HUB GROUP, INC.**NOTES TO UNAUDITED CONDENSED
CONSOLIDATED FINANCIAL STATEMENTS****NOTE 1. Interim Financial Statements**

Our accompanying unaudited condensed consolidated financial statements of Hub Group, Inc. (“we”, “us” or “our”) have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in annual financial statements have been condensed or omitted pursuant to those rules and regulations. However, we believe that the disclosures contained herein are adequate to make the information presented not misleading.

The financial statements reflect, in our opinion, all material adjustments (which include only normal recurring adjustments) necessary to fairly present our financial position at June 30, 2007 and results of operations for the three months and six months ended June 30, 2007 and 2006.

These unaudited condensed consolidated financial statements and notes thereto should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2006. Results of operations in interim periods are not necessarily indicative of results to be expected for a full year due partially to seasonality.

NOTE 3. Debt

We had \$47.5 million of unused and available borrowings under our bank revolving line of credit at June 30, 2007. We were in compliance with our debt covenants at June 30, 2007.

We have standby letters of credit that expire from 2007 to 2012. As of June 30, 2007, the outstanding letters of credit were \$2.5 million.

NOTE 4. Commitments and Contingencies

In March 2007, we entered into an equipment purchase contract with Singamas Management Services, Ltd. and Singamas North America, Inc. We agreed to purchase 2,000 fifty-three foot dry freight steel domestic containers for approximately \$19.4 million. We have received 578 units as of June 30, 2007 and we expect delivery of the remainder by year end. We entered into operating leases to finance these containers with terms of approximately 6 years.

We are a party to litigation incident to our business, including claims for freight lost or damaged in transit, freight improperly shipped or improperly billed, property damage and personal injury. Some of the lawsuits to which we are party are covered by insurance and are being defended by our insurance carriers. Some of the lawsuits are not covered by insurance and we are defending them. Management does not believe that the outcome of this litigation will have a material adverse effect on our financial position.

NOTE 5. Income Taxes

Effective January 1, 2007, we adopted Financial Accounting Standards Board Interpretation No. 48 ("FIN 48"), "Accounting for Uncertainty in Income Taxes". Although the implementation of FIN 48 did not impact the amount of our liability for unrecognized tax benefits, we reclassified \$4.0 million of our liability for unrecognized tax benefits from deferred tax liabilities to non-current liabilities to conform with the balance sheet presentation requirements of FIN 48. As of January 1, 2007, the amount of unrecognized tax benefits was \$5.3 million of which \$1.6 million would, if recognized, decrease our effective tax rate. As of June 30, 2007, the amount of unrecognized tax benefits was \$5.2 million of which \$1.7 million would, if recognized, decrease our effective tax rate.

Hub Group, Inc. or its subsidiaries are subject to income tax in the U.S. federal jurisdiction and numerous state jurisdictions. The Internal Revenue Service ("IRS") has completed its examinations of our federal income tax returns for the tax years 2000 through 2004. However, tax years 1997 and 2003 through 2006 remain open to examination by the major tax jurisdictions to which we are subject.

During its examination of our 1997 federal income tax return, the IRS proposed to reclassify our allocation of a significant amount of tax basis in fixed assets to non-amortizable intangibles. This dispute is being reviewed by the IRS Office of Appeals, and it is reasonably possible that it will be resolved by December 31, 2007 resulting in a decrease in our liability for uncertain tax positions of up to \$4.0 million. Should the decrease occur, it would have a positive impact on our effective tax rate of up to \$1.4 million and the remaining \$2.6 million decrease in our liability for uncertain tax positions would be reclassified as additional deferred tax liability.

We recognize accrued interest expense and penalties related to unrecognized tax benefits in our provision for income taxes. At January 1, 2007, accrued interest was \$2.1 million, or \$1.3 million net of income tax. During the six months ended June 30, 2007, \$0.1 million of interest expense, net of tax, was recognized in our provision for income taxes.

EXECUTIVE SUMMARY

Hub Group, Inc. (“we”, “us” or “our”) is the largest intermodal marketing company (“IMC”) in the United States and a full service transportation provider offering intermodal, truck brokerage and logistics services. We operate through a nationwide network of operating centers.

