ANNUAL MEETING OF SHAREHOLDERS
Approximate Date to Mail March 21, 2006

On behalf of the Board of Directors of First Financial Bancorp. (the Corporation), a Proxy is solicited from you to be used at the Corporation s Annual Meeting of Shareholders (Annual Meeting) scheduled for April 25, 2006, at 10:00 A.M., local time, to be held at the Fitton Center for Creative Arts, 101 South Monument Avenue, Hamilton, Ohio 45011.

RECORD DATE AND VOTING SECURITIES

As of March 1, 2006, the record date fixed for the determination of shareholders entitled to vote at the Annual Meeting, there were 39,567,428 common shares outstanding, which is the only outstanding class of capital stock of the Corporation. Each such share is entitled to one vote on each matter properly coming before the Annual Meeting.

VOTING OF SHARES

Assuming a quorum is present at the Annual Meeting, either in person or represented by proxy, (i) the three nominees receiving the greatest number of votes cast by the holders of common shares entitled to vote on the matter will be elected as directors; and (ii) the affirmative vote of the holders of a majority of the common shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter is required for the approval of the Amended and Restated 1999 Non-Employee Director Stock Plan.

Proxies in the form enclosed herewith are being solicited on behalf of the Corporation s Board of Directors. Proxies which are properly executed and returned will be voted at the Annual Meeting as directed. Proxies properly executed and returned which indicate no direction will be voted in favor of the proposals set forth in the Notice of Annual Meeting attached hereto and more fully described in this Proxy Statement. If a broker indicates on the form of Proxy that it does not have discretionary authority as to certain common shares to vote on a particular matter, those common shares will be considered as present for the purpose of determining the presence of a quorum but not entitled to vote with respect to that matter. Any shareholder giving the enclosed Proxy has the power to revoke it prior to its exercise by filing with the Secretary of the Corporation a written revocation or a duly executed Proxy bearing a later date or by giving notice of revocation in open meeting.

ELECTION OF DIRECTORS
(Item 1 on Proxy Card)

Our Board of Directors consists of 11 members, 10 of whom are non-employee directors. The Corporation's Regulations provide that the Board of Directors shall consist of not less than nine nor more than 25 persons, with the exact number to be fixed and determined from time to time by resolution of the Board of Directors or by resolution of the shareholders at any annual or special meeting of shareholders. The Board of Directors has determined that the Board shall consist of 11 members. Dr. James C. Garland, a director whose term expires at this year's Annual Meeting, has retired from his position as President of Miami University and will be moving his permanent residence outside the Corporation's primary market area. As a result, he is not being nominated for an additional term. Dr. Garland has generously given valuable years of service to the Corporation. His position as a Class II Director will remain vacant as the Corporation conducts a search to fill his vacancy. Any vacancy may be filled by the Board of Directors in accordance with law and the Corporation's Regulations for the remainder of the full term of the vacant directorship.

The Board of Directors has approved the nomination of three persons as candidates for Class II Directors, each for a three-year term. The terms of the remaining directors in Classes I and III will continue as indicated below. It is intended that the accompanying Proxy will be voted for the election of Murph Knapke, William J. Kramer and Barry S. Porter, all incumbent directors. The Corporate Governance and Nominating Committee recommended all three nominees to the Board of Directors, which approved the three nominees. In the event that any one or more of such nominees becomes unavailable or unable to serve as a candidate, the accompanying Proxy will be voted to elect the remaining nominees and any substitute nominee or nominees designated by the Board. The three nominees for Class II Directors receiving the most votes at the Annual Meeting will be elected as Class II Directors.

The Board of Directors unanimously recommends a vote FOR the election of each of the nominees.

Set forth below is certain information concerning the Corporation's nominees and directors. For information regarding ownership of shares of the Corporation by nominees and directors of the Corporation, see Shareholdings of Directors, Executive Officers and Nominees for Director above. The independent directors are Donald M. Cisle, Corinne R. Finnerty, James C. Garland, William J. Kramer, Murph Knapke, Susan L. Knust, Richard E. Olszewski, Barry S. Porter, and Steven C. Posey. The independent directors meet in regularly scheduled meetings at which only the independent directors are present. During 2005, the independent directors held two such meetings.

Board Committees

The Board of Directors has a Corporate Governance and Nominating Committee, a Compensation Committee and an Audit and Risk Management Committee.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee (the "Nominating Committee") reports to the Board on corporate governance matters, including the evaluation of the Board and its Committees and the recommendation of appropriate Board Committee structures and membership. The Nominating Committee also establishes procedures for the director nomination process and recommends director nominees for Board approval. The Nominating Committee operates pursuant to a written charter, a current copy of which is available through the Corporation's Web site at www.ffbc-oh.com under the "Investor Information" link, by clicking on "Corporate Governance." The Nominating Committee is comprised of the following directors, each of whom satisfies the definition of independence for nominating committee members under the rules of the NASD: Corinne R. Finnerty (Chair), Donald M. Cisle, Murph Knapke and Richard E. Olszewski. The Nominating Committee held four meetings during the 2005 fiscal year.

It is the Nominating Committee's policy that it will consider director candidates recommended by shareholders in accordance with the procedures outlined in the Corporation's Regulations. Under those procedures, shareholders who wish to nominate individuals for election as directors must provide:

The name and address of the shareholder making the nomination and the name and address of the proposed nominee;

The age and principal occupation or employment of the proposed nominee;

The number of common shares of the Corporation beneficially owned by the proposed nominee;

A representation that the shareholder making the nomination:

Is a holder of record of shares entitled to vote at the meeting, and

Intends to appear in person or by proxy at the meeting to make the nomination;

A description of all arrangements or understandings between the shareholder making the nomination and the proposed nominee;

Any additional information regarding the proposed nominee required by the proxy rules of the Securities and Exchange Commission (the SEC) to be included in a proxy statement if the proposed nominee had been nominated by the Corporation's Board of Directors; and

Table of Contents

The consent of the proposed nominee to serve as a director if elected.

