |
| Bona fide due diligence reimbursement | 0.5 |
| All other organization and offering expenses | 1.5 |
| Total | 11.5% |

A portion of our organizational and offering expense reimbursement may be used for wholesaling activities and therefore deemed to be additional underwriting compensation pursuant to FINRA Rule 2710. Our advisor will be responsible for the payment of our cumulative organizational and offering expenses, other than the selling commissions, marketing support fee and the due diligence expense reimbursement, to the extent they exceed 1.5% of the aggregate gross offering proceeds from the sale of shares of our common stock in the primary offering without recourse against or reimbursement by us.

We have agreed to indemnify the participating broker-dealers and the dealer manager against liabilities, including liabilities under the Securities Act of 1933, that arise out of breaches by us of the dealer manager agreement between us and the dealer manager or material misstatements and omissions contained in this prospectus, other sales material used in connection with this offering or filings made to qualify this offering with individual states. Please see [Management Limited Liability and Indemnification of Directors, Officers and Others](#) for a discussion of conditions that must be met for participating broker-dealers or the dealer manager to be indemnified by us for liabilities arising out of state or federal securities laws.

The participating broker-dealers are not obligated to obtain any subscriptions on our behalf, and we cannot assure you that any shares will be sold.

Our executive officers and directors, as well as officers and employees of our advisor and its affiliates, may purchase shares in this offering at a discount. We expect that a limited number of shares will be sold to those individuals. However, except for the share ownership limitations contained in our charter, there is no limit on the number of shares that may be sold to those individuals at this discount. The purchase price for such shares shall be \$9.05 per share reflecting the fact that selling commissions in the amount of \$0.70 per share and the marketing support fee in the amount of \$0.25 per share will not be payable in connection with such sales. The net offering proceeds we receive will not be affected by such sales of shares at a discount. Our advisor and its affiliates have agreed to hold their shares purchased as stockholders for investment and not with a view towards distribution. Shares purchased by our executive

officers and directors, the dealer manager and our advisor or its affiliates did not count toward the sale of the minimum offering proceeds of \$2,000,000 required to be sold in this offering.

No selling commission will be charged (and the price will be correspondingly reduced) for sales of shares in the primary offering in the event that the investor has engaged the services of a registered investment advisor or other financial advisor, paid on a fee-for-service basis by the investor. In addition, no selling commission will be charged (and the price will be correspondingly reduced) for sales of shares to retirement plans of participating broker-dealers, to participating broker-dealers in their individual capacities, to IRAs and

Table of Contents

qualified plans of their registered representatives or to any one of their registered representatives in their individual capacities.

In connection with sales of certain minimum numbers of shares to a purchaser, as defined below, certain volume discounts resulting in reductions in selling commissions payable with respect to such sales are available to investors. In such event, any such reduction will be credited to the investor by reducing the purchase price per share payable by the investor. The following table shows the discounted price per share and reduced selling commissions payable for volume discounts.

| Shares Purchased | Commission Rate | Price per Share |
|-------------------------|----------------------------|--------------------------------|
| 1 to 50,000 | 7.0% | \$ 10.00 |
| 50,001 to 100,000 | 6.0% | \$ 9.90 |
| 100,001 to 200,000 | 5.0% | \$ 9.80 |
| 200,001 to 500,000 | 4.0% | \$ 9.70 |
| 500,001 to 750,000 | 3.0% | \$ 9.60 |
| 750,001 to 1,000,000 | 2.0% | \$ 9.50 |
| 1,000,001 and up | 1.0% | \$ 9.40 |

The reduced selling price per share and selling commissions are applied to the incremental shares falling within the indicated range only. All commission rates are calculated assuming a \$10.00 price per share. Thus, for example, an investment of \$1,249,996 would result in a total purchase of 126,020 shares as follows:

50,000 shares at \$10.00 per share (total: \$500,000) and a 7.0% commission;

50,000 shares at \$9.90 per share (total: \$495,000) and a 6.0% commission; and

26,020 shares at \$9.80 per share (total: \$254,996) and a 5.0% commission.

The net proceeds to us will not be affected by volume discounts. Requests to apply the volume discount provisions must be made in writing and submitted simultaneously with your subscription for shares. Because all investors will be paid the same distributions per share as other investors, an investor qualifying for a volume discount will receive a higher percentage return on his or her investment than investors who do not qualify for such discount.

Subscriptions may be combined for the purpose of determining the volume discounts in the case of subscriptions made by any purchaser, as that term is defined below, provided all such shares are purchased through the same broker-dealer. The volume discount shall be prorated among the separate subscribers considered to be a single purchaser. Any request to combine more than one subscription must be made in writing submitted simultaneously with your subscription for shares, and must set forth the basis for such request. Any such request will be subject to verification by the dealer manager that all of such subscriptions were made by a single purchaser.

For the purposes of such volume discounts, the term purchaser includes:

an individual, his or her spouse and their children under the age of 21 who purchase the shares for his, her or their own accounts;

a corporation, partnership, association, joint-stock company, trust fund or any organized group of persons, whether incorporated or not;

an employees' trust, pension, profit sharing or other employee benefit plan qualified under Section 401(a) of the Internal Revenue Code; and

all commingled trust funds maintained by a given bank.

Notwithstanding the above, in connection with volume sales, investors who would not constitute a single purchaser may request in writing to aggregate subscriptions as part of a combined order for purposes of determining the number of shares purchased, provided that any aggregate group of subscriptions must be

Table of Contents

received from the same participating dealer, including the dealer manager. Any such reduction in selling commission will be prorated among the separate subscribers. An investor may reduce the amount of his or her purchase price to the net amount shown in the foregoing table, if applicable. Except as provided in this paragraph, separate subscriptions will not be cumulated, combined or aggregated.

Admission of Stockholders

We intend to admit stockholders periodically as subscriptions for shares are received in good order, but not less frequently than monthly. Upon acceptance of subscriptions, subscription proceeds will be transferred from our escrow account into our operating account, out of which we will acquire real estate and pay fees and expenses as described in this prospectus.

Minimum Investment

The minimum purchase is 100 shares, which equals a minimum investment of \$1,000, except for purchases by (1) our existing stockholders, including purchases made pursuant to the DRIP and (2) existing investors in other programs sponsored by our sponsor, Grubb & Ellis, or any of our sponsor's affiliates, which may be in lesser amounts.

Our dealer manager and each participating broker-dealer who sells shares have the responsibility to make every reasonable effort to determine that the purchase of shares is appropriate for the investor and that the requisite suitability standards are met. See **Suitability Standards**. In making this determination, our dealer manager or the participating broker-dealer will rely on relevant information provided by the investor, including information as to the investor's age, investment objectives, investment experience, income, net worth, financial situation, other investments, and other pertinent information. Each investor should be aware that our dealer manager or the participating broker-dealer will be responsible for determining suitability.

Our dealer manager or each participating broker-dealer shall maintain records of the information used to determine that an investment in shares is suitable and appropriate for an investor. These records are required to be maintained for a period of at least six years.

Automatic Investment Plan

Investors who desire to purchase shares in this offering at regular intervals may be able to do so through their participating broker-dealer or, if they are investing in this offering other than through a participating broker-dealer, through the dealer manager by completing an automatic investment plan enrollment form. Participation in the automatic investment plan is limited to investors who have already met the minimum purchase requirement in this offering. The minimum periodic investment is \$100 per month.

Investors who reside in the State of Ohio may not participate in the Automatic Investment Plan.

We will provide a confirmation of your monthly purchases under the automatic investment plan within five business days after the end of each month. The confirmation will disclose the following information:

the amount of the investment;

the date of the investment; and

the number and price of the shares purchased by you.

We will pay marketing support fees and selling commissions in connection with sales under the automatic investment plan to the same extent that we pay those fees and commissions on shares sold in this offering outside of the automatic investment plan.

You may terminate your participation in the automatic investment plan at any time by providing us with written notice. If you elect to participate in the automatic investment plan, you must agree that if at any time you fail to meet the applicable investor suitability standards or cannot make the other investor representations set forth in the then-current prospectus and subscription agreement, you will promptly notify us in writing of

Table of Contents

that fact and your participation in the plan will terminate. See the Suitability Standards section of this prospectus (on page i).

Prior Public Program Liquidity

FINRA regulations require that we disclose the liquidity of our sponsor's prior public programs. Grubb & Ellis or one of its affiliates, has sponsored three other public programs, G REIT, Inc., T REIT, Inc. and Grubb & Ellis Apartment REIT, Inc., each of which stated in its prospectus a date or time period by which the program might be liquidated. G REIT, Inc. and T REIT, Inc. each commenced an orderly liquidation prior to their anticipated liquidation dates. Grubb & Ellis Apartment REIT, Inc. commenced its initial public offering on July 19, 2006 and has not yet reached its anticipated liquidation date.

Excess Sales in the State of Washington

In July 2008, we sold \$931,355 in shares of our common stock in excess of the amount registered for sale in the State of Washington. We have since registered these shares. However, as a result of the sale of these excess shares, we may be subject to potential liability, including from investors who purchased such shares prior to their registration.

REPORTS TO STOCKHOLDERS

We will furnish each stockholder with an annual report within 120 days following the close of each fiscal year. These annual reports will contain, among other things, the following:

financial statements, including a balance sheet, statement of operations, statement of stockholders' equity, and statement of cash flows, prepared in accordance with accounting principles generally accepted in the United States of America, or GAAP, which are audited and reported on by independent registered public accounting firm;

a statement of the aggregate amount of fees paid to our advisor and its affiliates; and

full disclosure of all material terms, factors and circumstances surrounding any and all transactions involving us and any of our directors, our advisor and its affiliates or any other of our affiliates occurring in the year for which the annual report is made.

While we are required by the Securities Exchange Act of 1934 to file with the SEC annual reports on Form 10-K, we will furnish a copy of each such report to each stockholder. Stockholders also may receive a copy of any Form 10-Q upon request. We will also provide quarterly distribution reports.

We provide appropriate tax information to our stockholders within 30 days following the end of each fiscal year. Our fiscal year is the calendar year.

SUPPLEMENTAL SALES MATERIAL

In addition to this prospectus, we may use certain supplemental sales material in connection with the offering of the shares, although only when accompanied by or preceded by the delivery of this prospectus. This material, prepared by our advisor, may include a brochure describing the advisor and its affiliates and our investment objectives, a fact sheet that provides information regarding properties purchased to date and other summary information related to our offering, property brochures, a power point presentation that provides information regarding our company and our offering and the past performance of programs managed by our advisor and its affiliates. In addition, the sales material

may contain quotations from various publications without obtaining the consent of the author or the publication for use of the quoted material in the sales material.

No person has been authorized to prepare for, or furnish to, a prospective investor any sales material other than that described herein with the exception of third-party article reprints, tombstone newspaper advertisements or solicitations of interest limited to identifying the offering and the location of sources of additional information.

Table of Contents

The offering of our shares is made only by means of this prospectus. Although the information contained in the supplemental sales material will not conflict with any of the information contained in this prospectus, such material does not purport to be complete, and should not be considered a part of this prospectus or the registration statement, of which this prospectus is a part, or as incorporated by reference in this prospectus or said registration statement or as forming the basis of the offering of shares of our common stock.

LEGAL MATTERS

The validity of the shares being offered hereby has been passed upon for us by Venable LLP, Baltimore, Maryland. The statements under the caption **Federal Income Tax Considerations** as they relate to federal income tax matters have been reviewed by Alston & Bird LLP, Atlanta, Georgia and Alston & Bird LLP has opined as to certain income tax matters relating to an investment in our shares. Alston & Bird LLP has also represented our advisor as well as various other affiliates of our advisor, in other matters and may continue to do so in the future. See **Conflicts of Interest**.

