FOR IMMEDIATE RELEASE

TURKCELL WILL RECOMMEND 20% DIVIDEND DISTRIBUTION AT THE  
ANNUAL GENERAL MEETING

Istanbul, Turkey: April 26, 2004 - Turkcell (NYSE: TKC, ISE: TCELL), the leading provider of mobile communications in Turkey, announced today that the Turkcell Board of Directors has decided to recommend a 20% dividend distribution, from its 2003 distributable net income, to its shareholders. The proposed dividend will be in the form of a 50% cash and 50% share distribution. The gross distributable dividend after legal reserves amounts to TL236,317 billion (US\$170.2 million\*). Accordingly, the total gross cash dividend of TL118,159 billion (US\$85.1 million\*) will be distributed to its shareholders, representing a cash dividend of TL236 (USc 0.02\*) per ordinary share and approximately TL590,000 (USc42.5\*) per ADR. Turkcell shareholders could be subject to a withholding tax deduction, of up to 10%, from the gross dividend depending on the applicable tax regulations. The stock dividend will be 23.6% per share.

Previously, Turkcell was not legally eligible to distribute dividends under Turkish regulations because of its accumulated balance sheet loss under Turkish Accounting Standards. However, new Turkish Accounting Standards and Turkcell's 2003 net profit has enabled Turkcell to distribute a dividend. Accordingly, Turkcell will be able to distribute a dividend following the approval of its shareholders at its Annual General Meeting.