In order to be recommended for a position on the Corporation's Board of Directors by the Nominating Committee, a proposed nominee must, at a minimum, (i) own common shares of the Corporation having a fair market value of not less than \$1,000, and (ii) through a combination of experience and education have the skills necessary to make an effective contribution to the Board of Directors. In accordance with the Corporation's Regulations, no one may be elected to the Board of Directors after reaching his or her seventieth birthday.

In connection with the 2007 Annual Meeting of Shareholders, the Nominating Committee will consider director nominees recommended by shareholders provided that notice of a proposed nomination is received by the Corporation no later than January 26, 2007, as provided in the Corporation's Regulations. Notice of a proposed nomination must include the information outlined above and should be sent to First Financial Bancorp., Attention: Gregory A. Gehlmann, General Counsel and Secretary, 300 High Street, P.O. Box 476, Hamilton, Ohio 45012-0476.

The Nominating Committee identifies nominees for director through recommendations by shareholders and through its own search efforts, which may include the use of external search firms. The Nominating Committee evaluates nominees for director based upon criteria established by the Nominating Committee and applies the same evaluation process to all director nominees regardless of whether the nominee is recommended by a shareholder. The criteria evaluated by the Nominating Committee include, among other things, the candidate's judgment, integrity, leadership ability, business experience, and ability to contribute to board member diversity. The Nominating Committee also considers whether the candidate meets independence standards, is financially literate or a financial expert, is available to serve, and is not subject to any disqualifying factor.

Compensation Committee. The Compensation Committee determines and approves the compensation of the Chief Executive Officer and approves the compensation of each executive officer of the Corporation as determined pursuant to Rule 16a-1(f) under the Securities Exchange Act of 1934. The Compensation Committee also reviews and approves all benefit plans of the Corporation. A current copy of the Compensation Committee's charter is available through the Corporation's Web site at www.ffbc-oh.com under the Investor Information link, by clicking on Corporate Governance. The Compensation Committee is comprised of the following directors, each of whom satisfies the definition of independence for compensation committee members under the rules of the NASD and SEC rules: James C. Garland (Chair), William J. Kramer, Barry S. Porter and Susan L. Knust. The Compensation Committee held five meetings during the fiscal year.

Audit and Risk Management Committee. The Audit and Risk Management Committee serves in a dual capacity as the Audit and Risk Management Committee of the Corporation and First Financial Bank, N.A. and is responsible for overseeing the Corporation's accounting and financial reporting processes, the external auditors' qualifications and independence, the performance of the Corporation's internal audit function and the external auditors, and the Corporation's compliance with applicable legal and regulatory requirements. The Audit and Risk Management Committee operates pursuant to a written charter that was adopted by the Board of Directors. A copy of the charter is attached to this proxy statement as *Appendix B* and is available through the Corporation's Web site at www.ffbc-oh.com under the Investor Information link, by clicking on Corporate Governance. The Audit and Risk Management Committee is comprised of the following directors, each of whom satisfies the definition of independence for audit committee members under the rules of the NASD and the SEC: Donald M. Cisle, William J. Kramer, Richard E. Olszewski, Barry S. Porter and Steven C. Posey. The Board of Directors has determined Barry S. Porter and William J. Kramer are audit committee financial experts serving on the Audit and Risk Management Committee. The Audit and Risk Management Committee held seven meetings during the fiscal year.

REPORT OF THE AUDIT AND RISK MANAGEMENT COMMITTEE

In accordance with its written charter, the Audit and Risk Management Committee oversees the Corporation's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. The Corporation's independent registered public accounting firm, Ernst & Young LLP (Ernst & Young), is responsible for expressing an opinion on the conformity of the Corporation's audited financial statements to generally accepted accounting principles.

In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Committee discussed with Ernst & Young those matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU 380). In addition, the Committee received from Ernst & Young the written disclosures and the letter required by Independence Standards Board Standard No. 1 and discussed with them their independence.

The Committee discussed with the Corporation's internal auditors and Ernst & Young the overall scope and plans for their respective audits. The Committee met with the internal auditors and with Ernst & Young, with and without management present, to discuss the results of their examinations, their evaluations of the Corporation's internal controls, and the overall quality of the Corporation's financial reporting.

Table of Contents

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the SEC. The Committee has approved the selection of Ernst & Young as the Corporation's independent registered public accounting firm for 2006.

**PROPOSAL TO APPROVE THE FIRST FINANCIAL BANCORP.
AMENDED AND RESTATED 1999 NON-EMPLOYEE DIRECTOR STOCK PLAN
(Item 2 on Proxy Card)**

The Corporation's shareholders have previously approved the 1999 Stock Option Plan for Non-Employee Directors and authorized awards pursuant to the plan to be made to non-employee directors. The plan was subsequently amended at the annual meeting of shareholders in April 2005. At this meeting, the shareholders are being asked to approve additional amendments to the plan for the following reasons.