PRIOR PERFORMANCE TABLES

The following Prior Performance Tables, or Tables, provide information relating to real estate investment and notes programs sponsored by NNN Realty Advisors, Inc., our former sponsor and a wholly owned subsidiary of our current sponsor, Grubb & Ellis Company, or Grubb & Ellis, and Grubb & Ellis Realty Investors, LLC, an indirect wholly owned subsidiary of Grubb & Ellis, or collectively, Grubb & Ellis Group, through December 31, 2007. From inception through December 31, 2007, Grubb & Ellis Group has served as advisor, sponsor or manager of 206 real estate investment programs, consisting of six public programs required to file public reports with the SEC and 200 private real estate investment programs that have no public reporting requirements. The investment objectives of the public reporting companies have certain investment objectives similar to ours, including the acquisition and operation of commercial properties; the provision of stable cash flow available for distribution to our stockholders; preservation and protection of capital; and the realization of capital appreciation upon the ultimate sale of our properties. One difference in investment objectives between us and the public companies is the focus on a particular type or asset class of commercial property. In particular: G REIT, Inc., focused on government-oriented office properties; T REIT, Inc., focused on commercial properties located in tax free states; Grubb & Ellis Apartment REIT, Inc., focuses on apartment communities; NNN 2002 Value Fund, LLC focused on investments in three office properties; and NNN 2003 Value Fund, LLC focused on value-added properties in asset classes that include office properties and undeveloped land. Our focus is on medical office buildings, healthcare-related facilities and quality commercial office properties.

The private real estate programs sponsored by Grubb & Ellis Group also had as their primary investment objective the acquisition, ownership, operation and eventual sale of real estate. While we intend to qualify as a REIT that invests in a diversified portfolio of real estate and real estate related securities, the private real estate programs were structured for the purpose of selling undivided tenant in common interests in a single property through a limited liability company.

As a prospective investor, you should read these Tables carefully together with the summary information concerning the prior programs as set forth in the Prior Performance Summary section of this prospectus.

As an investor in our company, you will not own any interest in the prior programs and should not assume that you will experience returns, if any, comparable to those experienced by investors in the prior programs.

Our advisor is owned and managed by Grubb & Ellis Realty Investors, LLC. Our advisor is responsible for managing our day-to-day business affairs and assets, administering our bookkeeping and accounting functions, serving as our consultant in connection with policy decisions to be made by our board of directors, managing or causing to be managed our properties, and rendering other property level services as our board of directors deems necessary. The financial results of the Prior Programs thus may provide some indication of our advisor's performance of its obligations during the periods covered. However, general economic conditions affecting the real estate industry and other factors contribute significantly to financial results.

The following tables are included herein:

- Table I Experience in Raising and Investing Funds (Unaudited)
- Table II Compensation to Sponsor (Unaudited)
- Table III Annual Operating Results of Prior Programs (Unaudited)

Table IV Results of Completed Programs (Unaudited)

Table V Sales or Disposals of Properties (Unaudited)

Additional information relating to the acquisition of properties by the Prior Programs is contained in Table VI, which is included in the registration statement which our company has filed with the SEC. We will provide to you copies of any or all information concerning the Prior Programs at no charge upon request.

A-1

Table of Contents

Grubb & Ellis Group presents the data in Prior Performance Table III for each program on either a GAAP basis or an income tax basis depending on the reporting requirements of the particular program. In compliance with the SEC reporting requirements, the Table III presentation of Revenues, Expenses and Net Income for the public programs has been prepared and presented by Grubb & Ellis Group in conformity with accounting principles generally accepted in the United States of America, or GAAP, which incorporate accrual basis accounting. Grubb & Ellis Group presents Table III for all private programs on an income tax basis (which can in turn be presented on either a cash basis or accrual basis), specifically, the private programs are presented on a cash basis except for Western Real Estate Investment, Inc. and the four Notes Programs, which are presented on an accrual basis, as the only applicable reporting requirement is for the year-end tax information provided to each investor. The Table III data for all other private programs (which are generally formed using LLCs) are prepared and presented by Grubb & Ellis Group in accordance with the cash method of accounting for income tax purposes. This is because most, if not all, of the investors in these private programs are individuals required to report to the Internal Revenue Service using the cash method of accounting for income tax purposes, and the LLCs are required to report on this basis when more than 50.0% of their investors are taxpayers that report using the cash method of accounting for income tax purposes. When GAAP-basis affiliates invest in a private program, as in a Complex Ownership Structure, the ownership presentation in the tables is made in accordance with the cash method of accounting for income tax purposes. This presentation is made for consistency and to present results meaningful to the typical individual investor that invests in an LLC.

While SEC rules and regulations allow Grubb & Ellis Group to record and report results for its private programs on an income tax basis, investors should understand that the results of these private programs may be different if they were reported on a GAAP basis. Some of the major differences between GAAP accounting and income tax accounting (and, where applicable, between cash basis and accrual basis income tax accounting) that impact the accounting for investments in real estate are described in the following paragraphs:

The primary difference between the cash methods of accounting and accrual methods (both GAAP and the accrual method of accounting for income tax purposes) is that the cash method of accounting generally reports income when received and expenses when paid while the accrual method generally requires income to be recorded when earned and expenses recognized when incurred.

GAAP requires that, when reporting lease revenue, the minimum annual rental revenue be recognized on a straight-line basis over the term of the related lease, whereas the cash method of accounting for income tax purposes requires recognition of income when cash payments are actually received from tenants, and the accrual method of accounting for income tax purposes requires recognition of income when the income is earned pursuant to the lease contract.

GAAP requires that when an asset is considered held for sale, depreciation ceases to be recognized on that asset, whereas for income tax purposes, depreciation continues until the asset either is sold or is no longer in service.

GAAP requires that when a building is purchased certain intangible assets and liabilities (such as above-and below-market leases, tenant relationships and in-place lease costs) are allocated separately from the building and are amortized over significantly shorter lives than the depreciation recognized on the building. These intangible assets and liabilities are not recognized for income tax purposes and are not allocated separately from the building for purposes of tax depreciation.

GAAP requires that an asset is considered impaired when the carrying amount of the asset is greater than the sum of the future undiscounted cash flows expected to be generated by the asset, and an impairment loss must then be recognized to decrease the value of the asset to its fair value. For income tax purposes, losses are generally not recognized until the asset has been sold to an unrelated party or otherwise disposed of in an arm's

length transaction.

TABLE II
COMPENSATION TO SPONSOR (UNAUDITED)
PUBLIC PROGRAMS
December 31, 2007

Table II presents the types of compensation paid to Grubb & Ellis Group and its affiliates in connection with prior programs with offerings that closed in the three years prior to December 31, 2007. As of December 31, 2007, there were six public programs which paid compensation to Grubb & Ellis Group and its affiliates. Property management fees, asset management fees, acquisition fees, disposition fees, refinancing fees and leasing commissions are presented for consolidated properties at 100% of the amount incurred by the property on a GAAP basis. Consolidated property information has not been adjusted for the respective entities for affiliated ownership percentages. Additionally, unconsolidated properties information is not included in the tabular presentation.

**TABLE I
EXPERIENCE IN RAISING AND INVESTING FUNDS (UNAUDITED)
PRIVATE PROGRAMS
DECEMBER 31, 2007**

Table I presents the experience of Grubb & Ellis Group in raising and investing funds in prior programs where the offering closed in the three years prior to December 31, 2007. As of December 31, 2007, there were 104 private programs which closed in the preceding three years. 102 programs are presented in the aggregate, having similar investment objectives providing Tenant In Common (TIC) interests, a form of ownership which complies with Section 1031 of the Internal Revenue Code, to investors involved in a tax deferred exchange. Our Advisor is the Advisor and Sponsor to four public programs which have invested as LLC members or TICs in certain private programs. At December, 31 2007, there were two affiliated investments by two public programs in a private program where the offering closed in the preceding three years. This affiliated investment is disclosed in Table I. Table I further reflects the impact of affiliated ownership on offering proceeds by excluding the affiliated program ownership.

There is one notes program, NNN Collateralized Senior Notes Program, LLC, which offering closed in the preceding three years. This program is not aggregated as the investment objective differs from the other private programs. An investor in the notes program is making an investment in note units, which is a loan to the company, not an equity investment. The company is owned by Grubb & Ellis Realty Investors which intends to use the net proceeds to support its efforts in sponsoring real estate investments by making unsecured loans to affiliated real estate programs. Grubb & Ellis Realty Investors, as the sole member and manager of the company, has guaranteed the payment of all principal and interest on the note units.

In addition, 17 prior programs remained open as of December 31, 2007. As of December 31, 2007, the Dollar Amount Raised for open programs was \$136,684,000, representing 70.9% of the aggregate Dollar Amount Offered totaling \$192,750,000.

NOTES PROGRAM

Table III presents certain operating results for a program which has closed its offering during the five years ended December 31, 2007. The notes program presented offers units of interest in the company's collateralized notes offering. The program was formed for the purpose of making loans to affiliates of Grubb & Ellis Group. Investors are making loans to the program. Grubb & Ellis Realty Investors, as the sole member of the company, has guaranteed the note unit holders payment of all principal and interest on the note units. The results presented in this table are those of the company, not the note unit holders.

(1) There are three notes programs that have completed operations and are closed. The notes programs report interest income to the note unit holders. The remaining programs included in this table are TIC programs with investors generally involved in tax deferred exchanges. Accordingly, each TIC has an individual tax basis for determining amortization and depreciation. Neither type of program requires depreciation or amortization,

therefore, there is no presentation of Federal Income Tax Results.

DISTRIBUTION REINVESTMENT PLAN

The Distribution Reinvestment Plan (the **DRIP**) for Grubb & Ellis Healthcare REIT, Inc., a Maryland corporation (the **Company**), offers to holders of the Company's common stock, \$0.01 par value per share (the **Common Stock**), the opportunity to purchase, through reinvestment of distributions, additional shares of Common Stock, on the terms, subject to the conditions and at the prices herein stated.

The DRIP has been implemented in connection with the Company's Registration Statement under the Securities Act of 1933 on Form S-11, including the prospectus contained therein (the **Prospectus**) and the registered initial public offering of 221,052,632 shares of the Company's Common Stock (the **Initial Offering**), of which amount 21,052,632 shares will be registered and reserved for distribution pursuant to the DRIP (the **Initial DRIP Shares**).

Initially, distributions reinvested pursuant to the DRIP will be applied to the purchase of shares of Common Stock at a price per share equal to \$9.50 (the **Initial Offering DRIP Price**) until all of the Initial DRIP Shares have been purchased or until the termination of the Initial Offering, whichever occurs first. Thereafter, the Company may, in its sole discretion, effect additional public equity offerings of Common Stock for use in the DRIP at a price per share equal to 95.0% of the offering price in such subsequent public equity offering (the **Subsequent Offering DRIP Price**). The Company may also offer shares of Common Stock under the DRIP at a price per share equal to 95.0% of the most recent offering price (the **Post-Offering DRIP Price**) for the first 12 months subsequent to the close of the last public offering of Common Stock prior to the listing of Common Stock on a national securities exchange (a **Listing**). After that 12-month period, participants in the DRIP may acquire Common Stock under the DRIP at a price per share equal to 95.0% of the per share valuation determined by the Company's advisor or another firm chosen for that purpose until the Listing (the **Pre-Listing DRIP Price**). From and after the date of the Listing, participants in the DRIP may acquire Common Stock at a price per share equal to 100% of the average daily open and close price per share on the distribution payment date, as reported by the national securities exchange on which the Common Stock is traded (individually the **Listing DRIP Price** and collectively referred to herein with the Initial Offering DRIP Price, the Subsequent Offering DRIP Price, the Post-Offering DRIP Price and the Pre-Listing DRIP Price as the **DRIP Price**).