As an IMC, we arrange for the movement of our customers’ freight in containers and trailers over long distances. We contract with railroads to provide transportation for the long-haul portion of the shipment and with local trucking companies, known as “drayage companies,” for local pickup and delivery. As part of the intermodal services, we negotiate rail and drayage rates, electronically track shipments in transit, consolidate billing and handle claims for freight loss or damage on behalf of our customers.

Through our subsidiary Comtrak Logistics, Inc. (“Comtrak”), we acquired substantially all the assets of Comtrak Inc. at the close of business on February 28, 2006. Comtrak is a transportation company whose services include primarily rail and international drayage for the intermodal sector. The results of Comtrak are included in our results of operations from March 1, 2006.

Our drayage services are provided by our subsidiaries, Comtrak and Quality Services, LLC (“QS”) who assist us in providing reliable, cost effective intermodal services to our customers. Our subsidiaries have terminals in Atlanta, Birmingham, Charleston, Charlotte, Chattanooga, Chicago, Cleveland, Columbus, Dallas, Houston, Huntsville, Jacksonville, Kansas City, Los Angeles, Memphis, Nashville, Perry, Savannah, St. Louis, Stockton, and Tampa. At June 30, 2007, QS and Comtrak owned 318 tractors, leased 44 tractors, leased or owned 701 trailers and employed 328 drivers and contracted with 789 owner-operators.

We also arrange for the transportation of freight by truck, providing customers with another option for their transportation needs. We match the customers’ needs with carriers’ capacity to provide the most effective service and price combinations. As part of our truck brokerage services, we negotiate rates, track shipments in transit and handle claims for freight loss or damage on behalf of our customers.

Our logistics service consists of complex transportation management services, including load consolidation, mode optimization and carrier management. These service offerings are designed to take advantage of the increasing trend for shippers to outsource all or a greater portion of their transportation needs.

We have full time marketing representatives throughout North America who service local, regional and national accounts. We believe that fostering long-term customer relationships is critical to our success and allows us to better understand our customers’ needs and specifically tailor our transportation services to them.

One of our primary goals is to grow our net income. We achieved this growth through an increase in revenue and margin from our existing transportation customers, winning new customers and the acquisition of Comtrak. Our yield management group works with sales and operations to enhance customer margins. Our top 50 customers’ revenue represents approximately 51.8% of our revenue.

We use various performance indicators to manage our business. We closely monitor margin and gains and losses for our top 50 customers and loads with negative margins. We also evaluate on-time performance, costs per load by location and daily sales outstanding by location. Vendor cost changes and vendor service issues are also monitored closely.

Substantially all of the assets of Hub Group Distribution Services, LLC (“HGDS” or “Hub Distribution”) were sold to the President of the former subsidiary on May 1, 2006. Accordingly, the results of operations of HGDS for the current and prior periods have been reported as discontinued operations, including their revenue through April 30, 2006 of \$4.8 million.

Three Months Ended June 30, 2007 Compared to the Three Months Ended June 30, 2006

Revenue

Revenue increased 1.6% to \$401.6 million in 2007 from \$395.3 million in 2006. Intermodal revenue increased 5.2% to \$300.9 million due primarily to an increase in volume. The volume growth came from our wholesale business, new business from recent bids and domestic reload business. We handled approximately 50,000 domestic reloads for the year ended 2006. Truck brokerage revenue declined 6.3% to \$73.2 million due primarily to a decrease in volume. Logistics revenue decreased 12.2% to \$27.5 million primarily as a result of a change in contract structure and reporting with an existing customer. Hub Distribution's revenue has been reclassified to discontinued operations due to its sale on May 1, 2006.

Gross Margin

Gross margin increased 4.1% to \$57.8 million in 2007 from \$55.5 million in 2006. This margin expansion comes primarily from an increase in intermodal volume and doing more of our own drayage. As a percent of revenue, gross margin has increased to 14.4% in 2007 from 14.0% in 2006. The increase in gross margin as a percentage of revenue is due primarily to drayage efficiencies.

