ANNUAL MEETING OF STOCKHOLDERS
THURSDAY, NOVEMBER 16, 2006

SOLICITATION AND REVOCATION OF PROXIES

The enclosed proxy is solicited by the Board of Directors of Allied Healthcare Products, Inc., a Delaware corporation (the "Company"), for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at 9:00 a.m., Central Time, Thursday, November 16, 2006, or at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Corporate Headquarters of Allied Healthcare Products, Inc., 1720 Sublette, St. Louis, Missouri 63110. The proxy is revocable at any time prior to its exercise by delivering to the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

This proxy material is first being sent to stockholders on or about October 13, 2006.

OUTSTANDING SHARES AND VOTING RIGHTS

Stockholders of record at the close of business on Monday, October 2, 2006 are entitled to notice of and to vote at the Annual Meeting. As of the close of business on that date, there were outstanding and entitled to vote 7,874,577 shares of common stock, \$.01 par value ("Common Stock"), each of which is entitled to one vote. No cumulative voting rights exist under the Company's Amended and Restated Certificate of Incorporation. For information regarding the ownership of the Company's Common Stock by holders of more than five percent of the outstanding shares and by the management of the Company, see "Security Ownership of Certain Beneficial Owners and Management."

For purposes of determining the presence of a quorum and counting votes on the matters presented, shares represented by abstentions and "broker non-votes" (described below) will be counted as present, but not as votes cast, at the Annual Meeting. Under Delaware law and the Company's By-laws, the election of directors at the Annual Meeting will be determined on the basis of the five candidates receiving the highest pluralities of votes cast at the Annual Meeting. Any other matters submitted for consideration at the Annual Meeting requires the affirmative vote of the holders of a majority of the Company's Common Stock represented and voting at the Annual Meeting for approval. Proxies submitted by brokers that do not indicate a vote for some of the proposals because the brokers don't have discretionary voting authority and haven't received instructions from the beneficial owners on how to vote on those proposals are called "broker non-votes." Whether broker have discretionary voting authority in the absence of explicit grants of such authority by their customers is governed by regulations of stock exchanges of which the brokers are members or by applicable state law. The Company does not believe that "broker non-votes" will materially affect any matter expected to be presented to the meeting.

2

IF YOU SIGN AND RETURN THE PROXY FORM AND DO NOT SPECIFY OTHERWISE, WE WILL VOTE YOUR SHARES FOR THE ELECTION OF THE FIVE NOMINEES LISTED ABOVE.

BOARD OF DIRECTOR INDEPENDENCE

The Board has determined that each of the current Directors and the nominee standing for election is independent within the meaning of Company's director independence standards, which reflect the NASDAQ National Market ("NASDAQ") director independence standards, as currently in effect and as they may be changed from time to time. Furthermore, the Board has determined that each of the members of each of the committees is independent within the meaning of the Sarbanes-Oxley Act of 2002 (Audit Committee) and the NYSE committee independence standards (Audit, Compensation and Nominating/Corporate Governance Committees).

BOARD MEETINGS -- COMMITTEES OF THE BOARD

The Board of Directors of the Company held four meetings during the fiscal year ended June 30, 2006. The Board of Directors presently maintains a Compensation Committee, an Audit Committee and a Governance and Nominating Committee.

The Compensation Committee consists of Messrs. Hickey, Peck and Madam Graves. This committee reviews and approves the Company's executive compensation policy, administers the Company's incentive compensation bonus plan and makes recommendations concerning the Company's employee benefit policies and stock option plans in effect from time to time. The Compensation Committee held two meetings during the fiscal year ended June 30, 2006.