The DRIP

The DRIP provides you with a simple and convenient way to invest your cash distributions in additional shares of Common Stock. As a participant in the DRIP and during the Initial Offering, you may purchase shares at the Initial Offering DRIP Price until all of the Initial DRIP Shares have been purchased or until the Company elects to terminate the DRIP. If the Company elects to keep the DRIP in effect after the Initial Offering, you may purchase shares at the Subsequent Offering DRIP Price, the Post-Offering DRIP Price, the Pre-Listing DRIP Price or the Listing DRIP Price, as applicable.

You receive free custodial service for the shares you hold through the DRIP.

Shares for the DRIP will be purchased directly from the Company. Such shares will be authorized and may be either previously issued or unissued shares. Proceeds from the sale of Common Stock under the DRIP will be used to provide the Company with funds for its general corporate purposes.

Eligibility

Holders of record of Common Stock are eligible to participate in the DRIP only with respect to 100% of their shares. If your shares are held of record by a broker or nominee and you want to participate in the DRIP, you must make appropriate arrangements with your broker or nominee.

The Company may refuse participation in the DRIP to stockholders residing in states where shares offered pursuant to the DRIP are neither registered under applicable securities laws nor exempt from registration.

C-1

Table of Contents

Administration

As of the date of the Prospectus, the DRIP will be administered by the Company or an affiliate of the Company (the DRIP Administrator), but a different entity may act as DRIP Administrator in the future. The DRIP Administrator will keep all records of your DRIP account and send statements of your account to you. Shares of Common Stock purchased under the DRIP will be registered in the name of each participating stockholder.

Enrollment

You must own shares of Common Stock in order to participate in the DRIP. You may become a participant in the DRIP by completing and signing the enrollment form enclosed with the Prospectus and returning it to us at the time you subscribe for shares. If you receive a copy of the Prospectus or a separate prospectus relating solely to the DRIP and have not previously elected to participate in the DRIP, then you may so elect at any time by completing the enrollment form attached to such prospectus or by other appropriate written notice to the Company of your desire to participate in the DRIP.

Your participation in the DRIP will begin with the first distribution payment after your signed enrollment form is received, provided such form is received on or before 10 days prior to the record date established for that distribution. If your enrollment form is received after the record date for any distribution and before payment of that distribution, that distribution will be paid to you in cash and reinvestment of your distributions will not begin until the next distribution payment date.

Costs

Purchases under the DRIP will not be subject to selling commissions, marketing support fees or due diligence reimbursements. All costs of administration of the DRIP will be paid by the Company. However, any interest earned on distributions on shares within the DRIP will be paid to the Company to defray certain costs relating to the DRIP.

Purchases and Price of Shares

Investment Date. Common Stock distributions will be invested within 30 days after the date on which Common Stock distributions are paid (the Investment Date). Payment dates for Common Stock distributions will be ordinarily on or about the last day of each month but may be changed to quarterly in the sole discretion of the Company. Any distributions not so invested will be returned to participants in the DRIP.

You become an owner of shares purchased under the DRIP as of the Investment Date. Distributions paid on shares held in the DRIP (less any required withholding tax) will be credited to your DRIP account. Distributions will be paid on both full and fractional shares held in your account and are automatically reinvested.

Reinvested Distributions. The Company will use the aggregate amount of distributions to all DRIP participants for each distribution period to purchase shares for such participants. If the aggregate amount of distributions to all DRIP participants exceeds the amount required to purchase all shares then available for purchase, the Company will purchase all available shares and will return all remaining distributions to the DRIP participants within 30 days after the date such distributions are made. The Company will allocate the purchased shares among the DRIP participants based on the portion of the aggregate distributions received on behalf of each participant, as reflected on the Company's books.

You may elect distribution reinvestment only with respect to 100% of shares registered in your name on the records of the Company. Distributions on all shares purchased pursuant to the DRIP will be automatically reinvested. The

number of shares purchased for you as a participant in the DRIP will depend on the amount of your distributions on these shares (less any required withholding tax) and the applicable DRIP Price. Your account will be credited with the number of shares, including fractions computed to four decimal places, equal to the total amount invested divided by the applicable DRIP Price.

C-2

Table of Contents

Optional Cash Purchases. Unless and until determined otherwise by the Company, DRIP participants may not make additional cash payments for the purchase of Common Stock under the DRIP.

Distributions on Shares Held in the DRIP

Distributions paid on shares held in the DRIP (less any required withholding tax) will be credited to your DRIP account. Distributions will be paid on both full and fractional shares held in your account and will be automatically reinvested.

Account Statements

You will receive a statement of your account within 90 days after the end of the fiscal year. The statements will contain a report of all transactions with respect to your account since the last statement, including information with respect to the distributions reinvested during the year, the number of shares purchased during the year, the per share purchase price for such shares, the total administrative charge retained by the Company or DRIP Administrator on your behalf and the total number of shares purchased on your behalf pursuant to the DRIP. In addition, tax information with respect to income earned on shares under the DRIP for the year will be included in the account statements. These statements are your continuing record of the cost of your purchase and should be retained for income tax purposes.

Book-Entry Shares

The ownership of shares purchased under the DRIP will be noted in book-entry form. The number of shares purchased will be shown on your statement of account. This feature permits ownership of fractional shares, protects against loss, theft or destruction of stock certificates and reduces the costs of the DRIP.

Termination of Participation

You may discontinue reinvestment of distributions under the DRIP with respect to all, but not less than all, of your shares (including shares held for your account in the DRIP) at any time without penalty by notifying the DRIP Administrator in writing no less than 10 days prior to the next Investment Date. A notice of termination received by the DRIP Administrator after such cutoff date will not be effective until the next following Investment Date. Participants who terminate their participation in the DRIP may thereafter rejoin the DRIP by notifying the Company and completing all necessary forms and otherwise as required by the Company.

If you notify the DRIP Administrator of your termination of participation in the DRIP or if your participation in the DRIP is terminated by the Company, the stock ownership records will be updated to include the number of whole shares in your DRIP account. For any fractional shares of stock in your DRIP account, the DRIP Administrator may either (i) send you a check in payment for any fractional shares in your account, or (ii) credit your stock ownership account with any such fractional shares.

A participant who changes his or her address must promptly notify the DRIP Administrator. If a participant moves his or her residence to a state where shares offered pursuant to the DRIP are neither registered nor exempt from registration under applicable securities laws, the Company may deem the participant to have terminated participation in the DRIP.

The Company reserves the right to prohibit certain employee benefit plans from participating in the DRIP if such participation could cause the underlying assets of the Company to constitute plan assets of such plans.

Amendment and Termination of the DRIP

The Company's board of directors (the Board) may, in its sole discretion, terminate the DRIP or amend any aspect of the DRIP without the consent of DRIP participants or other stockholders, provided that written notice of any material amendment is sent to DRIP participants at least 10 days prior to the effective date thereof and provided that we may not amend the DRIP to terminate a participant's right to withdraw from the

C-3

Table of Contents

DRIP. You will be notified if the DRIP is terminated or materially amended. The Board also may terminate any participant's participation in the DRIP at any time by notice to such participant if continued participation will, in the opinion of the Board, jeopardize the status of the Company as a real estate investment trust under the Internal Revenue Code.

Voting of Shares Held Under the DRIP

You will be able to vote all shares of Common Stock (including fractional shares) credited to your account under the DRIP at the same time that you vote the shares registered in your name on the records of the Company.

Stock Dividends, Stock Splits and Rights Offerings

Your DRIP account will be amended to reflect the effect of any stock dividends, splits, reverse splits or other combinations or recapitalizations by the Company on shares held in the DRIP for you. If the Company issues to its stockholders rights to subscribe to additional shares, such rights will be issued to you based on your total share holdings, including shares held in your DRIP account.

Responsibility of the DRIP Administrator and the Company Under the DRIP

The DRIP Administrator will not be liable for any claim based on an act done in good faith or a good faith omission to act. This includes, without limitation, any claim of liability arising out of failure to terminate a participant's account upon a participant's death, the prices at which shares are purchased, the times when purchases are made, or fluctuations in the market price of Common Stock.

All notices from the DRIP Administrator to a participant will be mailed to the participant at his or her last address of record with the DRIP Administrator, which will satisfy the DRIP Administrator's duty to give notice. DRIP participants must promptly notify the DRIP Administrator of any change in address.

You should recognize that neither the Company nor the DRIP Administrator can provide any assurance of a profit or protection against loss on any shares purchased under the DRIP.

Interpretation and Regulation of the DRIP

The Company reserves the right, without notice to DRIP participants, to interpret and regulate the DRIP as it deems necessary or desirable in connection with its operation. Any such interpretation and regulation shall be conclusive.

Federal Income Tax Consequences of Participation in the DRIP

The following discussion summarizes the principal federal income tax consequences, under current law, of participation in the DRIP. It does not address all potentially relevant federal income tax matters, including consequences peculiar to persons subject to special provisions of federal income tax law (such as tax-exempt organizations, insurance companies, financial institutions, broker dealers and foreign persons). The discussion is based on various rulings of the IRS regarding several types of distribution reinvestment plans. No ruling, however, has been issued or requested regarding the DRIP. The following discussion is for your general information only, and you must consult your own tax advisor to determine the particular tax consequences (including the effects of any changes in law) that may result from your participation in the DRIP and the disposition of any shares purchased pursuant to the DRIP.

Reinvested Distributions. Stockholders subject to federal income taxation who elect to participate in the DRIP will incur a tax liability for distributions allocated to them even though they have elected not to receive their distributions in cash but rather to have their distributions reinvested pursuant to the DRIP. Specifically, DRIP participants will be treated as if they received the distribution from the Company and then applied such distribution to purchase the shares in the DRIP. To the extent that a stockholder purchases shares through the DRIP at a discount to fair market value, the stockholders will be treated for tax purposes as receiving an additional distribution equal to the amount of such discount. A stockholder designating a distribution for reinvestment will be

C-4

Table of Contents

taxed on the amount of such distribution as ordinary income to the extent such distribution is from current or accumulated earnings and profits, unless the Company has designated all or a portion of the distribution as a capital gain dividend. In such case, such designated portion of the distribution will be taxed as a capital gain. To the extent that the Company makes a distribution in excess of the Company's current or accumulated earnings and profits, the distribution will be treated first as a tax-free return of capital, reducing the tax basis in your common stock, and then the distribution in excess of such basis will be taxable as a gain realized from the sale of your common stock.

Receipt of Share Certificates and Cash. You will not realize any income if you receive certificates for whole shares credited to your account under the DRIP. Any cash received for a fractional share held in your account will be treated as an amount realized on the sale of the fractional share. You therefore will recognize gain or loss equal to any difference between the amount of cash received for a fractional share and your tax basis in the fractional share.

Withholding. In the case of participating stockholders whose distributions are subject to withholding of federal income tax, distributions will be reinvested less the amount of tax required to be withheld.

GRUBB & ELLIS HEALTHCARE REIT, INC.

SHARE REPURCHASE PLAN

The Board of Directors (the *Board*) of Grubb & Ellis Healthcare REIT, Inc., a Maryland corporation (the *Company*), has adopted a share repurchase plan (the *Repurchase Plan*) by which shares of the *Company*'s common stock, par value \$0.01 per share (*Shares*), may be repurchased by the *Company* from stockholders subject to certain conditions and limitations. The purpose of this *Repurchase Plan* is to provide limited interim liquidity for stockholders (under the conditions and limitations set forth below) until a liquidity event occurs. No stockholder is required to participate in the *Repurchase Plan*.

1. *Repurchase of Shares.* The *Company* may, at its sole discretion, repurchase *Shares* presented to the *Company* for cash to the extent it has sufficient proceeds to do so and subject to the conditions and limitations set forth herein. Any and all *Shares* repurchased by the *Company* shall be canceled, and will have the status of authorized but unissued *Shares*. *Shares* acquired by the *Company* through the *Repurchase Plan* will not be reissued unless they are first registered with the Securities and Exchange Commission under the Securities Act of 1933, as amended, and other appropriate state securities laws or otherwise issued in compliance with such laws.