Salaries and Benefits

As a percentage of revenue, salaries and benefits decreased slightly to 6.0% in 2007 from 6.1% in 2006. Salaries and benefits decreased to \$24.2 million in 2007 from \$24.4 million in 2006. This is due primarily to a decrease in incentive compensation. Headcount as of June 30, 2007 was 1,096 which excludes drivers as driver costs are included in transportation costs.

General and Administrative

General and administrative expenses increased to \$10.2 million in 2007 from \$9.7 million in 2006. As a percentage of revenue, these expenses increased slightly to 2.6% in 2007 from 2.5% in 2006. The increase in general and administrative expenses is due primarily to increases in computer costs, insurance costs, professional services and travel costs partially offset by a favorable lease termination agreement.

Depreciation and Amortization

Depreciation and amortization decreased to \$1.2 million in 2007 from \$1.5 million in 2006. This expense as a percentage of revenue decreased to 0.3% in 2007 from 0.4% in 2006. The decrease in depreciation and amortization is due primarily to lower computer software depreciation as some of our software was fully depreciated in earlier years.

Other Income (Expense)

Interest income remained constant at \$0.6 million for 2007 and 2006.

Provision for Income Taxes

The provision for income taxes increased to \$9.0 million in 2007 compared to \$8.1 million in 2006. We provided for income taxes using an effective rate of 39.6% in 2007 and an effective rate of 40.0% in the second quarter of 2006. The decrease in the effective tax rate is primarily a consequence of our change in the timing of restricted stock award grants and vesting.

Income from Continuing Operations

Income from continuing operations increased to \$13.8 million in 2007 from \$12.2 million in 2006 due primarily to higher gross margin and lower depreciation and amortization expense.

Income from Discontinued Operations

Income from discontinued operations includes income from the operations of HGDS. This income was \$0.3 million for the three months ended June 30, 2006.

Earnings Per Common Share

Basic earnings per share from continuing operations was \$0.35 in 2007 and \$0.30 in 2006. Basic earnings per share from discontinued operations was \$0.01 in 2006. Basic earnings per share was \$0.35 for 2007 and \$0.31 for 2006. Diluted earnings per share from continuing operations increased to \$0.35 in 2007 from \$0.29 in 2006. Diluted earnings per share from discontinued operations was \$0.01 in 2006. Diluted earnings per share were \$0.35 for 2007 and \$0.30 for 2006.

Six Months Ended June 30, 2007 Compared to the Six Months Ended June 30, 2006

Revenue

Revenue increased 5.7% to \$794.9 million in 2007 from \$752.1 million in 2006. Intermodal revenue increased 7.7% to \$588.7 million due primarily to a 4.8% increase in volume, a 2.6% increase related to Comtrak and a 0.3% combined increase related to price, mix and fuel surcharges. Truck brokerage revenue was fairly flat at \$147.8 million due primarily to an increase in revenue per load from price increases and mix offset by a decrease in volume. Logistics revenue increased 0.9% to \$58.3 million as a result of increased business from existing customers. Hub Distribution's revenue has been reclassified to discontinued operations due to its sale on May 1, 2006.

Gross Margin

Gross margin increased 11.2% to \$114.4 million in 2007 from \$102.9 million in 2006. This margin expansion comes from Comtrak and an increase in volume from intermodal business. As a percent of revenue, gross margin has increased to 14.4% in 2007 from 13.7% in 2006. The increase in gross margin as a percentage of revenue is due to performing more of our own drayage more efficiently and better brokerage margin.

Salaries and Benefits

As a percentage of revenue, salaries and benefits remained constant at 6.3% for 2007 and 2006. Salaries and benefits increased to \$49.8 million in 2007 from \$47.3 million in 2006. The majority of the increase relates to Comtrak since we owned them two additional months in 2007. In the first half of 2007, we recorded \$0.4 million of severance expense.

General and Administrative

General and administrative expenses increased to \$21.8 million for 2007 from \$18.7 million in 2006. As a percentage of revenue, these expenses increased to 2.7% in 2007 from 2.5% in 2006. The increase relates primarily to Comtrak and to increased spending on consultants of approximately \$1.2 million related to a marketing project.