In November 2005, the Compensation Committee met with an independent consultant to review Board compensation, which review included consideration of compensation awarded pursuant to the plan. The Compensation Committee determined that, in order to provide it with the flexibility to structure Board compensation in line with current market practices, it needed the ability under the plan to grant restricted stock in lieu of, or in combination with, its ability to grant stock options. Subsequently, in February 2006, the Board approved amendments to the plan that would provide the Committee with the choice of granting new or re-elected directors stock options, restricted stock or a combination thereof.

The amendments to the plan are subject to shareholder approval. If the proposed amendments are adopted, it is the Committee's intention to grant each new or re-elected director restricted shares having an aggregate fair market value of \$60,000 (determined without regard to restrictions). The \$60,000 figure is based on the analysis of Compensation Committee and its independent consultant of the approximate equivalent value of the previous stock option awards. The number of restricted shares to be granted would be determined by dividing \$60,000 by the fair market value (as defined in the plan) of the Corporation's common shares on the date of grant. If the proposed amendments are not adopted, new and re-elected non-employee directors will be granted stock options to purchase 8,663 common shares with an exercise price equal to the fair market value of such shares on the date of grant, which is the same award as the 2005 grant.

The principal provisions of the 1999 Stock Option Plan for Non-Employee Directors, including the proposed amendments thereto, are summarized below. In addition to the proposed changes, the plan will be renamed the

Amended and Restated 1999 Non-Employee Director Stock Plan (as amended and restated, the Directors Stock Plan). This summary is qualified in its entirety by reference to the provisions of the Directors Stock Plan, a copy of which is attached as *Appendix A*. Terms not defined herein shall have the same meanings as set forth in the Directors Stock Plan.

Shares Available for Issuance

The Directors Stock Plan provides that 577,500 (originally 500,000 in 1999 but adjusted subsequently for stock dividends and splits) shares of Common Stock will be available for the granting of awards. There are 395,577 shares available for future issuance under the Directors Stock Plan. The Common Stock subject to the Directors Stock Plan will be authorized but unissued shares or previously acquired shares. The proposed amendment to the Directors Stock Plan will not increase the number of shares of Common Stock available for grant under the Directors Stock Plan.

Pursuant to the Directors Stock Plan, the number and kind of shares which are subject to awards will be appropriately adjusted in the event of certain changes in capitalization of the Corporation, including stock dividends and splits, reclassifications, recapitalizations, reorganizations, mergers, consolidations, spin-offs, split-ups, combinations or exchanges of shares, and certain distributions and repurchases of shares.

Table of Contents**Stock Options**

In the past, each non-employee director received in the year in which he or she was elected initially or re-elected to the Board of Directors an option to purchase 8,663 common shares (originally 7,500 in 1999 but adjusted subsequently for stock dividends and splits). The exercise price of each option is the fair market value of the Common Stock subject to the option on the date of grant. Upon exercise, the exercise price may be paid in cash or, in lieu of all or part of the cash, shares of the Common Stock. However, see **Proposed Amendments to the Directors Stock Plan Non-Discretionary Restricted Stock Grants** for a discussion of proposed new awards of restricted stock.

Under the Directors Stock Plan, all options are exercisable following the first anniversary of the date of grant of the option. Upon a Change in Control (as defined in the Directors Stock Plan), the optionee will have the right to exercise the option in full as to all shares subject to the option within the lesser of six months plus one day after the Change in Control or the expiration of the option. The exercise period for any stock option will be ten years from the date of grant unless sooner terminated. Each option will provide that the optionee agrees not to sell, assign or transfer any shares acquired as a result of exercising the option until such shares have been held for at least one year after the date of the exercise of the option which resulted in their acquisition, except after a Change in Control or the optionee's death, disability or retirement, or in connection with tax withholding or option exercise.

If the optionee ceases to be a director of the Corporation for any reason other than death, disability, retirement, or removal for cause, the option will terminate on the earlier of three months after the optionee ceases to be a director or on the option's expiration date. During the three month period, such option will be exercisable only with respect to the number of shares which the optionee was entitled to purchase on the day preceding the day on which the optionee ceased to be a director. If the optionee ceases to be a director because of removal for cause, the option will terminate on the date of the optionee's removal. In the event of the optionee's death, disability, or retirement while a director or the optionee's death within three months after the optionee ceases to be a director (other than by reason of removal for cause), the option will terminate upon the earlier of (i) 12 months after the date of the optionee's death, disability, or retirement, or (ii) the option's expiration date. During such period, the option will be exercisable for the number of shares as to which the option would have been exercisable on the date preceding the optionee's death, disability or retirement.

Generally, options granted under the Directors Stock Plan are not transferable by an optionee except by bequest or the laws of descent and distribution, and during the optionee's lifetime, the option may be exercised only by the optionee.

Proposed Amendments to the Directors Stock Plan Non-Discretionary Restricted Stock Grants

Awards. The Directors propose to add a restricted stock feature to the Directors Stock Plan whereby the Compensation Committee will direct whether the non-discretionary awards under the Plan are made as options, restricted stock grants, or a combination thereof. Shares of Common Stock awarded as restricted stock will reduce the shares for which options are awarded. If made as restricted stock, the awards will be granted as follows:

Non-Discretionary Initial Grant. Each individual who first becomes a non-employee director on or after the effective amendment date of the Directors Stock Plan shall automatically be granted on the first day of such individual's first term of office as a non-employee director restricted shares having a fair market value of \$60,000 (determined without regard to restrictions).

Non-Discretionary Grant Upon Re-election. On the date of each annual meeting of the shareholders of the Corporation on or subsequent to the effective amendment date of the Plan, each non-employee director who first became a non-employee director prior to such annual meeting and who has been elected at such annual meeting to continue to serve as a non-employee director after

Table of Contents

such annual meeting shall automatically be granted restricted shares having a fair market value of \$60,000 (determined without regard to restrictions).