2. *Share Redemptions.*

Repurchase Price. Unless the *Shares* are being repurchased in connection with a stockholder's death or qualifying disability (as discussed below), the prices per *Share* at which the *Company* will repurchase *Shares* will be as follows:

- (1) For stockholders who have continuously held their *Shares* for at least one year, the lower of \$9.25 or 92.5% of the price paid to acquire *Shares* from the *Company*;
- (2) For stockholders who have continuously held their *Shares* for at least two years, the lower of \$9.50 or 95.0% of the price paid to acquire *Shares* from the *Company*;
- (3) For stockholders who have continuously held their *Shares* for at least three years, the lower of \$9.75 or 97.5% of the price paid to acquire *Shares* from the *Company*; and
- (4) For stockholders who have continuously held their *Shares* for at least four years, a price determined by our board of directors, but in no event less than 100% of the price paid to acquire *Shares* from the *Company*.

Death or Disability. If *Shares* are to be repurchased in connection with a stockholder's death or qualifying disability as provided in Section 4, the repurchase price shall be: (1) for stockholders who have continuously held their *Shares* for less than four years, 100% of the price paid to acquire the *Shares* from the *Company*; or (2) for stockholders who have continuously held their *Shares* for at least four years, a price determined by the Board, but in no event less than 100% of the price paid to acquire the *Shares* from the *Company*. In addition, the *Company* will waive the one-year holding period, as described in Section 4, for *Shares* to be repurchased in connection with a stockholder's death or qualifying disability. Appropriate legal documentation will be required for repurchase requests upon death or qualifying disability.

3. *Funding and Operation of Repurchase Plan.* The Company may make purchases under the Repurchase Plan quarterly, at its sole discretion, on a pro rata basis. Subject to funds being available, the Company will limit the number of Shares repurchased during any calendar year to five percent (5.0%) of the weighted average number of Shares outstanding during the prior calendar year. Funding for the Repurchase Plan will come exclusively from proceeds received from the sale of Shares under the Company's Distribution Reinvestment Plan.

D-1

Table of Contents

4. *Stockholder Requirements.* Any stockholder may request a repurchase with respect to all or a designated portion of this Shares, subject to the following conditions and limitations:

Holding Period. Only Shares that have been held by the presenting stockholder for at least one (1) year are eligible for repurchase by the Company, except as follows. Subject to the conditions and limitations below, the Company will redeem Shares held for less than the one-year holding period upon the death of a stockholder who is a natural person, including Shares held by such stockholder through a revocable grantor trust, or an IRA or other retirement or profit-sharing plan, after receiving written notice from the estate of the stockholder, the recipient of the Shares through bequest or inheritance, or, in the case of a revocable grantor trust, the trustee of such trust, who shall have the sole ability to request redemption on behalf of the trust. The Company must receive the written notice within 180 days after the death of the stockholder. If spouses are joint registered holders of Shares, the request to redeem the shares may be made if either of the registered holders dies. This waiver of the one-year holding period will not apply to a stockholder that is not a natural person, such as a trust other than a revocable grantor trust, partnership, corporation or other similar entity.

Furthermore, and subject to the conditions and limitations described below, the Board will redeem Shares held for less than the one-year holding period by a stockholder who is a natural person, including Shares held by such stockholder through a revocable grantor trust, or an IRA or other retirement or profit-sharing plan, with a qualifying disability, as determined by the Board, after receiving written notice from such stockholder. The Company must receive the written notice within 180 days after such stockholder's qualifying disability. This waiver of the one-year holding period will not apply to a stockholder that is not a natural person, such as a trust other than a revocable grantor trust, partnership, corporation or other similar entity.

Minimum Maximum. A stockholder must present for repurchase a minimum of 25%, and a maximum of 100%, of the Shares owned by the stockholder on the date of presentment. Fractional shares may not be presented for repurchase unless the stockholder is presenting 100% of his Shares.

No Encumbrances. All Shares presented for repurchase must be owned by the stockholder(s) making the presentment, or the party presenting the Shares must be authorized to do so by the owner(s) of the Shares. Such Shares must be fully transferable and not subject to any liens or other encumbrances.

Share Repurchase Form. The presentment of Shares must be accompanied by a completed Share Repurchase Request form, a copy of which is attached hereto as *Exhibit A*. All Share certificates must be properly endorsed.

Deadline for Presentment. All Shares presented and all completed Share Repurchase Request forms must be received by the Repurchase Agent (as defined below) on or before the last day of the second month of each calendar quarter in order to have such Shares eligible for repurchase for that quarter. The Company will repurchase Shares on or about the first day following the end of each calendar quarter.

Repurchase Request Withdrawal. A stockholder may withdraw his or her repurchase request upon written notice to the Company at any time prior to the date of repurchase.

Ineffective Withdrawal. In the event the Company receives a written notice of withdrawal from a stockholder after the Company has repurchased all or a portion of such stockholder's Shares, the notice of withdrawal shall be ineffective with respect to the Shares already repurchased, but shall be effective with respect to any of such stockholder's Shares that have not been repurchased. The Company shall provide any such stockholder with prompt written notice of the ineffectiveness or partial ineffectiveness of such stockholder's written notice of withdrawal.

Repurchase Agent. All repurchases will be effected on behalf of the Company by a registered broker dealer (the Repurchase Agent), who shall contract with the Company for such services. All recordkeeping and administrative functions required to be performed in connection with the Repurchase Plan will be performed by the Repurchase Agent.

D-2

Table of Contents

Termination, Amendment or Suspension of Plan. The Repurchase Plan will terminate and the Company will not accept Shares for repurchase in the event the Shares are listed on any national securities exchange, the subject of bona fide quotes on any inter-dealer quotation system or electronic communications network or are the subject of bona fide quotes in the pink sheets. Additionally, the Board, in its sole discretion, may terminate, amend or suspend the Repurchase Plan if it determines to do so is in the best interest of the Company. A determination by the Board to terminate, amend or suspend the Repurchase Plan will require the affirmative vote of a majority of the directors, including a majority of the independent directors. If the Company terminates, amends or suspends the Repurchase Plan, the Company will provide stockholders with thirty (30) days advance written notice and the Company will disclose the changes in the appropriate current or periodic report filed with the Securities and Exchange Commission.

5. Miscellaneous.

Advisor Ineligible. The Advisor to the Company, Grubb & Ellis Healthcare REIT Advisor, LLC, shall not be permitted to participate in the Repurchase Plan.

Liability. Neither the Company nor the Repurchase Agent shall have any liability to any stockholder for the value of the stockholder's Shares, the repurchase price of the stockholder's Shares, or for any damages resulting from the stockholder's presentation of his or her Shares, the repurchase of the Shares under this Repurchase Plan or from the Company's determination not to repurchase Shares under the Repurchase Plan, except as a result from the Company's or the Repurchase Agent's gross negligence, recklessness or violation of applicable law; provided, however, that nothing contained herein shall constitute a waiver or limitation of any rights or claims a stockholder may have under federal or state securities laws.

Taxes. Stockholders shall have complete responsibility for payment of all taxes, assessments, and other applicable obligations resulting from the Company's repurchase of Shares.

Preferential Treatment of Shares Repurchased in Connection with Death or Disability. If there are insufficient funds to honor all repurchase requests, preference will be given to shares to be repurchased in connection with a death or qualifying disability.

Update Regarding Our Transition to Self-Management

As described in our prospectus, we have undertaken steps to transition from an externally managed REIT to a self-managed REIT. On November 14, 2008, we entered into an amended and restated advisory agreement, or the amended advisory agreement, with Grubb & Ellis Healthcare REIT Holdings, L.P., or our operating partnership, Grubb & Ellis Healthcare REIT Advisor, LLC, or our advisor, and Grubb & Ellis Realty Investors, LLC, or Grubb & Ellis Realty Investors, the managing member of our advisor, as well as related agreements. The amended advisory agreement became effective on October 24, 2008 and expires on September 20, 2009, unless sooner terminated. Our transition to self-management is expected to be completed on or before September 20, 2009. Accordingly, we do not currently intend to renew the amended advisory agreement or engage a successor advisor.

The following discussion provides further information regarding our transition to self-management, including the reasons for our transition, certain changes to our personnel, an organizational chart that shows our structure upon the completion of our transition to self-management, information regarding our entry into a services agreement and information regarding a proposed incentive program for our management and directors.

Update to the Questions and Answers About this Offering Section of the Prospectus

The Questions and Answers About this Offering section beginning on page 1 of the prospectus is hereby supplemented by the following additional questions and answers:

Q: What does self-management mean?

A: Self-management is a corporate model based on internal management rather than external management. In general, non-traded REITs are externally managed. With external management, a REIT is dependent upon an external advisor. An externally-managed REIT typically pays significant acquisition fees, asset management fees, property management fees and other fees to its advisor.

In contrast, under our self-management program, we are managed internally by our management team led by Scott D. Peters, our Chief Executive Officer, President and Chairman of the Board of Directors, as well as our experienced board of directors. With a self-managed REIT, fees to third parties are expected to be substantially reduced and performance-driven.

Q: Why did you decide to become self-managed?

A: We decided to become self-managed for several reasons:

Management Team. We believe that our management team, led by Mr. Peters, has the experience and expertise to efficiently and effectively operate our company. In addition, we have hired Kellie S. Pruitt, our Chief Accounting Officer, Kelly Hogan, our Contoller, and other personnel. We have also engaged Mark Engstrom as an independent consultant to serve as our acquisition and asset manager and we expect to hire Mr. Engstrom as a full-time employee in the future. We intend to continue to hire additional employees and engage independent consultants to expand our self-management infrastructure, assist in our transition to a self-managed company and fulfill other responsibilities, including acquisitions, accounting, asset management, strategic investing and corporate and securities compliance. Mr. Peters is leading our transition to a self-management structure. Our internal management team will manage our day-to-day operations and oversee and supervise our employees and third party service providers, who will be retained on an as-needed basis. All key personnel will report directly to Mr. Peters.

Governance. An integral part of our self-management program is our experienced board of directors. Our board of directors provides effective ongoing governance for our company and spends a substantial amount of time overseeing our transition to self-management. Our governance and management framework is one of our key strengths.

Significantly Reduced Cost. From inception through December 31, 2008, we incurred to our advisor and its affiliates approximately \$28,479,000 in acquisition fees; approximately \$7,767,000 in asset

Table of Contents

management fees; approximately \$2,963,000 in property management fees; and approximately \$1,513,000 in leasing fees. We expect third party property management expenses and third party acquisition expenses, including legal fees, due diligence fees and closing costs, to remain approximately the same as under external management. We believe however, that the total cost of the self-management program will be substantially less than the cost of external management. While our board of directors, including a majority of our independent directors, previously determined that the fees to our advisor were fair, competitive and commercially reasonable to us and on terms and conditions not less favorable to us than those available from unaffiliated third parties, we now believe that by having our own employees and independent consultants manage our operations and retain third party providers, we will significantly reduce our cost structure.

No Internalization Fees. Unlike many other non-listed REITs that internalize or pay to acquire various management functions and personnel, such as advisory and asset management services, from their sponsor or advisor prior to listing on a national securities exchange for substantial fees, we will not be required to pay such fees under our self-management program. We believe that by not paying such fees, as well as operating more cost-effectively under our self-management program, we will save a substantial amount of money. To the extent that our management and board of directors determine that utilizing third party service providers for certain services is more cost-effective than conducting such services internally, we will pay for these services based on negotiated terms and conditions consistent with the current marketplace for such services on an as-needed basis.

Funding of Self-Management. We believe that the cost of the self-management program will be substantially less than the cost of external management. Therefore, although we are incurring additional costs now related to our transition to self-management, we expect the cost of the self-management program to be effectively funded by future cost savings. Pursuant to the amended advisory agreement, we have already reduced acquisition fees and asset management fees payable to our advisor, which we believe will result in substantial cost savings. In addition, we anticipate that we will achieve further cost savings in the future as a result of reduced and/or eliminated acquisition fees, asset management fees, internalization fees and other outside fees.