The Audit Committee consists of Messrs. Hickey, Peck and Madam Graves. The Charter for the Audit Committee is set forth in Appendix A to this Proxy Statement. This committee recommends engagement of the Company's independent auditors and is primarily responsible for approving the services performed by the Company's independent auditors and for reviewing and evaluating the Company's accounting principles and its systems of internal accounting controls. The Audit Committee held two meetings during the fiscal year ended June 30, 2006. The Board of Directors has determined that nominees for director should meet all the criteria that have been established by the Board of Directors and the Nomination, Compensation and Governance Committee for board membership and

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

not just have certain specific qualities or skills, like those that would qualify a nominee as an "audit committee financial expert." Accordingly, the Board of Directors believes that it is not in the best interests of the Company to nominate as a director someone who does not have all the experience, attributes and qualifications sought. The Audit Committee consists of three independent directors, each of whom has been selected for the Audit Committee by the Board of Directors based on its determination that they are fully qualified to monitor the performance of management, internal accounting operations and the independent public accountants, and are fully qualified to monitor the disclosures of the Company to the end that they fairly present its financial condition and results of operations. Although one or more of the members of the Audit Committee meets, in the Company's opinion, the SEC definition of an "audit committee financial expert," the Board of Directors has decided not to designate any one of them as such. In addition, the Audit Committee has the ability on its own to retain other independent public accountants or other consultants whenever it deems appropriate. The Board of Directors believes that this is fully equivalent to having an "audit committee financial expert" on the Audit Committee.

The Governance and Nominating Committee consists of Messrs. Hickey, Peck and Madam Graves. This committee recommends nominees to fill vacancies on the Board of Directors. The Governance and Nominating Committee did not hold a meeting during the fiscal year ended June 30, 2006. The Governance and Nominating Committee will consider nominees submitted by stockholders for inclusion on the recommended list of nominees submitted by the Company and voted on at the Annual Meeting of Stockholders in 2007 if such nominations are submitted in writing to the Company's headquarters Attention: Governance and Nominating Committee, no later than June 1, 2007.

COMPENSATION OF DIRECTORS

Each director who is not an employee of the Company is entitled to receive an annual fee of \$15,000 for his services as a director and additional fees of \$1,000 for attendance at each meeting of the Board of Directors and

3

\$350 for attendance at each meeting of committees of the Board of Directors. The Audit Committee Chairman is entitled to receive an additional annual fee of \$1,000. Directors are also entitled to reimbursement for their expenses in attending meetings.

In 1995, the Company's stockholders approved and adopted the 1995 Stock Option Plan for Directors (the "1995 Directors' Plan") to the members of the Board of Directors who are not employees of the Company or any of its subsidiaries. The 1995 Directors' Plan granted options to directors on a formula basis at the time of initial election to the board, for service on certain board committees and for reelection to the board. Options outstanding under the 1995 Directors' Plan are subject to adjustment in the event of a reorganization, merger, consolidation, stock split, dividend payable in Common Stock, split-up, combination or other exchange of shares. The options are treated as non-qualified options for federal income tax purposes such that any value in the option is taxable as ordinary income as of the date of exercise. The purchase price for shares of Common Stock to be purchased upon the exercise of options is equal to the last reported sales price per share of Common Stock on the Nasdaq National Market on the date of grant (or the last reported sales price on such other exchange or market on which the Common Stock is traded from time to time).

As adopted, the 1995 Directors' Plan was intended to provide formula awards in accordance with certain then-applicable exemptive rules of the SEC and is

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

administered by the Board of Directors, which may delegate administration thereof to a committee of the Board. The 1995 Directors' Plan expired in accordance with its terms prior to the 2005 Annual Meeting of Stockholders. Options generally expire ten years from date of grant and the expiration of the 1995 Directors' Plan had no impact on outstanding options.

Pursuant to the express terms of the 1995 Directors Plan, options to purchase 10,000 shares of Common Stock were granted to each eligible director on the date such person is first elected to the Board of Directors of the Company. An option to purchase an additional 5,000 shares of Common stock is granted to each eligible director on the date such person is first elected to serve as Chairman of the Board of the Company. These options may not be exercised for a period of two years from the date of grant and thereafter become exercisable on a cumulative basis in 25% increments beginning on the second anniversary of the date of grant and concluding on the fifth anniversary thereof.

In addition, the 1995 Directors Plan provided that options to purchase 1,000 shares of Common stock were granted to each eligible director on the date such person is re-elected to the Board of Directors by the vote of the stockholders, at the annual or other meeting at which directors are elected, and that options to purchase 500 shares of Common Stock are granted to each eligible director on the date such person is elected or re-elected to serve as Chairman of a Committee maintained by the Board of Directors from time to time. These options may not be exercised for a period of one year from the date of grant and thereafter are exercisable in full.

