Elbit Systems' Subsidiary Elisra Reaches Settlement Agreement with The Phoenix Insurance Company Regarding Insurance Claim

Haifa, Israel, March 19, 2008 – Elbit Systems Ltd. (NASDAQ: ESLT) (the “Company”) announced that on March 17, 2008 the District Court of Tel-Aviv approved a Settlement Agreement between Elisra Electronic Systems Ltd. and its subsidiaries Tadiran Electronic Systems Ltd. and Tadiran Spectralink Ltd. (collectively “Elisra”), in which the Company holds a 70% ownership interest, and The Phoenix Insurance Company Ltd. (the “Phoenix”). The Settlement Agreement relates to a claim by Elisra for insurance payments for damages caused in a 2001 fire at the manufacturing facilities of Elisra’s subsidiaries in Holon, Israel.

Under the Settlement Agreement the Phoenix will pay Elisra approximately \$38 million in addition to approximately \$10 million in insurance proceeds already paid. In accordance with the terms of the agreement signed in 2005 between the Company and Koor Industries Ltd. (“Koor”) in connection with the acquisition by the Company of Elisra’s shares held by Koor, as part of the consideration for the purchase price of the Elisra shares, the Company agreed to pay Koor a portion of any insurance proceedings received as a result of the claim against the Phoenix. Accordingly, as a result of the Settlement Agreement, the Company will pay Koor a sum of approximately \$13 million.

The Company is evaluating the impact of the Settlement Agreement on its consolidated financial results and does not expect it to be material.

About Elbit Systems

Elbit Systems Ltd. is an international defense electronics company engaged in a wide range of defense-related programs throughout the world. The Company, which includes Elbit Systems and its subsidiaries, operates in the areas of aerospace, land and naval systems, command, control, communications, computers, intelligence surveillance and reconnaissance (“C4ISR”), unmanned air vehicle (UAV) systems, advanced electro-optics, electro-optic space systems, EW suites, airborne warning systems, ELINT systems, data links and military communications systems and radios. The Company also focuses on the upgrading of existing military platforms and developing new technologies for defense, homeland security and commercial aviation applications.