Dedicated Management and Increased Accountability. Under our self-management program, our officers and employees will only work for our company and will not be associated with any outside advisor or other third party service providers. Our management team, led by Mr. Peters, has direct oversight of employees, independent consultants and third party service providers on an ongoing basis. We believe that these direct reporting relationships, along with our performance-based compensation programs and ongoing oversight by our management team, create an environment for and will achieve increased accountability and efficiency.

Conflicts of Interest. We believe that self-management works to remove inherent conflicts of interest that necessarily exist between an externally advised REIT and its advisor. The elimination or reduction of these inherent conflicts of interest is one of the major reasons that we elected to proceed with the self-management program.

Q: When did you begin the transition to self-management?

A: On November 14, 2008, we entered into the amended advisory agreement with our operating partnership, our advisor and Grubb & Ellis Realty Investors, as well as related agreements. The amended advisory agreement became effective as of October 24, 2008 and expires on September 20, 2009, unless sooner terminated pursuant to its terms. We intend to complete our transition to self-management on or before September 20, 2009.

Our main objectives in amending the advisory agreement were to reduce our acquisition and asset management fees and to eliminate the need for internalization by setting the framework for the transition to self-management. We began the transition to self-management immediately after the effective date of the amended advisory

agreement. Under the amended advisory agreement, our advisor agreed to use reasonable efforts to cooperate with us as we pursue and implement a self-management program. Upon or

Table of Contents

prior to completion of our transition to self-management and/or the termination of the amended advisory agreement, we will no longer be advised by our advisor or consider our company to be sponsored by Grubb & Ellis Company, or Grubb & Ellis.

Q: Were you self-managed upon the commencement of this offering?

A: No. At the commencement of this offering we had minimal assets and operations and we did not believe that it was efficient at that time to engage our own internal management team. We contracted with our advisor to perform certain advisory services for us as our external advisor. As of March 26, 2009, we had acquired 43 geographically diverse properties and other real estate related assets for a total purchase price of approximately \$1,000,520,000. As a result of our growth and success, our board of directors believes that we now have the critical mass required to support a self-management program and have accordingly commenced our transition to self-management. We amended and restated the advisory agreement with our advisor on November 14, 2008 and after the effective date, October 24, 2008, we immediately began the transition to self-management.

Q: Do you expect to engage any outside service providers?

A: Yes, we expect to enter into one or more services agreements with third party service providers. Under these agreements, our third party service providers may provide us with various services on an as-needed basis, subject to market rates and performance standards. These services may include, without limitation, consulting, property management, property accounting and acquisition services. Under the self-management program, we intend to customize our agreements with third party service providers to ensure that we retain effective oversight, input and control over all major decisions. All such third party services will be closely monitored on an on-going basis by our management team.

Q: What is the role of American Realty Capital II, LLC ?

A: We have established a strategic relationship with American Realty Capital II, LLC, or ARC II. Pursuant to the terms of the services agreement with ARC II, or the services agreement, ARC II will provide consulting services to us in connection with our self-management program. These services are not currently provided by our advisor pursuant to our advisory agreement. In addition, ARC II will make available to us on an ongoing and as needed basis, backup support services, including, without limitation, acquisitions, dispositions, property management, leasing and asset accounting services. Unless we determine otherwise as part of our self-management program, we do not currently plan to consider the use of, or plan to contract for, the backup support services prior to the termination or expiration of the advisory agreement. As part of our self-management plan, we intend to perform most if not all of such services in-house. The services agreement provides us with the ongoing availability of the backup support services. Under the services agreement, we are not obligated to use ARC II for any of the backup support services, nor are we limited in using any other service provider. ARC II may be entitled to receive a 1.5% subordinated incentive payment as consideration for providing consulting services and for making available backup support services to us. ARC II will receive additional compensation for specific support services as ARC II is requested to provide such services. See [Entry Into Services Agreement](#) below.

Q: Will you change the name of your company?

A: Yes. Prior to or upon the completion of our transition to self-management, we will change our name to Healthcare Trust of America, Inc. We believe this new name is consistent with our company being an independent, self-managed entity and will uniquely identify our company in the marketplace.

Q: Will you have a new principal executive office?

A: Yes. In connection with our transition to self-management, we have established a new corporate office which houses our Chief Executive Officer, our Chief Accounting Officer, and other management and support personnel. The address of our new office is The Promenade, Suite 440, 16427 North Scottsdale, Scottsdale, AZ 85254 and our telephone number at that address is (480) 998-3478. We anticipate that prior to or upon the completion of our transition to self-management, our new office will serve as our principal executive office.

Q: What are your investment objectives?

A: Our investment objectives are:

to acquire quality properties that generate sustainable growth in cash flow from operations to pay regular cash distributions;

to preserve, protect and return your capital contribution;

to realize growth in the value of our investments upon our ultimate sale of such investments; and

to be prudent, patient and deliberate, taking into account current real estate markets.

Each property we acquire is carefully and diligently reviewed and analyzed to make sure it is consistent with our short and long-term investment objectives. Our goal is to at all times maintain a strong balance sheet and always have sufficient funds to deal with short and long-term operating needs. Macro-economic disruptions have broadly impacted the economy and have caused an imbalance between buyers and sellers of real estate assets, including medical office buildings and other healthcare-related real estate assets. We anticipated that these tough economic conditions would create opportunities for our company to acquire such assets at higher capitalization rates, as the real estate market adjusted downward. In the fourth quarter of 2008 and first quarter of 2009, we opted not to proceed with certain acquisitions which we determined merited re-pricing. We renegotiated other deals to lower pricing points. As of March 31, 2009, we had cash on hand of over \$250,000,000, which we intend to use to acquire assets that are priced at levels consistent with today's economy. We believe that during this turbulent economic cycle, our cash on hand will provide our company with opportunities to acquire medical office buildings and other healthcare-related real estate assets at favorable pricing.

Personnel Updates

On March 13, 2009, Shannon K S Johnson resigned from her position as our Chief Financial Officer. Ms. Johnson will continue to provide non-exclusive services to us in her role as a Financial Reporting Manager of Grubb & Ellis Realty Investors. Under our amended advisory agreement, our advisor currently serves as our financial advisor. In that capacity, our advisor, through its officers and the officers and employees of its affiliates, maintains our books and records, assists with the implementation of our financial policies and is responsible for preparing our financial reports to be filed with the Securities and Exchange Commission, or the SEC, among its other responsibilities.

On March 17, 2009, our board of directors appointed Kellie S. Pruitt, our Chief Accounting Officer and principal accounting officer, to also serve as our principal financial officer. We have also hired a Controller, Kelly Hogan, and other accounting personnel. In addition, we have engaged Mark Engstrom as an independent consultant to serve as our acquisition and asset manager. We expect to hire Mr. Engstrom as a full-time employee in the future. Our self-management program contemplates and provides for the replacement of our executive officers who are also officers or employees of our advisor and its affiliates.

Table of Contents

Below is the biographical information for our new employees and independent consultant:

Kellie S. Pruitt has served as our Chief Accounting Officer and principal accounting officer since January 2009 and our principal financial officer since March 2009. She also served as our Controller for a portion of January 2009. From September 2007 to December 2008, Ms. Pruitt served as the Vice President, Financial Reporting and Compliance, for Fender Musical Instruments Corporation. Prior to joining Fender Musical Instruments Corporation in 2007, Ms. Pruitt served as a Senior Manager at Deloitte & Touche LLP, from 1995 to 2007, serving both public and privately held companies primarily concentrated in the real estate and consumer business industries. She graduated from the University of Texas with a B.A. degree in Accounting and is a member of the AICPA. Ms. Pruitt is a Certified Public Accountant licensed in Arizona and Texas.

Kelly Hogan has served as our Controller since February 2009. From 2002 to 2008, she served as an Audit Manager at Deloitte & Touche LLP, in both their Phoenix and Minneapolis offices, where she performed financial statement audits of both public and privately held companies and spent three of those years as an Audit Manager of a publicly registered REIT. Prior to joining Deloitte & Touche LLP in 2002, Ms. Hogan served as an Accountant at Arthur Andersen from 2000 to 2002. She graduated *cum laude* from the University of St. Thomas in St. Paul, Minnesota with a B.A. degree in Accounting. Ms. Hogan is a Certified Public Accountant licensed in Arizona and Minnesota.

Mark Engstrom has served as our independent consultant since February 2009. Mr. Engstrom provides acquisition and asset management support. We expect to hire Mr. Engstrom as a full-time employee in the future. Mr. Engstrom has 22 years of experience in organizational leadership, acquisitions, management, asset management, project management, leasing, planning, facilities development, financing, and establishing industry leading real estate and facilities groups. From 2006 through 2009, Mr. Engstrom was the Chief Executive Officer of Insite Medical Properties, a real estate services and investment company. From 2001 through 2005, Mr. Engstrom served as a Manager of Real Estate Services for Hammes Company and created a new business unit within the company which was responsible for providing asset and property management. Mr. Engstrom graduated in 1983 from Michigan State University with a Bachelor of Arts degree in Pre-Law and Public Administration. In 1987 he graduated with a Masters Degree in Hospital and Healthcare Administration from the University of Minnesota.

Organizational Structure

The chart included on page 9 of the prospectus shows our current organizational structure. The following chart shows our structure upon the completion of our transition to self-management:

- (1) Grubb & Ellis Healthcare REIT Advisor, LLC owns less than a 0.01% interest in our company and in our operating partnership.

Entry Into Services Agreement

On April 3, 2009, we entered into the services agreement with ARC II. Pursuant to the terms of the services agreement, ARC II will provide consulting services to us in connection with our self-management program. These services are not currently provided by our advisor, pursuant to our amended advisory agreement. As provided by our amended advisory agreement, as we proceed with our self-management program, the duties and authorities of our advisor are subject to adjustment as determined by us from time to time.

In addition, ARC II will make available to us on an ongoing and as needed basis, backup support services, including, without limitation, acquisition, disposition, property management, leasing and asset accounting services. Unless we determine otherwise as part of our self-management program, we do not currently plan to consider the use of, or plan to contract for, the backup support services prior to the termination or expiration of the amended advisory agreement, which expires on September 20, 2009.

As part of our self-management plan, we intend to perform most if not all of such services in-house. The services agreement provides us with the ongoing availability of the backup support services. Under the services agreement, we are not obligated to use ARC II for any of the backup support services, nor are we limited in using any other service provider. Our strategic plan is to review each specific support service on an ongoing basis, and to determine whether such support service should be performed internally by us or by a third party service provider on negotiated terms and subject to our ongoing supervision. If we determine to utilize a third party service provider to perform a backup support service, we will consider ARC II, as well as other service providers.

Table of Contents

Subject to certain stockholder return thresholds being met, ARC II may be entitled to receive a subordinated incentive payment as consideration for providing the consulting services and for making available the backup support services to us. In the event of a liquidation or sale of our assets, ARC II will be entitled to receive up to 1.5% of net sales proceeds from the sale of properties acquired with the proceeds of the follow-on offering contemplated by the registration statement on Form S-11 that we filed with the SEC on April 6, 2009, or the follow-on offering, remaining after we have made distributions to our stockholders of the total amount raised from stockholders in the follow-on offering (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an amount equal to an annual 8.0% cumulative, non-compounded return on average invested capital received in the follow-on offering, subject and subordinate to our having made distributions to our stockholders of the total amount raised from stockholders (including in this offering and the follow-on offering) (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an amount equal to an annual 8.0% cumulative, non-compounded return on average invested capital.