Following termination of the 1995 Directors' Plan, the Board adopted, subject to shareholder approval, the Allied Healthcare Products Inc. Incentive Stock Plan for Non-Employee Directors. That Plan, which is being presented to stockholders for approval at the 2006 Annual Meeting, permits the Board discretion in continuing formula stock option grants on the basis used in the 1995 Directors' Plan or alternative forms of equity interests as discussed below. Initial grants, which are subject to stockholders' approval and adoption of the Incentive Stock Plan for Non-Employee Directors (the "2005 Directors' Plan") were made on the formula basis on December 14, 2005 upon of adoption of the 2005 Directors' Plan.

INDEMNIFICATION AND LIMITATION OF LIABILITY

The Company's Amended and Restated Certificate of Incorporation provides that the Company's directors are not liable to the Company or its stockholders for monetary damages for breach of their fiduciary duties, except under certain circumstances, including breach of the director's duty of loyalty, acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law or any transaction from which the director derived improper personal benefit. The Company's By-laws provide for the indemnification of the Company's directors and officers, to the full extent permitted by the Delaware General Corporation Law. The company also has

5

indemnification agreements with each officer and director providing for contractual indemnification substantially similar in scope to the provisions of the By-Laws.

ITEM NO. 2

APPROVAL OF INCENTIVE STOCK PLAN FOR NON-EMPLOYEE DIRECTORS

As discussed above in the context of compensation of the Company's

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

Directors, stockholders are being asked to ratify and approve the Allied Healthcare Products, Inc. Incentive Stock Plan for Non-Employee Directors (the "2005 Directors' Plan"). A copy of the 2005 Directors' Plan is attached as Appendix A to this Proxy Statement and the following discussion of the material terms of the Plan is qualified by reference to the full text of the Plan. THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE TO APPROVE AND ADOPT THE 2005 DIRECTORS' PLAN.

The 2005 Directors' Plan covers an aggregate of 75,000 shares and is intended to be adequate for awards and grants over the ten years following its adoption in December, 2005. The 2005 Directors' Plan was approved by unanimous written consent of the Board which was completed on December 14, 2005, and initial grants of Formula Awards of options for an aggregate of 5,500 shares, subject to stockholder approval of the Plan, were made on that date.

Since 1995 the Company has utilized options as part of the compensatory arrangements for its non-employee. The Company believes that including a component of equity interest in the shares of the Company's Common Stock is an efficient manner of aligning the interest of directors and stockholders and that it is an element in keeping the cash component of directors' compensation to a level that is consistent with the size and profitability of the Company's operations.

Upon expiration of the 1995 Directors' Plan, the Board decided to formulate a plan that would permit greater flexibility than was possible under the prior plan. While the Plan provides for Formula Awards which match the size and timing of awards under the prior plan, it also permits the Directors to shift to other forms of equity compensation including alternative non-statutory stock options, performance share awards or restricted stock grants. Any decision by the Board to utilize such an alternative grant program would suspend further grants of Formula Awards. Except for Formula Awards of 10,000 share options at the time of a director's initial election as a director, no award to any director in any year under the plan may involve shares in excess of one-tenth of one percent of the number of shares of the Company's Common Stock outstanding.

Stock options awarded under the 2005 Directors' Plan, including the Formula Awards, are non-statutory options. The optionee recognizes no taxable income at the time of grant and upon any exercise of the option is taxed at ordinary income rates in an amount equal to the excess of the fair market value at date of exercise over the exercise price. In the case of Performance Share Awards or Restricted Share Awards, taxable income will generally arise based on the fair market value at the date the shares are fully earned, vested and transferable although the recipient may have the right at the time of grant to recognize and pay tax immediately upon the then fair market value of the award.

The 2005 Directors' Plan provides for Formula Awards of stock options as follows:

- options to purchase 10,000 shares of Common Stock are granted to each eligible director on the date such person is first elected to the Board of Directors of the Company. These options may not be exercised for a period of two years from the date of grant and thereafter become exercisable on a cumulative basis in 25% increments beginning on the second anniversary of the date of grant and concluding on the fifth anniversary thereof.
- options to purchase 1,000 shares of Common stock are granted to each eligible director on the date such person is re-elected to the Board of Directors by the vote of the stockholders, at the annual or other meeting at which directors are elected, and that options to purchase 500 shares of Common Stock are granted to each eligible director on the date such person is elected or re-elected to serve as Chairman of the Board or of a

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

Committee maintained by the Board of Directors from time to time. These options may not be exercised for a period of one year from the date of grant and thereafter are exercisable in full.