Vesting of Restricted Stock Grants. While shares of Common Stock awarded as restricted stock remain restricted, grantees shall have the rights to vote such shares and to receive dividends thereon. Such restricted stock awards shall vest and restrictions shall lapse as follows: one-third of the award shall vest as of the date of grant and one-third each shall vest as of the day prior to the Corporation's Annual Meeting dates of each of the years containing the first and second anniversaries of the date of grant, provided the grantee remains a director of the Corporation as of those dates.

For example, if a director is elected for the first time or re-elected on April 25, 2006 and the Corporation's stock is then trading at \$17.00 per share, he or she would receive 3,529 restricted shares with approximately 1,176 shares vesting on April 25, 2006 and 1,176 shares vesting on the days prior to the Annual Meeting dates in 2007 and 2008, provided the grantee remained a director as of each such date.

Vesting will occur earlier than otherwise provided if the grantee ceases to be a director due to death, disability, retirement from the Board on or after age 70 or with the consent of the Board, or on or within twelve months after a Change in Control. All nonvested restricted stock will be forfeited if the grantee ceases to be a director because of removal for cause.

Duration

The Directors Stock Plan will terminate on the earliest to occur of (i) the date when all of the shares available under Directors Stock Plan have been acquired through the exercise of options and (if amended) all restricted shares under the Directors Stock Plan have vested, (ii) April 26, 2009, or (iii) such other earlier date as the Board may determine.

Additional Conforming Changes

In addition to the proposed changes above, the Director Stock Plan will be amended to make conforming changes to reflect the restricted stock provisions. The Director Stock Plan at *Appendix A* is marked to show all proposed changes and is incorporated herein by reference.

Awards to Nominees for Director

If the amendments to the Directors Stock Plan are adopted and if the three nominees (Messrs. Knapke, Kramer and Porter) are re-elected on April 25, 2006, and assuming the Corporation's stock had a fair market value of \$17.00 per share on that date, each nominee would receive approximately 3,529 restricted shares with approximately 1,176 shares vesting on April 25, 2006, and approximately 1,176 shares vesting each of the next two years thereafter. At March 1, 2006, the closing price of the Corporation's stock was \$17.02 per share.

In the event the amendments to the Directors Stock Plan are not adopted, it is expected that each of the three nominees would receive an option to purchase 8,663 common shares. The exercise price of each option will be the fair market value of the Common Stock subject to the option on the date of grant. Options would vest on the first anniversary of grant.

Federal Income Tax Aspects

The following is a brief summary of the Federal income tax consequences of awards made under the Directors Stock Plan based upon the Federal income tax laws in effect on the date hereof. This summary is not intended to be exhaustive and does not describe state or local tax consequences. The Corporation intends to operate the Directors Stock Plan in good faith compliance with the provisions of Section 409A of the Code and IRS Notice

Table of Contents

2005-1 during calendar years 2005 and 2006 and further intends to amend the Directors Stock Plan and any outstanding awards on or before December 31, 2006, or such later date as may be permitted, to conform to the provisions of Section 409A of the Code with respect to amounts subject to Section 409A of the Code. Accordingly, this summary assumes that the Directors Stock Plan complies with Section 409A of the Code with respect to amounts subject to Section 409A of the Code.

Non-qualified Stock Options. No income is realized by a grantee at the time a non-qualified stock option is granted. Generally, upon exercise of a non-qualified stock option, a grantee will realize ordinary income in an amount equal to the difference between the price paid for the shares and the fair market value of the shares on the date of exercise. The Corporation will be entitled to a tax deduction in the same amount. Any appreciation (or depreciation) after date of exercise will be either short-term or long-term gain or loss, depending upon the length of time that the grantee has held the shares. The rate of tax payable on capital gains also varies depending on the length of time the shares are held. Special rules apply in the event all or a portion of the exercise price is paid in already owned shares of Common Stock.

Restricted Stock. A grantee receiving restricted stock generally will recognize ordinary income in the amount of the fair market value of the restricted stock at the time the stock is no longer subject to forfeiture, less any consideration paid for the stock. The Corporation will be entitled to a deduction at the same time and in the same amount. The holding period to determine whether the grantee has long-term or short-term capital gain or loss on a subsequent sale of such shares generally begins when the restriction period expires, and the grantee's tax basis for such shares will generally equal the fair market value of such shares on such date.

However, a grantee may elect under Section 83(b) of the Code, within 30 days of the grant of the restricted stock, to recognize taxable ordinary income on the date of grant equal to the excess of the fair market value of the shares of restricted stock (determined without regard to the restrictions) over any consideration paid by the Grantee for the restricted stock, as applicable. By reason of such an election, the Grantee's holding period will commence on the date of grant and the Grantee's tax basis will be equal to the fair market value of the shares on that date (determined without regard to restrictions). Likewise, the Corporation generally will be entitled to a deduction at that time in the amount that is taxable as ordinary income to the Grantee. If shares are forfeited after making such an election, the Grantee will be entitled to a capital loss for tax purposes in an amount equal to the excess of the consideration paid for the forfeited shares over the amount, if any, realized by the Grantee upon the forfeiture of the shares.

Approval and Related Matters

The affirmative vote of a majority of the shares present at the Annual Meeting, in person or by proxy, and entitled to vote on this proposal is required to approve this proposal to amend the Directors Stock Plan. Abstentions will be counted as shares entitled to vote on the proposal and will have the same effect as a vote AGAINST the proposal. A broker non-vote will be treated as a share not entitled to vote on the proposal.