In addition, if we list our shares of common stock on a national securities exchange, ARC II will be entitled to receive up to 1.5% of the amount by which (1) the fair market value of the assets acquired with the proceeds from the follow-on offering, less any indebtedness secured by such assets plus distributions paid prior to listing exceeds (2) the sum of the total amount of capital raised from our stockholders in the follow-on offering (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an amount of cash that, if distributed to stockholders as of the date of listing, would have provided them an annual 8.0% cumulative, non-compounded return on average invested capital received in the follow-on offering, subject and subordinate to (1) the fair market value of all of our assets, less any indebtedness secured by such assets plus distributions paid prior to listing exceeding (2) the sum of the total amount of capital raised from our stockholders (including in this offering and the follow-on offering) (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an amount of cash that, if distributed to stockholders as of the date of listing, would have provided them an annual 8.0% cumulative, non-compounded return on average invested capital.

ARC II will not be entitled to receive any subordinated incentive payments with respect to the sale of assets acquired with the proceeds of this offering or related to the appreciation in value of assets acquired with the proceeds of this offering. Any subordinated incentive payments to ARC II will be paid on a *pari passu* basis with any subordinated distributions made pursuant to the incentive program described below under Proposed Incentive Program.

Under the services agreement with ARC II, ARC II will also receive additional compensation for backup support services if ARC II is requested by us to provide such services. ARC II has agreed to provide the following services for the fees set forth below:

property management services for a fee of 2.73% of gross income of the property;

acquisition services for a fee of 0.45% of the contract purchase price if the acquisition is not sourced by ARC II, or 1.125% of the contract purchase price if the acquisition is sourced by ARC II;

property disposition services for a fee of 1.0% of the contract sales price, but not to exceed 50% of a competitive real estate commission; and

asset accounting services for a fee of 0.22% of average invested assets.

During the term of the services agreement, ARC II has agreed not to provide consulting services or any backup support services described in the services agreement to any other real estate investment trust, tenancy-in-common program, fund, or other real estate company primarily engaged in acquiring, leasing, operating or managing medical

office buildings or healthcare related facilities of the type that we acquire or intend to acquire. In addition, ARC II has agreed to provide us with a right of first opportunity to acquire certain medical office buildings or healthcare-related facilities identified by ARC II or one of its affiliates for potential investment.

The services agreement has a three-year term. We and ARC II each have the ability to terminate the services agreement without Cause or Good Reason at any time after the one year anniversary of the effective date of the agreement upon providing 90 days written notice, which notice cannot be given until the one year anniversary of the effective date. Further, we have the right to terminate for Cause (as defined in

Table of Contents

the services agreement), and ARC II has the right to terminate for Good Reason (as defined in the services agreement), at any time, subject to applicable cure periods. We also have certain other termination rights, including the right to terminate if neither William Kahane nor Nicholas Schorsch is available to provide ongoing non-exclusive services to us in accordance with the services agreement. We and ARC II have also each agreed to indemnify the other for losses incurred in certain circumstances.

Proposed Incentive Program

We anticipate that we will adopt an incentive program for certain members of our management team and directors, or the management incentive program. The purpose of the management incentive program is to establish a performance-based economic incentive program for key persons in our organization. This type of program is consistent with our company's philosophy to establish performance-based compensation. Pursuant to the management incentive program, it is currently anticipated that certain members of our management team and board of directors will be members of a limited liability company that will hold a subordinated participation interest that will be entitled to subordinated distributions upon certain liquidity events. However, the terms of the management incentive program are subject to change and have not been finally determined or approved by our board of directors.

Pursuant to the management incentive program, certain members of our management team and directors may receive subordinated distributions if certain stockholder return thresholds have been met. In the event of a liquidation or sale of assets, they will be entitled to receive up to 8.0% of net sales proceeds from the sale of properties acquired with the proceeds of the follow-on offering remaining after we have made distributions to our stockholders of the total amount raised from stockholders in the follow-on offering (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an amount equal to an annual 8.0% cumulative, non-compounded return on average invested capital received in the follow-on offering, subject and subordinate to our having made distributions to our stockholders of the total amount raised from stockholders (including in this offering and the follow-on offering) (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an amount equal to an annual 8.0% cumulative, non-compounded return on average invested capital.

In addition, if we list our shares of common stock on a national securities exchange, certain members of our management team and directors will be entitled to receive up to 8.0% of the amount by which (1) the fair market value of the assets acquired with the proceeds from the follow-on offering, less any indebtedness secured by such assets plus distributions paid prior to listing exceeds (2) the sum of the total amount of capital raised from our stockholders in the follow-on offering (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an amount of cash that, if distributed to stockholders as of the date of listing, would have provided them an annual 8.0% cumulative, non-compounded return on average invested capital received in the follow-on offering, subject and subordinate to (1) the fair market value of all of our assets, less any indebtedness secured by such assets plus distributions paid prior to listing exceeding (2) the sum of the total amount of capital raised from our stockholders (including in this offering and the follow-on offering) (less amounts paid to repurchase shares pursuant to our share repurchase plan) plus an amount of cash that, if distributed to stockholders as of the date of listing, would have provided them an annual 8.0% cumulative, non-compounded return on average invested capital.

Pursuant to the management incentive program, our management team and directors will not be entitled to receive any subordinated distributions with respect to the sale of assets acquired with the proceeds of this offering or related to the appreciation in value of assets acquired with the proceeds of this offering. Any subordinated distributions made pursuant to the management incentive program will be paid on a *pari passu* basis with any subordinated incentive payments to ARC II described above under Entry into Services Agreement.

The terms of the above-described incentive program are subject to change and have not been finally determined or approved by our board of directors.

Update to Risk Factors

The Risk Factors section of the prospectus is hereby supplemented by the following additional section entitled Risks Related to Our Transition to Self-Management and the following risk factors:

Risks Related to Our Transition to Self-Management

As we transition to self-management, our success is increasingly dependent on the performance of our board of directors and our Chief Executive Officer, President and Chairman of the Board of Directors.

As we transition to self-management, our ability to achieve our investment objectives and to pay distributions is increasingly dependent upon the performance of our board of directors, Scott D. Peters, our Chief Executive Officer, President and Chairman of the Board of Directors, and our employees, in the identification and acquisition of investments, the determination of any financing arrangements, the asset management of our investments and operation of our day-to-day activities. You will have no opportunity to evaluate the terms of transactions or other economic or financial data concerning our investments that are not described in this prospectus or other periodic filings with the SEC. We rely primarily on the management ability of our Chief Executive Officer and the governance of our board of directors. We do not have any key man life insurance on Mr. Peters. We have entered into an employment agreement for a term beginning November 1, 2008 to November 1, 2010 with Mr. Peters, but the employment agreement contains various termination rights. If we were to lose the benefit of his experience, efforts and abilities, our operating results could suffer. In addition, if any member of our board of directors were to resign, we would lose the benefit of such director's governance and experience. As a result of the foregoing, we may be unable to achieve our investment objectives or to pay distributions to our stockholders.

We are transitioning to be a self-managed company and we may not be successful in hiring additional employees and/or third party service providers, which could impact our ability to achieve our investment objectives.

We currently have a full-time Chief Executive Officer and President, Scott D. Peters, a Chief Accounting Officer, Kellie S. Pruitt, a Controller, Kelly Hogan, and other personnel. We have also engaged Mark Engstrom as an independent consultant to serve as our acquisition and asset manager, and we expect to hire Mr. Engstrom as our full-time employee in the future. We intend to engage additional employees and independent consultants. We may also outsource certain services, including property management, to third parties. As we continue to implement our self-management program, we will rely less on our advisor and will increasingly rely on our board of directors, Mr. Peters and our other employees and consultants to manage our investments and operate our day-to-day activities. If we are unsuccessful in hiring additional employees or engaging consultants and other third parties to provide services to us, or if our employees and consultants and the additional employees that we hire or consultants and third parties we engage do not perform at the level we expect, our ability to achieve our investment objectives and pay distributions to you could suffer.

After the termination or expiration of the amended advisory agreement and upon the completion of our transition to a self-management program, we will not be able to rely on our advisor to manage our operations, which could adversely impact our ability to achieve our investment objectives and pay distributions to our stockholders.

As we transition to a self-management program, when our amended advisory agreement expires or is terminated, we do not intend to renew such agreement with our advisor or engage a successor advisor; provided the parties may mutually agree to specified service arrangements. As we continue to implement our self-management program, our advisor will have a more limited role in managing our business and operations. After the termination or expiration of the amended advisory agreement, we will not be able to rely on our advisor to provide services to us, including asset

management services, property management services and investor relations services. In addition, the amended advisory agreement provides that after termination or expiration, upon the request of our advisor, we cannot use the name Grubb & Ellis. Prior to or upon the completion of our transition to self-management, we intend to change our name to Healthcare Trust of America, Inc. We will rely on our board of directors, Mr. Peters and our management team, as well as third

party service providers, to identify and acquire future investments for us, determine any financing arrangements, manage our investments and operate our day-to-day activities. If we are not successful in hiring additional employees, engaging independent consultants or finding third parties to manage our operations, our ability to achieve our investment objectives and pay distributions to you could suffer.

In connection with our transition to self-management, we may be required to provide notice or obtain the consent of certain of our lenders, and our failure to obtain any required consents could result in a default under our loan documents.

We may be required to provide notice to, and/or obtain consent from, certain of our lenders in connection with our transition to self-management. To the extent that we are required to obtain the consent of a lender and such lender does not provide consent, then in the event that we are otherwise unable to amend, refinance or pay off the applicable loan, we may be in default under the loan documents. Such default would afford the applicable lender the right to exercise the remedies available to it under the loan documents, including the right to accelerate the repayment of the loan. To the extent that any of our loan repayments are accelerated, we may have difficulty, particularly given the current status of the credit markets, obtaining replacement financing, or alternatively, the replacement financing we may obtain may not be on terms as advantageous as the terms of our current financing arrangements. In addition, any acceleration of any of our debt without replacement financing may leave us with insufficient cash to pay the distributions that we are required to pay to maintain our qualification as a REIT and could have a significant, negative impact on your investment.

The Risk Factors section of the prospectus entitled Investment Risks is hereby supplemented by the following additional risk factors:

As of March 31, 2009, we have acquired 44 geographically diverse properties and other real estate related assets and have identified a limited number of additional properties to acquire with the net proceeds we will receive from the future equity raise, and stockholders are therefore unable to evaluate the economic merits of most of our future investments prior to purchasing shares of our common stock.

As of March 31, 2009, we have acquired 44 geographically diverse properties and other real estate related assets with the net proceeds from this offering. As of March 31, 2009, we have identified a limited number of additional potential properties to acquire with the net proceeds we will receive from this offering. Other than these 44 geographically diverse properties and other real estate related assets, our stockholders are unable to evaluate the manner in which the net proceeds are invested and the economic merits of our future investments prior to purchasing shares of our common stock. Additionally, our stockholders do not have the opportunity to evaluate the transaction terms or other financial or operational data concerning other investment properties or other real estate related assets.

Upon investment in shares of our common stock, you will experience an immediate dilution of \$1.00 per share.

The offering price for shares of our common stock is \$10.00 per share. After the payment of selling commissions, the marketing support fees and due diligence reimbursements, we receive \$9.00 per share. As a result of these expenses, you will experience immediate dilution of \$1.00 in book value per share or 10.0% of the offering price, not including other organizational and offering expenses. These organizational and offering expenses include advertising and sales expenses, legal and accounting expenses, printing costs, formation costs, SEC, Financial Industry Regulatory Authority, or FINRA, and blue sky filing fees, investor relations and other administrative expenses. To the extent that our stockholders do not participate in any future issuance of our securities, they will experience dilution of their ownership percentage.

Our sponsor has recently sponsored a REIT focused on acquiring medical office buildings and other healthcare related facilities; such REIT's offering could negatively impact this offering as well as any future offerings we may conduct; we share the same dealer manager and two of the same officers with such REIT, which may create conflicts of interest; in addition, we may compete with such REIT with respect to acquiring additional properties.