6

All options granted under the 2005 Directors' Plan are nontransferable and subject to certain limitations upon the removal or resignation of the director, as set forth in the 2005 Directors' Plan, and expire ten years from the date of grant. No payments or contributions are required to be made by the directors other than in connection with the exercise of options.

The purchase price for shares of Common Stock to be purchased upon the exercise of options is equal to the last reported sales price per share of Common Stock on the Nasdaq National Market on the date of grant (or the last reported sales price on such other exchange or market on which the Common Stock is traded from time to time).

The Board may, in its discretion, terminate or suspend the 2005 Directors' Plan at any time. The Board may also amend or revise the 2005 Directors' Plan, or the terms of any option granted under the 2005 Directors' Plan, without stockholder approval, provided that such amendment or revision does not, except as otherwise permitted, increase the number of shares reserved for issuance under the 2005 Directors' Plan, change the purchase price established or expand the category of individuals eligible to participate in such plan. No amendment, suspension or termination will alter or impair any rights or obligations under any option previously granted with the consent of the grantee.

The Company receives no consideration for the grant of options under the 2005 Directors Plan. For accounting purposes, the Company will recognize as compensation expense for Formula Options and other awards, if any, under the 2005 Directors' Plan in accordance with Financial Accounting Standards Board Statement 123R.

OTHER BUSINESS

We do not know of any other matters to be presented at the meeting. If any other matter is properly presented for a vote at the meeting, your shares will be voted by the holders of the proxies using their best judgment.

- (1) 35,000 options were granted to employees under the 1999 Incentive Stock Option Plan. The purpose of the Plan is to provide a financial incentive to key employees who are in a position to make significant contributions to the Company. Options granted pursuant to the 1999 Incentive Stock Option Plan have an exercise price equal to the market price on the date of grant. Generally, these options become exercisable with respect to one-fourth of the shares covered thereby on each anniversary of the date of grant, commencing on the second anniversary thereof.
- (2) Potential realizable value is calculated based on an assumption that the price of the Company's Common Stock appreciates at the annual rate shown (5% and 10%), compounded annually, from the date of grant of the option until the end of the option term. The value is net of the exercise price but is not adjusted for the taxes that would be due upon exercise. The 5% and 10% assumed rates of appreciation are mandated by the rules of the SEC and do not in any way represent the Company's estimate or projection of future prices.

The following table sets forth information concerning option exercises and the value of unexercised options held by the Named Executive Officers as of June 30, 2006.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee, composed entirely of non-employee, independent members of the Board of Directors, reviews, recommends and approves changes to the Company's compensation policies and program for the chief executive officer, other senior executives and certain key employees. In addition to the delegated authority in areas of compensation, the Committee administers the Company's stock option plans and agreements and recommends to the Board of Directors annual or other grants to be made in connection therewith.

In the Committee's discharge of its responsibilities, it considers the compensation, primarily of the chief executive officer and the Company's other executive officers, and sets overall policy and considers in general the basis of the levels of compensation of other key employees.

POLICY AND OBJECTIVES. Recognizing its role as a key representative of the stockholders, the Committee seeks to promote the interests of stockholders by attempting to align management's remuneration, benefits and perquisites with the economic well being of the Company. Since the achievement of operational objectives should, over time, represent the primary determinant of share price, the Committee links elements of compensation of executive officers and certain key employees with the Company's operating performance. In this way, objectives under a variety of compensation programs should eventually reflect the overall performance of the Company. By adherence to the above program, the compensation process should provide for enhancement of stockholder value. Basically, the Committee seeks the successful implementation of the Company's business strategy by attracting and retaining talented managers motivated to accomplish these stated objectives. The Committee attempts to be fair and competitive in its views of compensation. Thus, rewards involve both business and individual performance. The key ingredients of the program consist of base salary, annual cash incentives and long range incentives consisting of stock options.