The Board of Directors Recommendation

The Board of Directors unanimously recommends that shareholders vote FOR the adoption of this proposal.

Effect of Management Vote on Proposal

The directors and executive officers of the Corporation own beneficially 1,744,166 common shares, or 4.41% of the outstanding voting power. The directors and executive officers have indicated a present intention to vote the common shares beneficially owned by them in favor of this proposal.

- (2) Prior to 2005, represents amounts paid by the Corporation for taxes imposed on directors' fees by the City of Hamilton, Ohio. Does not include the value of perquisites and other personal benefits because the aggregate amount of such compensation, if any, does not exceed the lesser of \$50,000 or 10% of the total amount of annual salary and bonus for the individual for that year.
- (3) The value of restricted stock awards are based on the closing price of the stock on the date of grant (April 18, 2005), or \$17.51 per share. The number and value of the aggregate unvested restricted stock holdings as of December 31, 2005 (based on a closing price of \$17.52 on December 31, 2005) of the Named Executive Officers are, respectively, as follows: Mr. Davis, 34,300 shares and \$600,936; Mr. Hall 6,380 shares and \$111,778; Mr. Lefferson, 10,015 shares and \$175,463; Mr. Immelt, 9,025 shares and \$158,118; and Mr. Munafo, 4,900 shares and \$85,848. Dividends will be paid on the restricted stock reported in this column (f).
- (4) Except for the 35,000 shares of restricted stock awarded to Mr. Davis in 2005, the restricted stock awards reported in column (f) vest according to the following schedule: 25% of the shares vest on each of the first, second, third and fourth anniversaries of the date of the award. However, with respect to restricted stock awards in 2005, shares do not vest unless the Corporation meets certain performance targets in 2005. Since the Corporation did not reach such targets in 2005, the first one-fourth of the awards will not vest in 2006. The 35,000 shares of restricted stock awarded to Mr. Davis in 2005 vest according to the following schedule: 50% of the shares vested on the first anniversary of the date of the award (October 1, 2005) and 25% of the shares vest on each of the second and third anniversaries of the date of the award.
- (5) Represents fees paid to officers who were board members of the Corporation's subsidiaries, the Corporation's contribution to the Thrift Plan, and amounts attributable to the term insurance portion of premiums paid by the Corporation under the Endorsement Method Split Dollar Plan Agreement (the Split Dollar Agreement). The payments received during fiscal year 2005 for each of the items covered by column (h) are as follows:

Employment Agreements

The Corporation has employment agreements with each of the Named Executive Officers currently employed by the Corporation as described below.

Employment Agreement with Mr. Davis

In 2004, the Corporation entered into an agreement with Mr. Davis (the Agreement). The initial term of the Agreement was for one year from the commencement of Mr. Davis's employment on October 1, 2004 (the Commencement Date). The Agreement automatically renews for successive one-year periods after the initial term, unless and until terminated in accordance with the terms of the Agreement. The Agreement provides that Mr. Davis will receive an annual salary, incentive awards, and employee benefits as determined from time-to-time by the Board.

Table of Contents

Termination. Mr. Davis's employment with the Corporation:

Will terminate automatically upon his death;

May be terminated either by the Corporation or Mr. Davis at the end of the agreement's initial term or any renewal term upon 90 days prior written notice from either of them to the other;

May be terminated by Mr. Davis at any time for Good Reason, meaning the occurrence, without Mr. Davis's consent, of a significant reduction in his base salary or his authority or responsibilities as set forth in the Agreement;

May be terminated by the Corporation immediately upon notice to Mr. Davis at any time for Cause, as defined in the Agreement;

May be terminated by the Corporation immediately upon notice to Mr. Davis at any time if he is then under a Long-Term Disability, as defined in the Agreement; or

May be terminated by the Corporation immediately upon notice to Mr. Davis at any time for Cause (as defined in the Agreement).

Severance. If Mr. Davis's employment is terminated as follows:

By the Corporation, without Cause (as defined in the Agreement), by providing 90 days written notice prior to the end of the Agreement's initial term or any renewal term;

By the Corporation, without Cause, immediately upon notice to Mr. Davis at any time, if he is then under a Long-Term Disability, as defined in the Agreement; or

By Mr. Davis at any time for Good Reason, as defined in the Agreement; and

Mr. Davis has provided the Corporation with a separate, written release and covenant not to sue; then Mr. Davis will be entitled to receive both A. and B., as follows:

A. Termination Compensation, meaning an aggregate amount based on the multiple of Mr. Davis's base salary as of the date of termination as set forth below if termination occurs during the corresponding period indicated.

Termination Date	Termination Compensation
On or before the third anniversary of the Commencement Date (other than a termination within one year following a change in control, as defined in the Agreement)	1 x Base Salary

After the third anniversary of the Commencement Date or within one year following a change in control	2 x Base Salary
---	-----------------

The Termination Compensation will be paid over the Applicable Severance Period, meaning the period of time set forth below if termination occurs during the corresponding period indicated.

Termination Date	Severance Period
On or before the third anniversary of the Commencement Date (other than a termination within one year following a change in control)	1 year

After the third anniversary of the Commencement Date or within one year	2 years

following a change in control

B. Any of three bonuses of \$33,000, due on each of the first three anniversaries of the Commencement Date (the Additional Bonuses), that remain unpaid at the time of such termination, which will be paid to Mr. Davis at the time that such Additional Bonuses would have been payable had his employment continued.