Our sponsor, Grubb & Ellis Company, or Grubb & Ellis, is also the sponsor of Grubb & Ellis Healthcare REIT II, Inc., or REIT II. REIT II intends to acquire medical office buildings and other healthcare related facilities, as well as other real estate related investments using the proceeds from its proposed initial public offering.

REIT II's offering could negatively impact this offering as well as any future equity offerings we may conduct if investors decide to purchase shares of the common stock of REIT II rather than our shares of common stock. In addition, the dealer manager for this offering will also serve as the dealer manager for the REIT II offering, which may adversely affect the services provided by our dealer manager to our company. It may also create conflicts of interest with respect to our dealer manager's relationships with broker-dealers participating in this offering. After the termination or expiration of our Dealer Manager Agreement, we will not be able to rely on our current dealer manager to provide services to us, including management of any future equity offerings we may conduct. Any future dealer manager we may engage may be unable to secure relationships with key participating broker-dealers, including broker-dealers participating in this offering, thus negatively impacting our ability to raise additional capital. Further, any future dealer manager we engage will compete with the dealer manager for REIT II for participating broker-dealer relationships.

Two of our officers and some of the officers of our advisor are also officers of REIT II or the advisor for REIT II. Danny Prosky, our Executive Vice President - Acquisitions, is serving as the President and Chief Operating Officer of REIT II and as the President and Chief Operating Officer of the advisor to REIT II. Andrea R. Biller, our Executive Vice President and Secretary, is serving as the Executive Vice President and Secretary of REIT II and as the Executive Vice President of the advisor to REIT II. Jeffrey T. Hanson, the President of our advisor, is serving as the Chief Executive Officer and Chairman of the Board of REIT II and as the Chief Executive Officer of the advisor of REIT II. These individuals have legal and fiduciary obligations to REIT II which are similar to and may conflict with those they owe to us and our stockholders. In addition, these individuals may have conflicts of interest in allocating their time and resources between our business and the business of REIT II. Also, our advisor and the advisor of REIT II are affiliated entities and share many key personnel and employees. If such individuals, for any reason, are not able to provide sufficient resources to manage our business, our business will suffer and this may adversely affect our results of operations and the value of our stockholders' investments.

Finally, over time, REIT II may compete with us with respect to acquiring the real properties and other real estate related assets we intend to acquire. As a result, the price we pay for such properties and assets may increase.

Our property investments are geographically concentrated in certain states and subject to economic fluctuations in those states.

For the year ended December 31, 2008, we had interests in seven consolidated properties located in Texas, which accounted for 17.1% of our total rental income and interests in five consolidated properties located in Indiana, which accounted for 15.5% of our total rental income. As of December 31, 2008, Medical Portfolio 3, located in Indiana, accounted for 11.3% of our aggregate total rental income. This rental income is based on contractual base rent from leases in effect as of December 31, 2008. Accordingly, there is a geographic concentration of risk subject to fluctuations in each state's economy.

The Risk Factors section of the prospectus entitled Risks Related to Our Business is hereby supplemented by the following additional risk factors:

Current dislocations in the credit markets and real estate markets could have a material adverse effect on our results of operations, financial condition and ability to pay distributions to our stockholders.

Domestic and international financial markets currently are experiencing significant dislocations which have been brought about in large part by failures in the U.S. banking system. These dislocations have severely impacted the availability of credit and have contributed to rising costs associated with obtaining credit. If debt financing is not available on terms and conditions we find acceptable, we may not be able to obtain financing for investments. If this dislocation in the credit markets persists, our ability to borrow monies to finance the purchase of, or other activities related to, properties and other real estate related assets will be negatively impacted. If we are unable to borrow monies on terms and conditions that we find acceptable, we likely will have to reduce the number of properties we can purchase, and the return on the properties we do purchase may be lower. In addition, we may find it difficult, costly or impossible to refinance indebtedness which is maturing. If interest rates are higher when the properties are refinanced, we may not be able to finance the properties and our income could be reduced. In addition, if we pay fees to lock-in a favorable interest rate, falling interest rates or other factors could require us to forfeit these fees. All of these events would have a material adverse effect on our results of operations, financial condition and ability to pay distributions.

In addition to volatility in the credit markets, the real estate market is subject to fluctuation and can be impacted by factors such as general economic conditions, supply and demand, availability of financing and interest rates. To the extent we purchase real estate in an unstable market, we are subject to the risk that if the real estate market ceases to attract the same level of capital investment in the future that it attracts at the time of our purchases, or the number of companies seeking to acquire properties decreases, the value of our investments may not appreciate or may decrease significantly below the amount we pay for these investments.

Finally, the pervasive and fundamental disruptions that the global financial markets are currently undergoing have led to extensive and unprecedented governmental intervention. Although the government intervention is intended to stimulate the flow of capital and to undergird the U.S. economy in the short term, it is impossible to predict the actual effect of the government intervention and what effect, if any, additional interim or permanent governmental intervention may have on the financial markets and/or the effect of such intervention on us and our results of operations. In addition, there is a high likelihood that regulation of the financial markets will be significantly increased in the future, which could have a material impact on our operating results and financial condition.

We may not have sufficient cash available from operations to pay distributions, and, therefore, distributions may be paid with offering proceeds or borrowed funds.

The amount of the distributions we make to our stockholders will be determined by our board of directors and is dependent on a number of factors, including funds available for payment of distributions, our financial condition, capital expenditure requirements and annual distribution requirements needed to maintain our status as a REIT. On February 14, 2007, our board of directors approved a 7.25% per annum distribution to be paid to our stockholders beginning with our February 2007 monthly distribution, which was paid in March 2007, and we have continued to pay distribution at that rate through 2008. It is our intent to continue to pay distributions. However, we cannot guarantee the amount of distributions paid in the future, if any.

For the year ended December 31, 2008, we paid distributions of \$28,042,000 (\$14,943,000 in cash and \$13,099,000 in shares of our common stock pursuant to the DRP), as compared to cash flow from operations of \$20,677,000. The distributions paid in excess of our cash flow from operations were paid using proceeds from this offering. As of

December 31, 2008, we had an amount payable of \$1,043,000 to our advisor and its affiliates for operating expenses, on-site personnel and engineering payroll, lease commissions, and asset and property management fees, which will be paid from cash flow from operations in the future as they become due and payable by us in the ordinary course of business consistent with our past practice.

Table of Contents

As of December 31, 2008, no amounts due to our advisor or its affiliates have been deferred or forgiven. Our advisor and its affiliates have no obligations to defer or forgive amounts due to them. In the future, if our advisor or its affiliates do not defer or forgive amounts due to them, this would negatively affect our cash flow from operations, which could result in us paying distributions, or a portion thereof, with proceeds from this offering or borrowed funds. As a result, the amount of proceeds available for investment and operations would be reduced, or we may incur additional interest expense as a result of borrowed funds.

For the year ended December 31, 2008, our funds from operations, or FFO, was \$8,745,000. We paid distributions of \$28,042,000, of which \$8,745,000 was paid from FFO and the remainder from proceeds from this offering. For more information on our distributions and FFO, see Information Regarding Our Distributions.

Until the termination or expiration of the amended advisory agreement, our success is dependent in part on the performance of our advisor, which is a subsidiary of our sponsor.

Until the termination or expiration of our amended advisory agreement, our ability to achieve our investment objectives and to pay distributions is dependent in part on the performance of our advisor, which is a subsidiary of our sponsor, in identifying and advising on the acquisition of investments, the determination of any financing arrangements, the asset management of our investments and operation of our day-to-day activities. Our stockholders have no opportunity to evaluate the terms of transactions or other economic or financial data concerning our investments that are not described in this prospectus or other periodic filings made with the SEC. Until we fully transition to self-management, we will rely in part the management ability of our advisor, subject to the oversight of our Chief Executive Officer and our board of directors. If our advisor suffers or is distracted by adverse financial or operational problems in connection with its operations or the operations of our sponsor unrelated to us, our advisor may be unable to allocate time and/or resources to our operations. If our advisor is unable to allocate sufficient resources to oversee and perform our operations for any reason, we may be unable to achieve our investment objectives or to pay distributions to our stockholders.

In March 2009, our sponsor, Grubb & Ellis, reported that due to the disruptions in the credit markets, the severe and extended general economic recession, and the significant decline in the commercial real estate market in 2008, it anticipates that it will report a significant decline in operating earnings and net income for the fourth calendar quarter of 2008 as compared to the fourth quarter of 2007 and for the year ended December 31, 2008 as compared to the year ended December 31, 2007. In addition, our sponsor anticipates that it will recognize significant impairment charges to goodwill, impairments on the value of real estate assets held as investments, and additional charges related to the Company's activities as a sponsor of investment programs in the quarter ended December 31, 2008. Grubb & Ellis has also delayed the filing of its Annual Report on Form 10-K for the year ended December 31, 2008 because Grubb & Ellis' board of directors concluded that certain of its previously issued audited and unaudited financial statements should be restated. To the extent that any of the foregoing impacts the performance of our advisor, our results of operations, financial condition and ability to pay distributions to our stockholders could also suffer.

Our success may be hampered by the current slow down in the real estate industry.

Our business is sensitive to trends in the general economy, as well as the commercial real estate and credit markets. The current macroeconomic environment and accompanying credit crisis has negatively impacted the value of commercial real estate assets, contributing to a general slow down in our industry, which we anticipate will continue through 2009. A prolonged and pronounced recession could continue or accelerate the reduction in overall transaction volume and size of sales and leasing activities that we have already experienced, and would continue to put downward pressure on our revenues and operating results. To the extent that any decline in our revenues and operating results impacts our performance, our results of operations, financial condition and ability to pay distributions to our

stockholders could also suffer.

The Risk Factors section of the prospectus entitled Risks Related to Our Organizational Structure is hereby supplemented by the following additional risk factors:

Your ability to control our operations is severely limited.

Our board of directors determines our major strategies, including our strategies regarding investments, financing, growth, debt capitalization, REIT qualification and distributions. Our board of directors may amend or revise these and other strategies without a vote of the stockholders. Our charter sets forth the stockholder voting rights required to be set forth therein under the Statement of Policy Regarding Real Estate Investment Trusts adopted by the North American Securities Administrators Association, or the NASAA Guidelines. Under our charter and Maryland law, you will have a right to vote only on the following matters:

the election or removal of directors;

any amendment of our charter, except that our board of directors may amend our charter without stockholder approval to change our name or the name of other designation or the par value of any class or series of our stock and the aggregate par value of our stock, increase or decrease the aggregate number of our shares of stock, increase or decrease the number of our shares of any class or series that we have the authority to issue, or effect certain reverse stock splits;

our dissolution; and

certain mergers, consolidations and sales or other dispositions of all or substantially all of our assets.

All other matters are subject to the discretion of our board of directors.

Your interests may be diluted in various ways, which may reduce your returns.

Our board of directors is authorized, without your approval, to cause us to issue additional shares of our common stock or to raise capital through the issuance of preferred stock, options, warrants and other rights, on terms and for consideration as our board of directors in its sole discretion may determine, subject to certain restrictions in our charter in the instance of options and warrants. Any such issuance could result in dilution of the equity of our stockholders. Our board of directors may, in its sole discretion, authorize us to issue common stock or other equity or debt securities to: (1) persons from whom we purchase properties, as part or all of the purchase price of the property, or (2) our advisor in lieu of cash payments required under the advisory agreement or other contract or obligation. Our board of directors, in its sole discretion, may determine the value of any common stock or other equity securities issued in consideration of properties or services provided, or to be provided, to us, except that while shares of our common stock are offered by us to the public, the public offering price of the shares of our common stock will be deemed their value.

The subordinated incentive payments or subordinated distributions payable to ARC II and certain members of our management team and directors, as applicable, will reduce cash available for distribution to our stockholders.