BASE SALARY. Base salaries for the chief executive officer, as well as other executive officers of the Company, are determined primarily based on performance. Generally, the performance of each executive officer is evaluated

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

annually and salary adjustments are based on various factors including revenue growth, earnings per share improvement, increases in cash flow, new product development, market appreciation for publicly traded securities, reduction of debt and personal performance. In addition, the Committee compares salary data for similar positions in companies that match the Company's size in sales and earnings and utilizes such data as a factor in setting base salaries. Specific reference is made to compensation market studies published by Salaries.com. The Committee approves base salary adjustments for the executive officers, including the chief executive officer.

12

CASH INCENTIVE COMPENSATION. To reward performance, the chief executive officer and other executive officers are eligible for annual cash bonuses. The actual amount of incentive compensation paid to each executive officer is predicated on an assessment of each participant's relative role in achieving the annual financial objectives of the Company as well as each such person's contributions of a strategic nature in maximizing stockholder value.

STOCK-BASED INCENTIVES. The Company's Employee Plans provide a long-term incentive program for the chief executive officer, other executive officers and certain other key employees. The basic objective of these plans is the specific and solid alignment of executive and stockholder interests by forging a direct relationship between this element of compensation and the stockholders' level of return. These programs represent a desire by the Company to permit executives and other key employees to obtain an ownership position and a proprietary interest in the Company's Common Stock.

Under these plans, approved by the stockholders, the Committee periodically recommends to the Board of Directors grants of stock options by the Board of Directors. Generally, the Committee attempts to reflect upon the optionee's potential impact on corporate financial and operational performance in the award of stock options.

The Committee may grant Stock Options shall be subject to the following terms and conditions and such other terms and conditions as the Committee may prescribe:

(a) Option Price. The option price per share with respect to each Stock Option shall be determined by the Committee, but shall not be less than 100% of the fair market value of the Common Stock on the date the Stock Option is granted, as determined by the Committee; provided, however, that during any period in which the Common Stock is listed for trading on a registered national securities exchange or on the NASDAQ National Market System, the fair market value shall be the lesser of (i) the average of the reported high and low prices or (ii) the reported closing price on the date of grant.

(b) Period of Option. The period of each Stock Option shall be fixed by the Committee, except that no Stock Option granted shall be exercisable not more than ten (10) years after the date so granted.

(c) Payment. The option price shall be payable at the time the Stock Option is exercised in cash or, at the discretion of the Committee, in whole or in part in the form of shares of Common Stock already owned by the grantee (based on the fair market value of the Common Stock on the date the option is exercised as determined by the Committee) for not less than six months. No shares shall be issued until full payment therefor has been made. A grantee of a Stock Option shall have none of the rights of a stockholder in the shares subject to such option until and unless such option is exercised and the shares are issued.

(d) Exercise of Option. The shares covered by a Stock Option may be purchased in such installments and on such exercise dates as the Committee may determine. Any shares not purchased on the applicable exercise date may be purchased thereafter at any time prior to the final expiration of the Stock Option. In no event (including those specified in paragraphs (e), (f) and (g) of this section below) shall any Stock Option be exercisable after its specified expiration period.

(e) Termination of Service. Upon the termination of a Stock Option grantee's service as a director of the Company (for any reason other than retirement or death), Stock Option privileges shall be limited to the shares which were immediately exercisable at the date of such termination and except as hereinafter provided, such privileges shall remain exercisable thirty days following the date of termination of employment or the stated expiration date of the Stock Option if earlier. The Committee, however, in its discretion may provide that any Stock Options outstanding but not yet exercisable upon the termination of a director's service shall vest if such termination of service arises from a merger or consolidation of the Company with or into another corporation or arises from a change of control of the Company.

(f) Retirement. Upon retirement of the Stock Option grantee, Stock Option

privileges shall apply to those shares immediately exercisable at the date of retirement and such privileges shall remain in force until the earlier of six months following the date of retirement or the stated expiration date of the Stock Option if earlier. The Committee, however, in its discretion, may provide at the time of grant that any Stock Options outstanding but not yet exercisable upon the retirement of the Stock Option grantee may become exercisable in accordance with a schedule to be determined by the Committee. Stock Option privileges shall expire unless exercised within such period of time as may be established by the Committee.