Depreciation and Amortization

Depreciation and amortization decreased to \$2.4 million in 2007 from \$3.4 million in 2006. This expense as a percentage of revenue decreased to 0.3% in 2007 from 0.4% in 2006. The decrease in depreciation and amortization is due primarily to lower computer software depreciation as some of our software was fully depreciated in earlier years.

Other Income (Expense)

Interest income increased to \$1.3 million in 2007 from \$1.0 million in 2006. The increase in interest income is due to a higher average investment balance and higher interest rates in 2007.

Provision for Income Taxes

The provision for income taxes increased to \$16.5 million in 2007 compared to \$13.8 million in 2006. We provided for income taxes using an effective rate of 39.6% in 2007 and an effective rate of 40.0% in 2006. The decrease in the effective tax rate is primarily a consequence of our change in the timing of restricted stock award grants and vesting.

Income from Continuing Operations

Income from continuing operations increased to \$25.2 million in 2007 from \$20.7 million in 2006 due primarily to higher gross margin, lower depreciation and amortization expense and higher interest income.

Income from Discontinued Operations

Income from discontinued operations includes income from the operations of HGDS. This income was \$1.0 million for the six months ended June 30, 2006.

Earnings Per Common Share

Basic earnings per share from continuing operations was \$0.64 in 2007 and \$0.51 in 2006. Basic earnings per share from discontinued operations was \$0.03 in 2006. Basic earnings per share was \$0.64 for 2007 and \$0.54 for 2006. Diluted earnings per share from continuing operations increased to \$0.64 in 2007 from \$0.50 in 2006. Diluted earnings per share from discontinued operations was \$0.02 in 2006. Diluted earnings per share was \$0.64 for 2007 and \$0.52 for 2006.

CRITICAL ACCOUNTING POLICIES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions. In certain circumstances, those estimates and assumptions can affect amounts reported in the accompanying consolidated financial statements. We have made our best estimates and judgments of certain amounts included in the financial statements, giving due consideration to materiality. We do not believe there is a great likelihood that materially different amounts would be reported related to the accounting policies described below. However, application of these accounting policies involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. Note 1 of the "Notes to Consolidated Financial Statements" in our Annual Report on Form 10-K for the year ended December 31, 2006, includes a summary of the significant accounting policies and methods used in the preparation of our consolidated financial statements. The following is a brief discussion of the changes that occurred during 2007 to the significant accounting policies and estimates disclosed in Note 1 of the "Notes to Consolidated Financial Statements" in our Annual Report on Form 10-K for the year ended December 31, 2006.

New Pronouncement

Effective January 1, 2007, the Company adopted FASB Interpretation No. 48 ("FIN48"), Accounting for Uncertainty in Income Taxes, which is an interpretation of SFAS No. 109, Accounting for Income Taxes. Although the implementation of FIN 48 did not impact the amount of our liability for unrecognized tax benefits, we did reclassify \$4.0 million of our liability for unrecognized tax benefits from deferred tax liabilities to non-current liabilities to conform with the balance sheet presentation requirements of FIN 48. FIN 48 clarifies the accounting for income taxes by prescribing the minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. FIN 48 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. In addition, FIN 48 clearly scopes out income taxes from Financial Accounting Standards Board Statement No. 5, Accounting for Contingencies.

LIQUIDITY AND CAPITAL RESOURCES

During 2007, we have funded operations, capital expenditures, the earn out payment related to the Comtrak acquisition and our stock buy back through cash flows from operations.

Cash provided by operating activities for the six months ended June 30, 2007, was approximately \$30.9 million, which resulted primarily from income from continuing operations of \$25.2 million and non-cash charges of \$8.5 million, partially offset by the change in operating assets and liabilities of \$2.8 million.

Net cash used in investing activities for the six months ended June 30, 2007, was \$11.9 million and related primarily to capital expenditures of \$7.5 million primarily related to tractors for the Comtrak operations and the \$5.0 million earn out payment made to the former owner of Comtrak, partially offset by \$0.6 million of cash generated from the sale of equipment. We expect capital expenditures to be approximately \$10.0 to \$11.0 million for all of 2007.

