**PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
NOVEMBER 14, 2007**

GENERAL

This Proxy Statement and the enclosed proxy card are being mailed on or about October 10, 2007, to stockholders (Stockholders) of Versar, Inc. (Versar or the Company) in connection with the solicitation by the Board of Directors of the Company of proxies for use at the 2007 Annual Meeting of Stockholders (the Annual Meeting) and any adjournment(s) or postponement(s) thereof. The Annual Meeting will be held at 10:00 a.m. eastern standard time at the Company's offices at 6850 Versar Center, Springfield, Virginia 22151, on November 14, 2007. Any person giving a proxy pursuant to this Proxy Statement may revoke it at any time before it is exercised at the meeting by filing with the Secretary of the Company an instrument revoking it or by delivering to the Company a duly executed proxy bearing a later date. In addition, if the person executing the proxy is present at the Annual Meeting, he or she may revoke such proxy by voting his or her shares in person. Proxies in the form enclosed, if duly signed and received in time for voting, and not revoked, will be voted at the Annual Meeting in accordance with the directions specified therein.

On or about October 10, 2007, the Annual Report of the Company for fiscal year 2007 (including financial statements), the Notice of Annual Meeting, this Proxy Statement, and the enclosed proxy card are being mailed in a single envelope to holders of Versar's Common Stock, par value \$.01 per share (Common Stock), at the close of business on September 28, 2007 (the Record Date).

Record Date and Voting Rights

Only holders of record of Common Stock on the Record Date are entitled to notice of and to vote at the Annual Meeting and any adjournment(s) or postponement(s) thereof. There were 8,798,323 shares of Common Stock outstanding and entitled to vote as of the Record Date. Each share of Common Stock entitles the holder to one vote on all matters of business at the meeting.

The By-laws of the Company require that the holders of a majority of the outstanding shares of the Company's Common Stock entitled to vote at the Annual Meeting be present in person or represented by proxy in order for a quorum to exist for the transaction of business at that meeting. Abstentions and broker non-votes (which occur if a broker or other nominee does not have discretionary authority and has not received voting instructions from the beneficial owner with respect to the particular item) are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Assuming that a quorum is present for the Annual Meeting, then those nine nominees for director who receive the highest number of votes cast will be elected. Abstentions and broker non-votes will have no effect on the outcome of the election of directors.

Proposal No. 2 must be approved by the affirmative vote of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote thereon. For purposes of Proposal No. 2, abstentions are counted for purposes of calculating shares entitled to vote but are not counted as shares voting and therefore have the effect of a vote against such proposal. For purposes of Proposal No. 2, broker non-votes are not counted as shares entitled to vote and therefore have no effect with respect to such proposal.

Any proxy which is returned by a Stockholder properly completed and which is not revoked will be voted at the Annual Meeting in the manner specified therein. Unless contrary instructions are given, the persons designated as proxy holders in the accompanying proxy card (or their substitutes) will vote FOR the election of the Board of Directors nominees, FOR Proposal No. 2 and in the proxy holders discretion with regard to all other matters. Any unmarked proxies, including those submitted by brokers (other than broker non-votes) or custodians, nominees or fiduciaries, will be voted in favor of the nominees for the Board of Directors and other proposals, as indicated in the accompanying proxy card.

The cost of preparing, assembling and mailing all proxy materials will be borne by Versar. In addition to solicitation by mail, solicitations may be made by personal interview, telephone, and telegram by officers and regular employees of the Company or its subsidiaries, acting without additional compensation. Versar anticipates that banks, brokerage houses, and other custodians, nominees, and fiduciaries will forward this material to beneficial owners of shares of Common Stock entitled to vote at the Annual Meeting, and such persons will be reimbursed by Versar for the out-of-pocket expenses incurred by them in this regard.

Committees of the Board of Directors

The Board of Directors of Versar has standing Executive, Audit, Compensation, and Nominating & Governance Committees.

During fiscal year 2007, the members of the Executive Committee were Dr. Prociv (Chairman), Dr. Durfee, Mr. Galaviz, Ms. Hoerber and Mr. Hoepfer. The primary duty of the Executive Committee is to act in the Board's stead when the Board is not in session, during which time the Committee possesses all the powers of the Board in the management of the business and affairs of the Company, except as otherwise limited by law.

