PROSPECTUS

12,650,000 Shares

RAM Energy Resources, Inc.

Common Stock

\$5.00 per share

-----

## Edgar Filing: RAM ENERGY RESOURCES INC - Form POS AM

This prospectus relates to an aggregate of 12,650,000 shares of common stock, \$0.0001 par value, that may be issued upon the exercise of outstanding warrants. In connection with the sale of the warrants, we agreed to register the shares of common stock issuable upon exercise of the warrants. Each warrant entitles the holder, upon exercise, to purchase one share of our common stock at a price of \$5.00 per share.

Our common stock is quoted on the Nasdaq Capital Market under the symbol RAME.

Our offices are located at 5100 East Skelly Drive, Suite 650, Tulsa, Oklahoma 74135, and our telephone number is (918) 663-2800.

You should read this prospectus and any prospectus supplement before you invest.

	Total(1)	Per Share(1)
	-----	-----
Price	\$63,250,000	\$5.00
Underwriter's Discounts and Commissions	\$ 0(2)	\$ 0(2)
Net Proceeds	\$63,222,000	\$5.00

-----  
(1) These amounts presume that all warrants are exercised.

(2) We have engaged EarlyBirdCapital, Inc., or EBC, on a non-exclusive basis, as our agent for the solicitation of the exercise of the warrants. Subject to certain circumstances, we will pay EBC a commission of five percent of the exercise price of the warrants, or \$.25 per share, for each warrant exercised, payable on the date of such exercise. The amounts above assume that EBC did not solicit any exercises of warrants. If EBC otherwise solicited fifty percent (50%) of the exercises of the warrants, and assuming that all warrants were exercised, total commissions would be \$1,581,250 (or \$.125 per share), and net proceeds would be \$61,640,750 (or \$4.875 per share). If EBC otherwise solicited all of the exercises of the warrants, and assuming that all warrants were exercised, total commissions would be \$3,162,500 (or \$.25 per share), and net proceeds would be \$60,059,500 (or approximately \$4.75 per share). See "Use of Proceeds" for a description of our engagement with EBC.

Unless the context otherwise requires, all references in this prospectus to "RAM Energy Resources," "our," "us," and "we" refer to RAM Energy Resources, Inc. ### RISK FACTORS

### FORWARD-LOOKING STATEMENTS

We believe that some of the information in this prospectus constitutes forward-looking statements within the definition of the Private Securities Litigation Reform Act of 1995. You can identify these statements by forward-looking words such as "may," "expect," "anticipate," "contemplate," "believe," "estimate," "intends," and "continue" or similar words. You should read statements that contain these words carefully because they:

- o discuss future expectations;
- o contain projections of future results of operations or financial condition; or
- o state other "forward-looking" information.

We believe it is important to communicate our expectations to our stockholders. However, there may be events in the future that we are not able to predict accurately or over which we have no control. The risk factors and cautionary language discussed in our proxy statement, which is incorporated herein by reference, provide examples of risks, uncertainties and events that may cause actual results to differ materially from the expectations described by us in such forward-looking statements, including among other things:

- o outcomes of government reviews, inquiries, investigations and related litigation;
- o continued compliance with government regulations;
- o legislation or regulatory environments, requirements or changes adversely affecting the business in which we are engaged;

properties; and

- o the results of future financing efforts.

You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this prospectus.

### USE OF PROCEEDS

The amount of the proceeds we will receive from the shares covered by this prospectus depends on the number of warrants exercised. Subject to the discussion below, if all of the warrants are exercised, our gross proceeds from the sale of the shares of common stock pursuant to the exercise of the warrants will be \$63,250,000. We expect net proceeds, which are what we will receive after paying the estimated expenses of this offering, to be approximately \$63,222,000. For the purpose of estimating net proceeds, we are assuming that the offering price will be \$5.00 per share, which is the exercise price of the warrants.