Edgar Filing: HUB GROUP INC - Form 10-Q

The net cash used in financing activities for the six months ended June 30, 2007, was \$10.1 million. We generated \$0.3 million of cash from stock options being exercised and used \$12.9 million of cash to purchase treasury stock. We also reported \$2.5 million of excess tax benefits from share-based compensation as a financing cash in-flow.

We had \$47.5 million of unused and available borrowings under our bank revolving line of credit at June 30, 2007. We were in compliance with our debt covenants at June 30, 2007.

We have standby letters of credit that expire from 2007 to 2012. As of June 30, 2007, the outstanding letters of credit were \$2.5 million.

The \$5.0 million related party payable was paid out during the first quarter of 2007. This amount relates to the 2006 earn out payment due to the former owner of Comtrak. A similar amount will be paid in 2008 if the 2007 earn out is achieved.

We spent approximately \$12.5 million on stock repurchases in 2007. We have authorization to spend an additional \$62.5 million to purchase common stock through June of 2008. We may make additional purchases from time to time as market conditions warrant.

Contractual Obligations

Our contractual cash obligations as of June 30, 2007 are minimum rental commitments. We have a ten year lease agreement for a building and property (Comtrak's Memphis facility) with a related party, the President of Comtrak. Minimum annual rental commitments, at June 30, 2007, under non-cancelable operating leases, principally for real estate, containers and equipment are payable as follows (in thousands):

2010	12,583
2011	11,790
2012 and thereafter	14,798
	\$ 81,876

In March 2007, we entered into an equipment purchase contract with Singamas Management Services, Ltd. and Singamas North America, Inc. We agreed to purchase 2,000 fifty-three foot dry freight steel domestic containers for approximately \$19.4 million. We have received 578 units as of June 30, 2007 and we expect delivery of the remainder by year end. We entered into operating leases to finance these containers with terms of approximately 6 years. The commitments for the containers we have received are included in the table above.

Deferred Compensation

Under our Nonqualified Deferred Compensation Plan (the "Plan"), participants can elect to defer certain compensation. Payments under the Plan are due as follows as of June 30, 2007 (in thousands):

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to market risk related to changes in interest rates on our bank line of credit which may adversely affect our results of operations and financial condition.

CONTROLS AND PROCEDURES

As of June 30, 2007, an evaluation was carried out under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures. Based upon this evaluation, the Chief Executive Officer and Chief Financial Officer concluded that these disclosure controls and procedures were effective as of June 30, 2007. There have been no changes in our internal control over financial reporting identified in connection with such evaluation that occurred during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

The total number of shares of capital stock which the Corporation shall have authority to issue is 100,000,000 consisting of 97,337,700 shares of Class A Common Stock with a par value of \$0.01 per share ("Class A Common Stock"), 662,300 shares of Class B Common Stock with a par value of \$0.01 per share ("Class B Common Stock") and 2,000,000 shares of Preferred Stock with a par value of \$0.01 per share ("Preferred Stock"). The number of authorized shares of any class of stock of the Corporation may be increased or decreased by the affirmative vote of the holders of a majority of the votes of the Corporation entitled to be cast, voting together as a single class.

Section 2. Liquidation. Subject to any preferential rights in favor of any class of Preferred Stock, upon liquidation or dissolution of the Corporation, each issued and outstanding share of Class A Common Stock and each issued and outstanding share of Class B Common Stock shall be entitled to participate pro rata in the assets of the Corporation remaining after payment of, or adequate provision for, all known debts and liabilities of the Corporation.

Section 3. Class A Common Stock Voting Rights. Each issued and outstanding share of Class A Common Stock shall entitle the holder thereof to one vote on all matters presented for a vote of stockholders.

Section 4. Class B Common Stock.

(a) Voting. Subject to the provisions for adjustment as set forth in Section 4(e) of this Article FOURTH, each issued and outstanding share of Class B Common Stock shall entitle the holder thereof to twenty (20) votes on all matters presented for a vote of stockholders and, except as required by applicable law, such shares shall be voted together with all issued and outstanding shares of Class A Common Stock as a single class.