(g) Death. Upon the death of a Stock Option grantee, Stock Option privileges shall apply to those shares which were immediately exercisable at the time of death and such privileges shall remain in force until the earlier of one year following the date of death or the stated expiration date of the Stock Option if earlier. The Committee, however, in its discretion, may provide at the time of grant that any Stock Options outstanding but not yet exercisable upon the death of a Stock Option grantee may become exercisable in accordance with a schedule to be

determined by the Committee. Such privileges shall expire unless exercised by legal representatives within a period of time as determined by the Committee but in no event later than the date of the expiration of the Stock option.

(h) Formula Awards. Unless the Committee shall otherwise provide at the first meeting of the Directors after the Annual Meeting of Stockholders each year, options shall be issued as formula awards ("Formula Awards") under the 2005 Directors' Plan as follows:

1. Upon initial election to the Board of Directors of the Company, a Director shall receive an option to purchase 10,000 shares of the Company's Common Stock which shall vest as to 2,500 shares on the second anniversary of the date of entitlement and grant and as to an additional 2,500 shares on each of the third, fourth and fifth anniversaries of the date of entitlement and grant.

2. Upon reelection to the Board of Directors of the Company, a Director shall receive an option to purchase 1,000 shares of the Company's Common Stock, which option shall vest in full on the first anniversary of the date of entitlement and grant.

3. Upon election or reelection as the chairman of any standing committee of the Board of Directors of the Company or upon reelection as Chairman of the Board, a Director shall receive an option to purchase 500 shares of the Company's Common Stock, which option shall vest in full on the first anniversary of the date of entitlement and grant. (Amended February 23, 2006 to include grants upon reelection as Chairman of the Board.)

4. Upon the initial election of a non-employee as Chairman of the Board of the Company, a Director shall receive an option to purchase 5,000 shares of the Company's Common Stock, which option shall vest in full on the first anniversary of the date of entitlement and grant.

Except as otherwise provided above with respect to termination of service, each such Formula Award shall be exercisable, to the extent vested, at any time or from time to time until the tenth anniversary of the date of entitlement and grant.

No Formula Award shall be made to any Director who has been awarded any other Incentive under the 2005 Directors' Plan during the fiscal year for which

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

such Formula Award is to be made.

Formula Awards shall be made for the Company's 2006 fiscal year ending June 30, 2006 based on elections effective as of the Company's 2005 Annual Meeting of Shareholders, but such awards (and any other Incentives granted hereunder) shall be null and void in the event that this 2005 Directors' Plan is not ratified and approved by the shareholders of the Company at or prior to the 2006 Annual Meeting.

6. PERFORMANCE SHARE AWARDS

The Committee may grant awards under which payment may be made in shares of Common Stock, cash or any combination of shares and cash if the performance of the Company or any subsidiary or division of the Company selected by the Committee during the Award Period meets certain goals established by the Committee ("Performance Share Awards"). Such Performance Share Awards shall be subject to the following terms and conditions and such other terms and conditions as the Committee may prescribe:

(a) Award Period and Performance Goals. The Committee shall determine and include in a Performance Share Award grant the period of time for which a Performance Share Award is made ("Award Period"). The Committee shall also establish performance objectives ("Performance Goals") to be met by the Company, subsidiary or division during the Award Period as a condition to payment of the Performance Share Award. The Performance Goals may include earnings per share, return on stockholder equity, return on assets, net income, or any other financial or other measurement established by the Committee. The Performance Goals may include minimum and optimum objectives or a single set of objectives.

(b) Payment of Performance Share Awards. The Committee shall establish the method of calculating the amount of payment to be made under a Performance Share Award if the Performance Goals are met, including the fixing of a maximum-payment. The Performance Share Award shall be expressed in terms of shares of Common Stock and referred to as "Performance Shares". After the completion of an Award Period, the performance of the Company, subsidiary or division shall be measured against the Performance Goals, and the Committee shall determine whether all, none or any portion of a Performance Share Award shall be paid.

The Committee, in its discretion, may elect to make payment in shares of Common Stock, cash or a combination of shares and cash. Any cash payment shall be based on the fair market value of Performance Shares on, or as soon as practicable prior to, the date of payment.

