Section 8 - Other Events

Item 8.01. Other Events.

As previously announced on September 23, 2013, Albemarle Corporation (the “Company”) realigned its organizational structure, effective January 1, 2014, to better align the Company’s resources to support its ongoing business strategy. The new organizational structure is designed to increase customer focus, enhance innovation and accelerate growth. Effective January 1, 2014, the Company changed its reportable business segments to align with the new organizational structure. The new segment structure is as follows:

• The Performance Chemicals segment includes Fire Safety Solutions, Specialty Chemicals and Fine Chemistry Services, consolidating the Company’s bromine, mineral and custom manufacturing assets under one business unit.
• The Catalyst Solutions segment includes Refinery Catalyst Solutions and Performance Catalyst Solutions.

The new segment structure is consistent with the manner in which information is presently used internally by the Company’s chief operating decision maker to evaluate performance and make resource allocation decisions. Each segment has a dedicated team of sales, research and development, process engineering, manufacturing and sourcing, and business strategy personnel and has full accountability for improving execution through greater asset and market focus, agility and responsiveness. The new structure also facilitates the continued standardization of business processes across the organization as part of the Company’s ongoing One Albemarle strategy.

On April 15, 2014, the Company signed a definitive agreement to sell its antioxidant, ibuprofen and propofol businesses and assets to SI Group, Inc. for an undisclosed amount of cash. Included in the transaction are Albemarle’s manufacturing sites in Orangeburg, South Carolina and Jinshan, China, along with Albemarle’s antioxidant product lines manufactured in Ningbo, China. The sale is subject to customary closing conditions and is expected to close later in 2014. In the second quarter of 2014, the Company began accounting for these assets as held for sale. The financial results of the disposal group are being presented as discontinued operations and excluded from segment results.