(b) Dividends. Each issued and outstanding share of Class B Common Stock shall entitle the holder thereof to receive, when and as declared by the Board of Directors, out of funds legally available therefor, a dividend equal to the dividend which each share of Class A Common Stock entitles the holder thereof to receive when and as declared by the Board of Directors out of funds legally available therefor. If a dividend or distribution payable in shares of Class B Common Stock is declared by the Board of Directors in respect of the outstanding shares of Class B Common Stock, the Board of Directors shall declare a simultaneous dividend or distribution payable in shares of Class A Common Stock in respect of the outstanding shares of Class A Common Stock. The Corporation shall not effect any

subdivision, consolidation, reclassification or other change in the shares of Class B Common Stock unless the Corporation shall simultaneously effect an equivalent subdivision, reclassification or other change in the shares of Class A Common Stock.

(c) Conversion. Each issued and outstanding share of Class B Common Stock shall, at any time and from time to time, at the option of, and without cost to, the holder thereof, be convertible into a share of Class A Common Stock. Upon any such conversion, the shares of Class B Common Stock surrendered in connection with such conversion shall be cancelled and may not be reissued.

(d) Transfer. Upon any Transfer of shares of Class B Common Stock (other than a Transfer to a Permitted Transferee), the shares of Class B Common Stock so transferred shall automatically and without any further action by the Corporation be converted into an equivalent number of shares of Class A Common Stock. Upon any such conversion, the shares of Class B Common Stock surrendered in connection with such conversion shall be cancelled. For purposes of this Certificate of Incorporation, the term "Transfer" shall mean any transaction by which a holder of Class B Common Stock purports to assign shares of Class B Common Stock to another individual, corporation, proprietorship, firm, partnership, limited partnership, trust, association or other entity and shall include a sale, assignment, gift, bequest, pledge, encumbrance, hypothecation, mortgage or any other disposition by law or otherwise. For purposes of this Certificate of Incorporation, the term "Permitted Transferee" shall mean Phillip C. Yeager, the descendants (whether natural or adopted) of Phillip C. Yeager, the spouse of Phillip C. Yeager or any descendant (whether natural or adopted) of Phillip C. Yeager, an estate of any of the foregoing, any trust for the primary benefit of any one or more of the foregoing and any corporation, proprietorship, firm, partnership, limited partnership, trust, association or other entity, all of the outstanding equity securities of which are owned by any one or more of the foregoing.

(e) Adjustments. In the event that the Corporation shall at any time (i) declare any dividend on the outstanding shares of Class A Common Stock payable in shares of Class A Common Stock, (ii) subdivide the outstanding shares of Class A Common Stock or (iii) combine the outstanding shares of Class A Common Stock into a smaller number of share, then in each such case the number of votes per share to which holders of shares of Class B Common Stock were entitled immediately prior to such event shall be adjusted by multiplying such number by a fraction, the numerator of which is the number of shares of Class A Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Class A Common Stock that were outstanding immediately prior to such event. Similar adjustments shall be made to the amount of dividends and amounts to be received upon liquidation or dissolution to which the holders of Class B Common Stock are entitled upon the occurrence of any of the events described in the preceding sentence.

(f) Merger, Consolidation, etc. In any merger, consolidation or business combination to which the Corporation is a party, holders of Class A Common Stock and Class B Common Stock, shall receive the same kind and amount of consideration as that received by holders of the other class; provided, however, that in any such transaction in which holders of Class A Common Stock and Class B Common Stock are to receive shares of capital stock in another entity, the terms of the shares to be received by holders of Class B Common Stock may differ from the terms of the shares to be received by holders of Class A Common Stock only as to voting rights and only to the extent that voting rights differ between shares of Class A Common Stock and Class B Common Stock under this Certificate of Incorporation.