Employment Agreements with Named Executive Officers Other than Mr. Davis

The Corporation is party to employment agreements with each of the Named Executive Officers other than Mr. Davis (each referred to as an Officer). Each agreement is for a term of five years. Unless and until terminated in accordance with the terms of the agreement, each agreement renews annually from and after the fifth anniversary of its commencement date unless the Corporation or the Officer gives six months prior notice of termination.

The agreements can be terminated upon the Officer s death or disability; at the end of the initial term or any renewal term if not renewed upon six month s prior written notice; for Cause, as defined in the agreements; or for Good Reason, meaning:

a change in the duties of the Officer s position or the transfer to a new position in violation of the terms of the agreement;

a substantial alteration in the nature or status of the Officer s responsibilities in violation of the agreement;

a reduction in the Officer s base salary;

refusal by the Corporation or its successor to renew the term of the agreement for any reason prior to the Officer reaching his or her normal retirement date under the Corporation s retirement plan; or

changes in the Officer s employment benefits in violation of the terms of the agreement.

Except as otherwise provided in the agreements, if the Officer is terminated for any reason other than Cause, and the Officer has provided the Corporation with a separate, written release and covenant not to sue in accordance with the agreement and does not revoke such release and covenant, then the Officer will be entitled to receive the following:

The Officer s base salary will be continued for a period of 24 months from the date of termination of employment (such period being called the Severance Pay Period).

During the Severance Pay Period, those employee benefit plans, policies, and practices that generally apply to similarly situated members of the executive management group will be continued, except that during the Severance Pay Period the Officer will not accumulate vacation pay, first qualify for long term disability benefits or sickness or accident benefits, be eligible to make or receive contributions under a defined contribution qualified retirement plan, be eligible to accumulate service for pension plan purposes, or retain any personal property such as a motor vehicle or computer provided by the Corporation.

If, prior to the Officer s date of termination, the Officer has participated in the Corporation s PIC Plan for a complete calendar year, the Officer will receive a payment in one lump-sum in an amount equal to two times the percentage of the incentive payment made or required to be made for the calendar year pursuant to the PIC Plan immediately preceding the calendar year in which the Officer s date of

Table of Contents

termination occurs. In 2005, the Compensation Committee replaced the PIC with the Short-Term Incentive Plan.

Notwithstanding the above, if the employment of an Officer is terminated as follows:

By the Corporation, with Cause, the Officer will receive a payment in one lump-sum in an amount equal to two times the percentage of the incentive payment made or required to be made for the calendar year pursuant to the PIC Plan immediately preceding the calendar year in which the Officer's date of termination occurs.

If the Officer's date of termination of employment is within 12 months after a change in control (as defined in the agreements), the Officer will receive a payment equal to: (A) with respect to shares subject to an option granted as of the time of the change in control under the Corporation's 1991 Stock Incentive Plan that the Officer cannot exercise due to the termination of employment, the difference between the fair market value of such common shares determined as of the date of termination of employment and the option exercise price, and (B) with respect to any restricted stock granted under the Corporation's 1991 Stock Incentive Plan as of the time of the change in control which the Officer forfeits as a result of the termination of employment, the fair market value of such restricted shares determined as of the date of termination of employment and as if all restrictions had been removed.

If the receipt of any payments described above to the Officers (other than Mr. Munafo), in combination with any other payments to them, shall, in the opinion of independent tax counsel selected by the Corporation, result in liability for the payment by the Officer of any excise tax pursuant to Sections 280G and 4999 of the Internal Revenue Code (the Code), the Corporation will pay to the Officer within 60 days of the date his or her employment terminates an additional amount equal to the amount of such excise tax and the additional federal, state, and local income taxes for which he or she will be liable as the result of this additional payment.

Confidentiality and Non-Competition

The Named Executive Officers, including Mr. Davis, are prohibited, at all times, from disclosing any confidential information, as defined in the agreements, except as required by law, and must return all confidential information to the Corporation upon termination of their employment. During the term of each Named Executive Officer's employment and for a period of six months following termination of the officer's employment for any reason other than by the Corporation for Cause (as defined in the agreements), the Named Executive Officer has agreed not to be employed by, serve as an officer or director of, consultant to, or advisor to any business that engages either directly or indirectly in commercial banking, savings banking, or mortgage lending in the geographic area of Ohio, Indiana, Michigan, or Kentucky, or which is reasonably likely to engage in such businesses in the same geographic area.

Severance Agreements

The Corporation entered into Severance Agreements with Messrs. Thomas Murrell and Rex Hockemeyer on December 4, 2005 and January 28, 2006, respectively, pursuant to which such individuals will receive certain payments in accordance with their previous employment agreements with the Corporation. Messrs. Murrell and Hockemeyer were named executive officers in the Corporation's proxy statement last year.

- (1) As required by rules of the SEC, potential values stated are based on the prescribed assumption that the Corporation's common shares will appreciate in value from the date of grant to the end of the option term (ten years from the date of grant) at annualized rates of 5% and 10% (total appreciation of 63% and 159%), respectively, and therefore are not intended to forecast possible future appreciation, if any, in the price of the Corporation's common shares.
- (2) All options are granted at 100% of fair market value on the date of grant. The options are exercisable during a period commencing one year after the date of grant and ending on the date specified in the option which, in no event, is later than 10 years after the date of grant, provided that the optionee remained in the employment of the Corporation or its affiliates. The option exercise period may be shortened upon an optionee's disability, retirement or death. Shares acquired upon option exercise must be held one year from the date of exercise.

(1) Aggregate market value on the exercise date of shares covered by the option less the aggregate price paid by the Named Executive Officer. (2) Values stated reflect gains on outstanding options based on the fair market value of \$17.52 per common share of the Corporation on December 31, 2005.

The Corporation has no long-term incentive plans relating to future compensation of the Named Executive Officers other than the 1991 Stock Incentive Plan and the 1999 Stock Incentive Plan. No additional awards can be granted under the 1991 Stock Incentive Plan.

Personal Benefits

The Named Executive Officers of the Corporation receive certain fringe benefits, such as participation in group medical and life insurance programs, which are generally available to employees of the Corporation and its subsidiaries on a non-discriminatory basis. In addition, the Named Executive Officers are reimbursed for business-related expenses they incur (including certain club dues and expenses), and some of the Named Executive Officers also had the use of Corporation-owned automobiles. Effective January 2006, the use of Corporation-owned automobiles was discontinued and officers are given a monthly car allowance. Management believes that the costs of reimbursement of such expenses and providing such automobiles previously constituted ordinary and necessary business expenses that facilitate job performance and minimize work-related expenses incurred by the Named Executive Officers. The Named Executive Officers have included in their taxable income the cost of personal use of Corporation-owned automobiles. Management has concluded that the aggregate amount of such personal benefits does not exceed the lesser of \$50,000 with respect to any Named Executive Officer or 10% of the annual salary and bonus of such person.

Benefit Plans

The Corporation has a thrift plan, a retirement plan, a supplemental retirement plan and a deferred compensation plan. It also maintains Split Dollar Agreements covering the Named Executive Officers and certain

other management employees. The retirement plan and the thrift plan cover the majority of the employees of the Corporation and its subsidiaries, including the officers of the Corporation. All employees who are 21 years of age and have had one year of service are covered by the retirement plan. Effective in September 2005, the one-year service requirement was removed for most employees. Among the Named Executive Officers, the supplemental retirement plan covers Messrs. Davis, Lefferson, Immelt and Munafo. The deferred compensation plan is a nonqualified deferred compensation plan in which only executive officers of the Corporation are eligible to participate. Participants may elect to defer up to 50% of their base salary and 100% of their bonus or incentive pay for any year.

The thrift plan covers employees who have been credited with at least one year of service and reached age 21. Participation is voluntary and participants may contribute up to 50% of their base salary (unless limited by law or regulation) to the plan. The Corporation's subsidiaries' matching contributions are 50% of each participant's contribution, limited to 3% of base salary of each participant, and become fully vested when made. Effective January 1, 2006, Corporation contributions are fully vested after one year for new employees entering the plan after that date.

Under the retirement plan and supplemental retirement plan, amounts that are payable to persons in selected remuneration and service classifications at normal retirement age are:

The estimated benefits accrued during the year under the retirement plan for each of the Named Executive Officers are not actuarially ascertainable under the methods used for calculation of the cost to the Corporation by the actuaries.

- (3) As a result of the provisions of the Code, maximum annual compensation for which benefits will be

paid under the retirement plan is \$220,000 and maximum annual benefits under the retirement plan are \$175,000 (for 2006). All of the Named Executive Officers (other than Mr. Hall) participate in the supplemental retirement plan. The benefit under the supplemental retirement plan is equal to the difference between the annual benefit payable under the retirement plan without regard to the limits imposed by the Code upon qualified plans and the maximum annual benefit payable under the retirement plan upon the executive's retirement.

The Split Dollar Agreement is an endorsement method split dollar arrangement which applies to a life insurance policy owned by the Corporation which, upon a Named Executive Officer's death, first pays the Corporation the premiums which the Corporation paid for the policy, and then pays the Named Executive Officer's beneficiary a death benefit equal to three times the executive's base salary in effect at his or her death. If the Named Executive Officer terminated employment before death and, when employment terminated, he or she was eligible to receive an immediate retirement benefit under the early retirement provisions of the Corporation's retirement plan and had been employed for at least five years, the Corporation keeps the policy in force until the executive's death and the death benefit is equal to three times the executive's base salary at the time of his or her termination of employment. In either case, any amounts payable under the policy after the payment to the Named Executive Officer's beneficiary are paid to the Corporation.

Table of Contents**COMPENSATION COMMITTEE REPORT****Goals of Compensation**

The Compensation Committee's goal in setting executive compensation is to attract and retain executive talent and to provide incentives to the Corporation's executive officers to increase shareholder value. To achieve this goal, the Compensation Committee authorizes base salaries that are competitive with those set at bank holding companies of comparable size and performance and uses programs that personally reward executives for corporate financial results (i) that are competitive with comparable bank holding companies and (ii) that have benefited the Corporation's shareholders.

Components of Compensation

During the 2005 fiscal year, the components of the Corporation's executive compensation program were base salary, the Short-Term Incentive Plan and the 1999 Stock Incentive Plan. In April 2005, the Compensation Committee approved the Short-Term Incentive Plan. All of the Corporation's employees, including the Corporation's Named Executive Officers, participate in the plan. The Short-Term Incentive Plan went in effect beginning with fiscal 2005. The plan replaced the Corporation's Performance Incentive Compensation Plan (PIC Plan). Under the Short-Term Incentive Plan, a target percentage is established for each participant at the beginning of each fiscal year, based upon median competitive award levels for short-term incentive compensation within the financial services industry. The target percentage, after being adjusted for performance as described below, is applied to actual base salary paid for the fiscal year. The Compensation Committee discontinued the PIC Plan and replaced it with the Short-Term Incentive Plan as a better performance measure.

Two performance measures, return on equity (ROE) and growth in earnings per share (EPS), are used to determine the actual awards under the Short-Term Incentive Plan. At the beginning of each fiscal year, the Compensation Committee establishes threshold, target and maximum ROE levels based upon the performance of banks of a comparable asset size. In addition, the Compensation Committee establishes threshold, target and maximum EPS growth levels based upon reasonable growth expectations for the Corporation. At the end of each fiscal year, the amount of the target percentage will be multiplied by a factor ranging from zero times the target percentage (for performance at or below the threshold ROE) up to two times the target percentage (for performance at or above the maximum ROE). After adjusting the target percentage based upon ROE performance (the Adjusted Percentage), the amount of the Adjusted Percentage will be further modified based upon EPS growth. The EPS modifier will range from a 20% reduction to the Adjusted Percentage (for performance at or below the threshold EPS growth rate) to a 20% increase to the Adjusted Percentage (for performance at or above the maximum EPS growth rate). After applying the EPS modifier to the Adjusted Percentage, the resulting percentage will be applied to actual base salary paid for the fiscal year to determine the actual award. However, for fiscal 2005, the Compensation Committee has determined that the EPS modifier would not apply.

Based on the Corporation's performance in 2005, the Chief Executive and the Named Executive Officers received 46.7% of their incentive target percentage under the Short-Term Incentive Plan in February 2006.

Chief Executive Compensation

On October 1, 2004, Mr. Davis became President and Chief Executive Officer of the Corporation. The Compensation Committee approved the terms of the Employment and Non-Competition Agreement (the Agreement) that established the terms of Mr. Davis's employment. In April 2005, the Compensation Committee approved an increase in annual base salary for Mr. Davis from \$400,000 to \$420,000, a 5% increase. In addition, the Compensation Committee approved: (a) a 50% of base target percentage for Mr. Davis under the Short-Term Incentive Plan; and (b) stock option grants and restricted stock awards as disclosed elsewhere in this Proxy Statement.

Table of Contents

Furthermore, in accordance with his employment agreement, Mr. Davis also receives a bonus of \$33,000 to be paid on each of the first three anniversaries of the commencement date of his employment. Mr. Davis received the first of the three bonuses in October 2005. Under the terms of the employment agreement, Mr. Davis is also eligible to participate in any incentive plans, retirement plans, employee pension and benefit plans which are generally available to the Corporation's executive personnel, subject to the terms and conditions of those plans. Finally, the Compensation Committee approved the following perquisites for Mr. Davis: reasonable dues and expenses for membership in one country club, the use of a Corporation-owned vehicle, and reimbursement of relocation expenses. Effective 2006, instead of the use of a Corporation-owned vehicle, Mr. Davis will receive a car allowance in accordance with the Corporation's policy. The Compensation Committee determined the components of Mr. Davis's compensation based upon a review of competitive market data and their evaluation of Mr. Davis's performance, qualifications and business experience.

Named Executive Officers

In April 2005, the Compensation Committee reviewed the base salaries for then named executive officers: Messrs. Lefferson, Murrell, Hockemeyer, and Immelt. To determine the appropriate base salaries, the Compensation Committee reviewed competitive market data from surveys prepared by Towers Perrin, Watson Wyatt as well as a detailed salary history for each of these four officers. The Compensation Committee approved increases to the base salaries for each of these four officers as follows: Messrs. Lefferson, 8.7%; Murrell, 6.5%; Hockemeyer, 4%; and Immelt, 5.6%. In April 2005, the Compensation Committee approved the following target percentages for the Short-Term Incentive Plan for the 2005 fiscal year for each of the then named executive officers: Messrs. Lefferson, 40% of base; Murrell, 30% of base; Hockemeyer, 30% of base; and Immelt, 35% of base. Also, in April 2005, the Compensation Committee approved a 33.3% increase in the base salary of, and a 30% of base target percentage under the Short-Term Incentive Plan for, J. Franklin Hall, who was promoted to Chief Financial Officer of the Corporation on April 1, 2005.

Stock Compensation

The 1999 Stock Incentive Plan provides for incentive compensation to executive officers that is tied to the enhancement of shareholder value. Under the 1999 Stock Incentive Plan, the Compensation Committee determined and approved in April 2005 stock option grants and restricted stock awards for the Named Executive Officers. The Compensation Committee determined the amount of the stock option grants and restricted stock awards based on its subjective evaluation of the officers' performance, taking into consideration the Corporation's profitability and overall 2004 financial performance, and on a review of stock option grants and restricted stock awards made in prior years. These awards are discussed elsewhere in this Proxy Statement in the Summary Compensation Table and under Stock Option Awards.

Other Compensation Considerations

Also in December 2005, the Compensation Committee reviewed the accrued benefits and potential lump sum payouts to current participants in the supplemental retirement plan. The Named Executive Officers who currently participate in the supplemental retirement plan are Messrs. Lefferson, Immelt and Munafo. The Compensation Committee also reviewed potential participants in the plan and approved the admission of certain officers to the plan, including Mr. Davis.

Table of Contents

Section 162(m) of the Internal Revenue Code generally disallows a corporate tax deduction for annual compensation paid to executive officers to the extent that it exceeds \$1,000,000. It is the policy of the Compensation Committee that compensation to executive officers should, in general, be structured to qualify for deductibility under Section 162(m). For those exceptional circumstances where executive compensation may exceed the deductible amount, the Corporation has adopted a deferred compensation plan which provides for the mandatory deferral of such excess compensation.