ARC II and certain members of our management team and directors, hold or will hold the right to receive subordinated incentive payments or subordinated distributions, as applicable, upon the occurrence of certain events, such as in connection with dispositions of certain of our assets or the listing of our common stock on a national securities exchange. Any incentive payments or distributions to ARC II or members of our management team or directors upon dispositions of our assets or a listing will reduce cash available for distribution to our stockholders. In

addition, we bear all of the risk associated with the properties but, as a result of these subordinated incentive payments and distributions, we are not entitled to all of the proceeds from a property sale.

Table of Contents

The subordinated incentive payments or subordinated distributions payable to ARC II and certain members of our management team and directors, as applicable, may influence our decisions about dispositions of our investments or the listing our shares of our common stock on a national securities exchange.

We may be required to make subordinated incentive payments or subordinated distributions to ARC II and certain members of our management team and directors, as applicable, upon the sale of certain of our assets or the listing of our shares of our common stock on a national securities exchange, if the performance thresholds for stockholder returns required for each are met. As a result of the requirements to make these subordinated incentive payments or subordinated distributions, our independent directors may determine that it is not the best interest of our stockholders to sell certain assets or list our shares of our common stock, even though, but for the requirement to make these payments or distributions, such sale or listing would be in the best interest of our stockholders. The requirement to make these incentive payments and distributions could influence the decision-making of our independent directors with respect to investments or dispositions or listing our shares of common stock on a national securities exchange.

The Risk Factors section of the prospectus entitled Risks Related to Investments in Real Estate is hereby supplemented by the following additional risk factors:

If we acquired real estate at a time when the real estate market was experiencing substantial influxes of capital investment and competition for income producing properties, the real estate investments we have made may not appreciate or may decrease in value.

Until recently, the real estate market has experienced a substantial influx of capital from investors. This substantial flow of capital, combined with significant competition for income producing real estate, may have resulted in inflated purchase prices for such assets. To the extent we purchased or in the future purchase real estate in such an environment, we are subject to the risk that the real estate market may cease to attract the same level of capital investment in the future, or if the number of companies seeking to acquire such assets decreases, the value of our investment may not appreciate or may decrease significantly below the amount we paid for such investment.

We may be unable to obtain desirable types of insurance coverage at a reasonable cost, if at all, and we may be unable to comply with insurance requirements contained in mortgage or other agreements due to high insurance costs.

We may not be able either to obtain certain desirable types of insurance coverage, such as terrorism, earthquake, flood, hurricane and pollution or environmental matter insurance, or to obtain such coverage at a reasonable cost in the future, and this risk may limit our ability to finance or refinance debt secured by our properties. Additionally, we could default under debt or other agreements if the cost and/or availability of certain types of insurance make it impractical or impossible to comply with covenants relating to the insurance we are required to maintain under such agreements. In such instances, we may be required to self-insure against certain losses or seek other forms of financial assurance.

We may obtain only limited warranties when we purchase a property and would have only limited recourse in the event our due diligence did not identify any issues that lower the value of our property.

The seller of a property often sells such property in its as is condition on a where is basis and with all faults, without any warranties of merchantability or fitness for a particular use or purpose. In addition, purchase and sale agreements may contain only limited warranties, representations and indemnifications that will only survive for a limited period after the closing. The purchase of properties with limited warranties increases the risk that we may lose some or all of our invested capital in the property, as well as the loss of rental income from that property.

The Risk Factors section of the prospectus entitled Risks Related to the Healthcare Industry is hereby supplemented by the following additional risk factors:

We may experience adverse effects as a result of potential financial and operational challenges faced by the operators of our senior healthcare facilities.

Operators of our senior healthcare facilities may face operational challenges from potentially reduced revenue streams and increased demands on their existing financial resources. Our skilled nursing operators' revenues are primarily derived from governmentally-funded reimbursement programs, such as Medicare and Medicaid. Accordingly, our facility operators are subject to the potential negative effects of decreased reimbursement rates offered through such programs. Our operators' revenue may also be adversely affected as a result of falling occupancy rates or slow lease-ups for assisted and independent living facilities due to the recent turmoil in the capital debt and real estate markets. In addition, our facility operators may incur additional demands on their existing financial resources as a result of increases in senior healthcare operator liability, insurance premiums and other operational expenses. The economic deterioration of an operator could cause such operator to file for bankruptcy protection. The bankruptcy or insolvency of an operator may adversely affect the income produced by the property or properties it operates. Our financial position could be weakened and our ability to make distributions could be limited if any of our senior healthcare facility operators were unable to meet their financial obligations to us.

Our operators' performance and economic condition may be negatively affected if they fail to comply with various complex federal and state laws that govern a wide array of referrals, relationships and licensure requirements in the senior healthcare industry. The violation of any of these laws or regulations by a senior healthcare facility operator may result in the imposition of fines or other penalties that could jeopardize that operator's ability to make payment obligations to us or to continue operating its facility. In addition, legislative proposals are commonly being introduced or proposed in federal and state legislatures that could affect major changes in the senior healthcare sector, either nationally or at the state level. It is impossible to say with any certainty whether this proposed legislation will be adopted or, if adopted, what effect such legislation would have on our facility operators and our senior healthcare operations.

The unique nature of our senior healthcare properties may make it difficult to lease or transfer such properties and, as a result, may negatively affect our performance.

Senior healthcare facilities present unique challenges with respect to leasing and transferring the same. Skilled nursing, assisted living and independent living facilities are typically highly customized and may not be easily modified to accommodate non-healthcare related uses. As a result, these property types may not be suitable for lease to traditional office tenants or other healthcare tenants with unique needs without significant expenditures or renovations. These renovation costs may materially adversely affect our revenues, results of operations and financial condition. Furthermore, because transfers of healthcare facilities may be subject to regulatory approvals not required for transfers of other types of property, there may be significant delays in transferring operations of senior healthcare facilities to successor operators. If we are unable to efficiently transfer our senior healthcare properties our revenues and operations may suffer.

The Risk Factors section of the prospectus entitled Risks Related to Debt Financing is hereby supplemented by the following additional risk factors:

Hedging activity may expose us to risks.

To the extent that we use derivative financial instruments to hedge against interest rate fluctuations, we will be exposed to credit risk and legal enforceability risks. In this context, credit risk is the failure of the counterparty to perform under the terms of the derivative contract. If the fair value of a derivative contract is positive, the counterparty owes us, which creates credit risk for us. Legal enforceability risks encompass general contractual risks, including the risk that the counterparty will breach the terms of, or fail to perform its obligations under, the derivative contract. If we are unable to manage these risks effectively, our results of operations, financial condition and ability to pay distributions to you will be adversely affected.

Table of Contents

Interest-only indebtedness may increase our risk of default and ultimately may reduce our funds available for distribution to you.

We have and may continue to finance our property acquisitions using interest-only mortgage indebtedness. During the interest-only period, the amount of each scheduled payment will be less than that of a traditional amortizing mortgage loan. The principal balance of the mortgage loan will not be reduced (except in the case of prepayments) because there are no scheduled monthly payments of principal during this period. After the interest-only period, we will be required either to make scheduled payments of amortized principal and interest or to make a lump-sum or balloon payment at maturity. These required principal or balloon payments will increase the amount of our scheduled payments and may increase our risk of default under the related mortgage loan. If the mortgage loan has an adjustable interest rate, the amount of our scheduled payments also may increase at a time of rising interest rates. Increased payments and substantial principal or balloon maturity payments will reduce the funds available for distribution to you because cash otherwise available for distribution will be required to pay principal and interest associated with these mortgage loans.

The Risk Factors section of the prospectus entitled Federal Income Tax Risks is hereby supplemented by the following additional risk factors:

Foreign purchasers of shares of our common stock may be subject to FIRPTA tax upon the sale of their shares of our common stock.

A foreign person disposing of a U.S. real property interest, including shares of stock of a U.S. corporation whose assets consist principally of U.S. real property interests, is generally subject to the Foreign Investment in Real Property Tax Act of 1980, as amended, or FIRPTA, on the gain recognized on the disposition. Such FIRPTA tax does not apply, however, to the disposition of stock in a REIT if the REIT is domestically controlled. A REIT is domestically controlled if less than 50.0% of the REIT's stock, by value, has been owned directly or indirectly by persons who are not qualifying U.S. persons during a continuous five-year period ending on the date of disposition or, if shorter, during the entire period of the REIT's existence. We cannot assure you that we will continue to qualify as a domestically controlled REIT. If we were to fail to continue to so qualify, gain realized by foreign investors on a sale of shares of our common stock would be subject to FIRPTA tax, unless the shares of our common stock were traded on an established securities market and the foreign investor did not at any time during a specified testing period directly or indirectly own more than 5.0% of the value of our outstanding common stock.

Foreign stockholders may be subject to FIRPTA tax upon the payment of a capital gains dividend.

A foreign stockholder also may be subject to FIRPTA upon the payment of any capital gain dividends by us, which dividend is attributable to gain from sales or exchanges of U.S. real property interests.

Update to Investment Objectives

The Investment Objectives section on pages 6 and 50 of the prospectus is superseded in its entirety with the following:

Our investment objectives are:

to acquire quality properties that generate sustainable growth in cash flow from operations to pay regular cash distributions;

to preserve, protect and return your capital contributions;

to realize growth in the value of our investments upon our ultimate sale of such investments; and

to be prudent, patient and deliberate, taking into account current real estate markets.

Each property we acquire is carefully and diligently reviewed and analyzed to make sure it is consistent with our short-and long-term investment objectives. Our goal is to at all times maintain a strong balance sheet and always have sufficient funds to deal with short- and long-term operating needs. Macro-economic

Table of Contents

disruptions have broadly impacted the economy and have caused an imbalance between buyers and sellers of real estate assets, including medical office buildings and other healthcare-related real estate assets. We anticipated that these tough economic conditions would create opportunities for our company to acquire such assets at higher capitalization rates, as the real estate market adjusted downward. In the fourth quarter of 2008 and the first quarter of 2009, we opted not to proceed with certain acquisitions which we determined merited re-pricing. We renegotiated other deals to lower pricing points. As of March 31, 2009, we had cash on hand of over \$250,000,000, which we intend to use to acquire assets that are priced at levels consistent with today's economy. We believe that during this turbulent economic cycle, our cash on hand will provide our company with opportunities to acquire medical office buildings and other healthcare-related real estate assets at favorable pricing.

We cannot assure you that we will attain these objectives or that our capital will not decrease. Our board of directors may change our investment objectives if it determines it is advisable and in the best interests of our stockholders. Decisions relating to the purchase or sale of investments will be made internally by our Chief Executive Officer and our board of directors.

Update to Investment Strategy

The first paragraph of the Investment Strategy section on page 51 of the prospectus is superseded in its entirety with the following:

We seek to invest in a diversified portfolio of real estate and other real estate related assets, focusing primarily on investments that produce recurring income. Our real estate investments focus on medical office buildings and healthcare related facilities. We have also invested to a limited extent in quality commercial office buildings and other real estate related assets. However, we do not presently intend to invest more than 15.0% of our total assets in other real estate related assets. Our investments in other real estate related assets will generally focus on forms of mortgage debt, common and preferred stock of public or private real estate companies, and certain other securities. We seek to maximize long-term stockholder value by generating sustainable growth in cash flow and portfolio value. In order to achieve these objectives, we may invest using a number of investment structures which may include direct acquisitions, joint ventures, leveraged investments, issuing securities for property and direct and indirect investments in real estate. In order to maintain our exemption from regulation as an investment company under the Investment Company Act, we may be required to limit our investments in other real estate related assets. See Investment Company Act Considerations below.

Amendment to Our Bylaws

On April 21, 2009, our board of directors adopted an amendment to our bylaws, which eliminated the requirement that our annual meeting of stockholders be held in June of each year and instead provides that our annual meeting may be held on a date and at the time set by our board of directors.

Update to the Committees of Our Board of Directors

The compensation committee of our board of directors is currently comprised of W. Bradley Blair, II, Warren D. Fix and Gary T. Wescombe, all of whom are independent directors. Mr. Wescombe currently serves as the chairman.