Section 5. Preferred Stock. The Board of Directors is authorized, subject to limitations prescribed by law, to provide for the issuance of the Preferred Stock in series, and by filing a certificate pursuant to the applicable law of the State of Delaware, to establish from time to time the number of shares to be included in each such series, and to fix the designation, powers, preferences and rights of the shares of each such series and the qualifications, limitations or restrictions thereof. The authority of the Board of Directors with respect to each series shall include, but not be limited to, determination of the following:

(a) The number of shares constituting that series and the distinctive designation of that series;

- (b) The rate of dividend, if any, and whether (and if so, on what terms and conditions) dividends shall be cumulative (and, if so, whether unpaid dividends shall compound or accrue interest) or shall be payable in preference or in any other relation to the dividends payable on any other class or classes of stock or any other series of the Preferred Stock;
- (c) Whether that series shall have voting rights in addition to the voting rights provided by law and, if so, the terms and extent of such voting rights;
- (d) Whether the shares shall be issued with the privilege of conversion or exchange and, if so, the terms and conditions of such conversion or exchange (including, without limitation, the price or prices or the rate or rates of conversion or exchange or any terms for adjustment thereof);
- (e) Whether the shares may be redeemed and, if so, the terms and conditions on which they may be redeemed (including, without limitation, the dates upon or after which they may be redeemed and the price or prices at which they may be redeemed, which price or prices may be different in different circumstances or at different redemption dates);
- (f) The amounts, if any, payable upon the shares in the event of voluntary liquidation, dissolution or winding up of the Corporation in preference of shares of any other class or series and whether the shares shall be entitled to participate generally in distributions on the Common Stock under such circumstances;
- (g) The amounts, if any, payable under the shares thereof in the event of involuntary liquidation, dissolution or winding up of the Corporation in preference of shares of any other class or series and whether the shares shall be entitled to participate generally in distributions on the Common Stock under such circumstances;
- (h) Sinking fund provisions, if any, for the redemption or purchase of the shares (the term “sinking fund” being understood to include any similar fund, however designated); and
- (i) Any other relative rights, preferences, limitations and powers of that series.

Section 6. Certificate of Incorporation and Bylaws. All persons who shall acquire stock in the Corporation shall acquire the same subject to the provisions of this Certificate of Incorporation and the Bylaws of the Corporation, as each may be amended from time to time.

SIXTH: The number of directors of the Corporation shall be fixed from time to time by the vote of a majority of the entire Board of Directors, but such number shall in no case be less than three (3) nor more than twelve (12). Any such determination made by the Board of Directors shall continue in effect unless and until changed by the Board of Directors, but no such changes shall affect the term of any director then in office.

SEVENTH: Advance notice of nominations for the election of directors, other than nominations by the Board of Directors or a committee thereof, shall be given to the Corporation in the manner provided in the Bylaws.

EIGHTH: Except as otherwise required by law, special meetings of the stockholders of the Corporation may be called only by (i) the Board of Directors pursuant to a resolution approved by the affirmative vote of a majority of the directors then in office, (ii) the Chairman of the Board of the Corporation, if one is elected, (iii) the Chief Executive Officer of the Corporation or (iv) the holders of capital stock of the Corporation having at least a majority of the votes which could be cast by the holders of all shares of capital stock of the Corporation. Only those matters set forth in the notice of the special meeting may be considered or acted upon at such special meeting, unless otherwise provided by law.

NINTH: In addition to any other consideration which the Board of Directors may lawfully take into account, in determining whether to take or refrain from taking corporate action on any matter, including proposing any matter to the stockholders of the Corporation, the Board of Directors may take into account the long-term as well as short-term interests of the Corporation and its stockholders (including the possibility that these interests may be best served by the continued independence of the Corporation), customers, employees and other constituencies of the Corporation and its subsidiaries, including the effect upon communities in which the Corporation and its subsidiaries do business.

TENTH: The Corporation is to have perpetual existence.

ELEVENTH:

Section 1. Liability of Directors. A director of this Corporation shall not be liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the General Corporation Law of the State of Delaware as the same exists or may hereafter be amended. Any repeal or modification of the foregoing paragraph shall not adversely affect any right or protection of a director of the Corporation existing hereunder with respect to any act or omission occurring prior to such repeal or modification.