(c) Revision of Performance Goals. At any time prior to the end of an Award Period, the Committee may revise the Performance Goals and the computation of payment if unforeseen events occur which have a substantial effect on the performance of the Company, subsidiary or division and which in the judgment of the Committee make the application of the Performance Goals unfair unless a revision is made. In the case of options issued to Eligible Persons who are not employees of the Company, the term "employment" as used in this provision shall mean continued service of such Eligible Person in the capacity giving rise to the award.

(d) Dividends. Dividends shall not be paid or accrued with respect to Performance Share Awards.

7. RESTRICTED STOCK GRANTS

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

The Committee may issue shares of Common Stock to A grantee which shares shall be subject to the following terms and conditions and such other terms and conditions as the Committee may prescribe ("Restricted Stock Grant"):

(a) Requirement of Continued Service. A grantee of a Restricted Stock Grant must remain in the capacity of a non-employee director of the Company during a period designated by the Committee ("Restriction Period"). If the grantee leaves such relationship with the Company prior to the end of the Restriction Period, the Restricted Stock Grant shall terminate and the shares of Common Stock shall be returned immediately to the Company, provided that the Committee may, at the time of the grant, provide for the continued service restriction to lapse with respect to a portion or portions of the Restricted Stock Grant at different times during the Restriction Period. The Committee may, in its discretion, also provide for such complete or partial exceptions to the continued service restriction as it deems equitable.

(b) Restrictions on Transfer and Legend on Stock Certificates. During the Restriction Period, the grantee may not sell, assign, transfer, pledge, or otherwise dispose of the shares of Common Stock except to a successor under Section 9 hereof. Each certificate for shares of Common Stock issued hereunder shall contain a legend giving appropriate notice of the restrictions in the grant.

(c) Escrow Agreement. The Committee may require the grantee to enter into an escrow agreement providing that the certificates representing the Restricted Stock Grant will remain in the physical custody of an escrow holder until all restrictions are removed or expire.

(d) Lapse of Restrictions. All restrictions imposed under the Restricted Stock Grant shall lapse upon the expiration of the Restriction Period if the conditions as to employment set forth above have been met. The grantee shall then be entitled to have the legend removed from the certificates.

(e) Dividends. The Committee shall, in its discretion, at the time of the Restricted Stock Grant, provide that any dividends declared on the Common Stock during the Restriction Period shall either be (i) paid to the grantee, or (ii) accumulated for the benefit of the grantee and paid to the grantee only after the expiration of the Restriction Period.

8. DISCONTINUANCE OR AMENDMENT OF THE PLAN.

The Board of Directors may discontinue the 2005 Directors' Plan at any time and may from time to time amend or revise the terms of the 2005 Directors' Plan as permitted by applicable statutes except that it may not revoke or alter, in a manner unfavorable to the grantees of any Incentives hereunder, any Incentives then outstanding, nor may the Committee amend the 2005 Directors' Plan without stockholder approval, where the absence of such approval would cause the Plan to fail to comply with Rule 16b-3 under the Exchange Act, or any other requirement of applicable law or regulation.

The Board of Directors shall have express authority to amend the 2005 Directors' Plan to remove or eliminate or amend the terms of Formula Awards set forth in paragraph 5(h) above.

No Incentive shall be granted under the 2005 Directors' Plan after December 9, 2015, but Incentives granted theretofore may extend beyond that date.

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

9. NONTRANSFERABILITY

Each Incentive granted under the 2005 Directors' Plan shall not be transferable other than by will or the laws of descent and distribution, and with respect to Stock Options, shall be exercisable, during the grantee's lifetime, only by the grantee or the grantee's guardian or legal representative.

10. NO RIGHT OF EMPLOYMENT OF ASSOCIATION

Neither the 2005 Directors' Plan nor any Incentives granted hereunder shall confer upon any person the right to continued nomination or service as a director of the Company or affect in any way the right of the shareholders of the Company to remove such person as a director as provided by applicable law.

11. LISTING AND REGISTRATION OF THE SHARES

Each option issued hereunder shall be subject to the requirement that if at any time the Committee shall determine, in its discretion, that the listing, registration or qualification of the shares subject to the option upon any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the granting of such option or the issue or purchase of shares thereunder, such option may not be exercised in whole or in part unless and until such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

12. EFFECTIVE DATE

The Plan shall be effective as of December 9, 2005 (the "Effective Date"); no Incentives may be awarded under the 2005 Directors' Plan prior to the Effective Date.