The Audit Committee, which the Board of Directors has determined is comprised exclusively of non-employee directors who are independent, as defined by the American Stock Exchange listing standards and the rules and regulations of the Securities and Exchange Commission, from July 1, 2006 to February 6, 2007 consisted of Messrs. Gallagher (Chairman), Hoepfer, Galaviz and Dr. Metry. Starting on February 6, 2007, Dr. Durfee joined the Audit Committee and Mr. Galaviz moved to the Compensation Committee. The Committee's primary responsibilities, as defined by its written charter, (which is posted on the Company's website at www.versar.com under Corporate Governance) are to provide oversight of the Company's accounting and financial controls, review the scope of and procedures to be used in the annual audit, review the financial statements and results of the annual audit, and retain, and evaluate the performance of, the independent accountants and the Company's financial and accounting personnel. The Board of Directors has determined that Mr. Hoepfer qualifies as an Audit Committee Financial Expert as defined under the rules and regulations of the Securities and Exchange Commission and is independent as noted above.

The Compensation Committee was comprised of Dr. Metry (Chairman), Mr. Hansen and Ms. Hoerber from July 1, 2006 through February 6, 2007 when Mr. Galaviz was added to the Committee. The Board of Directors has determined that Dr. Metry, Mr. Galaviz, Mr. Hansen and Ms. Hoerber are independent for purposes of Compensation Committee service in accordance with the listing standards of the American Stock Exchange. The Committee, pursuant to a written charter (which is posted on the Company's website at www.versar.com under Corporate Governance), approves goals and objectives related to executive compensation, reviews and adjusts compensation paid to the President and CEO of the Company and all executive officers, and administers the Company's incentive

compensation plans, including cash bonus and stock option and restricted share grants under those plans. The Committee also reviews and determines an appropriate compensation program for the Board of Directors. The Committee's charter provides that it may delegate to management the allocation and issuance of stock options and other forms of equity-based compensation to employees other than executive officers, to the extent consistent with the terms of any plan and applicable law. The Committee utilizes the services of Steve Parker of HR Solutions, an executive compensation advisory firm. Dr. Prociv provides the Committee with compensation recommendations

with respect to non-operating officers and Mr. Sinnott. Mr. Sinnott provides the Committee with compensation recommendations with respect to operating officers.

The Nominating & Governance Committee was comprised, during fiscal year 2007, of Dr. Markels (Chairman), Mr. Hoeper, Mr. Gallagher and Ms. Hoerber, all independent directors in accordance with the listing standards of the American Stock Exchange. The Committee, pursuant to a written charter, (which is posted on the Company's website at www.versar.com under Corporate Governance) reviews and approves Board committee charters, conducts assessments of Board performance, develops criteria for Board membership and proposes Board members who meet the criteria for the annual election of directors. The Committee also identifies potential Board members to fill vacancies which may occur between annual stockholder meetings. Stockholders may submit nominees for the Board of Directors in writing to the Chairman of the Nominating & Governance Committee at the Company's Springfield office, care of the Corporate Secretary, no later than June 12, 2008 for the 2008 Annual Meeting of Stockholders. The Committee also develops and implements corporate governance principles and policies.

Board and Committee Meetings; Annual Meeting Attendance

During fiscal year 2007, the Board of Directors met four times. The Executive Committee met once. The Audit Committee met four times. The Compensation Committee met four times. The Nominating & Governance Committee met five times. All directors of the Company attended at least 75% of all meetings of the Board and committees on which they served. The Company does not have a policy requiring Board Members to attend annual meeting of the stockholders. All of the Board members attended the last annual meeting in 2006.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2007, Dr. Metry, Mr. Hansen, Mr. Galaviz and Ms. Hoerber served as members of the Compensation Committee. No reported relationships or transactions exist for such Committee Members.

Corporate Governance

The Company's business is managed by its employees under the oversight of the Board of Directors. Except for Dr. Proxiv, none of the Board members was an employee of the Company during fiscal year 2007, nor are any now. The Board limits membership of the Audit, Compensation and Nominating & Governance Committees to persons determined to be independent under the American Stock Exchange (AMEX) and Securities and Exchange Commission (SEC) regulations.

The Board of Directors has established Corporate Governance Guidelines that, along with the charters of the Board's committees and the Company's Code of Conduct, provide a framework for the governance of the Company. The Corporate Governance Guidelines and committee charters are posted on the Company's website www.versar.com, under Corporate Governance.

The Board believes that independent directors must comprise a substantial majority of the Board. Through fiscal year 2007 and through today all of the Board members, except Dr. Proxiv, have met the AMEX and SEC standards for independence. The Board has determined that all of the following eight non-employee directors, who are also nominees, are independent directors: Paul J. Hoepfer, Robert L. Durfee, James L. Gallagher, Fernando V. Galaviz, Amoretta M. Hoeber, Amir A. Metry, Michael Markels, Jr. and James V. Hansen.

Under the Corporate Governance Guidelines, the Nominating & Governance Committee has the responsibility for determining which individuals, including existing directors, shall be submitted to the Board for nomination and the Stockholders for election as directors. There is, however, no formal nominating or screening process or procedure. The Board of Directors determined that no formal written policy with regard to consideration of director nominees recommended by Stockholders is necessary based on the Company's policy to consider any nominee presented by a Stockholder for consideration in a timely manner. The Corporate Governance Guidelines require that director nominees should possess the highest personal and professional ethics, integrity and values and be committed to representing the long-term interests of the Stockholders.

Versar has not adopted a formal process for Stockholder communications with the Board of Directors. Nevertheless, Stockholders and employees who desire to communicate directly to the Board of Directors, any of the Board's Committees, the non-employee directors as a group or any individual director should write to the address below:

The Company intends to disclose on its website any waivers granted under this Code of Conduct to its principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions. As of the date of this Proxy Statement, no waivers have been requested or granted.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Compensation Philosophies and Policies

The compensation philosophy of the Compensation Committee (the Committee) is built on the principles of pay for performance, shared ownership and alignment of management with the long-term interest of our stockholders. The

Committee's executive compensation policies are designed to provide competitive levels of compensation which integrate pay with performance, recognize individual initiative and achievements and assist the Company in attracting and retaining qualified executives. The target levels of the executive officers' overall compensation are intended to be consistent with compensation in the professional services industry for similar executives.

The Company's executive compensation program includes three components:

Base Salary Salaries are based upon performance of the executive and are evaluated against the Company's financial and strategic objectives and of salaries paid to other executives in the professional services industry.

Annual Bonus Bonuses are paid pursuant to an executive incentive bonus plan established each year by the Committee and are intended to reward performance during the fiscal year. Under the bonus plan, an incentive pool is created each fiscal year if certain goals set by the Board are met. If the Company meets the

goals, the Committee then determines the allocation of the incentive pool among the executive officers based on the executive officer's position and contribution to the Company.

Long-Term Incentive Awards The purpose of this element of the Company's executive compensation program is to link management compensation with the long-term interest of stockholders, as well as the performance of the Company in a single fiscal year. Long-term incentive awards are made at the discretion of the Committee, and the Committee bases its decision to grant such awards on the individual's performance or potential to improve shareholder value.

Compensation Process

The Committee annually reviews the compensation of senior management, usually in September of each year. The Committee receives input from Dr. Procriv with respect to Mr. Sinnott's and Mr. Dobbs' compensation and from Mr. Sinnott with respect to Mr. Wagonhurst's and Ms. Foringer's compensation. The Committee also meets privately with the Chief Executive Officer to determine the base salary, bonus and incentive payments of the other executive officers.

In making its compensation decisions, the Committee uses information compiled by Mr. Steve Parker of HR Solutions, a compensation consulting firm. Annually, Mr. Parker compiles information from compensation surveys and benchmarks, including those prepared by Mercer, Radford, WTPR and Culpetter regarding companies in the professional services industry. The compilation prepared by Mr. Parker includes compensation data for different executive levels of professional services companies of various sizes and in various geographic locations. The compilation also includes an average of the mid-range of the salaries and bonus percentages for the various executive levels included in each of the surveys. In making compensation decisions, the Committee seeks to set the executives' salaries and bonuses to these averages.

In making compensation decisions, the Committee also takes into account the accounting and tax impact to the Company of the proposed compensation under consideration. Section 162(m) of the Internal Revenue Code has not been a relevant factor in the Committee's compensation decisions, because the levels of compensation historically paid to the executive officers have been substantially below the \$1 million threshold set forth in Section 162(m). If the Committee were to consider compensation increases sufficient to reach this threshold, advice regarding application and impact of Section 162(m) would be sought.

In determining executive compensation for fiscal year 2008, the Committee considered the performance of the Company's stock, the financial performance of the Company during fiscal year 2007 and the individuals' performance against pre-established goals and other accomplishments during fiscal year 2007. In setting executive compensation for fiscal year 2007, the Committee focused on promotions and individual performance against pre-established goals and other accomplishments in fiscal year 2006.

Compensation Decisions

Base Salary

The Committee considers several factors in setting base salary. First, the Committee reviews the compilation prepared by the compensation consultant to determine if an executive's salary is in the mid-range of the salaries for similar positions. For both fiscal years 2007 and 2008, each named executive officer's salary was at or below the mid-point of the salaries for comparable positions outlined in the compilation. The Committee also receives input from Dr. Procriv with respect to Mr. Sinnott's and Mr. Dobbs' base salaries and from Mr. Sinnott with respect to Mr. Wagonhurst's and Ms. Foringer's base salaries. In addition, the Committee reviews the individual's performance, the Company's

performance, its managerial talent and the Committee's organizational assessment of the Company's leadership team.

Although the Company did not meet its performance goals for fiscal year 2006, the Committee in September 2006 granted the following salary increases, which commenced on October 1, 2006, based upon individual performance or promotions, as well as the other factors described above. Specifically, Dr. Prociv received a \$15,000 salary increase, Mr. Sinnott received a \$17,000 salary increase, Mr. Dobbs received a \$4,000 salary increase, Mr. Wagonhurst received a \$4,000 salary increase and Ms. Foringer received a \$15,000 salary increase.

After the end of fiscal year 2007, the Committee evaluated the factors discussed above and increased the base salaries of each of the named executive officers for fiscal year 2008 to the following levels:

Named Executive Officer	FY07 Base Salary	FY08 Base Salary(1)	Percent Changed
Theodore M. Procriv	\$ 300,000	\$ 330,000	10%
Lawrence W. Sinnott	\$ 190,000	\$ 210,000	15.8%
James C. Dobbs	\$ 172,000	\$ 180,000	3.5%
Jeffrey V. Wagonhurst	\$ 170,000	\$ 185,000	8.8%
Gina Foringer	\$ 160,000	\$ 165,000	3.1%

(1) Base salary adjustments begin at the pay period on or around October 1, 2007.

Specifically, regarding the Chief Executive Officer's fiscal year 2008 salary noted above, the Committee discussed the Chief Executive Officer's performance, the fact that he met or exceeded all of his performance goals and the compensation data provided to the Committee.

Bonuses

Under the bonus plan, a bonus pool in which executive officers and certain other employees may participate is created each fiscal year if the Company meets certain minimum pre-tax income goals set by the Board, and the size of the bonus pool increases as pre-tax income increases beyond those goals. Under the bonus plan for fiscal year 2007, the Company had to earn at least \$1.6 million in pre-tax income in order for a bonus pool to be created. At \$1.6 million in pre-tax income, the bonus plan set the bonus pool at \$100,000. However, executive officers and certain other executives are not able to participate in the bonus pool until the pool reaches a certain threshold, which was \$200,000 for fiscal year 2007. Once the threshold is reached, a portion of the bonus pool is set aside for the executive officers and certain other executives. The portion of the bonus pool set aside for them ranges between 40% and 60% of the amount in the bonus pool in excess of the threshold. Until fiscal year 2007, the threshold was not met.

Because the Company earned \$4.1 million in pre-tax income during fiscal 2007, \$570,000 of the bonus pool was set aside for executive officers and certain other executives. However, the Committee reduced this bonus pool to \$515,000 following the Chief Operating Officer/Chief Financial Officer's recommendation that \$55,000 be transferred to bonuses for middle management and staff in order to adequately reward their efforts. The Committee then allocated the \$515,000 among the executive officers and certain other executives based on the individual's position, the individual's contribution to the Company and the mid-range bonuses in the compilation prepared by the compensation consultant. Periodically, the Committee may make additional discretionary cash bonuses to executive officers in order to reward exemplary performance. During fiscal year 2007, the Committee granted Mr. Dobbs a \$10,000 cash bonus to reward his work in resolving certain litigation. During fiscal year 2007, the Committee also granted Mr. Wagonhurst and Ms. Foringer cash bonuses of \$21,656 and \$5,000, respectively, in order to reward them for their performance during fiscal year 2006.

Restricted Stock Awards

While the cash bonus focuses solely on past performance, discretionary restricted stock awards take into account both past performance and the need to provide the executive officers with an investment in and incentive to drive future performance of the Company. During fiscal year 2007, the Committee granted Mr. Dobbs an award of 2,000 restricted

shares to reward his work in resolving certain litigation during fiscal year 2007. During fiscal year 2007, the Committee also granted restricted stock awards of 2,000 shares to each of Mr. Sinnott, Mr. Wagonhurst and Ms. Foringer in order to reward them for their performance in fiscal year 2006.

On September 6, 2007, the Committee adopted the recommendation of the Chairman and the following restricted stock awards were made to the named executive officers in order to reward their performance.

Named Executive Officer	Restricted Stock Awarded (# of shares)
Theodore M. Prociv	25,000
Lawrence W. Sinnott	15,000
James C. Dobbs	10,000

Employment Contract

In 2005 the Company entered into an employment agreement with Dr. Prociv, which specifies the terms under which he serves as the Company's President and Chief Executive Officer. The Company has periodically extended the term of Dr. Prociv's employment agreement, and the last extension occurred on September 6, 2007 when the Board of Directors agreed to extend the agreement, which was set to expire on December 1, 2007, for an additional year and to increase Dr. Prociv's base salary from \$300,000 to \$330,000 per year. Dr. Prociv is also entitled to receive the benefits available to the other executive officers and to participate in all medical, hospital, dental, life, disability and other insurance plans available to executive officers.

If the Company terminates Dr. Prociv's employment without cause, then he is entitled to receive (i) a lump sum payment equal to his base salary, any accrued incentive compensation, deferred compensation and accrued personal leave and (ii) the continuation of his fringe benefits for 12 months. If Dr. Prociv's employment is terminated by the Company for cause, the Company is required to continue paying Dr. Prociv his base salary and continue to provide the fringe benefits Dr. Prociv was receiving at the time of his termination for eight weeks following his termination.

Following a change of control, if Dr. Prociv's employment is terminated by the Company without cause (other than as a result of his death or disability) or if Dr. Prociv resigns for good reason (*e.g.*, as a result of change in title, salary reduction, or change in geographic location), then he is entitled to receive (i) a lump sum cash payment equal to two times his base salary, (ii) a lump sum cash payment equal to two times the higher of the amounts paid to Dr. Prociv under any existing bonus or incentive plan in the calendar year preceding the termination of his employment or the calendar year in which change of control occurred, (iii) a lump sum payment for any amounts accrued under any other incentive plan, (iv) a continuation for 24 months of the life, disability, accident, health and dental insurance benefits he was receiving before the end of his employment and (v) all unvested options will immediately vest and remain exercisable for the longest period of time permitted by the applicable stock option plan. Dr. Prociv will also receive the benefits described in the preceding sentence if following a potential change of control, but before the change of control occurs, Dr. Prociv's employment is terminated by the Company without cause at the direction of the person who has entered into the agreement that will result in change of control (the Acquiror) or he resigns for good reason and the events constituting good reason occur at the direction of the Acquiror. Dr. Prociv will also receive the benefits described above if a successor to the Company fails to assume the employment contract.

The following table estimates and summarizes the potential payments and benefits, other than the benefits ordinarily available to salaried employees, to which Dr. Prociv would have received if his employment had been terminated on the last day of fiscal year 2007 under the circumstances described below.

	Salary	Bonus	Benefits
	\$	\$	\$(1)

Termination for cause	46,154		798
Termination or resignation following a change of control	600,000		10,369
Termination or resignation following a potential change of control	600,000		10,369
Successor fails to assume the contract	600,000		10,369

(1) Payment for additional benefit costs paid by the Company on behalf of Dr. Prociv and not generally available to other employees for life and disability insurance.

Change of Control Agreements

The Company has entered into change of control agreement with Messrs Sinnott, Dobbs and Wagonhurst. Under each of the agreements, following a change of control, if the executive's employment is terminated by the Company without cause (other than as a result of his death or disability) or if the executive resigns for good reason (*e.g.*, as a result of change in title, salary reduction, or change in geographic location), then he is entitled to receive (i) a lump sum cash payment equal to two times his base salary, (ii) a lump sum cash payment equal to two times the

higher of the amounts paid to the executive under any existing bonus or incentive plan in the calendar year preceding the termination of his employment or the calendar year in which change of control occurred, (iii) a lump sum payment for any amounts accrued under any other incentive plan, (iv) a continuation for 24 months of the life, disability, accident, health and dental insurance benefits he was receiving before the end of his employment and (v) all unvested options will immediately vest and remain exercisable for the longest period of time permitted by the applicable stock option plan. The executive will also receive the benefits described in the preceding sentence if following a potential change of control but before the change of control occurs, the executive's employment is terminated by the Company without cause at the direction of the person who has entered into the agreement that will result in change of control (the Acquiror) or he resigns for good reason and the events constituting good reason occur at the direction of the Acquiror. The executive will also receive the benefits described above if a successor to the Company fails to assume the change of control agreement.

REPORT OF THE AUDIT COMMITTEE

The Board's Audit Committee consists of four non-employee directors: James L. Gallagher, as Chairman, Paul J. Hooper, Dr. Robert L. Durfee and Dr. Amir A. Metry. Fernando V. Galaviz served on the Committee until February 6, 2007, when he was replaced by Dr. Robert L. Durfee. Each member has been determined to be an independent director under the American Stock Exchange listing standards and the rules and regulations of the Securities and Exchange Commission. Further, the Company's Board of Directors has determined that Mr. Hooper is qualified as an Audit Committee Financial Expert. Pursuant to the Committee's written charter, which meets the requirements of the Sarbanes-Oxley Act, the Committee evaluates audit performance, manages the relationship with the Company's independent registered public accounting firm, assesses policies and procedures relating to internal controls and evaluates complaints regarding auditing and accounting matters. This report relates to the activities of the Audit Committee in carrying out such role for the past year.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Company's management has the primary responsibility for the financial statements and reporting process, which includes the Company's systems for internal controls. In carrying out its oversight responsibilities, the Committee met with management and reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended June 29, 2007. The review included a discussion of the quality and acceptability of the Company's financial reporting and controls, including the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements.

The Committee also reviewed with the Company's independent registered public accounting firm, Grant Thornton LLP (Grant Thornton), who are responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Committee under generally accepted auditing standards and SAS (Statement on Auditing Standards) 61. In addition, the Committee discussed with Grant Thornton their independence from management and the Company, including the matters in their written disclosures required by the Independence Standards Board, including Standard No. 1, and received written disclosures required by that standard. The Committee held several private sessions with the Company's independent auditors, Grant Thornton, at which candid discussions of financial management, accounting and internal controls took place.

The Committee meets periodically and privately with Grant Thornton to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended June 29, 2007 for filing with the Securities and Exchange Commission.

Under the Committee's Charter and the requirements of the Sarbanes-Oxley Act and Rule 10A-3 adopted by the Securities and Exchange Commission, the responsibility for the appointment, compensation, retention and oversight of the work of the Company's independent registered public accounting firm rests with the Audit Committee. Based upon a review of Grant Thornton's qualifications, resources, personnel and performance, the Committee has selected Grant Thornton as the Company's independent registered public accounting firm for fiscal year 2008 and is submitting its decision for Stockholder ratification at the Annual Meeting.