Section 2. Indemnification. The Corporation shall indemnify, and advance expenses to, in accordance with the Bylaws of the Corporation, to the fullest extent permitted from time to time by the General Corporation Law of the State of Delaware or any other applicable laws as presently or hereafter in effect, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (including, without limitation, an action by or in the right of the Corporation), by reason of his acting as a director or officer of the Corporation (and the Corporation, in the discretion of the Board of Directors, may so indemnify a person by reason of the fact that he is or was an employee or agent of the Corporation or is or was serving at the request of the Corporation in any other capacity for or on behalf of the Corporation) against any liability or expense actually and reasonably incurred by such person in respect thereof; provided, however, the Corporation shall be required to indemnify an officer or director in connection with an action, suit or proceeding (or part thereof) initiated by such person only if such action, suit or proceeding (or part thereof) was authorized by the Board of Directors of the Corporation. Such indemnification is not exclusive of any other right to indemnification provided by law or otherwise. The right to indemnification conferred by this Section 2 shall be deemed to be a contract between the Corporation and each person referred to herein.

Section 3. Payment of Claims. If a claim under Section 2 of this ARTICLE ELEVENTH is not paid in full by the Corporation within thirty days, the claimant may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where any undertaking required by the Bylaws of the Corporation has been tendered to the Corporation) that the claimant has not met the standards of conduct which make it permissible under the General Corporation Law of the State of Delaware and Section 2 of this ARTICLE ELEVENTH for the Corporation to indemnify the claimant for the amount claimed, but the burden of proving such defense shall be on the Corporation. Neither the failure of the Corporation (including

its Board of Directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he or she has met the applicable standard of conduct set forth in the General Corporation Law of State of Delaware, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct.

Section 4. Non-Exclusivity. The right to indemnification and the payment of expenses incurred in defending a proceeding in advance of its final disposition conferred in this ARTICLE ELEVENTH shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of this Certificate of Incorporation, bylaw, agreement, contract, vote of stockholders or disinterested directors, or otherwise.

Section 5. Insurance. The Corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the Corporation would have the power to indemnify him against such liability under the provisions of this ARTICLE ELEVENTH, the General Corporation Law of the State of Delaware, or otherwise.

Section 6. Effect of Amendment. No amendment to or repeal of all or any part of this ARTICLE ELEVENTH shall adversely affect any right or protection existing at the time of such repeal or amendment.

TWELFTH: In furtherance and not in limitation of the powers conferred by statute, the Board of Directors is expressly authorized to make, adopt, alter, amend or repeal the Bylaws of the Corporation.

THIRTEENTH: Meetings of the stockholders may be held at such places, within or without the State of Delaware, as may be designated by or in the manner provided in the Bylaws. The books of the Corporation may be kept (subject to the provisions of any law or regulation) outside the State of Delaware at such place or places as may be designated from time to time by the Board of Directors or in the Bylaws of the Corporation. Elections of directors need not be by written ballot unless the Bylaws of the Corporation shall so provide.

FOURTEENTH: The Corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred upon stockholders herein are granted subject to this reservation. No repeal, alteration or amendment of this Certificate of Incorporation shall be made unless the same is first approved by the Board of Directors of the Corporation pursuant to a resolution adopted by the affirmative vote of a majority of the directors then in office and thereafter approved by the stockholders. For purpose of the foregoing sentence and in addition to any other vote required by law, the affirmative vote of the holders of shares of capital stock having at least two-thirds of the votes which could be cast by the holders of all shares of capital stock entitled to vote thereupon (or such greater proportion as may be required by law), voting together as a single class, at a duly constituted meeting of stockholders called expressly for such purposes, shall be required to repeal, alter or amend any provisions of, or adopt any provision inconsistent with, Sections 4 or 5 of Article FOURTH or Articles SIXTH, SEVENTH, EIGHTH or NINTH or this Article FOURTEENTH.

I, the undersigned, being the incorporator hereinbefore named, for the purpose of forming a corporation pursuant to the General Corporation Law of the State of Delaware, do make this certificate, hereby declaring and certifying that this is my act and deed and the facts herein stated are true, and accordingly have hereunto set my hand as of this 8th day of March, 1995.