APPENDIX B

CHARTER OF THE AUDIT COMMITTEE

The Audit Committee of Allied Healthcare Products, Inc. is a standing committee of the Board of Directors of the Corporation established by action of the Board permitted under the By-Laws of the corporation and the Delaware General Corporation Law. The primary objective and role of the Audit Committee is to assist the Board in fulfilling the Board's responsibilities by reviewing (i) the financial information provided by the corporation to shareholders and others, (ii) the accounting practices and principles followed by the corporation, and (iii) the process by which financial information is generated and audited. It is intended that such review shall address the appropriateness and quality of the corporation's financial reporting as well as its adequacy and accuracy.

This Charter has been adopted by the Members of the Audit Committee and confirmed by the Board of Directors of the corporation. No amendment to the Charter or action of the Board of Directors which would limit or restrict the duties, responsibilities, powers and rights of the Audit Committee or which would alter the qualifications for membership on the Audit Committee shall be effective without the consent of a majority of the members of the Audit Committee.

The Audit Committee shall consist of at least three members of the Board of Directors appointed annually by the full Board of Directors following its first meeting subsequent to its election at the Annual Meeting of Shareholders of the

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

corporation. Each person appointed to membership on the Audit Committee shall be independent of management of the corporation in accordance with criteria established by the principal market for the corporation's Common Stock. Each person appointed to membership on the Audit Committee shall be financially literate and at least one member shall have accounting or related financial management expertise. The Audit Committee may select from its members a Chairman.

The Audit Committee shall exercise an oversight function with respect to the corporation's preparation and dissemination of financial information and shall report on such topics to the Board of Directors. This review function to be performed by the Audit Committee is not intended to relieve the corporation's financial management executives from responsibility for maintaining and presenting financial information nor to relieve the corporation's independent auditors from their responsibilities. The goal of the Audit Committee's activities is to maintain free and open communications among the corporation's directors, independent auditors, and internal financial management and accounting staffs as a means of achieving full and fair financial disclosure.

The Company shall provide appropriate funding to be used as determined in the discretion of the Audit Committee to provide for the payment of compensation (i) to the Company's independent auditors in connection with the issuing of such auditors' report upon the financial statements of the Company and (ii) to such independent counsel or other advisers as may be deemed necessary or appropriate by the Audit Committee in fulfilling its role hereunder.

Although it is expected that the Audit Committee will adopt flexible policies and procedures in order to address changing conditions and concerns, it is expected that the following tasks will be performed by the Audit Committee on a recurring basis:

- The Audit Committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the board and the audit committee, as representatives of the Company's shareholders. The Audit Committee shall have the ultimate authority and responsibility to evaluate and, where appropriate, replace the independent auditors. The Audit Committee shall discuss with the auditors their independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board or as required by the Public Company Accounting Oversight Board. The Audit Committee shall review in advance and authorize any non-audit services to be performed by the Company's independent auditors and in connection therewith shall evaluate the impact of such services on the auditors' independence. Annually, the Audit Committee shall review and recommend to the board the selection of the Company's independent auditors.
- The Audit Committee shall discuss with management and the independent auditors the overall scope and plans for the audit including the adequacy of staffing and compensation. The Audit Committee shall discuss with management and the independent auditors the adequacy and effectiveness of the accounting and

financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs. The Audit Committee shall meet separately with the independent auditors, with the Company's internal auditors and with internal accounting personnel, with and without management present, to discuss the results of their respective examinations. The Audit Committee shall annually review the performance, staffing and resources of the Company's internal audit

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

staff.

- The Audit Committee shall review the interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. The Audit Committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards. The chairman of the Audit Committee may represent the entire committee for the purposes of such reviews.
- The Audit Committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. The Audit Committee shall discuss the results of the annual audit and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards.

The Audit Committee shall establish procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

The Audit Committee shall report to the Board of Directors on its activities not less frequently than quarterly and shall provide a summary report for inclusion in the Company's proxy statement for its annual meeting in accordance with applicable disclosure regulations.