We have engaged EarlyBirdCapital, Inc., or EBC, on a non-exclusive basis, as our agent for the solicitation of the exercise of the warrants. We will (i) assist EBC with respect to such solicitation, if requested by EBC, and (ii) at EBC's request, provide EBC, and direct our transfer and warrant agent to provide to EBC, at our cost, lists of the record and, to the extent known, beneficial owners of, the warrants. We will pay EBC a commission of five percent of the exercise price of the warrants, or \$.25, for each warrant exercised, payable on the date of such exercise, on the terms provided for in the warrant agreement, but only if permitted under the rules and regulations of the NASD and only to the extent that a warrant holder who exercises a warrant specifically designates, in writing, that EBC solicited the exercise. EBC may engage sub-agents in its solicitation efforts.

If EBC otherwise solicited fifty percent (50%) of the exercises of the warrants, and assuming that all warrants were exercised, total commissions would be \$1,581,250, and net proceeds would be approximately \$61,640,750. If EBC otherwise solicited all of the exercises of the warrants, and assuming that all warrants were exercised, total commissions would be \$3,162,500, and net proceeds would be \$60,059,500.

We intend to use the net proceeds for working capital, to pay down our revolver under our secured credit facility or for other general corporate purposes.

### DETERMINATION OF OFFERING PRICE

The offering price for the shares covered by this prospectus is the exercise price of the warrants, which was determined at the time the warrants were issued.

### DIVIDEND POLICY

We currently intend to retain all of our earnings to finance our operations, repay indebtedness and fund our future growth. We do not expect to pay any dividends on our common stock for the foreseeable future. In addition, covenants contained in the instrument governing our secured credit facility limit our ability to pay dividends on our common stock.

### LEGAL MATTERS

McAfee & Taft A Professional Corporation, Oklahoma City, Oklahoma, will issue an opinion to us about certain legal matters relating to the securities. C. David Stinson is a shareholder with the law firm of McAfee & Taft A

### INDEMNIFICATION

Section 145 of the Delaware General Corporation Law, under which we are incorporated, grants each corporation organized thereunder the power to indemnify any person who is or was a director, officer, employee or agent of a corporation or enterprise, against expenses, including attorney's fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the corporation, by reason of being or having been in any such capacity, if he acted in good faith in a manner reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Article Eighth of our Amended and Restated Certificate of Incorporation, as well as Article VII of our Bylaws, provide indemnification of directors, officers and agents to the extent permitted by the Delaware General Corporation Law. These provisions may be sufficiently broad to indemnify such persons for liabilities under the Securities Act of 1933.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is

therefore unenforceable.

### PLAN OF DISTRIBUTION

The securities covered by this prospectus will be distributed solely to existing warrant holders upon exercise of their warrants. The warrants are immediately exercisable as of the effective date of the registration statement. The shares of common stock issued upon exercise of the warrants will be freely tradable, except that sales by warrant holders who are our affiliates will be subject to Rule 144 as promulgated under the Securities Act.

We do not know if or when the warrants will be exercised. We also do not know whether any of the shares acquired upon exercise will be sold.

### DESCRIPTION OF SECURITIES

The description of the securities covered by this prospectus is contained in our proxy statement filed April 18, 2006, which is incorporated herein by reference.

Williamson Petroleum Consultants, Inc. has performed an engineering evaluation to estimate proved reserves and future net revenue from oil and gas properties to the subject interests. This evaluation was authorized by Mr. Sherman Hyatt of RWG Energy, Inc. (RWG Energy). Projections of the reserves and future net revenue to the evaluated interests were based on economic parameters and operating conditions considered applicable as of December 31, 2005 and are pursuant to the financial reporting requirements of the Securities and Exchange Commission (SEC). Re: SEC Case

Dear Mr. Lee:

At your request, Forrest A. Garb & Associates, Inc. (FGA) has estimated the reserves and future revenue, as of December 31, 2005, attributable to interests owned by RAM Energy, Inc. (RAM) in certain oil and gas properties located in Arkansas, Louisiana, Mississippi, New Mexico, Oklahoma, Texas, and Wyoming.

This report has been prepared using the guidelines of the Securities and Exchange Commission (SEC), which specify a 10 percent discount factor and constant oil and gas prices and costs. The following table summarizes the estimated reserves and revenue:
